EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the quarter ended September 30, 2014 of CBL & Associates Properties, Inc. and CBL & Associates Limited Partnership. Unless stated otherwise or the context otherwise requires, references to the "Company" mean CBL & Associates Properties, Inc. and its subsidiaries. References to the "Operating Partnership" mean CBL & Associates Limited Partnership and its subsidiaries. The terms "we," "us" and "our" refer to the Company or the Company and the Operating Partnership collectively, as the context requires.

The Company is a real estate investment trust ("REIT") whose stock is traded on the New York Stock Exchange. The Company is the 100% owner of two qualified REIT subsidiaries, CBL Holdings I, Inc. and CBL Holdings II, Inc. At September 30, 2014, CBL Holdings I, Inc., the sole general partner of the Operating Partnership, owned a 1.0% general partner interest in the Operating Partnership and CBL Holdings II, Inc. owned an 84.3% limited partner interest for a combined interest held by the Company of 85.3%.

As the sole general partner of the Operating Partnership, the Company's subsidiary, CBL Holdings I, Inc., has exclusive control of the Operating Partnership's activities. Management operates the Company and the Operating Partnership as one business. The management of the Company consists of the same individuals that manage the Operating Partnership. The Company's only material asset is its indirect ownership of partnership interests of the Operating Partnership. As a result, the Company conducts substantially all its business through the Operating Partnership as described in the preceding paragraph. The Company also issues public equity from time to time and guarantees certain debt of the Operating Partnership. The Operating Partnership holds all of the assets and indebtedness of the Company and, through affiliates, retains the ownership interests in the Company's joint ventures. Except for the net proceeds of offerings of equity by the Company, which are contributed to the Operating Partnership in exchange for partnership units on a one-for-one basis, the Operating Partnership generates all remaining capital required by the Company's business through its operations and its incurrence of indebtedness.

We believe that combining the two quarterly reports on Form 10-Q for the Company and the Operating Partnership provides the following benefits:

- enhances investors' understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner that management views and operates the business;

- eliminates duplicative disclosure and provides a more streamlined and readable presentation, since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and

- creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

To help investors understand the differences between the Company and the Operating Partnership, this report provides separate condensed consolidated financial statements for the Company and the Operating Partnership. Noncontrolling interests, shareholders' equity and partners' capital are the main areas of difference between the condensed consolidated financial statements of the Company and those of the Operating Partnership. A single set of notes to condensed consolidated financial statements is presented that includes separate discussions for the Company and the Operating Partnership, when applicable. A combined Management's Discussion and Analysis of Financial Condition and Results of Operations section is also included that presents combined information and discrete information related to each entity, as applicable.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-Q

In order to highlight the differences between the Company and the Operating Partnership, this report includes the following sections that provide separate financial information for the Company and the Operating Partnership:

- condensed consolidated financial statements;

certain accompanying notes to condensed consolidated financial statements, including Note 5 - Unconsolidated Affiliates, Redeemable Interests, Noncontrolling Interests and Cost Method Investments; Note 6 - Mortgage and Other Indebtedness; Note 7 - Comprehensive Income; and Note 11 - Earnings Per Share and Earnings Per Unit;

controls and procedures in Item 4 of Part I of this report; and

certifications of the Chief Executive Officer and Chief Financial Officer included as Exhibits 31.1 through 32.4.

 CBL & Associates Limited Partnership
 Notes to Unaudited Condensed Consolidated Financial Statements
 (Dollars in thousands, except per share and per unit data)

Note 1 – Organization and Basis of Presentation

CBL & Associates Properties, Inc. (“CBL”), a Delaware corporation, is a self-managed, self-administered, fully-integrated real estate investment trust (“REIT”) that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls, open-air centers, outlet centers, associated centers, community centers and office properties. Its properties are located in 27 states, but are primarily in the southeastern and midwestern United States.

CBL conducts substantially all of its business through CBL & Associates Limited Partnership (the “Operating Partnership”). The Operating Partnership consolidates the financial statements of all entities in which it has a controlling financial interest or where it is the primary beneficiary of a variable interest entity (“VIE”). As of September 30, 2014, the Operating Partnership owned interests in the following properties:

	Malls ⁽¹⁾	Associated Centers	Community Centers	Office Buildings ⁽²⁾	Total
Consolidated properties	73	25	6	8	112
Unconsolidated properties ⁽³⁾	9	4	5	5	23
Total	82	29	11	13	135

(1)Category consists of regional malls, open-air centers and outlet centers (including one mixed-use center).

(2)Includes CBL's corporate office building.

(3) The Operating Partnership accounts for these investments using the equity method because one or more of the other partners have substantive participating rights.

At September 30, 2014, the Operating Partnership had interests in the following properties under development:

	Consolidated Properties			Unconsolidated Properties	
	Malls	Associated Centers	Community Centers	Malls	Community Centers
Development	—	—	1	—	—
Expansions	—	—	—	—	2
Redevelopment	2	1	—	1	—

The Operating Partnership also holds options to acquire certain development properties owned by third parties. CBL is the 100% owner of two qualified REIT subsidiaries, CBL Holdings I, Inc. and CBL Holdings II, Inc. At September 30, 2014, CBL Holdings I, Inc., the sole general partner of the Operating Partnership, owned a 1.0% general partner interest in the Operating Partnership and CBL Holdings II, Inc. owned an 84.3% limited partner interest for a combined interest held by CBL of 85.3%.

As used herein, the term "Company" includes CBL & Associates Properties, Inc. and its subsidiaries, including CBL & Associates Limited Partnership and its subsidiaries, unless the context indicates otherwise. The term "Operating Partnership" refers to CBL & Associates Limited Partnership and its subsidiaries.

The noncontrolling interest in the Operating Partnership is held by CBL & Associates, Inc., its shareholders and affiliates and certain senior officers of the Company (collectively "CBL's Predecessor"), all of which contributed their interests in certain real estate properties and joint ventures to the Operating Partnership in exchange for a limited partner interest when the Operating Partnership was formed in November 1993, and by various third parties. At September 30, 2014, CBL's Predecessor owned a 9.1% limited partner interest and third parties owned a 5.6% limited partner interest in the Operating Partnership. CBL's Predecessor also owned 3.4 million shares of CBL's common stock at September 30, 2014, for a total combined effective interest of 10.8% in the Operating Partnership.

The Operating Partnership conducts the Company's property management and development activities through its wholly-owned subsidiary, CBL & Associates Management, Inc. (the "Management Company"), to comply with certain requirements of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code").

Table of Contents

The accompanying condensed consolidated financial statements are unaudited; however, they have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair presentation of the financial statements for these interim periods have been included. All intercompany transactions have been eliminated. The results for the interim period ended September 30, 2014 are not necessarily indicative of the results to be obtained for the full fiscal year.

Certain historical amounts have been reclassified to conform to the current year's presentation. The financial results of certain properties that met the criteria for classification as discontinued operations, prior to the adoption of Accounting Standards Update ("ASU") 2014-08, Reporting Discontinued Operations and Disclosures of Components of an Entity ("ASU 2014-08") in the first quarter of 2014, have been classified as discontinued operations in the condensed consolidated financial statements for all periods presented herein. Except where noted, the information presented in the Notes to Unaudited Condensed Consolidated Financial Statements excludes discontinued operations.

These condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and notes thereto included in its Annual Report on Form 10-K for the year ended December 31, 2013.

Note 2 – Recent Accounting Pronouncements

Accounting Guidance Adopted

In February 2013, the Financial Accounting Standards Board ("FASB") issued ASU 2013-04, Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date ("ASU 2013-04"). ASU 2013-04 addresses the diversity in practice related to the recognition, measurement and disclosure of certain obligations which are not addressed within existing GAAP guidance. Such obligations under the scope of ASU 2013-04 include debt arrangements, other contractual obligations, settled litigation and judicial rulings. The guidance requires an entity to measure these joint and several obligations as the sum of the amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors as well as any additional amount the reporting entity expects to pay on behalf of its co-obligors. ASU 2013-04 also requires an entity to disclose information about the nature and amount of these obligations. For public companies, ASU 2013-04 was effective on a retrospective basis for fiscal years, and interim periods within those years, beginning after December 15, 2013. The adoption of ASU 2013-04 did not have an impact on the Company's condensed consolidated financial statements.

In July 2013, the FASB issued ASU 2013-11, Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists ("ASU 2013-11"). The objective of this update is to reduce the diversity in practice related to the presentation of certain unrecognized tax benefits. ASU 2013-11 provides that unrecognized tax benefits are to be presented as a reduction of a deferred tax asset for a net operating loss ("NOL") carryforward, a similar tax loss or a tax credit carryforward when settlement in this manner is available under the governing tax law. To the extent such an NOL carryforward, a similar tax loss or a tax credit carryforward is not available at the reporting date under the governing tax law to settle taxes that would result from the disallowance of the tax position or the entity does not intend to use the deferred tax asset for this purpose, the unrecognized tax benefit is to be recorded as a liability in the financial statements and should not be netted with a deferred tax asset. ASU 2013-11 was effective for public companies for fiscal years beginning after December 15, 2013 and interim periods within those years. The guidance is applied prospectively to all unrecognized tax benefits that exist at the effective date. Retrospective application was permitted. The adoption of ASU 2013-11 did not have an impact on the Company's condensed consolidated financial statements.

In April 2014, the FASB issued ASU 2014-08. This update changes the criteria for reporting discontinued operations and provides enhanced disclosures about the financial effects of discontinued operations. The intent of the guidance is to require an entity to classify disposals as discontinued operations only when they clearly represent a major strategic business shift such as a disposal of a line of business, significant geographical area or major equity method investment. For significant disposals not classified as discontinued operations, ASU 2014-08 requires the disclosure of

the pre-tax income or loss attributable to the disposal for the period in which it is disposed of (or is classified as held for sale) and for all prior periods that are presented. If a significant disposal not classified as discontinued operations includes a noncontrolling interest, the pre-tax income or loss attributable to the parent for the period in which it is disposed of or is classified as held for sale is disclosed. For public companies, ASU 2014-08 is effective on a prospective basis for all disposals (or classifications as held for sale) that occur within annual periods beginning on or after December 15, 2014 and interim periods within those years. Early adoption is permitted, but only for disposals (or classifications as held for sale) that have not been reported in financial statements previously issued or available for issuance. The Company elected to adopt this guidance in the first quarter of 2014. The Company expects the majority of its disposals in the future will not meet the criteria under ASU 2014-08 to be classified as discontinued operations, which will reduce the requirement to reclassify discontinued operations for both the period of disposal (or classification as held for sale) and for comparative periods.

Accounting Guidance Not Yet Effective

In May 2014, the FASB and the International Accounting Standards Board jointly issued ASU 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"). The objective of this converged standard is to enable financial statement users to better understand and analyze revenue by replacing current transaction and industry-specific guidance with a more principles-based approach to revenue recognition. The core principle of ASU 2014-09 is that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that the entity expects to be entitled to receive in exchange for those goods or services. The guidance also requires additional disclosure about the nature, timing and uncertainty of revenue and cash flows arising from customer contracts. ASU 2014-09 applies to all contracts with customers except those that are within the scope of other guidance such as lease and insurance contracts. For public companies, ASU 2014-09 is effective for annual periods beginning after December 15, 2016 and interim periods within those years using one of two retrospective application methods. Early adoption is not permitted. The Company is evaluating the impact that this update may have on its consolidated financial statements.

Note 3 – Fair Value Measurements

The Company has categorized its financial assets and financial liabilities that are recorded at fair value into a hierarchy in accordance with Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosure, ("ASC 820") based on whether the inputs to valuation techniques are observable or unobservable. The fair value hierarchy contains three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs represent quoted prices in active markets for identical assets and liabilities as of the measurement date.

Level 2 – Inputs, other than those included in Level 1, represent observable measurements for similar instruments in active markets, or identical or similar instruments in markets that are not active, and observable measurements or market data for instruments with substantially the full term of the asset or liability.

Level 3 – Inputs represent unobservable measurements, supported by little, if any, market activity, and require considerable assumptions that are significant to the fair value of the asset or liability. Market valuations must often be determined using discounted cash flow methodologies, pricing models or similar techniques based on the Company's assumptions and best judgment.

The asset or liability's fair value within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Under ASC 820, fair value measurements are determined based on the assumptions that market participants would use in pricing the asset or liability in an orderly transaction at the measurement date. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs and consider assumptions such as inherent risk, transfer restrictions, and risk of nonperformance.

Fair Value Measurements on a Recurring Basis

The following tables set forth information regarding the Company's financial instruments that are measured at fair value on a recurring basis in the accompanying condensed consolidated balance sheets as of September 30, 2014 and December 31, 2013:

	Fair Value at	Fair Value Measurements at Reporting Date Using

---------------------	---------	---	---------	-----

The Company recognizes transfers in and out of every level at the end of each reporting period. There were no transfers between Levels 1, 2, or 3 for any periods presented.

