The Audit Committee Report.

The Audit Committee of the ChemFirst Inc. The Committee is composed of four directors, each of whom are independent as defined by the New York Stock Exchange listing standards. During fiscal 2001, the Committee met five times, and the Committee chair, as representative of the Committee, discussed the interim financial information contained in each quarterly earnings announcement with the controller and independent auditors prior to public release.

The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any

The COMPENSATION AND HUMAN RESOURCES COMMITTEE is composed of four non-employee directors and is charged with the responsibility of recommending to the Board a program of overall compensation for the Company and its subsidiaries, including executive officers and other key employees. These responsibilities include administration of the Company's 1995 Long-Term Incentive Plan and 1998 Long-Term Incentive Plan (collectively, the "Long-Term Incentive Plans") and other benefit plans. The Compensation and Human Resources Committee (the "Compensation Committee") met three times during 2001. Members of this committee are Richard P. Anderson (Chairman), Michael J. Ferris, James E. Fligg and William A. Percy, II. The report of this Committee is presented below. The information contained in such report shall not be deemed to be "soliciting material" or to be "filed" with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

The Compensation and Human Resources Committee Report on Executive Compensation.

Philosophy. The Company's compensation philosophy is designed to maximize stockholder value and serve the best interest of stockholders and employees. The philosophy incorporates the following principles:

- (a) Compensation should attract and retain qualified employees and stimulate their useful and profitable efforts on behalf of the Company;
- (b) Compensation should be internally equitable and externally competitive; and
- (c) Compensation should be defined broadly and comprehensively.

Committee Members. The Compensation Committee is a committee of the Board composed of not less than three directors who are not officers or regular employees of the Company or of any subsidiary of the Company. The Compensation Committee selects and is advised by independent outside consultants as considered appropriate.

Charter. The Compensation Committee operates under a charter approved by the Board, which formally defines responsibilities, authorities and procedures. The charter provides for members to be elected annually by the Board. The chairman is elected annually by the Compensation Committee. The primary responsibility of the Compensation Committee is to assure development, implementation and maintenance of competitive compensation and

Edgar Filing: CHEMFIRST INC - Form DEF 14A

benefits to attract, motivate and retain qualified officers, management and employees.

4

Overall compensation and benefits are targeted at the median or mid-market of peer companies. Compensation includes base pay and annual and long-term performance incentives. Incentives are tied to the Company's financial results versus peer companies and/or to specific performance objectives linked to stockholder value. Peer companies are public companies with products and markets and other characteristics comparable to the Company and/or its subsidiaries.

Duties. The Compensation Committee's duties include the following:

- (a) To recommend to the Board compensation policies for the Company and its subsidiaries;
- (b) To recommend to the Board the base salary and annual incentive awards for Executive Officers;
- (c) To review and report to the Board base salaries and annual incentive awards for other highly compensated officers and employees; and
- (d) To designate participants and grant awards under the Long-Term Incentive Plan.

Components of Executive Compensation.

(a) Base Salary. The Compensation Committee annually reviews and compares base salaries and salary ranges for similar positions in other companies in relevant markets defined by company size, industry and location. Executive, technical and other highly compensated positions are valued in the national market using data developed by nationally recognized compensation consulting firms. The published compensation data used by the Compensation Committee to establish base salary ranges is not necessarily comprised of the same peer group of companies included in the Performance Graph. Salary ranges and actual salaries are adjusted annually, taking into consideration position value, market pricing, operating results, individual performance and other relevant factors.

The Compensation Committee recommended and the Board approved merit increases to the four named Executive Officers, other than the Chief Executive Officer, which averaged 3.9% in 2001.

(b) Annual Incentive Awards. Annual incentive awards, in the form of cash payments, are designed to achieve specific short-term results and to further long-term objectives. Financial and other objectives for the Company, its subsidiaries and program participants are set at the beginning of each fiscal year. This process involves the Board, the Compensation Committee, the Chief Executive Officer and program participants. The Compensation Committee annually reviews and recommends to the Board participation and award opportunity. Award opportunity is based on guidelines developed by nationally recognized compensation consultants. At fiscal year end, incentives are awarded following review of Company and subsidiary results and performance versus objectives, and peer results and personal performance of participants versus objectives. As a general rule, no awards are made unless the Company is profitable.

In February 2002, the Compensation Committee recommended and the Board

Edgar Filing: CHEMFIRST INC - Form DEF 14A

approved annual incentive awards in the total amount of \$266,700 for the four named Executive Officers other than the Chief Executive Officer based on a review of Company and subsidiary results and performance for 2001.

(c) Long-Term Incentive Awards. Participation in the Long-Term Incentive Plan is limited to officers and key managers based on responsibility, authority, potential impact on the Company and competitive practice for similar positions in peer companies. The Compensation Committee annually reviews and approves participation and potential award ranges. Award ranges are based on guidelines developed by nationally recognized compensation consultants. At fiscal year end, the Compensation Committee reviews Company condition and performance versus long-term goals and recommends awards under the Long-Term Incentive Plan. Awards may be in the form of stock options, debenture options, restricted stock, stock appreciation rights, performance shares or units, supplemental cash or other such forms as appropriate.

The Company also has three Performance Unit Plans outside of the Long-Term Incentive Plans for certain of its non-public subsidiaries in which subsidiary executive officers participate, and in which awards

5

are payable in cash only based on the subsidiary's profits and price earning multiples of a group of publicly held peer companies. No grants are currently awarded under these plans, but some units remain unexercised.

The Compensation Committee granted 123,212 nonqualified stock options to the four named Executive Officers excluding the Chief Executive Officer in 2001.

(d) Chief Executive Officer Compensation. At fiscal year end, the Committee on Director Affairs (which is composed of independent directors) evaluates the Chief Executive Officer's performance versus objectives established at the beginning of the year. The Compensation Committee considers this evaluation and compensation at peer companies in its review and makes a recommendation to the Board regarding Chief Executive Officer compensation. This performance evaluation includes an assessment of total return to stockholders versus peers, return on equity, operating earnings compared to budget and prior year, financial performance versus peers, restructuring and dispositions, balance sheet improvements and market capitalization. Mr. Williams received no base salary increase during 2001. In February 2002, the Compensation Committee recommended and the Board approved an annual incentive award of \$202,200 for Mr. Williams based on 2001 results. During 2001, Mr. Williams recommended and the Committee approved allocating his grant of 76,650 nonqualified stock options priced at fair market value on date of grant to select key managers within the Company.

He was a director of SkyTel Communications, Inc., a provider of nationwide paging and voice messaging services, from 1996 to 1999. He was a director of First Mississippi from 1987 until the Distribution Date. He is a member of the ChemFirst Foundation, Inc. Board of Trustees.

Definition of "Distribution Date": On December 23, 1996 (the "Distribution Date"), First Mississippi Corporation contributed all of its assets and subsidiaries, other than those relating to its fertilizer business, to the Company, which at that time was a wholly owned subsidiary of First Mississippi. First Mississippi then spun off the Company in a tax-free distribution of the Company's common stock to First Mississippi stockholders (the "ChemFirst Distribution") on the Distribution Date. The ChemFirst Distribution occurred immediately prior to and in connection with the merger of First Mississippi with a wholly owned subsidiary of Mississippi Chemical Corporation on December 24, 1996, pursuant to an Agreement and Plan of Merger and Reorganization dated as of August 27, 1996.

THE BOARD RECOMMENDS A VOTE FOR ALL OF THE DIRECTOR NOMINEES.

Voting Procedures on Election of Directors. Stockholders have the right to vote "For" or "Withhold Authority" to vote for some or all of the nominees for directors. Pursuant to the Company's bylaws and Mississippi law, the presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote shall constitute a quorum to convene the Annual Meeting. Therefore, any proxy authorized to be voted at the Annual Meeting on any matter, whether or not marked to "Withhold Authority" or to effect a broker non-vote, will be counted in establishing a quorum. The election of directors will require the affirmative vote of a plurality of the shares voted at the Annual Meeting in person or by proxy. Votes withheld and broker non-votes will not be included in vote totals for director nominees and will have no effect on the outcome of the vote. In the absence of specific instructions, proxies will be voted FOR the nominees. Stockholders do not have cumulative voting.

