**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
August 7, 2007**

TO OUR STOCKHOLDERS:

The Annual Meeting of the Stockholders of Airgas, Inc., a Delaware corporation, will be held on Tuesday, August 7, 2007, at 11:00 a.m., Eastern Daylight Time, at the Four Seasons Hotel, One Logan Square, Philadelphia, Pennsylvania 19103, for the following purposes:

1. To elect four Directors of the company.
 2. To vote upon a proposal to ratify the selection of KPMG LLP as Airgas independent registered public accounting firm for the fiscal year ending March 31, 2008.
 3. To transact such other business as may properly come before the Annual Meeting or any adjournments thereof.
- Stockholders of record at the close of business on June 21, 2007, are entitled to notice of, and to vote at, the Annual Meeting and any adjournments thereof.

All stockholders are cordially invited to attend the Annual Meeting in person, but whether or not you plan to attend, please promptly sign, date and mail the enclosed proxy in the return envelope. Returning your proxy does not deprive you of the right to attend the Annual Meeting and vote your shares in person.

By Order of the Board of Directors,

Dean A. Bertolino

Vice President, General Counsel and Secretary

**AIRGAS, INC.
PROXY STATEMENT**

This Proxy Statement is furnished in connection with the solicitation of proxies at the direction of the Board of Directors of Airgas, Inc. for use at the Annual Meeting of Stockholders to be held on August 7, 2007.

Stockholders of record at the close of business on June 21, 2007, will be entitled to vote at the Annual Meeting. At the close of business on June 21, 2007, 79,192,940 shares of our \$0.01 par value common stock were outstanding and entitled to vote. Stockholders are entitled to one vote for each share of common stock held. This proxy statement and the enclosed form of proxy are being mailed to Airgas stockholders on or about June 29, 2007.

Shares represented by a proxy in the accompanying form, unless previously revoked, will be voted at the Annual Meeting if the proxy is returned to us properly executed and in sufficient time to permit the necessary examination and tabulation before a vote is taken. You may revoke a proxy at any time prior to its exercise by giving written notice to our Secretary, by giving a later dated proxy, or by voting in person at the Annual Meeting. Mere attendance at the Annual Meeting will not revoke the proxy. Any specific instructions indicated on your proxy will be followed. Unless record holders indicate otherwise on their proxy cards, their shares will be voted **FOR** each of Airgas Proposals 1 and 2, and at the discretion of the proxy holders on such other business as may properly come before the Annual Meeting. Shares held by brokers for beneficial owners will be voted as described below. The Board of Directors unanimously recommends that you vote to approve each of Airgas proposals.

Abstentions are counted as shares present for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but are not counted as shares voted in favor of a proposal and therefore have the effect of a vote against Proposal 2. Brokers holding shares for beneficial owners must vote their shares according to the specific instructions they receive from the owners. If specific instructions are not received, brokers may vote these shares at their discretion, except if they are precluded from exercising their voting discretion on certain proposals pursuant to the rules of the New York Stock Exchange (NYSE). In such a case, the broker may not vote on the proposal absent specific voting instructions. This results in what is known as a broker non-vote. A broker non-vote has the effect of a negative vote when a majority of the shares issued and outstanding is required for approval of the proposal. A broker non-vote has the effect of reducing the number of required affirmative votes when a majority of the shares present and entitled to vote is required for approval of the proposal.

The election of each nominee for director (Proposal 1) requires a plurality of votes cast. Brokers have discretionary authority to vote on this proposal. Ratification of the selection of our independent registered public accounting firm (Proposal 2) requires the approval of a majority of the outstanding shares of our common stock present and entitled to vote at the Annual Meeting. Brokers are not precluded from voting on Proposal 2 and, therefore, there will be no broker non-votes on that proposal.

The cost of proxy solicitation, including the cost of reimbursing banks and brokers for forwarding proxies and proxy statements to beneficial owners of our common stock, will be paid by Airgas. Some of our officers and other employees may solicit proxies without extra compensation by mail and, if found to be necessary, by telephone and personal interviews. Airgas has also retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies at an anticipated fee of \$7,500 plus out-of-pocket expenses.

GOVERNANCE OF THE COMPANY

Corporate Governance Commitment

Our Board of Directors believes strongly that good corporate governance accompanies and greatly aids our long-term business success. This success has been the direct result of our key business strategies and our highest business standards. The Board strongly supports these key strategies, advising on design and implementation, and seeing that they guide our operations. To accomplish our strategic goals, we have, consistently over many years, developed and followed a program of corporate governance. The Board has adopted a set of Corporate Governance Guidelines, and its Governance and Compensation Committee is responsible for reviewing and reassessing the Guidelines on an annual basis and making recommendations to the Board concerning changes to the Guidelines. The Guidelines are published on our website at www.airgas.com and are available in print to any stockholder who requests them from our Secretary. The Guidelines address the following matters.

Board Independence and Expertise

Board and Committee Independence

The Board of Directors is composed entirely of independent outside directors, with the exception of the Chief Executive Officer. The committees of the Board are also entirely composed of independent outside directors, with the exception of the Executive Committee, of which the Chief Executive Officer is a member.

The Board of Directors has determined that the following directors, comprising all of the directors other than the Chief Executive Officer, are independent under the listing standards of the NYSE: William O. Albertini; W. Thacher Brown; James W. Hovey; Richard C. Ill; Paula A. Sneed; David M. Stout; Lee M. Thomas; and John C. van Roden, Jr. In order to assist the Board in making this determination, the Board has adopted Director Independence Standards, which are attached to this proxy statement as Appendix A. These standards identify material relationships that a director may have with Airgas that might interfere with the director's ability to exercise independent judgment. Each of the directors identified above meets the standards set forth in the Director Independence Standards.

In the course of determining the independence of each outside director, the Board considered all transactions, relationships and arrangements, as required by our Director Independence Standards. In particular, with respect to each of the most recent three completed fiscal years, the Board evaluated for:

director Albertini, the amount of annual purchases of goods and services from Airgas by Triumph Group, Inc., the company where he serves as a director, and determined that the amount of purchases in the 2007 fiscal year was below 2% of Triumph Group's consolidated gross revenues;

director Ill, the amount of annual purchases of goods and services from Airgas by Triumph Group, Inc., the company where he serves as president and chief executive officer and a director, and determined that the amount of purchases in the 2007 fiscal year was below 2% of Triumph Group's consolidated gross revenues;

director Sneed, the amount of annual purchases of goods and services from Airgas by Kraft Foods, Inc., the company where she served until December 2006 as an executive officer, and determined that the amount of purchases in the 2007 fiscal year was below 2% of Kraft's consolidated gross revenues;

Table of Contents

director Stout, the amount of annual purchases of goods and services from Airgas by GlaxoSmithkline, the company where he serves as an executive officer, and determined that the amount of purchases in the 2007 fiscal year was below 2% of GlaxoSmithkline's consolidated gross revenues; and

director Thomas, the amount of annual purchases of goods and services from Airgas by Rayonier, Inc., the company where he serves as president and chief executive officer, and determined that the amount of purchases in the 2007 fiscal year was below 2% of Rayonier's consolidated gross revenues.

Board Membership Criteria

As the composition of the Board of Directors demonstrates, Airgas values experience in business, educational achievement, moral and ethical character, diversity, skills, accountability and integrity, financial literacy, high performance standards and industry knowledge. The Governance and Compensation Committee is responsible for screening, selecting and recommending to the Board candidates for election as directors.

Audit Committee and Governance and Compensation Committee Independence

The Board of Directors, in its business judgment, has determined that each of the members of the Audit Committee meets the independence requirements of the Securities and Exchange Commission (SEC) and the NYSE. The Audit Committee regularly holds separate executive sessions with (1) Airgas' independent registered public accounting firm, without management present, (2) our Chief Financial Officer and (3) our chief internal auditor. The Board has also determined that each of the members of the Governance and Compensation Committee satisfies the independence requirements of the NYSE.

Director Nomination Process

The Governance and Compensation Committee reviews possible candidates for the Board of Directors and recommends the nominees for director to the Board of Directors for approval. The Board of Directors has adopted criteria for the selection of nominees to the Board, which are a part of our Corporate Governance Guidelines. These criteria describe specific traits, abilities and experience that the Governance and Compensation Committee and the Board look for in selecting candidates for election to the Board. The Governance and Compensation Committee considers suggestions from many sources, including stockholders, regarding possible candidates for director. These suggestions, together with a complete description of the nominee's qualifications, experience and background, and a statement signed by the nominee in which he or she consents to such nomination and which includes the name of the stockholder making the suggestion and evidence of that person's ownership of Airgas stock, including the number of shares held and the length of time of ownership, should be submitted to the Secretary of Airgas at 259 North Radnor-Chester Road, Radnor, Pennsylvania 19087-5283 not less than 120 days prior to the anniversary date of the most recent annual meeting of stockholders, or if the meeting has been changed by more than 30 days from the date of the previous year's meeting, not less than 60 days before the date of the meeting. Possible candidates who have been suggested by stockholders are evaluated by the Governance and Compensation Committee in the same manner as are other possible candidates.

In addition to making suggestions to the Governance and Compensation Committee for the selection of nominees as described above, under our bylaws, stockholders are also entitled to nominate persons for election as directors if, among other things, written notice has been given, in the case of an annual meeting, not earlier than 120 days and not later than 90 days prior to the anniversary of the

Table of Contents

preceding year's annual meeting. The notice must set forth information about the proposed nominee and the consent of the nominee, among other things.

Charters and Code of Ethics and Business Conduct

In addition to the Corporate Governance Guidelines, we maintain the following to support our corporate governance policies:

Charters for Board Committees

The Governance and Compensation Committee and the Audit Committee use charters adopted by the Board that set forth the authority and responsibilities of the committees under the corporate governance rules of the SEC and the NYSE.

Code of Ethics and Business Conduct

Airgas Code of Ethics and Business Conduct ensures that our business is conducted in a consistently legal and ethical manner. Our General Counsel oversees compliance with the Code of Ethics and Business Conduct. Airgas Code of Ethics and Business Conduct is available on our website at www.airgas.com and is available in print to any stockholder who requests it from our Secretary. All of our employees, including our Chief Executive Officer, Chief Financial Officer and Controller, are required to comply with the Code of Ethics and Business Conduct. The Code of Ethics and Business Conduct covers all areas of professional conduct, including compliance with laws, conflicts of interest, confidentiality, corporate opportunities, use of company assets and reporting illegal or unethical behavior. The Code of Ethics and Business Conduct describes our procedures to receive, retain and address complaints regarding accounting, internal controls and auditing matters, and other illegal or unethical behavior.

