**Proposals**

<sup>1</sup> To consider and vote upon the approval of new investment advisory agreements for each Fund with AllianceBernstein L.P.

**The Board recommends you vote in FAVOR of the proposal**

**WHY AM I BEING ASKED TO APPROVE NEW INVESTMENT ADVISORY AGREEMENTS?**

As required by the Investment Company Act of 1940, as amended (the “1940 Act”), each Fund’s current investment advisory agreement with the Adviser automatically terminates in the event of an assignment, which includes a direct or indirect transfer of a controlling block of the voting securities of the Adviser. This provision effectively requires a Fund’s stockholders to vote on a new investment advisory agreement if the Adviser experiences a transfer of a

Joint Meeting of Stockholders

As described in more detail in the Proxy Statement, AXA S.A. plans to sell over time its remaining ownership interest in AXA Equitable Holdings, Inc., the indirect holder of a majority of the partnership interests in the Adviser and the indirect parent of AllianceBernstein Corporation, the general partner of the Adviser (the “Plan”). It is anticipated that one or more of the sales transactions over time conducted pursuant to the Plan may ultimately result in the indirect transfer of a “controlling block” of voting securities of the Adviser and therefore may be deemed an “assignment” causing a termination of each Fund’s current investment advisory agreement. To ensure continuation of the advisory services provided to each Fund, stockholders are being asked to approve a new investment advisory agreement. As part of the same proposal, stockholders are also voting to approve any future advisory agreements in the event there is more than one indirect transfer of a controlling block of the voting securities of the Adviser that occurs in connection with the Plan and a new advisory agreement terminates.

The transaction(s) are not expected to result in any changes to the contractual investment advisory fees charged to the Funds, the portfolio management of any Fund or the nature and quality of services provided by the Adviser.

**WILL THE PROPOSED INVESTMENT ADVISORY AGREEMENTS AFFECT THE PORTFOLIO MANAGEMENT OR INVESTMENT STRATEGY OF ANY FUND?**

No. The investment objectives, principal investment strategies, investment processes and principal risks of the Funds will not change as a result of entering into the proposed new investment advisory agreements with the Adviser. Further, there are no anticipated changes to the portfolio management team of any Fund in connection with the proposed agreements.

**DO THE PROPOSED INVESTMENT ADVISORY AGREEMENTS DIFFER FROM THE CURRENT ADVISORY AGREEMENTS?**

No. The proposed new investment advisory agreements are substantially identical to the current investment advisory agreements, except with respect to the effective and termination dates. If the new agreements are approved and become effective, the Adviser will continue to provide advisory services to the Funds on the same terms and at the same contractual advisory fee rates as provided under the current investment advisory agreements, subject to any expense limitation. There is no anticipated change in the level, nature or quality of services provided to the Funds by the Adviser.

Joint Meeting of Stockholders

**WHAT HAPPENS IF STOCKHOLDERS OF A FUND DO NOT APPROVE THE PROPOSED INVESTMENT ADVISORY AGREEMENTS?**

If the stockholders of a Fund do not approve the proposed new investment advisory agreements of a Fund and no direct or indirect transfer of a controlling block of the Adviser's voting securities occurs, the Adviser would continue to serve as adviser to the Fund under the current advisory agreement.

If the stockholders of a Fund do not approve the proposed new investment advisory agreements and a direct or indirect transfer of a controlling block of the Adviser's voting securities occurs, the current investment advisory agreement would terminate and the Adviser would not be able to serve as adviser for the Fund to provide for continuity of service. Under these circumstances, the Board would need to consider appropriate action, which could include, among other things, allowing the Fund to operate under an interim advisory agreement with a duration of no more than 150 days (which agreement has been approved by the Board, as discussed in the Proxy Statement), seeking approval of a new investment advisory agreement, liquidation of a Fund, or reorganizing the Fund with and into another investment company in the Fund complex.
