Forward-Looking Statements

Certain matters in this Form 10-K constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to our financial condition, results of operations, plans, objectives, future performance or business. Forward-looking statements are not statements of historical fact, are based on certain assumptions and are generally identified by use of the words “believes,” “expects,” “anticipates,” “estimates,” “forecasts,” “intends,” “plans,” “targets,” “potentially,” “probably,” “projects,” “outlook” or similar expressions or future or conditional verbs such as “may,” “will,” “should,” “would” and “could.” Forward-looking statements include statements with respect to our beliefs, plans, objectives, goals, expectations, assumptions and statements about future economic performance and projections of financial items. These forward-looking statements are subject to known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from the results anticipated or implied by our forward-looking statements, including, but not limited to: the credit risks of lending activities, including changes in the level and trend of loan delinquencies and write offs and changes in our allowance for loan losses and provision for loan losses that may be impacted by deterioration in the housing and commercial real estate markets; changes in general economic conditions, either nationally or in our market areas; changes in the levels of general interest rates, and the relative differences between short and long term interest rates, deposit interest rates, our net interest margin and funding sources; fluctuations in the demand for loans, the number of unsold homes, land and other properties and fluctuations in real estate values in our market areas; decreases in the secondary market for the sale of loans that we originate; results of examinations of us by the Office of the Comptroller of the Currency (“OCC”) or other regulatory authorities, including the possibility that any such regulatory authority may, among other things, require us to increase our reserve for loan losses, write-down assets, change our regulatory capital position or affect our ability to borrow funds or maintain or increase deposits, which could adversely affect our liquidity and earnings; legislative or regulatory changes that adversely affect our business including the effect of Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), changes in regulatory policies and principles, or the interpretation of regulatory capital or other rules, including as a result of Basel III; our ability to attract and retain deposits; increases in premiums for deposit insurance; management’s assumptions in determining the adequacy of the allowance for loan losses; our ability to control operating costs and expenses, especially new costs associated with our operation as a public company; the use of estimates in determining fair value of certain of our assets, which estimates may prove to be incorrect and result in significant declines in valuation; difficulties in reducing risks associated with the loans on our balance sheet; staffing fluctuations in response to product demand or the implementation of corporate strategies that affect our workforce and potential associated charges; computer systems on which we depend could fail or experience a security breach; our ability to retain key members of our senior management team; costs and effects of litigation, including settlements and judgments; our ability to successfully integrate any assets, liabilities, customers, systems, and management personnel we may in the future acquire into our operations and our ability to realize related revenue synergies and cost savings within expected time frames and any goodwill charges related thereto; increased competitive pressures among financial services companies; changes in consumer spending, borrowing and savings habits; the availability of resources to address changes in laws, rules, or regulations or to respond to regulatory actions; adverse changes in the securities markets; inability of key third-party providers to perform their obligations to us; statements with respect to our intentions regarding disclosure and other changes resulting from the Jumpstart Our Business Strategies Act of 2012 (“JOBS Act”); changes in accounting policies and practices, as may be adopted by the financial institution regulatory agencies, the Public Company Accounting Oversight Board or the Financial Accounting Standards Board; and other economic, competitive, governmental, regulatory, and technological factors affecting our operations, pricing, products and services; and the other risks detailed from time to time in our filings with the Securities and Exchange Commission, including this report on Form 10-K.

Any of the forward-looking statements are based upon management’s beliefs and assumptions at the time they are made. We undertake no obligation to publicly update or revise any forward-looking statements included in this report or to update the reasons why actual results could differ from those contained in such statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the

forward-looking statements discussed in this report might not occur and you should not put undue reliance on any forward-looking statements.

As used throughout this report, the terms “we”, “our”, “us”, “HomeTrust Bancshares” or the “Company” refer to HomeTrust Bancshares, Inc. and its consolidated subsidiaries, including HomeTrust Bank (“HomeTrust”) unless the context indicates otherwise.

PART I

Item 1. Business

General

HomeTrust Bancshares, Inc., a Maryland corporation, was formed for the purpose of becoming the bank holding company for HomeTrust Bank in connection with HomeTrust Bank's conversion from mutual to stock form, which was completed on July 10, 2012 (the "Conversion"). In connection with the Conversion, HomeTrust Bancshares issued an aggregate of 21,160,000 shares of common stock at an offering price of \$10.00 per share for gross proceeds of \$211.6 million. HomeTrust Bancshares received \$208.4 million in net proceeds from the stock offering of which \$104.2 million or 50% of the net proceeds were contributed to HomeTrust Bank upon completion of the Conversion. HomeTrust Bancshares' business activities generally are limited to passive investment activities and oversight of its investment in HomeTrust Bank. Since the Conversion was not completed as of June 30, 2012, the information set forth in this report, including consolidated financial statements and related data, relates primarily to HomeTrust Bank. HomeTrust Bank is the largest thrift headquartered in North Carolina and the tenth largest banking institution headquartered in North Carolina based on asset size. Our headquarters is located in Asheville, North Carolina.