Directors are Stockholders

Meaningful Director Stock Ownership

Board members are expected to develop a meaningful ownership position in Airgas stock. For more information on director stock ownership requirements, please see Compensation of Directors beginning on page 11 of this proxy statement. Board members receive stock options each year as a significant component of their overall compensation.

Direct Access to Management and Independent Advisors

Airgas provides directors with complete access to management. Key senior managers regularly attend Board meetings. Topics are presented to the Board by the members of management who are most knowledgeable about the issue at hand, irrespective of seniority, which allows dialogue to develop between directors and management. The Board and each of the Audit Committee and the Governance and Compensation Committee have the right to consult with and retain independent legal and other advisors at Airgas expense.

Table of Contents

Ensuring Management Accountability

Performance-Based Compensation

We have linked the pay of associates in management and executive level positions to company performance. As described in greater detail under Compensation Discussion and Analysis included in this proxy statement, the Governance and Compensation Committee adheres to this pay-for-performance philosophy, and stock-based incentives constitute a significant component of senior management's overall compensation.

CEO Evaluation Process

The non-management members of the Board conduct an annual evaluation of the CEO's performance and compensation. The CEO is evaluated against goals set each year, including both objective measures and subjective criteria consistent with, and in furtherance of, Airgas's strategic goals and initiatives. As part of the overall evaluation process, the Board meets informally with the CEO to give and seek feedback on a regular basis. The non-management members of the Board meet in executive sessions to review the CEO's performance.

Functioning of the Board

Directorship Limits

To devote sufficient time to properly discharge their duties, no director may serve on more than three other boards of directors of public companies. Recognizing the value of continuity of directors who have experience with Airgas, there are no limits on the number of terms for which a director may hold office. Directors are required to resign from the Board by the date of the annual meeting of stockholders in the year in which the director has his or her seventieth birthday.

Attendance at Board and Stockholder Meetings

Directors are expected to attend all meetings of the Board and committees on which they serve and annual stockholder meetings. Each director attended at least seventy-five percent of the meetings of the Board and the committees on which he or she served during the 2007 fiscal year. All of the then current directors attended the last Annual Meeting.

Executive Sessions and Stockholder Communications with the Board

The Board holds two regularly scheduled executive sessions each year where non-management directors meet without management participation. In the event that one or more of the non-management directors were not to qualify as independent directors, the Board will also hold at least one meeting each year of the independent directors. Interested persons may communicate directly and confidentially with the non-management directors by writing to the Acting Chairperson, Non-Management Directors, Airgas, Inc., 259 North Radnor-Chester Road, Radnor, Pennsylvania 19087-5283. Each year, the Board selects the Acting Chairperson of the non-management directors who will preside at the executive sessions of the Board and with whom stockholders wishing to communicate with the non-management directors may communicate.

Table of Contents

Assessing the Board's Performance

Board Evaluation Process

The Board of Directors conducts an annual evaluation of itself and its committees. The directors first evaluate overall Board performance against certain criteria that the Board has determined are important to its success. These include financial oversight, succession planning, compensation, corporate governance, strategic planning and Board structure and role. The Board then reviews the results of the evaluation and discusses what, if any, action should be taken to improve its performance.

ELECTION OF DIRECTORS

(Proposal 1)

Our bylaws provide that our Board of Directors designates the number of directors constituting the Board of Directors, and that there should be at least seven and no more than thirteen members. Currently, that number has been fixed by the Board of Directors at nine. The Board of Directors consists of three classes, with directors of one class elected each year, for terms extending to the annual meeting of stockholders held in the third year following the year of their election.

The names and biographical summaries of the four persons who have been nominated to stand for election at the 2007 Annual Meeting and the remaining directors whose terms are continuing until the 2008 or 2009 Annual Meetings appear below. W. Thacher Brown, Richard C. Ill and Peter McCausland have been nominated to serve as directors for terms expiring at the 2010 Annual Meeting and John C. van Roden, Jr., who was appointed by the Board in October 2006 to replace Mr. Yohe, who retired from the Board after reaching the Board's mandatory retirement age, has been nominated to serve as director for a term expiring at the 2008 Annual Meeting. Of the continuing directors, William O. Albertini and Lee M. Thomas were elected by the stockholders at the 2005 Annual Meeting. Their terms continue until the 2008 Annual Meeting. James W. Hovey, Paula A. Sneed and David M. Stout were elected by the stockholders at the 2006 Annual Meeting and their terms continue until the 2009 Annual Meeting.

All nominees have indicated that they are willing and able to serve as directors if elected. In the event that any nominee should become unavailable, the proxy will be voted for the election of any substitute nominee recommended by the Governance and Compensation Committee to the Board of Directors and selected by the Board.

The Board of Directors recommends that you vote FOR the election of Mr. Brown, Mr. Ill, Mr. McCausland and Mr. van Roden.

Set forth below is certain information regarding the four nominees for election at the Annual Meeting and the remaining five directors whose terms are continuing.

Nominees for Election for Terms Expiring at the 2010 Annual Meeting:

Board of Directors and Committees

The Board of Directors held eight meetings during the fiscal year ended March 31, 2007. Each director attended at least 75% of the Board and committee meetings that he or she was scheduled to attend during the 2007 fiscal year.

The standing committees of the Board of Directors are an Executive Committee, a Governance and Compensation Committee, an Audit Committee and a Finance Committee. During the fiscal year ended March 31, 2007, the Executive Committee held one meeting, the Governance and Compensation Committee held four meetings, the Audit Committee held 11 meetings and the Finance Committee held four meetings.

Executive Committee

The members of the Executive Committee are W. Thacher Brown, Peter McCausland and David M. Stout. As authorized by Delaware law and our bylaws, the Executive Committee may exercise all of the powers of our Board of Directors when the Board is not in session, except that it may not elect directors or appoint officers, amend the bylaws, declare dividends, appoint members of the Executive Committee, approve the acquisition of substantially all the assets or capital stock of a corporation or business entity that has annual sales in excess of 20% of the annual sales of Airgas or take any other action that may only be taken by the Board of Directors. Historically, and in accordance with the policy of the Executive Committee, the Executive Committee has met infrequently and only in extraordinary circumstances.

Governance and Compensation Committee

The members of the Governance and Compensation Committee are Richard C. Ill, David M. Stout and Lee M. Thomas. Each member of the Committee is independent from Airgas and its management. The Committee's primary responsibilities under the terms of its charter include:

establishing qualifications for Board membership;

interviewing and recommending candidates to fill new positions on the Board;

reviewing candidates recommended by stockholders for positions on the Board;

considering requests for waivers from the Code of Ethics and Business Conduct for Board members and senior executives;

recommending assignment of Board members to committees;

reviewing policies for Board compensation;

reviewing and recommending changes to Board policies and procedures as they affect the organization and activities of the Board and its committees;

making reports for consideration by the Board;

considering matters of corporate governance, and reviewing, annually, the Corporate Governance Guidelines;

reviewing succession plans for senior executive officers;

conducting an annual evaluation of its performance and its charter;

reviewing and approving corporate goals and objectives and evaluating, annually, the performance of the CEO and other officers in light of such goals and objectives;

determining the compensation of the CEO based upon the evaluation of the performance of the CEO;

approving senior executive compensation;

reviewing and making recommendations to the Board with respect to incentive compensation plans and equity-based compensation plans;

administering, and approving and ratifying awards to senior executives under, our stock option and incentive compensation plans;

reviewing and discussing the Compensation Discussion and Analysis section, also referred to in this proxy statement as CD&A, of the annual proxy statement and, based on such review and discussion, recommending that the CD&A be included in the proxy statement; and

preparing the Compensation Committee Report for the annual proxy statement.

The Committee may, in its sole discretion, engage director search firms or compensation consultants. The Committee also may consult with outside advisors to assist it in carrying out its duties.

The Report of the Governance and Compensation Committee for the 2007 fiscal year appears on page 26 of this proxy statement. A copy of the Governance and Compensation Committee Charter can be found on our website at www.airgas.com and is available in print to any stockholder who requests it from our Secretary.

Audit Committee

The members of the Audit Committee are William O. Albertini, Paula A. Sneed and John C. van Roden, Jr. Each member of the Committee is independent from Airgas and its management. In addition, the Board of Directors has determined that Messrs. Albertini and van Roden are each an audit committee financial expert. The Committee acts pursuant to a written charter adopted by the Board of Directors. The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibilities regarding accounting and reporting practices, internal controls, and compliance with laws and regulations. The Committee's responsibilities under the terms of its charter include:

meeting at least quarterly with management, our chief internal auditor and our independent registered public accounting firm in separate executive sessions;

assessing the integrity of Airgas' financial reporting process and system of internal controls through discussions with management, the internal auditors and the independent registered public accounting firm;

selecting, appointing and recommending for ratification by our stockholders, an accounting firm to serve as Airgas' independent registered public accounting firm;

setting the fees to be paid to the independent registered public accounting firm and pre-approving all audit services to be provided by the independent registered public accounting firm;

establishing policies and procedures for the engagement of the independent registered public accounting firm to provide permitted non-audit services and pre-approve the performance of such services;

assessing the performance (effectiveness, objectivity and independence) of the independent registered public accounting firm;

reviewing an annual report from the independent registered public accounting firm describing its internal quality control procedures and any material issues raised by the most recent internal or peer review of the independent registered public accounting firm;

reviewing with management and the independent registered public accounting firm the adequacy and effectiveness of the internal audit function;

providing an avenue of communication among the independent registered public accounting firm, internal auditors, management and the Board of Directors;

reviewing with management and the independent registered public accounting firm Airgas annual and quarterly financial statements, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations ;

reviewing our earnings releases;

The Report of the Audit Committee for the 2007 fiscal year appears on page 41 of this proxy statement. A copy of the Audit Committee Charter can be found on our website at www.airgas.com and is available in print to any stockholder who requests it from our Secretary.

