**Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review**

On May 16, 2005, management and the Audit Committee of the Board of Directors of Winnebago Industries, Inc. (the Company) concluded that a restatement of the consolidated financial statements included in the Company's Form 10-Q for the quarter ended February 26, 2005 is necessary. Subsequent to the Company's filing the Quarterly Report on Form 10-Q for the quarter ended

## Edgar Filing: WINNEBAGO INDUSTRIES INC - Form 8-K

February 26, 2005, during an internal review of the Company's annual physical inventory, an error in a formula of an electronic spreadsheet was found which resulted in an overstatement of inventory and an understatement of cost of sales of \$2,793,000. The restatement, net of income tax effect, will result in a reduction of net income during the 13 and 26 weeks ended February 26, 2005, of \$1,795,000 or \$.05 per diluted share. The restatement does not impact either the Company's cash position at February 26, 2005 or its revenues for the periods affected.

As a result of the Company's determination to restate its financial statements as discussed above, the financial statements included in its previously filed Quarterly Report on Form 10-Q for the period ended February 26, 2005 should no longer be relied upon.

On May 17, 2005, the Company issued a press release disclosing the above revisions. The release is attached hereto as Exhibit 99.1 and is hereby incorporated herein by this reference.

The Company intends to file a Form 10-Q/A for the quarter ended February 26, 2005 which will include restated consolidated financial statements as soon as practicable.

The Company's management and the Audit Committee have discussed the matters disclosed in this Form 8-K with the Company's independent registered accounting firm, Deloitte & Touche LLP.
