PROXY STATEMENT

Univest Corporation of Pennsylvania (Univest or Corporation) is a one-bank holding company organized by Union National Bank and Trust Company of Souderton under the Bank Holding Company Act of 1956, as amended. Univest elected to become a Financial Holding Company in 2000 as provided under Title I of the Gramm-Leach-Bliley Act, and is subject to supervision by the Federal Reserve System. The Principal subsidiary of the Corporation is Univest National Bank and Trust Co. (Bank). Union National Bank and Trust Company of Souderton and Pennview Savings Bank (which was a wholly-owned subsidiary of the Corporation) were merged together on January 18, 2003 with Union National Bank and Trust Company of Souderton being the surviving entity. Upon the completion of the merger, Union National Bank and Trust Company of Souderton's name was changed to Univest National Bank and Trust Co.

The accompanying proxy is solicited by the Board of Directors (Board) of Univest Corporation of Pennsylvania, 14 North Main Street, P.O. Box 64197, Souderton, Pennsylvania 18964, for use at the Annual Meeting of Shareholders to be held April 21, 2009, and at any adjournment thereof. Copies of this proxy statement and proxies to vote the Common Stock are being sent to the shareholders on or about March 20, 2009. Any shareholder executing a proxy may revoke it at any time by giving written notice to the Secretary of the Corporation before it is voted. Some of the officers of the Corporation or employees of the Bank and other subsidiary companies or employees of StockTrans, Inc., the Corporation's transfer agent, may solicit proxies personally and by telephone, if deemed necessary. The Corporation will bear the cost of solicitation and will reimburse brokers or other persons holding shares of the Corporation's voting stock in their names, or in the names of their nominees, for reasonable expense in forwarding proxy cards and proxy statements to beneficial owners of such stock.

The person named in the proxy will vote in accordance with the instructions of the shareholder executing the proxy, or in the absence of any such instruction, for or against on each matter in accordance with the recommendations of the Board set forth in the proxy.

Univest's Board of Directors recommends a vote:

1. FOR the election of four Class I Directors each for a three-year term expiring in 2012 and until their successors are elected and qualified.
2. FOR the election of three alternate Directors each for a one-year term expiring in 2010 and until their successors are elected and qualified.

The matters of business listed in this proxy will be decided by majority vote of the shares represented at the meeting. Certain other matters, of which none are anticipated to be voted upon at the meeting, may require super majority approval as specified by the amended Articles of Incorporation. Appointment of Independent Registered Public Accounting Firm for 2008

On July 22, 2008, the Corporation retained KPMG LLP (KPMG) as its independent registered public accounting firm for the fiscal year ending December 31, 2008. The selection of the independent registered public accounting firm was recommended and approved by the Audit Committee.

Prior to 2004, shareholder ratification of the selection of the independent registered public accounting firm for the Corporation was requested at the annual shareholder meeting. In the spirit of the corporate governance requirements of the Sarbanes-Oxley Act of 2002, and Section 10A (m)(2) of the Securities Exchange Act of 1934, as amended, which states "The audit committee of each issuer, in its capacity as a committee of the board of directors, shall be directly responsible for the appointment, compensation, and oversight of the work of any registered public accounting firm employed by the issuer (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and each such registered public accounting firm shall report directly to the audit committee" the Audit Committee, with the approval of the Board, has determined that a ratification vote would inhibit the committee's ability to make timely decisions with respect to the appointment and/or dismissal of the independent registered public accounting firm and has therefore recommended removal of the ratification vote from the proxy process.

A representative from KPMG, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Independent Registered Public Accounting Firm Fees

Other Fees	-0-	-0-

EXECUTIVE AND DIRECTOR COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The principal objective of the Corporation is to maximize shareholder value through the development and enhancement of the Corporation's business operations. To further that objective, the Corporation's executive compensation program is designed to:

Attract and retain employees in leadership positions in the Corporation by recognizing the importance of these individuals in carrying out the Corporation's Mission Statement and Core Values and new Vision Statement: To be the best integrated financial solutions provider in the market. These key statements are critical in keeping us focused on our short-term and long-term goals for the success of the Corporation.

