SOUTH JERSEY INDUSTRIES, INC.
PROXY STATEMENT _____

This statement is furnished on behalf of the Board of Directors of South Jersey Industries, Inc. to solicit proxies for use at its Annual Meeting of Shareholders. The meeting is scheduled for Thursday, April 29, 2004, at 10:00 a.m. at the Renault Winery Restaurant, 72 N. Bremen Avenue, Egg Harbor City, New

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

Jersey. The approximate date proxy materials will be sent to shareholders is March 15, 2004.

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Secretary or employees of the Company may solicit proxies by phone, telegram, fax, e-mail or in person. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$2,500, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Only shareholders of record at the close of business on February 26, 2004 may vote at the meeting. On that date, the Company had 13,398,433 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

A quorum is necessary to conduct the business of the meeting. This means that holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Directors are elected by a plurality vote of all votes cast at the meeting. The approval of the Company's auditors and other matters that come before the meeting require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the director elections or the approval of the appointment of the independent auditors.

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction as to any matter to be acted on, the shares represented by the proxy will be voted in accordance with those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted "For" the election of the nominated slate of directors and "For" approval of the appointment of Deloitte & Touche LLP as the Company's independent auditors. A shareholder who returns a proxy may revoke it at any time before it is voted. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the voting of the proxy. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment.

DIRECTOR ELECTIONS

At the Annual Meeting, five directors are to be elected to the Board of Directors. One nominee is to be elected as a Class II Director to hold office for a term of two years and four nominees are to be elected as Class III Directors for a three-year term. As designated on the proxy card, unless otherwise instructed, proxy votes will be cast for the following persons as directors: Class II (term expiring in 2006) - Thomas A. Bracken; Class III (term expiring in 2007) - Helen R. Bosley, Edward J. Graham, Herman D. James, Ph.D. and Ambassador William J. Hughes. The Board of Directors, which currently consists of nine members, is being increased to eleven members. Clarence D. McCormick, a director in Class III whose term is expiring, is not standing for re-election in accordance with the Board's retirement policy. Messrs. Bracken and Graham and Ms. Bosley are standing for election by the Company's shareholders for the first time. While we do not anticipate that, if elected, any of the nominees will be

-1-

unable to serve, if any should be unable to accept the nomination or election, the persons designated as proxies on the proxy card will vote for the election of such other person as the Board of Directors may recommend.

THE BOARD OF DIRECTORS

Corporate Governance

Independence of Directors

The Board has adopted Corporate Governance Guidelines that require the Board to be composed of a majority of outside directors who are "independent directors" as defined by the rules of the New York Stock Exchange. No director will be considered "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. When making "independence" determinations, the Board considers all relevant facts and circumstances, as well as any other facts and considerations specified by the New York Stock Exchange, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. As a part of its Corporate Governance Guidelines, the Board had established the policy that Board members may not serve on more than four other boards of publicly traded companies.

-7-

Certain Relationships

Of all of the non-employee outside directors, one current director, Mr. Campbell, and one non-employee nominee standing for election, Mr. Bracken, have business relationships which warrant closer consideration of the independence rules. Mr. Campbell is Chairman of Mannington Mills, Inc., which purchases natural gas from subsidiaries of the Company. Commencing January 2004, as a result of winning a competitive bid, another subsidiary of the Company owns and operates a cogeneration facility that provides electricity to Mannington Mills, Inc. Mr. Bracken is President of Sun National Bancorp, Inc., which provides a \$10 million line of credit for the Company and its subsidiaries, a \$10 million letter of credit for the Company and a bank account for another subsidiary of the Company. The Board has determined that Messrs. Campbell and Bracken, as well as all the other non-employee directors, meet the New York Stock Exchange standards for independence and are, therefore, considered to be independent directors. During 2003, nine of the ten directors of the Board were considered to be "independent."

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

Code of Conduct

The Company has adopted codes of conduct for all employees, officers and directors which includes the code of ethics for our principal executive, our principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted under the Sarbanes-Oxly Act of 2002. A copy of the codes of ethics are available on the Company's website at www.sjindustries.com under the heading Investor Relations.

Communication with Directors

The independent directors of the Board meet at least two times each year. These meetings are chaired by the independent director Chairman of each of the Board's Audit, Compensation/Pension or Nominating and Governance Committee. The designation of chairman is determined in accordance with the principal items to be considered at the meeting and which committee has responsibility for such matters. Experience has shown that this procedure, which has been the Board's practice, has been effective in providing independent leadership without requiring the need for a lead director. You may communicate with the Chairmen of the Audit, Compensation/Pension and Nomination and Governance Committee by sending an e-mail to auditchair@sjindustries.com, compchair@sjindustries.com or nomgovchair@sjindustries.com or you may communicate with our outside independent directors as a group by sending an e-mail to sjidirectors@sjindustries.com. The charters and scope of responsibility for each of the Company's committees can be found on the Company's website at www.sjindustries.com. You may also address any correspondence to the chairmen of the committees or the outside directors at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey, 08037.

