- allow the board to set separate record dates for determining (a) stockholders entitled to notice of a meeting and (b) stockholders entitled to vote at the meeting;
- permit the use of electronic communications and technology to, for example, transmit consents, proxies and notices;
- add and clarify advance notice provisions to further establish the procedural and notification requirements applicable to any stockholder who wishes to propose business or nominate directors at an annual meeting of stockholders;
- add provisions specifying that Delaware will be the sole and exclusive forum for certain types of legal actions unless the company consents in writing to the selection of an alternative forum; and
- allow the list of stockholders entitled to vote at any meeting of stockholders to be made available on an electronic network.

The board also approved other amendments for general consistency and administrative clarity.