Intangible lease assets and other assets in the condensed consolidated balance sheets include marketable securities consisting of corporate equity securities that are classified as available-for-sale. Net unrealized gains and losses on available-for-sale securities that are deemed to be temporary in nature are recorded as a component of AOCI in redeemable noncontrolling interests, shareholders' equity and partners' capital, and noncontrolling interests. If a decline in the value of an investment is deemed to be other than temporary, the investment is written down to fair value and an impairment loss is recognized in the current period to the extent of the decline in value. During the three and nine month periods ended September 30, 2014 and 2013, the Company did not record any write-downs related to other-than-temporary impairments. The Company did not recognize any realized gains or losses related to sales of marketable securities during the three and nine month periods ended September 30, 2014 and 2013. The fair values of the Company's available-for-sale securities are based on quoted market prices and are classified under Level 1. The following is a summary of the available-for-sale securities held by the Company as of September 30, 2014 and December 31, 2013:

	Adjusted Cost	Gross Unrealized		Fair Value
		Gains	Losses	
September 30, 2014:				
Common stocks	\$4,195	\$16,018	\$—	\$20,213
		Gross Unrealized		
	Adjusted Cost	Gains	Losses	Fair Value
December 31, 2013:				
Common stocks	\$4,195	\$9,778	\$—	\$13,973

The Company uses interest rate swaps and caps to mitigate the effect of interest rate movements on its variable-rate debt. The Company had four interest rate swaps as of September 30, 2014 and four interest rate swaps and one interest rate cap as of December 31, 2013, that qualified as hedging instruments and were designated as cash flow hedges. The interest rate cap is included in intangible lease assets and other assets and the interest rate swaps are reflected in accounts payable and accrued liabilities in the accompanying condensed consolidated balance sheets. The swaps and cap have met the effectiveness test criteria since inception and changes in their fair values are, thus, reported in other comprehensive income (loss) ("OCI/L") and are reclassified into earnings in the same period or periods during which the hedged items affect earnings. The fair values of the Company's interest rate hedges, classified under Level 2, are determined based on prevailing market data for contracts with matching durations, current and anticipated LIBOR information, consideration of the Company's credit standing, credit risk of the counterparties and reasonable estimates about relevant future market conditions. See [Note 6](#) for further information regarding the Company's interest rate hedging instruments.

The carrying values of cash and cash equivalents, receivables, accounts payable and accrued liabilities are reasonable estimates of their fair values because of the short-term nature of these financial instruments. Based on the interest rates for similar financial instruments, the carrying value of mortgage and other notes receivable is a reasonable estimate of fair value. The estimated fair value of mortgage and other indebtedness was \$4,905,034 and \$5,126,300 at September 30, 2014 and December 31, 2013,

Table of Contents

respectively. The fair value was calculated using Level 2 inputs by discounting future cash flows for mortgage and other indebtedness using estimated market rates at which similar loans would be made currently. The carrying amount of mortgage and other indebtedness was \$4,711,421 and \$4,857,523 at September 30, 2014 and December 31, 2013, respectively.

Fair Value Measurements on a Nonrecurring Basis

The Company measures the fair value of certain long-lived assets on a nonrecurring basis, through quarterly impairment testing or when events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. The Company considers both quantitative and qualitative factors in its impairment analysis of long-lived assets. Significant quantitative factors include historical and forecasted information for each property such as net operating income ("NOI"), occupancy statistics and sales levels. Significant qualitative factors used include market conditions, age and condition of the property and tenant mix. Due to the significant unobservable estimates and assumptions used in the valuation of long-lived assets that experience impairment, the Company classifies such long-lived assets under Level 3 in the fair value hierarchy. The fair value analysis as of September 30, 2014 used various probability-weighted scenarios comparing the property's net book value to the sum of its estimated fair value. Assumptions included up to a 10-year holding period with a sale at the end of the holding period and capitalization rates ranging from 9% to 12%.

The following table sets forth information regarding the Company's assets that are measured at fair value on a nonrecurring basis:

	Total	Fair Value Measurements at Reporting Date Using			Total Loss
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Long-lived Assets Measured at Fair Value in 2014

During the nine months ended September 30, 2014, the Company wrote down three properties to their estimated fair values. These properties were Chapel Hill Mall, Lakeshore Mall and Pemberton Plaza. All three of these properties were disposed of as of September 30, 2014 as described below.

In accordance with the Company's quarterly impairment review process, the Company recorded a non-cash impairment of real estate of \$12,050 in the first quarter of 2014 related to Chapel Hill Mall, located in Akron, OH, to write-down the depreciated book value to its estimated fair value of \$53,348 as of March 31, 2014. The mall had experienced declining cash flows which were insufficient to cover the debt service on the mortgage secured by the property and the non-recourse loan was in default. In September 2014, the Company conveyed Chapel Hill Mall to the lender by a deed-in-lieu of foreclosure. See [Note 6](#) for additional information.

The Company recognized a non-cash impairment of real estate of \$5,100 when it adjusted the book value of Lakeshore Mall, located in Sebring, FL, to its estimated fair value of \$13,780 based on a binding purchase agreement signed in April 2014. The sale closed in May 2014 and the Company recognized an impairment loss of \$106 in the second quarter of 2014 as a result of additional closing costs.

In September 2014, the Company recognized an impairment loss of \$497 to true-up the fair value of Pemberton Plaza, a community center located in Vicksburg, MS, to its net sales price. See [Note 4](#) for further information on this sale.

Note 4 – Disposals and Discontinued Operations

In the first quarter of 2014, the Company adopted ASU 2014-08, which changed the definition and criteria of property disposals classified as discontinued operations, on a prospective basis. As a result of applying this accounting guidance, the 2014 disposals listed below were not reclassified to discontinued operations as the 2013 disposals were.

2014 Dispositions

The results of operations of the properties described below, as well as any gain on extinguishment of debt and impairment losses related to those properties, are included in income from continuing operations for all periods presented, as applicable. Net proceeds from these 2014 dispositions were used to reduce the outstanding balances on the Company's credit facilities, unless otherwise noted. The following is a summary of the Company's 2014 dispositions:

Sales Date	Property	Property Type	Location	Sales Price		Gain
				Gross	Net	
2014 Activity:						
September	Pemberton Plaza ⁽¹⁾	Community Center	Vicksburg, MS	\$1,975	\$1,886	\$—
June	Foothills Plaza Expansion	Associated Center	Maryville, TN	2,640	2,387	934
May	Lakeshore Mall ⁽²⁾	Mall	Sebring, FL	14,000	13,613	—
				\$18,615	\$17,886	\$934

(1) The Company recognized a loss on impairment of real estate of \$497 in the third quarter of 2014 when it adjusted the book value of Pemberton Plaza to its net sales price. The sale closed in September 2014.

The gross sales price of \$14,000 consisted of a \$10,000 promissory note and \$4,000 in cash. See Note 8 for additional information about the note receivable. The Company recognized a loss on impairment of real estate of \$5,100 in the first quarter of 2014 when it adjusted the book value of Lakeshore Mall to its estimated fair value of

(2) \$13,780 based on a binding purchase agreement signed in April 2014. The sale closed in May 2014 and the Company recognized an impairment loss of \$106 in the second quarter of 2014 as a result of additional closing costs.

In September 2014, the Company conveyed Chapel Hill Mall to the mortgage lender by a deed-in-lieu of foreclosure. The mortgage loan was non-recourse and had a balance of \$68,563. The Company recorded a non-cash impairment of real estate of \$12,050 in the first quarter of 2014 to write down the book value of this property to its then estimated fair value. As a result of the conveyance, the Company recognized a gain on extinguishment of debt of \$18,259 million in the third quarter of 2014 representing the difference between the debt extinguished over the net book value of the property as of the transfer date. See Note 6 for additional information.

In January 2014, the mortgage lender for Citadel Mall completed the foreclosure on the property. The lender received the title in satisfaction of the non-recourse debt which had a balance of \$68,169. A non-cash loss on impairment of \$20,453 was recorded in the second quarter of 2013 to write down the book value of this property to its then estimated fair value. In the nine months ended September 30, 2014, the Company recognized a non-cash gain on extinguishment of debt of \$43,932 representing the amount by which the outstanding debt balance exceeded the net book value of the property as of the transfer date. See Note 6 for additional information.

See Note 16 for information on a disposition that occurred subsequent to September 30, 2014.

2013 Dispositions

The results of operations of the properties described below, as well as any gains or impairment losses related to those properties, are included in discontinued operations for all periods presented, as applicable. Net proceeds from these 2013 dispositions were used to reduce the outstanding balances on the Company's credit facilities. The following is a summary of the Company's 2013 dispositions:

Sales Date	Property	Property Type	Location	Sales Price		Gain/ (Loss)
				Gross	Net	
2013 Activity:

						9
				\$220,425	\$215,450	\$1,162

(1) Net loss on impairment of \$5,234 recorded in the third quarter of 2013 to write down the book value of six properties sold in a portfolio sale to the net sales price.

(2) Recognition of gain deferred in December 2008 upon repayment of the notes receivable taken as part of the sales price consideration.

(3) Reflects subsequent true-ups for settlement of estimated expenses based on actual amounts.

Total revenues of the properties described above that are included in discontinued operations were \$1,911 and \$16,678 for the three and nine month periods ended September 30, 2013. The total net investment in real estate assets at the time of sale for the properties sold during the nine months ended September 30, 2013 was \$219,829. There were no outstanding mortgage loans for any of the properties that were sold during the nine months ended September 30, 2013. Discontinued operations for the three and nine month periods ended September 30, 2014 and 2013 also include settlements of estimated expenses based on actual amounts for properties sold during previous periods.

Triangle Town Member LLC	Triangle Town Center, Triangle Town Commons and Triangle Town Place	50.0%
West Melbourne I, LLC	Hammock Landing Phases I and II	50.0%
York Town Center, LP	York Town Center	50.0%

Although the Company had majority ownership of certain joint ventures during 2014 and 2013, it evaluated the investments and concluded that the other partners or owners in these joint ventures had substantive participating rights, such as approvals of:

- the pro forma for the development and construction of the project and any material deviations or modifications thereto;
- the site plan and any material deviations or modifications thereto;
- the conceptual design of the project and the initial plans and specifications for the project and any material deviations or modifications thereto;
- any acquisition/construction loans or any permanent financings/refinancings;
- the annual operating budgets and any material deviations or modifications thereto;
- the initial leasing plan and leasing parameters and any material deviations or modifications thereto; and
- any material acquisitions or dispositions with respect to the project.

As a result of the joint control over these joint ventures, the Company accounts for these investments using the equity method of accounting.

2014 Financing

The following table presents the loan activity of the Company's unconsolidated affiliates since January 1, 2014:

Date	Property	Stated Interest Rate	Maturity Date ⁽¹⁾	Amount Financed or Extended
August	Fremaux Town Center - Phase I ⁽²⁾	LIBOR + 2.0%	August 2016	⁽³⁾ \$47,291

February	Fremaux Town Center - Phase I ⁽⁶⁾	LIBOR + 2.125%	March 2016	47,291

(1) Excludes any extension options.

Fremaux Town Center JV, LLC ("Fremaux") amended and modified its Phase I construction loan to change the (2) maturity date and interest rate. Additionally, the Company's guarantee of the loan was reduced from 100% to 50% of the outstanding principal loan amount. See Note 12 for further information on future guarantee reductions.

(3) The construction loan has two one-year extension options, which are at the joint venture's election, for an outside maturity date of August 2018.

(4) The Company has guaranteed 100% of the construction loan. See Note 12 for further information on future guarantee reductions.

Two subsidiaries of Mall of South Carolina L.P. and Mall of South Carolina Outparcel L.P., closed on a non-recourse loan, secured by Coastal Grand-Myrtle Beach in Myrtle Beach, SC. Net proceeds were used to retire (5) the outstanding borrowings under the previous loan, which had a balance of \$75,238 as well as to pay off \$18,000 of subordinated notes to the Company and its joint venture partner, each of which held \$9,000. See Note 8 for additional information. Excess proceeds were distributed 50/50 to the Company and its partner.

Fremaux amended and restated its March 2013 loan agreement to increase the capacity on its construction loan from \$46,000 to \$47,291 for additional development costs related to Fremaux Town Center. The Company had (6) guaranteed 100% of the loan. The construction loan had two one-year extension options, which were at the joint venture's election, for an outside maturity date of March 2018. See Note 2 and Note 3 above for information on the extension and modification of the Phase I loan in August 2014.

All of the debt on the properties owned by the unconsolidated affiliates is non-recourse, except for Fremaux Phases I and II, West Melbourne, Port Orange, and Gulf Coast Phase III. See Note 12 for a description of guarantees the Company has issued related to certain unconsolidated affiliates.

