PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Thursday, May 16, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Plug Power Inc. (the "Company") for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 16, 2002, at 10:00 a.m., local time, at the Albany Marriott, 189 Wolf Road, Albany, New York, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class III Directors, each to hold office until the Company's 2005 annual meeting of stockholders and until such director's successor is duly elected and qualified; and
2. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about April 24, 2002 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 22, 2002 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$.01 per share ("Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual

Edgar Filing: PLUG POWER INC - Form DEF 14A

Meeting. As of the Record Date, there were 50,322,928 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 965 stockholders of record. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a director of the Company.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. With respect to the election of directors, votes may be cast in favor of or withheld from

each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. Broker non-votes will also have no effect on the outcome of the election of directors.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted "FOR" the election of the three nominees of the Board of Directors as Class III Directors of the Company as listed in this Proxy Statement. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by (1) giving written notice of such revocation to the Corporate Secretary of the Company, (2) signing and duly delivering a proxy bearing a later date, or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company is being mailed to stockholders of the Company concurrently with this Proxy Statement.

PROPOSAL 1

- (1) All options were granted under our 1999 Stock Option Plan and have a 10-year term.
- (2) Potential realizable value is based on the assumption that Plug Power's Common Stock appreciates at the annual rate shown, compounded annually, from the date of grant until expiration of the 10-year term. These numbers are calculated based upon Securities and Exchange Commission requirements and do not reflect Plug Power's projection or estimate of future stock price growth. Potential realizable values are computed by multiplying the

number of shares of Common Stock subject to a given option by the fair market value on the date of grant, assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10-year term of the option and subtracting from that the aggregate option exercise price.

Employment Agreements

Dr. Saillant has a one-year employment agreement with the Company which automatically renews for successive one-year periods unless the Company or Dr. Saillant gives notice to the contrary. Dr. Saillant receives an annual base salary of \$300,000 and is eligible to: (i) receive an annual incentive bonus with a target amount equal to 100 percent of his annual base salary; (ii) participate in all savings and retirement plans; and (iii) participate in all benefit and executive perquisites. Dr. Saillant's employment may be terminated by the Company for "cause", as defined in the agreement, or by Dr. Saillant for "good reason", as defined in the agreement, or without "good reason" upon sixty days' prior notice to the Company. If Dr. Saillant's employment is terminated by the Company for any reason other than cause, death or disability, or in the event that Dr. Saillant

12

terminates his employment with the Company and is able to establish "good reason", the Company is obligated to pay Dr. Saillant the sum of the following amounts: (i) his expected bonus through the date of termination; plus (ii) either, two years' annual base salary and two years' expected bonus if the date of termination occurs within one year after a change in control of the Company, or one year's annual salary and expected bonus if the termination occurs either in the absence of a change in control or more than one year after a change in control. In the event, of a termination for "good reason," Dr. Saillant is entitled to be fully vested in any outstanding restricted stock, stock options and other stock awards previously granted. Furthermore, the Company is required to continue paying health insurance and other benefits to Dr. Saillant and his eligible family members for the applicable period.

The Company and Mr. Silvestri are parties to an agreement pursuant to which he will receive 100% of his base salary, continuation of employee benefits and vesting of stock options for twelve months if his employment is terminated for any reason, including voluntary termination. Mr. Silvestri's agreement survives both or either (a) a merger, reorganization or consolidation, or (b) a sale of all or substantially all of the assets or stock of our company.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee reviews and evaluates individual executive officers and determines the compensation for each executive officer. In general, compensation is designed to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders.

Compensation for the Named Executive Officers during Fiscal 2001 included salary, bonus and incentive awards. Base salary was determined by reviewing the previous levels of base salary, base salaries paid by comparable companies to executives with similar responsibilities, perceived level of individual

Edgar Filing: PLUG POWER INC - Form DEF 14A

performance and the overall performance of the Company. No specific weight was given to any of these factors in the evaluation of base salaries because each of these factors was considered significant and the relevance of each varies depending on an officer's responsibilities.

For Fiscal 2001, bonus amounts were based on the Named Executive Officers' specific contributions made during the year toward the Company's goals established at the beginning of the year. Bonus amounts were paid in both cash and stock during the fourth quarter of Fiscal 2001. Stock options are also granted to executive officers based upon their specific responsibilities and are granted by the Compensation Committee. The Compensation Committee believes that with the current salary and bonus structure along with stock option grants, which generally vest equally over three or four years, the executive team is properly motivated to achieve the short- and long-term goals of the Company.

Chief Executive Officer's Fiscal 2001 Compensation

The Compensation Committee determined Dr. Saillant's annual base salary and incentives (as described under the caption "Employment Agreements") in accordance with the principles and methods applied to other

13

executive officers at similar companies. As President and Chief Executive Officer of the Company, Dr Saillant was eligible to participate in the same executive compensation programs available to the Company's other Executive Officers.

During fiscal 2001, Dr. Saillant received an annual base salary of \$300,000. In order to conserve cash resources Dr. Saillant recommended to the Committee that his incentive bonus, for fiscal 2001, be paid in the form of long-term restricted stock. The Committee accepted this proposal and Dr. Saillant was awarded 9,953 shares of restricted stock, with a value of \$84,900 at the time of the grant, which will become fully vested in fiscal 2004. In addition to his base salary and incentive bonus and pursuant to the terms of his employment agreement, Dr. Saillant received a restricted stock award of 19,200 shares which will vest equally over four years and is equivalent to the number of restricted shares he forfeited as a result of his retirement from Ford/Visteon. Finally, Dr. Saillant was awarded 11,747 stock options as part of the Company's long-term incentive compensation program (see "Option Grants In Last Fiscal Year").

Compliance with Internal Revenue Code Section 162(m)

The Budget Reconciliation Act of 1993 amended the Internal Revenue Code to add Section 162(m), which bars a deduction to any publicly held corporation for compensation paid to a "covered employee" in excess of \$1 million per year. The Compensation Committee does not believe that this law will impact the Company because the current level of compensation for each of the Company's executive officers is well below the \$1 million salary limitation. The Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.

KPMG. During the Company's two most recent fiscal years and the subsequent interim period prior to engaging KPMG, neither the Company nor anyone on its behalf consulted with KPMG regarding either (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company by KPMG that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Company's consolidated financial statements for each of the two years in the period ended December 31, 2000 and 1999, did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During the two years in the period ended December 31, 2000, and the subsequent interim period preceding the dismissal of PricewaterhouseCoopers LLP on November 20, 2001, there were no disagreements with PricewaterhouseCoopers LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures which, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused the firm to make reference to the matter of the disagreement in their reports. During the two years in the period ended December 31, 2000, and the subsequent interim period preceding the dismissal of PricewaterhouseCoopers LLP on November 20, 2001, no reportable events occurred in connection with the relationship between PricewaterhouseCoopers LLP and the Company.

The Board of Directors has appointed KPMG LLP as the Company's independent accountants for the fiscal year ending December 31, 2002. A KPMG LLP representative will be present at the Annual Meeting and will be given the opportunity to make a statement if he or she so desires. The representative will be available to respond to appropriate questions. A representative of PricewaterhouseCoopers LLP is not expected to be present at the Annual Meeting.