DIRECTOR COMPENSATION

Directors who are not employees are compensated for their services with a retainer of \$16,000 per year. In addition, non-employee directors receive fees for attendance at duly called Board and committee meetings. The fees paid are \$1,000 per day for attendance at duly called Board and committee meetings or a fee of \$500 for half-day committee meetings, except for committee chairmen, who receive a fee of \$1,250 per day for meetings and \$625 for half-day meetings. These fees are recommended by the Committee on Director Affairs to align Board compensation with peer companies. Travel expenses to and from meetings are reimbursed to all directors. No fees are paid for informal meetings. Directors who attend meetings by telephone conference call are paid at the half-day rate. Directors performing special services at the request of the Chief Executive Officer are paid a per diem of \$1,000 per day, except for committee chairmen, who are paid a per diem of \$1,250 per day.

Under the Company's Long-Term Incentive Plans, each non-employee director is entitled to receive awards which may be in the form of stock options, restricted stock, stock appreciation rights, performance shares or units, supplemental cash or other such forms as appropriate. The Compensation Committee annually reviews and the Board annually approves potential award ranges for the directors based on, among other criteria, condition and performance of the Company versus long-term goals. In March 2001, each non-employee director received an option pursuant to the 1998 Long-Term Incentive Plan to purchase 1,500 shares of Common Stock at an exercise price of \$25.55 per share and which vested in full on September 6, 2001.

In addition, under the Long-Term Incentive Plans, directors are permitted to make an irrevocable election to receive share units ("Share Units") in exchange for deferring all or some portion of their annual retainer at a per Share Unit exchange price that is equal to 85% of the fair market value of

Edgar Filing: CHEMFIRST INC - Form DEF 14A

Company Common Stock determined as of the first day of the year during which all or a portion of the deferred retainer was to be paid. Dividends earned pursuant to the Share Units are reinvested in the form of additional Share Units. Share Units may be paid in cash or Common Stock at the election of the Compensation Committee and are subject to vesting and rollover provisions set forth in the Long-Term Incentive Plans.

In fiscal 1986, First Mississippi established a Deferred Income Plan for Directors, Officers and Key Employees ("Plan A") pursuant to which deferral opportunities in any given year, up to a maximum of three

10

years, were offered at the discretion of the Board. In connection with the ChemFirst Distribution, the Company assumed the obligations of First Mississippi under Plan A. Effective January 1, 1994, Plan A was amended to change the interest rate prospectively to 120% of the applicable annual federal long-term rate as specified in the Internal Revenue Code. At the same time, the Board closed Plan A for any new participants or deferral opportunities, subject to the existing rights and obligations thereunder. Plan A was further amended effective September 15, 1997, to allow participating directors to invest existing account balances in Share Units in lieu of the interest-bearing investment alternative set forth in the original plan. Share Units purchased under Plan A were acquired at a price equal to the fair market value of a share of Company Common Stock on the date of valuation and were subject to other terms and conditions similar to those which are applicable to Share Units purchased under Plan B, as discussed below. In February 1998, the Board further amended Plan A to remove the Share Unit investment alternative and replace it with a new crediting option which allows participating directors to invest existing account balances at an annual crediting rate which is based on total stockholder return on the Company's Common Stock.

In fiscal 1989, First Mississippi established a successor Deferred Compensation Plan for Outside Directors ("Plan B") to insure continuation of deferral opportunities for directors. Plan B was amended effective January 1, 1994, to change the interest rate prospectively to 120% of the applicable annual federal long-term rate as specified in the Internal Revenue Code. Plan B was further amended effective July 1, 1997, to allow participating directors to invest existing account balances and future compensation deferrals in Share Units in lieu of the interest-bearing investment alternative of the original plan. Except for certain conversions of existing balances within two years of termination of Board service that are converted at fair market value of the Company's Common Stock, Share Units purchased in Plan B are acquired at a price equal to 85% of the fair market value of a share of Company Common Stock on the date of valuation. Except for the initial election to convert existing account balances, which had a valuation date of July 1, 1997, the valuation date for all elections to purchase or convert to Share Units under Plan B is the first trading date in the calendar year immediately following the year of election. In distributing a participating director's account balance at termination of Board service, each Share Unit in such account is valued at the fair market value of a share of the Company's Common Stock on the date of valuation.

The deferrals under both Plan A and Plan B are held by the Company until retirement, resignation or other termination of service as a director. Director J. Kelley Williams participates as an employee in Plan A but does not participate in Plan B. Directors Anderson, Becker, Ferris, Fligg, Smith, Speed and Turner currently participate in Plan B. During 2001, directors purchased Share Units under Plan B in the following amounts: Mr. Anderson, 1,672; Mr. Ferris, 1,350; Mr. Fligg, 1,240; Mr. Smith, 1,348; Mr. Speed, 282; and Dr. Turner, 916.

The Company furnishes directors with \$100,000 accidental death and dismemberment and \$250,000 of business travel accident protection. The Company also has a Retirement Plan for its non-employee directors under which all directors who have served at least one three-year term will, under certain conditions, receive an annual retirement benefit equal to their annual retainer at retirement for each year of service, not to exceed fifteen years. The amount of the retainer to be received after retirement shall be fixed at the time of retirement. The plan also provides for a lump sum payment to a director under certain conditions in the event of a change of control and to his beneficiary upon his death.

arrangements and direct cash payments related to long-term incentive tax reimbursements. Aggregate perquisites and other personal benefits were less than either \$50,000 or 10% of the total annual salary and bonus reported for the named officers and are excluded from the table.

Tax reimbursement payments are made to eligible employees equal to 37% of the Company's federal income tax deduction resulting from the exercise of Convertible Subordinated Debenture Options, NQSOs, Incentive Stock Options and Performance Options. Tax reimbursement payments are not applicable for options granted after August 21, 1995. There were no tax reimbursement payments to the named officers in 2001. The tax reimbursement payment in 2000 to Mr. Williams was \$621,049. Tax reimbursement payments in 1999 to Mr. Williams and Mr. Simmons were \$560,993 and \$57,102, respectively. Performance Option payouts in 2001 were \$31,460 to Mr. Coder. Performance Option payouts in 1999 were \$378,203 to Mr. Simmons.

- (2) NQSOs were granted to officers and certain key employees of the Company in 2001, 2000 and 1999. The share amounts for a particular fiscal year under this column reflect only the shares underlying options which were granted during the respective fiscal year.
- (3) All Other Compensation is comprised of the following:

Above-market interest under the Deferred Income Plan A. The above-market portion of interest earned under Plan A in 2001 was \$9,497 and \$17,866 for Mr. Summerford and Mr. Simmons, respectively. See "Director Compensation" for a description of Plan A.

Company's contributions to the ChemFirst Inc. 401(k) and Employee Stock Ownership Plan and Trust ("401(k)/ESOP"). Company contributions in 2001 to the 401(k) portion of this plan were \$6,800, \$6,800, \$6,159, \$6,800 and \$5,368 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively. Company contributions in 2001 to the ESOP portion of this plan were \$850, \$850, \$770, \$850 and \$850 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively.

Company's contributions to the ChemFirst Inc. Benefits Restoration Plan ("BRP"). The Company's BRP permits the Company to make contributions to the 401(k) portion and the ESOP portion of the 401(k)/ESOP in amounts permitted by that plan, but that would otherwise be in excess of those permitted by certain Internal Revenue Code limitations. 401(k)-related accruals under the BRP in 2001 were \$12,505, \$7,605, \$593, \$1,400 and \$0 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively. ESOP-related accruals under the BRP in 2001 were \$1,254, \$931, \$0, \$74 and \$77 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively.

Cash subsidies related to the executive life insurance program. Cash subsidies in 2001 were \$19,450, \$3,075, \$2,918, \$3,099, and \$1,581 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively.