Finance Committee

The members of the Finance Committee are W. Thacher Brown, James W. Hovey and John C. van Roden, Jr. The purpose of the Committee is to review, advise and make recommendations on Airgas' financial affairs, policies and programs. The Committee meets periodically, but not less than three times per year, to review Airgas' financial issues, including Airgas' :

capital structure;

policies regarding dividends, stock splits and stock repurchases;

current and projected capital requirements and the issuance of debt and equity securities;

credit agreements and major changes to them and borrowings and financings of every nature;

insurance programs and practices for managing insurable risks;

programs and practices for managing interest rate, foreign exchange and commodities price risk;

benefit plan trust investment policies, administration and performance;

standing with credit rating agencies and the decisions and contingencies that might affect its credit rating; and

relationships with, and approach to managing its relationships with, public and private lenders.

COMPENSATION OF DIRECTORS

Only directors who are not employees of Airgas receive compensation for their services as directors. Our compensation package for non-employee directors for the 2007 fiscal year was composed of cash, which consisted of an annual retainer of \$25,000 (increased on July 1, 2006 from the prior fiscal year's annual retainer of \$18,000), plus a fee of \$1,500 for each Board or committee meeting attended during the 2007 fiscal year, and stock option grants under the Airgas, Inc. 1997 Directors' Stock Option Plan, also referred to in this proxy statement as the 1997 Directors' Plan. The cash component of the directors' compensation is set by the Governance and Compensation Committee. We also reimburse our non-employee directors for their out-of-pocket expenses incurred in connection with attendance at Board, committee and stockholder meetings, and other company business. Non-employee directors are eligible to participate in the Airgas, Inc. 2006 Equity Incentive Plan, also referred to in this proxy statement as the 2006 Equity

Plan, and the Airgas, Inc. Deferred Compensation Plan II, also referred to in this proxy statement as the Deferred Compensation Plan II, and some of our directors have participated in the Airgas, Inc. Deferred Compensation Plan I, referred to in the proxy statement as the Deferred Compensation Plan I, and more fully described under the heading Retirement and Other Plans and Programs found on page 22 of this proxy statement.

Table of Contents

In order to closely align the interests of directors with those of our stockholders, a majority of the directors compensation is in the form of stock options. The number of options granted is determined annually by the Governance and Compensation Committee. The exercise price of each option is equal to the closing price of our common stock on the date of grant and each option is exercisable immediately. Options granted to non-employee directors during the 2007 fiscal year expire after eight years and options granted to non-employee directors in prior fiscal years expire after 10 years. On August 9, 2006, each Board member serving on the Board as of that date was granted options to acquire 6,500 shares of our common stock with an exercise price of \$36.18 per share. Concurrent with becoming a director on October 3, 2006, Mr. van Roden received a stock option grant to acquire 5,540 shares of our common stock at an exercise price of \$36.05 per share.

The Chairmen of the Governance and Compensation Committee and the Finance Committee also receive an additional \$3,000 annual retainer, and the Chairman of the Audit Committee receives an additional \$5,000 annual retainer.

Each year, non-employee directors may elect to defer, under the Deferred Compensation Plan II, all or a portion of his or her director's fees. The amount deferred is credited to an account that tracks valuation funds selected by the participant from a family of funds under the plan, one of which tracks Airgas common stock. The balance is paid at the election of the director within the alternatives offered under the plan, and the unpaid account balance accrues interest based on earnings in the selected valuation funds. In addition, some of our current directors maintain balances in the Deferred Compensation Plan I.

We believe that directors should be stockholders and should have a financial stake in the company. Directors are expected to maintain, within five years of joining our Board, at least 25,000 shares of Airgas common stock or shares having a value equal to five times the director's annual Board retainers. Compliance with these guidelines is expected by January 31, 2012 for all current directors, and all but one director satisfies these ownership requirements at the present time.

(1) Consists of the aggregate amount of all fees earned or paid in cash for services as a director, consisting of annual board and committee chair retainers and board and committee meeting fees earned by non-employee directors, as described above. During the 2007 fiscal year, Mr. Albertini and Ms. Sneed

chose to defer portions of their cash compensation as directors under the Deferred Compensation Plan II.

- (2) The amounts shown reflect the dollar amount of options recognized for financial statement reporting purposes for the fiscal year ended March 31, 2007 for the stock options granted to the non-employee directors. The compensation expense reflected in the table is the same as the grant date fair value pursuant to SFAS 123R. The fair value was estimated using the Black-Scholes option pricing model in accordance with SFAS 123R. The material assumptions incorporated into the model include the exercise price of the option, the estimated term

of the option until exercise (which is 5.4 years for each of the directors in the table above), an interest rate factor (5.0%) based on the U.S. Treasury rate over the estimated term of the option until exercise, a volatility factor (36.2%) based on the standard deviation of the price of our common stock and a dividend yield (0.8%) based on the annualized dividend rate per share of our common stock. The actual value of the options, if any, will depend on the extent that the market value of our common stock at exercise is greater than the exercise price of the option. Each non-employee director (other than Mr. van Roden) was granted an option under the 1997 Directors Plan to purchase 6,500 shares on August 9, 2006 with an exercise price of \$36.18

per share. Mr. van Roden was granted an option to purchase 5,540 shares on October 3, 2006, the date on which he became a director, at an exercise price of \$36.05 per share. As of March 31, 2007, the following non-employee directors held options to purchase the following number of shares:

Mr. Albertini,
28,500 shares;

Mr. Brown,
71,250 shares;

Mr. Hovey,
65,250 shares;

Mr. III, 21,000

Ms. Sneed,
65,250 shares;

Mr. Stout,
65,250 shares;

Mr. Thomas,
49,875 shares;

Mr. van Roden,
5,540 shares;

and Mr. Yohe,
59,000 shares.

- (3) Mr. van Roden was appointed as a director on October 3, 2006 to replace Mr. Yohe, who retired from the Board on that date.

- (4) Mr. Yohe
retired as a
director on

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Governance and Compensation Committee of our Board of Directors has responsibility for establishing and implementing our compensation philosophy, and for continually monitoring our adherence to that philosophy. The Committee reviews and approves compensation levels for all Airgas executive officers as well as all of our compensation, retirement, perquisite and insured benefit programs, including programs applicable to our senior management team, which includes our named executive officers. With respect to Peter McCausland, our Chairman, President and Chief Executive Officer, the Committee annually evaluates his accomplishments and performance against established objectives and sets his compensation level based upon such evaluation. The Committee, as it did in the 2007 fiscal year, may choose to award additional annual cash incentive compensation to our CEO based upon the Committee's subjective evaluation of his performance. These functions are set forth in the Committee's Charter, which appears on our website (www.airgas.com) and is reviewed annually by the Committee. The Committee seeks to ensure that the total compensation paid to our executives is fair, reasonable and competitive and consistent with our compensation philosophy. Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to other Airgas executives.

The following individuals, included in the Summary Compensation Table for the 2007 Fiscal Year found on page 27 of this proxy statement, are referred to as our named executive officers throughout this proxy statement:

Peter McCausland, Chairman, President and Chief Executive Officer;

Robert M. McLaughlin, Senior Vice President and Chief Financial Officer;

Michael L. Molinini, Executive Vice President and Chief Operating Officer;

B. Shaun Powers, President, Eastern Division;

Ted R. Schulte, President, Gas Operations Division; and

Roger F. Millay, Former Senior Vice President and Chief Financial Officer.

Compensation Philosophy and Objectives

Our goal is to maintain compensation and benefit plans that will allow us to attract and retain highly qualified employees while motivating and rewarding performance that will lead to sustained increases in the value of our stockholders' investment in Airgas. We also seek to align the interests of our named executive officers with those of our investors by evaluating performance primarily on the basis of key financial measures. Given these goals, our compensation philosophy has been, and continues to be, to emphasize pay for performance programs designed to reward superior financial performance and long-term enhancement of stockholder value, while maintaining competitive base pay, retirement, healthcare and other fixed compensation programs. We set base salary, annual cash incentive opportunities and long-term equity incentive opportunities to reflect an individual executive's level of responsibility and performance against established objectives, and we rely on our judgment and discretion after reviewing Airgas' performance and evaluating the executive's performance.

Role of the Committee and Executive Officers in Compensation Decisions

The Committee has primary responsibility for assisting the Board in evaluating potential candidates for executive positions, including the CEO position, and for overseeing the development of succession plans. The Committee oversees the design, development and implementation of the compensation program for the CEO and the other executives, including the named executive officers. The Committee evaluates the performance of the CEO and determines the CEO's compensation in light of

Table of Contents

the goals and objectives of the compensation program. Mr. McCausland, Mr. Molinini and Mr. McLaughlin, as appropriate, assess the performance of our other executives, including the other named executive officers, and the Committee approves their compensation based on recommendations from Mr. McCausland. The Committee has not sought advice or assistance from compensation consultants.

The Committee's work is accomplished through a series of meetings, following a regular calendar schedule, to ensure that all major elements of compensation are addressed and compensation and benefit programs are properly designed, implemented and monitored. Occasionally, special meetings are called to address matters that require attention outside of the regular compensation cycle. Working with the Committee Chair, Lee M. Thomas, Dean A. Bertolino, our Vice President, General Counsel and Corporate Secretary, and Dwight T. Wilson, our Senior Vice President, Human Resources, prepare an agenda and supporting materials for each meeting, which are provided to Committee members between two to four days in advance of the meeting. Messrs. Wilson and Bertolino, along with Mr. McCausland, generally attend Committee meetings by invitation, but are excused for executive sessions. As requested, Messrs. McCausland, Bertolino and Wilson offer their opinions and recommendations to the Committee. The Committee may invite other members of management to attend meetings (as necessary) to discuss items within their specific areas of responsibility, although they do not play a role in their own compensation determination, other than discussing individual performance objectives with the CEO.

Setting Executive Compensation

Elements of Executive Compensation

Consistent with our compensation philosophy, the Committee has structured our annual and long-term executive compensation programs to motivate executives to achieve the business goals we set, and these programs reward the executives for achieving and exceeding those goals. The key elements of our executive compensation program are:

base salary;

annual cash incentive awards; and

long-term incentive compensation.

These key elements are addressed separately below. In determining each component of compensation, the Committee takes into account all other elements of an executive's compensation package.

