Revenues for the second quarter of 2006 reached US\$14.9 million, an increase of 12.4 percent compared with the second quarter of 2005 and an increase of 10.4 percent over the first quarter of 2006.

Gross profit for the second quarter of 2006 reached US\$6.2 million (41.8 percent of revenues), an increase of 42.1 percent over the second quarter of 2005 and an increase of 8.8 percent compared with first quarter of 2006.

Revenues for the first six months of 2006 reached US\$28.3 million, an increase of 5.1 percent compared with the same period in 2005. Operating and net income for the six-month period, reached US\$1.1 million and US\$418,000, respectively, compared with an operating and net loss of US\$709,000 and US\$1.3 million, respectively, for the first six months of 2005.

Commenting on the results, Mr. Jacob Even-Ezra, Chairman of Magal and CEO, said: " Our 2005 quarterly financial information includes the reversal of revenues and a corresponding increase in expenses as a result of a subsequent to 2005 year end cancellation of a turnkey project by a customer in Eastern Europe. We decided to reconsider the revenue recognition of this project in our financial results for 2005 and believe that it is appropriate not to record the revenues from this project in 2005 and to reduce income accordingly."

Mr. Even-Ezra concluded: " Management believes that the second half of the year will be better than the first half, both in revenues, as well as in operating and net income."