Dollar value difference between the purchase price and fair market value of Share Units purchased under the BRP and the Long-Term Incentive Plans. The BRP and Long-Term Incentive Plans permit officers to defer certain salary and bonus amounts in the form of Share Units. The price paid by the officers for each Share Unit pursuant to these plans in 2001 was \$18.62 for salary deferrals (85% of the fair market value of the Company's Common Stock on January 2, 2001) and \$21.31 for bonus deferrals (85% of the fair

Edgar Filing: CHEMFIRST INC - Form DEF 14A

market value of the Company's Common Stock on February 19, 2002). The dollar value of amounts earned on deferred compensation during 2001 is calculated by comparing the difference between the applicable Share Unit purchase price and the fair market value of the Company's Common Stock on the date the deferred compensation is earned by the officer. Because these amounts are calculated at the time the compensation is earned, the actual value of such compensation received by the officers will vary in accordance with fluctuations in the per share price of the Company's Common Stock. For 2001, the aggregate preferential amount for the named executive officers was \$25,258, \$701, \$23,123, \$7,172, and \$0 for Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz, respectively.

OPTION GRANTS IN 2001

The following table shows NQSOs granted on March 6, 2001 to the executive officers named in the Summary Compensation Table under the 1998 Long-Term Incentive Plan. No other awards were granted to these individuals pursuant to the Long-Term Incentive Plans.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Appreciation for Ten-Year Option Term (\$)(1)	
	Number of Securities Underlying Options Granted	% of Total Options Granted to all Employees in Fiscal Year	Exercise Price (\$/share)	Expiration Date	5%	10%
J. Kelley Williams	-0-	n/a	n/a	n/a	n/a	n/a
R. Michael Summerford	47,950	13.8%	25.55	03/07/11	770,473	1,952,530
George M. Simmons	28,506	8.2%	25.55	03/07/11	458,042	1,160,767
P. Jerry Coder	19,550	5.6%	25.55	03/07/11	314,134	796,078
J. Steve Chustz	27,206	6.1%	25.55	03/07/11	340,743	863,511

(1) The dollar amounts under these columns represent the potential realizable value of each grant assuming that the market value of the Company's Common Stock appreciates from the date of grant to the expiration of the option at annualized rates of 5% and 10%. These assumed rates of appreciation have been specified by the SEC for illustrative purposes only and are not intended to forecast future financial performance or possible future appreciation in the price of Company Common Stock. Optionees will only realize value from this grant if the price of Company Common Stock appreciates, which would benefit all stockholders commensurately.

RETIREMENT AND OTHER COMPENSATION

In 1970, First Mississippi stockholders authorized a noncontributory retirement plan for the employees of First Mississippi. In connection with the ChemFirst Distribution, the Company assumed the obligations of First Mississippi under this retirement plan. Employees become 100% vested after five years of employment. The retirement plan provides for normal retirement at age 65 with actuarially adjusted provisions for early and postponed retirement dates. Retirement benefits are based on years of service and

Edgar Filing: CHEMFIRST INC - Form DEF 14A

average compensation (wages and salary) of the five highest consecutive years during employment. The benefits listed in the table below are not subject to any reduction for social security or other offset amounts.

The following table shows the estimated annual retirement benefit payable to participating employees including executive officers on earnings and years of service classifications as indicated.

Average Annual Compensation (\$ (5 Highest Consecutive Years)	Estimated Annual Benefits for Years of Credited Service (\$)				
	15 Years	20 Years	25 Years	30 Years	35 Years

The table includes amounts that exceed limitations allowed under Section 415 of the Internal Revenue Code. The Company's BRP provides that if an individual's retirement benefits calculated under the retirement plan exceed the maximum allowed under the Code, the Company may supplement such employee's benefits under certain conditions to the extent such benefit is in excess of the limitation.

Years of service for the executive officers listed in the Summary Compensation Table are: Mr. Williams, 34.7 years; Mr. Summerford, 23.4 years; Mr. Simmons, 17.0 years; Mr. Coder, 9.6 years; and Mr. Chustz, 24.7 years.

Termination Agreements

During fiscal 1996, the Board of Directors of First Mississippi approved Termination Agreements for the officers of First Mississippi, including Mr. Williams, Mr. Summerford, Mr. Simmons, Mr. Coder and Mr. Chustz. Pursuant to the Agreement and Plan of Distribution between First Mississippi and the Company dated as of December 18, 1996, the Company assumed the obligations of First Mississippi under the Termination Agreements. The Termination Agreements are contingent upon a Change of Control, as defined in the Agreements, and originally provide for two three-year terms which are automatically extended unless the Company determines not to renew or there is a Change of Control of the Company during any three-year term. Each officer, other than the Chief Executive Officer, would be paid upon termination of employment for reasons other than cause, death or disability or upon resignation for good reason, subsequent to a Change of Control during the term of the Termination Agreement, three times the sum of the five-year average of his annual base salary and bonus. The Company's Chief Executive Officer is entitled to the same termination benefit as described above for all other officers, except that the Chief Executive Officer may resign for any reason, as opposed to "good reason", within 36 months of a Change of Control and still be entitled to the termination benefit. Upon termination, the individual would have the option, unless he notifies the Company otherwise, to receive a cash payment equal to the cash value of all his NQSOs, Debenture Options and Convertible Debentures, whether then exercisable or not. Following termination, the Company may pay amounts due to individuals for stock disposition of grants

Edgar Filing: CHEMFIRST INC - Form DEF 14A

issued in 1994 and earlier under the Company's tax sharing plan. No individual would receive payments in the event of death, disability or termination for cause. In addition, the Chief Executive Officer's Termination

20

Agreement provides for an additional payment to be made by the Company to him if any of the severance payments provided for by the Termination Agreement or any other payments made pursuant to a Change of Control of the Company (the "Total Payments") become subject to an additional tax (the "Excise Tax") imposed by Section 4999 of the Code, such that the net of all of the payments received by him after the imposition of the Excise Tax on the Total Payments and any federal income tax on the additional payment shall be equal to the Total Payments. In February 2002, the Board amended each Termination Agreement to extend the term for two additional years, with automatic renewal for one-year terms thereafter, unless the Board gives notice no later than June 30 of any year that it will not extend the term of that agreement.

PROPOSAL II: APPROVAL OF THE AMENDMENT TO THE 1998 LONG-TERM INCENTIVE PLAN

An amendment to the Company's 1998 Long-Term Incentive Plan was adopted by the Board on February 19, 2002, subject to approval by the Company's stockholders at the Annual Meeting. The purpose of the Plan Amendment is to increase the number of shares of the Company's Common Stock authorized to be awarded under the Plan by 600,000, so that 2,300,000 total shares would be authorized pursuant to the Plan, as amended (the "Plan Amendment"). The 1998 Long-Term Incentive Plan was previously amended by stockholder approval in May 2000 to add 750,000 shares to the 950,000 shares originally authorized under the Plan. (Hereafter, the Company's 1998 Long-Term Incentive Plan, as amended by the Plan Amendment, shall be referred to as the "Plan".) The purpose of the Plan is to further the growth in earnings and market appreciation of the Company by providing long-term incentives to directors and employees of the Company and its subsidiaries, partnerships and joint ventures. The Company exhausted all the shares originally authorized under the Plan by stock options granted on February 19, 2002, and also approved certain conditional grants of stock options to be effective and priced on May 21, 2002 subject to stockholder approval of the Plan Amendment. (See "Grants Under the Plan" below.) The Plan Amendment will allow the Company to make the awards in 2002 and in the future, which will further the Company's ability to attract, retain and motivate officers, directors and key employees of high caliber and good potential and promote the alignment of the participant's interests with that of the Company's stockholders. The Plan provides for the granting from time to time of incentive compensation in the form of stock options, stock appreciation rights, performance shares and performance units, restricted stock, supplemental payments and conversion awards ("Awards").

Set forth below is a brief description of the material features of the Plan, which description does not purport to be complete and is qualified in all respects by the terms of the Plan, a copy of which is attached as Appendix A. Capitalized terms not otherwise defined in this Proxy Statement have the meanings ascribed to them in the Plan.