CBL/T-C, LLC

In accordance with the terms of the joint venture agreement, the Company elected to purchase TIAA-CREF's 12.0% interest in Pearland Town Center in the first quarter of 2014 for \$17,948. This amount represented the noncontrolling partner's unreturned equity contribution related to Pearland Town Center, which was accounted for as a financing obligation, plus accrued and unpaid preferred return at a rate of 8.0%.

Redeemable Interests

Redeemable common units of \$28,723 and \$28,756 at September 30, 2014 and December 31, 2013, respectively, include a partnership interest in the Operating Partnership for which the partnership agreement includes redemption provisions that may require the Operating Partnership to redeem the partnership interest for real property.

Redeemable noncontrolling interests of \$6,120 and \$5,883 at September 30, 2014 and December 31, 2013, respectively, include the aggregate noncontrolling ownership interest in consolidated subsidiaries that is held by third parties and for which the related partnership agreements contain redemption provisions at the holder's election that allow for redemption through cash and/or properties.

Table of Contents

The redeemable noncontrolling interests in other consolidated subsidiaries includes the third party interest in the Company's subsidiary that provides security and maintenance services and also included, prior to their redemption by the Company in September 2013, the perpetual preferred joint venture units ("PJV units") issued to the Westfield Group ("Westfield") for its preferred interest in CW Joint Venture, LLC ("CWJV"), a Company-controlled entity, consisting of four of the Company's other consolidated subsidiaries. The 2013 activity related to the redeemable noncontrolling preferred joint venture interest represented by the PJV units that the Company redeemed in September 2013 is as follows:

	Nine Months Ended September 30, 2013	
Beginning Balance	\$423,834	
Net income attributable to redeemable noncontrolling preferred joint venture interest	14,637	
Distributions to redeemable noncontrolling preferred joint venture interest	(19,894)
Reduction to preferred liquidation value of PJV units	(10,000)
Redemption of noncontrolling preferred joint venture interest	(408,577)
Ending Balance	\$—	

Noncontrolling Interests of the Operating Partnership

Noncontrolling interests include the aggregate noncontrolling ownership interest in the Operating Partnership's consolidated subsidiaries that is held by third parties and for which the related partnership agreements either do not include redemption provisions or are subject to redemption provisions that do not require classification outside of permanent equity. Total noncontrolling interest was \$17,578 and \$19,179, as of September 30, 2014 and December 31, 2013, respectively.

Noncontrolling Interests of the Company

The noncontrolling interests of the Company include the third party interests discussed above as well as the aggregate noncontrolling partnership interest in the Operating Partnership that is not owned by the Company and for which each of the noncontrolling limited partners has the right to exchange all or a portion of its partnership interests for shares of the Company's common stock or, at the Company's election, their cash equivalent. As of September 30, 2014, the Company's total noncontrolling interests of \$149,345 consisted of noncontrolling interests in the Operating Partnership and in other consolidated subsidiaries of \$131,767 and \$17,578, respectively. The Company's total noncontrolling interest at December 31, 2013 of \$155,021 consisted of noncontrolling interests in the Operating Partnership and in other consolidated subsidiaries of \$135,842 and \$19,179, respectively.

In the third quarter of 2014, we elected to pay cash of \$1,695 to two holders of 91,167 common units in the Operating Partnership upon the exercise of their conversion rights. In the second quarter of 2014, a holder of 170,847 common units in the Operating Partnership exercised its conversion rights. The Company elected to pay \$2,914 in cash for those units in May 2014.

Cost Method Investment

The Company owns a 6.2% noncontrolling interest in subsidiaries of Jinsheng, an established mall operating and real estate development company located in Nanjing, China. The Company accounts for its noncontrolling interest in Jinsheng using the cost method because the Company does not exercise significant influence over Jinsheng and there is no readily determinable market value of Jinsheng's shares since they are not publicly traded. The carrying amount of this investment was \$5,325 at September 30, 2014 and December 31, 2013. The noncontrolling interest is reflected as investment in unconsolidated affiliates in the accompanying condensed consolidated balance sheets.

Variable Interest Entities

Triangle Town Member LLC

The Company holds a 50% ownership interest in the joint venture Triangle Town Member, LLC. In 2013, the Company reconsidered the entity's status, and determined that its investment in this joint venture represents an interest in a VIE. The entity is under joint control, and therefore the Company accounts for it as an unconsolidated affiliate using the equity method of accounting as of September 30, 2014 and December 31, 2013, respectively.

The Company determined that its investment in this joint venture represents an interest in a VIE and that the Company is the primary beneficiary since it has the power to direct the activities of the joint venture that most significantly impact the joint venture's economic performance as well as the obligation to absorb losses or right to receive benefits from the VIE that could be significant. As a result, the joint venture is presented in the accompanying condensed consolidated financial statements as of September 30, 2014 and December 31, 2013 on a consolidated basis, with the interests of the third party reflected as a noncontrolling interest.

Note 6 – Mortgage and Other Indebtedness

Debt of the Company

CBL has no indebtedness. Either the Operating Partnership or one of its consolidated subsidiaries, that the Operating Partnership has a direct or indirect ownership interest in, is the borrower on all of the Company's debt.

CBL is a limited guarantor of the 5.25% senior notes, issued by the Operating Partnership in November 2013, for losses suffered solely by reason of fraud or willful misrepresentation by the Operating Partnership or its affiliates. The Company also provides a similar limited guarantee of the Operating Partnership's obligations with respect to its unsecured credit facilities and two unsecured term loans as of September 30, 2014.

CBL also has guaranteed 100% of the debt secured by The Promenade in D'Iberville, MS, which had a balance of \$48,110 at September 30, 2014.

See Note 16 for a description of senior notes issued by the Operating Partnership subsequent to September 30, 2014, for which CBL is a limited guarantor.

Total	\$4,711,421	4.75%	\$4,857,523	4.88%

(1) Weighted-average interest rate includes the effect of debt premiums (discounts), but excludes amortization of deferred financing costs.

(2) The Company had four interest rate swaps on notional amounts totaling \$106,677 as of September 30, 2014 and \$109,830 as of December 31, 2013 related to four variable-rate loans on operating properties to effectively fix the interest rate on the respective loans. Therefore, these amounts were reflected in fixed-rate debt at September 30, 2014 and December 31, 2013.

(3) Net of discount in the amount of \$4,322 and \$4,626 as of September 30, 2014 and December 31, 2013, respectively.

(4) A subsidiary of the Management Company entered into a term loan in May 2014.

This amount represented the noncontrolling partner's unreturned equity contribution related to Pearland Town Center that was accounted for as a financing due to certain terms of the CBL/T-C, LLC joint venture agreement. In March 2014, the Company purchased the noncontrolling interest as described below.

Senior Unsecured Notes

In November 2013, the Operating Partnership issued \$450,000 of senior unsecured notes that bear interest at 5.25% payable semiannually beginning June 1, 2014 and mature on December 1, 2023 ("the 2023 Notes"). The interest rate will be subject to an increase ranging from 0.25% to 1.00% from time to time if, on or after January 1, 2016 and prior to January 1, 2020, the ratio of secured debt to total assets of the Company, as defined, is greater than 40% but less than 45%. The 2023 Notes are redeemable at the Operating Partnership's election, in whole or in part from time to time, on not less than 30 days notice to the holders of the 2023 Notes to be redeemed. The 2023 Notes may be redeemed prior to September 1, 2023 for cash, at a redemption price equal to the greater of (1) 100% of the aggregate principal amount of the 2023 Notes to be redeemed or (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest on the 2023 Notes to be redeemed, discounted to the redemption date on a semi-annual basis at the treasury rate, as defined, plus 0.40%, plus accrued and unpaid interest. On or after September 1, 2023, the 2023 Notes are redeemable for cash at a redemption price equal to 100% of the aggregate principal amount of the 2023 Notes to be redeemed plus accrued and unpaid interest. See Note 16 for a description of senior notes issued by the Operating Partnership subsequent to September 30, 2014.

Financing Obligation

In the first quarter of 2014, the Company exercised its right to acquire the 12.0% noncontrolling interest in Pearland Town Center, which was accounted for as a financing obligation upon its sale in October 2011, from its joint venture partner. The \$17,948 purchase price represents the partner's unreturned capital plus accrued and unpaid preferred return at a rate of 8.0%.

Unsecured Lines of Credit

The Company has three unsecured credit facilities that are used for retirement of secured loans, repayment of term loans, working capital, construction and acquisition purposes, as well as issuances of letters of credit.

Table of Contents

Each facility bears interest at LIBOR plus a spread of 100 to 175 basis points based on the Company's credit ratings. As of September 30, 2014, the Company's interest rate based on its credit ratings of Baa3 from Moody's Investors Service ("Moody's") and BBB- from Fitch Ratings ("Fitch") is LIBOR plus 140 basis points. Additionally, the Company pays an annual facility fee that ranges from 0.15% to 0.35% of the total capacity of each facility. As of September 30, 2014, the annual facility fee was 0.30%. The three unsecured lines of credit had a weighted-average interest rate of 1.55% at September 30, 2014.

The following summarizes certain information about the Company's unsecured lines of credit as of September 30, 2014:

	Total Capacity	Total Outstanding	Maturity Date	Extended Maturity Date ⁽¹⁾
Wells Fargo - Facility A	\$600,000	\$201,841	⁽²⁾ November 2015	November 2016
First Tennessee	100,000	7,000	⁽³⁾ February 2016	N/A
Wells Fargo - Facility B	600,000	149,383	⁽⁴⁾ November 2016	November 2017
	\$1,300,000	\$358,224		

⁽¹⁾ The extension options are at the Company's election, subject to continued compliance with the terms of the facilities, and have a one-time extension fee of 0.20% of the commitment amount of each credit facility.

⁽²⁾ There was an additional \$1,525 outstanding on this facility as of September 30, 2014 for letters of credit. Up to \$50,000 of the capacity on this facility can be used for letters of credit.

⁽³⁾ There was an additional \$113 outstanding on this facility as of September 30, 2014 for letters of credit. Up to \$20,000 of the capacity on this facility can be used for letters of credit.

⁽⁴⁾ There was an additional \$123 outstanding on this facility as of September 30, 2014 for letters of credit. Up to \$50,000 of the capacity on this facility can be used for letters of credit.

Unsecured Term Loans

The Company has a \$400,000 unsecured term loan, which bears interest at a variable rate of LIBOR plus 150 basis points based on the Company's current credit ratings and has a maturity date of July 2018. At September 30, 2014, the outstanding borrowings of \$400,000 had an interest rate of 1.65%.

The Company also has a \$50,000 unsecured term loan that bears interest at LIBOR plus 190 basis points and matures in February 2018. At September 30, 2014, the outstanding borrowings of \$50,000 had a weighted-average interest rate of 2.06%.

Other

In May 2014, a consolidated, joint venture subsidiary of the Management Company closed on a \$7,000 term loan which bears interest at a fixed rate of 3.50% and matures in May 2017. At September 30, 2014, the loan had an outstanding balance of \$6,175 of which the Company's share was \$3,087.

In May 2014, the subsidiary of the Management Company also obtained a \$3,500 revolving line of credit, which bears interest at a variable rate of LIBOR plus 249 basis points and matures in June 2017. At September 30, 2014, the revolver had no amount outstanding.

Covenants and Restrictions

The agreements for the unsecured lines of credit, the 2023 Notes and unsecured term loans contain, among other restrictions, certain financial covenants including the maintenance of certain financial coverage ratios, minimum net worth requirements, minimum unencumbered asset and interest ratios, maximum secured indebtedness ratios, maximum total indebtedness ratios and limitations on cash flow distributions. The Company believes that it was in compliance with all covenants and restrictions at September 30, 2014.

Table of Contents

Unsecured Lines of Credit and Unsecured Term Loans

The following presents the Company's compliance with key covenant ratios, as defined, of the credit facilities and term loans as of September 30, 2014:

Ratio	Required	Actual
Debt to total asset value	< 60%	50.0%
Unencumbered asset value to unsecured indebtedness	> 1.60x	2.42x
Unencumbered NOI to unsecured interest expense	> 1.75x	4.47x
EBITDA to fixed charges (debt service)	> 1.50x	2.20x

The agreements for the unsecured credit facilities and unsecured term loans described above contain default provisions customary for transactions of this nature (with applicable customary grace periods). Additionally, any default in the payment of any recourse indebtedness greater than or equal to \$50,000 or any non-recourse indebtedness greater than \$150,000 (for the Company's ownership share) of CBL, the Operating Partnership or any Subsidiary, as defined, will constitute an event of default under the agreements to the credit facilities. The credit facilities also restrict the Company's ability to enter into any transaction that could result in certain changes in its ownership or structure as described under the heading "Change of Control/Change in Management" in the agreements for the credit facilities.