Our compensation programs for executives, and in particular for our named executive officers, are designed to reflect their success, both individually and as a management team, in attaining key objectives. For example, 85% to 90% of our annual cash incentive payments are calculated based on Airgas' performance with regard to certain key financial metrics versus budgeted levels and 10% to 15% of those payments are calculated based on an executive's individual performance and contributions. There are two levels of approval for each discretionary award and the Committee has final approval for awards to executives who report directly to Mr. McCausland. Our equity-based program is intended to reward the management team's success in delivering value to our stockholders. Specifically, stock option grants reward our executives for their contributions that result in increases in our stock price over time. In each case, we strive to ensure that our compensation program provides rewards based on meaningful measures of performance, and the Committee makes adjustments to the incentive programs each year in light of past experience, changes in strategic focus, regulatory requirements and other relevant factors.

Table of Contents*Benchmarking Compensation against Our Peers*

Periodically, Mr. Wilson provides the Committee with data comparing our elements of compensation and levels of executive compensation against relevant companies in the chemicals and wholesale distribution industries and comparably-sized companies in other industries, including a comparison of compensation elements of individual executives where the positions are sufficiently similar to make comparison meaningful. Currently, the peer group for compensation comparisons is Albemarle Corporation, Applied Industrial Technologies, Inc., Cabot Corporation, Chemtura Corporation, Cytec Industries, Inc., Ecolab Inc., Ferro Corporation, FMC Corporation, Georgia Gulf Corporation, W.W. Grainger, Inc., International Flavors and Fragrances, Inc., Lubrizol Corporation, Nalco Holding Company, Olin Corporation, Patterson Companies, Inc., PolyOne Corporation, Rockwood Holdings, Inc., RPM International, Inc., A. Schulman, Inc., Scotts Miracle-Gro Company, Sigma-Aldrich Corporation, Valspar Corporation, Wesco International, Inc. and Westlake Chemical Corporation. The peer group includes companies in the S&P 400 MidCap index, including companies in the S&P MidCap 400 Chemicals industry group, plus other companies that are similar in size to Airgas. The peer group includes companies outside of our industry because the Committee believes that Airgas is similar in certain respects to such companies.

The most recent benchmarking of executive compensation levels was performed by Mr. Wilson during the 2006 fiscal year. The benchmarking compared compensation of our named executive officers to the 25th percentile and 50th percentile base salary, total cash compensation and total direct compensation of similar positions in the peer group companies. Direct compensation adds the Black-Scholes value of stock option grants and the reported value of stock grants to the total cash compensation. We believe that periodic reviews of outside compensation practices are appropriate to determine if our compensation levels and mix of components might require rebalancing.

Given the nature of our businesses, we compete with companies across the two broad industry groups mentioned above for top executive-level talent. As such, the Committee generally expects, over time, to set total compensation levels for our executives approximating the median level of compensation paid to similarly situated executives of chemicals and wholesale distribution companies of comparable size to Airgas. Variations from this general philosophy may occur based upon the expertise and experience level of a given executive, as well as individual, company and market factors.

During the 2007 fiscal year, the Committee approved an increase to Mr. Molinini's annual cash incentive target percentage to 60% of base salary from 50% of base salary during the prior fiscal year based on comparison to the second-ranked executive in the peer group companies. The Committee approved an increase in Mr. McLaughlin's annual base salary to \$300,000, taking into consideration the comparison to the chief financial officers in the peer group companies.

Components of Executive Compensation for the 2007 Fiscal Year

Given our philosophy of pay for performance, a significant percentage of total compensation is allocated to performance-based incentives. As a general matter, we recognize that, as employees progress to higher levels within our organization, they assume more responsibility for our overall performance and returns to stockholders. Consequently, we seek to link greater portions of executive compensation to criteria and metrics that are tied to the creation of stockholder value. Looking at the named executive officers as a group, 65% of their target total compensation for the 2007 fiscal year was allocated to at risk components consisting of annual cash incentives and stock options, with the remaining 35% allocated to base salary. Our policy for allocating value between long-term and currently-paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing

Table of Contents

strong incentives for our executives to maintain an ownership mentality, focusing them on maximizing long-term value creation for them and our stockholders.

Combined target cash and non-cash incentive compensation for named executive officers for the 2007 fiscal year ranged from 51% to 74% of total target compensation. Excluding Mr. Millay, actual cash incentive compensation ranged from 26% to 38% and non-cash incentive compensation ranged from 24% to 40% of total compensation for the named executive officers for the 2007 fiscal year. We believe that these mixes are both competitive within the marketplace and consistent with our stated compensation philosophy.

Base Salary

Base salary is the component of compensation that is fixed and intended to compensate our executives, based on their experience, expertise, job responsibilities and the performance of their responsibilities during the fiscal year. While base salaries must be competitive in order to recruit and retain qualified executives, we do not generally seek to pay base salaries at levels exceeding the market median among comparably-sized companies in all industries. Our review of base salaries paid to our executives peers indicate that the base salaries of our named executive officers are at or below the median for comparably-sized general industry companies, chemical industry companies and wholesale distribution companies. Consistent with our compensation philosophy that we offer compensation based on superior performance, we strive to use incentive compensation, rather than base salary, to provide executives with an above-market compensation opportunity if we exceed budgeted financial performance metrics and drive increases in stockholder value.

Each year, our Governance and Compensation Committee reviews the base salary of Mr. McCausland and all other executive officers. In making adjustments to base salary levels, the Committee considers:

the executive's level of responsibilities;

the executive's experience and breadth of knowledge;

the executive's individual performance as assessed through annual performance reviews;

the executive's role in management continuity and development plans;

internal equity factors, meaning relative pay differences for different job levels; and

on a periodic basis, benchmark data on the compensation practices of peer companies, whether from available salary survey data or as reported in public company proxies.

The normal interval between salary reviews for most executive officers and most other employees is 12 months, usually completed in the quarter following the fiscal-year end. Mr. McCausland's salary increases have been less frequent, as the Committee prefers to move his salary in larger increments. All named executive officers received a merit pay increase for the 2007 fiscal year, averaging 6.25%. These increases were approved by the Committee in May 2006. In October 2006, the Committee approved a promotional increase for Mr. McLaughlin in recognition of the sizeable expansion of his responsibilities as CFO.

Mr. McCausland's base salary was adjusted to \$750,000 in June 2006, recognizing the overall performance of Airgas during the 2006 fiscal year and the enlargement of his responsibilities with the growth of Airgas.

Table of Contents*Annual Cash Incentive Awards*

Annual cash incentive awards for our executive officers are intended to promote the achievement of our corporate and division financial performance goals, as well as individual performance goals. Each of our named executive officers participates in our 2004 Executive Bonus Plan, referred to as our Executive Bonus Plan. In addition, depending upon the named executive officer's position and responsibilities with Airgas, each named executive officer participates in one of the following Airgas annual cash incentive plans for which executive officers and other management employees may be eligible, which plans, together with our Executive Bonus Plan, are referred to in this proxy statement as our Management Bonus Plans:

the Fiscal Year 2007 Management Bonus Plan for Corporate Employees, in which Messrs. McCausland, McLaughlin, Millay and Molinini participated during the 2007 fiscal year, is available to all management-level employees who have corporate-wide responsibility;

the Fiscal Year 2007 Management Bonus Plan for Operating Company Management, in which Mr. Powers (Division President) participated during the 2007 fiscal year, is available to all management-level employees who work within our distribution businesses; and

the Fiscal Year 2007 Management Bonus Plan for Gas Operations Management, in which Mr. Schulte (Division President) participated during the 2007 fiscal year, is available to all management-level employees who worked within our Gas Operations division and its subsidiaries.

The overall cash incentive award paid to each executive officer is composed of (1) a cash incentive award under our Executive Bonus Plan that is based on corporate performance goals and (2) a cash incentive award under the applicable Management Bonus Plan that is based on individual performance goals. In addition, the Committee may, in its discretion, grant to any executive officer a cash award outside of any of our plans described above.

Corporate Performance Goals. Within 90 days after the beginning of each fiscal year, the Committee (1) reviews our performance during the prior fiscal year, (2) analyzes anticipated value drivers in our industry and within our company and proposed performance objectives for the current fiscal year and (3) determines the specific performance criteria for each executive officer and the metrics that will be used for the current fiscal year under our Executive Bonus Plan, based on such review and analysis. Examples of performance criteria that the Committee may consider are cash flow growth, overall sales growth, sales growth for specific products or markets, margin improvements and return on capital (ROC). After selecting the performance criteria, the Committee establishes performance metrics within the selected criteria and assigns to each of our executive officers a target award. The target award, expressed as a percentage of the executive officer's base salary for the fiscal year, is determined based upon the executive's position in the company.

In addition, each of the pre-determined performance criteria (e.g., ROC) is weighted by the Committee, in its judgment, to reflect its relative importance, and becomes a separate component of the executive officer's cash incentive award. For example, as more fully described below under **Assigned Importance to Performance Criteria**, the Committee weighted the ROC component of the annual cash incentive awards at 15% for Messrs. McCausland, McLaughlin, Millay and Molinini. The Committee also sets a target payout, expressed as a percentage, for each component, which may vary depending upon our actual performance with respect to the component against the pre-determined performance metrics. Our executive officers will receive cash incentive awards under the Executive Bonus Plan if, at the end of the fiscal year, Airgas has achieved the performance metrics established within the criteria selected by the Committee at the beginning of the fiscal year. Actual cash award payments will vary based upon Airgas

Table of Contents

level of achievement of the pre-determined corporate performance metrics and the different weights assigned to each performance criteria component for each executive officer. As more fully described below, for the 2007 fiscal year, corporate financial performance goals represented 85% of the overall annual potential cash incentive award available for each executive officer who was not a Division President and corporate and division financial performance goals represented 90% of the overall annual potential cash incentive award available for each executive officer who was a Division President.