Meetings of the Board of Directors and its Committees

During 2003, each of the directors of the Company also served on the Boards of one or more of South Jersey Gas Company, South Jersey Energy Company, Energy & Minerals, Inc. and R&T Group, Inc., all of which are direct subsidiaries of the Company.

Compensation of Directors

During 2003, non-employee directors received shares of restricted stock with a market value of \$9,000. In addition, they receive \$1,000 for each meeting of the Board of the Company or its subsidiaries attended, except that the maximum fee paid to any person for attendance at one or more meetings of these boards held on the same day is \$1,000. Non-employee directors also receive \$500 for each meeting of a Committee of the Board of the Company or of a subsidiary that they attend if the meeting is held on the same day as a Board meeting or \$1,000 if the meeting is held on any other day. Non-employee directors who participate telephonically in a Board or Committee meeting receive \$500. During 2003, chairmen of each committee were paid an additional \$200 for each meeting of their committee that they attend. During 2003, non-employee members of the Executive Committee were paid an annual retainer of \$16,600, and all other non-employee Board members received an annual retainer of \$14,100. Directors who are also officers of the Company receive no separate compensation for serving on the Board. The Company has established a plan whereby directors may elect to defer the receipt of fees until a specified date or until retirement from the Board. The deferred amount, together with interest, may be paid in a lump sum or in equal annual installments as the director elects.

In 2003, a study of non-employee director compensation was conducted by outside compensation consultants comparing the Company's director compensation with a relevant peer group. The consultants recommended and the Board approved targeting non-employee director compensation at the median of the peer group. Accordingly, effective January 1, 2004, non-employee directors receive annually shares of restricted stock with a market value of \$13,000. COMPENSATION/PENSION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation/Pension Committee consists of five independent directors. Among other responsibilities, the Committee makes recommendations to the Board regarding the Company's executive compensation policies, practices and objectives. The Committee administers the Company's Annual Cash and Stock-Based Compensation plans.

The current executive compensation structure has been in place since 1998 and applies to all officers of the Company. At that time, a comprehensive study of compensation alternatives was undertaken, a primary objective being the creation of a system which aligns the interest of Company shareholders with the financial incentives of executives on a short-term and long-term basis. That study drew upon the experience and knowledge of Committee members in consultation with their independent compensation consultant. In November 2002, an update to the 1998 study was completed, to ensure that the structure remained consistent with contemporary compensation methods and tools. The Committee's consulting firm presented a detailed update which reexamined the component parts of the executive compensation program as currently applied. Further, the report provided a competitive analysis of how executives' base salary, annual cash and long-term compensation compared to peer companies in the energy industry and the general business community. The Committee evaluated and assessed those findings in the context of the Company's performance over the past five years and the growth predicted going forward. The Committee determined that its executive compensation policy and methodology were advancing the corporate mission while attracting and retaining qualified executive management to carryout the work and goals of the organization.

In 2003, the Committee engaged its consultant to provide a market-based update to its executive compensation schedule, in anticipation of January 2004 compensation adjustments. That update was completed and presented in September 2003. Total annual direct compensation forecasted for 2004 for the executive group, exclusive of the CEO, reported at the 88th percentile of the competitive market median. Using the same data sources, for 2003 the total annual direct compensation of Mr. Bisciegliia, the Chief Executive Officer, reported at approximately 63% of the competitive market median. In February of 2004, Mr. Bisciegliia retired from his role as CEO, remaining as Chairman of the Company's Board of Directors. Mr. Graham assumed the CEO role with total annual direct compensation of approximately 59% of the market median.

Also in 2003, the Committee directed the completion of a study to examine the efficacy of the peer group utilized for the long-term incentive component. In May this report was completed and presented to the Committee. The criteria and screening process employed by the consultant was carefully reviewed and discussed. The Committee found the process sound and appropriate. A defined procedure and schedule for peer group population and review was adopted and documented in the Committee's chart of activities.

The established incentive-based executive compensation structure consists of three parts, two of which are directly linked to achieving predefined short-term and long-term performance goals. These three components were fully implemented with respect to compensation and performance for fiscal year 2000 and each year thereafter. They are as follows:

* Base Salary - which is set at the 50th percentile of the relevant peer market;

* Annual Cash Awards - which provides an annual award, 75% of which is directly tied to the Company's earnings per share from continuing operations, with the balance based upon specific, predefined performance objectives for each

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

executive; and

-11-

* Long-Term Incentive - which employs equity-based instruments, currently restricted stock grants, which are earned based upon the Company's relative total shareholder return, measured against industry peer companies, over three-year cycles.

In general, executive base salaries, including that of Mr. Bisciegli, were increased in January 2003 to provide a 4.5% adjustment, which was the market adjustment recommended by the Committee's consultant.

