Other Elements of Compensation

Retirement Plans

Qualified Retirement Savings. Our executives participate in our ESI 401(k) Plan, a qualified defined contribution plan, that is designed to provide substantially all of our employees with a tax-deferred, long-term savings vehicle. See “– Equity Compensation and Qualified Savings Plans – ESI 401(k) Plan.”

Nonqualified Deferred Compensation. Due to federal limitations that preclude our highly-compensated employees from fully participating in the ESI 401(k) Plan, we established the ESI Excess Savings Plan, an unfunded, nonqualified deferred compensation plan for a select group of our management, including the Named Executive Officers. We froze the ESI Excess Savings Plan, effective for plan years beginning on and after January 1, 2008, such that executives may no longer make elective deferrals and we no longer make contributions under the ESI Excess Savings Plan. Amounts previously credited to an executive under the ESI Excess Savings Plan, however, continue to accrue interest in accordance with the terms of the ESI Excess Savings Plan until those amounts are distributed pursuant to the plan’s terms. See “– Nonqualified Deferred Compensation Plans – ESI Excess Savings Plan.”

In addition, we established the ESI Executive Deferred Bonus Compensation Plan (the “Deferred Bonus Plan”), an unfunded, nonqualified deferred compensation plan, for a select group of our management and highly-compensated employees, including the Named Executive Officers. The Deferred Bonus Plan allows eligible employees to defer payment of all or a portion of his or her annual bonus compensation and to earn interest on any annual bonus compensation payable in the form of cash and deferred under the plan. Since the Committee did not establish an annual bonus award component of executive compensation for 2011, executives did not receive any compensation that they could elect to defer under the Deferred Bonus Plan with respect to 2011. See “– Nonqualified Deferred Compensation Plans – Deferred Bonus Plan.”

The terms of the ESI Excess Savings Plan and the Deferred Bonus Plan, including the interest rate on the earnings on the Named Executive Officers’ account balances under each plan, are based on common and typical terms and types of nonqualified deferred compensation plans that had been adopted by other publicly traded companies at the time that we adopted those plans.

Pension Benefits. Pension benefits provide retirement compensation that is based on the salary and bonus compensation paid to the employee during his or her employment. We froze the benefit accruals under the ESI Pension Plan and ESI Excess Pension Plan for all participants in the plans on March 31, 2006, such that no further benefits accrue under those plans after March 31, 2006. Participants do, however, continue to be credited with vesting service and interest credits according to the terms of those plans. See “– Pension Plans – ESI Pension Plan” and “– ESI Excess Pension Plan.”

Employee Benefits and Perquisites

Employee Benefits. All of our executives are eligible to participate in our employee benefits, which include medical and dental benefits, vision insurance, flexible spending account, tuition reimbursement, disability insurance, vacation leave, sick leave, bereavement leave, ITT Technical Institute tuition discounts and an employee assistance program that can help employees find answers to various kinds of personal concerns by offering consultation, support, information, planning and referrals. The employee benefits are generally available on a non-discriminatory basis to all full-time and part-time regular employees.

Perquisites. We also provide limited perquisites to our executives, including the Named Executive Officers, that vary based on the executive’s level. The perquisites include use of a company car for our Chief Executive Officer only, a tax return preparation and financial planning allowance, tickets to sporting, theater and other events, enhanced disability benefits, an annual physical examination and relocation assistance for newly-hired executive officers from outside the Indianapolis metropolitan area whom we ask to relocate. The value and type of perquisites made available to our executives are based on the value and type of perquisites that had been made available to executives at other publicly-traded companies at the time that we began making those perquisites available, and at the time of each subsequent annual review by the Compensation Committee of those perquisites. The Compensation Committee believes that our executives value the perquisites provided to them and, given that the cost to us of the perquisites is not significant, the Committee has determined to continue providing these perquisites to our executives.

The perquisites that we provided to our Named Executive Officers in 2011 are disclosed in the Summary Compensation Table and footnotes thereto in this Proxy Statement. See “– Summary Compensation Table.” In January 2012, the Compensation Committee approved the value and type of perquisites to be provided in 2012 to the Named Executive Officers, which are consistent with the value and type of perquisites provided to them in 2011. The aggregate incremental cost to us in 2012 for providing all of the 2012 perquisites to the Named Executive Officers is not expected to exceed \$125,000.

Potential Payments Upon Termination of Employment or a Change In Control of Us

Senior Executive Severance Plan. Our executive officers, including the Named Executive Officers, participate in the ITT Educational Services, Inc. Senior Executive Severance Plan (the “Senior Executive Severance Plan”), which provides for severance benefits if:

- we terminate the executive’s employment, other than for cause, or when the executive terminates his or her employment for good reason, in each case within two years after the occurrence of a change in control of us; or
 - we terminate the executive’s employment, other than for cause, if a change in control of us is imminent.

The benefits vary depending on the executive's level and include, among other things, two or three times the executive's base salary and bonus and a stipend equal to two or three times the annual cost of certain employee benefits. See "– Potential Payments Upon Termination or Change in Control – Senior Executive Severance Plan."

The Compensation Committee believes that a change in control transaction, or potential change in control transaction, would create uncertainty regarding the continued employment of our executives. This is because many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executives to remain employed with us during an important time when their continued employment in connection with or following a transaction is often uncertain and to help keep our executives focused on our business rather than on their personal financial security, we believe that providing certain of our executives with severance benefits upon the specified terminations of employment is in the best interests of our company and our shareholders.

The benefits under the Senior Executive Severance Plan are not payable merely because a change in control transaction occurs or is imminent. Instead, payment of the severance benefits is only triggered if a change in control has occurred or is imminent and certain types of termination of employment occur within certain limited time periods. The Compensation Committee has determined that this "double trigger" requirement is appropriate and reasonable.

If benefits are triggered under the Senior Executive Severance Plan, our Chief Executive Officer would be entitled to payments under the "three times" multiplier and the other covered executives would be entitled to payments under the "two times" multiplier. Our Chief Executive Officer would also be entitled to certain benefits that would not be available to the other covered executives, including that our Chief Executive Officer would receive a tax gross-up payment on any excise taxes and that his severance benefits would not be limited in the event of the imposition of an excise tax. The Compensation Committee believes that our Chief Executive Officer should receive the higher multiplier and the enhanced benefits given his high level of responsibility and the substantial duties that he has with us, as well as the fact that it is common market practice for a chief executive officer to receive a higher level of severance benefits than other executive officers.

The amount and type of severance pay made available to our executive officers are based on common and typical amounts and types of severance pay that were made available to executives by other publicly-traded companies at the time that these benefits were determined.

Other Plans. In addition, awards granted under our equity compensation plans and all or a portion of the contributions, benefits and earnings under our qualified savings plan, nonqualified deferred compensation plans and pension plans may vest and/or become payable to the participating employees, including the Named Executive Officers, if the participating employee's employment terminates in certain situations or we undergo a change in control. See "– Potential Payments Upon Termination or Change In Control." The accelerated vesting and payments are useful in providing security to our executives and helps them to focus on their job responsibilities, instead of the safety of compensation that they have previously been awarded or paid. Further, the accelerated vesting of equity compensation awards upon a change in control:

- provides employees with the same opportunities as shareholders, who are free to sell their equity at the time of the change in control event and thereby realize the value created at the time of the transaction;
- ensures that employees do not have the fate of their outstanding equity tied to the future success of the new and different company that results from the change in control;
 - can be a strong retention device during change in control discussions, particularly for those employees whose equity represents a significant portion of their total pay package; and
 - treats all employees the same regardless of their employment status after the transaction.

Process for Establishing Compensation. The Compensation Committee of our Board of Directors has overall responsibility and authority for approving and evaluating the compensation programs and policies pertaining to our executives and Directors. Each year, the Compensation Committee reviews all elements of all of our executive officers' compensation and the internal pay equity of our Chief Executive Officer's compensation compared to our other executive officers' compensation. The Compensation Committee also annually reviews the tally of total compensation of our executives in order to determine that the amount of compensation is within appropriate competitive parameters. The tally information is not, however, a key factor in the Committee's current compensation decisions, because the tally information is reflective of past competitive market practice.

The Compensation Committee has met, and will continue to meet, in executive sessions which are not attended by any of our employees. The Committee regularly reports its activities to our Board of Directors.

When making executive compensation decisions, the Compensation Committee also considers, for all executives other than our Chief Executive Officer, the recommendation of our Chief Executive Officer. Our Chief Executive Officer recommends salary levels, equity-based compensation awards and perquisites for our other executives based on their salary grade level. Our Chief Executive Officer's compensation is determined solely by the Compensation Committee with the assistance of the Committee's independent compensation consultant. The Compensation Committee applies the same principles for executive compensation in determining our Chief Executive Officer's compensation that it applies in determining the compensation of our other executive officers. The Compensation Committee has established a higher level of compensation for our Chief Executive Officer than the levels for our other executive officers, due to:

- the high level of responsibility that he has with us;
- the substantial duties and responsibilities that he has to us; and
- the fact that the market and comparator compensation information demonstrates higher levels of compensation for chief executive officers both within and outside of our industry.

Independent Compensation Consultant. The Compensation Committee directly retains a consultant from an independent compensation consulting firm to provide advice on aspects of our executive and Director compensation programs. The Committee requests written reports and holds meetings with the consultant, which are not attended by any of our employees, in order to obtain independent opinions on compensation proposals. The independent compensation consultant helps the Committee determine the amount and, where applicable, the formula for each element of the compensation program for each executive. The independent compensation consultant also assists the Committee in selecting the companies used for benchmarking and comparison purposes. The Compensation Committee retained the independent compensation consulting firm Farient Advisors LLC ("Farient") to advise it on 2011 and 2012 compensation determinations. For additional information about the role of Farient, see "Proposal One: Election of Three Directors to Serve Until the 2015 Annual Meeting of Shareholders and Until Their Successors are Elected and have Qualified – Meetings, Independence, Leadership and Committees of the Board of Directors – Committees – Compensation Committee."

Determinations. In determining and recommending the compensation of our executives, the Compensation Committee consults with Farient and, along with our Chief Executive Officer, makes assessments after deliberate and thorough review and consideration of various factors. In 2011, these factors included:

- the competitive marketplace and, in particular, how the level of an executive's compensation compares with the compensation paid to executives in the same or similar positions and with similar responsibilities at comparator companies; and
 - the level and area of job responsibilities of the executive.

In 2012, the factors considered were not performance-related and included:

- the competitive marketplace and, in particular, how the level of an executive's compensation compares with the compensation paid to executives in the same or similar positions and with similar responsibilities at comparator companies;
 - the level and area of job responsibilities of the executive; and
 - inflationary factors.

The Compensation Committee met in executive session in January 2011 to review the overall performance of our Chief Executive Officer during 2010, particularly with respect to our long range strategies and the achievement of both financial and non-financial goals and objectives. Consideration was given to our Chief Executive Officer's extraordinary efforts during a particularly difficult regulatory and legislative environment affecting us and our industry. The Compensation Committee also met with our Chief Executive Officer to review the overall performance

of the other Named Executive Officers during 2010. The Committee reviewed a tally of the total compensation received by each of the executive officers in 2010 and information from Farient. In order to avoid violating the Incentive Compensation Regulations, the Compensation Committee determined that, after the July 1, 2011 effective date of the regulations, it would no longer take into account performance-related factors when awarding compensation. The Compensation Committee decided, however, that it would reexamine its determination with respect to considering performance-related factors when awarding compensation, if and when the ED provides clear and sufficient guidance on the breadth and scope of the Incentive Compensation Regulations.

The Compensation Committee met in executive session in January 2012 to review a tally of the total compensation received by each of the executive officers in 2011 and information provided by Fariant. The Committee reviewed guidance on the Incentive Compensation Regulations published by the ED in 2011 and noted that such guidance further increases the uncertainty about the types of compensation that are prohibited and which activities and employees are covered by the Incentive Compensation Regulations. As a result, the Compensation Committee determined that, while it would prefer to base executive compensation on performance metrics, the high level of risk related to violating the Incentive Compensation Regulations prevented it from doing so.

In January 2012, our Compensation Committee considered the fact that, at the 2011 Annual Meeting of Shareholders, our shareholders approved the compensation paid to our Named Executive Officers as disclosed in the Proxy Statement for our 2011 Annual Meeting, but that the votes cast for that advisory proposal totaled approximately 55% of the shares represented at the 2011 Annual Meeting. The Committee considered discussions that our Chairman and Chief Executive Officer had with certain of our shareholders that own a significant percentage of our common stock regarding our executive compensation program and any concerns that such shareholders had related to it. Our Chairman and Chief Executive Officer was told by some of those shareholders that while they would prefer that we base executive compensation on performance metrics, as we did prior to 2011, they understand that we have concluded that to do so would present a significant risk of violating the Incentive Compensation Regulations. Despite understanding these limitations on our executive compensation program, some of those shareholders were required to follow formulaic internal or external voting guidelines and, therefore, may have been forced to cast a vote against our executive compensation proposal when otherwise they may not have. None of the shareholders that our Chairman and Chief Executive Officer talked to identified any other areas of concern related to our executive compensation program. The Compensation Committee considered the feedback received from these shareholders and reiterated that it too would prefer to include performance-based metrics in our executive compensation program, but that the risk of violating the Incentive Compensation Regulations is too high. As a result, the Committee is not able to make changes to the program at this time to address concerns related to the lack of performance-based metrics. The Committee noted that it continues to monitor the ED for any guidance that might reduce the risk of certain types of performance-based compensation violating the Incentive Compensation Regulations.

Further, the Compensation Committee also determined, after consulting with regulatory counsel in late 2011, that it does not believe the Incentive Compensation Regulations prohibit compensation related to the attainment of management objectives that are not based in any part, directly or indirectly, on activities engaged in at any point in time through the completion of an educational program for the purpose of enrollment of students for any period of time or the award of financial aid to students. As a result, in January 2012, the Committee established a short-term compensation component for our executive officers that will be payable in early 2013, if certain management objectives are satisfied during 2012. Such management objectives are not in any way related to the enrollment of students or the award of financial aid. See “—Compensation Elements—2012 Compensation—Short-Term Compensation.”

Equity-Based Compensation. The Compensation Committee is responsible for determining equity-based compensation paid to our executives. All equity-based compensation awards to our executives at the Senior Vice President level and above are granted exclusively by our Compensation Committee. The Compensation Committee has delegated limited authority to our Chief Executive Officer to grant equity-based compensation awards to our newly-hired executives below the Senior Vice President level and other key employees.

Equity-based compensation is granted to our executives and other key employees under the following circumstances:

- the Compensation Committee has typically made grants to our executives and other key employees annually during its first regularly scheduled meeting of the calendar year, which grants become effective prospectively, after the public disclosure of our financial and operating results for our prior fiscal year;
- the Compensation Committee has typically made grants to our newly-hired executives at the Senior Vice President level and above at a Committee meeting occurring either:

- prior to the date that the executive's employment with us begins, in which case the effective date of the grant is typically the executive's first day of employment with us but, if the markets are closed on that day, is the next subsequent day that the markets are open; or
- after the executive's employment with us begins, in which case the effective date of the grant is the date of the Committee meeting or a subsequent date specified by the Committee at its meeting; and
- pursuant to authority delegated to him by the Compensation Committee, our Chief Executive Officer typically grants equity-based compensation to our newly-hired executives below the Senior Vice President level and other key employees on the newly-hired employee's first day of employment with us.

In each of the above circumstances, the exercise price of any stock option granted is the closing market price of a share of our common stock on the effective date of the stock option grant. In addition, the number of any RSUs or shares of restricted stock is based on the closing market price of a share of our common stock on the effective date of the RSU or restricted stock grant.

We do not time our release of material non-public information for the purpose of affecting the value of our executives' compensation, nor do we time our grants of equity-based compensation to take advantage of material non-public information. Nevertheless, our process for granting equity-based compensation (as described above) may result in equity-based compensation, including stock options, being granted to our executives and other key employees at times when our Board of Directors or the Compensation Committee is in possession of material non-public information about us. This possibility is not taken into account in determining whether to make the equity-based compensation awards or the amount or value of those awards.

Benchmarking. The Compensation Committee believes that compensation decisions are complex and should be made after a review of the compensation levels paid to executives in the same or similar positions at other comparator companies.