Support strategic performance objectives through the use of compensation programs. The goal of the executive compensation program is to provide the executive with a total compensation package competitive with the market and industry in which the Corporation operates, and to promote the long-term goals, stability and performance of the Corporation. By doing this, we will align the interests of management with those of our shareholders.

Support the Corporation's management development and succession plans.

Create a mutuality of interest between executive officers and shareholders through compensation structures that share the rewards and risks of strategic decision-making.

Require executives to acquire substantial levels of ownership of Corporation stock in order to better align the executives' interests with those of the shareholders' interests through a variety of plans.

Ensure, to the extent possible, that compensation has been and will continue to be tax deductible.

An executive's total compensation is composed of three primary components: base salary compensation, annual incentive compensation, and long-term incentive compensation. Each component is based on individual and group performance factors, which are measured objectively and subjectively by the Compensation Committee.

EXECUTIVE COMPENSATION

BASE SALARY COMPENSATION

The Compensation Committee's approach is to offer competitive salaries in comparison with market practices. The Committee annually examines market compensation levels and trends observed in the labor market. For its purposes, the Compensation Committee has defined the labor markets as the pool of executives who are currently employed in similar positions in companies with similar asset size, with special emphasis placed on salaries paid by companies that constitute the banking industry. Market information is used as a frame of reference for annual salary adjustments and starting salaries.

The Compensation Committee makes salary decisions in a structured annual review. The Compensation Committee considers decision-making responsibilities, experience, work performance and achievement of key goals, and team-building skills of each position as the most important measurement factors in its annual reviews. To help quantify these measures, the committee has, from time to time, enlisted the assistance of independent compensation

consultants. Base salaries are determined by considering the experience and responsibilities of the individual executive officer with a target of paying at the median (50%) level of our peer group adjusted for overall performance of

the individual executive. Base salaries are adjusted annually and are in effect for the period January 1 through December 31.

During 2008, the Corporation engaged Mosteller & Associates to accumulate comparative data on the Corporation's peer group which the Compensation Committee utilized in adjusting the base salary of its executive group. The Corporation's peer group, twenty-one (21) institutions of similar asset size and regional location, consists of: National Penn Bancshares, Inc.; S&T Bancorp, Inc.; Harleysville National Corporation; WSFS Financial Corporation; Sandy Spring Bancorp, Inc.; Independent Bank Corp.; Washington Trust Bancorp, Inc.; Lakeland Bancorp, Inc.; Tompkins Financial Corporation; Hudson Valley Holding Corp.; Sterling Bancorp; OceanFirst Financial Corp.; Peoples Bancorp Inc.; Parkvale Financial Corporation; First Defiance Financial Corp.; Arrow Financial Corporation; First United Corporation; Peapack-Gladstone Financial Corporation; First National Community Bancorp, VIST Financial Corp; and Bryn Mawr Bank Corporation.

Increases in base salary compensation during 2008 were based on individual performance and a selected peer group compensation review along with market analysis, which provides a generally broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Compensation for Group Life Insurance premiums, hospitalization and medical plans, and other personal benefits are provided to all full-time employees and part-time employees averaging a certain number of hours and do not discriminate in favor of officers of the Corporation or its subsidiaries.

ANNUAL INCENTIVES

Univest established a non-equity annual incentive plan to reward executive officers for accomplishing annual financial objectives. The weighted financial measures and related targets for the plan are set forth in the preceding fiscal year by the Compensation Committee. The annual incentive program consists primarily of cash bonuses paid for: 1) individual performance to reinforce the critical focus of our executive officers on certain annual objectives that have significant impact on our long-term performance strategy; and 2) meeting annual Corporation performance goals (annual net income, efficiency ratio, return on average assets, return on average equity or other annual performance targets as set by the Compensation Committee). An executive may receive up to 50% of their annual incentive bonus in shares of the Corporation's stock which the Corporation will match with a restricted stock grant. The restricted stock grant will vest ratably over a five-year period. The purpose of this deferral option is to further align the executive's interests with those of the shareholders, promote retention and keep the executive focused on the long-term viability, performance and stability of the Corporation.

