Report of Independent Registered Public Accounting Firm

To the Participants and Members of the Employee Compensation and Benefits

Committee of Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan:

In our opinion the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) and Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Chesapeake Energy Corporation

Savings and Incentive Stock Bonus Plan

Notes to Financial Statements

December 31, 2004 and 2003

1. Description of the Plan

The following is a brief summary of the various provisions of the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan). Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Chesapeake Energy Corporation and its subsidiaries (the Company), except for the employees of NOMAC Drilling Corporation, a wholly-owned subsidiary. Any employee who is at least 21 years old and has completed three months of employment with the Company is eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 75 percent of pre-tax annual compensation, as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company matches 100 percent of participant contributions up to 15 percent of eligible participant compensation. Profit-sharing contributions may be made at the discretion of the Company's board of directors. No discretionary profit-sharing contributions were made in 2004 or 2003. Contributions are subject to certain limitations.

The Company's matching contribution is used to purchase shares of Chesapeake Energy Corporation common stock (the Common Stock) on the open market. The Company's contribution is made in cash and shares of Common Stock which have been forfeited to the Company by terminated participants. Participants may also elect to direct all or a portion of their contributions into the Common Stock. Participants may not transfer or liquidate their investment in Common Stock arising from employer contributions and earnings thereon until they elect to withdraw from the Plan due to separation of service or elect an in-service distribution upon attainment of age 59 ½.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Edgar Filing: CHESAPEAKE ENERGY CORP - Form 11-K

Participants are immediately vested in their personal contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of credited service or participant age. A participant shall become 100 percent vested after five years of credited service under a graded vesting schedule.

Notes to Financial Statements

December 31, 2004 and 2003

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the Prime Interest Rate. The Prime Interest Rate at December 31, 2004 was 5.25%. Principal and interest is paid ratably through semi-monthly payroll deductions. Interest rates on loans outstanding at December 31, 2004 ranged from 4.00% to 9.50%.

Payment of Benefits

Upon termination of service due to death, retirement or separation from service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments, or have the value rolled over to another qualified plan or IRA.

Amounts Forfeited

Forfeited amounts are first used to pay administrative expenses of the Plan or to restore unvested amounts to re-employed participants. Any remaining forfeitures are used to reduce Company contributions into the Plan. Forfeited accounts totaled \$243,879 and \$100,489 at December 31, 2004 and 2003, respectively. During 2004 and 2003, administrative expenses were reduced by \$62,802 and \$63,008, respectively, and employer matching contributions were reduced by \$0 and by \$75,000, respectively, from forfeited accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at net asset value on the last business day of the year. Chesapeake Energy Corporation common stock is valued at the closing market price on the last business day of the year, according to the New York Stock Exchange. Participant loans are valued at outstanding principal balances plus accrued interest, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Chesapeake Energy Corporation

Savings and Incentive Stock Bonus Plan

Notes to Financial Statements

December 31, 2004 and 2003

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Plan Expenses

Certain plan expenses are paid by the plan sponsor and are not included in these financial statements.

The following presents investments that represented five percent or more of the Plan's net assets:

Net assets, ending balance:		
Chesapeake Energy Corporation Common Stock	\$ 54,014,019	\$ 38,265,445

5. Party-in-interest Transactions

Certain Plan investments are shares of the Common Stock. These transactions represent investments in the Company, and, therefore, qualify as party-in-interest transactions. Further, certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, transactions in mutual funds managed by Fidelity Investments qualify as party-in-interest transactions. During 2004 and 2003, there were 34 and 33 purchases of the Common Stock for a total purchase price of \$6,674,933 and \$4,303,570, respectively.

6. Tax Status

The Plan obtained its latest determination letter on April 22, 1997, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the

Edgar Filing: CHESAPEAKE ENERGY CORP - Form 11-K

determination letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