Senior Unsecured Notes

The following presents the Company's compliance with key covenant ratios, as defined, of the 2023 Notes as of September 30, 2014:

Ratio	Required	Actual
Total debt to total assets	< 60%	53.8%
Secured debt to total assets	< 45% ⁽¹⁾	38.9%
Total unencumbered assets to unsecured debt	> 150%	233.4%
Consolidated income available for debt service to annual debt service charge	> 1.5x	3.1x

(1) On January 1, 2020 and thereafter, secured debt to total assets must be less than 40%.

The agreements for the 2023 Notes described above contain default provisions customary for transactions of this nature (with applicable customary grace periods). Additionally, any default in the payment of any recourse indebtedness greater than or equal to \$50,000 of the Operating Partnership will constitute an event of default under the 2023 Notes.

Other

Several of the Company's malls/open-air centers, associated centers and community centers, in addition to the corporate office building, are owned by special purpose entities, created as a requirement under certain loan agreements, that are included in the Company's condensed consolidated financial statements. The sole business purpose of the special purpose entities is to own and operate these properties. The real estate and other assets owned by these special purpose entities are restricted under the loan agreements in that they are not available to settle other debts of the Company. However, so long as the loans are not under an event of default, as defined in the loan agreements, the cash flows from these properties, after payments of debt service, operating expenses and reserves, are available for distribution to the Company.

Mortgages on Operating Properties

The following table presents the loans, secured by the related properties, that have been entered into since January 1, 2014:

Date	Property	Stated Interest Rate	Maturity Date ⁽¹⁾	Amount Financed
April	The Outlet Shoppes at Oklahoma City - Phase II ⁽²⁾	LIBOR + 2.75%	April 2019 ⁽³⁾	\$6,000
April	The Outlet Shoppes at Oklahoma City - Phase III ⁽⁴⁾	LIBOR + 2.75%	April 2019 ⁽³⁾	5,400
April	The Outlet Shoppes at El Paso - Phase II ⁽⁴⁾	LIBOR + 2.75%	April 2018	7,000

(1) Excludes any extension options.

Proceeds from the operating property loan for Phase II were distributed to the partners in accordance with the

(2) terms of the partnership agreement. The Company's share of the proceeds was used to reduce the balances on its credit facilities.

(3) The loan has two one-year extension options, which are at the consolidated joint venture's election, for an outside maturity date of April 2021.

(4) The Operating Partnership has guaranteed 100% of the construction loan for the expansion of the outlet center until construction is complete and certain financial and operational metrics are met.

The Company has repaid the following loan, secured by the related property, since January 1, 2014:

Date	Property	Interest Rate at Repayment Date	Scheduled Maturity Date	Principal Balance Repaid ⁽¹⁾
January	St. Clair Square ⁽²⁾	3.25%	December 2016	\$122,375

(1) The Company retired the loan with borrowings from its credit facilities.

(2) The Company recorded a loss on extinguishment of debt from a \$1,249 prepayment fee.

See Note 16 for information on an operating property loan that was retired subsequent to September 30, 2014.

In February 2014, the lender of the non-recourse mortgage loan secured by Chapel Hill Mall in Akron, OH notified the Company that the loan had been placed in default. The lender on the loan began receiving the net operating cash flows of the property each month in May 2014. Chapel Hill Mall generated insufficient income levels to cover the debt service on the mortgage and, in September 2014, the Company conveyed Chapel Hill Mall to the mortgage lender by a deed-in-lieu of foreclosure. The mortgage loan had a balance of \$68,563 at the time of transfer. As a result of the conveyance, the Company recognized a gain on extinguishment of debt of \$18,259 in the third quarter of 2014 representing the amount by which the outstanding debt balance exceeded the book value of the debt extinguished over the net book value of the property as of the transfer date. See Note 4 for further information.

In the third quarter of 2013, the lender of the non-recourse mortgage loan secured by Citadel Mall in Charleston, SC sent a formal notice of default and initiated foreclosure proceedings. Citadel Mall generated insufficient income levels to cover the debt service on the mortgage and, in the second quarter of 2013, the lender on the loan began receiving the net operating cash flows of the property each month. A foreclosure sale occurred in January 2014 and the lender received the deed to the property in satisfaction of the non-recourse debt, which had a balance of \$68,169 at the time of foreclosure. The Company recognized a gain of \$43,932 related to the extinguishment of debt in the first quarter of 2014. See Note 4 for further information.

The lender of the non-recourse mortgage loan secured by Columbia Place in Columbia, SC notified the Company in the first quarter of 2012 that the loan had been placed in default. Columbia Place generated insufficient income levels to cover the debt service on the mortgage, which had a balance of \$27,265 at September 30, 2014 and a contractual maturity date of September 2013. The lender on the loan received the net operating cash flows of the property each

month. Subsequent to September 30, 2014, the mall was conveyed to the lender through a deed-in-lieu of foreclosure. See Note 16 for additional information.

Scheduled Principal Payments

As of September 30, 2014, the scheduled principal amortization and balloon payments of the Company's consolidated debt, excluding extensions available at the Company's option, on all mortgage and other indebtedness, including construction loans, term loans, the notes and lines of credit, are as follows:

2014	\$207,268
2015	729,861
2016	802,137
2017	495,409
2018	676,511
Thereafter	1,796,419
	4,707,605
Net unamortized premiums	3,816
	\$4,711,421

Of the \$207,268 of scheduled principal payments in 2014, \$161,510 relates to the maturing principal balances of two operating property loans, \$18,493 represents scheduled principal amortization and \$27,265 related to the principal balance of one operating property loan secured by Columbia Place with a maturity date of September 2013.

Subsequent to September 30, 2014, the Company retired the \$113,400 operating property loan on Mall del Norte leaving one maturing operating property loan with a principal balance of \$48,110 outstanding as of September 30, 2014 that has an extension available at the Company's option. Additionally, Columbia Place was conveyed to the lender subsequent to September 30, 2014. See Note 16 for further information about these transactions.

The Company's mortgage and other indebtedness had a weighted-average maturity of 4.3 years as of September 30, 2014 and 4.7 years as of December 31, 2013.

Interest Rate Hedge Instruments

The Company records its derivative instruments in its condensed consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether the derivative has been designated as a hedge and, if so, whether the hedge has met the criteria necessary to apply hedge accounting.

The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Company primarily uses interest rate swaps and caps as part of its interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for the Company making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount. Interest rate caps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty if interest rates rise above the strike rate on the contract in exchange for an up-front premium.

The effective portion of changes in the fair value of derivatives designated as, and that qualify as, cash flow hedges is recorded in AOCI and is subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. Such derivatives are used to hedge the variable cash flows associated with variable-rate debt.

As of September 30, 2014, the Company had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk:

Interest Rate Derivative	Number of Instruments	Notional Amount Outstanding

As of September 30, 2014, the Company expects to reclassify approximately \$2,023 of losses currently reported in AOCI to interest expense within the next twelve months due to amortization of its outstanding interest rate contracts. Fluctuations in fair values of these derivatives between September 30, 2014 and the respective dates of termination will vary the projected reclassification amount.

Note 7 – Comprehensive Income

Accumulated Other Comprehensive Income of the Company

Comprehensive income of the Company includes all changes in redeemable noncontrolling interests and total equity during the period, except those resulting from investments by shareholders and partners, distributions to shareholders and partners and redemption valuation adjustments. OCI/L includes changes in unrealized gains (losses) on available-for-sale securities and interest rate hedge agreements.

Note 8 – Mortgage and Other Notes Receivable

Each of the Company's mortgage notes receivable is collateralized by either a first mortgage, a second mortgage, or by an assignment of 100% of the partnership interests that own the real estate assets. Other notes receivable include amounts due from tenants or government-sponsored districts and unsecured notes received from third parties as whole or partial consideration for property or investments. The Company believes that its mortgage and other notes receivable balance is fully collectable as of September 30, 2014.

Mortgage and other notes receivable consist of the following:

Note 9 – Segment Information

The Company measures performance and allocates resources according to property type, which is determined based on certain criteria such as type of tenants, capital requirements, economic risks, leasing terms, and short and long-term returns on capital. Rental income and tenant reimbursements from tenant leases provide the majority of revenues from all segments. Information on the Company's reportable segments is presented as follows, restated for discontinued operations in all periods presented:

Note 10 – Equity and Capital

At-The-Market Equity Program

On March 1, 2013, the Company entered into separate controlled equity offering sales agreements (collectively, the "Sales Agreements") with a number of sales agents to sell shares of CBL's common stock, having an aggregate offering price of up to \$300,000, from time to time in "at-the-market" equity offerings (as defined in Rule 415 of the Securities Act of 1933, as amended) or in negotiated transactions (the "ATM program"). In accordance with the Sales Agreements, the Company sets the parameters for the sales of shares, including the number of shares to be issued, the time period during which sales are to be made and any minimum price below which sales may not be made. The Sales Agreements provide that the sales agents are entitled to compensation for their services at a mutually agreed commission rate not to exceed 2.0% of the gross proceeds from the sales of shares sold through the ATM program. For each share of common stock issued by CBL, the Operating Partnership issues a corresponding number of common units of limited partnership interest to CBL in exchange for the contribution of the proceeds from the stock issuance. The Company includes only share issuances that have settled in the calculation of shares outstanding at the end of each period.

The Company did not sell any shares under the ATM program during the three and nine month periods ended September 30, 2014. The following table summarizes issuances of common stock sold through the ATM program during the nine month period ended September 30, 2013:

	Nine Months Ended September 30, 2013
Number of shares settled	8,419,298
Gross proceeds	\$211,493
Net proceeds	\$209,596
Weighted-average sales price	\$25.12

The net proceeds from the ATM sales were used to reduce the balances on the Company's credit facilities. Since the commencement of the ATM program, CBL has issued 8,419,298 shares of common stock and approximately \$88,507 remains available that may be sold under this program as of September 30, 2014. Actual future sales will depend on a variety of factors including but not limited to market conditions, the trading price of CBL's common stock and the Company's capital needs. The Company has no obligation to sell the remaining shares available under the ATM program.

Note 11 – Earnings Per Share and Earnings per Unit

Earnings per Share of the Company

Basic earnings per share ("EPS") is computed by dividing net income attributable to common shareholders by the weighted-average number of common shares outstanding for the period. Diluted EPS assumes the issuance of common stock for all potential dilutive common shares outstanding. The limited partners' rights to convert their noncontrolling interests in the Operating Partnership into shares of common stock are not dilutive. There were no potential dilutive common shares and there were no anti-dilutive shares for the three and nine month periods ended September 30, 2014 and 2013.

Earnings per Unit of the Operating Partnership

Basic earnings per unit ("EPU") is computed by dividing net income attributable to common unitholders by the weighted-average number of common units outstanding for the period. Diluted EPU assumes the issuance of common units for all potential dilutive common units outstanding. There were no potential dilutive common units and there were no anti-dilutive units for the three and nine month periods ended September 30, 2014 and 2013.

Note 12 – Contingencies

Litigation

The Company is currently involved in certain litigation that arises in the ordinary course of business, most of which is expected to be covered by liability insurance. Management makes assumptions and estimates concerning the likelihood and amount of any potential loss relating to these matters using the latest information available. The Company records a liability for litigation if an unfavorable outcome is probable and the amount of loss or range of

loss can be reasonably estimated. If an unfavorable outcome is probable and a reasonable estimate of the loss is a range, the Company accrues the best estimate within the range. If no amount within the range is a better estimate than any other amount, the Company accrues the minimum amount

Table of Contents

within the range. If an unfavorable outcome is probable but the amount of the loss cannot be reasonably estimated, the Company discloses the nature of the litigation and indicates that an estimate of the loss or range of loss cannot be made. If an unfavorable outcome is reasonably possible and the estimated loss is material, the Company discloses the nature and estimate of the possible loss of the litigation. The Company does not disclose information with respect to litigation where an unfavorable outcome is considered to be remote or where the estimated loss would not be material. Based on current expectations, such matters, both individually and in the aggregate, are not expected to have a material adverse effect on the liquidity, results of operations, business or financial condition of the Company.

On March 11, 2010, The Promenade D'Iberville, LLC ("TPD"), a subsidiary of the Company, filed a lawsuit in the Circuit Court of Harrison County, Mississippi (the "Mississippi Case"), against M. Hanna Construction Co., Inc. ("M Hanna"), Gallet & Associates, Inc., LA Ash, Inc., EMJ Corporation ("EMJ") and JEA (f/k/a Jacksonville Electric Authority), seeking damages for alleged property damage and related damages occurring at a shopping center development in D'Iberville, Mississippi. EMJ filed an answer and counterclaim denying liability and seeking to recover from TPD the retainage of approximately \$327 allegedly owed under the construction contract. Kohl's Department Stores, Inc. ("Kohl's") was granted permission to intervene in the Mississippi Case and, on April 13, 2011, filed a cross-claim against TPD alleging that TPD is liable to Kohl's for unspecified damages resulting from the actions of the defendants and for the failure to perform the obligations of TPD under a Site Development Agreement with Kohl's. Kohl's also made a claim against the Company based on the Company's guarantee of the performance of TPD under the Site Development Agreement. The claim by EMJ against the Company has been dismissed, and based on information currently available, the Company believes the likelihood of an unfavorable outcome related to the claims made by Kohl's against the Company in connection with the Mississippi case is remote. The Company provided disclosure of this litigation due to the related party relationship between the Company and EMJ described below. In February 2014 and August 2013, TPD received partial settlements of \$800 and \$8,240, respectively, from certain of the defendants in the Mississippi Case described above. Subsequent to September 30, 2014, TPD agreed to a resolution of its claims in this litigation against defendant EMJ. See [Note 16](#) for further information. Litigation continues with the other remaining defendants in the matter. Trial for those remaining claims has been continued from its previously scheduled September 2014 setting. The parties are petitioning the court for a new setting.