For the year-ended December 31, 2008, based on the projected performance goals, the threshold was set at a 40% payout, the target was established at a 100% payout and a maximum was established at a 150% payout; if the projected performance goals are less than the established threshold amounts, there is no payout. Understanding that actual results will not equal the Target, Threshold or Optimum goals exactly, the payout under the Annual Incentive Compensation plan will be interpolated based on actual results compared to Threshold, Target and Optimum. Performance above Optimum will be interpolated using one-half the rate of increase used for Target to Optimum. The Annual Incentive Compensation plan provides for laddered payouts based on actual results compared to Target and by Officer Category as detailed in the table below. Category 1 is the CEO of the Corporation, Category 2 is the CEO of the Bank, Category 3 is any Senior Executive Vice President of the Corporation or Bank and Category 4 is an Executive Vice President of the Corporation or Bank.

	Threshold 80 pts.	Target 100 pts.	Optimum 120 pts.
Category 1	20.0%	50.0%	75.0%
Category 2	16.0%	40.0%	60.0%
Category 3	14.0%	35.0%	52.5%
Category 4	10.0%	25.0%	37.5%

Note: Above percentages are a percent of year-to-date base salary.

The payout under the Annual Incentive Compensation plan will occur on January 31st, or the next business day if the 31st falls on a weekend, of each year. The payout will be based 25% on the performance of the individual and their contribution to the corporation in the particular year and 75% on the achievement of Corporation performance targets for the year. Each individual performance metric will have a Threshold, Target and Optimum component. The Corporate performance metrics which will be measured each will have a 25% weighting and will be:

Net Income

Return on average assets

Return on average equity

Efficiency ratio

Recognizing that unforeseen events in the economy could have an impact on yearly performance of the Corporation, but still result in the Corporation, through focused and disciplined management, exceeding the performance of its Select Peer Group, as determined by the Board of Directors, which consists of ten high-performing financial institutions located within or close to the Corporation's market area, the Annual Incentive Compensation Plan also has a Peer Performance Lever. The Compensation Committee has the discretion to pay out at the Threshold level, even if the Corporation's performance does not meet Threshold levels, if the Corporation's performance exceeds 50% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Additionally, the Compensation Committee has the discretion to pay out at the Target level, even if the Corporation's performance does not meet Target levels, if the Corporation's performance exceeds 80% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Finally, the Compensation Committee has the discretion to not pay out the Annual Incentive Compensation if the Corporation's performance does not exceed 40% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended.

LONG-TERM INCENTIVES

Stock-Based Compensation

The long-term incentive program consists primarily of stock options and restricted stock grants, which are granted based on the Corporation's performance compared to its selected peers with respect to certain financial measures. The purpose of the program is to align management's interests with those of our shareholders, promote employee retention and also to ensure management's focus on the long-term stability and performance of the Corporation. The Corporation's target is to pay out incentive compensation, both short-term and long-term, at the median (50%) level of

our peer group.

At the Annual Meeting in 2003, the shareholders approved the Uninvest 2003 Long-Term Incentive Plan; at the Annual Meeting in 2008, the shareholders approved the Amended and Restated Uninvest 2003 Long-term Incentive

Plan. The purpose of the plan is to enable employees of the Corporation to: (i) own shares of stock in the Corporation, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Corporation to attract, retain and motivate key employees of particular merit. Participation in the 2003 Long-Term Incentive Plan is determined by the Compensation Committee. The plan authorizes the Committee to grant both stock and/or cash-based awards through incentive and non-qualified stock options, stock appreciation rights, restricted stock, and/or long-term performance awards to participants. With respect to these grants, 1,500,000 shares were set aside for these long-term incentives. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.).

Upon a change in control: any stock appreciation rights outstanding for at least six months and any stock options awarded which have been held for at least six months shall become fully vested and exercisable; restrictions applicable to any restricted stock award shall lapse and such shares shall be deemed fully vested; the value of all outstanding stock options, stock appreciation rights and restricted stock awards shall be cashed out on the basis of the fair market value; and any outstanding long-term performance awards shall be vested and paid out based on the prorated target results for the performance periods in question.

Long-term incentive compensation consists of a combination of stock options and performance-based restricted stock. The granting of options is anticipated to occur annually, at the discretion of the Compensation Committee, on January 31st and is not contingent on the achievement of annual targets described under *Annual Incentive Compensation*. The number of options to be granted each year will be determined by the Compensation Committee.