Administration

The Plan is administered by the Board or a committee of at least two (2) members appointed by the Board, as the Board shall determine in its sole discretion from time to time. The Board has determined that the Committee shall administer the Plan, but it retains the discretion to administer any aspect of the Plan. Each member of the Committee must be a member of the Board and a "non-employee" director within the meaning of Rule 16b-3 ("Rule 16b-3")

Edgar Filing: CHEMFIRST INC - Form DEF 14A

as promulgated under the Exchange Act. The Board has full and final authority to interpret the provisions of the Plan and to grant Awards pursuant to the Plan, provided, however, that the Company's Chief Executive Officer (or some other officer designated by the Board) has the authority to grant Awards to newly hired employees who are not subject to Section 16 of the Exchange Act at the time such Award is granted, subject to approval by the Board.

Eligibility for Participation

All Employees, Directors and Advisors of the Company or any subsidiary are eligible to participate in the Plan. The Board has the sole discretion to determine and designate those Employees, Directors and Advisors

21

that are to receive Awards. Since designation of participants is subject to the discretion of the Board, the approximate number of eligible participants in the Plan is impossible to estimate at this time.

Shares Subject to the Plan

Presently, up to a maximum of 1,700,000 shares of Common Stock may be issued under the Plan. If the proposal to amend the Plan to add 600,000 shares authorized pursuant to the Plan is approved by the Company's stockholders, then a maximum of 2,300,000 shares of the Company's \$1.00 par value common stock (the "Common Stock") may be issued pursuant to the Plan, provided, however, that no more than 50,000 shares may be granted in the form of restricted stock Awards. Shares issued pursuant to the Plan shall be either shares of authorized but unissued Common Stock or shares of Common Stock held as treasury shares. Any shares cancelled or forfeited, or any unissued shares subject to an Award that terminates, expires or lapses for any reason pursuant to the terms of the Plan, shall again be available for grant under the Plan. The maximum number of shares with respect to which any Employee may be awarded stock options, restricted stock or stock appreciation rights in any calendar year is limited to an aggregate amount of 100,000 shares.

Awards

Participants. The Board may grant any of the Awards described below to Employees, Directors or Advisors. These Awards are not transferable, except by will or the laws of descent or distribution, provided that the Board may, in its sole discretion, when and if permitted by Rule 16b-3, establish guidelines providing for the irrevocable transfer, without payment of consideration, of any Stock Option, other than Incentive Stock Options, by the Participant to a member of the Participant's immediate family or to a trust, partnership or other pass-through entity whose beneficiaries are members of the Participant's immediate family.

Stock Options. Options granted pursuant to the Plan may be either in the form of incentive stock options (which are options that meet the requirements of Section 422 of the Internal Revenue Code (the "Code")) or in the form of nonqualified stock options. A stock option gives the holder the right to purchase, during the term of the option, a number of shares of Common Stock at a price determined on the date the option is granted. The option exercise price and the time or times at which the option may be exercised are determined by the Board at the time of grant, except that the option price may not be less than one hundred percent of the fair market value of the Common Stock on the date of grant. The market price of a share of the Company's Common Stock as of February 19, 2002, as reported by the New York Stock Exchange, was \$25.06. The option price may be paid in cash, or in the form of Common Stock owned by the option holder at least six months prior to exercise,

Edgar Filing: CHEMFIRST INC - Form DEF 14A

based on the fair market value of such Common Stock on the date of exercise, or a combination of cash and Common Stock. In addition, an option holder may exercise an option by providing assurance from a broker registered under the Exchange Act of delivery of the proceeds of an imminent sale of the stock to be issued pursuant to the exercise. Stock options may be exercised at such time or times as may be specified at the time of grant, but in no event more than ten years after the date of grant.

Stock Appreciation Rights ("SARs"). SARs may be granted in connection with all or any part of a previously or contemporaneously granted stock option or unrelated to any option. SARs entitle the holder, upon exercise of the SAR, to receive an amount equal to the difference between the fair market value of shares of Common Stock with respect to which the SAR is being exercised and the price specified by the Board. Payment may be made in cash, in shares of Common Stock, or a combination of the two, as the Board determines. A SAR may be exercised at such times as may be specified by the Board provided that no SAR shall be exercisable earlier than six months after grant and no later than ten years after grant.

Performance Shares and Performance Units. Performance Shares or Units give the holder the right to receive shares of Common Stock or a cash payment specified by the Board at the end of a specified performance period if specified performance goals are met. Performance goals are related to the performance of the Company or one or more subsidiaries or a combination thereof. When circumstances occur that cause predetermined

22

performance objectives to become an inappropriate measure of performance, the Board, in its discretion, may adjust the performance goals, except for an Award intended to qualify under Section 162(m) of the Code.

Restricted Stock. Restricted stock Awards are grants of shares of Common Stock to an Employee for no consideration, but are subject to such conditions, terms and restrictions for such period or periods as shall be determined by the Board or as expressly stated in the Plan. During the restricted period, the participants shall be entitled to vote the shares but shall not assign, transfer, pledge or otherwise encumber such shares. The Board has the power to accelerate the termination of the applicable restricted period with respect to part or all of any restricted stock Award.

Supplemental Payments. The Board has the discretion to determine that any Award may provide for a supplemental payment to a participant after the exercise, lapse of restrictions or payment for such Award. The Board shall set the terms and conditions of such supplemental payments; provided however, that the amount of the payment may not exceed, in the case of a stock option, the excess of fair market value on the date of exercise over the option exercise price multiplied by the number of shares for which such option is exercised, and in the case of a SAR, performance unit, performance share or restricted stock Award, the value of the shares and other consideration issued in payment of such Award.

Conversion Awards

Employees designated by the Board may make an irrevocable election to receive Share Units in exchange for some portion of their cash compensation (base salary or annual incentives). The maximum amount of cash compensation which may be exchanged for Share Units is the lesser of 30% or \$30,000 of a year's base salary and the lesser of 50% or \$50,000 of an annual incentive award. The Share Unit may be acquired at a per share exchange price of 85% of the fair market value of the Company's Common Stock determined as of the first

Edgar Filing: CHEMFIRST INC - Form DEF 14A

business day in January in the year of election if base salary is deferred or the day the annual incentive award is approved by the Board if an annual incentive is deferred (the "Exchange Date"). All Share Units are subject to certain conditions, terms and restrictions set by the Board and vest three years from the Exchange Date or, in the event of a Rollover Election (as defined below), two years from the effective date of the most recent Rollover Election. An Employee has the option to elect (a "Rollover Election") to defer the vesting of any share unit for an additional period of two years by making an irrevocable Rollover Election at least six months prior to the vesting date of such Share Unit. There is no limit to the number of Rollover Elections an Employee may make with respect to a particular Share Unit. An Employee is also entitled to receive additional Share Units equal in value to the amount of cash dividends such Employee would have received had the Employee owned one share of the Company's Common Stock for each Share Unit owned by the Employee on each record dividend date.

At such time as a Share Unit vests, such Share Unit will be returned to the Company and in exchange thereof the Employee is entitled to receive an amount equal to the average of the highest and lowest price for the Company's Common Stock on the date of exchange. Such payment in exchange for a Share Unit will be made in the form of cash or Company Common Stock as the Board shall determine in its sole discretion. In the event an Employee owns unvested Share Units at the time such Employee's employment with the Company is terminated, each unvested Share Unit will be forfeited and in substitution thereof the Employee is entitled to receive a cash payment, the amount of which is determined by the circumstances under which the Employee's employment with the Company is terminated.

Adjustments

In the event of any change in the capitalization of the Company by reason of a dividend, stock split or combination or any similar change or a merger, consolidation, recapitalization, reclassification of shares or similar reorganization, the Plan provides that the Board may make certain adjustments, if any, to (a) the number of shares of stock which may be issued under the Plan, (b) the number of shares issuable and the exercise price per share pursuant to an outstanding Award theretofore granted under this Plan and, (c) the number and kind of shares which may underlie an Award granted.

23

Duration of Plan; Amendment or Termination

The Plan shall remain in effect until all Awards have been satisfied, but no Award shall be granted more than ten years after the date of approval of the Plan by the stockholders. The Board may at any time suspend, terminate, modify or amend the Plan, but any amendment that requires shareholder approval in order for the Plan to continue to comply with Rule 16b-3, Section 162(m) of the Code or any other applicable law, rule or regulation shall not be effective unless approved by the requisite shareholder vote. In addition, no such action by the Board may adversely affect any previously granted Award without the consent of the Award recipient.