Individual Performance Goals. In addition to the corporate and division financial performance goals described above, under the applicable Management Bonus Plan, a portion of each named executive officer's annual cash incentive award is based on individual performance measured against personal objectives. The Committee established individual performance objectives for Mr. McCausland after consultation with him at the beginning of the fiscal year regarding his priorities for the 2007 fiscal year. Mr. McCausland established individual performance objectives with Messrs. McLaughlin and Molinini, and Mr. Molinini established individual performance objectives for Messrs. Powers and Schulte (Division Presidents). The Committee reviewed, and based upon its subjective evaluation, approved the scores for Messrs. McLaughlin and Molinini, and Mr. McCausland reviewed, and based upon his subjective evaluation, approved the scores for Messrs. Powers and Schulte. For the 2007 fiscal year, individual performance goals under the Management Bonus Plans represented 15% of the overall annual potential cash incentive award available for each executive officer who was not a Division President and 10% of the overall annual potential cash incentive award available for each executive officer who was a Division President.

Performance Criteria Selected for the 2007 Fiscal Year under Executive Bonus Plan. The Committee determined that incentive cash award payments for the 2007 fiscal year for our named executive officers, other than for our Division Presidents, would be based on our performance for the fiscal year with regard to two key corporate financial performance criteria, as measured against budgeted levels:

cash flow measured as earnings before interest, taxes, depreciation and amortization (EBITDA); and

return on capital (ROC).

For Messrs. Powers and Schulte, who are Division Presidents, the Committee determined that their incentive cash award payments would be determined based on additional financial performance criteria relating to the performance of their divisions, as measured against budgeted levels:

EBITDA (for each respective division and as consolidated);

return on average capital employed (RACE); and

gross profit for targeted growth strategies, such as specific product lines or market segments.

Target Award Percentages Assigned for the 2007 Fiscal Year. The Committee established the following incentive target awards as percentages of annual base salary for each of our named executive officers for the 2007 fiscal year:

100% for Mr. McCausland;

60% for Mr. Molinini; and

50% for Messrs. McLaughlin, Millay, Powers and Schulte.

Assigned Importance to Performance Criteria. The Committee assigned the following relative weights to the corporate and division financial performance criteria for each named executive officer for the 2007 fiscal year:

Table of Contents

Consolidated EBITDA (weighted at 70% for Messrs. McCausland, McLaughlin, Millay and Molinini and weighted at 10% for Messrs. Powers and Schulte);

ROC (weighted at 15% for Messrs. McCausland, McLaughlin, Millay and Molinini);

Division EBITDA (weighted at 55% for Messrs. Powers and Schulte);

Division RACE (weighted at 10% for Messrs. Powers and Schulte); and

Gross Profit for Growth Strategies (weighted at 15% for Messrs. Powers and Schulte).

Individual Objectives under the Management Bonus Plans. Following the fiscal year-end, the Committee evaluated Mr. McCausland's performance against his pre-determined individual objectives, Mr. McCausland evaluated the performance of Messrs. McLaughlin and Molinini against their pre-determined individual objectives and Mr. Molinini evaluated the performance of Messrs. Powers and Schulte against their pre-determined individual objectives. Beyond his pre-determined individual objectives, the Committee recognized Mr. McCausland's outstanding leadership in building a highly effective team and infrastructure to manage the rapid growth of Airgas, and in conceiving and executing strategic initiatives that have positioned Airgas for continued growth rates above industry standard. For a more detailed description of the annual incentive compensation awards received by the named executive officers, see Summary Compensation Table for the 2007 Fiscal Year found on page 27 of this proxy statement.

Calculation of the Cash Awards. A participant's target incentive award is multiplied by the weight for each component to determine the target payout for each component. Each performance score as a percentage (e.g., meeting the goal equals a 100% score) is multiplied by the target payout for the specific component to determine the actual incentive award for each component. Performance scores for each component utilizing performance criteria may range between 0% and 130% to 150% depending on the specific criteria. Performance scores for the individual objectives may range between 0% and 100%. The total incentive award is the sum of the components. The aggregate scores for bonus metrics are limited to 132.5% for Messrs. McCausland, McLaughlin and Molinini, and 138.5% for Messrs. Powers and Schulte. Extraordinary performance may be recognized with an additional bonus amount, but the total award opportunity is capped so that the maximum possible award is 200% of target. For the 2007 fiscal year, the Committee awarded each named executive officer, except for Mr. Millay, an aggregate cash incentive compensation award above the executive's aggregate target amount, but below each executive's maximum award opportunity.

Mr. McCausland and all of the other named executive officers (except Mr. Millay, who was not eligible for an award because his employment ceased prior to the payment of the awards) received their annual cash incentive awards for the 2007 fiscal year in June 2007 following Committee approval at its regular May meeting. Annual cash incentive awards earned by our named executive officers for performance during the 2007 fiscal year appear in the Summary Compensation Table for the 2007 Fiscal Year on page 27, under the headings Non-Equity Incentive Plan Compensation and Bonus.

Long-Term Equity Incentive Compensation

Our equity compensation program is designed to provide the Committee the flexibility to award long-term equity compensation incentives from several types of equity-based awards. The Committee's objective in granting equity awards is to provide a strong incentive to our executives and key employees to focus on the ongoing creation of stockholder value by offering significant compensation opportunities for superior performance. These award opportunities not only allow us to offer a competitive overall compensation package, but also further opportunities for stock ownership by our employees in order to increase their proprietary interest in Airgas and, as a result, their interest in our long-term success and their commitment to creating stockholder value.

Table of Contents

Long-term equity incentives under our 2006 Equity Plan may consist of nonqualified stock options, incentive stock options (ISOs), stock appreciation rights (SARs), restricted stock, restricted stock units or any combination of the above, as the Committee may determine. Previously, and including grants made to executive officers in May 2006, under our 1997 Stock Option Plan, long-term equity incentives could have consisted of awards of nonqualified stock options, ISOs and restricted stock.

The Committee historically has granted nonqualified stock options as the exclusive form of equity-based compensation. The table below provides certain information regarding our use of stock options during the last 10 fiscal years.

In granting long-term equity incentive awards, the Committee determines:
the executive officers to receive awards;

the number of shares in each grant to an executive officer;

the aggregate number of shares available for Mr. McCausland to grant in stock options to non-executive officers pursuant to his delegated authority; and

the terms and conditions of each award.

Long-term equity incentive awards for the 2007 fiscal year were determined and approved at the Committee's regularly scheduled May 2006 meeting and are reflected in this proxy statement, including in the Summary Compensation Table for the 2007 Fiscal Year found on page 27 and the Grants of Plan-Based Awards in the 2007 Fiscal Year table found on page 30 of this proxy statement.

In determining the size of long-term equity incentive awards to the named executive officers for the 2007 fiscal year, the Committee's objective was to maintain the number of shares in each grant comparable to the 2006 fiscal year award levels. The Committee considered the dilution rate (shares granted as a percentage of shares outstanding), historical grants to the executive officers, the Black-Scholes valuation model for stock options, the value of equity-based compensation to top executives in comparable chemical and wholesale distribution companies and grant

sizes relative to the executive s peers at Airgas.

Table of Contents

Our aim is to focus our executives on providing superior returns to our stockholders and driving for sustained increases in Airgas stock price. We believe that nonqualified stock options effectively focus our executives on these goals and are an efficient use of shares available under the plan.

Our stock option award program helps us to:

motivate and reward superior performance on the part of executives and key employees;

enhance the link between the creation of stockholder value and long-term executive incentive compensation;

encourage increased stock ownership in Airgas by executives; and

maintain competitive levels of total compensation.

Option Grant Practices. The Committee makes decisions on stock option grants based solely on our compensation and retention objectives and our established measurements of the value of these awards. Each May, at its regularly scheduled meeting, the Committee approves the annual stock option awards for executive officers and the total shares available for stock option grants to our other key employees throughout the remainder of the fiscal year. The grant date for executive officers is the date of that meeting, on which the exercise price for the awards is set. We do not backdate options. In addition, we do not plan to coordinate grants of options so that they are made before announcement of favorable information, or after announcement of unfavorable information. For the 2007 fiscal year, options to purchase 262,200 shares were granted to 11 executive officers.

The only other times stock options are typically granted are in connection with a new hire or in recognition of a special achievement, known as a Chairman's Award. The exercise price for these grants is set on the date of employment or the date of final approval, whichever is later. The Committee delegated authority to Mr. McCausland to make these grants to employees, other than to executive officers, subject to an aggregate limit in the 2007 fiscal year of 68,600 shares. For the 2007 fiscal year, these grants totaled 6,000 shares to five non-executive officer employees. The Committee has not delegated any other aspect of the stock option grant process to any other person or committee.

The exercise price of all awarded stock options under the 1997 Option Plan and the 2006 Equity Plan is equal to the closing selling price of Airgas shares on the NYSE on the date of grant, except that in the past under the 1997 Option Plan, when the grant decision was finalized by the Committee on a given date prior to the opening of trading on the NYSE, the Committee has set the exercise price for such awarded stock options at the closing price of our common stock from the last preceding trading day. Employee stock option awards in the 2007 fiscal year vest and become exercisable in equal 25% increments on each of the first four anniversaries of the grant date and expire on the eighth anniversary of the grant date, or earlier, upon certain terminations of employment.

Airgas has not granted equity awards to employees other than through the grant of stock options.

Retirement and Other Plans and Programs

We maintain the following plans and programs to provide retirement benefits to salaried employees, including Mr. McCausland and each of the named executive officers:

the Airgas, Inc. 401(k) Plan, referred to as the 401(k) Plan;

the Deferred Compensation Plan I; and

the Deferred Compensation Plan II.

Table of Contents

We maintain the following plan to provide additional benefits to salaried employees, including each of the named executive officers, except Mr. McCausland:

the Airgas, Inc. Amended and Restated 2003 Employee Stock Purchase Plan, referred to as the Employee Stock Purchase Plan.

The benefits available under these plans are intended to provide income replacement after retirement, either through withdrawals from the 401(k) Plan, the Deferred Compensation Plan I or the Deferred Compensation Plan II.

The 401(k) Plan is a qualified 401(k) defined contribution plan designed to encourage salaried employees to save and invest for retirement. Under the 401(k) Plan, employees may contribute up to the annual IRS limits on a pre-tax basis. We match employee contributions at a rate of \$0.50 for each \$1.00 contributed by the employee, up to 4% of the employee's base salary. Our matching contributions vest 100% after the completion of one year of service, and are made in the 401(k) funds in the same weightings per fund as the employee's contributions. One choice available to participants is an investment in a fund that holds Airgas common stock.