Performance-based restricted stock grants are anticipated to be granted each year on January 31st based on the Top Quintile performance as detailed in the chart below. The performance-based restricted stock will vest on February 15th after three years of performance (i.e. restricted stock granted on January 31, 2009 will vest on February 15, 2012) based on the Corporation's performance compared to its Select Peer Group with respect to three-year average Return on Average Assets and Return on Average Equity, blended.

Post-Retirement Plans

Univest provides a qualified pension plan to all employees and non-qualified pension plans for certain executive officers. The Defined Benefit Pension Plan (DBPP) is a nondiscriminatory retirement plan which qualifies under the Internal Revenue Code. The DBPP is a noncontributory defined benefit retirement plan covering substantially all employees of the Corporation and its wholly owned subsidiaries. In order to be eligible for the DBPP, employees must complete one year of service (defined as working more than 1,000 hours) and attain age 21. The DBPP is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA.) The DBPP is administered by a Pension Committee appointed by the Board of Directors of the Corporation. The Pension Committee has appointed Univest National Bank and Trust Co., a wholly owned subsidiary of the Corporation, as trustee of the DBPP.

Employer contributions are based on amounts required to be funded under the provisions of ERISA. No contributions are required or permitted by the participants.

The normal retirement date is the first day of the month in which the participant's 65th birthday occurs and he/she has completed five years of credited service. The normal annual retirement benefit amount is 1.5% of average earnings for each year of credited service up to 20 years plus 0.5% of average earnings for each year of credited service in excess of 20, plus 0.25% of average earnings in excess of the average Social Security wage base for each year of credited service up to 35 years.

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to his normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. The early retirement benefit is based on credited service and average earnings at early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 6% per year for the first five years and 4% per year thereafter to age 55.

Participants are not vested until they have completed five years of service, at which time they become fully vested in the DBPP. Participants may elect to receive pension benefits in the form of a joint and survivor annuity, a life annuity, or a lump-sum payment.

A vested participant who dies before the annuity starting date and who has a surviving spouse shall have his death benefit paid to his surviving spouse in the form of a pre-retirement survivor annuity and may have his death benefit distributed to his beneficiaries within five years after his death.

While the Corporation has not expressed any intent to do so, the DBPP may be discontinued at any time, subject to the provisions of ERISA. In the event such discontinuance results in termination of the DBPP, the DBPP provides that the net assets of the plan shall be allocated among the participants in the order provided for in ERISA. To the extent there are unfunded vested benefits other than benefits becoming vested by virtue of termination of the DBPP, ERISA provides that such benefits are payable to participants by the Pension Benefit Guaranty Corporation (PBGC) up to specified limitations.

Should the DBPP terminate at some future time, its assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

The non-qualified plans include a Supplemental Retirement Plan and a Supplemental Non-Qualified Pension Plan inclusive of a Medical Reimbursement Plan and Split-Dollar Life Insurance. These non-qualified plans generally provide an additional retirement benefit paid to the employee beginning at age 65 for a term between 10 and 15 years, plus death benefits. An employee, upon attaining the age of 60, may elect early retirement and be entitled to receive this benefit based upon the employee's accrual balance as of the early retirement date.

The Supplemental Retirement Plan (SERP) was established in 1994 for employees whose date of hire was prior to January 1, 1994, were a current participant in the qualified pension plan for at least five years and whose benefit under the qualified pension plan was affected by the changes made to the Internal Revenue Code Section 401(a)(17) as enacted in the Omnibus Budget Reconciliation Act of 1993. The SERP establishes a payment to the participant that equates to the difference between: the payment amount of the qualified plan retirement benefit to which the participant would have been entitled under the qualified plan if such benefit were computed subject to Code Section 401(a)(17) as in effect prior to the effective date of the Omnibus Budget Reconciliation Act of 1993; and the amount of the qualified plan retirement benefit actually payable to the participant. Under a change in control, no termination of the

SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit of which has commenced prior to the effective date of such change in control.

