KEY MESSAGES TAKE-AWAY

This document is designed to help you get the word out about DIRECTV's positive activities. We hope this helps you to communicate how we are focused on DIRECTV, the DIRECTV brand, the company and its business as well as all of our customers. This document is also designed to assist you with answers to commonly asked questions, particularly about misperceptions surrounding the pending merger between DIRECTV's parent company, HUGHES Electronics and EchoStar Communications, the parent company of the Dish Network.

KEY MESSAGES:

DIRECTV'S BUSINESS REMAINS STRONG

An experienced management team focused on moving the company forward is in place. In the second half of 2001, DIRECTV has:

- o Shown major improvements in all operational areas in a relatively short amount of time;
- o Added 425,000 net new subscribers in the third quarter of 2001, nearly double what Wall Street anticipated we'd do;
- o Reduced piracy & -churn;
- o And, as a result, reduced our overall subscriber acquisition costs.

NOW IS THE BEST TIME TO BECOME A DIRECTV SUBSCRIBER

Why? Because:

- o DIRECTV offers more channels than ever with expanded local channel coverage. DIRECTV now offers virtually every local channel in 41 metropolitan markets and we are launching local channels in 10 additional markets this year.
- o Beginning February 1, DIRECTV will offer new customers three free months of HBO and Cinemax (12-month commitment to TOTAL CHOICE required). Coupled with free standard installation, this represents a \$150.00 value.
- o DIRECTV offers exclusive programming like the NFL SUNDAY TICKET(TM) package that is not available on cable.

### DIRECTV CONTINUES TO BE AMERICA'S LEADING SATELLITE BROADCASTER

- o Streamlining and simplifying our programming packages to offer customers even more value;
- o Expanding our overall programming offerings;
- o Offering more interactive programming; and
- o Continuing to provide enhanced services like TiVo and UltimateTV.

### DIRECTV'S FUTURE IS BRIGHT

It's about:

- 1) More choice
- 2) More services
- 3) More for your money

### QUESTIONS & ANSWERS

I'M THINKING OF GETTING THE DIRECTV(R) SERVICE. SHOULD I WAIT?

Now is a great time to get DIRECTV. We offer a wide array of programming, some of it not available on cable, such as our NFL SUNDAY TICKET(TM). We also have a variety of customer incentives. Beginning February 1, new customers can receive three free months of HBO and Cinemax (12-month commitment to TOTAL CHOICE required). Coupled with free standard installation, this represents a \$150.00 value.

I'M A DIRECTV CUSTOMER. SHOULD I CONVERT TO DISH NETWORK NOW?

No. There's no need to switch. Your service and DIRECTV will continue regardless. If after the merger is finalized you need new equipment to continue to receive your current DIRECTV service, we'll provide it at no additional cost.

WILL DIRECTV OR DISH NETWORK EQUIPMENT BE THE NEW STANDARD?

No decision has been made on the equipment standard. But if you were to need new equipment to continue to receive the DIRECTV services you currently enjoy, we would provide it at no additional cost.

WILL MY CITY GET LOCAL CHANNELS FROM THE NEW DIRECTV(R) SERVICE AS A RESULT OF THE MERGER?

DIRECTV has already begun expanding its local channel coverage in our existing 41 markets and we will launch local channels in 10 additional markets this year. Although it is too early to tell exactly how many cities will benefit from expanded coverage as a result of the proposed merger, the merger will further enhance DIRECTV's ability to offer expanded local channel coverage in small and mid-size markets.

## Edgar Filing: GENERAL MOTORS CORP - Form 425

WHEN WILL THE COMPANIES MERGE?

The merger can't happen until we receive various government approvals. This could take at least nine months. After approval and finalization of the merger, both services would continue for some period of time as the process to make both services compatible is implemented.

WHY COMBINE THE DIRECTV(R) SERVICE AND DISH NETWORK SERVICE?

By joining forces, the merged company would be able to eliminate broadcasting redundancies, freeing up hundreds of channels so we can offer many more programming choices.

2

WHAT SPECIFIC BENEFITS WOULD THE MERGER BRING?

We believe that the merged company will enable DIRECTV to expand its offerings. Nothing has been decided yet, but we hope we will be able to offer things like the following: o More local channels in more cities. o Expanded high definition service. o More interactive television services o Expanded broadcasting capacity to launch new services no one else has yet provided.

WHEN WILL MORE INFORMATION BE AVAILABLE?

We don't anticipate any significant announcements about the merger until government approval is received. This is expected to occur in the summer or fall of this year. However, we will continue to post updates about our expanded service offerings and the merger progress on our Web site at [DIRECTV.com/news](http://DIRECTV.com/news) and periodically on our on-air customer information channel.