In setting and administering the compensation program and policies for our executives, the Committee attempts to target:

- the cash portion of the compensation of our executives to the median of the range of the cash compensation provided to executives of comparator companies, based on the dollar amount of such compensation; and
- the equity-based compensation of our executives to the upper quarter of the range of equity-based compensation provided to executives of comparator companies, based on the number of shares awarded as a percentage of the number of shares outstanding.

This is intended to result in targeting the overall total direct compensation of our executives to the upper third of the range of compensation provided to executives of comparator companies. The upper third of the range is targeted in order to attract and retain a higher than average level of executive.

The companies used for the comparisons vary from time to time. For 2011 compensation determinations, the Compensation Committee benchmarked the appropriateness and competitiveness of our executive compensation program against a market composite that consisted of 13 companies in our industry and broad market surveys of companies with annual revenues of between \$1.0 billion and \$2.5 billion, adjusted for an industry premium. The 13 companies in our industry that were used include:

- American Public Education, Inc.;
- Apollo Group, Inc.;
- Bridgepoint Education, Inc.;
- Capella Education Company;
- Career Education Corp.;
- Corinthian Colleges, Inc.;
- DeVry, Inc.;
- Education Management Corporation;
- Grand Canyon Education, Inc.;
- Learning Tree International, Inc.;
- Lincoln Educational Services Corporation;
- Strayer Education, Inc.; and
- Universal Technical Institute, Inc.

For 2011 compensation determinations, the Compensation Committee also reviewed compensation information of 20 high performing companies in the consumer discretionary and healthcare services and facilities industries with similar size, growth, margin and capital efficiency characteristics as us, excluding companies with very different business models. The Committee did not benchmark our 2011 executive compensation against those companies, but instead

used such information as a second check of the industry-specific data to ensure relevance. The 20 companies that were used include:

- Aeropostale, Inc.;
- Amedisys, Inc.;
- AmSurg Corp.;
- The Buckle, Inc.;
- Chipotle Mexican Grill, Inc.;
- Choice Hotels International, Inc.;
- Deckers Outdoor Corporation;
- Guess?, Inc.;
- The Gymboree Corporation;
- J.Crew Group, Inc.;
- John Wiley & Sons, Inc.;
- Life Time Fitness, Inc.;
- MEDNAX, Inc.;
- Morningstar, Inc.;
- O'Reilly Automotive, Inc.;
- Priceline.com Incorporated;
- Scripps Networks Interactive, Inc.;
- Urban Outfitters, Inc.;
- VCA Antech, Inc.; and
- Weight Watchers International, Inc.

For 2012 compensation determinations, the Compensation Committee benchmarked the appropriateness and competitiveness of our executive compensation program against a market composite that consisted of 13 companies in our industry and a subset of six of those market comparator companies that were selected by Farient based on their size, type of operations and longevity in the industry. The 13 companies in our industry that were used were the same 13 companies utilized in 2011 as listed above. The six companies that were included in the industry subset were as follows:

- Apollo Group, Inc.;
- Career Education Corp.;
- Corinthian Colleges, Inc.;
- DeVry, Inc.;
- Education Management Corporation;
and
- Strayer Education, Inc.

To determine the range of compensation in 2012, the Compensation Committee supplemented the compensation data of the comparator companies within our industry with summary statistics of compensation data obtained from Mercer's Executive Compensation and Performance 2011 survey.

Additional Compensation Matters.

Clawback, Stock Ownership and Hedging Policies. We do not have any policies regarding automatic adjustment or recovery of compensation paid or awarded to our executives in the event any of the performance measures upon which that compensation was paid or awarded are restated or adjusted, such that the compensation paid or awarded would have been less under the restated or adjusted performance measures. Beginning in 2011, our executive compensation is no longer based on performance measures due to the Incentive Compensation Regulations, so such a policy is not necessary with respect to compensation paid or awarded with respect to that year and beyond.

We do not impose any specific equity or security ownership requirements on our executives. We believe that the equity-based compensation paid to our executives serves to align their interests with those of our shareholders. We believe that it is improper and inappropriate for any employee or Director to engage in short-term or speculative transactions involving our securities. It is our policy that our executives and Directors are prohibited from purchasing or selling any publicly traded options for our securities, including the trading of any call or put, the writing of any call or put, hedging or the use of collars.

The Impact of Accounting and Tax Treatments on the Compensation. Section 162(m) of the IRC limits the allowable deduction for compensation paid or accrued with respect to the chief executive officer and each of the three other most highly compensated executive officers (other than the chief financial officer) of a publicly held corporation to no more than \$1 million per year. In light of Section 162(m), it is the policy of the Compensation Committee to modify, when appropriate, our executive compensation program to maximize the tax deductibility of compensation paid to our executive officers. Accordingly, our equity-based compensation plans include a fixed limit on the awards that may be granted to any individual in any given year. As a result, any future gains that may be realized on the stock options granted under our equity-based compensation plans will be deductible by us. The Committee's ability to maximize the tax deductibility of other forms of compensation beginning July 1, 2011, however, is limited by the Incentive Compensation Regulations because those regulations can be reasonably interpreted to prohibit the payment of performance-based compensation, which is a principal exception to the Section 162(m) compensation calculation.

Section 409A of the IRC provides certain requirements for deferred compensation arrangements. Those requirements, among other things, limit flexibility with respect to the time and form of payment of deferred compensation. If a payment or award constitutes deferred compensation subject to Section 409A and the applicable requirements are not satisfied, the recipient could be subject to tax on the award and all other deferred compensation of the same type, and an additional 20% tax and interest at the underpayment rate plus 1%, at the time the legally binding right to the payment or award arises or, if later, when that right ceases to be subject to a substantial risk of forfeiture. Payments or

awards under our plans and arrangements either are intended to not constitute “deferred compensation” for Section 409A purposes (and will thereby be exempt from Section 409A’s requirements) or, if they constitute “deferred compensation,” are intended to comply with the Section 409A statutory provisions and final regulations.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K under the Exchange Act with our management. Based on that review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and in our Proxy Statement for our 2012 Annual Meeting of Shareholders for filing with the U.S. Securities and Exchange Commission (“SEC”).

Compensation-Related Risk Assessment

Our Compensation Committee conducted an assessment of the risks related to our compensation policies and practices in January 2012. In conducting this assessment, the Compensation Committee noted several features of our compensation programs that reduce the likelihood of excessive risk-taking, including the following:

- We have established internal controls, enterprise risk management and a compliance program to discourage and identify any excessive risk-taking by our employees.
 - There is a balanced mix of cash, equity, annual and longer-term components.
- Due to the Incentive Compensation Regulations, our compensation programs are not based on the performance of our employees.
 - While our short-term compensation element is based on certain management objectives for a particular year:
- the maximum short-term compensation percentage is capped at 200% of the standard short-term percentage of executives' annualized base salary, to protect against disproportionately large shorter-term incentives;
- the Compensation Committee has substantial discretion on which to base the actual amount of the short-term compensation payments, including the ability to consider and reduce a payment amount if the Committee determined that an executive caused our company to incur unnecessary or excessive risk;
- the management objectives include eight different business objectives that are company-wide objectives as opposed to individual objectives, encouraging decision-making that is in the best long-term interests of our company and our shareholders; and
 - the management objectives are not unreasonable or clearly unattainable without excessive risk-taking.
- A significant portion of our executives' total compensation consists of equity-based long-term awards, most of which vest over a period of three years, which encourages our executives to focus on sustaining our long-term interests. The equity grants are also made annually, so executives always have unvested awards that could decrease in value if our business is not managed for the long term.
- Some of our non-executive employees are eligible to receive equity awards. For those non-executive employees who are eligible to receive equity awards, the equity awards encourage those employees to focus on our long-term interests.

Based on these factors, the Compensation Committee believes that our compensation policies and practices encourage behaviors that are aligned with our long-term interests, and that numerous factors, such as the lack of performance-related incentives, dissuade our employees from taking risks for short-term gain. As a result, the Compensation Committee determined that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our company.

(1) Amounts shown represent the dollar value of base salary earned during each of the years indicated.

(2) Amounts shown represent the dollar value of discretionary bonus amounts earned in the stated year. Under Item 402(a) of Regulation S-K under the Exchange Act, any bonus award that is paid above the amounts earned by the Named Executive Officer under, or that is otherwise paid to the Named Executive Officer without regards to, pre-established performance targets is to be reported in this column. The amounts earned under pre-established performance targets are reported in column (g), "Non-Equity Incentive Plan Compensation," of the Summary Compensation Table. The amounts shown in this column for 2011 consist of a special bonus that was paid to our executives in June 2011. The Compensation Committee approved the special bonuses in December 2010, to be

paid to our executives who were still employed by us on June 27, 2011, in order to help motivate and retain those executives, as well as to recognize their extraordinary efforts during a particularly difficult regulatory and legislative environment affecting us and our industry.

- (3) Amounts shown represent the aggregate grant date fair value, computed in accordance with the Financial Accounting Standards Board's Accounting Standards Codification TM ("ASC") Topic 718 ("ASC 718"), of all awards of stock granted to the Named Executive Officer in the year indicated. For 2011, amounts shown include grants of RSUs that settle in cash and grants of RSUs that settle in shares of our common stock. The aggregate grant date fair value with respect to each year indicated includes any earnings, such as dividends, that may be received on the stock awards. To determine the grant date fair value of stock awards, we use the closing market price of a share of our common stock on the effective date of the stock award. The amounts ultimately realized by the Named Executive Officers from the stock awards will depend on the price of our common stock in the future and may be quite different from the values shown.
- (4) Amounts shown represent the aggregate grant date fair value, computed in accordance with ASC 718, of all awards of stock options granted to the Named Executive Officer in the year indicated. The option awards relate solely to shares of our common stock. None of the Named Executive Officers has received any stock appreciation rights ("SARs") from us. We did not adjust or amend the exercise price of any options previously awarded to any of the Named Executive Officers, whether through amendment, cancellation or replacement grants, or any other means (such as a repricing), or otherwise materially modify such awards, during any of the years indicated. We used a binomial option pricing model to determine the grant date fair value of the stock options granted in each of the years indicated, which takes into account the variables defined below:

- “Volatility” is a statistical measure of the extent to which the stock price is expected to fluctuate during a period and combines our historical stock price volatility and the implied volatility as measured by actively traded stock options.
- “Expected life” is the weighted average period that those stock options are expected to remain outstanding, based on the historical patterns of our stock option exercises, as adjusted to reflect the current position-level demographics of the stock option grantees.
- “Risk-free interest rate” is based on interest rates for terms that are similar to the expected life of the stock options.
- “Dividend yield” is based on our historical and expected future dividend payment practices.

The following table sets forth the assumptions supporting those variables that were used to determine the values reported with respect to the stock options granted to the Named Executive Officers in each of the years indicated:

	Assumptions Associated with Stock Options Granted In		
	2011	2010	2009
Volatility	48%	43%	54%
Expected life (in years)	4.7	4.6	4.5
Risk-free interest rate	1.8%	2.2%	1.6%
Dividend yield	None	None	None

The amounts ultimately realized by the Named Executive Officers from the option awards will depend on the price of our common stock in the future and may be quite different from the values shown.

(5) Amounts shown represent the dollar value of all amounts earned for services performed during each of the years indicated pursuant to awards under non-equity incentive plans. There were no earnings on any outstanding non-equity incentive plan awards during any of the years indicated. The amounts reported are the annual bonus awards earned in the stated year in accordance with pre-established performance targets and paid in the subsequent year. As described above under “—Compensation Discussion and Analysis – Compensation Elements – 2011 Compensation – Annual Bonus Awards,” the Compensation Committee did not establish an annual bonus award for 2011. Under Item 402(a) of Regulation S-K under the Exchange Act, our annual bonus award in previous years was defined to be non-equity incentive plan compensation, instead of bonus compensation, to the extent that the outcome with respect to the relevant performance targets under our bonus parameters was substantially uncertain at the time the performance targets were established by the Compensation Committee and communicated to the participants. As a result, the annual bonus award was intended to serve as an incentive for performance to occur over a specified fiscal year, which caused it to be reported in this column. Amounts shown in this column include any portion of the award that may have been deferred by the Named Executive Officers under the Deferred Bonus Plan. See “– Nonqualified Deferred Compensation Plans – Deferred Bonus Plan.”

(6) Amounts shown represent the sum of:

- the aggregate increase in actuarial present value of the Named Executive Officer’s accumulated benefit on an annualized basis under all defined benefit and actuarial pension plans (including supplemental plans) from the pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the covered fiscal year; and
- the above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on nonqualified defined contribution plans.

The aggregate change in actuarial present value of the Named Executive Officer’s accumulated benefit on an annualized basis under each of the following plans is presented in the table below:

- the Retirement Plan for Salaried Employees of ITT Corporation (the “Old Pension Plan”), a non-contributory defined benefit pension plan;

- the ESI Pension Plan, a cash balance defined benefit plan; and
- the ESI Excess Pension Plan, an unfunded, nonqualified retirement plan.

See “– Pension Plans.” In addition, the above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified for the benefit of the Named Executive Officers under the ESI Excess Savings Plan, an unfunded, nonqualified retirement plan are specified in the table below. There were no above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified for the benefit of the Named Executive Officers under the Deferred Bonus Plan, an unfunded, nonqualified deferred compensation plan, in 2011, 2010 or 2009. See “– Nonqualified Deferred Compensation Plans.”

(A) Interest is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under Section 1274(d) of the IRC), at the rate that corresponds most closely to the rate under the applicable plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation is made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest is included.

(A) Amounts shown represent the aggregate incremental cost to us for the perquisites provided to the Named Executive Officers in each of the years indicated.

(B) The methodology for computing the aggregate incremental cost to us for providing use of a company car involves compiling the expenses that were paid by us or reimbursed to the Named Executive Officer for the Named Executive Officer's use of the vehicle. Those expenses include:

- the lease payments on the car that were paid by us in 2009 and the portion of 2010 during which we leased the car used by Mr. Modany;
 - the cost of insurance premiums relating to the car that were paid by us;
 - the cost of gasoline used in the car that was paid or reimbursed by us; and
 - the cost of maintenance and repairs of the car that was paid or reimbursed by us.

In addition, during 2010, the lease on the car previously utilized by Mr. Modany terminated, and we purchased a vehicle for Mr. Modany's use. As a result, the aggregate incremental cost to us for providing use of a company car to Mr. Modany includes the amount of depreciation expense recognized on the vehicle:

- in 2010 for the portion of 2010 that we owned the car; and
- in 2011 for the entire year.

(C) The methodology for computing the aggregate incremental cost to us for providing a tax return and financial planning allowance involves determining the sum of all receipts for tax return and financial planning services that are submitted by and reimbursed to the Named Executive Officer up to the amount of the allowance authorized by the Compensation Committee (i.e., 2% of annualized base salary as of the effective date of any increase in base salary for that fiscal year for Mr. Modany, and 1% of annualized base salary as of the effective date of any increase in base salary for that fiscal year for each of the other Named Executive Officers).

(D) The methodology for computing the aggregate incremental cost to us for providing event tickets involves identifying the specific events that the Named Executive Officer and his or her guests attended during the year and attributing the actual costs paid by us or reimbursed to the Named Executive Officer for the Named Executive Officer and his or her guests to attend the event. Those costs include:

- the portion of a license fee for a private suite and associated spectator seats used by the Named Executive Officer and his or her guests;
- the cost of food and beverages consumed by the Named Executive Officer and his or her guests in connection with the event;
 - the cost of tickets used by the Named Executive Officer and his or her guests to attend the event; and
 - the cost of parking fees incurred by the Named Executive Officer and his or her guests to attend the event.

(E) The methodology for computing the aggregate incremental cost to us for providing enhanced disability benefits involves:

- multiplying the monthly charge to us per employee for the enhanced short-term disability benefits by the number of months;
- multiplying the annual charge to us per \$100 of coverage for the enhanced long-term disability benefits by the number of \$100 increments in the coverage; and
 - adding together the sum of the amounts calculated in the prior two bullet points.

(F) The methodology for computing the aggregate incremental cost to us for providing annual physical examinations involves determining the expenses for such examination that have been paid by us directly to the provider or reimbursed to the Named Executive Officer.

(G) Amounts shown represent our contributions or other allocations made under the ESI 401(k) Plan, a defined contribution plan, for the benefit of the Named Executive Officers in each of the years indicated. See “– Equity Compensation and Qualified Savings Plans – ESI 401(k) Plan.”

