Under the terms of our securities purchase agreement with the Selling Securityholders, the number of shares to be obtained by each respective Selling Securityholder upon exercise of warrants held by such Selling Securityholder cannot exceed the number of shares that, when combined with all other shares of common stock and securities then owned by such Selling Securityholder, would result in such Selling Securityholder owning more than 4.99% of our outstanding common stock at any given point of time. None of the Selling Securityholders are officers, directors or affiliates of us, and none of our officers or directors are related to, or has any business relationship with, any Selling Securityholder.

FORWARD-LOOKING INFORMATION

Some of the statements contained in or incorporated by reference in this prospectus discuss our plans and strategies for our respective businesses or state other forward-looking statements, as this term is defined in the Private Securities Litigation Reform Act of 1995. The words "anticipate," "believe," "estimate," "expect," "plan," "intend," "should," "seek," "will," and

Edgar Filing: RIVIERA TOOL CO - Form 424B4

similar expressions are intended to identify these forward-looking statements, but are not the exclusive means of identifying them. These forward-looking statements reflect the current views of our management. However, various risks, uncertainties and contingencies could cause our actual results, performance or achievements to differ materially from those expressed in, or implied by, these statements, including the following:

- o our success or failure to implement our business strategies; and
- o other factors discussed under the heading "Risk Factors;" and
- o elsewhere in this prospectus.

We assume no obligation to update any forward-looking statements contained in this prospectus, whether as a result of new information, future events or otherwise. For a discussion of important risks of an investment in our securities, including factors that could cause actual results to differ materially from results referred to in the forward-looking statements, see "Risk Factors" on page 5. You should carefully consider the information set forth under the caption "Risk Factors." In light of these risks, uncertainties and assumptions, the forward-looking events discussed in or incorporated by reference in this prospectus might not occur.

THE COMPANY

Riviera Tool Company is a designer and manufacturer of large scale, complex stamping die systems used to form sheet metal parts. Most of the stamping die systems sold by us are used in the production of automobile and truck body parts such as roofs, hoods, fenders, doors, door frames, structural components and bumpers. We were originally incorporated in 1967, and were incorporated in its present form in 1988, under the laws of the State of Michigan.

We maintain our executive offices at 5460 Executive Parkway, SE, Grand Rapids, Michigan 49512. Our telephone number is (616) 698-2100.

RISK FACTORS

You should carefully consider the risks described below before deciding whether to invest in shares of our common stock. Any investment in our common stock involves a high degree of risk. The risks and uncertainties described below are not the only ones we face. Additional risks and uncertainties not presently known to us may also impair our operations and business.

If we do not successfully address any of the risks described below, there could be a material adverse effect on our financial condition, operating results and business, and the trading price of our common stock may decline and you may lose all or part of your investment. We cannot assure you that we will successfully address these risks.

SHAREHOLDERS MAY SUFFER DILUTION FROM THIS OFFERING AND FROM THE EXERCISE OF EXISTING OPTIONS AND WARRANTS; THE TERMS UPON WHICH WE WILL BE ABLE TO OBTAIN ADDITIONAL EQUITY CAPITAL COULD BE ADVERSELY AFFECTED.

Our common stock may become diluted if warrants and options to purchase our common stock are exercised. The number of shares of our common stock that can be purchased upon exercise of the warrants is 598,950. Under the terms of our securities purchase agreement with the Selling Securityholders, the number of shares to be obtained upon exercise of warrants held by the

Edgar Filing: RIVIERA TOOL CO - Form 424B4

Selling Securityholders cannot exceed the number of shares that, when combined with all other shares of common stock and securities then owned by each respective Selling Securityholder, would result in such Selling Securityholder owning more than 4.99% of our outstanding common stock at any given point of time. See "Recently Issued Securities" on page 7 for a more complete description of our agreements with the Selling Securityholders.