HomeTrust Bancshares is a bank holding company and is subject to regulation by the Board of Governors of the Federal Reserve System ("Federal Reserve"). HomeTrust Bank is regulated by the OCC, its primary federal regulator, and by the Federal Deposit Insurance Corporation ("FDIC"), the insurer of its deposits. HomeTrust Bank is a member of the Federal Home Loan Bank of Atlanta ("FHLB" or "FHLB of Atlanta"), which is one of the 12 regional banks in the Federal Home Loan Bank System ("FHLB System"). At June 30, 2012, HomeTrust Bank had total assets of \$1.7 billion, total deposits of \$1.5 billion and total stockholders' equity of \$172.5 million.

HomeTrust Bank was originally chartered in 1926, in Clyde, North Carolina, as Clyde Building & Loan Association. We expanded our product offerings over the years and changed our name to Clyde Savings Bank. As we continued to grow beyond a single market area, on July 22, 2003, we rebranded by changing our name to HomeTrust Bank.

In 1996, HomeTrust Bank's board of directors and executive management implemented their vision of a new banking partnership which is branded as the HomeTrust Banking Partnership. Our mission has been to create a unique partnership, where hometown community banks could combine their financial resources while retaining their separate identities. Together, we can better respond to the continuous changes in the banking industry and offer all the products, services and technology needed to be relevant and competitive in all of our communities- while better preserving our hometown values and culture focused on building caring relationships with our employees, customers and communities while delivering on our brand promise that "It's Just Better Here."

Between fiscal years 1996 and 2011, five hometown mutual saving banks joined the HomeTrust Banking Partnership. In addition, in 2007 we formed a de novo branch, known as the Rutherford County Bank, as another partner. Each now operates as a banking division of HomeTrust Bank under its hometown name, brand and local management, board of directors and employees. HomeTrust Bank and its banking divisions are set forth below:

- HomeTrust Bank, since 1926, Asheville, North Carolina
- Tryon Federal Bank, since 1935, Tryon, North Carolina
- Shelby Savings Bank, since 1905, Shelby, North Carolina

Edgar Filing: HomeTrust Bancshares, Inc. - Form 10-K

- Home Savings Bank, since 1909, Eden, North Carolina
- Industrial Federal Bank, since 1929, Lexington, North Carolina
- Cherryville Federal Bank, since 1912, Cherryville, North Carolina
- Rutherford County Bank, since 2007, Forest City, North Carolina

Each banking division, which we sometimes refer to as a “partner bank” in this report, also has at least one representative from its board of directors serving on the board of directors of HomeTrust Bank and HomeTrust Bancshares.

Brought together by shared values, trust and mutual respect, these partner banks have combined their resources to build a technology and operations center, develop new products and services for retail and business customers and achieve organic growth by attracting new loan customers and related core deposits in the communities that they serve. Through the HomeTrust Banking Partnership, we created a more efficient operating structure with greater capabilities to compete with larger, out of town competitors.

We currently have 20 banking offices serving nine counties in Western North Carolina and the “Piedmont” region of North Carolina. Although we intend to expand primarily through organic growth, we continue to explore opportunities to expand our unique HomeTrust Banking Partnership through the acquisition of other financial institutions and/or bank branches. Our goal is to continue to enhance our franchise value and earnings through strategic, planned growth in our banking operations, while maintaining the community-focused, relationship style of exceptional customer service that has differentiated our brand and characterized our success to date.

Our principal business consists of attracting deposits from the general public and investing those funds, along with borrowed funds, in loans secured primarily by first and second mortgages on one- to four-family residences including home equity loans and construction and land/lot loans, commercial real estate loans, construction and development loans, and municipal leases. Municipal leases are secured primarily by a ground lease for a firehouse or an equipment lease for fire trucks and firefighting equipment to fire departments located throughout North and South Carolina. We also purchase investment securities consisting primarily of mortgage-backed securities issued by United States Government agencies and government-sponsored enterprises.

We offer a variety of deposit accounts for individuals, businesses and nonprofit organizations. Deposits are our primary source of funds for our lending and investing activities.