The Supplemental Non-Qualified Pension Plan (SNQPP) was established in 1981 for employees who have served for several years, with ability and distinction, in one of the primary policy-making senior level positions at Univest, with the understanding that the future growth and continued success of Univest's business may well reflect the continued services to be rendered by these employees and Univest's desire to be reasonably assured that these employees will continue to serve and realizing that if these employees would enter into competition with Univest, it would suffer severe financial loss. The SNQPP was established prior to the existence of a 401K Deferred Savings Plan, the Employee Stock Purchase Plan and the Long-Term Incentive Plans and therefore is not actively offered to new participants. At the age of 65 years, covered employees will receive annual payments equivalent to fifty percent of their annual salary at their retirement date, adjusted annually thereafter by a percentage of the change in the Consumer Price Index (CPI). Between the ages of 60 and 65, covered employees may choose early retirement and receive payments under the SNQPP based on the employee's accrual balance, adjusted annually thereafter by a percentage of the change in the CPI. The benefit period is a maximum of fifteen years. Benefits will continue to be paid to the employee's beneficiary upon the employee's death for the remainder of the benefit period. Payments under the SNQPP are capped each year and adjusted annually by a percentage of the change in the CPI. In 2008 the maximum benefit payable was \$110 thousand. Upon a change in control, the covered employee is entitled to a lump sum benefit equal to the present value of his accrued balance using the ten-year Treasury yield. Upon a change in control where Univest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Univest.

The SNQPP also includes a Medical Reimbursement Plan providing covered employees, who maintain a medical insurance policy during retirement, reimbursements for uncovered medical expenses up to \$5,000 per annum during the benefit period.

During 2000, Univest purchased Bank Owned Life Insurance (BOLI) to offset the funding needs of future obligations under these non-qualified pension plans. The SNQPP includes a Split-Dollar Agreement which provides the covered employee's beneficiary a fixed dollar amount of the death proceeds under the BOLI. The fixed dollar amounts payable range between \$100,000 and \$250,000.

Income tax regulations require the inclusion of nonqualified deferred compensation benefits as wages for Social Security and Medicare tax purposes. The non-qualified plan benefits and vesting provisions are reviewed annually, the covered employees' Social Security and Medicare wages reflect includable nonqualified deferred compensation, and appropriate taxes are withheld.

On an optional basis, all officers and employees who have attained the age of 21 and have completed one month of continuous service may participate in the Deferred Salary Savings Plan (DSSP). In the year 2008, participants could defer up to a maximum of \$15,500 if under age 50 and \$20,500 if at least age 50 by December 31. After employees complete 6 months of service, the Corporation or its subsidiaries will make a matching contribution of 50% of the first 6% of the participant's salary. All contributions are invested via a trust. The Corporation's matching contributions for 2008, 2007 and 2006, amounting to \$493,000, \$507,000 and \$440,000, respectively, are vested at 50% at the end of two years, 75% at the end of three years, and 100% at the end of four years. Benefit payments normally are made in connection with a participant's retirement. The DSSP permits early withdrawal of the money under certain circumstances. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan.

OTHER PERQUISITES

Certain named executive officers receive expense allowances, a car allowance and/or country club membership dues. These perquisites are determined by the Compensation Committee under the same methodologies for and in conjunction with base salary compensation. Univest also provides certain named executive officers with personal tax preparation services; these services are provided by a Certified Public Accounting firm other than Univest's Independent Auditors, KPMG LLP.

FUTURE COMPENSATION DETERMINATION

The Committee will continue to reassess Univest's executive compensation program in order to ensure that it promotes the long-term objectives of Univest, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts and retains top-level executives who will manage strategically in 2009 and beyond.

TAX CONSIDERATIONS

Internal Revenue Code Section 162(m) imposes a limitation on the deduction for certain executive officers compensation unless certain requirements are met. The Corporation and the Compensation Committee have carefully considered the impact of these tax laws and have taken certain actions intended to preserve the Corporation's tax deduction with respect to any affected compensation.