TPD also has filed claims under several insurance policies in connection with this matter, and there are three pending lawsuits relating to insurance coverage. On October 8, 2010, First Mercury Insurance Company ("First Mercury") filed an action in the United States District Court for the Eastern District of Texas against M Hanna and TPD seeking a declaratory judgment concerning coverage under a liability insurance policy issued by First Mercury to M Hanna. That case was dismissed for lack of federal jurisdiction and refiled in Texas state court. On June 13, 2011, TPD filed an action in the Chancery Court of Hamilton County, Tennessee (the "Tennessee Case") against National Union Fire Insurance Company of Pittsburgh, PA ("National Union") and EMJ seeking a declaratory judgment regarding coverage under a liability insurance policy issued by National Union to EMJ and recovery of damages arising out of National Union's breach of its obligations. In March 2012, Zurich American and Zurich American of Illinois, which also have issued liability insurance policies to EMJ, intervened in the Tennessee Case and the case was set for trial on October 29, 2013 but, currently, the trial date has been extended while the parties mediate the case. The first mediation session took place on January 14-15, 2014, and the second session took place on March 18-19, 2014. A third session was held on May 22, 2014. On February 14, 2012, TPD filed claims in the United States District Court for the Southern District of Mississippi against Factory Mutual Insurance Company and Federal Insurance Company seeking a declaratory judgment concerning coverage under certain builders risk and property insurance policies issued by those respective insurers to the Company. The Tennessee Case was dismissed in September 2014, after a resolution of those claims. The remaining claims are still pending.

Certain executive officers of the Company and members of the immediate family of Charles B. Lebovitz, Chairman of the Board of the Company, collectively have a significant non-controlling interest in EMJ, a major national construction company that the Company engaged to build a substantial number of the Company's properties. EMJ is one of the defendants in the Mississippi Case and in the Tennessee Case described above.

Environmental Contingencies

The Company evaluates potential loss contingencies related to environmental matters using the same criteria described above related to litigation matters. Based on current information, an unfavorable outcome concerning such environmental matters, both individually and in the aggregate, is considered to be reasonably possible. However, the Company believes its maximum potential exposure to loss would not be material to its results of operations or financial condition. The Company has a master insurance policy that provides coverage through 2022 for certain environmental claims up to \$10,000 per occurrence and up to \$50,000 in the aggregate, subject to deductibles and certain exclusions.

Guarantees

The Company may guarantee the debt of a joint venture primarily because it allows the joint venture to obtain funding at a lower cost than could be obtained otherwise. This results in a higher return for the joint venture on its investment, and a higher return on the Company's investment in the joint venture. The Company may receive a fee from the joint venture for providing the guaranty. Additionally, when the Company issues a guaranty, the terms of the joint venture agreement typically provide that

Table of Contents

the Company may receive indemnification from the joint venture partner or have the ability to increase its ownership interest. The guarantees expire upon repayment of the debt, unless noted otherwise.

The following table represents the Company's guarantees of unconsolidated affiliates' debt as reflected in the accompanying condensed consolidated balance sheets as of September 30, 2014 and December 31, 2013:

(1) Excludes any extension options.

(2) The loan has two one-year extension options, which are at the unconsolidated affiliate's election, for an outside maturity date of November 2017.

(3) The guaranty was reduced from 100% to 25% in the third quarter of 2014 when Carmike Cinema became operational in August 2014.

The Company received a 1% fee for this guaranty when the loan was issued in March 2013. In the first quarter of 2014, the loan was modified and extended to increase the capacity to \$47,291, which increased the maximum guaranteed amount. The loan was amended and modified in August 2014 to reduce the guaranty from 100% to 50%. The guaranty will be reduced to 25% upon the opening of LA Fitness and payment of contractual rent. The guaranty will be further reduced to 15% when Phase I of the development has been open for one year and the debt service coverage ratio of 1.30 to 1.00 is met.

(4) The loan has two one-year extension options, which are at the unconsolidated affiliate's election, for an outside maturity date of August 2018.

The Company received a 1% fee for this guaranty when the loan was issued in August 2014. The guaranty will be reduced to 50% upon the closing of the Dillard's outparcel sale. Upon completion of Phase II of the development and once certain leasing and occupancy metrics have been met, the guaranty will be 25%. The guaranty will be further reduced to 15% when Phase II of the development has been open for one year, the debt service coverage ratio of 1.30 to 1.00 is met and Dillard's is operational.

The Company has guaranteed the lease performance of York Town Center, LP ("YTC"), an unconsolidated affiliate in which the Company owns a 50% interest, under the terms of an agreement with a third party that owns property as part of York Town Center. Under the terms of that agreement, YTC is obligated to cause performance of the third party's obligations as landlord under its lease with its sole tenant, including, but not limited to, provisions such as co-tenancy and exclusivity requirements. Should YTC fail to cause performance, then the tenant under the third party landlord's lease may pursue certain remedies ranging from rights to terminate its lease to receiving reductions in rent. The Company has guaranteed YTC's performance under this agreement up to a maximum of \$22,000, which decreases by \$800 annually until the guaranteed amount is reduced to \$10,000. The guaranty expires on December 31,

2020. The maximum guaranteed obligation was \$16,400 as of September 30, 2014. The Company entered into an agreement with its joint venture partner under which the joint venture partner has agreed to reimburse the Company 50% of any amounts it is obligated to fund under the guaranty. The Company did not include an obligation for this guaranty because it determined that the fair value of the guaranty was not material as of September 30, 2014 and December 31, 2013.

Performance Bonds

The Company has issued various bonds that it would have to satisfy in the event of non-performance. The total amount outstanding on these bonds was \$19,673 and \$23,513 at September 30, 2014 and December 31, 2013, respectively.

Note 13 – Share-Based Compensation

As of September 30, 2014, there were two share-based compensation plans under which the Company has outstanding awards, the 2012 Plan and the 1993 Plan, as defined below. The Company can elect to make new awards under one of these plans, the CBL & Associates Properties, Inc. 2012 Stock Incentive Plan ("the 2012 Plan"), which was approved by the Company's

Table of Contents

shareholders in May 2012. The 2012 Plan permits the Company to issue stock options and common stock to selected officers, employees and non-employee directors of the Company up to a total of 10,400,000 shares. The Company did not issue any new awards under the CBL & Associates Properties, Inc. Second Amended and Restated Stock Incentive Plan ("the 1993 Plan"), which was approved by the Company's shareholders in May 2003, between the adoption of the 2012 Plan to replace the 1993 Plan in May 2012 and the termination of the 1993 Plan (as to new awards) on May 5, 2013. As the primary operating subsidiary of the Company, the Operating Partnership participates in and bears the compensation expense associated with the Company's share-based compensation plans.

Share-based compensation expense was \$628 and \$418 for the three months ended September 30, 2014 and 2013, respectively, and \$3,095 and \$2,296 for the nine months ended September 30, 2014 and 2013, respectively.

Share-based compensation cost capitalized as part of real estate assets was \$77 and \$54 for the three months ended September 30, 2014 and 2013, respectively, and \$200 and \$159 for the nine months ended September 30, 2014 and 2013, respectively.

A summary of the status of the Company's stock awards as of September 30, 2014, and changes during the nine months ended September 30, 2014, is presented below:

	Shares	Weighted Average Grant-Date Fair Value
Nonvested at January 1, 2014	478,216	\$18.72
Granted	236,450	\$17.11
Vested	(167,700) \$17.78
Forfeited	(13,690) \$18.60
Nonvested at September 30, 2014	533,276	\$18.31

As of September 30, 2014, there was \$8,050 of total unrecognized compensation cost related to nonvested stock awards granted under the plans, which is expected to be recognized over a weighted-average period of 3.6 years.

Note 14 – Noncash Investing and Financing Activities

The Company's noncash investing and financing activities were as follows for the nine months ended September 30, 2014 and 2013:

	Nine Months Ended September 30,

Note 15 – Income Taxes

The Company is qualified as a REIT under the provisions of the Internal Revenue Code. To maintain qualification as a REIT, the Company is required to distribute at least 90% of its taxable income to shareholders and meet certain other requirements.

As a REIT, the Company is generally not liable for federal corporate income taxes. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to federal and state income taxes on its taxable income at regular corporate tax rates. Even if the Company maintains its qualification as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed

income. State tax expense was \$801 and \$674 during the three months ended September 30, 2014 and 2013, respectively, and \$2,811 and \$2,680 during the nine months ended September 30, 2014 and 2013, respectively.

Table of Contents

The Company has also elected taxable REIT subsidiary status for some of its subsidiaries. This enables the Company to receive income and provide services that would otherwise be impermissible for REITs. For these entities, deferred tax assets and liabilities are established for temporary differences between the financial reporting basis and the tax basis of assets and liabilities at the enacted tax rates expected to be in effect when the temporary differences reverse. A valuation allowance for deferred tax assets is provided if the Company believes all or some portion of the deferred tax asset may not be realized. An increase or decrease in the valuation allowance resulting from changes in circumstances that may affect the realizability of the related deferred tax asset is included in income or expense, as applicable.

The Company recorded an income tax provision as follows for the three and nine month periods ending September 30, 2014 and 2013:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Current tax benefit (provision)	\$(2,159) \$(428) \$(3,026) \$812
Deferred tax benefit (provision)	(924) 157	(1,240) (1,666
Income tax provision	\$(3,083) \$(271) \$(4,266) \$(854

The Company had a net deferred tax asset of \$627 and \$4,893 at September 30, 2014 and December 31, 2013, respectively. The net deferred tax asset at September 30, 2014 and December 31, 2013 is included in intangible lease assets and other assets and primarily consisted of operating expense accruals and differences between book and tax depreciation.

The Company reports any income tax penalties attributable to its properties as property operating expenses and any corporate-related income tax penalties as general and administrative expenses in its condensed consolidated statements of operations. In addition, any interest incurred on tax assessments is reported as interest expense. The Company reported nominal interest and penalty amounts for the nine month periods ended September 30, 2014 and 2013, respectively.

Note 16 – Subsequent Events

In October 2014, Columbia Place was conveyed to the lender of the non-recourse loan secured by the property through a deed-in-lieu of foreclosure. See Note 6 for additional information.

In October 2014, TPD agreed to a resolution of its claims against defendant EMJ in the litigation described in Note 12. Pursuant to this agreement, TPD received partial settlements of \$970 and \$250, respectively, from one of EMJ's insurance carriers in October 2014, and additional amounts of \$4,750 and \$5,000 are due to be paid to TPD in December 2014 and January 2015, respectively. Further, EMJ agreed to be responsible for up to a maximum of \$6,600 of future costs incurred by TPD in remediating damages to its shopping center site under certain circumstances as set forth in the agreement, and agreed that such limitation would not apply to its potential responsibility for any future remediation required under applicable environmental laws (should such claims arise). Litigation continues with the other remaining defendants in the matter.

In October 2014, the Company retired an operating property loan, with a principal balance of \$113,400 outstanding as of September 30, 2014, with borrowings from its credit facilities. The loan was secured by Mall del Norte in Laredo, TX and was scheduled to mature in December 2014.

In October 2014, the Operating Partnership issued \$300,000 of senior unsecured notes that bear interest at 4.60% payable semiannually beginning April 15, 2015 and mature on October 15, 2024 ("the 2024 Notes"). The interest rate will be subject to an increase ranging from 0.25% to 1.00% from time to time if, on or after January 1, 2016 and prior to January 1, 2020, the ratio of secured debt to total assets of the Company, as defined, is greater than 40% but less than 45%. The 2024 Notes are redeemable at the Operating Partnership's election, in whole or in part from time to time, on not less than 30 days notice to the holders of the 2024 Notes to be redeemed. The 2024 Notes may be redeemed prior to July 15, 2024 for cash, at a redemption price equal to the greater of (1) 100% of the aggregate principal amount of the 2024 Notes to be redeemed or (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest on the 2024 Notes to be redeemed, discounted to the redemption date on a semi-annual basis at the treasury rate, as defined, plus 0.35%, plus accrued and unpaid interest.