These shares, as well as the eligibility for additional restricted shares to be sold in the future, either pursuant to future registrations under the Securities Act, or an exemption such as Rule 144 under the Securities Act, may have a dilutive effect on the market for the price of our common stock. The terms upon which we will be able to obtain additional equity capital could also be adversely affected. In addition, the sale of common stock offered by this prospectus, or merely the possibility that these sales could occur, could have an adverse effect on the market price of our common stock.

THE INABILITY TO OBTAIN NECESSARY ADDITIONAL CAPITAL IN THE FUTURE ON ACCEPTABLE TERMS COULD DELAY US FROM EXECUTING OUR BUSINESS PLAN OR PREVENT US FROM DOING SO ENTIRELY.

We expect to need additional capital in the future to fund our operations, finance investments in equipment and corporate infrastructure, expand our domestic and global sub-supplier network, increase the range of services we offer and respond to competitive pressures and perceived opportunities. Cash flow from operations, and cash on hand may not be sufficient to cover our operating expenses and capital investment needs. We cannot assure you that additional financing will be available on terms acceptable to us, if at all. A failure to obtain additional funding could prevent us from making expenditures that are needed to allow us to grow or maintain our operations. Increases in business can temporarily reduce our working capital due to cash flow lags.

If we raise additional funds by selling equity securities, the relative equity ownership of our existing investors could be diluted or the new investors could obtain terms more favorable than previous investors. If we raise additional funds through debt financing, we could incur significant borrowing costs. The failure to obtain additional financing when required could result in us being unable to grow as required to maintain profitable operations.

OUR REVENUE WOULD DECLINE SIGNIFICANTLY IF WE LOSE ONE OR MORE OF OUR MOST SIGNIFICANT CUSTOMERS WHICH COULD HAVE A SIGNIFICANT ADVERSE IMPACT ON US.

A significant portion of our revenues are concentrated among a few large customers. For the year ended August 31, 2003, our largest customer represented approximately \$19.2 million or 56% of total revenue, while the next three largest customers represented approximately \$2.5 million or 7% of total revenue. Our three largest customers represented 63% and 75% of total revenue for each of the fiscal years ended 2003 and 2002, respectively. For the quarterly periods ended February 29, 2004 and 2003, our three largest customers represented approximately 92% and 70%, respectively, of total revenues. The loss of any of the foregoing customers could have a significant adverse impact on us.

OUR BUSINESS COULD BE MATERIALLY ADVERSELY AFFECTED AS A RESULT OF GENERAL ECONOMIC AND MARKET CONDITIONS.

We are subject to the effects of general global economic and market conditions. If economic and market conditions deteriorate, our business, results of operations or financial condition could be materially adversely affected.

Edgar Filing: RIVIERA TOOL CO - Form 424B4

WE DEPEND ON OUR SENIOR MANAGEMENT, THE LOSS OF WHOM WOULD HAVE AN ADVERSE EFFECT ON US.

We presently are dependent upon the executive abilities of our President and Chief Executive Officer, Kenneth K. Rieth, our Chief Financial Officer, Peter C. Canepa, and our other executive officers. Our business and operations to date chiefly have been implemented under the direction of these individuals, who presently are, and in the future will be, responsible for the implementation of our anticipated plans and programs. The loss or unavailability of the services of one or more of our principal executives would have an adverse effect on us. Given our present financial condition, we may encounter difficulty in our ability to recruit and ultimately hire any replacement or additional executive officers having similar background, experience and qualifications as those of our current executive officers.

6

OUR BUSINESS COULD BE MATERIALLY ADVERSELY AFFECTED AS A RESULT OF WAR OR ACTS OF TERRORISM.

Terrorist acts or acts of war may cause damage or disruption to our employees, facilities, customers and partners, which could have a material adverse effect on our business, results of operations or financial condition. Such conflicts may also cause damage or disruption to transportation and communication systems and to our ability to manage logistics in such an environment, including receipt of materials and distribution of products.

OUR STOCK PRICE IS VOLATILE.