DIRECTOR COMPENSATION

For the year ended December 31, 2008, each non-employee Director or Alternate Director was paid an annual retainer fee of \$12,000. Each non-employee Director receives a fee of \$900 for each Board Meeting of Univest Corporation of Pennsylvania or Univest National Bank and Trust Co. which he/she attends. Each Alternate Director receives a consultant fee of \$900 for each Board meeting of Univest Corporation of Pennsylvania or Univest National Bank and Trust Co. which he/she attends. Only one fee is paid to the Director or Alternate Director if these Boards meet on a concurrent basis. Non-employee Directors or Alternate Directors who attend committee meetings of the Board receive a fee ranging from \$450 to \$800 for each meeting attended.

The Corporation offers a Director Fee Deferral Plan under which the directors can voluntarily contribute all or a portion of their director fees. These deferred fees accumulate value either based on the Bank's average cost of total time deposits and purchased funds or the Corporation's stock index, as elected by the director. The deferred fees remain the property of the Corporation until it is contractually obligated to pay such fees to the director upon death or after the director's termination in accordance with the director's irrevocable election.

Certain directors who were formerly employed by Univest continue to receive retirement benefits under the qualified pension plan and nonqualified pension plans. Under the Univest 2003 Long-Term Incentive Plan, optionees may exercise their vested stock options up to two years after their retirement date. Benefits under these retirement and stock-based compensation plans were incentives for continued employment as executive officers for Univest and not compensation to such individuals to serve as directors for Univest. None of these directors served in the capacity of a principal or named executive officer during 2008. Therefore, these amounts are not reflected in the Director Compensation table.

CONCLUSION

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and growth in shareholder value. The Committee intends to continue the policy of linking executive compensation to individual and corporate performance and growth in shareholder value, recognizing that the business cycle from time to time may result in an imbalance for a particular period.

The following tables set forth for the fiscal years ending December 31, 2008, 2007 and 2006, the compensation which the Corporation and its subsidiaries paid to its principal executive officer, principal financial officer and three other named executive officers. These tables should be read in conjunction with the Compensation Discussion and Analysis section of this Proxy.

(a) The Corporation has a stock-for-stock-option exchange (or cashless exercise) program in place, whereby optionees can exchange the value of the spread of in-the-money options for Corporation stock having an equivalent value. This exchange allows the executives to exercise their options on a net basis without having to pay the exercise price in cash. However, it will result in the executives acquiring fewer shares than the number of options exercised. Mr. Aichele, Mr. Moyer and Mr. Hochstetler utilized this program in 2008.

(b) Value Realized is calculated by subtracting the exercise price from the Fair Market Value as of the exercise date. Fair Market Value is calculated as the mean of the closing bid and asked prices of the Corporation's common stock as reported by the NASDAQ Stock Market.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS

Certain triggering events could potentially affect the amounts of compensation reported in the above tables. Triggering events would include retirement, early-retirement, termination by reason of disability, death or cause, or a change in control of the Corporation. None of the named executive officers in the tables above has an individual change in control or employment agreement, but provisions for these triggering events are addressed within the 2003 Long-term Incentive Plan, the Defined Benefit Pension Plan (DBPP), the Supplemental Retirement Plan (SERP) and the Supplemental Non-Qualified Pension Plan (SNQPP).

2003 Long-term Incentive Plan

Upon a change in control, stock options and restricted stock awards which have been held for at least six months shall become fully vested. Upon retirement, early-retirement or termination by reason of disability, the Compensation Committee may elect to accelerate the vesting period to allow all stock options to become fully vested and exercisable up to a period of two years after the date of such retirement, early-retirement or disability date and may elect to accelerate the vesting period of all restricted stock awards. Upon termination by death, the Compensation Committee may elect to accelerate the vesting period to allow all stock option awards to become fully vested, and exercisable by the legal representative of such employee's estate or legatee of such employees will for a period of one year from the date of death and may elect to accelerate the vesting period of all restricted stock awards. There are no acceleration provisions for the willful termination of employment or termination of employment for cause. Upon the willful termination of employment, the optionee would have the lesser of three-months or the remaining term to exercise any vested stock options. Upon termination of employment for cause, all vested and unvested stock options will immediately terminate.