Change in Control

In the event of a "change in control" (as defined in the Plan), all outstanding stock options, SARs and other awards shall automatically become fully vested and exercisable in full.

Federal Income Tax Consequences

Edgar Filing: CHEMFIRST INC - Form DEF 14A

The following is a brief and general discussion of the principal federal income tax rules applicable to Plan Awards:

Stock Options. There is no tax incurred by the participant (or expense deduction for the Company) upon the grant. At the time of exercise of a nonqualified stock option, the difference between the exercise price and the fair market value of Common Stock on the date of exercise will constitute ordinary income to the participant. The Company will be allowed a deduction equal to the amount of ordinary income realized by the participant. In the case of incentive stock options, although no income is realized upon exercise and the Company is not entitled to a deduction, the excess of the fair market value on the date of exercise over the exercise price is treated by the participant as an adjustment for alternative minimum tax purposes. If the participant does not dispose of the shares acquired on the exercise of an incentive stock option within one year after their receipt or within two years after the grant of the stock option, gain or loss realized on the subsequent disposition of the shares will be treated as long-term capital gain or loss. Under current law, long-term capital gains are taxed at a maximum tax rate of 20%. In the event of a disposition of shares within one year after exercise or within two years after the grant of the stock option, the participant may realize ordinary income, and the Company will be entitled to a deduction, equal to the amount of such income, at the time such income is realized by the participant.

SARs. The participant will not realize any income at the time of grant of a SAR. Upon the exercise of a SAR, any cash received and the fair market value on the exercise date of any shares of Common Stock received will constitute ordinary income to the participant. The Company will be entitled to a deduction in the amount of such income at the time of exercise.

Restricted Stock. A participant normally will not realize taxable income upon an award of restricted stock, and the Company will not be entitled to a deduction, until the termination of the restrictions, except with respect to the dividends, or dividend equivalents, received by the participant. Upon termination of restrictions, the participant will realize ordinary income in an amount equal to the fair market value of the Common Stock at that time and the Company will be entitled to a deduction in the same amount. However, a participant may elect to realize ordinary income in the year the restricted stock is awarded in an amount equal to the fair market value of the Common Stock at the time of the Award, determined without regard to the restrictions. In this event, the Company will be entitled to a deduction in such year in the same amount, and any gain or loss realized by the participant upon subsequent disposition of the stock will be capital gain or loss. If, after making this election, any restricted stock is forfeited, the participant cannot then claim an ordinary deduction, but may claim a capital loss. If the market value of the stock at vesting is lower than the amount on which the participant was taxed, the participant may claim a capital loss on the sale of the stock at the lower value.

Performance Shares and Performance Units. A participant normally will not realize taxable income upon the award of performance units or performance shares. Subsequently, when conditions and requirements

established with respect to grants made in shares of Common Stock have been satisfied so that the shares are no longer subject to a substantial risk of forfeiture, then an amount equal to the fair market value of any shares of Common Stock received will constitute ordinary income to the participant in the year in which such event occurs, and the Company will be entitled to a deduction in the same amount. Recipients of Performance Awards made in shares

Edgar Filing: CHEMFIRST INC - Form DEF 14A

of Common Stock may make an election to realize ordinary income in the year of receipt in the same manner as described above for recipients of restricted stock Awards. A Participant normally will not realize taxable income on Performance Units, which represent a contingent unfunded promise to pay cash or property in the future, until all conditions or requirements applicable to such Performance Units have been satisfied and the promised amount has become immediately payable. At the time, the cash amount or fair market value of property payable will constitute ordinary income and the Company will be entitled to a deduction in the same amount.

Conversion Awards. A Participant normally will not realize taxable income upon the award of Share Units, and the Company will not be entitled to a deduction until the conditions and requirements placed on the award have lapsed. The Company will also not be entitled to a deduction for any additional Share Units awarded to the participant on account of dividends paid on the Company's Common Stock until the conditions and requirements placed on such additional Share Units have lapsed. Subsequently, when all conditions and requirements established with respect to the share unit have lapsed, any cash or Common Stock received in exchange thereof will constitute ordinary income to the participant in the year in which paid in the case of cash payments and when no longer subject to a substantial risk of forfeiture in the case of payments in the form of Common Stock, and the Company will be entitled to a deduction in the same amount.

Withholding. The Company shall have the right to reduce the number of shares of Common Stock deliverable pursuant to the Plan by an amount which would have a fair market value equal to the amount of all federal, state, or local taxes required to be withheld, or to deduct the amount of such taxes from any cash payment to be made to the participant, pursuant to the Plan or otherwise.

Grants Under the Plan

Because a Participant's eligibility for Awards under the Plan and the amount of any such Awards are determined by the Board, the nature and amounts of future benefits under the Plan are not currently determinable, except for the Awards of 186,598 NQSOs described below. All Awards thereunder will be made at the discretion of the Board, in accordance with policies and guidelines in effect from time to time.

On February 19, 2002, the Board granted a total of 186,598 NQSOs under the Plan. These options will vest and become exercisable on August 19, 2002, and will expire on February 19, 2012. Each option has a per share exercise price of \$25.06, which was the fair market value of the Company's Common Stock on the date of grant. After these grants were made, there were no shares remaining under the Plan for future Awards. Also on February 19, 2002, the Board approved the grant of 138,402 additional NQSOs, which grants are subject to stockholder approval of the Plan Amendment at the Annual Meeting. If the Company's stockholders approve the Plan Amendment, these options would be effective May 21, 2002 and would have a per share exercise price equal to the fair market value of the Company's Common Stock on that date. These options would vest and become exercisable on November 21, 2002 and would expire on May 21, 2012. If the Company's stockholders do not approve the Plan Amendment, the options to be granted effective May 21, 2002 will be void and treated as if the Board never approved such Awards.

The following table sets forth for the following persons the number of shares relating to the options which the Board approved effective May 21, 2002 subject to stockholder approval of the Plan Amendment: the executive officers

Edgar Filing: CHEMFIRST INC - Form DEF 14A

included in the Summary Compensation Table on page 16, all current executive officers as a group, all non-executive officer directors as a group, and all other employees as a group. The executive officers included in the Summary Compensation Table are the only persons receiving 5% or more of the total options approved. Mr. Anderson, Mr. Guyton and Mr. Williams, the nominees for election as a director, received options to purchase 639 shares, 639 shares and 31,790 shares, respectively.

THE BOARD RECOMMENDS A VOTE FOR THE AMENDMENT
TO THE 1998 LONG-TERM INCENTIVE PLAN.

Voting Procedures for Approval of the Plan Amendment. Stockholders have the right to vote "For", "Against" or "Abstain" when voting on the adoption of the Plan Amendment. Pursuant to the Company's bylaws and Mississippi law, the presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote shall constitute a quorum to convene the Annual Meeting. Therefore, any proxy authorized to be voted at the Annual Meeting on any matter, whether or not marked to "Abstain" or to effect a broker non-vote, will be counted in establishing a quorum. Approval of the Plan Amendment will require the affirmative vote of the holders of a majority of the shares

Edgar Filing: CHEMFIRST INC - Form DEF 14A

represented at the Annual Meeting and entitled to vote for approval of the Plan Amendment, in person or by proxy. Consequently, abstentions will have the effect of a vote against the Plan Amendment, but broker non-votes will not affect the outcome of the vote. In the absence of specific instructions, proxies will be voted FOR the approval of the Plan Amendment.

3. Administration

The Plan shall be administered by the Board and/or the Committee, as the Board shall determine in its sole discretion from time to time. In exercising its discretion with respect to the administration of the Plan, the Board shall have the option of administering only certain aspects of the Plan, such as the determination and approval of Awards to be granted under the Plan, and delegating the administration of the remaining aspects of the Plan to the Committee. The Board and/or the Committee, as the case may be, shall have full and final authority in its discretion to conclusively interpret the provisions of the Plan and to decide all questions of fact arising in its application; to determine the Participants to whom Awards shall be made under the Plan; to determine the type of Award to be made and the amount, size and terms of each such Award; to determine the time when Awards

A-2

will be granted to Participants; and to make all other determinations necessary or advisable for the administration of this Plan. Notwithstanding the above, the Company's Chief Executive Officer or some other officer designated by the Board or the Committee, as the case may be, shall have the authority to grant Awards to newly hired employees who are not subject to Section 16 of the Exchange Act at the time such Award is granted, subject to such limitations as may be established by the Board or the Committee, as the case may be. All provisions elsewhere in this Plan dealing with administration of and decisions under this Plan which refer to the Committee shall be deemed to refer to the Board whenever the Board is administering, pursuant to this Section 3, the aspect of the Plan to which said provision relates.

