INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants  
Primus Telecommunications Group, Inc. 401(k) Plan  
McLean, Virginia

We have audited the accompanying statement of net assets available for benefits of Primus Telecommunications Group, Inc. 401(k) Plan (the Plan) as of December 31, 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. Other auditors were engaged to audit, before the matters discussed in Note 8, the statement of net assets available for benefits of Primus Telecommunications Group, Inc. 401(k) Plan as of December 31, 1999. Their report dated October 31, 2000, disclaimed an opinion on the 1999 statement as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects the net assets available for benefits of the Plan as of December 31, 2000, and the changes in net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 8 to the financial statements, the Plan changed its method of accounting from the modified cash basis to the accrual basis of accounting.

We also audited the adjustments in Note 8 that were applied to restate the December 31, 1999, financial statements. In our opinion, such adjustments are appropriate and have been applied properly.

Edgar Filing: PRIMUS TELECOMMUNICATIONS GROUP INC - Form 11-K

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes at the end of the year and nonexempt transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The schedule of assets held for investment purposes at the end of the year that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed plan assets held by the Plan trustee. Disclosure of this information is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

PRIMUS TELECOMMUNICATIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

---

## NOTE 1. PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

**PLAN DESCRIPTION:** The following description of Primus Telecommunications Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**GENERAL:** The Plan is a defined contribution plan covering all employees, except nonresident aliens, of Primus Telecommunications Group, Inc. and LCR Telecom (the Company) who are 21 years old. Full time employees must have completed 1/4 year of service and part-time employees must have completed one year of service to be eligible. It is subject to the provisions of the ERISA.

**CONTRIBUTIONS:** Each year, participants may elect to make salary reduction contributions of up to 20% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 9 mutual funds, a common collective trust account, and the Company's common stock. The participants may change their investment allocations daily. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The matching Company contribution is invested directly in Primus Telecommunications Group, Inc. common stock. Additional profit sharing accounts may be contributed at the option of the Company's board of directors. For the year ended December 31, 2000, no discretionary contributions were made. Contributions are subject to certain limitations.

**PARTICIPANT ACCOUNTS:** Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**VESTING:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous services. A participant is 100% vested after three years of credited service.

**PARTICIPANT LOANS:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 1% set at the time the loan is taken. The Prime rate at December 31, 2000, was 9.5%. Principal and interest payments are made through bi-weekly payroll deductions and applied to the loan balances once a month.

**PAYMENT OF BENEFITS:** On termination of service due to disability retirement or death and the total benefit is greater than \$3,500, a participant or his or her

## Edgar Filing: PRIMUS TELECOMMUNICATIONS GROUP INC - Form 11-K

beneficiary may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or leave their account in the Plan. If the total benefit is \$3,500 or less, the entire amounts is to be paid in a lump-sum distribution.

### NOTE 1. PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**FORFEITED ACCOUNTS:** At December 31, 2000, forfeited nonvested accounts totaled \$42,660. These accounts will be used to reduce future employer contributions. During 2000, employer contributions were not reduced by any forfeited nonvested accounts.

A summary of the Plan's significant accounting policies follows:

**ESTIMATES:** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**INVESTMENT VALUATION AND INCOME RECOGNITION:** Investment in pooled separate accounts are recorded at fair value, as determined by the unit value reported by Merrill Lynch. Participant loans are valued at cost, which approximates fair value. The common stock of the Company is value at market value.

The Plan invests in a common/collective trust account and mutual funds. Such investments are exposed to various risks such as market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date.

**PAYMENT OF BENEFITS:** Benefits are recorded when paid.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5. TAX STATUS

During 2000, the Plan adopted a non-standardized prototype plan. The prototype plan received a determination letter from the Internal Revenue Service (IRS) dated June 29, 1993, stating that the prototype plan document as designed qualified under the provisions of Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since adopting the prototype plan, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6. RELATED PARTY TRANSACTIONS

Certain plan investments are units of pooled separate accounts managed by Merrill Lynch Trust Company, FSB (ML). ML is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$1,793 for the year ended December 31, 2000.

NOTE 8. CHANGE IN METHOD OF ACCOUNTING

During 2000, the Plan changed its method of accounting from the modified cash basis to the accrual basis of accounting. Consequently, the 1999 statement of net assets available for benefits was restated to report the statement on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Receivables for participant and employer contributions, as of December 31, 1999, were recorded in the amounts of \$78,709 and \$25,011, respectively, to report the statement of net assets available for benefits on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The cumulative effect of this adjustment was to restate net assets available for benefits at December 31, 1999, by an increase of \$103,720.

NOTE 9. SUBSEQUENT EVENT

The Company is in the process of amending and restating the Plan to comply with recent legislative changes.