The following table demonstrates the impact under different triggering events if such event occurred on December 31, 2008:

Defined Benefit Pension Plan (DBPP)

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to his normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. The early retirement benefit is based on credited service and average earnings at early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 6% per year for the first five years and 4% per year thereafter to age 55. A vested participant who dies before the annuity starting date and who has a surviving spouse shall have his death benefit paid to his surviving spouse in the form of a pre-retirement survivor annuity and may have his death benefit distributed to his beneficiaries within five years after his death. None of the triggering events would impact the vested balance of a named executive officer's benefit under the DBPP.

Supplemental Retirement Plan (SERP)

Under a change in control, no termination of the SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit which has commenced prior to the effective date of such change in control. None of the triggering events would impact the vested balance of a named executive officer's benefit under the SERP.

Supplemental Non-Qualified Pension Plan (SNQPP)

Upon a change in control where Univest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. Upon a change in control or death of the covered employee prior to their retirement date, the covered employee, or employee's designated beneficiary is entitled to a lump sum benefit equal to the present value of his accrued balance using the ten-year Treasury yield. The accrued balance is the projected lump sum of the employee's retirement benefit payable upon the employee's attainment of age 65. Upon early-retirement, which is obtainable at the age of sixty, the employee is entitled to the accrual balance payable over fifteen years, adjusted annually thereafter by a percentage of the change in the Consumer Price Index (CPI). Upon termination of employment due to disability, the employee is entitled to the accrual balance payable, commencing at age 65, provided that the amount of the retirement benefit shall be based on the accrual balance on the date of termination due to disability, increased by an interest factor equal to the interest factor used in determining the accrual balance. If an employee terminated due to disability, and a change of control occurs prior to this employee reaching the age of 65, the employee is entitled to a lump sum benefit equal to the present value of his accrued balance using the ten-year Treasury yield. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Univest. If the employee is terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits under the SNQPP are forfeited by the employee. The only named executive officers who are participants in the SNQPP are William S. Aichele and K. Leon Moyer. If at December 31, 2008, either of these participants' employment was terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits shown in the Pension Benefits table would be forfeited. If a change in control had occurred at December 31, 2008, these participants would benefit from a lump sum payment equal to their present value of accumulated benefit, in the Pension Benefits table above, plus the following amounts: for William S. Aichele, \$605,033; and for K. Leon Moyer, \$559,526.

RELATED-PARTY TRANSACTIONS

During 2008, some of the directors and executive officers, including their immediate family members and affiliated organizations, had lending relationships and other banking transactions with us as customers of Univest's banking subsidiary, Univest National Bank and Trust Co. In management's opinion, these transactions were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for other comparable transactions with other nonaffiliated persons; they did not involve more than normal collection risk and do not present other unfavorable features. It is anticipated that similar

transactions will occur in the future.

These transactions were made in compliance with applicable law, including Section 13(k) of the Securities and Exchange Act of 1934 and Federal Reserve Board Regulation O. As of December 31, 2008, loans to executive officers, directors, and their affiliates represented 23.1% of total shareholders' equity in Uninvest Corporation.

In addition to these banking transactions and lending relationships, some directors and their affiliated entities provide services or otherwise do business with Uninvest and its affiliated entities; all such transactions are handled in the ordinary course of business and are reviewed by the Audit Committee on a quarterly basis, at which time transactions with directors are monitored to verify their independent status as a director. During 2008, the Corporation and its subsidiaries paid \$3.6 million to H. Mininger & Son, Inc. for building expansion projects which were in the normal course of business on substantially the same terms as available from others. H. Ray Mininger, a non-independent Director of the Corporation, is President of H. Mininger & Son, Inc.

BOARD COMPENSATION COMMITTEE

The Compensation Committee of the Board (Committee) for the fiscal year ended December 31, 2008 was comprised of five independent members appointed by the Board: Marvin A. Anders, R. Lee Delp, Charles H. Hoeflich, Thomas K. Leidy, and Merrill S. Moyer.

The Committee's responsibilities include reviewing and approving corporate goals and objectives, including financial performance and shareholder return, relevant to approving the annual compensation of the Corporation's CEO, executive officers, and other key management personnel through consultation with management and the Corporation's independent professional compensation consultants. Recommendations are made to the Board with respect to overall incentive-based compensation plans, including equity based plans, which includes a review of the Corporation's management development and succession plans. In addition, the Committee will review and recommend changes to the annual retainer and committee fee structure for non-employee directors on the Board. The Committee's charter is available at the Corporation's website on the internet: www.uninvest.net in the INVESTORS section under Governance Documents.