The Deferred Compensation Plan I is a nonqualified, unfunded plan. In May 2004, our Board authorized the termination of the plan for new participants and the discontinuance of further deferrals by existing participants after May 31, 2004. The plan provided employees the opportunity to defer all or any portion of their base salaries and annual cash incentive awards and non-employee directors the opportunity to defer all or a portion of their annual cash compensation. Amounts deferred are unsecured, but earn a return equal to the performance of selected mutual funds. See the table entitled, "Nonqualified Deferred Compensation for the 2007 Fiscal Year" on page 33 of this proxy statement for an additional discussion of the Deferred Compensation Plan I. The purpose of the salary and incentive award deferral program was to provide highly-compensated employees with a convenient and efficient opportunity to save for retirement or other future events, such as college expenses, while deferring applicable income taxes until withdrawal. All named executive officers were eligible, but only Messrs. Millay, Molinini and Schulte held balances in the plan during the 2007 fiscal year.

The Deferred Compensation Plan II is a nonqualified, unfunded plan, which became effective on July 1, 2006. The plan provides our non-employee directors and a select group of highly compensated employees, including the named executive officers, the opportunity to defer up to 75% of their base salary and all or any portion of their annual incentive awards (or director fees, for non-employee directors). Amounts deferred are unsecured, but earn a return equal to the performance of selected mutual funds, one of which tracks the Airgas common stock price. See the table entitled, "Nonqualified Deferred Compensation for the 2007 Fiscal Year" on page 33 of this proxy statement for an additional discussion of the Deferred Compensation Plan II. The purpose of the program is to provide

highly-compensated employees with a convenient and efficient opportunity to save for retirement or other future events, such as college expenses, while deferring applicable income taxes until withdrawal. All named executive officers were eligible, but only Messrs. Molinini and Schulte contributed to the plan during 2007.

The Employee Stock Purchase Plan is a section 423(b) plan. The purpose of the Plan is to encourage and assist employees to acquire an equity interest in Airgas through the purchase of shares of Airgas common stock at a discount by payroll deduction. The discounted purchase price is 85% of the lower of the closing price per share on the enrollment date or the closing price per share on the date on which the shares are purchased. The enrollment dates and purchase dates occur quarterly, at the beginning of each calendar quarter.

Table of Contents*Change of Control Agreements*

Airgas has entered into change of control agreements with Messrs. McCausland, McLaughlin, Molinini, Powers, Schulte and Millay and two other executive officers. The terms of the agreements provide salary and benefit continuation if the executive is terminated upon a change of control. A change of control is defined to include events in which a party (other than Mr. McCausland) acquires 20% or more of the combined voting power of our then-outstanding securities, or in which Mr. McCausland, together with all affiliates and associates, acquires 30% or more of the combined voting power of our then-outstanding securities. Under the change of control agreements in place as of the end of the 2007 fiscal year, following the executive's termination, he or she would be entitled to a lump-sum payment equal to two times the sum of the executive's annual base salary at the time of termination, plus the executive's potential annual cash incentive award for the fiscal year in which the change of control occurred. The executive's health and welfare benefits would also continue for up to three years and the executive would be vested in all stock options and restricted stock. The cash and non-cash amounts payable under the change of control agreements and under any other arrangements with Airgas are limited to the maximum amount permitted without the imposition of an excise tax under the Internal Revenue Code. Generally, this would limit an executive's benefits under the agreement to 2.99 times the executive's average annual compensation for the preceding five years.

In addition, under an arrangement entered into in 1992, in the event of the termination of Mr. McCausland's employment for any reason, other than for material dishonesty, including a change of control, Mr. McCausland is entitled to a payment equal to two times his annual salary, the continuation of health insurance and other employee benefits for a three-year period and automatic vesting of all of his stock options. The limitation under Mr. McCausland's change of control agreement would include the amount payable under his 1992 arrangement for determining whether benefits would be reduced under his change of control agreement to comply with the limitation of 2.99 times his average annual compensation for the preceding five years.

The Airgas, Inc. Severance Pay Plan, referred to in this proxy statement as the Severance Pay Plan, provides severance benefits to all of our employees, including the named executive officers, in the event their employment is terminated (other than for cause and other non-qualifying terminations defined in the plan). Benefits under the plan are not available to a named executive officer if the named executive officer is eligible for similar benefits under a separate severance agreement with Airgas. Severance related benefits under the Severance Pay Plan are provided only if a participant executed a severance agreement satisfactory to Airgas. For a more detailed description of the benefits which our named executive officers may be eligible to receive under the Severance Pay Plan, see Potential Payments upon Termination Severance Benefits found on page 33 of this proxy statement.

In June 2007, the Committee approved a new form of change of control agreement so that benefits provided to some of our executives in the event of a change of control will conform to recent changes to applicable federal tax laws. The Committee delegated authority to our CEO to enter into arrangements with some of our executive officers, including those mentioned above and three other executives, using the new form of change of control agreement. The new agreement will provide benefits to those executive officers that are substantially similar to those in the existing change of control agreements without causing them to incur additional taxes under the applicable federal tax law changes.

Perquisites and Personal Benefits

Mr. McCausland received an automobile allowance and an airline club membership and utilized our corporate aircraft for personal use during the 2007 fiscal year. Mr. McCausland reimbursed Airgas for all direct costs associated with his personal use of the corporate aircraft. There were no other perquisites for

Table of Contents

executive officers during the 2007 fiscal year, except those benefits generally available to all employees. For a more detailed description of the perquisites and personal benefits received by our named executive officers, see the table on page 29 of this proxy statement entitled, All Other Compensation for the 2007 Fiscal Year.

*Other Matters***Stock Ownership Guidelines**

We believe that stock ownership guidelines help to further focus our management team on the long-term success of our business and the interests of our stockholders. All executives at the Vice President level and higher and all presidents of our subsidiaries are expected to acquire and hold, within five years after accepting their positions, the lesser of a fixed number of Airgas shares or Airgas shares with a value equal to a designated multiple of their base salary. There are four tiers within our management team covered by ownership guidelines. For the Chief Executive Officer, the minimum level is the lesser of 200,000 shares or a value equal to five times base salary; for the Executive Vice President and the Chief Financial Officer, 75,000 shares or a value equal to three times base salary; for Senior Vice Presidents and selected other corporate senior officers, 40,000 shares or a value equal to two times base salary; and for other Vice Presidents and subsidiary Presidents, 25,000 shares or a value equal to one times base salary.

Our executives are expected to comply with these guidelines starting on May 31, 2008 (five years after the guidelines were originally adopted) or five years after the executive becomes covered by the applicable ownership guideline tier. As of the end of the 2007 fiscal year, all of our named executive officers and all but three other executive officers subject to our stock ownership guidelines have already met their expected ownership levels.

Implications of Tax and Accounting Matters

Deductibility of Executive Compensation. Airgas is able to take deductions in excess of \$1 million for certain performance-based incentives, including incentives provided under certain plans approved by our stockholders, paid to the persons identified in Section 162(m) of the Internal Revenue Code of 1986, as amended. Under Section 162(m), corporations may not deduct, when computing taxable income, salary and non-performance based compensation exceeding \$1 million paid to a single executive. While Airgas seeks to structure compensation it pays so that it is eligible for deduction, if compliance with the terms of Section 162(m) conflicts with our compensation philosophy, or with actions that the Committee believes are in the best interests of Airgas and our stockholders, the Committee may conclude that payment of non-deductible compensation is appropriate under the circumstances to allow us to pay competitive compensation to our executive officers. For the 2007 fiscal year, Mr. McCausland was paid \$191,667 of non-deductible compensation under Section 162(m).

Nonqualified Deferred Compensation. On October 22, 2004, the American Jobs Creation Act of 2004 became law, changing tax rules applying to nonqualified deferred compensation arrangements. While the final regulations have not yet become effective, we believe that Airgas is operating in good faith compliance with the statutory provisions that became effective January 1, 2005. A more detailed discussion of our nonqualified deferred compensation arrangements is provided on page 32 under the heading Nonqualified Deferred Compensation for the 2007 Fiscal Year.

- (5) The amounts shown reflect cash incentive awards earned by our named executive officers under the stockholder-approved Executive Bonus Plan for performance in fiscal year 2007, based on performance criteria established at the beginning of the 2007 fiscal year by our Governance and Compensation Committee. For officers with corporate-wide responsibilities, including Messrs. McCausland, McLaughlin, Millay and Molinini, the Committee established two formulaic performance criteria for the fiscal year

earnings before interest, taxes, depreciation and amortization (EBITDA), and return on capital (ROC). For officers with direct division or subsidiary company responsibility, including Messrs. Powers and Schulte, the Committee established four formulaic performance criteria for the fiscal year consolidated EBITDA, division or subsidiary EBITDA, return on average capital employed (RACE), and gross profit on specific product lines or market segments. In addition, a portion of each award is based on achievement of individual performance goals set at the beginning of the fiscal year, which do not rely on formulas for determining the attainment levels. The individual performance goals are related to significant projects or strategic milestones and achievement is assessed following the end of the fiscal year. For Mr. McCausland, our Governance and Compensation Committee awarded \$337,500 in additional discretionary

compensation in recognition of his strategic and operational accomplishments in addition to the goals set at the beginning of the fiscal year. This additional amount resulted in \$191,667 of compensation above the tax deductible cap of Section 162(m) of the Internal Revenue Code. See page 18 of this proxy statement under Compensation Discussion and Analysis Annual Cash Incentive Awards for more detailed information on the Executive Bonus Plan.

- (6) Airgas offers its executive officers two deferred compensation plans Deferred Compensation Plan I and Deferred Compensation Plan II. Under each plan, earnings are calculated in the same manner and at the same rate as earnings on externally-managed, publicly-available mutual funds or on an externally-managed fund tracking Airgas common stock. We believe earnings in the deferred compensation plans are not considered above-market or

preferential earnings for the purposes of this Summary Compensation Table. Airgas does not offer its executive officers a defined benefit pension plan. See the table under Nonqualified Deferred Compensation for the 2007 Fiscal Year on page 33 of this proxy statement for additional information.