4. Participation

The Committee, in its discretion, may grant Awards to any Participant, subject to the provisions of the Plan. No Participant shall be entitled as a matter of right to receive an Award, nor shall the grant of an Award entitle a Participant to receive any future Award.

5. Shares Subject to the Plan

(a) A maximum of 2,300,000 shares of Stock (including 950,000 shares originally authorized by the Plan, 750,000 shares added by Amendment No. 1 to the Plan, and 600,000 shares added by Amendment No. 2 to the Plan), may be issued in satisfaction of any type of Award pursuant to the Plan provided, however, that no more than 50,000 shares may be granted in the form of Restricted Stock Awards. The total number of shares authorized and the number of shares which may be granted in the form of Restricted Stock Awards are subject to adjustment pursuant to Paragraph 15. Shares issued pursuant to the Plan shall be either authorized but unissued shares of Stock or shares of Stock held as treasury stock.

(b) To the extent that any Award is canceled or forfeited, or terminates, expires, or lapses for any reason, any unissued shares of Stock subject to such Award shall again be available for grant under the Plan.

Edgar Filing: CHEMFIRST INC - Form DEF 14A

(c) Any Awards granted in substitution for awards or rights issued by a company that is acquired by the Company or a Subsidiary shall not reduce the number of Shares available for grant under the Plan.

(d) Subject to adjustment pursuant to Paragraph 15, the maximum number of shares of Stock with respect to which any Employee may be awarded Stock Options, Restricted Stock or Stock Appreciation Rights in any calendar year under Paragraph 6 shall total no more than 100,000 shares.

6. Awards to Participants

As the Committee may determine, the following types of Awards may be granted under the Plan to Participants, either alone, in combination or an alternative basis:

(a) **Stock Options:** Stock Options shall be Incentive Stock Options or Nonqualified Stock Options, as determined by the Committee. Stock Options shall be granted with an exercise price which shall not be less than one hundred percent of Fair Market Value on the date of grant, or, if in substitution for a stock option previously granted an employee of an entity acquired by the Company or by a Subsidiary, with an exercise price that reflects the relative values of Company Stock and stock of the acquired entity and the employee's exercise price under such previously granted option.

Incentive Stock Options shall comply with the provisions of Section 422 of the Code and to the extent the aggregate fair market value (determined as of the time the Incentive Stock Option is granted) of the stock with respect to which Incentive Stock Options are exercisable for the first time by any individual during any calendar year under all plans of the Company and its Subsidiaries exceeds \$100,000, such options shall be treated as Nonqualified Stock Options.

A-3

A Stock Option may be exercised at such times as may be specified by the Committee at the time of grant, provided that no Stock Option granted under this Paragraph 6 shall be exercisable later than ten years after grant, or, in the case of Participants subject to Section 16 of the Exchange Act, earlier than six months after grant and provided further that the Committee may at any time before complete termination of a stock option, accelerate the time or times at which such option may be exercised, in whole or in part.

(b) **Stock Appreciation Rights:** Stock Appreciation Rights shall entitle a Participant to receive upon exercise, for each stock appreciation right exercised, (i) the excess of the Fair Market Value of a share of Stock at the time of exercise, over a price specified by the Committee, multiplied by (ii) the number of Stock Appreciation Rights exercised. The price specified by the Committee shall not be less than one hundred percent of Fair Market Value at the time the Stock Appreciation Right was granted, or, if connected with a previously issued stock option, the Fair Market Value at the time such previously issued stock option was granted, or, if in substitution for a stock appreciation right previously granted an employee of an entity acquired by the Company or by a Subsidiary, a price that reflects the relative values of Company Stock and stock of the acquired entity and the employee's price under such previously granted stock appreciation right. A Stock Appreciation Right may be granted in tandem with all or any portion of a previously or contemporaneously granted stock option (including, in addition to Stock Options granted under the Plan, options granted under other plans of the Company), or not in connection with a stock option.

Payment pursuant to a Stock Appreciation Right may be made in the form of

Edgar Filing: CHEMFIRST INC - Form DEF 14A

Stock, cash or a combination thereof, as the Committee may determine. A Stock Appreciation Right may be exercised at such times as may be specified by the Committee, either at the time of grant or thereafter, provided that no Stock Appreciation Right shall be exercisable earlier than six months after grant (except that earlier exercise may be permitted in the case of a Stock Appreciation Right substituted for a stock appreciation right previously issued by an acquired entity) nor later than ten years after grant.

(c) Performance Shares and Performance Units: An Award of Performance Shares or Performance Units shall entitle a Participant to receive Stock or a cash payment specified by the Committee, depending upon the attainment of performance criteria over a Performance Period. The Performance Period and performance criteria shall be specified by the Committee and may relate to the performance of the Company or one or more Subsidiaries or a combination thereof. Other than an Award intended to qualify under Section 162(m) of the Code, the Committee may adjust previously established performance criteria and other terms and conditions of an Award, at any time prior to the determination of the payment amount, to reflect major unforeseen events such as changes in laws, regulations or accounting policies or procedures, mergers, acquisitions or divestitures or extraordinary, unusual or non-recurring items or events, in each case in order to prevent dilution or enlargement of rights.

Payment pursuant to an Award of Performance Shares or Performance Units shall be made following the Committee's determination of the extent to which the performance criteria were satisfied, and shall be made in the form of Stock, cash or a combination thereof, as the Committee may determine. Payment shall be made as promptly as practicable following the end of the Performance Period unless deferred subject to such terms and conditions as may be prescribed by the Committee. The Committee may authorize payments in Stock (in the form of any Award available under the Plan) under any previously existing performance unit or performance share plans of the Company or any Subsidiary.

(d) Restricted Stock: Awards of Restricted Stock shall be issued in the name of a Participant as soon as practicable following the date of grant by the Committee. Such Awards shall be subject to such conditions, terms and restrictions (including performance-based or employment-based vesting, forfeiture conditions and transfer restrictions) and shall be for such period or periods as shall be determined by the Committee or as expressly stated in the Plan. The Committee shall have the power to permit an acceleration of the expiration of the applicable restriction period with respect to all or part of the shares awarded to a Participant pursuant to a Restricted Stock Award.

A-4

During the restricted period, a Participant holding shares of Restricted Stock shall have all the rights of a shareholder, including the right to vote and receive dividends, but shall not sell, assign, transfer, exchange, pledge, hypothecate or otherwise encumber such shares. Shares of Restricted Stock shall bear such legends as the Company may specify, until such time as the restrictions on the shares shall lapse, as determined by the Committee.

(e) Supplemental Payments: Subject to the Committee's discretion, any Award under this Paragraph 6 may provide for a supplemental payment by the Company or a Subsidiary to a Participant after the exercise, payment or lapse of restrictions under the Award. Such supplemental payments shall be subject to such terms and conditions as shall be provided by the Committee at the time of grant, provided that in no event shall the amount of each payment exceed:

(i) In the case of a Stock Option, the excess of Fair Market Value on the date of exercise over the Stock Option exercise price, multiplied by the number of shares for which such Stock Option is exercised, or

Edgar Filing: CHEMFIRST INC - Form DEF 14A

(ii) In the case of a Stock Appreciation Right, Performance Unit, Performance Share or Restricted Stock Award, the value of the shares and other consideration issued in payment of such Award.