Our stock price, like that of other small cap companies, is subject to significant volatility because of factors such as quarterly variations in our operating results, changes in revenue or earnings estimates by the investment community and speculation in the press or investment community. In addition, our stock price is affected by unfavorable global economic and market conditions. If such conditions deteriorate, our stock price could decline.

THERE IS NO ASSURANCE THAT WE WILL REMAIN LISTED ON AN ACTIVE TRADING MARKET.

Although our common stock is quoted on the American Stock Exchange, there can be no assurance that we will, in the future, be able to meet all the requirements for continued quotation thereon. In the absence of an active trading market or if our common stock cannot be traded on the American Stock Exchange, our common stock could instead be traded on the Electronic Bulletin Board or in the Pink Sheets. In such event, the liquidity and stock price in the secondary market may be adversely affected. In addition, in the event our common stock was delisted, broker-dealers have certain regulatory burdens imposed upon them which may discourage broker-dealers from effecting transactions in our common stock, further limiting the liquidity of our common stock.

RECENTLY ISSUED SECURITIES

The prices at which we sold our common stock in the transactions discussed below and the exercise prices for the warrants issued by us, were each a function of the market price for our common stock at or about the time each transaction was consummated and arms length negotiations with the respective purchaser or warrant holder, as the case may be. This principally accounts for

Edgar Filing: RIVIERA TOOL CO - Form 424B4

the price variations in each applicable transaction.

On March 16, 2004, we entered into a securities purchase agreement with the Selling Securityholders pursuant to which:

- o we sold and Iroquois Capital purchased 52,632 shares of our common stock;
- o we sold and Bluegrass purchased 131,579 shares of our common stock;
- o we sold and Capital Ventures purchased 131,579 shares of our common stock; and
- o we sold and Vertical Ventures purchased 78,947 shares of our common stock.

In addition, at the closing of the March 16, 2004 private placement we issued and delivered the following warrants to purchase shares of our common stock:

SELLING SECURITYHOLDER	\$3.80 WARRANT	\$5.07 WARRANT	\$5.53 WA
Iroquois Capital	35,088	21,053	21,05
Bluegrass	87,719	52,632	52,63
Capital Ventures	87,719	52,632	52,63
Vertical Ventures	52,632	31,579	31,57
TOTAL	263,158	157,896	157,89

We received net proceeds at the closing in the amount of \$1,480,000, after deducting certain legal fees and expenses reimbursed to Bluegrass. We also paid a finder's fee of \$105,000 and issued warrants to purchase 10,000 shares with an exercise price of \$5.07 per share and warrants to purchase 10,000 shares with an exercise price of \$5.53 per share to Granite Financial as a fee in connection with the transaction.

The \$5.07 and \$5.53 Warrants are exercisable for a five-year period commencing September 16, 2004 and the \$3.80 Warrant

is exercisable commencing March 16, 2004 through the six-month anniversary of the date of this prospectus. Each of the warrants provides for adjustment in the price and number of warrant shares:

- o if we, at any time while the warrants are unexpired and not exercised in full, pay a dividend in shares of our common stock or make a distribution in shares of our common stock to holders of our outstanding common stock;
- o if we, at any time while the warrants are unexpired and not exercised in full, subdivide outstanding shares of our common stock into a greater number of shares;
- o if we, at any time while the warrants are unexpired and not exercised

Edgar Filing: RIVIERA TOOL CO - Form 424B4

- in full, combine outstanding shares of our common stock into a smaller number of shares of common stock; and
- o if we, at any time while the warrants are unexpired and not exercised in full, issue any shares of our capital stock in a reclassification of our common stock.

In addition, for a period of one year from the initial exercise date, the exercise price of each of the \$5.07 and \$5.53 Warrants shall be adjusted for any dilutive issuances whereby the exercise price shall be reduced to equal the per share offering price of such dilutive issuance.

On March 31, 2004, we received approval from the American Stock Exchange for listing of an additional 993,687 shares of our common stock, such shares representing the maximum number of shares of our common stock issuable to the Selling Securityholders.