Market Areas

Through our seven banking divisions we operate in nine counties in North Carolina, three of which, Buncombe, Haywood and Henderson Counties, are located in the Asheville, North Carolina, metropolitan area. Asheville is the county seat of Buncombe County, North Carolina and we consider Buncombe, Haywood, Henderson, Polk, Rutherford, western Gaston, and Cleveland Counties in Western North Carolina and Davidson and Rockingham counties in the Piedmont region of North Carolina, as well as the surrounding areas, to be our primary market areas. Asheville is situated in the Blue Ridge Mountains at the confluence of the Swannanoa River and French Broad River and is known for its natural beauty and scenic surroundings. In addition, the Asheville metropolitan area has a vibrant cultural and arts community that parallels that of many larger cities in the United States and is home to a number of historical attractions, the most prominent of which is the Biltmore Estate, a historic mansion with gardens and a winery that draws approximately 900,000 tourists each year. Due to its scenic location and diverse cultural and historical offerings, the Asheville metropolitan area has become a popular destination for tourists, which has historically positively impacted our local economy. In addition, affordable housing prices compared to many bigger cities, combined with the region’s favorable climate, scenic surroundings and cultural attractions, have also made the Asheville metropolitan area an increasingly attractive destination for retirees seeking to relocate from other parts of the United States.

The Asheville metropolitan area benefits from a diverse economy, and there is no single employer or industry upon which a significant number of our customers are dependent. In addition to the tourism industry, Western North Carolina is also home to a number of manufacturing and technology companies, including Wilsonart International,

Inc., Eaton Corporation, Thermo Fischer Scientific and Arvato Digital Services. Furthermore, the region is home to a number of educational organizations, private colleges and large public universities, such as the University of North Carolina at Asheville. Mission Health System, a leading employer in the Asheville metropolitan area, has also been nationally recognized as a top hospital network for cardiovascular and orthopedic medicine.

The Asheville Economic Development Coalition and Chamber of Commerce are actively pursuing initiatives to attract and expand employment opportunities and economic growth to the area. On June 30, 2011, in conjunction with the Economic Development Coalition for Asheville-Buncombe County, Canadian-based Linamar

Corporation announced its newest manufacturing facility will be located in Asheville, with the creation of 400 jobs and an investment of \$125 million by 2020. The Asheville community was selected following an exhaustive search of major southeastern markets, which evaluated skilled workforce availability, manufacturing specialization, and proximity to Linamar's major customers. Linamar sought a community which could accommodate its continued plan of expansion into the North American marketplace. The long history of metals machining in Western North Carolina coupled with the presence of a significant customer base played a key role in the site selection process. In addition, Thermo Fischer Scientific recently expanded their Asheville operations to create over 100 additional jobs.

Not unlike many areas across the country, the recent economic recession has caused the Asheville metropolitan area to experience a decline in tourism and a reduced influx of retirees from other parts of the country. In addition, the recent economic recession has also resulted in increased job losses in the manufacturing services sector. Over the course of the past year, the tourism industry in the Asheville metropolitan area has largely recovered, which has positively impacted the economy in a number of our local markets, such as Buncombe and Henderson Counties, that directly benefit from this industry. However, the Asheville metropolitan area has continued to experience a reduced number of relocating retirees and a decline in the manufacturing industry. Based on information from the North Carolina Association of Realtors, the average home price in the Asheville metropolitan area in 2011 was \$216,000, an 8% decrease from 2010 and an 11% decrease from 2009. Existing home sales in the Asheville metropolitan area in 2011 increased by 3.3% and 2.3% as compared to 2010 and 2009, respectively.

Our Industrial Federal Bank division, located in Davidson County and our Home Savings Bank division, with banking offices in the cities of Eden and Reidsville, in Rockingham County, operate in the Piedmont region of our North Carolina market area.

Davidson County has provided a strong foundation for industry in the area. After beginning with a focus on furniture and textiles, the area's industries now include companies such as PPG Industries, Inc. and Kimberly-Clark Corporation. Davidson County is just a few hours from the beaches of both North and South Carolina and less than two hours from the Blue Ridge Parkway. Also, within roughly an hour's drive from Davidson County are over two dozen colleges and universities, including North Carolina State, the University of North Carolina, Wake Forest University, Duke University, and UNC-Charlotte. Closer to home, the Yadkin River borders the county to the west with High Rock Lake serving as one of its primary reservoirs and one of the area's best recreational facilities.

Rockingham County is located in the northern part of the Piedmont region, just south of the Virginia border. Covering over 500 square miles, it is approximately a one-hour drive to the mountains in the west or a three-hour drive to North Carolina's beaches in the east. Eden and Reidsville have a combined population of just over 30,000 persons. Reidsville is rapidly growing with a 411-acre technology and industrial park that is home to two international companies: AFG Wipes (based in Israel) and Alcan Packaging (based in Canada). Businesses are attracted to the area with its low cost of living, construction costs over 30% less than the national average and state tax credits that include a 25% credit for research and development, as well as its close proximity to Piedmont Triad International Airport and Raleigh-Durham International Airport.