(H) Amounts shown do not include our cost for employee benefits that do not discriminate in scope, terms or operation in favor of our executive officers and that are available generally to all full-time and part-time regular employees, including, without limitation, medical and dental benefits, vision insurance, flexible spending account, business travel and accident insurance, and disability insurance.

(I) The total amount reported for Ms. McCormack for 2009 also includes a payment in the amount of \$16,667 made by us to Ms. McCormack in reimbursement to her for lost consulting fees and legal expenses related thereto in connection with the termination of a consulting arrangement with a third party as a result of her beginning employment with us.

(8) Amounts shown represent the sum of the dollar values for each compensation element in columns (c) through (i) in each of the years indicated.

- (1) The amounts of non-equity incentive plan and bonus compensation reported in this table include the amounts of such compensation as reported in the Non-Equity Incentive Plan Compensation and Bonus columns of the Summary Compensation Table for each of the years indicated.
- (2) Amounts shown represent the sum of the dollar values for each compensation element that we are required to report in the Summary Compensation Table for each of the years indicated. See “– Summary Compensation Table.”

Generally in the years indicated, the amount of salary has represented less than 25%, and the amount of salary and non-equity incentive plan and bonus compensation combined has represented 18% to 45%, of the Named Executive Officer’s total compensation. In addition, depending on our performance, the amount of non-equity incentive plan compensation in 2009 and 2010 could have ranged from 11.25% to 200% of the Named Executive Officer’s salary, depending on the Named Executive Officer’s position. As a result, the better our performance in either of those years, the greater the percentage that non-equity incentive plan compensation represented of the Named Executive Officer’s total compensation for that year. This result corresponded to the goal of the compensation program for our executives

and with the Compensation Committee's intentions prior to July 1, 2011. The increases in non-equity incentive plan and bonus compensation, and salary and non-equity incentive plan and bonus compensation, in each case as a percentage of total compensation, in 2011 compared to 2010 were primarily the result of the special bonus awarded in 2011 to our Named Executive Officers, as described in "—Compensation Discussion and Analysis – Compensation Elements – 2011 Compensation – Special Bonus."

“N/A” means not applicable.

(1) Defined as the date of the grant for financial statement reporting purposes pursuant to ASC 718.

(2) The awards were granted by the Compensation Committee during a Committee meeting on January 17, 2011 and became effective on January 27, 2011, which was the fifth business day following the date we publicly disclosed our financial and operating results for the fiscal year ended December 31, 2010.

(3) Amounts shown represent the per-share exercise or base price of the options granted in the fiscal year.

(4)

Amounts shown represent the grant date fair value, computed in accordance with ASC 718, of each stock and option award granted to the Named Executive Officer in 2011. There were no adjustments or amendments made in 2011 to the exercise price of any option awards held by any of the Named Executive Officers, whether through amendment, cancellation or replacement grants, or any other means (such as a repricing), or that otherwise materially modified any option awards.

- (5) Represents a nonqualified stock option to purchase our common stock that was granted under the 2006 Equity Compensation Plan. See “– Equity Compensation and Qualified Savings Plans – 2006 Equity Compensation Plan.”
- (6) Nonqualified stock option granted at 100% of the closing market price of a share of our common stock on the effective date of the grant. One-third of the shares subject to each option granted is exercisable on the anniversary date of the grant in each of the years 2012, 2013 and 2014.
- (7) Represents a grant of RSUs that was made under the 2006 Equity Compensation Plan. See “—Equity Compensation and Qualified Savings Plans – 2006 Equity Compensation Plan.”
- (8) The period of restriction for this RSU grant lapsed on January 27, 2012. The RSUs were settled on the last day of the period of restriction and were paid in cash in an amount equal to \$62.79 for each RSU in the grant, which was the average of the closing market prices of our common stock over the 20 trading day period prior to the settlement date.
- (9) The period of restriction for this RSU grant lapses in thirds on the anniversary date of the grant in each of the years 2012, 2013 and 2014. These RSUs will be settled in shares of our common stock, one share for each RSU in the grant.

Employment Contracts

We have not entered into an employment contract, whether written or oral, with any of the Named Executive Officers.

Non-Equity Incentive Plan Awards and Bonuses

The annual bonus award in years prior to 2011 was intended to serve as an incentive for performance to occur over a specified fiscal year, because the outcome with respect to the relevant performance targets under our bonus parameters was substantially uncertain at the time the performance targets were established by the Compensation Committee and communicated to the participants. Pursuant to the SEC's regulations, our annual bonus awards were typically classified in the tables in our proxy statements as non-equity incentive plan compensation, instead of bonus compensation, due to the annual bonus awards being based on pre-established performance targets. As described in more detail in the Compensation Discussion and Analysis section of this Proxy Statement, because the Incentive Compensation Regulations became effective on July 1, 2011, our Compensation Committee did not establish performance targets for purposes of an annual bonus plan for 2011. A special bonus, however, was paid to our executives in June 2011, which is classified in the tables in this Proxy Statement as bonus compensation.

Under the Deferred Bonus Plan, each eligible employee may elect to defer payment of all or a portion of his or her annual bonus award in the same form that the bonus is otherwise payable, either in cash or shares of our common stock. See “– Nonqualified Deferred Compensation Plans – Deferred Bonus Plan.” None of the Named Executive Officers deferred payment of any portion of his or her annual bonus award received in 2009, 2010 or 2011.

Equity Compensation and Qualified Savings Plans

1997 Stock Plan. On May 13, 1997, our shareholders approved our adoption of the 1997 ITT Educational Services, Inc. Incentive Stock Plan (the “1997 Stock Plan”), which became effective on the same date and provides for the grant of:

- stock options that are intended to qualify as “incentive stock options” under Section 422 of the IRC;
 - nonqualified stock options;
 - SARs;
 - performance shares and restricted stock; or
- any combination of the foregoing, as the Compensation Committee may determine, as well as substitute stock options, SARs and restricted stock.

The 1997 Stock Plan expired on May 13, 2007. The only awards that have been granted under the 1997 Stock Plan are nonqualified stock options and restricted stock. As a result of our shareholders' approval of our adoption of the 2006 Equity Compensation Plan at the 2006 Annual Meeting of Shareholders on May 9, 2006, no awards have been, or will be, made under the 1997 Stock Plan after May 9, 2006. As of December 31, 2011, the total number of shares of our common stock that were subject to unexercised nonqualified stock option awards granted under the 1997 Stock Plan was 536,267. There were no other outstanding awards under the 1997 Stock Plan as of December 31, 2011.

Recipients of awards under the 1997 Stock Plan must be, or have been at the time of grant, key employees (including any officer or Director who is also an employee) whose responsibilities and decisions directly affect our performance or the performance of any of our subsidiaries or other affiliates.

The Compensation Committee administers the 1997 Stock Plan and made determinations with respect to the designation of those employees who would receive awards, the number of shares to be covered by options and restricted stock awards, the exercise price of options and other option terms and conditions. The Compensation

Committee may impose such additional terms and conditions on an award as it deems advisable. Shares of our common stock issued under the 1997 Stock Plan may be made available from the authorized but unissued shares of our common stock, from treasury stock or from shares purchased on the open market.

Nonqualified stock options under the 1997 Stock Plan must expire within ten years after grant. The exercise price for nonqualified stock options must be at least equal to the fair market value of our common stock on the date of grant. A nonqualified stock option may be exercised only by the employee who received the option (or his or her estate or designated beneficiary) within:

- five years after the date of his or her termination of employment resulting from the employee's death, total disability or retirement, but in no event later than the expiration of the original term of the option; or

-40-

- three months after the date of his or her termination of employment resulting from any other reason, except for the employee's voluntary resignation or termination for cause, but in no event later than the expiration of the original term of the option.

If an optionee voluntarily resigns or is terminated for cause, the nonqualified stock options are canceled immediately.

The 1997 Stock Plan provides for the automatic protection of intended economic benefits by key employees upon the occurrence of an acceleration event. See Exhibit No. 10.8 to our Quarterly Report on Form 10-Q for the second fiscal quarter ended June 30, 1997, Exhibit No. 10.38 to our Quarterly Report on Form 10-Q for the second fiscal quarter ended June 30, 2003 and Exhibit No. 10.58 to our Quarterly Report on Form 10-Q for the third fiscal quarter ended September 30, 2006 filed with the SEC for a complete copy of the 1997 Stock Plan, as amended. Notwithstanding any other provisions of the 1997 Stock Plan, upon the occurrence of an acceleration event:

- all options will generally become exercisable immediately for a period of 60 calendar days;
- options will continue to be exercisable for a period of seven months in the case of an employee whose employment is terminated other than for cause or who voluntarily terminates employment because of a good faith belief that such employee will not be able to discharge his or her duties;
- "limited stock appreciation rights" will be granted automatically on all outstanding options not otherwise covered by a SAR, which will generally be exercisable immediately in full, will entitle the holders to the same exercise period referred to in the bullets above and will be settled fully in cash based on a formula price generally reflecting the highest price paid for a share of our common stock during the 60-day period preceding the exercise date; and
 - restrictions applicable to awards of restricted stock will be waived automatically.

Options or restricted shares which are granted, accelerated or enhanced upon the occurrence of a takeover may give rise, in whole or in part, to "excess parachute payments" within the meaning of Section 280G of the IRC and, to such extent, will be nondeductible by us and subject to a 20% excise tax to the awardee.

An "acceleration event" is generally defined in the 1997 Stock Plan as any of the following events:

- a report on Schedule 13D is filed with the SEC pursuant to Section 13(d) of the Exchange Act disclosing that any person (within the meaning of Section 13(d) of the Exchange Act), other than us, ITT Corporation (a Nevada corporation ("ITT Nevada") that was formerly affiliated with ITT Corporation, an Indiana corporation), one of our subsidiaries or any employee benefit plan sponsored by us, ITT Nevada or one of our subsidiaries, is the beneficial owner directly or indirectly of 20% or more of the outstanding shares of our common stock;
- any person (within the meaning of Section 13(d) of the Exchange Act), other than us, ITT Nevada, one of our subsidiaries or any employee benefit plan sponsored by us, ITT Nevada or one of our subsidiaries, purchases shares pursuant to a tender offer or exchange offer to acquire any shares of our common stock (or securities convertible into our common stock) for cash, securities or any other consideration, provided that after consummation of the offer, the person in question is the beneficial owner (as such term is defined in Rule 13d-3 under the Exchange Act) directly or indirectly of 15% or more of the outstanding shares of our common stock (calculated as provided in paragraph (d) of Rule 13d-3 under the Exchange Act in the case of rights to acquire our common stock);
 - our shareholders approve;
- any consolidation or merger of us in which we are not the continuing or surviving corporation or pursuant to which shares of our common stock would be converted into cash, securities or other property, other than a merger of us in which holders of our common stock immediately prior to the merger have the same proportionate ownership of common stock of the surviving corporation immediately after the merger as immediately before; or
- any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of our assets; or
 - a change in a majority of the members of our Board of Directors within a 12-month period, unless the election or nomination for election by our shareholders of each new Director during such 12-month period

was approved by the vote of two-thirds of the Directors then still in office who were Directors at the beginning of such 12-month period.

2006 Equity Compensation Plan. On May 9, 2006, our shareholders approved our adoption of the 2006 Equity Compensation Plan, which became effective on the same date and provides that awards may be granted to our and our subsidiaries' employees and Directors. The approximate number of persons eligible to participate in the 2006 Equity Compensation Plan is 950. The 2006 Equity Compensation Plan permits the grant of the following types of awards:

-41-

- stock options (incentive and nonqualified);
 - SARs;
 - restricted stock;
 - RSUs;
 - performance shares;
 - performance units; and
 - other stock-based awards.

No award may be granted under the 2006 Equity Compensation Plan after May 9, 2016.

Administration. The 2006 Equity Compensation Plan is administered by a committee consisting of two or more members of our Board of Directors (the “Plan Committee”). It is intended that each member of the Plan Committee will be a “non-employee director” within the meaning of Rule 16b-3 of the Exchange Act, an “outside director” under regulations promulgated under Section 162(m) of the IRC, and an “independent director” under the NYSE listing standards. Our Board of Directors has currently designated the Compensation Committee as the Plan Committee for the 2006 Equity Compensation Plan; however, the entire Board will act as the Plan Committee with respect to awards to non-employee Directors. Subject to applicable law, the Plan Committee may delegate its authority under the 2006 Equity Compensation Plan.

Shares Subject to the 2006 Equity Compensation Plan. The total number of shares of our common stock available for awards under the 2006 Equity Compensation Plan is 4,000,000, subject to antidilution adjustments. Each share underlying stock options and SARs granted under the 2006 Equity Compensation Plan, and not forfeited or terminated, will reduce the number of shares available for future awards under the 2006 Equity Compensation Plan by one share. The delivery of a share in connection with a “full-value award” (i.e., an award of restricted stock, RSUs, performance shares, performance units or any other stock-based award with value denominated in shares) will reduce the number of shares remaining for other awards by three shares.

The source of shares for issuance under the 2006 Equity Compensation Plan may be authorized and unissued shares or treasury shares.

If an award under the 2006 Equity Compensation Plan is forfeited or terminated for any reason before being exercised, fully vested or settled, as the case may be, then the shares underlying that award will be added back to the remaining shares and will be available for future awards under the 2006 Equity Compensation Plan. The number of shares available for future awards under the 2006 Equity Compensation Plan, however, will be reduced by: (a) any shares subject to an award that are withheld or otherwise not issued upon the exercise of the award to satisfy the participant’s tax withholding obligations or to pay the exercise price of the award; and (b) shares subject to an award that is settled in cash in lieu of shares.

Pursuant to the 2006 Equity Compensation Plan, subject to antidilution adjustments:

- the maximum aggregate number of shares that may be delivered in connection with stock options intended to be incentive stock options under Section 422 of the IRC (“incentive stock options”) may not exceed 4,000,000 shares;
- the maximum aggregate number of shares that may be granted to an individual participant during any calendar year pursuant to:
 - all forms of awards is 200,000 shares;
 - incentive stock options is 200,000 shares;
 - restricted stock and RSU awards is 100,000 shares; and
 - performance share awards is 100,000 shares; and
- the maximum aggregate compensation that may be paid pursuant to performance units awarded in any one calendar year to an individual participant is \$1,000,000, or a number of shares having an aggregate fair market value not in

excess of that amount.

Further, no incentive stock option will be granted to a participant if as a result of such grant the aggregate fair market value of shares with respect to which incentive stock options are exercisable for the first time in any calendar year would exceed \$100,000.

-42-

No Repricing. The 2006 Equity Compensation Plan prohibits repricing of stock options or SARs, including by way of an exchange for another award with a lower exercise price, unless shareholder approval is obtained.

Stock Options. Stock options granted under the 2006 Equity Compensation Plan may be either nonqualified or incentive stock options. Each option grant will be evidenced by an award agreement between the optionee and us setting forth the terms and conditions of the option. The Plan Committee will set the exercise price of each option, provided that the exercise price may not be less than 100% of the fair market value of our common stock on the date the option is granted. The 2006 Equity Compensation Plan defines “fair market value” as the closing price of our common stock on the effective date of the option grant or, if that date is not a trading day, on the most recent trading day prior to the effective date of the option grant. In addition, in the case of an incentive stock option granted to a participant who, at the time the option is granted, owns stock representing more than 10% of the voting power of all classes of our stock, the exercise price of the incentive stock option will not be less than 110% of the fair market value of our common stock on the effective date of the option grant.

The Plan Committee will determine the term of each stock option that it grants under the 2006 Equity Compensation Plan; however, the term may not exceed seven years from the date of grant. Moreover, in the case of an incentive stock option granted to a participant who, at the time the option is granted, owns stock representing more than 10% of the voting power of all classes of our stock, the term of the option may not exceed five years from the date of grant.

If an optionee’s employment or service terminates due to death or disability:

- all of the optionee’s stock options with time-based vesting provisions will become immediately exercisable and will remain exercisable until the earlier of:
 - the date three years after the date of the optionee’s death or disability, or
 - the date the options expire in accordance with their terms; and
 - with respect to the optionee’s options with performance-based vesting provisions:
 - the optionee will forfeit all such options that are not exercisable as of the date of death or disability; and
- options that were exercisable as of the date of death or disability will remain exercisable until the earlier of (a) the date three years after such date, or (b) the date the options expire in accordance with their terms.