Right of First Refusal

Iroquois Capital, Bluegrass, Capital Ventures and Vertical Ventures have been granted a right of first refusal for any or all shares in a proposed sale by us of our securities in a private placement transaction exempt from registration under the Securities Act until twelve months after the date of this prospectus. Such right of first refusal shall be held open for five trading days from the date of the initial notice of the proposed offer to sell the securities.

4.99% Limitation

Under the terms of our securities purchase agreement with the Selling Securityholders, the number of shares to be obtained upon exercise of warrants cannot exceed the number of shares that, when combined with all other shares of common stock and securities then owned by each respective Selling Securityholder, would result in such Selling Securityholder owning more than 4.99% of our outstanding common stock at any given point of time.

USE OF PROCEEDS AND EXPENSES OF THE OFFERING

We will not receive any of the proceeds from the sale of the shares offered by the Selling Securityholders. We will receive a maximum of approximately \$2,779,684 from the exercise of all of the warrants, assuming all of the warrants are exercised for cash and in full, of which there can be no assurance. Any proceeds received by us in connection with the exercise of the warrants will be used for working capital and general corporate purposes. With the exception of any brokerage fees and commission which are the obligation of the Selling Securityholders, we are responsible for the fees, costs and expenses of this offering which are estimated to be \$100,493, inclusive of our legal and accounting fees, printing costs, "blue sky," filing and other miscellaneous fees and expenses.

SELLING SECURITYHOLDERS

The Selling Securityholders may from time to time offer and sell pursuant to this prospectus any or all of the shares of common stock listed below. When we refer to the "Selling Securityholders" in this prospectus, we mean those persons listed in the table below, as well as the pledgees, donees, assignees, transferees, successors and others who later hold any of the Selling Securityholders' interests. In the event that any Selling Securityholder enters into a transaction with a pledgee, donee, assignee, transferee, successor, we will amend or supplement this prospectus to specifically name such individual as a "Selling Securityholder."

Iroquois Capital has informed us that one of its partners, Joshua Silverman, maintains voting and investment control over our securities held by Iroquois Capital. Mr. Silverman disclaims beneficial ownership of any shares held by Iroquois Capital.

Bluegrass has informed us that Brian Shatz and Deborah Solomon, its Managing Members, maintains voting and investment control over our securities held by Bluegrass.

Capital Ventures has informed us that Heights Capital Management, Inc. has investment discretion and voting power with respect to our securities held by Capital Ventures. Martin Kobinger, as Investment Manager for Heights Capital, may also be deemed to have investment discretion and voting power with respect to our securities held by Capital Ventures.

Vertical Ventures has informed us that one of its partners, Joshua Silverman, maintains voting and investment control over our securities held by Vertical Ventures. Mr. Silverman disclaims beneficial ownership of any shares

Edgar Filing: RIVIERA TOOL CO - Form 424B4

held by Vertical Ventures.

Granite Financial has informed us that Daniel J. Schreiber, its President, maintains voting and investment control over our securities held by Granite Financial.

We have agreed to file a registration statement, of which this prospectus is a part, to register the shares of the Selling Securityholders set forth in the table below in order to permit the Selling Securityholders to sell these shares from time to time as described in "Plan of Distribution" on page 12.

We cannot determine the actual number of shares of our common stock that we will issue, because of the variables discussed in this prospectus. Shares of our common stock sold to the Selling Securityholders will not be freely tradeable by the Selling Securityholders until they are registered under applicable securities laws or an exemption from such registration is available. However, we are required to register for resale all shares of our common stock issued or issuable to Selling Securityholders in connection with the securities purchase agreement dated March 16, 2004.