CBL is a limited guarantor of the Operating Partnership's obligations under the 2024 Notes, for losses suffered solely by reason of fraud or willful misrepresentation by the Operating Partnership or its affiliates. On or after July 15, 2024, the 2024 Notes are redeemable for cash at a redemption price equal to 100% of the aggregate principal amount of the 2024 Notes to be redeemed plus accrued and unpaid interest. After deducting underwriting and other offering expenses of \$2,245 and a discount of \$75, the net proceeds from the sale of the 2024 Notes was approximately \$297,680, which the Operating Partnership used to reduce the outstanding balances on its credit facilities. The Company has evaluated subsequent events through the date of issuance of these financial statements.

ITEM 2: Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of financial condition and results of operations should be read in conjunction with the condensed consolidated financial statements and accompanying notes that are included in this Form 10-Q. Capitalized terms used, but not defined, in this Management’s Discussion and Analysis of Financial Condition and Results of Operations have the same meanings as defined in the notes to the condensed consolidated financial statements. In this discussion, the terms “we,” “us” and “our” refer to the Company or the Company and the Operating Partnership collectively, as the text requires.

Certain statements made in this section or elsewhere in this report may be deemed “forward-looking statements” within the meaning of the federal securities laws. All statements other than statements of historical fact should be considered to be forward-looking statements. In many cases, these forward-looking statements may be identified by the use of words such as “will,” “may,” “should,” “could,” “believes,” “expects,” “anticipates,” “estimates,” “intends,” “projects,” “goals,” “targets,” “predicts,” “plans,” “seeks,” or similar expressions. Any forward-looking statement speaks only as of the date on which it is made and is qualified in its entirety by reference to the factors discussed throughout this report.

Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, forward-looking statements are not guarantees of future performance or results and we can give no assurance that these expectations will be attained. It is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of known and unknown risks and uncertainties. In addition to the risk factors described in Part I, Item 1A. of our Annual Report on Form 10-K for the year ended December 31, 2013 and Part II, Item 1A. of this report, such known risks and uncertainties include, without limitation:

- general industry, economic and business conditions;
- interest rate fluctuations;
- costs and availability of capital and capital requirements;
- costs and availability of real estate;
- inability to consummate acquisition opportunities and other risks associated with acquisitions;
- inability to dispose of lower performing properties due to the illiquidity of real estate investments;
- competition from other companies and retail formats;
- changes in retail demand and rental rates in our markets;
- shifts in customer demands;
- tenant bankruptcies or store closings;
- changes in vacancy rates at our properties;
- changes in operating expenses;
- changes in applicable laws, rules and regulations;
- changes in our credit ratings; and
- the ability to obtain suitable equity and/or debt financing and the continued availability of financing in the amounts and on the terms necessary to support our future refinancing requirements and business.

This list of risks and uncertainties is only a summary and is not intended to be exhaustive. We disclaim any obligation to update or revise any forward-looking statements to reflect actual results or changes in the factors affecting the forward-looking information.

EXECUTIVE OVERVIEW

We are a self-managed, self-administered, fully integrated REIT that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls, open-air centers, outlet centers, associated centers, community centers and office properties. Our properties are located in 27 states, but are primarily in the southeastern and midwestern United States. We have elected to be taxed as a REIT for federal income tax purposes. We consolidate the financial statements of all entities in which we have a controlling financial interest or where we are the primary beneficiary of a VIE. As of September 30, 2014, we owned interests in the following properties:

	Malls ⁽¹⁾	Associated Centers	Community Centers	Office Buildings ⁽²⁾	Total
Consolidated properties	73	25	6	8	112
Unconsolidated properties ⁽³⁾	9	4	5	5	23
Total	82	29	11	13	135

(1) Category consists of regional malls, open-air centers and outlet centers (including one mixed-use center).

(2) Includes our corporate office building.

(3) We account for these investments using the equity method because one or more of the other partners have substantive participating rights.

At September 30, 2014, we had interests in the following properties under development:

	Consolidated Properties	Associated Centers	Community Centers	Unconsolidated Properties	Community Centers
	Malls			Malls	
Development	—	—	1	—	—
Expansions	—	—	—	—	2
Redevelopment	2	1	—	1	—

We also hold options to acquire certain development properties owned by third parties.

From a strategic perspective, we are focused on enhancing long-term growth. Operationally, we continue to proactively take advantage of opportunities to upgrade both mall shop and anchor retailers through value-added redevelopment, expansions and ongoing retensing. We are also maintaining tight expense controls and finding new ways to create efficiencies in our operations.

Our path to a higher-growth portfolio is founded on upgrading the overall quality of our portfolio. In the fourth quarter of 2013, we began segmenting our malls into three tiers based solely on sales per square foot: Tier One comprises malls with sales of over \$375 per square foot, Tier Two malls have sales between \$300 and \$375 per square foot and Tier Three malls have sales below \$300 per square foot. In the coming years, our goal is to generate more than 90% of our mall NOI from Tier One and Tier Two malls, which we expect will allow us to achieve higher occupancy, leasing spreads, sales per square foot and NOI growth. Our long-term goal is to move same-center NOI growth to a sustainable range of 2-4%. To achieve these goals, we identified 21 malls and their related associated centers that we are currently targeting for disposition. The identified malls consist primarily of Tier Three malls, but do include some Tier Two malls. We sold Lakeshore Mall, a Tier Three mall, for \$14.0 million in the second quarter of 2014. We continue to progress in our disposition efforts, which included the sale of a community center in September 2014 for \$2.0 million. Additionally, in the third quarter of 2014, Chapel Hill Mall, a non-core property, was conveyed to the lender of the non-recourse loan secured by the mall through a deed-in-lieu of foreclosure, resulting in an \$18.2 million non-cash gain on extinguishment of debt. Subsequent to September 30, 2014, we also conveyed Columbia Place, a non-core property, to the lender of the non-recourse loan secured by the mall through a deed-in-lieu of foreclosure.

Investing in higher-growth opportunities is equally important to our business transformation. Our outlet center projects, new development and redevelopment projects generate accretive returns and ongoing growth. In July 2014, we opened The Outlet Shoppes of the Bluegrass in Louisville (Simpsonville), KY, which represents the fifth outlet mall in our portfolio. Our strategy is to continue to invest in a pipeline of developments of higher-growth assets over the next few years.

Third quarter 2014 results reflect the positive impact of our strategic initiatives in upgrading the quality of our tenant mix, redevelopment and expansion activities at existing centers. Same-center NOI growth accelerated to 3.0% in the third quarter of 2014 as compared to the prior-year period. Leasing spreads were up 17.6% for stabilized mall leases signed in the third quarter of 2014 and occupancy for our same-center stabilized malls was 93.3%, an increase of 40 basis points as compared to 92.9% in the second quarter of 2014.

Table of Contents

Financially, our investment grade ratings have increased our flexibility and borrowing options in the public debt markets. In conjunction with our operational initiatives described above, our goal is to continue to build a high-quality unencumbered asset pool, which will reduce our cost of capital and provide us more opportunities to access the capital markets. We plan to continue to retire debt on our wholly-owned properties at the earliest prepayment date and our goal is to reduce our leverage on our balance sheet to a ratio of debt to total asset value of less than 50% as we implement these plans over the next few years. In October 2014, we executed a \$300.0 million offering of senior unsecured notes at a 4.60% coupon and added Mall del Norte to our unencumbered asset pool through the retirement of the \$113.4 million loan on this property. We also have availability of approximately \$0.9 billion at September 30, 2014 through our credit facilities. Subsequent to September 30, 2014, the availability on our credit facilities increased to \$1.2 billion as we used the proceeds from our \$300.0 million offering to reduce outstanding balances on our credit lines. The expanded availability on our credit facilities enables us to retire secured debt over the next twelve months and pursue strategic acquisitions and investments in our portfolio.

RESULTS OF OPERATIONS

Properties that were in operation for the entire year during 2013 and the nine months ended September 30, 2014 are referred to as the “Comparable Properties.” Since January 1, 2013, we have opened two outlet centers and two community center developments as follows:

Property	Location	Date Opened
New Developments:		
The Crossings at Marshalls Creek	Middle Smithfield, PA	June 2013
The Outlet Shoppes at Atlanta ⁽¹⁾	Woodstock, GA	July 2013
Fremaux Town Center ⁽²⁾	Slidell, LA	March 2014
The Outlet Shoppes of the Bluegrass ⁽³⁾	Simpsonville, KY	July 2014

(1) The Outlet Shoppes at Atlanta is a 75/25 joint venture and is included in the accompanying condensed consolidated statements of operations on a consolidated basis.

Fremaux Town Center is a 65/35 joint venture that is accounted for using the equity method of accounting and is included in equity in earnings of unconsolidated affiliates in the accompanying condensed consolidated statements of operations.

(3) The Outlet Shoppes of the Bluegrass is a 65/35 joint venture and is included in the accompanying condensed consolidated statements of operations on a consolidated basis.

Of these properties, The Crossings at Marshalls Creek, The Outlet Shoppes at Atlanta and The Outlet Shoppes of the Bluegrass are included in our operations on a consolidated basis and are collectively referred to as the “New Properties.” The transactions related to the New Properties impact the comparison of the results of operations for the three and nine months ended September 30, 2014 to the results of operations for the three and nine months ended September 30, 2013.

Comparison of the Three Months Ended September 30, 2014 to the Three Months Ended September 30, 2013 Revenues

Total revenues increased \$1.2 million for the three months ended September 30, 2014 compared to the prior-year period. Rental revenues and tenant reimbursements increased by \$2.4 million due to increases of \$3.2 million related to the New Properties partially offset by a decrease of \$0.8 million from the Comparable Properties. The \$0.8 million change includes decreases of \$2.9 million from 2014 dispositions and \$1.9 million from non-core properties and those in redevelopment partially offset by a \$4.0 million increase related to our same-center properties due to higher occupancy and improved leasing results.

Our cost recovery ratio for the quarter ended September 30, 2014 was 99.8% compared with 94.9% for the prior-year period primarily due to a decrease in property operating expenses.

The increase of \$0.1 million in management, development and leasing fees was primarily attributable to an increase of \$0.6 million of development fee income, partially offset by a decrease of \$0.5 million in management fees.

Other revenues decreased \$1.3 million primarily due to \$0.9 million received in the prior year as a claims settlement for lost business as a result of the Deepwater Horizon oil spill and a decrease of \$0.4 million in revenue related to our subsidiary that provides security and maintenance services to third parties.

Operating Expenses

Total operating expenses increased \$1.5 million for the three months ended September 30, 2014 compared to the prior-year period, which was primarily attributable to a \$3.5 million increase in depreciation and amortization expense related to capital expenditures for renovations, redevelopment and deferred maintenance partially offset by a decrease in property operating

Table of Contents

expenses. Property operating expenses, including real estate taxes and maintenance and repairs, decreased \$2.9 million primarily due to a decrease of \$3.7 million attributable to the Comparable Properties, partially offset by an increase of \$0.8 million related to the New Properties. The \$3.7 million decrease in property operating expenses of the Comparable Properties is primarily attributable to decreases in insurance expense and real estate taxes, which were partially offset by an increase in bad debt expense.

The increase in depreciation and amortization expense of \$3.5 million resulted from increases of \$2.5 million related to the Comparable Properties and \$1.0 million attributable to the New Properties. The increase attributable to the Comparable Properties is primarily due to increases of \$1.8 million in amortization of tenant allowances, which results mainly from write-offs associated with tenant closings, and \$1.5 million in depreciation expense related to capital expenditures for renovations, redevelopments and deferred maintenance.

General and administrative expenses decreased \$0.7 million primarily due to a decrease in payroll and related expense partially offset by increases in consultant and legal fees. As a percentage of revenues, general and administrative expenses were 3.7% and 3.9% for the third quarters of 2014 and 2013, respectively.

In the third quarter of 2014, we recognized an impairment of \$0.5 million to write-down the book value of Pemberton Plaza to its net sales price upon its sale in September 2014.

Other expenses increased \$1.0 million primarily due to higher expenses related to our subsidiary that provides security and maintenance services.

Other Income and Expenses

Interest and other income decreased \$8.3 million compared to the prior-year period primarily due to \$8.2 million received as a partial settlement of a lawsuit in 2013.

Interest expense increased \$3.9 million for the three months ended September 30, 2014 compared to the prior-year period. Interest expense at the corporate level increased \$5.9 million primarily due to the interest on the bonds that were issued during the fourth quarter of 2013, the proceeds of which were used to reduce outstanding borrowings on our credit facilities that bear interest at a lower rate than the bonds. Interest expense at the property level decreased \$1.7 million for our same-center properties, partially offset by an increase of \$0.9 million in interest from the New Properties.

During the third quarter of 2014, we recorded a gain on extinguishment of debt of \$18.2 million as a result of the conveyance of Chapel Hill Mall to the lender, representing the excess of the outstanding balance of the debt extinguished over the net book value of the property as of the transfer date. See [Note 6](#) for additional information.