For stock options granted prior to November 24, 2010, termination of an optionee’s employment or service due to retirement is treated in the same manner as termination of employment or service due to death or disability. In all cases, incentive stock options will not be exercisable for more than three months following an optionee’s death or retirement or more than one year following the termination of an optionee’s employment by reason of disability.

Upon termination by us of an optionee’s employment or service without cause, or upon termination of employment or service by the optionee for a reason other than death or disability (or retirement for stock options granted prior to November 24, 2010):

- an optionee will forfeit all of his or her options that had not yet become exercisable; and
- options that were exercisable as of the date of the optionee’s termination will remain exercisable until the earlier of (a) the date 90 days after the date of termination, or (b) the date the options expire in accordance with their terms.

Upon termination of employment or service for cause, an optionee will immediately forfeit all of his or her outstanding options.

SARs. SAR grants may be either freestanding or tandem with option grants. Each SAR grant will be evidenced by an agreement that will specify the number of shares to which the SAR pertains, the grant price, the term of the SAR and such other provisions as the Plan Committee shall determine. The grant price of a freestanding SAR will not be less than 100% of the fair market value of our common stock on the effective date of the SAR grant, and the grant price of

a tandem SAR will equal the exercise price of the related option. The Plan Committee will determine the term of each SAR that it grants under the 2006 Equity Compensation Plan; however, the term may not exceed seven years from the date of grant.

Upon exercise of a SAR, the holder will receive payment from us in an amount equal to the product of (a) the excess of the fair market value of our common stock on the date of exercise over the grant price and (b) the number of shares with respect to which the SAR is exercised. At the discretion of the Plan Committee, payment to the holder of a SAR may be in cash, shares of our common stock or a combination thereof.

If the employment or service of a holder of a SAR is terminated, the SAR will be treated in the same manner as options are treated.

Restricted Stock and Restricted Stock Units. Each restricted stock or RSU grant will be evidenced by an agreement that specifies the applicable period of restriction, the number of restricted shares or RSUs granted, the vesting or settlement date, and such other provisions as the Plan Committee determines.

The period of restriction applicable to an award of restricted stock or RSUs is at least one year for awards with a time-based period of restriction granted after November 24, 2010 and all awards with a performance-based period of restriction, and was at least three years for awards with a time-based period of restriction granted prior to November 24, 2010.

Participants holding restricted stock may exercise full voting rights and will receive all regular cash dividends paid with respect to those shares. Except as otherwise determined by the Plan Committee, all other distributions paid with respect to the restricted stock will be credited to the participant subject to the same restrictions on transferability and forfeitability as the underlying restricted stock.

When the applicable period of restriction on the restricted stock ends, the stock will become freely transferable, and the participant will be entitled to receive a certificate evidencing those shares. When the applicable period of restriction ends, RSUs will be settled and paid. At the time of the grant, the Plan Committee shall determine whether the RSUs will be settled by delivery of shares, payment in cash of an amount equal to the fair market value of the shares on the settlement date or the average of the fair market value of the shares over a specified number of days prior to the settlement date, or a combination of shares and cash.

With respect to restricted stock with a time-based period of restriction:

- upon a participant's death or disability, the period of restriction will lapse immediately; and
- upon termination of a participant's employment or service with us for any reason other than death or disability, the participant will forfeit all unvested restricted stock immediately after the termination of employment or service.

With respect to restricted stock with a performance-based period of restriction, upon termination of a participant's employment or service with us for any reason, the participant will forfeit all unvested restricted stock immediately after the termination of employment or service.

With respect to RSUs with a time-based period of restriction:

- upon a participant's death or disability, the period of restriction will lapse immediately, and the RSUs will be settled immediately thereafter; and
- upon termination of a participant's employment or service with us for any reason other than death or disability, the participant will forfeit all of his or her unvested RSUs immediately after the termination of employment or service.

For RSUs with a time-based period of restriction awarded prior to November 24, 2010, upon a participant's retirement, the participant will retain his or her unvested RSUs and the period of restriction will lapse in accordance with its original terms.

With respect to RSUs with a performance-based period of restriction, upon termination of a participant's employment or service with us for any reason, the participant will forfeit all of his or her unvested RSUs immediately after the termination of employment or service.

Performance Shares and Performance Units. Each grant of performance shares and performance units will be evidenced by an agreement that specifies the number of shares or units granted, the applicable performance measures and performance periods, and such other provisions as the Plan Committee determines. Except as otherwise provided in the applicable award agreement, upon termination of employment or service or upon a change in control or subsidiary disposition, the performance period for performance shares and performance units must be at least one year.

A participant will not have voting rights or other rights as a shareholder with respect to the shares subject to an award of performance shares or performance units until the time, if at all, when shares are issued to the participant pursuant to the terms of the applicable award agreement.

As soon as practicable following the completion of the performance period applicable to outstanding performance shares or performance units, the Plan Committee will certify in writing the extent to which the applicable performance measures have been attained and the resulting final value of the award earned by the participant and to be paid upon its settlement. The Plan Committee, in its sole discretion as specified in the award agreement, may pay earned performance shares or performance units by delivery of shares or by payment in cash or a combination thereof.

If a participant terminates employment or service with us for any reason prior to the end of the performance period respecting an award of performance shares or performance units, the participant will forfeit any and all right to payment under the performance shares or performance units.

Other Stock-Based Awards. The Plan Committee has the right to grant other stock-based awards that may include, without limitation, grants of shares based on attainment of performance measures, payment of shares as a bonus or in lieu of cash based on attainment of performance measures, and the payment of shares in lieu of cash under other of our incentive or bonus programs.

Except as otherwise provided in the applicable award agreement, upon a termination of employment or service or upon a change in control or subsidiary disposition, other stock-based awards will have a minimum period of restriction of one year, which period may, in the Plan Committee's discretion, lapse on a pro-rated, graded, or cliff (i.e., all at once) basis. An award of payment in shares in lieu of cash under other of our incentive or bonus programs, or awards to non-employee Directors as part of their retainer or other Board fees, will not be subject to the minimum period of restriction limitation described above.

The Plan Committee may determine to pay a non-employee Director's regular annual retainer, retainer for Board committee memberships, retainer for chairperson duties, fees for attendance at Board or Board committee meetings, or any other retainers or fees in the form of another stock-based award under the 2006 Equity Compensation Plan. The Plan Committee may also determine to permit the non-employee Directors to elect whether to receive all or a portion of such retainers and fees in the form of other stock-based award. Any such other stock-based awards would not be subject to any restrictions (other than restrictions applicable to our "affiliates").

Performance-Based Awards. The Plan Committee may grant awards that are intended to qualify as "performance-based compensation" for purposes of deductibility under Section 162(m) of the IRC. For any such award, the Plan Committee will establish the goals to be used within 90 days after the commencement of the performance period, or, if the number of days in the performance period is less than 90, the number of days equal to 25% of the performance period applicable to such award. The 2006 Equity Compensation Plan sets forth certain performance measures from which the Plan Committee may select for these awards. The Plan Committee may establish performance measures, in its discretion, on a corporate-wide basis or with respect to one or more business units, divisions, subsidiaries, business segments, functions, salary grade levels, or positions, and in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies. In addition, unless otherwise determined by the Plan Committee, measurement of performance measures will exclude the impact of charges for restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring items, as well as the cumulative effects of tax or accounting changes, each as determined in accordance with generally accepted accounting principles or identified in our financial statements, notes to the financial statements, management's discussion and analysis, or other filings with the SEC. As a result of the Incentive Compensation Regulations, the Plan Committee will not grant performance-based awards on or after July 1, 2011.

Change in Control, Cash-Out and Subsidiary Disposition. Except as otherwise provided in the applicable award agreement, if we experience a change in control:

- any and all outstanding stock options and SARs granted under the 2006 Equity Compensation Plan with time-based vesting provisions will become immediately exercisable;
- any restrictions imposed on restricted stock, RSUs and other stock-based awards granted under the 2006 Equity Compensation Plan with time-based vesting provisions will lapse; and
- any and all performance shares, performance units and other awards (if performance-based) granted under the 2006 Equity Compensation Plan will vest on a pro rata monthly basis, including full credit for partial months elapsed, and will be paid (a) based on the level of performance achieved as of the date of the change in control, if determinable, or (b) at the target level, if not determinable.

In addition, the Plan Committee may, in its sole discretion, determine that: (a) all outstanding stock options and SARs will be terminated upon the occurrence of a change in control and that each participant will receive, with respect to each share subject to the options or SARs, an amount in cash equal to the excess of the consideration payable with respect to one share in connection with the change in control over the option's exercise price or the SAR's grant price; and (b) options and SARs outstanding as of the date of the change in control may be cancelled and terminated without payment, if the consideration payable in connection with the change in control is less than the option's exercise price or the SAR's grant price.

Further, the Plan Committee has the authority to provide for the automatic full vesting and exercisability of one or more outstanding unvested awards under the 2006 Equity Compensation Plan and the termination of restrictions on transfer and repurchase or forfeiture rights on the awards, in connection with a disposition of a subsidiary of ours, but only with respect to those participants who are at the time engaged primarily in service with the subsidiary involved in the subsidiary disposition.

A change in control means the occurrence of one or more of the following:

- the acquisition by any person (within the meaning of Section 13(d) of the Exchange Act), other than us, a subsidiary of ours or any employee benefit plan sponsored by us or a subsidiary of ours, of a beneficial ownership directly or indirectly of 20% or more of the outstanding shares of our common stock, provided that an increase in the percentage of the outstanding shares of our common stock beneficially owned by any person (within the meaning of Section 13(d) of the Exchange Act) solely as a result of a reduction in the number of shares of our common stock then outstanding due to the repurchase by us of such common stock shall not constitute a change in control, however any subsequent acquisition of shares of our common stock by any person (within the meaning of Section 13(d) of the Exchange Act) resulting in such person beneficially owning 20% or more of the outstanding shares of our common stock shall constitute a change in control;
- the purchase by any person (within the meaning of Section 13(d) of the Exchange Act), other than us, a subsidiary of ours or any employee benefit plan sponsored by us or a subsidiary of ours, of shares pursuant to a tender offer or exchange offer to acquire our common stock (or securities convertible into common stock) for cash, securities or any other consideration, provided that after consummation of the offer, the person in question is the beneficial owner (as such term is defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of 15% or more of the outstanding shares of our common stock (calculated as provided in paragraph (d) of Rule 13d-3 under the Exchange Act in the case of rights to acquire common stock);
- our shareholders approve (a) any consolidation or merger of us in which we are not the continuing or surviving corporation or pursuant to which shares of our common stock would be converted into cash, securities or other property, other than a merger of us in which holders of our common stock immediately prior to the merger have the same proportionate ownership of common stock of the surviving corporation immediately after the merger as immediately before, or (b) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of our assets;
- a change in a majority of the members of our Board of Directors within a 12-month period, unless the election or nomination for election by our shareholders of each new Director during such 12-month period was approved by the vote of two-thirds of the Directors then still in office who were Directors at the beginning of such 12-month period; or
 - the liquidation or dissolution of us.

Notwithstanding any other provision of the 2006 Equity Compensation Plan, with respect to any provision or feature of the plan that constitutes or provides for a deferred compensation plan subject to IRC Section 409A, no event or transaction will constitute a change in control unless it is a change in control within the meaning of IRC Section 409A.

Adjustments of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Plan Committee may make adjustments in the terms and conditions of, and the criteria included in, awards under the 2006 Equity

Compensation Plan in recognition of unusual or nonrecurring events (including, without limitation, changes in capitalization) affecting us or our financial statements or of changes in applicable law, regulations, or accounting principles, whenever the Plan Committee determines that such adjustments are appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the 2006 Equity Compensation Plan. With respect to any awards intended to comply with the performance-based exception under the 2006 Equity Compensation Plan, unless otherwise determined by the Plan Committee, any such exception will be specified at such times and in such manner as will not cause such awards to fail to qualify under the performance-based exception.

IRC Section 409A Compliance. The 2006 Equity Compensation Plan has been designed so that certain types of awards (such as options, SARs and restricted stock) generally will not be “deferred compensation” for IRC Section 409A purposes and will thereby be exempt from Section 409A’s requirements. Certain other types of awards, however, may be deferred compensation under Section 409A, and in those cases, the 2006 Equity Compensation Plan is intended to comply with the Section 409A standards. For example, with respect to any award that constitutes deferred compensation within the meaning of Section 409A, any amount payable on account of separation from service to a “specified employee,” as defined in Section 409A, will not be paid earlier than the date that is six months following the specified employee’s separation from service.

See Exhibit No. 10.55 to our Current Report on Form 8-K, dated May 9, 2006, Exhibit 10.57 to our Quarterly Report on Form 10-Q for the third fiscal quarter ended September 30, 2006, Exhibit 10.61 to our Quarterly Report on Form 10-Q for the second fiscal quarter ended June 30, 2007, Exhibit 10.32 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and Exhibit 10.12 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC for a complete copy of the 2006 Equity Compensation Plan and its amendments.

2011 Awards. During 2011, the following equity-based compensation awards were granted under the 2006 Equity Compensation Plan:

- nonqualified stock options to our key employees to purchase an aggregate of 159,500 shares of our common stock;
 - an aggregate of 188,122 RSUs to our key employees, which RSUs settle in shares of our common stock;
 - an aggregate of 50,363 RSUs to our key employees, which RSUs settle in cash; and
- an aggregate of 11,296 RSUs to our non-employee Directors, which RSUs settle in shares of our common stock.

Equity Compensation Plan Information. The following table sets forth information, as of December 31, 2011, about shares of our common stock that may be issued under our equity compensation plans that (a) have been approved by our shareholders and (b) have not been approved by our shareholders.

Equity Compensation Plan Information

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights . (a)	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights . (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) . (c)
Equity compensation plans approved by security holders (1)	1,972,387	\$81.77 (2)	1,679,942 (3)(4)(5)
Equity compensation plans not approved by security holders (6)	140,804	40.16 (2)	N/A (7)
Total	2,113,191	\$79.24 (2)	1,679,942

(1) These equity compensation plans include the 1997 Stock Plan and the 2006 Equity Compensation Plan. The material terms of each of these plans are described above in this Proxy Statement. See “– 1997 Stock Plan” and “– 2006

Equity Compensation Plan.”

- (2) The weighted average exercise price is calculated based on those awards included in column (a) that have a specified exercise price, namely, outstanding stock options. Since the outstanding RSUs and the shares credited under the ESI Non-Employee Directors Deferred Compensation Plan (the “Directors Deferred Compensation Plan”) that are included in column (a) have no exercise price, they have been excluded from the weighted average exercise price calculations in this column (b).
- (3) This number does not include any shares under the 1997 Stock Plan, because all shares to be issued upon exercise of outstanding stock option awards under the 1997 Stock Plan are included in column (a), and no new awards will be made under the 1997 Stock Plan.

The total number of shares of our common stock available for awards under the 2006 Equity Compensation Plan is 4,000,000, subject to antidilution adjustments. Each share underlying stock options and SARs granted under the 2006 Equity Compensation Plan, and not forfeited or terminated, will reduce the number of shares available for future awards under the 2006 Equity Compensation Plan by one share. The delivery of a share in connection with a “full-value award” (i.e., an award of restricted stock, RSUs, performance shares, performance units or any other stock-based award with value denominated in shares) will reduce the number of shares remaining for other awards by three shares, including full-value awards that are settled in the form of cash.

- (4) The aggregate fair market value (determined on the date of grant) of the shares subject to incentive stock options awarded to employees under the 1997 Stock Plan or the 2006 Equity Compensation Plan that become exercisable for the first time by the employee in any calendar year may not exceed \$100,000.
- (5) Securities remaining available for future issuance under the 2006 Equity Compensation Plan include stock options (incentive and nonqualified), SARs, restricted stock, RSUs, performance shares, performance units and other stock-based awards, or any combination of the foregoing, as the Compensation Committee and Board of Directors may determine. The maximum number of performance shares under the 2006 Equity Compensation Plan that may be granted to any eligible participant in any given calendar year is 100,000 shares.
- (6) These equity compensation plans include the:
- 1999 Outside Directors Stock Option Plan (the “1999 Directors Stock Plan”);
 - Directors Deferred Compensation Plan; and
 - Deferred Bonus Plan.