Management's role in the compensation process includes: evaluating employee performance; establishing corporate goals and objectives; and recommending the salary levels and option awards for all employees other than the top three named-executive officers. The Committee may retain an outside consultant to assist in the evaluation of any individual executive compensation, incentive programs, or any other matter deemed appropriate by the Committee and to provide for the appropriate funding of such consulting or advisory firm. During 2008, the Committee retained Mosteller & Associates to provide comparative data concerning the Corporation's peer group listed in the Compensation Discussion and Analysis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (Committee) met seven (7) times in 2008. The Committee has reviewed and discussed the Compensation Discussion and Analysis for the year-ended December 31, 2008 with the Corporation's management.

Based on the Committee's review and discussions noted above, the Committee recommended to the Board that the Corporation's Compensation Discussion and Analysis be incorporated into the Corporation's Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the Securities and Exchange Commission, and be included in this proxy statement on Schedule 14A, for filing with the Securities and Exchange Commission.

CORPORATE GOVERNANCE DISCLOSURE

CODE OF CONDUCT

The Corporation has adopted a Code of Conduct for all directors and a Code of Conduct for all officers and employees including the CEO and senior financial officers. It is the responsibility of every Uninvest director, officer and employee to maintain a commitment to high standards of ethical conduct and to avoid any potential conflicts of interest. The Codes are designed not only to promote clear and objective standards for compliance with laws and accurate financial reporting they also contain an accountability mechanism that ensures consistent enforcement of the codes and protection for persons reporting questionable behavior, including a fair process for determining possible violations. The Codes of Conduct are available on our website at www.uninvest.net in the INVESTORS section under Governance Documents.

Any waiver of the Codes of Conduct for directors or executive officers must be approved by the Board or a committee of the Board and disclosed on Form 8-K within two days. Any waivers would also be posted on our website within two business days. The waiver reporting requirement process was established in 2003, and there have been no waivers.

NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee met four (4) times during the fiscal year ending December 31, 2008. All members of the Committee are independent as defined by the listing standard rules of the NASDAQ Stock Market and the SEC Regulations. The primary purpose of the Committee is to identify individuals for nomination as members of the Board and Board committees as appropriate for the Corporation to discharge its duties and operate in an effective manner to further enhance shareholder value. The Nominating Committee charter is available for shareholder review on the internet at www.uninvest.net in the INVESTORS section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation. Members of the Committee at December 31, 2008 were: Marvin A. Anders, R. Lee Delp, Charles H. Hoefflich, Thomas K. Leidy, and Merrill S. Moyer.

The Nominating and Governance Committee recommended to the Board the slate of nominees included in this proxy statement for election to the Board of Directors at the annual meeting of shareholders.

Univest has three Alternate Directors who are elected annually by the Corporation's shareholders and serve for one-year terms. The Alternate Director position provides an avenue for the Corporation to nurture future directors that the Board of Directors has determined would qualify as a nominee for the Board of Directors. These alternate directors, by attending board meetings on a regular basis without a vote, stay informed of the activities and condition of the Corporation and stay abreast of general industry trends and any statutory or regulatory developments. The pace of change in today's financial industry makes it imperative that the Corporation maintain a fully informed Board.

The Nominating and Governance Committee is responsible for identifying and evaluating individuals qualified to become Board members and to recommend such individuals to the Board for nomination. In fulfilling its responsibilities to select qualified and appropriate director candidates, the Committee will seek to balance the existing skill sets of current board members with the need for other diverse skills and qualities that will complement the Corporation's strategic vision. All candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other facts to be considered include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the financial services industry and public companies, as well as the ability of the individual to devote the necessary time to service as a Director. A majority of the Directors on the Board must meet the criteria for independence established by the NASDAQ Stock Market, and the Committee will consider any conflicts of interest that might impair that independence.

All nominees will be evaluated in the same manner, regardless of whether they are recommended by the Nominating and Governance Committee or recommended by a shareholder.