There are indications over the past year that the U.S. job market, including the job market in our market areas, is improving. According to the Department of Labor, the average unemployment rate in the Asheville metropolitan area in 2011 was 8.1%, a decrease from 8.6% in 2010, a decrease from 8.8% in 2009. During 2011, the average unemployment rate for Davidson and Rockingham counties was 11.3% as compared to 12.7% and 12.9% in 2010 and 2009, respectively. In June 2012, the unemployment rate in the Asheville metropolitan area and the average unemployment rate in Davidson and Rockingham counties was 7.9% and 10.5% and 11.1%, respectively. In June 2012, the national and state unemployment rates were 8.4% and 9.9%, respectively. The national unemployment rate was 9.3% and 9.4%, and the state unemployment rate was 10.9% and 9.8% as of June 2011 and 2010, respectively.

Through the HomeTrust Banking Partnership, we have built a strong foundation in the communities we serve. The directors of each partner bank work with their management team and employees to support local nonprofit and community organizations. Each partner bank helps provide critical services to meet the financial needs of its customers and improve the quality of life for individuals and businesses in its community. Initiatives supporting the core business include affordable housing, education and financial education and building healthy communities. We support these initiatives through both financial and people resources in all of our communities.

Collectively, partner bank employees volunteer thousands of hours annually in their local communities; from helping to build homes to teaching grade school youth how to start healthy savings habits, partner bank employees are making a positive difference in the lives of others every day.

Competition

We face strong competition in originating real estate and other loans and in attracting deposits. Competition in originating real estate loans comes primarily from other savings institutions, commercial banks, credit unions, life insurance companies and mortgage bankers. Other savings institutions, commercial banks, credit unions and finance companies provide vigorous competition in consumer lending. Commercial and industrial loan competition is primarily from local commercial banks. We believe that we compete effectively because we consistently deliver high-quality, personal service to our customers that results in a high level of customer satisfaction. We are currently in the process of adding significant technology resources to expand our capabilities and increase our efficiencies in residential lending.

We attract our deposits through our branch office system. Competition for deposits is principally from other savings institutions, commercial banks and credit unions located in the same communities, as well as mutual funds and other alternative investments. We believe that we compete for deposits by offering superior service and a variety of deposit accounts at competitive rates. We also have a highly competitive suite of cash management services, technology solutions, and internal support expertise specific to the needs of small to mid-sized commercial business customers. Based on the most recent branch deposit data provided by the FDIC, HomeTrust Bank was third in share of deposits in the Asheville, North Carolina Metropolitan Statistical Area, fourth in deposit share in the nine counties in which we operate and had a deposit market share of 0.45% of all banks and thrifts in North Carolina.

Overall, we believe that we distinguish ourselves from larger, national banks operating in our market areas by offering quicker decision-making in the delivery of our products and services and competitive customer-driven products with excellent service and responsiveness, and by providing customer access to our senior managers. In addition, our larger capital base and product mix enable us to compete effectively against smaller banks. Our lending staff is experienced and knowledgeable about local lending in our markets, enabling us to build on the relationship-style banking that is our hallmark.

In addition, the way we create differentiation from our competition to fuel organic growth is by focusing on “HOW” we deliver our products and services. When we promise our customers that ‘It’s Just Better Here’, more than anything, it refers to the care and responsiveness our employees provide to each and every customer. Teamwork is key to our success. Many of our employees have been a part of the HomeTrust Banking Partnership for decades, while just as many employees have more recently brought their industry knowledge and expertise to us in recent years because of their desire to be a part of a high performing team that works well together to make a difference for customers. Our culture includes relationship training and coaching with respect to banking and adding value to our customers. This “culture model” includes four key principles:

- making a difference for customers every day is fun and rewarding;
- success is built on relationships;
- we must continually add value to relationships with our customers and with each other; and
- we need to grow ourselves and our ability to make a difference and add value to relationships.

In implementing these principles, the directors, management team and employees of each partner bank work to support local nonprofit and community organizations and strive to provide critical services to meet the financial needs of its customers and improve the quality of life for individuals and businesses in our communities. We support affordable housing and education initiatives to help build healthy communities where our partner banks do business through both financial assistance and employees volunteering thousands of hours annually in their local communities. We believe the opportunity to stay close to our customers gives us a unique position in the banking industry as compared to our larger competitors and we are committed to continuing to build strong relationships with our employees, customers and communities for generations to come.

Lending Activities
