The Board of Directors
The New Germany Fund, Inc.
345 Park Avenue
New York, NY 10154

Dear Board Members:

As you know, I, on behalf of my clients, am the largest beneficial stockholder of The New Germany Fund, Inc. (the "Fund"). At the Fund's annual meeting on June 22, 2004, stockholders approved by a margin of 61% to 39% a proposal we submitted requesting that the board of directors promptly take the steps necessary to open-end the Fund or otherwise enable stockholders to realize net asset value for their shares. On October 20, 2004, we filed a Schedule 13D with the SEC in which we stated that "the board should take meaningful action to address the Fund's discount at the next board meeting." On November 17, 2004, the board publicly "reaffirmed its commitment to the closed-end format as in the best interests of its long-term investors" and "declined to initiate action to open-end or effect a tender offer or large stock repurchases, as not serving the long-term interests of the Fund's shareholders."

You are entitled to your opinion and may refuse to implement a non-binding proposal. By the same token, a stockholder that is dissatisfied with the board's position has the right to attempt to elect directors whose views are consistent with his own. Therefore, under the circumstances, we see no alternative but to nominate a sufficient number of candidates to fill the seats that will be up for election at the next annual meeting of stockholders.

We intend to comply with the Fund's advance notice requirements. However, we have not been able to locate any nominees that meet the qualifications set forth in section 3 of Article II of the Fund's bylaws² and that would be acceptable to us even though we have made a good faith effort to do so. Therefore, we ask that the board consider voluntarily waiving or eliminating these qualifications. Your refusal to do so would leave us no alternative but to litigate.

A number of legal precedents have established that the question of who shall constitute a corporation's board of directors (including who may be nominated) is for the shareholders to decide and is not to be left to the board's business judgment. Courts have frequently cited this principle in invalidating unwarranted impediments on the right of stockholders to elect directors of their own choosing.

We hope that litigation can be avoided but we will not shirk from it either. Please call us if you would like to discuss this matter. In any event, we would appreciate a prompt response to this request. Thank you.