In January 2003, long-term incentive grants were provided to executives, including Mr. Bisciegli, in the form of restricted stock. The performance period for this long-term incentive is the three-year period ending December 31, 2005. The Committee established at-risk threshold, target and maximum incentive levels based upon total shareholder returns for the period compared to shareholder returns of the predefined peer group. Grants are detailed in the Summary Compensation Table. Also, in March 2004, performance-based restricted stock grants provided in January 2001 vested and were awarded to executives, including Mr. Bisciegli. Awards are detailed in the Summary Compensation Table.

In January 2004, annual cash awards with respect to fiscal 2003 were provided to executives, including Mr. Bisciegli, 75% of which were based upon a predetermined earnings per share target from continuing operations for 2003, with the remaining 25% based upon individual performance goals. Awards are detailed in the Summary Compensation Table.

The Committee believes that the Company's performance over the past five years provides tangible evidence that at-risk compensation, both annual and long-term, should continue to represent a significant portion of total executive compensation. Annual incentives promote short-term performance which instills a measure of deserved confidence in the Company's ability to produce consistent results, year after year. The use of a time-restricted, stock-based incentive strongly encourages management to conduct the business of the Company in ways that advance both the market value of its stock and its ability to continue to provide a competitive dividend to shareholders over time. The alignment of interests is desirable and works to the benefit of Company shareholders.

The executive officers of the Company are eligible for benefits under a tax-qualified pension plan for salaried employees provided by the Company. Compensation considered under the pension plan consists of base salary only, which in the case of the executive officers is included in the cash compensation reported in column (c) of the Summary Compensation Table. Employees do not make contributions to the plan, and the employer contributions (which are based on aggregate actuarial calculations without individual allocation) are held and invested in a diversified portfolio of funds of recognized standing until they are used to provide retirement benefits. Early retirement with reduced annual benefits is permitted (but not before age 55). Executive officers who are 50 years of age or older are also covered by an unfunded supplemental retirement plan that is designed in general to provide the officer with a minimum retirement benefit from the salaried employee pension plan and the supplemental plan that aggregates 2% of the average of the highest three of the final six years' salary (as defined in the plan), for each year of service, plus 5%. Assuming continued employment and retirement at age 60, Messrs. Bisciegli, Graham, Kindlick, Ruggiero and Walker will have, respectively, 36, 36, 35, 19 and 31 years of credited service. No credit is provided under the supplemental plan for more than 30 years of service.

Employment Contracts

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

The Company has employment agreements with each of the Named Executives. Mr. Bisciegli's employment agreement was for the period ending January 31, 2004, at which time Mr. Bisciegli retired as the Company's Chief Executive Officer. The other Named Executives have agreements for a three-year period ending December 31, 2005, which provide for a base salary that will be reviewed periodically but will not be less than what was being paid at the beginning of the period. If a change of control (as defined in each agreement) occurs, the agreement is automatically extended for three years from the date the change of control occurs. If, during the extended term of the agreement, the officer's employment is terminated for other than cause, or if he resigns after there has been a significant adverse change in his employment arrangement with the Company, he is entitled to a severance payment equal to 300% of his average annual compensation during the preceding five calendar years. If the officer's employment agreement is terminated for other than cause without a change of control, he is entitled to a severance payment equal to 150% of his average annual compensation during the preceding five calendar years.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of six directors, each of whom is independent as defined under the listing standards of the New York Stock Exchange. The Board has determined that Sheila Hartnett-Devlin is an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission. The Audit Committee's activities and scope of its responsibilities are set forth in a written charter adopted by the Board, a copy of which is attached hereto as Exhibit A and posted on the Company's website at www.sjindustries.com under the heading Investor Relations.

In accordance with its charter adopted by the Board of Directors, the Audit Committee, among other things, assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. Management has the responsibility for the preparation of the Company's financial statements and the independent auditors have the responsibility for the examination of those statements.

The Audit Committee reviewed the audited financial statements of the Company for the fiscal year ended December 31, 2003 with management and with

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

Deloitte & Touche LLP, the Company's independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees,"

relating to the conduct of the audit. The Audit Committee also received written disclosures from Deloitte & Touche LLP regarding its independence from the Company as required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has discussed with Deloitte & Touche LLP the independence of that firm.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report of Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

Fees Paid to Auditors

As part of its duties, the Audit Committee also considered whether the provision of services other than the audit services by the independent auditors to the Company is compatible with maintaining the accountants' independence. In accordance with its charter, the Audit Committee must pre-approve all services provided by Deloitte & Touche LLP. The fees for all services provided by the independent auditors to the Company during 2003 and 2002 are as follows:

APPENDIX A

SOUTH JERSEY INDUSTRIES, INC.
AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing: the financial reports and other financial information provided by the Corporation to any governmental body or the public; the Corporation's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established; and the Corporation's auditing, accounting and financial reporting processes generally. Consistent with this function, the Audit Committee encourages continuous improvement of, and fosters adherence to, the Corporation's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

The Audit Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. COMPOSITION

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent directors as defined by the rules of the New York Stock Exchange, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.