(f) Performance-Based Payments: Any Awards, grants, or other payments described or referenced in this Plan and designed to provide incentives to participants for whom the Committee determines that compensation deductible by the Company would be subject to limitation under Section 162(m) of the Code may be made in a form intended to constitute "performance-based compensation" deductible under Section 162(m) (4) (C). The payment of any amounts in such form (other than amounts payable under Stock Options or Stock Appreciation Rights, granted in either case with an exercise price or SAR price equal to at least Fair Market Value at grant, or associated Supplemental Payments under subparagraph 6(e) included in such grant) shall be contingent on attainment of objective performance goals pre-established by the Committee and based, subject to such further definition and adjustments as the Committee may specify in establishing such goals, on one or more of the following business criteria: earnings per share, total shareholder return, net income, cash flow, performance against budget targets, return on equity, or return on capital.

When establishing such performance goals, the Committee shall contemporaneously prescribe the Performance Period during which such goals are to be attained and the maximum amount payable (subject to Committee discretion to decrease but not to increase such amount) on their attainment. The maximum amount that the Committee may prescribe as payable to any "covered employee" within the meaning of Section 162(m) (excluding amounts payable under Stock Options, Stock Appreciation Rights or associated Supplemental Payments) shall not exceed (i) \$500,000 in the case of a Performance Period of one year or less and (ii) \$400,000 multiplied by the number of years in the Performance Period in the case of a Performance Period of more than one year. In determining whether an amount payable is within the maximum amounts described in the preceding sentence, the amount payable shall be valued at the date following completion of the Performance Period during which such amount would be initially payable absent any elective deferral to a future date.

Any Awards, grants or other payments of performance-based compensation pursuant to this subparagraph 6(f), and any grants of Stock Options or Stock Appreciation Rights or associated Supplemental Payments intended to be exempt from the limitations of Section 162(m) of the Code, shall be made by a Committee consisting solely of two or more "outside directors" within the meaning of Section 162(m).

7. Conversion Awards--Employees

(a) Employees designated by the Committee may elect, subject to the following provisions and such terms and conditions as shall be determined by the Committee, to receive Share Units in exchange for cash compensation otherwise payable to such individuals by the Company:

(i) Share Units may be acquired by an Employee at a per share exchange price of eighty-five percent of the Fair Market Value of a share of stock determined as of the Exchange Date.

A-5

(ii) Share Units issued to Employees shall be subject to those conditions, terms and restrictions as the Committee may require and shall vest three (3) years from Exchange Date or in the event of a Rollover Election by Employee, two (2) years from effective date of last Rollover Election. For purposes of this Agreement, this three (3) year vesting

Edgar Filing: CHEMFIRST INC - Form DEF 14A

period, plus any extensions thereof pursuant to a Rollover Election, shall be hereinafter referred to as the "Employee Restricted Period", the initial three (3) year vesting period shall be hereinafter referred to as the "Initial Employee Restricted Period" and any two (2) year extension of the Employee Restricted Period pursuant to a Rollover Election shall be hereinafter referred to as a "Rollover Employee Restricted Period". Employee shall have the option to defer the vesting of any Share Unit issued hereunder for an additional period of two (2) years by making an irrevocable Rollover Election at least six (6) months prior to the date on which such Share Unit vests under the terms of Section 7. There is no limit to the number of Rollover Elections Employee may make with respect to a particular Share Unit.

(iii) With respect to annual incentives, it is expressly understood that Employees have no right to any annual incentive award if terminated for any reason prior to the end of the Performance Period. Further, Employees who are employed at the end of the Performance Period will not be entitled to any award unless the Board determines in its sole and absolute discretion to grant such award.

(iv) In addition, no cash or other property will be set aside in a trust or other account to secure the Company's performance under this Plan. Assets to be paid to Employees under this Plan will be subject to the claims of the Company's general creditors.

(v) Employees cannot transfer, pledge, or assign any of the benefits under this Plan.

(vi) No interest will accrue or be paid with respect to any amounts deferred under the Plan.

(b) At a time specified by the Committee which is prior to the Exchange Date for base salary and at least six (6) months prior to the end of the applicable fiscal year for annual incentives, Employee may make an irrevocable election to defer up to the lesser of 30% or \$30,000 of a year's base salary and/or up to the lesser of 50% or \$50,000 of an annual incentive award (for purposes of this Agreement, the "Deferral Amount") and exchange it for Share Units in accordance with the following provisions and such other terms, conditions and limitations as shall be determined by the Committee from time to time:

An Employee's base salary or annual incentive award may be exchanged for Share Units in the following manner:

(1) If an Employee elects to receive Share Units, he or she shall receive that number of units equal in value to the Deferral Amount, as determined pursuant to Subparagraph (a) (i) above. The Deferral Amount shall be deducted from the Employee's base salary in equal installments beginning the month of the Exchange Date, or, in the case of annual incentive, the full Deferral Amount shall be deducted from the applicable annual incentive award at the time of payment.

(2) Except as otherwise determined by the Committee, if the Employee's employment with the Company or a Subsidiary is terminated by the Company or Subsidiary for cause during the Employee Restricted Period or the Employee voluntarily terminates his employment during the Initial Employee Restricted Period with respect to a Share Unit, such non-vested Share Unit shall be forfeited and returned to the Company and in substitution thereof the Employee shall receive a cash payment equal to, (x) the lower of the Fair Market Value of the Share Unit (for purposes of this Agreement, Fair Market Value of a Share Unit shall be the average of the highest and lowest company stock price on the day of valuation or, if the Company's stock is

Edgar Filing: CHEMFIRST INC - Form DEF 14A

not traded on such date, on the immediately preceding trading date) on the date of termination or the Deferral Amount, multiplied by (y) the percentage of the Deferral Amount collected by the Company prior to the date of termination.

In the event Employee voluntarily terminates his or her employment with the Company or a Subsidiary during a Rollover Employee Restricted Period with respect to a Share Unit, such non-vested Share Unit shall be forfeited and returned to the Company and in substitution thereof, the Employee shall receive a cash payment equal to (i) the Fair Market Value of the Share Unit on the effective date of the most recent

A-6

Rollover Election if the Fair Market Value of such Share Unit on the date of termination is higher than the Fair Market Value of such Share Unit on the effective date of the most recent Rollover Election or (ii) the lower of the Fair Market Value of the Share Unit on the date of termination or the Deferral Amount if the Fair Market Value of such Share Unit on the date of termination is lower than the Fair Market Value of such Share Unit on the effective date of the most recent Rollover Election.

In the event Employee's employment with the Company is terminated by the Company without cause or Employee's employment is terminated due to Employee's Death, Disability, or Normal Retirement (which for purposes of this Section 7 shall be defined as retirement at age 65 or older) or termination is for any reason not specified elsewhere in this Subparagraph (b) (2) during an Employee Restricted Period with respect to a Share Unit, each such non-vested Share Unit shall be forfeited and returned to the Company and in substitution thereof Employee shall receive a cash payment equal to (x) the higher of the Fair Market Value of the Share Unit on the date of termination or the Deferral Amount, multiplied by (y) the percentage of the Deferral Amount collected by the Company prior to the date of termination.

(c) During any Employee Restricted Period, Employee shall be entitled to receive additional Share Units equal in value (based on the Fair Market Value of a Share Unit on the record dividend date) to the amount of cash dividends said Employee would have received had he or she owned one (1) share of the Company's Common Stock for each Share Unit owned by such Employee on each record dividend date during such Employee Restricted Period.

(d) Once a Share Unit becomes vested, each Share Unit shall be returned to the Company in exchange for payment in the form of cash or stock, as determined by the Committee, in an amount equal to the Fair Market Value of the Share Unit on the Vesting Date of Record. Payment shall be made within ninety (90) days of vesting.

8. Stock Option Exercise

(a) The exercise price for Stock Options issued under the Plan shall be paid in full when the Stock Option is exercised. The exercise price may be paid (i) in cash, (ii) in whole shares of Stock owned by the option holder at least six months prior to exercise, valued at Fair Market Value on the date of exercise, or (iii) by a combination of such methods of payment. In addition, a Stock Option holder may exercise the Stock Option by providing assurance from a broker registered under the Exchange Act of the delivery of the proceeds of an imminent sale of the Stock to be issued pursuant to the exercise of the Stock Option, such sale to be made at the direction of the Stock Option holder. In the case of Participants, the foregoing shall be subject to such terms, conditions and limitations as the Committee may specify from time to

Edgar Filing: CHEMFIRST INC - Form DEF 14A

time.

