Western Investment Hedged Partners L.P. together with the other Participants (as defined below) (Western Investment) is filing materials contained in this Schedule 14A with the Securities and Exchange Commission relating to the definitive proxy statement and accompanying proxy cards filed with the Securities and Exchange Commission on August 22, 2006 and to be used in connection with the special meeting of stockholders of Tri-Continental Corporation (the Company) scheduled to be held on September 28, 2006 (the special meeting) to solicit votes in support of the election of Western Investment 's slate of director nominees and against certain of the Company 's proposals at the special meeting. Western Investment urges stockholders to read its definitive proxy statement because it contains important information.

Item 1:

The following represents the beliefs of Western Investment:

Western Investment Hedged
Partners L.P.

Tri-Continental Corporation

Special Meeting

September 28, 2006

1

The Special Meeting

Tri-Continental directors have called expensive Special Meeting for one purpose: entrenchment.

Maryland law provides that hold-over directors would stay in office until next annual meeting, when two classes of directors would be up for election.

Additional Cost of \$1.4 million to Tri-Continental stockholders and stockholder disturbance.

Use of the corporate treasury to make achieving stockholder representation on the board as expensive as possible.

Proposal Two lowering quorum to one-third would allow fundamental changes, by a small percentage (only 17 percent) of holders, which would affect all stockholders.

Western Investment Hedged Partners L.P.

Seeking representation, not control:

3 seats on a 9 member board.

First purchased Tri-Continental shares in 1999.

Major stockholder since 2002.

Currently hold over 9% of the outstanding.

Value of investment exceeds \$200 million.

Independent nominees: demonstrated world-class expertise.

Restore Tri-Continental to its historical standard of investment excellence.

Improve performance trim discount to NAV.

3

Stockholders Deserve:

Effective oversight of the fund manager.

A reduction of the persistent and overly deep discount to NAV.

An independent, active voice in the Tri-Continental boardroom.

Superior investment performance. Seligman boasts that they have recently matched the S&P 500, to us success means substantially exceeding it. That is our record.

Responsible spending of stockholder funds.

4

Ineffective Board Leadership

We believe current board is woefully ineffective:

Multiple Seligman board memberships.

13+ years average service = 13+ years of inaction.

No Seligman board member can point to a record of successful investment management performance. Mr. Morris may reference his career in investment banking, but this is NOT investment management.

Over \$1 million spent on 2006 Annual Meeting - about \$18 per holder.

\$1.4 million earmarked for 2006 Special Meeting - about \$25 per stockholder.

Independent, Experienced Representation

Is Required NOW

Our Nominees

Highly qualified.

Relevant experience.

Demonstrated investment management
accomplishments.

Independent.

Committed to improving performance and
reducing discount to NAV.

We Believe
Tri-Continental Is Off Course

History of Poor Performance.

Manager's Regulatory Difficulties.

Discounted Market Value.

And We Intend to Right It.

10

Off Course: Failed Performance

NAV total return has lagged the S&P in 12 of past 15 years.

\$1000 invested in TY on 1/1/91 would have grown by \$2643 at 12/31/05.

\$1000 put into the S&P 500 on 1/1/91 would have grown by \$4135 at 12/31/05.

An investment in the S&P 500 would have generated 56% more profit.

Every \$1000 invested in TY on 1/1/91 resulted in almost \$1500 in underperformance by 2005.

Off Course: Failed Performance

14

Off Course: NYS/SEC Probes

Investigation of market-timing activities.

SEC staff has issued a Wells Notice and is considering recommending formal action to the Commission.

New York State Attorney General's Office (the AG) has gone to court to force Seligman to deliver documents material to its ongoing inquiry.

(See: <http://www.fixmyfund.com/ty/NYAG%20Seligman%20Affidavit.pdf>)

Mr. Morris still tells holders, there are no regulatory lawsuits pending against Tri-Continental, Seligman, or me personally.

Seligman's main public defense is to challenge the authority of the AG to prosecute.

15

Off Course: NYS/SEC Probes

Attorney General Office's affidavit states that Seligman engaged in fraud, concealment, suppression and false pretense in violation of NYS General Business Law.

That it knowingly tolerated mutual fund timing activities in the Seligman funds that violated the terms of the Seligman Funds prospectuses and harmed shareholders

And chose to permit self-interested, fee-generating and prospectus-violating timing transactions over its fiduciary obligations to act in the best interests of stockholders.
Mr. Morris is the owner of approximately 75% of Seligman.

The AG believes that the boards of the Seligman group of funds are subservient to Seligman .

16

Off Course: NYS/SEC Probes

AG believes the dilution in the value of the Seligman group of funds due to market timing activity is estimated to be **in excess of \$80 million since 1998** . While Tri-Continental was not one of the injured funds, the same Seligman directors failed to stop the abuses.

Directors of affected funds failed to pick up on red flag turnover in some funds that indicated market timing activity.

In a second, separate matter involving brokerage fees and compensation arrangements for brokers selling Seligman funds, Seligman has repaid Tri-Continental over \$637,000 because it believes it may have violated applicable requirements for certain orders to buy and sell portfolio securities.

Off Course: Suppressing Stockholder
Communications

Communication is the backbone of corporate
democracy.

Company in last election prevented us from
effectively communicating with almost 50% of
the stockholder base by refusing access to the
holder list until forced by court order late in the
process.

We were entitled to access by law.

Only gained it after litigating the matter.

18

Off Course: Seligman's Corporate
Governance Flip Flops

Tri-Continental Board amended Bylaws in 2005 to require directors to be elected by the affirmative vote of the holders of the majority of the votes entitled to be cast. Prior to this change a plurality vote was all that was required.

After the failed 2006 election of directors, Tri-Continental's Board amended the Bylaws to provide that at a special meeting to elect incumbent directors which were not elected at the failed 2006 annual meeting's election of directors, directors could be elected by a plurality of the vote. Thereafter, the amended bylaws again provide for a majority voting requirement.

The two other closed end funds (Seligman Select Municipal Fund, Inc. and Seligman Quality Municipal Fund, Inc.) managed by Seligman both require directors to be elected by the affirmative vote of the holders of the majority of the votes entitled to be cast.

Why is the Board Flip-Flopping? Is the Board using these self-serving Bylaw amendments to try to entrench themselves?

Off Course: Discounted Market Value

A modest discount to NAV is normal and acceptable.

A persistent and double-digit deep discount lasting for 13 years is not.

Discount reflects the market's response to management's inability or unwillingness to generate returns commensurate with the value of assets under its management.

Discount narrowed recently, we believe because of Western's challenge. The board has attempted to take credit for Improved market performance.

Morningstar on Seligman Mutual Funds*

Due to regulatory problems, Morningstar recommends investors in Seligman mutual funds to proceed with caution .

Morningstar Stewardship Overall Grade:

F

Seligman is one of only 5 fund companies out of 140 to earn an F rating.

*Although Tri-Continental is not reviewed by Morningstar, Seligman is the manager of Tri-Continental.

21

Correcting The Course

Talent, proven expertise and relevant experience.

Our investment aligns our interests with Tri-Continental stockholders. Outperformance by TY is essential to Western's returns.

We are convinced that a fresh and forceful stockholder presence on the Tri-Continental board will help set things right.

22

AGAINST the self-serving proposal to alter quorum requirements for future shareholder meetings.

VOTE FOR THE SLATE THAT IS COMMITTED TO THE CREATION OF SHAREHOLDER VALUE THROUGH CORPORATE DEMOCRACY.