The material terms of each of these plans are described elsewhere in this Proxy Statement. See “– Director Compensation –1999 Directors Stock Plan” and “– Directors Deferred Compensation Plan,” and “– Nonqualified Deferred Compensation Plans – Deferred Bonus Plan.”

- (7) This number does not include any shares under the 1999 Directors Stock Plan, because all shares to be issued upon exercise of outstanding stock option awards under the 1999 Directors Stock Plan are included in column (a), and no new awards will be made under the 1999 Directors Stock Plan. There is no limit on the number of shares of our common stock available for future issuance under either the Directors Deferred Compensation Plan or the Deferred Bonus Plan.

ESI 401(k) Plan. On May 16, 1998, we established the ESI 401(k) Plan, a qualified defined contribution plan. The ESI 401(k) Plan is designed to provide substantially all of our employees with a tax-deferred, long-term savings vehicle. For each payroll period, we make matching cash contributions in an amount equal to (a) 100% of the first 1% of the employee’s salary that the employee contributes to the plan and (b) 50% of the next 4% of the employee’s salary that the employee contributes to the plan. Our matching contributions vest 100% upon completion of the third full year that the employee is employed by us. Employees can elect to contribute from 1% to the maximum amount of their salaries that is permitted by federal law, and they have a choice of 23 investment funds in which to invest their contributions.

After age 59½, employees may withdraw most of their and our vested contributions, including rollover, matching, employee pre-tax and predecessor plan contributions, and the earnings thereon. Regardless of the employee’s age, our retirement contributions made before January 1, 2002 and the earnings thereon may not be withdrawn while the employee is still employed by us. Prior to age 59½, withdrawals by an employee are limited to rollover and predecessor plan contributions, unless the employee qualifies for a financial hardship withdrawal or a withdrawal in connection with a leave to perform qualifying military service. Upon termination of employment, the employee may withdraw all amounts attributable to the employee’s contributions and our vested contributions. Payments are normally made in a single lump sum, but if the employee’s balance is above a threshold amount, the employee may elect to receive payment in annual or monthly installments over a period not to exceed 20 years.

ESI Pension Plan					
ESI Excess Pension Plan	0 (5)	\$	0	\$	0

- (1) Includes each plan that provides for specific retirement payments and benefits, or payments and benefits that will be provided primarily following retirement, including, without limitation, tax-qualified defined benefit plans and supplemental executive retirement plans, but excluding tax-qualified defined contribution plans and nonqualified defined contribution plans.
- (2) Computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the last completed fiscal year.
- (3) Amounts shown represent the actuarial present value of the Named Executive Officer's accumulated benefit under the plan, computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the last completed fiscal year. The estimated amounts assume that the Named Executive Officer's retirement age is the normal retirement age as defined in the plan or, if not so defined, the earliest time at which a participant may retire under the plan without any benefit reduction due to age. The estimated amounts are based on the Named Executive Officer's most current compensation subject to the plan and, as such, future levels of the Named Executive Officer's compensation are not estimated for purposes of the calculation. The estimated amounts used to quantify the present value of the accumulated benefit under the Old Pension Plan assume a normal retirement age of 65 using the RP-2000 mortality table and a 4.00% discount rate as of December 31, 2011 for each of the Named Executive Officers who participates in the plan. No mortality is assumed prior to age 65 for any of the Named Executive Officers in the estimated amounts shown for the Old Pension Plan. See Note 13 of the Notes to Consolidated Financial Statements set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC for a discussion of the valuation method and all material assumptions applied in quantifying the present value of the accumulated benefit under the ESI Pension Plan and ESI Excess Pension Plan.
- (4) Amounts shown represent the dollar amount of any payments and benefits paid to the Named Executive Officer under each plan identified during 2011.
- (5) The Named Executive Officer's employment with us, or his or her eligibility to participate in the plan, began after participation in the plan by new eligible employees had ended.
- (6) The Named Executive Officer's number of years of credited service with respect to the ESI Pension Plan and the ESI Excess Pension Plan is different from the Named Executive Officer's number of actual years of service with us, because:

- any benefit service with ITT Corporation or any of its affiliated companies that was credited to the participating employee under the Old Pension Plan or the Retirement Plan for Salaried Employees of ITT Nevada (the “Nevada Pension Plan”), is treated as benefit service with us under the ESI Pension Plan and the ESI Excess Pension Plan;
- the ESI Pension Plan covers only most of our eligible salaried employees who were employed by us prior to June 2, 2003; and
- the ESI Excess Pension Plan covers only a select group of our management and highly-compensated employees who were employed by us prior to June 2, 2003.

The number of years of credited service attributed to each Named Executive Officer reflects the Named Executive Officer’s actual service with us or an affiliated company under the ESI Pension Plan and the ESI Excess Pension Plan through the date that the plans were frozen. The number of years of actual service with us or an affiliated company by each Named Executive Officer who participates in the ESI Pension Plan or the ESI Excess Pension Plan and the difference between that Named Executive Officer’s actual service and credited service under the ESI Pension Plan and the ESI Excess Pension Plan are as follows:

Named Executive Officer	Actual Years of Service With Us or an Affiliated Company (a)	Credit Years of Service Under the Plan (b)	Difference (b-a)
Kevin M. Modany	9.5	10	0.5
Clark D. Elwood	27.5	28	0.5
Eugene W. Feichtner	32.6	33	0.4

The number of actual years of service with us or an affiliated company under the ESI Pension Plan and the ESI Excess Pension Plan, rounded to the nearest whole year in accordance with each plan’s terms, is the same as the number of credited years of service under the ESI Pension Plan and the ESI Excess Pension Plan and, therefore, no benefit augmentation resulted under the ESI Pension Plan or the ESI Excess Pension Plan to any of the Named Executive Officers as a result of the difference in the number of years of actual service from the number of years of credited service. The benefit accruals under the ESI Pension Plan and the ESI Excess Pension Plan for all participants in the plans were frozen on March 31, 2006, such that no further benefits accrue under those plans after March 31, 2006. See “– Pension Plans – ESI Pension Plan” and “– ESI Excess Pension Plan.”

(7) The Named Executive Officer’s number of years of credited service under the Old Pension Plan is different from the Named Executive Officer’s number of actual years of service with us, because our participation in the Old Pension Plan ended on December 19, 1995. The number of years of credited service attributed to each Named Executive Officer reflects the Named Executive Officer’s actual service with a participating company under the Old Pension Plan through the end of our participation in the Old Pension Plan. See “– Pension Plans – Old Pension Plan.” The number of years of actual service with us or an affiliated company by each Named Executive Officer who participated in the Old Pension Plan and the difference between that Named Executive Officer’s actual service and credited service under the Old Pension Plan are as follows:

Named Executive Officer	Actual Years of Service With Us or an Affiliated Company (a)	Credit Years of Service Under the Plan (b)	Difference (b-a)
	27.5	14.5	(13)

Clark D. Elwood			
Eugene W. Feichtner	32.6	19.6	(13)

The number of actual years of service with us or an affiliated company is greater than the number of credited years of service under the Old Pension Plan and, therefore, no benefit augmentation resulted under the Old Pension Plan to any of the Named Executive Officers as a result of the difference in the number of years of actual service from the number of years of credited service.

Pension Plans

Old Pension Plan. Prior to December 19, 1995, we participated in the Old Pension Plan, a non-contributory defined benefit pension plan that covered substantially all of our eligible salaried employees, including our executive officers. We paid the entire cost of the Old Pension Plan with respect to our employees. Normal retirement age under the Old Pension Plan is 65.

The annual pension amounts to 2% of a participant's average final compensation (as defined below) for each of the first 25 years of benefit service, plus 1.5% of a participant's average final compensation for each of the next 15 years of benefit service prior to December 19, 1995, reduced by 1.25% of the participant's primary Social Security benefit for each year of benefit service to a maximum of 40 years; provided that no more than 50% of the participant's primary Social Security benefit is used for such reduction. A participant's average final compensation (including salary plus approved bonus payments) is defined under the Old Pension Plan as the total of (a) a participant's average annual base salary for the five calendar years of the last 120 consecutive calendar months of eligibility service affording the highest such average, plus (b) a participant's average annual compensation not including base salary (such as approved bonus compensation and overtime) for the five calendar years of the participant's last 120 consecutive calendar months of eligibility service affording the highest such average. The dollar value of base salary and approved bonus (which may include non-equity incentive plan compensation under Item 402(a) of Regulation S-K under the Exchange Act), whether cash and/or non-cash, are the components of the compensation that are used for purposes of determining "average final compensation" under the Old Pension Plan, but annual compensation in excess of \$160,000 and compensation accrued after December 18, 1995 are not taken into account. The Old Pension Plan also provides for: (a) undiscounted early retirement pensions for participants who retire at or after age 60 and prior to normal retirement age following completion of 15 years of eligibility service; and (b) discounted early retirement pensions for participants who retire between ages 55 and 59 and whose age and years of eligibility service equate to at least 80. A participant is vested in benefits accrued under the Old Pension Plan upon completion of five years of eligibility service. A participant may receive a distribution in the form of a qualified joint and survivor annuity or a life annuity. The amount of the resulting monthly benefit under a joint and survivor annuity is typically less than a life annuity based solely on the participant's life expectancy. No extra years of credited service under the Old Pension Plan have been granted to any of the Named Executive Officers. As of December 31, 2011, Mr. Feichtner was the only Named Executive Officer participant who qualified for early retirement under the Old Pension Plan based on age and years of service. ITT Corporation is responsible for all benefits accrued under the Old Pension Plan and for administering those benefits with respect to its own employees as well as our retirees.

ESI Pension Plan. On June 9, 1998, we established the ESI Pension Plan that, prior to June 2, 2003, covered most of our eligible salaried employees, including our executive officers. The purpose for establishing the ESI Pension Plan was to replace the Nevada Pension Plan. We participated in the Nevada Pension Plan, which covered substantially all of our eligible salaried employees, including our executive officers, from December 20, 1995 to June 9, 1998. The Nevada Pension Plan was terminated and liquidated in June 2000 and is no longer in existence. Effective June 2, 2003, the ESI Pension Plan was amended to cover only most of our eligible salaried employees, including our executive officers, who were employed by us prior to June 2, 2003. The benefit accruals under the ESI Pension Plan for all participants in the plan were frozen on March 31, 2006, such that no further benefits accrue under that plan after March 31, 2006, other than interest credits described below.

The ESI Pension Plan is a cash balance defined benefit plan, which provides a set benefit to participating employees at their retirement that is not affected by the amount of our contributions to the ESI Pension Plan trust or the investment gains or losses with respect to such contributions. The ESI Pension Plan credited a bookkeeping account associated with each participating employee with:

- an amount based on the employee's compensation, age and years of benefit service (the "Pay Credit") at the end of each plan year (i.e., January 1 through December 31, except for the first plan year of June 9, 1998 through December 31, 1998) through March 31, 2006 of the 2006 plan year;
- interest credits on the portion of the balance attributable to Pay Credits credited to the bookkeeping account for plan years prior to the 2002 plan year, calculated as of the end of each plan year at the fixed rate of 8% through December 31, 2010 and 5% beginning January 1, 2011, compounded annually; and
 - interest credits on the portion of the balance attributable to Pay Credits credited to the bookkeeping account for the 2002 and subsequent plan years, calculated as of the end of each plan year at a variable rate ranging from 6% to 12% through December 31, 2010 and 4% to 12% beginning January 1, 2011, compounded

annually.

The variable rate for a plan year is the average of the 30-year U.S. Treasury Bond (or a comparable instrument) rates on each of March 31, June 30 and September 30 of the immediately preceding plan year. At retirement, the participating employee will receive a benefit equal to the value of the bookkeeping account associated with such employee. We pay the entire cost of the ESI Pension Plan. The Pay Credit equals a percentage of the participating employee's compensation (consisting of base salary, overtime pay and bonuses (which may include non-equity incentive plan compensation under Item 402(a) of Regulation S-K under the Exchange Act) whether cash and/or non-cash) for the plan year and is determined under the following schedule according to points based on the participating employee's age and years of benefit service:

-53-

Points	Standard Schedule Allocation Percentage	
	Prior to 2002	Beginning in 2002
1-29	2.0	2.5
30-34	2.5	2.5
35-39	3.0	3.0
40-44	3.5	3.5
45-49	4.0	4.0
50-54	4.5	4.5
55-59	5.5	5.5
60-64	6.5	6.5
65-69	7.5	7.5
70-74	9.0	9.0
75-79	10.5	10.5
80+	12.0	12.0

Participating employees who met certain age and service requirements received Pay Credits under the following “Transition Schedule,” which is more generous:

Points	Transition Schedule Allocation Percentage	
	Prior to 2002	Beginning in 2002
1-29	2.0	8.0
30-34	2.5	8.0
35-39	3.0	8.0
40-44	3.5	8.0
45-49	4.0	8.0
50-54	4.5	8.0
55-59	5.5	8.0
60-64	7.0	8.0
65-69	8.5	8.5
70-74	10.5	10.5
75-79	13.0	13.0
80+	16.0	16.0

Mr. Modany received Pay Credits under the “Standard Schedule,” Messrs. Elwood and Feichtner received Pay Credits under the “Transition Schedule” and Mr. Fitzpatrick and Ms. McCormack were ineligible to participate in the ESI Pension Plan.

The participating employee’s points for a plan year equal the sum of the employee’s age and years of benefit service as of the last day of the plan year. Any benefit service and vesting service with ITT Corporation or any of its affiliated companies that were credited to the participating employee under the Old Pension Plan as of December 19, 1995 or under the Nevada Pension Plan from December 20, 1995 through June 9, 1998 are treated as benefit service and vesting service, respectively, with us under the ESI Pension Plan. A participating employee who has completed three or more years of vesting service (or his or her beneficiary) is eligible to receive a distribution from the ESI Pension Plan upon the participating employee’s retirement on or after age 55, disability, death or after the employee has both terminated employment and reached age 55. The form and timing of the distribution may vary depending on the reason the participant’s employment ends, the participant’s marital status, the present value of the bookkeeping account associated with the employee and the employee’s election. An employee may receive a distribution in the form of a

lump sum, qualified joint and survivor annuity (for married participants) or life annuity (for unmarried participants). The amount of the resulting monthly benefit under a joint and survivor annuity is typically less than for a life annuity based solely on the participant's life expectancy. We do not have a policy with regard to crediting extra years of benefit service under our pension plans, but no extra years of benefit service under the ESI Pension Plan have been credited to any of the Named Executive Officers. As of December 31, 2011, Mr. Feichtner was the only Named Executive Officer participant who qualified for retirement under the ESI Pension Plan based on age and years of service. If Mr. Feichtner's employment with us terminated as of December 31, 2011, he would receive his accrued benefit under the ESI Pension Plan as of that date, which was \$256,723. An eligible employee's benefits under the ESI Pension Plan will be paid from the trust maintained for the ESI Pension Plan that has been funded by us.

ESI Excess Pension Plan. On June 9, 1998, we established, and effective January 1, 2008, we restated, the ESI Excess Pension Plan, an unfunded, nonqualified retirement plan for a select group of our management and highly compensated employees. The benefit accruals under the ESI Excess Pension Plan for all participants in the plan were frozen on March 31, 2006, such that no further benefits accrue under that plan after March 31, 2006. The purpose of the ESI Excess Pension Plan was to restore benefits earned, but not available, to eligible employees under the ESI Pension Plan due to federal limitations on the amount of benefits that can be paid and compensation that may be recognized under a tax-qualified retirement plan. The practical effect of the ESI Excess Pension Plan was to continue the calculation of retirement benefits to all employees on a uniform basis. The eligible employee's compensation upon which the benefits under the ESI Excess Pension Plan are based is the same as for that eligible employee's benefits under the ESI Pension Plan (but without regard to the IRC limit on includible compensation for qualified plans).

