Item 1.01 Entry into a Material Definitive Agreement.

P. H. Glatfelter Company reported that on June 20, 2008 an Amended Consent Decree for Remedial Design and Remedial Action at Operable Unit 1 (OU1) of the Lower Fox River and Green Bay Site (the Amended Consent Decree) was lodged with the U.S. District Court for the Eastern District of Wisconsin in the matter captioned United States of America and the State of Wisconsin v. P.H. Glatfelter Company and WTM I Company. The Amended Consent Decree is a modification of the Consent Decree for Remedial Design and Remedial Action at Operable Unit 1 (OU1) of the Lower Fox River and Green Bay Site (the Consent Decree) entered into in the same matter on September 5, 2003, by the United States and the State of Wisconsin, as plaintiffs, and P.H. Glatfelter Company (Glatfelter) and WTM I Company (WTM I), as defendants (collectively, the Settling Defendants). The Amended Consent Decree is currently available for public comment; however, a motion to the Court for entry of the Amended Consent Decree has yet been made.

The Amended Consent Decree modifies the Consent Decree primarily in three ways. First, it allows for the implementation of an amended remedy for OU1 of the Lower Fox River and Green Bay Site, as set forth in a Record of Decision Amendment, signed in June 2008, issued by the U.S. Environmental Protection Agency and the Wisconsin Department of Natural Resources. The modification to the remedy, as set forth in the Amended Record of Decision, provides for the additional flexibility to substitute engineered capping and covering for dredging of contaminated sediments in OU1. The use of such alternative remedies is substantially consistent with the Revised Final Plan discussed in Glatfelter s Form 10-Q for the quarterly period ended March 31, 2008.

Second, the Amended Consent Decree provides that the Settling Defendants will complete the implementation of the remedy set forth in the Amended Record of Decision, without limitation as to cost. The original Consent Decree allowed the Settling Defendants to stop work if they ever exhausted an escrow account established for the purpose, but in that event the governments would have been free to seek completion of the work through further litigation or other enforcement actions. Under the Amended Consent Decree, the Settling Defendants are obligated to complete the amended remedy, but are shielded from most further enforcement actions concerning OU1 so long as they perform. Third, the Amended Consent Decree requires the Settling Defendants to post additional financial assurance for performance of the work in the amount of \$9.5 million each. Glatfelter is required to place \$3 million into escrow no later than July 15, 2008 and to secure payment of the remaining \$6.5 million with a letter of credit by January 15, 2009.

This description is qualified in its entirety by reference to the Amended Consent Decree, which is attached as Exhibit 10.1 to this Current Report on Form 8-K.