The table below sets forth the name of each Selling Securityholder, the number of shares being registered for sale as of the date of this prospectus and sets forth the number of shares of common stock known by us to be beneficially owned by each of the Selling Securityholders as of May 3, 2004. None of the Selling Securityholders has had a material relationship with us within the past three years other than as a result of the ownership of our shares of common stock or other securities as described in this prospectus. The shares offered by this prospectus may be offered from time to time by the Selling Securityholders. The percent of beneficial ownership for each stockholder is based on 3,774,346 shares of our common stock outstanding as of May 3, 2004. The Selling Securityholders listed in the table below may have acquired, sold or transferred, in transactions exempt from registration requirements of the Securities Act of 1933, as amended, some or all of their common stock since the date as of which the information in the table is presented. We are not making any representation that any shares covered by this prospectus will or will not be offered for resale. The

Selling Securityholders reserve the right to accept or reject, in whole or in part, any proposed sale of shares.

Information about the Selling Securityholders may change over time. Any changed information will be set forth in prospectus supplements. From time to time, additional information concerning ownership of our common stock may rest with certain holders thereof not named in the table below and of whom we are unaware.

* Less than one percent (1%).

(1) The figures for the number of shares and the percentage of shares beneficially owned by the Selling Securityholders after the offering are based on the assumption that all of the Selling Securityholders will sell all of the shares registered for sale hereby. Because the Selling Securityholders may offer all, some or none of the shares pursuant to this prospectus, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares, no estimate can be given as to the number of shares that will be held by the Selling Securityholders after completion of the sale of shares hereunder. See "Plan of Distribution" On page 12.

Michigan Anti-Takeover Laws

Under Chapter 7A of the Michigan Business Corporation Act, "business combinations" (defined to include, among other transactions, mergers, consolidations, certain dispositions of assets or shares, and certain recapitalizations) between certain corporations or their domestic subsidiaries and an "interested shareholder" (defined as the direct or indirect beneficial owner of at least 10% of the voting power of a covered corporation's outstanding shares or an affiliate of the corporation which had such 10% ownership within the preceding two years) can only be consummated if approved by at least 90% of the votes of each class of the corporation's shares entitled to vote thereon and by at least two-thirds of such votes not held by the interested shareholder or its affiliates, unless certain price and other conditions imposed by Chapter 7A are satisfied. The board of directors may elect to exempt business combinations with a particular interested shareholder from the requirements of Chapter 7A at any time before the interested shareholder attains that status.

Under Chapter 7B of the Michigan Business Corporation Act, "control shares" (defined to mean shares, which when added to all other shares of the corporation owned by a person or with respect to which that person may exercise or direct the exercise of voting power, would entitle that person, immediately after the acquisition of the shares, to exercise or direct the exercise of voting power in the election of directors in excess of threshold levels of 20%, 33 1/2% or a majority of all voting power) acquired in a "control share acquisition" (defined to include the acquisition, directly or indirectly, by any person of ownership of or the power to exercise the voting power with respect to, issued and outstanding control shares) have the same voting rights as were accorded the shares before the control share acquisition only to the extent granted by resolution approved by the shareholders of the corporation. To have such a resolution considered by the shareholders of the corporation, the acquiring person must deliver an "acquiring person statement" to the corporation and the Michigan Department of Commerce, Corporations, Securities and Land Development Bureau. To be approved by the shareholders, the resolution must be approved by a majority of the votes cast by the holders of the common stock and a majority of the votes cast by the holders of shares of each class or series entitled to vote thereon, excluding "interested shares" (defined to include shares held by the acquiring person or member of his group, an officer of the corporation and any director who is also an employee of the corporation). The practical effect of Chapter 7B of the Michigan Business Corporation Act is to require that a person making a tender offer for shares of a corporation condition the offer on shareholder approval of the person's right to vote the shares to be acquired.

Edgar Filing: RIVIERA TOOL CO - Form 424B4

If authorized by a corporation's articles of incorporation or bylaws, control shares acquired in a control share acquisition with respect to which no acquiring person statement has been filed may be redeemed by the corporation at any time more than 60 days after the end of the control share acquisition at "fair value." If authorized by the corporation's articles of incorporation or bylaws, control shares acquired in a control share acquisition which are not accorded full voting rights may be redeemed by the corporation at "fair value." Unless otherwise provided in the corporation's articles of incorporation or bylaws, in the event that control shares acquired in a control share acquisition are accorded full voting rights and the acquiring person has acquired a majority of all voting power of the corporation, the shareholders of the corporation, other than the acquiring person, have dissenters' rights. "Fair value" means a value not less than the highest price paid per share by the acquiring person in the control share acquisition.