An eligible employee will receive his or her benefit under the ESI Excess Pension Plan in a lump sum cash payment within 60 days following his or her termination of employment. If an eligible employee is a "specified employee" as defined in Section 409A of the IRC, however, then his or her benefit will be paid on the first day that is six months after the eligible employee's termination of employment. If an eligible employee dies before the benefit due to the employee under the ESI Excess Pension Plan has been paid, then the benefit will be paid to the employee's beneficiary within 60 days after the employee's death. We do not have a policy with regard to crediting extra years of benefit service under our pension plans, but no extra years of benefit service under the ESI Excess Pension Plan have been credited to any of the Named Executive Officers. As of December 31, 2011, Mr. Feichtner was the only Named Executive Officer participant who qualified for retirement under the ESI Excess Pension Plan based on age and years of service. If Mr. Feichtner's employment with us terminated as of December 31, 2011, he would receive his accrued benefit under the ESI Excess Pension Plan as of that date, which was \$69,543. An eligible employee's benefits under the ESI Excess Pension Plan will generally be paid directly by us. See "- ESI Pension Plan."

Nonqualified Deferred Compensation Plan Table

The following table sets forth information concerning the compensation of the Named Executive Officers in our 2011 fiscal year under the ESI Excess Savings Plan. None of the Named Executive Officers has deferred any bonus compensation under the Deferred Bonus Plan.

- (1) Effective for plan years beginning on and after January 1, 2008, we froze the ESI Excess Savings Plan, such that eligible employees may no longer make elective contributions and we no longer make contributions under the ESI Excess Savings Plan.
- (2) Amounts shown represent the dollar amount of the aggregate interest or other earnings accrued during 2011 to the Named Executive Officer's account under the ESI Excess Savings Plan. The only portion of these amounts that is reported as compensation to the Named Executive Officer in the Summary Compensation Table for the 2011 year is the above-market or preferential earnings in 2011 on the balance of the Named Executive Officer's account under the ESI Excess Savings Plan which are included in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table. See "-- Summary Compensation Table."
- (3) Amounts shown represent the dollar amount of the total balance of the Named Executive Officer's account at the end of 2011 under the ESI Excess Savings Plan. The only portion of these amounts that is reported as compensation to the Named Executive Officer in the Summary Compensation Table for each of the 2010 and 2009 years is the above-market or preferential portion of aggregate earnings under the ESI Excess Savings Plan in 2010 and 2009, which contribute to the aggregate balance of the Named Executive Officer's ESI Excess Savings Plan account at year-end 2011. Those earnings are included in the amount of the Named Executive Officer's compensation for the particular year and are reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table for that particular year. The amount of those above-market or preferential earnings for each of the Named Executive Officers is specified in the table below.

Nonqualified Deferred Compensation Plans

ESI Excess Savings Plan. On June 9, 1998, we established, and effective January 1, 2008, we restated, the ESI Excess Savings Plan, an unfunded, nonqualified deferred compensation plan for a select group of our management and highly compensated employees. Effective for plan years beginning on and after January 1, 2008, we froze the ESI Excess Savings Plan, such that eligible employees may no longer make elective deferrals and we will no longer make contributions under the ESI Excess Savings Plan. The ESI Excess Savings Plan offered eligible employees, who were precluded by federal limitations from fully participating in the ESI 401(k) Plan, a means for:

- restoring their contributions lost under the ESI 401(k) Plan due to the federal limitations;
- restoring our matching and non-matching contributions lost under the ESI 401(k) Plan due to the federal limitations; and
- deferring a portion of their salaries equal to either 5% or the same deferral percentage that they elected under the ESI 401(k) Plan.

Any deferral of an eligible employee's salary under the ESI Excess Savings Plan applied only with respect to the salary that exceeded the federal limitations. See “– Equity Compensation and Qualified Savings Plans – ESI 401(k) Plan.”

Prior to the freeze of the ESI Excess Savings Plan, we made matching contributions under the ESI Excess Savings Plan equal to 100% of the first 1% and 50% of the next 4% of the eligible employee's salary that the employee deferred under the ESI Excess Savings Plan. Any amounts credited to an eligible employee under the ESI Excess Savings Plan will accrue interest at the rate of 8% compounded monthly. This rate is determined by the Compensation Committee and may be changed at any time by that Committee. Our matching contributions vest 100% upon completion of the third full year that the employee is employed by us. The payment of the eligible employee's salary deferrals, our vested matching contributions and the attributable interest accrued thereon will be made in a single lump sum cash payment within 60 days following a Change in Control (as defined in the ESI Excess Savings Plan and below) or the eligible employee's termination of employment. If an eligible employee is a “specified employee” as defined in Section 409A of the IRC, however, then his or her amounts will be paid on the first day that is six months after his or her termination of employment. If an eligible employee dies before the amounts due to the employee under the ESI Excess Savings Plan have been paid, then those amounts will be paid to the employee's beneficiary within 60 days after the employee's death.

A Change in Control under the ESI Excess Savings Plan means one of the following events:

-

the acquisition of ownership (other than by way of merger or consolidation with an entity that, immediately before the acquisition, was a Controlling Company (as defined in the ESI Excess Savings Plan and below)) during any 12 month period, by any one person or more than one person acting as a group, of all or substantially all of the assets of a Controlling Company;

- the acquisition (other than by a Controlling Company) by any one person or more than one person acting as a group, of ownership of more than 50% of the total fair market value or total voting power of the ownership interests of stock of a Controlling Company;
- the acquisition (other than by a Controlling Company) during any 12 month period, by any one person or more than one person acting as a group, of ownership of stock of a Controlling Company possessing 30% or more of the total voting power of stock of the Controlling Company; or
- the replacement of a majority of members of the board of directors or comparable governing body of a Controlling Company, during any 12-month period, by members whose appointment or election is not endorsed by a majority of the members of the Controlling Company's board of directors or comparable governing body prior to the date of the appointment or election.

A “Controlling Company” means:

- us;
- a related company that participates in the ESI Excess Savings Plan and employs the eligible employee;
- a related company that is the majority owner of us or a participating company that employs the eligible employee; or
- any related company in an uninterrupted chain of majority ownership culminating in the ownership of us or a participating company that employs the eligible employee.

Deferred Bonus Plan. On March 15, 2000, we established, and effective January 1, 2008, we restated, the Deferred Bonus Plan, an unfunded, nonqualified deferred compensation plan for a select group of our management and highly compensated employees. The Deferred Bonus Plan provides that each eligible employee may elect to defer payment of all or a portion of his or her annual bonus compensation in the same form that the bonus is otherwise payable, either in cash or shares of our common stock. The deferral of payment of cash or shares of our common stock can only be made in increments of 25%. Any deferred cash amounts will accrue interest at the rate of 6% compounded annually. This rate is determined by the Compensation Committee and may be changed at any time by that Committee. Any deferred shares of our common stock will be credited with any cash dividends on those shares and, on a semi-annual basis, those cash dividends will be converted to shares of our common stock, based on the fair market value at the time of the conversion.

An eligible employee under the Deferred Bonus Plan may elect, as part of his or her deferral election, to receive payment of the deferred portion of his or her annual bonus compensation (a) within 60 days after termination of his or her employment with us or (b) in January of a designated calendar year that is no earlier than the second calendar year after the year in which the deferred bonus compensation was determined. If an eligible employee is a “specified employee” as defined in Section 409A of the IRC, then any amounts payable to the eligible employee under the Deferred Bonus Plan on account of his or her termination of employment with us will be paid on the first day that is six months after termination of his or her employment. If an eligible employee dies before all amounts due to the employee under the Deferred Bonus Plan have been paid, the unpaid balance will be paid in a lump sum within 60 days following the eligible employee’s death, regardless of the employee’s election. Payment of cash amounts deferred are made in the form of cash, and payment of shares of our common stock deferred are made in the form of shares of our common stock, except that any cash dividends that have not been converted to shares of our common stock will be paid in cash.

None of the Named Executive Officers deferred any bonus compensation under the Deferred Bonus Plan in 2011.

Potential Payments Upon Termination or Change In Control

The amounts set forth or referenced in this section reflect amounts payable and the value of benefits under our plans and arrangements to each of the Named Executive Officers in the event of termination of such executive’s employment and/or a change in control of us under various circumstances. The various types of circumstances that would trigger payments and benefits are specified in the discussion of each plan and arrangement under which benefits would be received. The following discussion is of plans and arrangements currently in effect, but it is always possible that different arrangements could be negotiated in connection with an actual termination of employment or change in control. Further, the amounts shown are estimates and are based on numerous assumptions, including that employment terminated or a change in control occurred on December 31, 2011, except as otherwise noted. Therefore, the actual amounts of the payments and benefits that would be received by the Named Executive Officers could be more or less than the amounts set forth below, and can only be determined at the time of an actual termination of employment or change in control event.

Senior Executive Severance Plan. On October 22, 2007, we established the Senior Executive Severance Plan, which provides severance benefits for a select group of our executives (including all of the Named Executive Officers) when:

- the covered executive's employment is terminated, other than for cause, or when the covered executive terminates his or her employment for good reason, in each case within two years after the occurrence of an acceleration event, as described below; or
- the covered executive's employment is terminated, other than for cause, during an imminent acceleration event period, as described below.

As a result, the benefits under the Senior Executive Severance Plan are not payable merely because a change in control transaction occurs or is imminent. Instead, payment of the severance benefits is only triggered if a change in control has occurred or is imminent and certain types of termination of employment occur. The Compensation Committee has determined that this “double trigger” requirement is in the best interests of our company and our shareholders.

The Senior Executive Severance Plan provides two levels of benefits for covered executives, based on the covered executive’s position with us. Under the Senior Executive Severance Plan, Mr. Modany would receive the higher level of benefits and Messrs. Elwood, Feichtner and Fitzpatrick and Ms. McCormack would receive the lower level of benefits. If Mr. Modany’s employment is terminated other than for cause during an imminent acceleration event period or within two years after an acceleration event, or if he resigns for good reason within two years after an acceleration event, he would be entitled to the following from us:

- three times his highest annual base salary rate paid and his highest bonus paid or awarded any time during the three years immediately preceding the acceleration event (or in the case of a termination that occurs during an imminent acceleration event period, the three year period immediately preceding the first day of the imminent acceleration event period);
- a lump sum amount equal to three times the product of his highest annual base salary rate paid during the three years immediately preceding the acceleration event (or in the case of a termination that occurs during an imminent acceleration event period, the three year period immediately preceding the first day of the imminent acceleration event period), multiplied by the highest percentage rate of our contributions with respect to him under the ESI 401(k) Plan at any time during that three year period;
- a lump sum stipend equal to 36 times the monthly premium that, as of the date of Mr. Modany’s termination of employment, is charged to qualified beneficiaries for health care continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1984, as amended (“COBRA”), for the same coverage options and levels of medical, prescription drug, dental and vision coverage that he had in effect under our welfare plans immediately prior to his termination of employment;
- a lump sum stipend equal to 36 times the full monthly premium payable to our life insurance carrier for the type and level of life insurance coverage (including, if applicable, dependent life insurance coverage) in effect for him immediately prior to his termination of employment; and
- a tax gross-up payment that covers any excise tax, interest and penalties under the IRC arising from the payment to him of any amount under the Senior Executive Severance Plan or otherwise as a result of an acceleration event.

If any of the other Named Executive Officers’ employment is terminated other than for cause during an imminent acceleration event period or within two years after an acceleration event, or if he or she resigns for good reason within two years after an acceleration event, he or she would be entitled to the following from us under the Senior Executive Severance Plan:

- two times his or her highest annual base salary rate paid and his or her highest bonus paid or awarded any time during the three years immediately preceding the acceleration event (or in the case of a termination that occurs during an imminent acceleration event period, the three year period immediately preceding the first day of the imminent acceleration event period);
- a lump sum amount equal to two times the product of his or her highest annual base salary rate paid during the three years immediately preceding the acceleration event (or in the case of a termination that occurs during an imminent acceleration event period, the three year period immediately preceding the first day of the imminent acceleration event period), multiplied by the highest percentage rate of our contributions with respect to that executive under the ESI 401(k) Plan at any time during that three year period;
- a lump sum stipend equal to 24 times the monthly premium that, as of the date of the executive’s termination of employment, is charged to qualified beneficiaries for COBRA continuation coverage for the same coverage options and levels of medical, prescription drug, dental and vision coverage that the executive had in effect under our

- welfare plans immediately prior to his or her termination of employment; and
- a lump sum stipend equal to 24 times the full monthly premium payable to our life insurance carrier for the type and level of life insurance coverage (including, if applicable, dependent life insurance coverage) in effect for him or her immediately prior to his or her termination of employment;

provided, however, that in the event that any payments to one of these other Named Executive Officers under the Senior Executive Severance Plan or otherwise in connection with an acceleration event would be subject to any excise tax under Section 4999 of the IRC, then those payments will be reduced to the extent necessary to prevent any portion of the payments from being subject to an excise tax under that section of the IRC, but only if such reduction would allow the executive to retain a greater net after-tax benefit than he or she would have received if the payments had not been reduced and the executive had paid all applicable income, employment and excise taxes.

The Senior Executive Severance Plan provides that, in order to receive any severance benefits under that plan, the covered executive must agree to comply with certain restrictive covenants, including that the covered executive:

- will not be employed by, work for, consult with, lend assistance to or engage in businesses competitive with ours for a period of one year after termination of employment;
- will not solicit or induce to leave any of our employees for a period of one year after the executive's termination of employment;
- will not urge or induce any of our customers or others with whom we have a business relationship to terminate or limit their business with us for a period of one year after termination of employment;
 - will not disparage us for a period of one year after termination of employment; and
- will not disclose or use our confidential information for as long a period of time as permitted by applicable law, and in any event for a period of at least three years after termination of employment.

The covered executive must also execute a general release releasing us and certain related entities and individuals from all claims that he or she has or may have against us or them that arise on or before the date the executive signs the release.

The Senior Executive Severance Plan provides that the severance amounts will be paid by us in a lump sum cash payment within 30 calendar days following the covered executive's termination or, if later, on the first business day after expiration of the revocation period of the general release. Payment of any gross-up amount to Mr. Modany is to be made within five business days after a chosen accounting firm determines whether such a payment is due. In all cases, any amounts due under the Senior Executive Severance Plan must be paid no later than March 15 of the calendar year following the calendar year in which the executive's termination of employment occurs.

An "acceleration event" under the Senior Executive Severance Plan will occur if:

- a report on Schedule 13D is filed with the SEC disclosing that any person, other than us or one of our subsidiaries or any employee benefit plan that we or one of our subsidiaries sponsors, is the beneficial owner of 20% or more of the outstanding shares of our common stock, other than as a result of an increase in the percentage of the outstanding shares beneficially owned by such person solely as a result of a reduction in the number of shares then outstanding due to the repurchase by us of our common stock, provided that any subsequent acquisition of shares of our common stock by any person resulting in such person beneficially owning 20% or more of the outstanding shares of our common stock shall constitute an acceleration event;
- a person, other than us or one of our subsidiaries or any employee benefit plan that we or one of our subsidiaries sponsors, purchases shares of our common stock in connection with a tender or exchange offer, if after consummation of the offer the person purchasing the shares is the beneficial owner of 15% or more of the outstanding shares of our common stock;
 - our shareholders approve:
- any consolidation or merger of us in which we are not the continuing or surviving corporation or our common stock is converted into cash, securities or other property, unless the transaction was a merger in which our shareholders immediately prior to the merger would have the same proportionate ownership of common stock of the surviving corporation that they held in us immediately prior to the merger; or
 - any sale, lease, exchange or other transfer of all or substantially all of our assets; or

- a majority of the members of our Board of Directors changes within a 12-month period, unless the election or nomination for election of each of the new Directors by our shareholders had been approved by two-thirds of the Directors still in office who had been Directors at the beginning of the 12-month period.

An “imminent acceleration event period” under the Senior Executive Severance Plan means the period:

- beginning on the first to occur of:
 - a public announcement of a proposal or offer that, if consummated, would be an acceleration event;
- a making to one or more of our Directors or executive officers of a written proposal that, if consummated, would be an acceleration event; or

- approval by our Board of Directors or shareholders of a transaction that, upon closing, would be an acceleration event; and
 - ending upon the first to occur of:
 - a public announcement that the contemplated acceleration event has been terminated or abandoned;
 - the occurrence of the contemplated acceleration event; or
 - 18 months after the beginning of the imminent acceleration event period.

A resignation for “good reason” means:

- a material diminution in the covered executive’s base compensation;
- a material diminution in the covered executive’s authority, duties or responsibilities;
- a material diminution in the authority, duties or responsibilities of the person to whom the covered executive is required to report (including, for example, a requirement that a covered executive who previously reported to the Board of Directors instead report to a corporate officer or employee);
 - a material diminution in the budget over which the covered executive retains authority;
 - a material change in the geographic location at which the covered executive must perform services; and
- if the terms and conditions of a covered executive’s employment are governed by an agreement, any other action or inaction that constitutes a material breach by us or any successor of the agreement.