- (7) The amounts shown consist of the following items detailed in the table under All Other Compensation for the 2007 Fiscal Year :

All Other Compensation for the 2007 Fiscal Year

The table below presents an itemized account of All Other Compensation provided to our named executive officers during the 2007 fiscal year, regardless of the amount and any minimum thresholds provided under SEC rules and regulations. Consistent with our philosophy of pay for performance, perquisites and other compensation are limited in scope and amount.

Ted R. Schulte	5,413	-0-	300	5,713

(1) Mr. McCausland reimbursed Airgas \$107,311 for all direct costs associated with his personal use of the corporate aircraft. The amount reimbursed reflects the aggregate incremental cost to Airgas as recognized under SEC Regulation S-K. In determining the incremental

costs for
personal use, we
considered fuel,
supplies,
contracted pilot
fees, hangar and
landing fees, and
travel expenses
for the flight

(1) These columns show the potential value of the payouts for each named executive officer under the Executive Bonus Plan for the 2007 fiscal year if the threshold, target or maximum goals are satisfied for all performance goals.

The potential payouts are performance-driven and therefore completely at risk. The performance criteria, performance goals and salary and incentive award percentages for determining the payouts are described under Compensation Discussion and Analysis Annual Cash Incentive Awards beginning on page 18 of this proxy statement. As reflected in the Summary Compensation Table for the 2007 Fiscal Year, no award was paid to Mr. Millay, as he did not meet the plan eligibility criterion requiring employment with Airgas on the date awards are paid except by retirement, disability or death. Awards were paid for the 2007 fiscal year to each of the other named executive officers and formulaic performance scores exceeded pre-established performance targets for each officer.

- (2) The Governance and Compensation

Committee met and approved the grants of stock options under our 1997 Stock Option Plan to our named executive officers on May 23, 2006, prior to the open of the NYSE. All of the stock options detailed in the table have a term of eight years and an exercise price set at the closing price of our common stock on the immediately prior trading day. All future grants of stock options under our 2006 Equity Plan will have an exercise price set as the closing price of our common stock on the date of grant.

Nonqualified Deferred Compensation for the 2007 Fiscal Year

The Deferred Compensation Plan I is a nonqualified, unfunded plan. In May 2004, our Board authorized the termination of the plan for new participants and the discontinuance of further deferrals by existing participants after May 31, 2004. The Deferred Compensation Plan I provided employees the opportunity to defer base salary and all or any portion of their annual bonus. Amounts deferred are unsecured, but earn a return equal to the performance of selected mutual funds. All named executive officers were eligible, but only Messrs. Millay, Molinini and Schulte held balances in the Deferred Compensation Plan I during the 2007 fiscal year.

The Deferred Compensation Plan II is a nonqualified, unfunded plan available for contribution since July 1, 2006. The Deferred Compensation Plan II provides employees the opportunity to defer base salary and all or any portion of their annual bonus. Amounts deferred are unsecured, but earn a return equal to the performance of selected mutual funds and a choice to track Airgas common stock. There are no Airgas contributions to the Deferred Compensation Plan II. The purpose of the salary and bonus deferral program is to provide highly compensated employees with a convenient and efficient

opportunity to save for retirement or other future events, such as college expenses, while deferring applicable income taxes until withdrawal. All named executive officers were eligible, but only Messrs. Molinini and Schulte contributed to the Deferred Compensation Plan II during the 2007 fiscal year.

Potential Payments upon Termination

Our named executive officers are eligible to receive benefits in the event their employment is terminated (1) by Airgas without cause, (2) upon their retirement, disability or death or (3) in certain circumstances following a change in control. The amount of benefits will vary based on the reason for the termination.

The following sections present calculations as of March 31, 2007 of the estimated benefits our named executive officers would receive in these situations. Although the calculations are intended to provide reasonable estimates of the potential benefits, they are based on numerous assumptions and may not represent the actual amount a named executive officer would receive if an eligible termination event were to occur.

In addition to the amounts disclosed in the following sections, each named executive officer would retain the amounts which he has earned or accrued over the course of his employment prior to the termination event, such as the named executive officer's balances under our deferred compensation plans, accrued retirement benefits and previously vested stock options. For further information about previously earned and accrued amounts, see the tables entitled Summary Compensation Table for the 2007 Fiscal Year, Outstanding Equity Awards at the 2007 Fiscal Year-End, Option Exercises During the 2007 Fiscal Year and Non-Qualified Deferred Compensation for the 2007 Fiscal Year.

Table of Contents**Severance Benefits**

If the employment of a named executive officer, other than Mr. McCausland, is terminated due to (1) a lack of work, (2) a reorganization of our business, (3) the closing of all or a portion of the named executive officer's principal workplace or (4) economic conditions, and not as a result of a change of control, the named executive officer may be entitled to receive benefits under our Severance Pay Plan. Messrs. McLaughlin, Molinini, Powers and Schulte participate in our severance plan, which is generally available to other employees. Severance-related benefits under the plan are provided only if the participant executes a separation agreement prepared by Airgas, which includes a release of claims in consideration of the payments.

Mr. McCausland's severance benefits are contained in an employment agreement, which is described below. In the event that Mr. McCausland's employment is terminated for reasons other than material dishonesty, he would receive a lump-sum payment equal to two times his annual salary that was effective at the end of his active employment, continuation of health and welfare benefits for the three years following active employment and immediate vesting of all unvested stock options.

The following table presents the estimated separation benefits that we would have been required to pay to Mr. McCausland under the terms of his employment agreement if his employment had been terminated, other than for material dishonesty, as of March 31, 2007.

Named Executive Officer	Severance Payments (\$)	Vesting of Unvested Stock Options (\$)	Health & Welfare Benefits (\$)	Total (\$)
Peter McCausland	1,500,000 ⁽¹⁾	3,954,688 ⁽²⁾	16,785 ⁽³⁾	5,471,473

(1) Represents a lump-sum payment equal to two times Mr. McCausland's annual salary.

(2) The value of accelerated vesting of stock options is estimated using the in-the-money value as of March 31, 2007 based on a stock price of \$42.15.

(3) The estimated net cost to Airgas of Mr. McCausland's health and welfare benefits continued for three years.

Retirement, Disability and Death

Death or Retirement

To be eligible for retirement, an executive officer must be at least age 65 or have combined age and Airgas service at least equal to 75 years. Mr. McCausland is the only named executive officer who is eligible for retirement as of March 31, 2007. In the event of death or retirement, an executive or his beneficiary is entitled to vesting of an additional year of unvested stock options and continued eligibility to exercise the vested stock options under the same terms as an active employee (i.e., until the original expiration dates unless terminated earlier under the terms of the applicable equity plan). Additionally, the named executive officer or his or her beneficiary is entitled to the executive's annual incentive cash bonus award, prorated based upon the number of days the executive was an active employee with Airgas during the fiscal year, on the next bonus payment date. In the event of a named executive officer's death, his or her beneficiary also would receive payouts under Airgas-funded life insurance policies.

Table of Contents

The following table presents the estimated benefits payable, based on death or retirement on March 31, 2007.

(2) The value of vesting of stock options on the next anniversary is estimated using the in-the-money value as of March 31, 2007, based on a stock price of \$42.15.

Disability

Upon an executive's termination of employment due to disability, the named executive officer would receive the stock option benefits described in the *Additional Benefits upon Retirement* table above.

The following table presents the estimated benefits payable upon death or disability as of March 31, 2007.

Named Executive Officer	Vesting of Unvested Stock Options (\$) ⁽¹⁾
Peter McCausland	1,909,138

Potential Change of Control Payments

We have agreements with all the named executive officers, which take effect only if a change of control or a potential change of control occurs. The severance and other benefits payable to the named executive officers under their agreements are due only if (1) there is a change of control and (2) we terminate their employment unrelated to cause, or if they terminate their employment for good reason within three years following a change of control, commonly referred to as a Double Trigger. Good

Table of Contents

reason includes a material diminution of position, a material decrease in compensation and benefits in the aggregate or a meaningful change in location.

Mr. McCausland's agreement entitles him to a lump-sum payment equal to two times his annual base salary plus two times his annual cash incentive target bonus. Mr. McCausland also is entitled to the lump-sum payment equal to two times his annual base salary, as described above under Severance Benefits. Messrs. McLaughlin's, Molinini's, Powers' and Schulte's agreements entitle them to a lump-sum payment equal to two times the annual base salary plus two times the cash incentive target bonus. All agreements accelerate vesting of all outstanding unvested stock options and entitle the named executive officer to continuation of health and welfare benefits for up to three years. In the aggregate, the benefits under these agreements are capped at 2.99 times the average base compensation as defined in Section 280G of the Internal Revenue Code.

A change of control is defined in the agreements to include a change in a majority of the Board, consummation of certain mergers, the sale of all or substantially all of Airgas' assets and stockholder approval of a complete liquidation or dissolution. The change of control definition also includes events in which a party (other than Mr. McCausland) acquires 20% or more of the combined voting power of our then-outstanding securities, or in which Mr. McCausland, together with all affiliates and associates, acquires 30% or more of the combined voting power of our then-outstanding securities. A potential change of control occurs if Airgas enters into an agreement that results in a change of control, a credible party announces the intent to cause a change of control, a holder of at least 10% of the outstanding shares increases ownership by at least 5% of the shares outstanding, or the Board declares a potential change of control.

The following table assumes that each named executive officer is terminated after a change of control for reasons other than cause, retirement, disability or death. These values are estimated as of March 31, 2007.

Named Executive Officer	Severance Payments (\$)	Vesting of Unvested Stock Options (\$) ⁽²⁾	Health & Welfare	Total (\$)
			Benefits (\$) ⁽³⁾	
Peter McCausland	4,500,000 ⁽¹⁾	3,954,688	16,785	8,471,473
Robert M. McLaughlin	849,776 ⁽⁴⁾	351,168	24,750	1,225,694
Michael L. Molinini	1,161,600	840,948	16,785	2,019,333
B. Shaun Powers	833,808	631,631	24,750	1,490,189
Ted R. Schulte	795,616 ⁽⁴⁾	584,895	24,750	1,405,261

(1) Mr. McCausland would have received the severance payment under his 1992 employment agreement (two times his annual base salary) in addition to the severance

payment under his change of control agreement (two times his annual base salary plus two times his annual cash incentive target bonus).

