("Imagina"); (ii) a Ps.1,363.1 million increase in operating income before depreciation and amortization; and (iii) a Ps.390.2 million increase in share of income of associates and joint ventures, net. These favorable variances were partially offset by (i) a Ps.1,594.9 million increase in income taxes; (ii) a Ps.633.2 million increase in finance expense, net, mainly resulting from the depreciation of the Mexican peso against the U.S. dollar; and (iii) a Ps.269.5 million increase in depreciation and amortization.

#### Advertising

Advertising revenue increased by 9.1% to Ps.5,265.8 million compared with Ps.4,826.6 million in second-quarter 2017. The increase in sales is explained by the successful transition to the new pricing methodology and by the incremental revenue originated in the transmission of the World Cup.

#### Network Subscription Revenue

Second-quarter Network Subscription Revenue increased by 27.6% to Ps.1,200.8 million compared with Ps.941.1 million in second-quarter 2017. The increase is mainly explained by repackaging of our networks which now includes additional rights that resulted in higher overall price. This came into effect in the fourth quarter of last year.

#### Licensing and Syndication

Second-quarter Licensing and Syndication revenue increased by 20.5% to Ps.2,781.3 million compared with Ps.2,308.2 million in second-quarter 2017. Royalties from Univision increased by 25.2% to U.S.\$102.6 million in second-quarter 2018 from U.S.\$81.9 million in second-quarter 2017. Other  
Businesses

Second-quarter sales increased by 15.1% to Ps.2,312.6 million compared with Ps.2,009.6 million in second-quarter 2017. Businesses that posted higher sales include feature-film distribution, radio and soccer. This effect was partially compensated by lower revenues in our publishing business. Second-quarter operating segment income increased by 38.0% to Ps.193.2 million compared with Ps.140.0 million in second-quarter 2017, reflecting an increase in the operating segment income of our feature-film distribution and our radio businesses. This was partially offset by a decline in operating segment income of our gaming businesses.

Corporate Expense

Corporate expense decreased by Ps.33.6 million, or 6.1%, to Ps.520.3 million in second-quarter 2018, from Ps.553.9 million in second-quarter 2017. The decrease reflected primarily a lower share-based compensation expense.

Share-based compensation expense in second-quarter 2018 and 2017 amounted to Ps.317.2 million and Ps.375.8 million, respectively, and was accounted for as corporate expense. Share-based compensation expense is measured at fair value at the time the equity benefits are conditionally sold to officers and employees, and is recognized over the vesting period.

Other Income or Expense, Net

Other income, net, was Ps.3,237.9 million in second-quarter 2018, compared with other expense, net, of Ps.385.6 million in second-quarter 2017. Other income or expense, net, reflected a Ps.3,547.4 million pre-tax gain on disposition of our 19% stake in Imagina, a Spanish media group, which sale was closed in June 2018.

Other favorable variances included a decrease in non-recurrent severance expense in connection with dismissals of personnel, as well as a decrease in other expense related to legal and financial advisory professional services, which were partially offset by a loss on disposition of property and equipment.

Non-operating Results

Finance Expense, Net

The following table sets forth the finance (expense) income, net, stated in millions of Mexican pesos for the quarters ended June 30, 2018 and 2017.

	2Q'18	2Q'17	(Increase) Decrease
Interest expense	(2,352.7)	(2,233.3)	(119.4)
Interest income	438.8	377.2	61.6
Foreign exchange (loss) gain, net	(487.7)	738.9	(1,226.6)
Other finance income (expense), net	626.4	(24.8)	651.2
Finance expense, net	(1,775.2)	(1,142.0)	(633.2)

The finance expense, net, increased by Ps.633.2 million, or 55.4%, to Ps.1,775.2 million in second-quarter 2018 from Ps.1,142.0 million in second-quarter 2017. This increase reflected primarily (i) a Ps.1,226.6 million unfavorable change in foreign exchange gain or loss resulting primarily from the effect on our average net U.S. dollar liability position of a 8.4% depreciation of the Mexican peso against the U.S. dollar in second-quarter 2018 compared with a 3.3% appreciation in second-quarter 2017, which was partially offset by a lower net U.S. dollar liability position in second quarter 2018; and (ii) a Ps.119.4 million increase in interest expense, due primarily to the depreciation of the Mexican peso against the U.S. dollar in second-quarter 2018. These unfavorable variances were partially offset by (i) a Ps.651.2 million favorable change in other finance income or expense, net, resulting primarily from a gain in fair value of our derivative contracts in second-quarter 2018; and (ii) a Ps.61.6 million increase in interest income explained primarily by an increase in interest rates applicable to our cash equivalents in second quarter 2018.

Share of Income of Associates and Joint Ventures, Net

Share of income of associates and joint ventures, net, increased by Ps.390.2 million to Ps.477.2 million in second-quarter 2018 from Ps.87.0 million in second-quarter 2017. This increase reflected mainly a higher share of income of Univision Holdings, Inc., the controlling company of Univision, and Imagina, which investment we sold in June 2018.

Income Taxes

Income taxes increased by Ps.1,594.9 million to Ps.2,563.5 million in second-quarter 2018 compared with Ps.968.6 million in second-quarter 2017. This increase reflected primarily a higher income tax base, which included the gain on the disposition of Imagina in June 2018.

This increase reflected primarily a higher portion of net income attributable to non-controlling interests in our Sky segment, which was offset by a lower portion of net income attributable to non-controlling interests in our Cable segment.