A termination for “cause” means any action by a covered executive involving willful malfeasance or his or her failure to act involving material nonfeasance that would have a materially adverse effect on us. No act or omission on the part of the covered executive will be considered “willful,” unless it is done or omitted in bad faith or without reasonable belief that the action or omission was in our interests.

If termination of employment and an acceleration event or imminent acceleration event under the Senior Executive Severance Plan occurred that entitled the Named Executive Officers to severance benefits under the Senior Executive Severance Plan, the value that could have been realized from those benefits as if employment terminated on December 31, 2011 is as follows:

Value of Benefit that Could have been Realized by the Named Executive Officers
under the Senior Executive Severance Plan as of December 31, 2011

Type of Benefit.	Modany	Fitzpatrick	Elwood	Feichtner	McCormack
Salary	\$2,364,750	\$664,000	\$654,000	\$605,000	\$540,000
Bonus	\$4,902,375	\$911,250	\$897,188	\$811,250	\$723,250
Stipend in Lieu of Health Insurance Benefits(1)	\$29,918	\$19,945	\$19,658	\$19,945	\$7,827
Stipend in Lieu of Life Insurance Benefits(1)	\$0	\$0	\$0	\$0	\$0
Foregone Savings Plan Benefits(1)	\$22,050	\$14,700	\$14,700	\$14,700	\$14,700
Tax Gross-Up Payment to	\$1,427,976	N/A	N/A	N/A	N/A

Cover Excise Tax(2)					
Reduction to Limit Excise Taxes(2)	N/A	\$(0)	\$(0)	\$(0)	\$(0)
Total	\$8,747,069	\$1,609,895	\$1,585,546	\$1,450,895	\$1,285,777

(1) The estimated value of the severance benefit is based on the cost to us using the assumptions used for financial reporting purposes under generally accepted accounting principles in the United States.

(2) The estimated value of any excise tax, and thereby the amount of any tax gross-up payment and the calculation of any reduction to limit excise taxes, are based on the highest marginal rate of federal, state and local taxes related to the severance benefits specified in the table and any other payments to the Named Executive Officer arising from an acceleration event. These amounts are also based on an assumption that, as a result of the covenant not to compete in the Senior Executive Severance Plan, the value of one year's base salary and target bonus would constitute "reasonable compensation" under Section 280G of the IRC and therefore would be excluded from the calculation of the amount of any excise tax, the amount of any tax gross-up payment and the reduction, if any, required to limit excise taxes.

1997 Stock Plan. If a Named Executive Officer's employment with us terminates as a result of the Named Executive Officer's death, retirement or total disability, or if an acceleration event occurs under the 1997 Stock Plan, all stock options granted to the Named Executive Officer under the 1997 Stock Plan would immediately vest and become exercisable. See "– Equity Compensation and Qualified Savings Plans – 1997 Stock Plan." If such an event occurred, none of the Named Executive Officers would have realized any value from the exercise of unvested stock options granted under the 1997 Stock Plan, because all of the outstanding stock options granted to the Named Executive Officers under the 1997 Stock Plan were fully vested as of December 31, 2011.

2006 Equity Compensation Plan. If a Named Executive Officer's employment with us terminates as a result of the Named Executive Officer's death or disability:

- all outstanding stock options with time-based vesting restrictions granted to the Named Executive Officer under the 2006 Equity Compensation Plan will become exercisable immediately;
- all restrictions imposed on restricted stock and RSUs with time-based vesting restrictions granted to the Named Executive Officer under the 2006 Equity Compensation Plan will lapse immediately, and the RSUs will be settled immediately thereafter; and
- the Plan Committee will determine the extent to which a Named Executive Officer will have the right to receive other stock awards granted to the Named Executive Officer under the 2006 Equity Compensation Plan.

In addition, upon a Named Executive Officer's retirement:

- all outstanding stock options with time-based vesting restrictions granted to the Named Executive Officer prior to November 24, 2010 under the 2006 Equity Compensation Plan will become exercisable immediately; and
- the Named Executive Officer will retain all unvested RSUs with time-based vesting restrictions granted prior to November 24, 2010 under the 2006 Equity Compensation Plan, and the period of restriction will lapse in accordance with its original terms.

In the event of a change in control of us under the 2006 Equity Compensation Plan:

- all outstanding stock options with time-based vesting restrictions granted to the Named Executive Officer under the 2006 Equity Compensation Plan will become exercisable immediately;
- all restrictions imposed on restricted stock and RSUs with time-based vesting restrictions granted to the Named Executive Officer under the 2006 Equity Compensation Plan will lapse immediately, and the RSUs will be settled immediately thereafter; and
- in the discretion of the Plan Committee, all outstanding stock options may be terminated and each participant may receive, with respect to each share subject to the options, an amount in cash equal to the excess of the consideration payable with respect to one share in connection with the change in control over the option's exercise price.

In addition, one or more outstanding unvested awards under the 2006 Equity Compensation Plan may become fully vested and exercisable and the restrictions on the transfer and repurchase or forfeiture rights on the awards may be terminated in connection with a disposition of a subsidiary of ours, but only with respect to those participants who are at the time engaged primarily in service with the subsidiary involved in the subsidiary disposition. See "– Equity Compensation and Qualified Savings Plans – 2006 Equity Compensation Plan."

If any of the following occurs:

- a Named Executive Officer's employment with us terminates as a result of the Named Executive Officer's death, disability or retirement;
- there is a change in control of us; or
- the Plan Committee determines to fully vest awards in a disposition of a subsidiary with which the officer was engaged primarily in service,

the value that could have been realized from the exercise or acceleration of unvested awards with time-based vesting restrictions granted to the Named Executive Officer under the 2006 Equity Compensation Plan as of December 31, 2011, is as follows:

December 31, 2011 Value of Unvested Awards

Named Executive Officer	Termination Due to Death or Disability			Termination Due to Retirement Stock		Change
	Stock Options(1)	Stock-Settled RSUs(2)	Cash-Settled RSUs(3)	Options(1)	Stock Options(1)	
Kevin M. Modany	\$ 0		\$623,789		\$ 0	
Daniel M. Fitzpatrick		\$1,038,186		\$ 0(4)		
Clark D. Elwood	\$ 0		\$170,808		\$ 0	
Eugene W. Feichtner		\$135,398		\$ 0(4)		
June M. McCormack	\$ 0		\$168,226		\$ 0	
		\$541,536		\$ 0(4)		
	\$ 0		\$143,668		\$ 0	
		\$246,163		\$ 0(5)		
	\$ 0		\$128,230		\$ 0	
		\$492,326		\$ 0(4)		

- (1) Amounts shown represent the aggregate dollar amount that could be realized from all outstanding, unvested stock option awards granted to the Named Executive Officer under the 2006 Equity Compensation Plan, if those options became vested and were exercised by the Named Executive Officer on December 31, 2011. All of the outstanding, unvested stock option awards held by the Named Executive Officers as of December 31, 2011 had an exercise price that was greater than the closing market price of a share of our common stock on December 30, 2011, and, therefore, none of the Named Executive Officers would have realized any value if such stock options became vested and were exercised by the Named Executive Officers on December 31, 2011.
- (2) Amounts shown are calculated by multiplying the number of unvested RSUs held by the Named Executive Officer that would be settled in shares of our common stock and that would vest upon the specified event by the closing market price of a share of our common stock on December 30, 2011.
- (3) Amounts shown are calculated by multiplying the number of unvested RSUs held by the Named Executive Officer that would be settled in cash and that would vest upon the specified event by the average of the closing market prices of our common stock over the 20 trading day period prior to December 31, 2011.
- (4) The definition of “retirement” for an employee under the 2006 Equity Compensation Plan is termination of employment after attaining age 55 and completing at least 10 years of service. This Named Executive Officer did not meet both criteria as of December 31, 2011 and, therefore, he or she would not have qualified for “retirement” under the 2006 Equity Compensation Plan on that date.
- (5) Unvested stock options granted after November 24, 2010 are forfeited upon retirement, and therefore none of such stock options held by this Named Executive Officer were included in this value calculation.

In addition, the Plan Committee, in its discretion, may amend the terms of any outstanding award granted under the 2006 Equity Compensation Plan in the event of a participant’s termination of employment or service or in the event of a change in control of us, subject to certain limitations. See “– Equity Compensation and Qualified Savings Plans – 2006 Equity Compensation Plan.”

ESI 401(k) Plan. If a Named Executive Officer’s employment with us terminates, the Named Executive Officer may withdraw from his or her account under the ESI 401(k) Plan all of the Named Executive Officer’s contributions, all of our vested contributions and all earnings on both types of contributions. Payments are normally made in a single lump sum, but if the Named Executive Officer’s balance is above a threshold amount, he or she may elect to receive payments in annual or monthly installments. See “– Equity Compensation and Qualified Savings Plans – ESI 401(k) Plan.”

If a Named Executive Officer's employment with us terminated, the amount that could have been realized from the distribution of the contributions and earnings thereon in the Named Executive Officer's account under the ESI 401(k) Plan as of December 31, 2011 is as follows:

Named Executive Officer	Amount of Employee Contributions, ITT/ESI Vested Contributions and Earnings on Those Contributions as of December 31, 2011
Kevin M. Modany	\$210,757
Daniel M. Fitzpatrick	\$150,069
Clark D. Elwood	\$993,322
Eugene W. Feichtner	\$1,136,169
June M. McCormack	\$80,270

ESI Excess Savings Plan. If a Named Executive Officer's employment with us terminates, all eligible employee salary deferrals, our vested contributions and the attributable interest accrued on those deferrals and contributions under the ESI Excess Savings Plan would be paid in a single lump sum cash payment to the Named Executive Officer on the first day that is six months following his or her termination of employment (because each Named Executive Officer is a "specified employee" within the meaning of Section 409A of the IRC), or within 60 days of his or her death if death occurs prior to payment. If a Change in Control occurs, all Named Executive Officers would receive the balance of their accounts under the ESI Excess Savings Plan in a single lump sum cash payment within 60 day after the Change in Control. See "- Nonqualified Deferred Compensation Plans – ESI Excess Savings Plan." If a Named Executive Officer's employment with us terminated or a Change in Control under the ESI Excess Savings Plan occurred, the amount that would have been realized from the distribution of the deferrals, contributions and interest thereon in the Named Executive Officer's account under the ESI Excess Savings Plan as of December 31, 2011 is as follows:

Named Executive Officer	Amount of Salary Deferrals, ITT/ESI Vested Contributions and Accrued Interest as of December 31, 2011
Kevin M. Modany	\$46,668
Daniel M. Fitzpatrick	\$0
Clark D. Elwood	\$21,987
Eugene W. Feichtner	\$3,300
June M. McCormack	\$0

Deferred Bonus Plan. If a Named Executive Officer's employment with us terminates and he or she had elected to receive the deferred portion of his or her annual bonus compensation under the Deferred Bonus Plan following his termination, or the termination was a result of his or her death, the balance of the Named Executive Officer's account under the Deferred Bonus Plan will be paid in a lump sum on the first day that is six months following his or her termination of employment, or within 60 days of death if his or her death occurs prior to payment. See "- Nonqualified Deferred Compensation Plans – Deferred Bonus Plan." If a Named Executive Officer's employment with us terminated, triggering the payment of the balance of his or her account under the Deferred Bonus Plan, the Named Executive Officer would not have realized any amount as of December 31, 2011, because none of them had any amount in his or her account as of that date.

ESI Pension Plan. If a Named Executive Officer has completed three or more years of vesting service, then upon his or her retirement on or after age 55, disability, death or after he or she has both terminated employment and reached age 55, a distribution of the Named Executive Officer's accrued benefit under the ESI Pension Plan will be paid to the Named Executive Officer in the form and on the date elected by the Named Executive Officer beginning on the first day of any month following the termination of employment after the participant becomes entitled to begin distribution. The Named Executive Officer can elect to receive payment of the distribution in the form of a lump sum,

qualified joint and survivor annuity (if he or she is married on the annuity starting date) or life annuity (if he or she is not married on the annuity starting date). See “– Pension Plans – ESI Pension Plan.” If one of the triggering events occurred and a Named Executive Officer elected a lump sum distribution under the ESI Pension Plan, the amount of the Named Executive Officer’s benefit that would have been accrued and payable under the ESI Pension Plan as of December 31, 2011 is as follows:

Named Executive Officer	Balance of ESI Pension Plan Account as of December 31, 2011
Kevin M. Modany	\$32,901 (1)
Daniel M. Fitzpatrick	\$0
Clark D. Elwood	\$182,795 (1)
Eugene W. Feichtner	\$256,723
June M. McCormack	\$0

(1)Benefit payable upon death or disability as of December 31, 2011. If the employment of Messrs. Modany or Elwood was terminated for any reason other than death or disability on December 31, 2011, his benefit would not be payable until he reaches age 55, because he was not at least age 55 as of that date.

ESI Excess Pension Plan. Following the restatement of the ESI Excess Pension Plan effective January 1, 2008, upon a Named Executive Officer's death, retirement or other termination of employment, a distribution of the Named Executive Officer's accrued benefit under the ESI Excess Pension Plan will be paid to the Named Executive Officer in a lump sum on the first day that is six months following his or her termination of employment (because each Named Executive Officer is a "specified employee" within the meaning of Section 409A of the IRC), or within 60 days of his or her death if death occurs prior to payment. See "-- Pension Plans – ESI Excess Pension Plan." If one of the triggering events occurred and a Named Executive Officer received a lump sum distribution under the ESI Excess Pension Plan, the amount of the Named Executive Officer's benefit that would have been accrued and payable under the ESI Excess Pension Plan as of December 31, 2011 is as follows:

Named Executive Officer	Balance of ESI Excess Pension Plan Account as of December 31, 2011
Kevin M. Modany	\$42,420 (1)
Daniel M. Fitzpatrick	\$0
Clark D. Elwood	\$144,480 (1)
Eugene W. Feichtner	\$69,543
June M. McCormack	\$0

(1) Benefit payable upon death or disability as of December 31, 2011. If the employment of Messrs. Modany or Elwood was terminated for any reason other than death or disability on December 31, 2011, his benefit would not be payable until he reaches age 55, because he was not at least age 55 as of that date.

Old Pension Plan. If a Named Executive Officer's employment with us terminates and the Named Executive Officer qualifies for retirement under the Old Pension Plan, a distribution will be paid to the Named Executive Officer. The Named Executive Officer can elect to receive payment of the distribution of the Named Executive Officer's accumulated benefit under the Old Pension Plan in the form of a qualified joint and survivor annuity or life annuity. See "-- Pension Plans – Old Pension Plan." If a Named Executive Officer qualified for retirement under the Old Pension Plan, the actuarial present value of the Named Executive Officer's accumulated benefit under the Old Pension Plan as of December 31, 2011 is set forth in the Pension Benefits Table. See "-- Pension Benefits Table." As of December 31, 2011, Mr. Feichtner was the only Named Executive Officer participant who qualified for retirement under the Old Pension Plan.

Director Compensation Table

The following table sets forth information concerning the compensation of our non-employee Directors in 2011 for their service on our Board of Directors in 2011. Mr. Modany, the only employee Director in 2011, did not receive any compensation for his services as a Director of ours in 2011. Mr. Modany's compensation as an executive officer of ours is disclosed in previous sections of this Proxy Statement.

- (1) Amounts shown represent the aggregate dollar amount of all fees earned or paid for services as a Director, including meeting fees, committee and/or chairperson fees and annual retainer. In 2011, all fees were paid in cash, but each non-employee Director elected to receive payment of the annual retainer in cash or shares of our common stock, in increments of 25% each. See “– Director Compensation – Directors Deferred Compensation Plan.” The full amount of the annual retainer that was paid to or deferred by a non-employee Director, whether in cash or shares of our common stock, is reported in this column. The grant date fair value of any portion of the annual retainer that a non-employee Director elected to receive in shares of our common stock is set forth in footnote (2) below.
- (2) Amounts shown represent the aggregate grant date fair value, computed in accordance with ASC 718, of all RSU awards granted for services as a Director in 2011. In 2011, each non-employee Director received a grant of 1,412 RSUs that will be settled in shares of our common stock after vesting. The aggregate grant date fair value includes any earnings, such as dividends, that may be received on the stock awards. In 2011, each non-employee Director elected to receive payment of the annual retainer in cash or shares of our common stock, in increments of 25% each. See “– Director Compensation – Directors Deferred Compensation Plan.” The amount related to any portion of the annual retainer that a non-employee Director elected to receive in shares of our common stock is included in column (b) of the table, but the grant date fair value of such shares is disclosed in the table below.