The provisions of Chapter 7B automatically apply to us, although our board of directors or our shareholders may elect to remove us from the application of Chapter 7B. Our board of directors has no plans to elect to remove such application and is not aware of any plans or proposals to do so. Further, none of the provisions discussed above has been included in our Articles of Incorporation or Bylaws.

The foregoing discussion concerning the provisions of the Michigan Business Corporation Act is qualified in its entirety by reference to such Michigan Business Corporation Act provisions.

Securities and Exchange Commission on Indemnification

Our by-laws provide for a broad right for indemnification for any person who is or was involved in any manner in any threatened, pending, or completed investigation, claim, action, suit, or proceeding by reason of the fact that the person had agreed to become a director, officer, employee, or agent of our company.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been informed that in the opinion of the Commission this type of indemnification is against public policy as expressed in the Act and is, therefore unenforceable. In the event that a claim for indemnification against liabilities arising under the Securities Act (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit or

proceeding) is asserted by any director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of the submitted issue.

Voting Rights

Each share of common stock is entitled to one vote in the election of directors and other matters. Common stockholders are not entitled to preemptive

Edgar Filing: RIVIERA TOOL CO - Form 424B4

or cumulative voting rights.

PLAN OF DISTRIBUTION

The Selling Securityholders and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The Selling Securityholders may use any one or more of the following methods when selling shares:

- o ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- o block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- o an exchange distribution in accordance with the rules of the applicable exchange;
- o privately negotiated transactions;
- o settlement of short sales;
- o broker-dealers may agree with the Selling Securityholders to sell a specified number of such shares at a stipulated price per share;
- o a combination of any such methods of sale;
- o through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise; or
- o any other method permitted pursuant to applicable law.

The Selling Securityholders may also sell shares under Rule 144 under the Securities Act of 1933, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Securityholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. Each Selling Securityholder does not expect these commissions and discounts relating to its sales of shares to exceed what is customary in the types of transactions involved.

In connection with the sale of our common stock or interests therein, the Selling Securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of our common stock in the course of hedging the positions they assume. The Selling Securityholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The Selling Securityholders may also enter into option or other transactions with broker-dealers or other financial

institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Securityholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Securityholders has informed us that it does not have any agreement or understanding, directly or indirectly, with any person to distribute our common stock.

We have agreed to indemnify the Selling Securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because Selling Securityholders may be deemed to be "underwriters" within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. Each Selling Securityholder has advised us that they have not entered into any agreements, understandings or arrangements with any underwriter or broker-dealer regarding the sale of the resale shares. There is no underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by the Selling Securityholders.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the shares may be resold by the Selling Securityholders without registration and without regard to any volume limitations by reason of Rule 144(e) under the Securities Act or any other rule of similar effect or (ii) all of the shares have been sold pursuant to the prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to our common stock for a period of two business days prior to the commencement of the distribution. In addition, the Selling Securityholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of our common stock by the Selling Securityholders or any other person. We will make copies of this prospectus available to the Selling Securityholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale.

We will pay all expenses associated with filing and maintaining the effectiveness of this registration statement. With the exception of any

Edgar Filing: RIVIERA TOOL CO - Form 424B4

brokerage fees and commission which are the obligation of the Selling Securityholders, we are responsible for the fees, costs and expenses of this offering which are estimated to be \$100,493, inclusive of our legal and accounting fees, printing costs, "blue sky," filing and other miscellaneous fees and expenses.

Certain legal matters with respect to the validity of our common stock will be passed upon for us by Greenberg Traurig, LLP, 200 Park Avenue, New York, NY 10166.