In the third quarter of 2014, we recognized \$0.4 million of gain on sales of real estate assets for the sale of four outparcels. We recognized a \$0.1 million gain on sale of real estate assets in the third quarter of 2013 attributable to additional consideration received for an outparcel previously taken through an eminent domain proceeding.

Equity in earnings of unconsolidated affiliates increased by \$1.7 million during the third quarter of 2014 compared to the prior-year period. The \$1.7 million increase consists of an increase of \$1.0 million, which is primarily attributable to increases in base rents based on occupancy gains and growth in rental rates at several unconsolidated affiliates and \$0.7 million of gain on sales of real estate assets related to the sales of three outparcels.

The income tax provision of \$3.1 million for the three months ended September 30, 2014 relates to the Management Company, which is a taxable REIT subsidiary, and consists of a current and deferred tax provision of \$2.2 million and \$0.9 million, respectively. During the three months ended September 30, 2013, we recorded an income tax provision of \$0.3 million, consisting of a current tax provision of \$0.4 million and a deferred tax benefit of less than \$0.2 million.

Operating income from discontinued operations for the three months ended September 30, 2014 of \$0.1 million includes settlements of estimated expenses based on actual results for properties sold in previous periods. The operating loss from discontinued operations for the three months ended September 30, 2013 of \$8.3 million includes a \$5.2 million loss on impairment of real estate to write down the net book value of a portfolio of six properties sold in the third quarter of 2013 to the net sales price, a \$2.9 million write-off of straight line rent for properties sold during the period, the operating results of the three malls and three associated centers sold in a third quarter 2013 portfolio sale, and settlement of estimated expenses based on actual amounts for properties sold in previous periods. The \$0.3 million gain on discontinued operations for the third quarter of 2013 is primarily attributable to recognition of a gain

from the sale of two office buildings which had been deferred in December 2008 until subsequent repayment of the related notes receivable.

Comparison of the Nine Months Ended September 30, 2014 to the Nine Months Ended September 30, 2013

Revenues

Total revenues increased \$5.3 million for the nine months ended September 30, 2014 compared to the prior-year period. Rental revenues and tenant reimbursements increased by \$7.0 million due to increases of \$11.4 million related to the New

Table of Contents

Properties and \$7.6 million attributable to the Comparable Properties, partially offset by decreases of \$7.8 million associated with 2014 property dispositions and \$4.2 million attributable to our non-core properties. The increase in revenues at our Comparable Properties was due to higher occupancy and improved leasing results.

Our cost recovery ratio for the nine months ended September 30, 2014 and 2013 was 97.8%.

The increase of \$0.1 million in management, development and leasing fees was primarily attributable to an increase of \$1.1 million in development fees related to the construction of an outlet center and a community center, partially offset by a decrease of \$0.9 million in management fee income.

Other revenues decreased \$1.9 million primarily due to a decrease of \$1.3 million in revenue related to our subsidiary that provides security and maintenance services to third parties and \$0.9 million received in 2013 as a claims settlement for lost business as a result of the Deepwater Horizon oil spill, which was partially offset by an increase of \$0.5 million in miscellaneous revenues.

Operating Expenses

Total operating expenses increased \$2.9 million for the nine months ended September 30, 2014 compared to the prior-year period. Property operating expenses, including real estate taxes and maintenance and repairs, increased \$0.8 million primarily due to an increase of \$3.1 million attributable to the New Properties, partially offset by a decrease of \$2.3 million related to the Comparable Properties. The decrease in property operating expenses of the Comparable Properties is primarily attributable to decreases in insurance expense and real estate taxes, which were partially offset by increases in bad debt expense and snow removal costs.

The increase in depreciation and amortization expense of \$6.1 million resulted from increases of \$3.5 million related to the New Properties and \$4.4 million attributable to the Comparable Properties, which were partially offset by a decrease of \$1.8 million related to 2014 dispositions. The \$4.4 million increase attributable to the Comparable Properties is primarily due to increases of \$5.3 million in depreciation expense related to capital expenditures for renovations, redevelopments and deferred maintenance, which were partially offset by a decrease in amortization of in-place leases.

General and administrative expenses decreased \$0.9 million primarily as a result of decreases in travel costs and payroll and related costs, which were partially offset by increases in consultant fees and share-based compensation expense. As a percentage of revenues, general and administrative expenses were 4.6% and 4.7% for the nine month periods ended September 30, 2014 and 2013, respectively.

During the nine months ended September 30, 2014, we recorded a non-cash impairment of real estate in continuing operations of \$17.8 million to reduce the depreciated book value of Lakeshore Mall, Chapel Hill Mall and Pemberton Plaza to their estimated fair values. See Note 3 to the condensed consolidated financial statements for additional information. During the nine months ended September 30, 2013, we recorded non-cash impairment charges of \$21.0 million, which consisted of \$20.4 million related to Citadel Mall and \$0.6 million attributable to the trade-in of the Company's aircraft at a price below its cost basis.

Other expenses increased \$0.1 million primarily due to higher expenses related to our subsidiary that provides security and maintenance services.

Other Income and Expenses

Interest and other income decreased \$6.7 million compared to the prior-year period primarily due to \$8.2 million received as partial settlement of litigation in the prior year, partially offset by an insurance claim reimbursement of \$0.8 million and \$0.8 million received as a partial settlement of ongoing litigation in the current year. See Note 12 to the condensed consolidated financial statements for additional information on the partial legal settlements.

Interest expense increased \$6.6 million for the nine months ended September 30, 2014 compared to the prior-year period. Interest expense at the corporate level increased \$17.7 million primarily due to the interest on the bonds that were issued during the fourth quarter of 2013, the proceeds of which were used to reduce outstanding borrowings on our credit facilities that bear interest at a lower rate than the bonds. Interest expense at the property level included increases of \$2.8 million from the New Properties, partially offset by decreases of \$11.1 million related to the Comparable Properties due to our continued efforts to reduce debt levels and \$1.2 million attributable to the 2014 dispositions.

During the nine months ended September 30, 2014, we recorded a gain on extinguishment of debt of \$60.9 million. We recognized a \$43.9 million gain on extinguishment of debt related to the foreclosure of Citadel Mall as the carrying value of the mortgage loan exceeded the carrying value of the property that was transferred to the lender in satisfaction of that loan, an \$18.2 million gain on extinguishment of debt related to the conveyance of Chapel Hill Mall to the lender of the non-recourse mortgage loan through a deed-in-lieu of foreclosure and a loss of \$1.2 million due to a prepayment fee on the early retirement of a mortgage loan on St. Clair Square. During the nine months ended September 30, 2013, we recorded a loss on extinguishment of debt of \$9.1 million in connection with the early retirement of two mortgage loans. The loss was attributable to a prepayment fee of \$8.7 million

for the loan payoff of Mid Rivers Mall and \$0.4 million to write-off unamortized financing costs for Mid Rivers Mall and South County Center.

During the nine months ended September 30, 2014, we recognized a \$3.5 million gain on sales of real estate assets which consisted of \$0.9 million attributable to the sale of a portion of Foothills Plaza, an associated center located in Maryville, TN and \$2.6 million for the sale of nine outparcels. During the nine months ended September 30, 2013, we recognized a gain on sale of real estate assets of \$1.1 million, which was comprised of \$1.0 million in proceeds from the sale of six parcels of land and \$0.1 million attributable to additional consideration received for an outparcel previously taken through an eminent domain proceeding.

We recorded a gain on investment of \$2.4 million in the nine months ended September 30, 2013 attributable to the payment of a note receivable related to our investment in China that was written down in 2009.

Equity in earnings of unconsolidated affiliates increased by \$3.4 million during the nine months ended September 30, 2014 compared to the prior-year period. The \$3.4 million increase consists of an increase of \$2.7 million, which is primarily attributable to increases in base rents based on occupancy gains and growth in rental rates at several unconsolidated affiliates and \$0.7 million of gain on sales of real estate assets related to the sale of three outparcels. The income tax provision of \$4.3 million for the nine months ended September 30, 2014 relates to the Management Company, which is a taxable REIT subsidiary, and consists of a current and deferred tax provision of \$3.0 million and over \$1.2 million, respectively. During the nine months ended September 30, 2013, we recorded an income tax provision of \$0.9 million, consisting of a current tax benefit of \$0.8 million and a deferred tax provision of \$1.7 million.

The operating loss from discontinued operations for the nine months ended September 30, 2014 of \$0.5 million includes settlements of estimated expenses based on actual results for properties sold in previous periods. The operating loss from discontinued operations for the nine months ended September 30, 2013 of \$5.2 million includes a \$5.2 million loss on impairment of real estate to write down the net book value of a portfolio of six properties sold in the third quarter of 2013 to the net sales price, a \$2.9 million write-off of straight line rent for properties sold during the period, the operating results of the three malls, three associated centers and five office buildings sold in 2013, and settlement of estimated expenses based on actual amounts for properties sold in previous periods. The gain on discontinued operations of \$0.1 million for the nine months ended September 30, 2014 relates to true-ups for properties sold in previous periods. The \$1.2 million gain on discontinued operations for the nine months ended September 30, 2013 represents the gain from the sale of five office buildings sold during the period as well as recognition of a gain from the sale of two office buildings which had been deferred in December 2008 until subsequent repayment of the related notes receivable.

Same-Center Net Operating Income

NOI is a supplemental measure of the operating performance of our shopping centers and other properties. We define NOI as property operating revenues (rental revenues, tenant reimbursements and other income) less property operating expenses (property operating, real estate taxes and maintenance and repairs).

Similar to Funds from Operations ("FFO"), we compute NOI based on our pro rata share of both consolidated and unconsolidated properties. Our definition of NOI may be different than that used by other companies, and accordingly, our calculation of NOI may not be comparable to that of other companies.

Since NOI includes only those revenues and expenses related to the operations of our shopping center properties, we believe that same-center NOI provides a measure that reflects trends in occupancy rates, rental rates and operating costs and the impact of those trends on our results of operations. In the fourth quarter of 2013, we modified our calculation of same-center NOI to exclude lease termination income, straight-line rent adjustments, and amortization of above and below market lease intangibles in order to enhance the comparability of results from one period to another, as these items can be impacted by one-time events that may distort same-center NOI trends and may result in same-center NOI that is not indicative of the ongoing operations of our shopping center and other properties.

Same-center NOI is for real estate properties and does not include the results of operations of the Company's subsidiary that provides janitorial, security and maintenance services.

We include a property in our same-center pool when we have owned all or a portion of the property since January 1 of the preceding calendar year and it has been in operation for both the entire preceding calendar year and current

year-to-date period. New Properties are excluded from same-center NOI, until they meet this criteria. The only properties excluded from the same-center pool that would otherwise meet this criteria are non-core properties, properties under major redevelopment, properties where we intend to renegotiate the terms of the debt secured by the related property and properties included in discontinued operations. See below for a list of our non-core and lender properties as of September 30, 2014. Properties under major redevelopment as of September 30, 2014 include Chesterfield Mall, Northgate Mall, CoolSprings Galleria, Wausau Center, the Annex at Monroeville and the former Sears store at Fayette Mall.

Due to the exclusions noted above, same-center NOI should only be used as a supplemental measure of our performance and not as an alternative to GAAP operating income (loss) or net income (loss). A reconciliation of our same-center NOI to net income attributable to the Company for the three and nine month periods ended September 30, 2014 and 2013 is as follows (in thousands):

Same-center NOI increased \$5.1 million and \$11.2 million for the three and nine month periods ending September 30, 2014 as compared to the same periods in 2013. Same-center NOI for the three and nine month periods ending September 30, 2014 increased 3.0% and 2.2%, respectively, as compared to the same periods in 2013. Our NOI growth of 3.0% for the three months ended September 30, 2014 as compared to the prior-year period benefited from an increase of 1.8% in average annual base rents for our same-center stabilized mall portfolio, which was partially offset by a decrease of 0.3% in same-center stabilized mall occupancy. The majority of NOI growth was driven by a \$3.0 million and \$10.5 million increase in minimum rents for the three and nine month periods ending September 30, 2014 as well as a \$2.2 million increase in tenant reimbursements for the three and nine month periods ended September 30, 2014. Additionally, operating expenses decreased \$0.6 million and \$1.1 million for the three and nine month periods ended September 30, 2014 as compared to the prior-year periods. These decreases are attributable to operating efficiencies and reductions in repairs and maintenance expense.

Operational Review

The shopping center business is, to some extent, seasonal in nature with tenants typically achieving the highest levels of sales during the fourth quarter due to the holiday season, which generally results in higher percentage rents in the fourth quarter. Additionally, the malls earn most of their rents from short-term tenants during the holiday period. Thus, occupancy levels and revenue production are generally the highest in the fourth quarter of each year. Results of operations realized in any one quarter may not be indicative of the results likely to be experienced over the course of the fiscal year.