To determine the grant date fair value of stock awards, we use the closing market price of a share of our common stock on the effective date of the stock award. The amounts ultimately realized by the non-employee Directors from the stock awards will depend on the price of our common stock in the future and may be quite different from the value shown. The following table sets forth information regarding the grant date fair value, computed in accordance with ASC 718, of each stock award granted in 2011 for services as a non-employee Director:

(3) In 2011, none of the non-employee Directors received any stock options or SARs from us. There were no adjustments or amendments made in 2011 to the exercise price of any option awards held by any of the non-employee Directors, whether through amendment, cancellation or replacement grants, or any other means (such as a repricing), or that otherwise materially modified any option awards. The outstanding option awards at December 31, 2011, for each of the non-employee Directors were as follows:

(4) Amounts shown represent the above-market or preferential earnings on compensation deferred under the Directors Deferred Compensation Plan. See “—Director Compensation – Directors Deferred Compensation Plan.” Interest is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under Section 1274(d) of the IRC), at the rate that corresponds most closely to the rate under the applicable plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation is made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest is included.

(5) Amounts shown represent the sum of the dollar values for each compensation element shown in columns (b) through (f).

Director Compensation

Retainer and Fees. We do not compensate any Director who is an employee of ours for service as a member of our Board of Directors or any standing committee of our Board of Directors. The compensation for non-employee Directors consists of:

- an annual retainer of \$75,000 (increased from \$60,000 effective January 1, 2012) payable in one installment on the first business day of each year, at the election of each non-employee Director, in cash or shares of our common stock in increments of 25% each;
- no separate meeting fees; and
- an annual grant under the 2006 Equity Compensation Plan of RSUs with a time-based period of restriction that:
- has a value of \$100,000, plus the value associated with any fractional RSU necessary to cause the grant to be for a whole number of RSUs, pursuant to which the value is determined based on the closing market price of a share of our common stock on the effective date of the grant;

- is effective on the tenth business day following our Annual Meeting of Shareholders in each year;
 - has a time-based period of restriction of three years; and
- is settled on the first business day following the last day of the period of restriction by the delivery of one share of our common stock for each RSU in the grant.

We also reimburse Directors for reasonable, out-of-pocket travel expenses related to attending our Board of Directors and its committee meetings and other business of the Board.

Timing of Equity-Based Compensation Grants. The Compensation Committee makes recommendations to our Board of Directors regarding grants of equity-based compensation to our non-employee Directors. All equity-based compensation awards to our non-employee Directors are granted exclusively by our Board of Directors. Our Board of Directors typically grants equity-based compensation to our non-employee Directors annually during its regular meeting following the Annual Meeting of Shareholders. The annual equity-based compensation grants become effective prospectively on the tenth business day following the Annual Meeting of Shareholders, which is approximately one month following the public disclosure of our first fiscal quarter financial and operating results. The exercise price of any stock options included in those equity-based compensation grants is the closing market price of a share of our common stock on the effective date of the grant. The number of any RSUs or shares of restricted stock included in those grants is specified by the Board of Directors based on the closing market price of a share of our common stock on the effective date of the grant.

We do not time our release of material non-public information for the purpose of affecting the value of our non-employee Directors' compensation. As described above, our process for granting annual equity-based compensation to our non-employee Directors is structured such that the effective date of our equity-based compensation awards, including stock options, occurs after our financial and operating results for the first fiscal quarter have been publicly disclosed and absorbed by the market. Nevertheless, our process for granting equity-based compensation may result in equity-based compensation, including stock options, being granted to our non-employee Directors at times when our Board of Directors or the Compensation Committee is in possession of material non-public information about us. This possibility is not taken into account in determining whether to make the equity-based compensation awards or the amount or value of those awards.

1999 Directors Stock Plan. On July 28, 1999, we established the 1999 Directors Stock Plan, which provided for awards of nonqualified stock options to non-employee Directors. An aggregate of 500,000 shares of our common stock are reserved for issuance for option awards under the 1999 Directors Stock Plan (subject to adjustment in certain events and as adjusted for our stock split). The 1999 Directors Stock Plan was not approved by our shareholders.

The 1999 Directors Stock Plan is administered by the Board. Each non-employee Director received an annual stock option under the plan to purchase shares of our common stock on the tenth business day following the annual meeting of shareholders, provided that such non-employee Director served in that capacity both before and after the annual meeting. No annual awards of nonqualified stock options under the 1999 Directors Stock Plan have been made after 2005. In addition, the 1999 Directors Stock Plan permits the Board, at its discretion, to make special awards of stock options to non-employee Directors. No special awards of nonqualified stock options under the 1999 Directors Stock Plan were made in 2011. The number of shares of our common stock subject to options under the 1999 Directors Stock Plan is subject to adjustment in certain events.

The exercise price of a stock option awarded under the 1999 Directors Stock Plan could not be less than 100% of the fair market value of our common stock on the date of the award. No option may be exercised prior to one year after the award date (except for special awards of stock options by the Board as permitted under the plan). If a non-employee Director's service on the Board ends because of death, disability or retirement, the stock options granted to that non-employee Director under the 1999 Directors Stock Plan will expire within the longer of one year following the non-employee Director's service on the Board or one-half of the number of months that the non-employee Director

served on the Board up to 120, but in no event after the options expire under their terms. Stock options granted under the 1999 Directors Stock Plan will expire three months following the end of the non-employee Director's service on the Board for reasons other than death, disability or retirement, or such earlier date that the options expire under their terms. Notwithstanding the foregoing, the Board has the authority to establish different terms and conditions relating to the exercise of an option after the end of a non-employee Director's service on the Board. Stock options awarded under the 1999 Directors Stock Plan are not transferable other than by will or pursuant to the laws of descent and distribution. The maximum term of a stock option awarded under the 1999 Directors Stock Plan is seven years from the date of the award. The shares of our common stock issued upon the exercise of a stock option under the 1999 Directors Stock Plan may be made available from treasury shares or authorized but unissued shares. The option price may be paid:

- by check;
- in shares of our common stock;
- through a simultaneous sale through a broker of shares of our common stock acquired upon the exercise of the stock option; or
- by any combination of the foregoing.

See Exhibit No. 4.3 to our Registration Statement on Form S-8 (Registration No. 333-84871), Exhibit No. 10.37 to our Quarterly Report on Form 10-Q for the second fiscal quarter ended June 30, 2003, Exhibit No. 10.42 to our Quarterly Report on Form 10-Q for the first fiscal quarter ended March 31, 2004 and Exhibit No. 10.47 to our Current Report on Form 8-K, dated January 25, 2005, filed with the SEC for a complete copy of the 1999 Directors Stock Plan, as amended.

No awards were made in 2011, and no further awards will be made, under the 1999 Directors Stock Plan, as a result of our shareholders' approval of our adoption of the 2006 Equity Compensation Plan at the 2006 Annual Meeting of Shareholders on May 9, 2006. Our non-employee Directors participate in the 2006 Equity Compensation Plan. See “– Equity Compensation and Qualified Savings Plans – 2006 Equity Compensation Plan.”

Directors Deferred Compensation Plan. On October 1, 1999, we established, and effective January 1, 2008, we restated, the Directors Deferred Compensation Plan, an unfunded, nonqualified plan covering all of our non-employee Directors. The Directors Deferred Compensation Plan provides that each non-employee Director may elect to receive payment of the annual retainer in cash or in shares of our common stock, in increments of 25% each. A non-employee Director who elects payment in shares of our common stock will receive that number of shares equal to the number obtained by dividing the dollar amount of the portion of the annual retainer to be paid in shares of our common stock by the fair market value of one share of our common stock determined as of the payment date. The value of any fractional share resulting from this calculation will be paid to the Director in cash.

The Directors Deferred Compensation Plan also provides that each non-employee Director may elect to defer payment of all or a portion of the annual retainer. The deferral of payment of cash or shares of our common stock can only be made in increments of 25%. Any deferred cash amounts will accrue interest at the rate of 6% compounded annually. Any deferred shares of our common stock will be credited with any cash dividends on those shares and, on a semi-annual basis, those cash dividends will be converted to shares of our common stock based on its fair market value at the time of the conversion.

No cash or shares of our common stock deferred by a non-employee Director under the Directors Deferred Compensation Plan will be paid to the non-employee Director until he or she is no longer a Director.

Non-Employee Director Participation in Pension Plans. None of our non-employee Directors participate in any of our defined benefit or actuarial pension plans (including supplemental plans). Mr. Fowler, however, participates in the Old Pension Plan as a result of his prior employment by ITT Corporation or one of its affiliated companies that participated in that plan. Any change in the actuarial present value of Mr. Fowler's accumulated benefit under the Old Pension Plan in 2011 was not affected by his service as a non-employee Director on our Board of Directors. See “– Pension Plans – Old Pension Plan.”

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of February 15, 2012, the number of shares of our common stock beneficially owned by any person (including any group) known by management to beneficially own more than 5% of our common stock, by each Director, by each of the Named Executive Officers and by all of our current Directors and the executive officers as a group. Unless otherwise indicated in a footnote, each individual or group possesses sole voting and investment power with respect to all shares indicated as beneficially owned. None of the shares owned by our

Directors and executive officers are pledged as security. No Director owns any “qualifying” shares.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our written policies and procedures for the review, approval or ratification of any current or proposed transaction potentially involving an amount in excess of \$120,000 in which we are or will become a participant and in which any related person had, or will have, a direct or indirect material interest ("Transaction") are set forth in our Corporate Governance Guidelines and are posted on our website at www.ittesi.com. These policies and procedures are as follows:

- Our Board of Directors must be notified in advance or as soon as practicable of the Transaction.
- The notification to our Board should be in writing and contain the following information regarding the Transaction:
 - the name of the related person;
 - the basis on which the person is a related person;
- a detailed description of the related person's interest in the Transaction, including the related person's position(s) or relationship(s) with, or ownership in, a firm, corporation or other entity that is a party to, or has an interest in, the Transaction;
 - the approximate dollar value of the amount involved in the Transaction;
- the approximate dollar amount of the related person's interest in the Transaction, which must be computed without regard to the amount of profit or loss;
 - in the case of an indebtedness Transaction:
- the largest aggregate amount of all indebtedness outstanding at any time since the beginning of our last fiscal year and all amounts of interest payable on the outstanding indebtedness during our last fiscal year (excluding amounts due from the related person for purchases of goods and services subject to usual trade terms, for ordinary business

travel and expense payments and for other transactions in the ordinary course of business);

- the largest aggregate amount of principal that could be outstanding;
- a schedule specifying the principal amount that is anticipated to be outstanding from time to time during the Transaction;
 - the term of the indebtedness;
 - the repayment schedule of the principal amount;
- the total amount of any interest that is anticipated to accrue on the principal amount;

- the interest rate; and
- the payment schedule of the interest that accrues on the principal amount;
- in the case of a lease or other Transaction providing for periodic payments or installments, the aggregate amount of all periodic payments or installments due on or after the beginning of our last fiscal year, including any required or optional payments due during or at the conclusion of the Transaction;
- in the case of a Transaction involving a purchase or sale of assets by or to us otherwise than in the ordinary course of business, the cost of the assets to the purchaser and, if acquired within two years of the Transaction, the cost of the assets to the seller and related information about the price of the assets; and
- any other information regarding the Transaction or related person in the context of the Transaction that a reasonable investor of ours would consider material in light of the circumstances of the Transaction.
- Upon receipt of the above information, all of the members of our Board of Directors (except for any Director who is the related person or whose immediate family member is the related person) will review and consider the information and determine whether it is in our and our shareholders' best interests for the Board to approve or ratify the Transaction.
- Our Board of Directors is of the general belief that, except in exceptional circumstances, we should try to avoid participating in any Transaction, regardless of the Transaction's merit or benefit to us or our shareholders, in order to avoid any appearance of a conflict of interest or impropriety that may be perceived from our participation in the Transaction.
- If our Board of Directors approves or ratifies our participation in a Transaction, we may participate in the Transaction.
 - If our Board of Directors does not approve or ratify our participation in a Transaction:
 - we will not participate in the Transaction, if our participation has not yet begun; or
- we will attempt to end or limit as much as possible our participation in the Transaction without breaching any of our obligations arising from the Transaction.
- We will disclose our participation in any Transaction in accordance with Item 404(a) of Regulation S-K under the Exchange Act.

A "transaction" includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships, except for:

- any indebtedness transaction in which the related person qualifies as such solely because he or she is a beneficial owner of more than 5% of any class of our voting securities or is an immediate family member of the beneficial owner;
- any employment relationship or transaction involving any of our executive officers and any related compensation solely resulting from that employment relationship or transaction, if:
 - we report the compensation arising from the relationship or transaction to the SEC in accordance with Item 402 of Regulation S-K under the Exchange Act; or
- the executive officer is not an immediate family member of the related person and we would have reported such compensation to the SEC in accordance with Item 402 of Regulation S-K under the Exchange Act as compensation earned for services to us if the executive officer was a "named executive officer" of ours (as that term is defined in Item 402(a)(3) of Regulation S-K under the Exchange Act) and such compensation had been approved as such by the Compensation Committee of our Board of Directors;
- any compensation paid to any of our Directors, if the compensation is reported to the SEC in accordance with Item 402(k) of Regulation S-K under the Exchange Act;
 - any transaction in which the rates or charges involved in the transaction are determined by competitive bids;
- any transaction that involves the rendering of services as a common or contract carrier or public utility at rates or charges fixed in conformity with law or governmental authority;
- any transaction that involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services; or

- any transaction in which the interest of the related person arises solely from the ownership of a class of our equity securities and all holders of that class of equity securities received the same benefit or a pro rata basis.

A “related person” means:

- any of our Directors or executive officers;
- anyone who has been nominated to be elected one of our Directors;
- any beneficial owner of more than 5% of any class of our voting securities; and
- any immediate family member of any of the foregoing persons.

An “immediate family member” means any child, stepchild, parent, stepparent, spouse, sibling, father and mother-in-law, son and daughter-in-law, brother and sister-in-law, and any person (other than a tenant or employee) who shares the household of a Director, executive officer, nominee for Director or beneficial owner of more than 5% of any class of our voting securities.

A person who has a position or relationship with a firm, corporation or other entity that engages in a transaction with us will not be deemed to have an “indirect material interest” where:

- the interest arises only:
 - from such person’s position as a director of another corporation or organization that is a party to the transaction;
 - from the direct or indirect ownership by such person and all other related persons, in the aggregate, of less than a 10% equity interest in another person (other than a partnership) that is a party to the transaction; or
 - from both such position and ownership; or
- the interest arises only from such person’s position as a limited partner in a partnership in which the person and all other related persons, in the aggregate, have an interest of less than 10%, and the person is not a general partner of and does not hold another position in the partnership.

There have been no such Transactions since January 1, 2011 and none are currently proposed.

SHAREHOLDER PROPOSALS FOR 2013 ANNUAL MEETING

In order to be considered at the 2013 Annual Meeting of Shareholders, shareholder proposals must comply with the advance notice and eligibility requirements contained in our By-Laws. Our By-Laws provide that shareholders are required to give advance notice to us of any nomination by a shareholder of candidates for election as Directors and of any business to be brought by a shareholder before a shareholders’ meeting. The notice must contain specified information about each nominee or the proposed business and the shareholder making the nomination or proposal and related persons or entities.

With respect to annual meetings, our By-Laws provide that a shareholder of record entitled to vote at such meeting may nominate one or more persons for election as Director or Directors or may properly bring business before such meeting only if the shareholder gives written notice thereof to our Secretary not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting. for election as Director or Directors, to be timely, a shareholder's notice must be delivered or received not earlier than the 120th day prior to such special meeting and not later than the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement of the date of the special meeting and of nominees to be elected at such meeting is first made.

The specific requirements of these advance notice and eligibility provisions are set forth in Article II, Section 8 of our By-Laws, a copy of which is available upon request.