(b) The holder of a Stock Option shall have none of the rights of a shareholder until exercise of the Option and the issuance of shares of Stock pursuant to it.

9. General Restrictions

The Committee may, in its sole discretion, elect to defer the exercise, vesting or payment of an Award (or any part thereof) granted under the Plan, if necessary to avoid the loss of a deduction by the Company under Section 162(m) of the Code.

10. Rights of a Participant

A Participant receiving any Award under the Plan, unless otherwise provided by the Plan or decided by the Committee, shall have no rights as a shareholder unless and until certificates for shares of stock are issued to him.

A-7

11. Termination of Employment or Service

(a) Except as provided in Paragraph 7, the effect of termination of a Participant's employment with the Company upon any outstanding Awards shall be determined by the Committee in its sole discretion as specified in the documentation evidencing a particular award.

(b) Nothing in the Plan or in any agreement entered into pursuant to the Plan shall confer upon any Participant the right to continue in the employment or service of the Company or its Subsidiaries as a Participant, or affect any right which the Company or such Subsidiaries may have to terminate the employment or service of such Participant. For purposes of this Plan and notwithstanding anything to the contrary contained elsewhere in this Plan, no termination of a Participant's employment, Board service, or consulting service with the Company within the meaning of this Plan shall be deemed to have occurred by virtue of the Company entering into any agreement with respect to, the public announcement of, the approval by the Company's shareholders or directors of, or the consummation of, any transaction or series of integrated transactions, if, prior to the occurrence of such transaction or series of integrated transactions, a majority of the Continuing Directors (as defined in Section 18 hereof) then in office determine that such transaction or series of integrated transactions should not be treated as a termination of a Participant's employment or Board service or consulting service with the Company within the meaning of this Plan.

12. Withholding

The Company shall have the right to withhold from any payments made under this Plan, or to collect as a condition of payment, any taxes required by law to be withheld. At any time when a Participant is required to pay to the Company an amount required to be withheld under applicable income tax laws in connection with a distribution of shares of Stock pursuant to this Plan, the Participant may satisfy this obligation in whole or in part by electing to have the Company withhold from such distribution shares of Stock having a value equal to the amount required to be withheld. The value of the shares of Stock to be withheld shall be based on the Fair Market Value of the Stock on the date that the amount of tax to be withheld shall be determined. The rules governing such withholding elections, including the date or dates by which such an election must be made, shall be determined by the Committee as necessary and in compliance with Rule 16b-3.

Edgar Filing: CHEMFIRST INC - Form DEF 14A

13. Restrictions on Transfer

Except as otherwise provided in this Paragraph 13, no Stock Option or other Award under the Plan shall be assignable or transferable by the Participant other than by will or by the laws of descent and distribution and all Stock Options shall be exercisable during the Participant's lifetime only by the Participant. The Committee may, in its sole discretion, when and if permitted by Rule 16b-3, establish guidelines providing for the irrevocable transfer, without payment of consideration, of any Stock Option, other than Incentive Stock Options, by the Participant to a member of the Participant's immediate family or to a trust, partnership or other pass-through entity, whose beneficiaries are members of the Participant's immediate family. For purposes of this Paragraph 14, the term "immediate family" shall include the Participant's spouse, children and grandchildren.

14. Non-Uniform Determinations

The Committee's determinations under the Plan (including without limitation determinations of the Participants to receive Awards, the form, amount and timing of such Awards, the terms and provisions of such Awards and the agreements evidencing same, and the establishment of values and performance targets) need not be uniform and may be made by the Committee selectively among Participants who receive, or are eligible to receive, Awards under the Plan, whether or not such Participants are similarly situated.

15. Adjustments in Stock and Related Adjustments

In the event of a reclassification, recapitalization, merger, consolidation, reorganization, issuance of warrants or other rights, stock dividend, stock split or reverse stock split, cash dividend, property dividend, including,

A-8

without limitation, a distribution of the stock of a Subsidiary, combination or exchange of shares, repurchase of shares, or any other change in the capital structure of the Company in order to prevent dilution or enlargement of rights, the Committee shall determine the appropriate adjustments, if any, to (a) the number of shares of stock which may be issued under the Plan, (b) the number of shares issuable and the exercise price per share pursuant to an outstanding Award theretofore granted under this Plan and, (c) the number and kind of shares which may underlie an Award granted pursuant to Paragraph 5(d).

16. Amendment or Termination

The Committee at any time and from time to time may suspend, terminate, modify or amend the Plan; provided, however, that an amendment which requires stockholder approval in order for the Plan to continue to comply with Rule 16b-3, Section 162(m), or Section 422 of the Code or any other law, regulation or stock exchange requirement shall not be effective unless approved by the requisite vote of stockholders. No suspension, termination, modification or amendment of the Plan may adversely affect any Award previously granted without the written consent of the Participant.

17. Duration of the Plan

The Plan shall remain in effect until all Awards under the Plan have been satisfied by the issuance of Stock or the payment of cash, but no Award shall be granted more than ten years after the date the Plan is approved by the shareholders of the Company, which shall be the Plan's effective date.

Edgar Filing: CHEMFIRST INC - Form DEF 14A

18. Change in Control

For purposes of the Plan, a "Change of Control" shall have occurred if:

(a) Any corporation, person or other entity (other than the Company) makes a tender or exchange offer for shares of Stock and shares are purchased pursuant thereto ("Offer");

(b) More than fifty percent of the Company Stock is acquired by any person or group;

(c) During the period of two consecutive years, individuals who at the beginning of such period were members of the Board cease for any reason to constitute at least a majority thereof (unless the election, or the nomination for election by the Company's shareholders, of each new Director was approved by a vote of at least two-thirds of the Directors then still in office who were Directors at the beginning of the period); or

(d) The shareholders of the Company approve a definitive agreement to merge the Company with another corporation where the Company is not the surviving corporation or survives only as a subsidiary of another corporation, to consolidate the Company with another corporation, or sell or otherwise dispose of substantially all of the Company's assets.

In the event of the occurrence of a Change of Control, then from and after the date of the first purchase of Stock pursuant to the Offer, or the date on which public announcement of the acquisition of such percentage of stock shall have been made, or the date on which such change in the composition of the Board shall have occurred, or the date of any such shareholder approval, all Stock Options and Stock Appreciation Rights and other Awards granted pursuant to the Plan which remain outstanding shall automatically become exercisable in full, whether or not otherwise exercisable, and all other Awards under the Plan shall be vested as determined by the Committee. Notwithstanding the foregoing, no "Change of Control" shall be deemed to have occurred by virtue of any of the events set forth above if, prior to the occurrence of such event, a majority of the Continuing Directors then in office determine that such event should not be treated as a "Change of Control" for purposes of this Plan. "Continuing Director" shall mean any member of the Board of Directors of the Company who is a member of the Board of Directors as of the date of this Agreement and any person who subsequently becomes a member of the Board of Directors, if such person's nomination for election or election to the Board of Directors is recommended or approved by a majority of the Continuing Directors.

A-9

19. Intent; Separability

All Incentive Stock Options granted hereunder are intended to comply with Section 422 of the Code and, to the extent applicable, Section 424 of the Code, and all provisions of this Plan and all Incentive Stock Options granted hereunder shall be construed in such manner as to effectuate that intent. This Plan and all Stock Options, stock appreciation rights, and other awards and rights granted hereunder are intended to satisfy the conditions of Rule 16b-3, as amended, and all provisions of this Plan and all Stock Options, Stock Appreciation Rights, and other awards and rights granted hereunder shall be construed in such manner as to effectuate that intent. If any of the terms or provisions of this Plan conflict with the requirements of Rule 16b-3 (as it may be amended from time to time) or Sections 422 and 424 of the Code (as they

Edgar Filing: CHEMFIRST INC - Form DEF 14A

may be amended from time to time), then such terms or provisions shall be deemed inoperative to the extent that they so conflict with such requirements.

20. Governing Law

To the extent that Federal laws do not otherwise control, this Plan shall be construed in accordance with and governed by the law of the state of Mississippi.