We classify our regional malls into four categories:

(1) Stabilized malls – Malls that have completed their initial lease-up and have been open for more than three complete calendar years.

(2) Non-stabilized malls - Malls that are in their initial lease-up phase. After three complete calendar years of operation, they are reclassified on January 1 of the fourth calendar year to the stabilized mall category. The Outlet Shoppes of the Bluegrass, which opened in July 2014, The Outlet Shoppes at Atlanta, which opened in July 2013, and The

Table of Contents

Outlet Shoppes at Oklahoma City, which opened in August 2011, were classified as non-stabilized malls as of September 30, 2014. The Outlet Shoppes at Atlanta and The Outlet Shoppes at Oklahoma City were classified as non-stabilized malls as of September 30, 2013.

Non-core malls - Malls where we have determined that the current format of the property no longer represents the best use of the property and we are in the process of evaluating alternative strategies for the property, which may include major redevelopment or an alternative retail or non-retail format, or after evaluating alternative strategies for the property, we have determined that the property no longer meets our criteria for long-term investment. Similar criteria apply to the classification of an Associated Center or Community Center as a non-core property. The steps taken to reposition non-core properties, such as signing tenants to short-term leases, which are not included in occupancy percentages, or leasing to regional or local tenants, which typically do not report sales, may (3) lead to metrics which do not provide relevant information related to the condition of the non-core properties.

Therefore, traditional performance measures, such as occupancy percentages and leasing metrics, exclude non-core properties. Columbia Place and Madison Square were classified as non-core malls as of September 30, 2014. Columbia Place, Citadel Mall, Chapel Hill Mall and Madison Square were classified as non-core malls as of September 30, 2013. Additionally, Madison Plaza, an associated center adjacent to Madison Square, was classified as a non-core property as of September 30, 2014 and 2013. The foreclosure of Citadel Mall was completed in the first quarter of 2014 and Chapel Hill Mall and Columbia Place were conveyed to the respective lenders by a deed-in-lieu of foreclosure in September 2014 and October 2014, respectively.

Lender malls - Properties for which we are working or intend to work with the lender on the terms of the loan secured by the related property. As of September 30, 2014, Gulf Coast Town Center and Triangle Town Center were classified as lender malls. Additionally, Triangle Town Place, an associated center adjacent to Triangle Town (4) Center, was classified a lender property as of September 30, 2014. Lender properties are excluded from our same-center pool because they are under cash management agreements with the respective servicers. As such, the servicer controls the cash flow of these properties.

We derive the majority of our revenues from the mall properties. The sources of our revenues by property type were as follows:

	Nine Months Ended		
	September 30,		
	2014	2013	
Malls	88.0	% 91.6	%
Associated centers	4.0	% 4.1	%
Community centers	1.8	% 1.7	%
Mortgages, office buildings and other	6.2	% 2.6	%

Mall Store Sales

Mall store sales include reporting mall tenants of 10,000 square feet or less for stabilized malls and exclude license agreements, which are retail contracts that are temporary or short-term in nature and generally last more than three months but less than twelve months. Same-store sales per square foot increased 0.8% for the quarter ended September 30, 2014 as many retailers posted healthy results for the back to school sales season. Mall store sales for the trailing twelve months ended September 30, 2014 on a comparable per square foot basis declined approximately 1.9% to \$356 per square foot. Although we anticipate growth in sales from the upcoming holiday season in the fourth quarter, our expectations are that sales will be flat for the year.

For 2014, we continue to forecast occupancy improvements of 0 to 25 basis points as compared to 2013 for the total portfolio as well as for the stabilized mall portfolio as we continue to upgrade the retail mix in our portfolio. The slight decrease in occupancy for our same-center stabilized malls as compared to the prior-year period was primarily due to the timing of store openings.

Leasing

Leasing spreads continue to reflect the strong demand for space at our properties. Rental rates for renewal leases improved as a result of the conversion of a number of below-market rates to full rates.

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2014, we had approximately \$358.2 million outstanding on our combined credit facilities leaving approximately \$941.8 million of availability. In July 2014, our Coastal Grand 50/50 joint venture closed on a \$126.0

million loan. The new loan was used to retire an existing loan, which had a balance of \$75.2 million, as well as to pay off \$18.0 million of subordinated notes, which were held 50/50 by us and our joint venture partner. Excess proceeds were distributed on a pro rata basis. Our share of the approximately \$25.0 million in net proceeds was used to reduce outstanding balances on our credit facilities. The new 10-year non-recourse loan bears interest at a fixed rate of 4.0865%. Subsequent to September 30, 2014, we used availability on our credit facilities to retire our one remaining 2014 mortgage maturity, the \$113.4 million mortgage loan secured by Mall del Norte. This continues our strategy of adding to our pool of unencumbered assets.

Table of Contents

In October 2014, we executed a \$300.0 million offering of senior unsecured notes that bear interest at 4.60% payable semiannually beginning April 15, 2015 and maturing on October 15, 2024. Net proceeds from the offering were approximately \$297.7 million, after deducting the underwriting discount and other offering expenses. Proceeds were used to reduce amounts outstanding under our credit facilities and for general business purposes.

We sold a community center in September 2014 for \$2.0 million realizing net proceeds of \$1.9 million. Additionally, two of our non-core malls, Chapel Hill Mall and Columbia Place, were conveyed to the respective lenders through a deed-in-lieu of foreclosure in full satisfaction of the non-recourse debt secured by these malls. We transferred Chapel Hill Mall to the lender in September 2014 and recognized a gain on extinguishment of debt of \$18.2 million in the third quarter of 2014. The transfer of Columbia Place occurred in October 2014 and will be reflected in fourth quarter 2014 results.

We derive a majority of our revenues from leases with retail tenants, which have historically been the primary source for funding short-term liquidity and capital needs such as operating expenses, debt service, tenant construction allowances, recurring capital expenditures, dividends and distributions. We believe that the combination of cash flows generated from our operations, combined with our debt and equity sources and the availability under our credit facilities will, for the foreseeable future, provide adequate liquidity to meet our cash needs. In addition to these factors, we have options available to us to generate additional liquidity, including but not limited to, debt and equity offerings, joint venture investments, issuances of noncontrolling interests in our Operating Partnership, and decreasing expenditures related to tenant construction allowances and other capital expenditures. We also generate revenues from sales of peripheral land at our properties and from sales of real estate assets when it is determined that we can realize an optimal value for the assets.

Cash Flows - Operating, Investing and Financing Activities

There was \$45.1 million of unrestricted cash and cash equivalents as of September 30, 2014, a decrease of \$20.4 million from December 31, 2013. Our cash flow activities are summarized as follows (in thousands):

	Nine Months Ended		
	September 30,		
	2014	2013	Change
Net cash provided by operating activities	\$329,334	\$336,037	\$(6,703)
Net cash used in investing activities	(143,413)	(63,393)	(80,020)
Net cash used in financing activities	(206,350)	(276,304)	69,954
Net cash flows	\$(20,429)	\$(3,660)	\$(16,769)

The net decrease of \$6.7 million in operating cash flows for the nine months ended September 30, 2014 was primarily due to:

- a decrease in operating cash flows related to non-core properties and
- a decrease in operating cash flows related to the properties that were sold since January 1, 2013, partially offset by
- an increase in operating cash flows in our same-center portfolio due to the increase in NOI of those properties and
- an increase of operating cash flows from the New Properties.

The net increase of \$80.0 million in cash flows used in investing activities for the nine months ended September 30, 2014 was primarily due to:

- a reduction in proceeds from the sale of real estate assets due to three malls, three associated centers and five office buildings that were sold during the nine months ended September 30, 2013;
- a reduction in additions to and acquisitions of real estate assets related to the acquisition of the remaining 51% noncontrolling interest in Kirkwood Mall, construction of two outlet centers and the acquisition of a Sears store during the nine months ended September 30, 2013;
- an increase in payments received on mortgage and other notes receivable related to the payment of a note receivable received as a component of the consideration for the sale of Lakeshore Mall during the nine months ended September 30, 2014;
- a reduction in additional investments in unconsolidated affiliates due to advances during the nine months ended September 30, 2013 to fund the purchase of a Sears store and an initial equity contribution for the formation of a joint venture related to the development of Fremaux Town Center; and

Table of Contents

an increase in distributions in excess of equity in earnings of unconsolidated affiliates received during the nine months ended September 30, 2014 primarily related to excess proceeds from refinancings completed at certain unconsolidated affiliates.

The net decrease of \$70.0 million related to cash flows used in financing activities for the nine months ended September 30, 2014 was primarily due to:

- a reduction related to the cash used to redeem the Westfield PJV units during the nine months ended September 30, 2013; partially offset by
- a reduction in net borrowings on indebtedness and proceeds from issuance of common stock during the nine months ended September 30, 2013 that were used to fund the redemption of the Westfield PJV units.

Debt

Debt of the Company

We have no indebtedness. Either the Operating Partnership, one of its consolidated subsidiaries or an unconsolidated affiliate that the Operating Partnership has a direct or indirect ownership interest in is the borrower on all of our debt. We are a limited guarantor of the 5.25% senior notes, issued by the Operating Partnership in November 2013, for losses suffered solely by reason of fraud or willful misrepresentation by the Operating Partnership or its affiliates. We also provide a similar limited guarantee of the Operating Partnership's obligations with respect to our unsecured credit facilities and two unsecured term loans as of September 30, 2014.

We also have guaranteed 100% of the debt secured by The Promenade in D'Illberville, MS, which had a balance of \$48.1 million at September 30, 2014.

See Note 16 to the condensed consolidated financial statements for a description of senior notes issued by the Operating Partnership subsequent to September 30, 2014, for which CBL is a limited guarantor.

Debt of the Operating Partnership

The following tables summarize debt based on our pro rata ownership share, including our pro rata share of unconsolidated affiliates and excluding noncontrolling investors' share of consolidated properties, because we believe this provides investors and lenders a clearer understanding of our total debt obligations and liquidity (in thousands):

(1) Weighted-average interest rate includes the effect of debt premiums (discounts), but excludes amortization of deferred financing costs.

We had four interest rate swaps with notional amounts outstanding totaling \$106,677 as of September 30, 2014 and \$109,830 as of December 31, 2013 related to four of our variable-rate loans on operating properties to effectively

(2) fix the interest rates on these loans. Therefore, these amounts are reflected in fixed-rate debt at September 30, 2014 and December 31, 2013.

(3) Net of discount in the amount of \$4,322 and \$4,626 as of September 30, 2014 and December 31, 2013, respectively.

(4) A subsidiary of the Management Company entered into a term loan in May 2014.

This amount represented the noncontrolling partner's unreturned equity contribution related to Pearland Town Center that was accounted for as a financing due to certain terms of the CBL/T-C, LLC joint venture agreement. In March 2014, we purchased the noncontrolling interest as described below.

As of September 30, 2014, \$161.5 million of our pro rata share of consolidated and unconsolidated debt, excluding debt premiums, is scheduled to mature during the remainder of 2014 as well as \$27.3 million related to Columbia Place, which matured in 2013. Subsequent to September 30, 2014, the deed to Columbia Place was conveyed to the lender and the debt the property secured was extinguished. We also retired an operating property loan, leaving a \$48.1 million operating property loan that has an extension option we may exercise.

The weighted-average remaining term of our total share of consolidated and unconsolidated debt was 4.0 years at September 30, 2014 and 4.8 years at December 31, 2013. The weighted-average remaining term of our pro rata share of fixed-rate debt was 4.3 years and 5.2 years at September 30, 2014 and December 31, 2013, respectively.

As of September 30, 2014 and December 31, 2013, our pro rata share of consolidated and unconsolidated variable-rate debt represented 18.7% and 17.3%, respectively, of our total pro rata share of debt. The increase is primarily due to an increase in variable-rate debt related to the construction of an outlet center and a community center as well as utilization of our credit facilities. As of September 30, 2014, our share of consolidated and unconsolidated variable-rate debt represented 10.5% of our total market capitalization (see Equity below) as compared to 9.8% as of December 31, 2013.

Senior Unsecured Notes

In November 2013, the Operating Partnership issued \$450.0 million of 2023 Notes. The interest rate is subject to an increase ranging from 0.25% to 1.00% from time to time if, on or after January 1, 2016 and prior to January 1, 2020, our ratio of secured debt to total assets, as defined, is greater than 40% but less than 45%. The 2023 Notes are redeemable at the Operating Partnership's election, in whole or in part from time to time, on not less than 30 days notice to the holders of the 2023 Notes to be redeemed. The 2023 Notes may be redeemed prior to September 1, 2023 for cash, at a redemption price equal to the greater of (1) 100% of the aggregate principal amount of the 2023 Notes to be redeemed or (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest on the 2023 Notes to be redeemed, discounted to the redemption date on a semi-annual basis at the treasury rate, as defined, plus 0.40%, plus accrued and unpaid interest. On or after September 1, 2023,