- (2) The value of accelerating vesting of stock options is estimated using the in-the-money value as of March 31, 2007, based on a stock price of \$42.15.
- (3) The estimated net cost to Airgas of health and welfare benefits continued for three years.
- (4) The estimated severance payments to Mr. McLaughlin and Mr. Schulte reflect the cap to limit benefits to 2.99 times the average base compensation as defined in Section 280G of the Internal Revenue Code.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Person Transactions

We review all relationships and transactions in which Airgas and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether Airgas or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to Airgas or a related person are disclosed in our proxy statement. In addition, the Audit Committee reviews and approves or ratifies any related person transaction that is required to be disclosed. In the course of its review and approval or ratification of a disclosable related party transaction, the Committee considers:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to Airgas;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of Airgas; and

any other matters the Committee deems appropriate.

Transactions

Since the beginning of the 2007 fiscal year, we have not engaged in any transaction or series of similar transactions, or any currently proposed transaction or series of similar transactions, to which Airgas or any of its subsidiaries was or is to be a participant (1) in which the amount involved exceeds \$120,000 and (2) in which any of our directors, executive officers or persons known to us to be beneficial owners of more than 5% of our common stock, or members of the immediate families of those individuals, had or will have, a direct or indirect material interest.

We do have business relationships with corporations or other organizations in which a director, nominee for director or executive officer of Airgas may also be a director, executive officer, investor or trustee, or have some other similar direct or indirect relationship with the other corporation or organization. For example, we provide goods and services to companies such as GlaxoSmithKline (of which David M. Stout, one of our directors, is President, Pharmaceuticals), Kraft Foods, Inc. (of which Paula A. Sneed, one of our directors, was Executive Vice President of Global Marketing Resources and Initiatives until December 2006), Triumph Group, Inc. (of which, William O. Albertini, one of our directors, is a director, and Richard C. Ill, one of our directors, is President and Chief Executive Officer and a director) and Georgia-Pacific Corporation (of which Lee M. Thomas, one of our directors, was President and Chief Operating Officer and a director during our 2006 fiscal year). In all instances, including those described above, we enter into these arrangements in the ordinary course of business and each party provides to or receives from the other the relevant goods and services on a non-exclusive basis at arms-length negotiated rates. In addition, none of our directors was directly involved with the negotiation or consummation of any such arrangement. While any revenue, profits or other aspects of a business relationship with us may, of course, affect the individual's overall compensation or value of his or her investments in the other corporation or organization, we do not believe that in any of these cases the relevant director receives or has received any compensation from the other corporation that is directly linked to an Airgas-related business arrangement. None of these arrangements is material to us or to the

Table of Contents

other corporation or organization involved, and we do not believe that any indirect interest that our directors may have with respect to such an arrangement is material.

STOCKHOLDER RETURN PERFORMANCE PRESENTATION

Below is a graph comparing the yearly change in the cumulative total stockholder return on our common stock against the cumulative total return of the S&P MidCap 400 Chemicals Index and the S&P MidCap 400 Index for the five-year period that began April 1, 2002 and ended March 31, 2007.

We have approved the use of the S&P MidCap 400 Chemicals Index and the S&P MidCap 400 Index for purposes of this performance comparison because Airgas is a component of the indices and they include companies of similar size as Airgas.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership of the securities with the SEC and the NYSE. Such persons are also required to furnish us with copies of all Section 16(a) forms they file. We are aware of one 10% stockholder, who is also an officer and director, and his spouse.

Based solely on its review of the copies of such reports furnished to us, or written representations from certain reporting persons that no other reports were required, we believe that all of our officers and directors complied with all filing requirements applicable to them.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviewed and discussed our audited financial statements for the fiscal year ended March 31, 2007 with our management and with the independent registered public accounting firm. The Audit Committee reviewed with the independent registered public accounting firm its judgment as to the quality of our application of U.S. generally accepted accounting principles and other such matters as required by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended.

The Audit Committee discussed with both our internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee periodically met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, evaluations of our internal control over financial reporting and the overall quality of our financial reporting.

The Audit Committee has discussed with and received written disclosure and a letter from the independent registered public accounting firm as required by the Independence Standards Board's Standard No. 1, Independence Discussions with Audit Committees, as amended, as to their independence from Airgas and its management.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended March 31, 2007, for filing with the Securities and Exchange Commission. The Audit Committee also appointed, and the Board of Directors is proposing that the stockholders ratify the appointment of, KPMG LLP as our independent registered public accounting firm for the 2008 fiscal year.

Table of Contents**PROPOSAL TO RATIFY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal 2)**

The Audit Committee of the Board of Directors has appointed the firm of KPMG LLP as our independent registered public accounting firm to audit our financial statements for the fiscal year ending March 31, 2008. The Board of Directors has proposed that the stockholders ratify the appointment of KPMG LLP. This firm audited our financial statements for the fiscal year ended March 31, 2007. Representatives of KPMG LLP are expected to attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Audit and Non-Audit Fees

The following table shows the fees that we paid to the independent registered public accounting firm for services provided to us during the 2007 and 2006 fiscal years:

	2007	2006
Audit Fees	\$ 1,357,000	\$ 1,150,000
Audit-Related Fees	\$ 221,000	\$ 117,000
Tax Fees	\$ 23,000	\$ 10,000
All Other Fees	\$	\$

Audit Fees consist of fees billed for professional services rendered for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and reviews of the financial statements included in our quarterly report on Forms 10-Q.

Audit-Related Fees consist of services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees. The services for the fees disclosed under this category for the 2007 and 2006 fiscal years include approximately \$73,000 and \$40,000, respectively, for employee benefit plan audits. These fees for the 2007 and 2006 fiscal years also include work performed related to the review of various technical accounting matters and work performed related to accounting for acquisitions.

Tax Fees consist of professional services rendered by the independent registered public accounting firm for tax compliance, tax return review and tax advice.

The Audit Committee considered whether the services provided above are compatible with maintaining the independent registered public accounting firm's independence.

Pre-Approval of Audit and Non-Audit Services

Under the Audit Committee's audit and non-audit services pre-approval policy, as adopted by the Audit Committee in 2003, the Audit Committee must pre-approve all audit and non-audit services provided by the independent registered public accounting firm. The policy, as described below, sets forth the procedures and conditions for such pre-approval of services to be performed by the independent registered public accounting firm. The policy utilizes both a framework of general pre-approval for certain specified services and specific pre-approval for all other services.

Table of Contents

Prior to engagement of the independent registered public accounting firm for the next year's audit, the Audit Committee is asked to pre-approve the engagement of the accounting firm, and the projected fees for audit services and audit-related services (assurance and related services that are reasonably related to the performance of the independent registered public accounting firm's review of the financial statements). The fee amounts approved for the audit and audit-related services are updated to the extent necessary at the regularly scheduled meetings of the Audit Committee during the year.

In addition, pursuant to its policy, the Audit Committee has pre-approved certain categories of non-audit services to be performed by the independent registered public accounting firm and an aggregate maximum amount of fees to be paid for such services. The Audit Committee receives updates from management and reviews these services at each of its quarterly meetings. Additional pre-approval is required for any of these services if the fees exceed the originally pre-approved aggregate amount annually. If we desire to engage the independent registered public accounting firm for other services that are not within the pre-approved categories, the Audit Committee must approve such specific engagement as well as the projected fees.

In the 2007 fiscal year, there were no fees paid to KPMG LLP under a de minimis exception to the rules that waives pre-approval for certain non-audit services.

The Board of Directors recommends that you vote FOR ratification of KPMG LLP as our independent registered public accounting firm.

**STOCKHOLDER PROPOSALS FOR
NEXT ANNUAL MEETING**

Stockholder Proposals for Inclusion in Next Year's Proxy Statement

Under the rules of the Securities and Exchange Commission, if a stockholder wants to submit a proposal for inclusion in the proxy statement and presentation at the 2008 Annual Meeting, the proposal must be received by us, attention: Mr. Dean A. Bertolino, Secretary, at our principal offices, by March 2, 2008.

Other Stockholder Proposals for Presentation at Next Year's Annual Meeting

For any proposal, including a nomination for election to the Board of Directors, that is not submitted for inclusion in next year's proxy statement, but is instead sought to be presented directly at the 2008 Annual Meeting, our bylaws require, and the SEC rules permit, that the proposal be received at our principal executive offices not earlier than April 11, 2008 and not later than May 11, 2008. However, if the date of the Annual Meeting is more than 30 days before or more than 60 days after August 7, 2008, the notice must be received not earlier than 120 days before the Annual Meeting and not later than the later of 90 days before the Annual Meeting or the 10th day following public announcement of the date of the meeting. Our bylaws also provide that the notice must contain certain information regarding the proposal and the nomination.

**APPENDIX A
DIRECTOR INDEPENDENCE STANDARDS**

No director of Airgas, Inc. (the Company) will be considered independent unless the board of directors affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). When making independence determinations, the Board broadly considers all relevant facts and circumstances, as well as any other rules, interpretations and considerations of the New York Stock Exchange (NYSE), or any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. The Board has established the following standards, based upon those set forth in the NYSE Listing Standards, to assist it in determining director independence. These standards shall be interpreted in accordance with interpretations of the NYSE Listing Standards.

A director will not be independent if:

the director is a current partner or employee of the Company's independent auditor;

an immediate family member of the director is a current partner of the Company's independent auditor; or

an immediate family member of the director is a current employee of the Company's independent auditor and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice.

A director will not be independent if within the preceding three years:

the director was employed by the Company;

an immediate family member of the director was employed by the Company as an executive officer;

the director, or an immediate family member of the director, received more than \$100,000 per year in direct compensation from the Company (other than director's fees and pension or other forms of deferred compensation for prior service with the Company);

the director was (but is not currently) a partner with or employed by the Company's independent auditor and worked on the Company's audit within such three years;

an immediate family member of the director was (but is not currently) a partner with or employed by the Company's independent auditor and worked on the Company's audit within such three years; or

an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or an immediate family member of the director as an executive officer.

None of the following relationships shall disqualify any director or nominee from being considered independent and such relationships shall be deemed to be immaterial relationships with the Company:

a director is a current employee, or a director's immediate family member is a current executive officer, of another company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, did not exceed the greater of (a) \$1,000,000 or (b) 2% of such other company's consolidated gross revenues;
