**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**

**NOTE 1 – NATURE OF BUSINESS**

Ogden Golf Co. Corporation (“the Company”) was incorporated in Utah on May 10, 2000. The Company was engaged in the marketing and sales of golf equipment and supplies to customers generally located in the state of Utah.

The Company has ceased its operations and liquidated its inventory below the cost.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Use of Estimates The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates.

Revenue Recognition Revenue is recognized at the point of sales or as goods are delivered to and accepted by customers and are billable, provided that no significant obligations remain and collectibility is reasonably assured. Recognition of revenue from sale of gift certificates is deferred until the certificates are redeemed for merchandise or expire one year from date of purchase.

Cash and Cash Equivalents For purposes of the statements of cash flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments The carrying amounts of the financial instruments have been estimated by management to approximate fair value.

Inventories Inventories are valued at the lower of cost or market (first-in, first-out) or net realizable value.

Property and Equipment Property and equipment are valued at cost. Maintenance and repair costs are charged to expenses as incurred. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets, generally 5 to 39 years. Depreciation expense for the six months ended December 31, 2006 and 2005 was \$1,420 and \$1,320, respectively.

Investment The Company owns twelve collectible sets of golf clubs that were purchased at a cost of \$4,000. The company has no intention to sell any of the collectible sets in the near future. The Company recorded this purchase as an investment.

**OGDEN GOLF CO. CORPORATION**

**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes Income tax expense is based on pretax financial accounting income. Deferred tax assets and liabilities are recognized for the expected tax consequences of temporary differences between the tax bases of assets and liabilities and their reported amounts. Valuation allowances are established, if necessary, to reduce deferred tax assets to the amount that will more likely than not be realized.

Advertising Costs All costs associated with advertising and promoting the Company's goods and services are expensed as incurred. Advertising expense for the six months ended December 31, 2006 and 2005 was none and \$287, respectively.

Income (Loss) Per Common Share The Company accounts for income (loss) per share in accordance with Statement of Financial Accounting Standards (SFAS) No. 128, "Earnings Per Share." SFAS No. 128 requires that presentation of basic and diluted earnings per share for entities with complex capital structures. Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common stockholders by the weighted average number of common stock outstanding for the period. Diluted earnings per share reflects the potential dilution of securities that could share in the earnings of an entity. Diluted net loss per common share does not differ from basic net loss per common share since potential shares of common stock from the conversion of preferred stock are anti-dilutive for the period presented. Equivalent common shares excluded from diluted net loss per share totalled zero and 950,000 for the six months ended December 31, 2006 and 2005, respectively.

New Accounting Standards: In June 2006, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, ("FIN 48"). This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company does not expect the adoption of FIN 48 to have a material impact on its financial statements.

**OGDEN GOLF CO. CORPORATION**

**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In September 2006, the FASB issued Financial Accounting Standards ("FAS") No. 157, *Fair Value Measurements*. FAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement addresses how to calculate fair value measurements required or permitted under other accounting pronouncements. Accordingly, this statement does not require any new fair value measurements. However, for some entities, the application of the statement will change current practice. FAS No. 157 is effective for the Company beginning January 1, 2008. The Company is currently evaluating the impact of this standard.

In September 2006, the Securities and Exchange Commission ("SEC") staff issued Staff Accounting Bulletin No. 108 ("SAB 108"), *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*. The stated purpose of SAB 108 is to provide consistency between how registrants quantify financial statement misstatements.

Prior to the issuance of SAB 108, there have been two widely-used methods, known as the "roll-over" and "iron curtain" methods, of quantifying the effects of financial statement misstatements. The roll-over method quantifies the amount by which the current year income statement is misstated while the iron curtain method quantifies the error as the cumulative amount by which the current year balance sheet is misstated. Neither of these methods considers the impact of misstatements on the financial statements as a whole.

SAB 108 established an approach that requires quantification of financial statement misstatements based on the effects of the misstatement on each of the Company's financial statements and the related financial statement disclosures. This approach is referred to as the "dual approach" as it requires quantification of errors under both the roll-over and iron curtain methods.

SAB 108 allows registrants to initially apply the dual approach by either retroactively adjusting prior financial statements as if the dual approach had always been used, or by recording the cumulative effect of initially applying the dual approach as adjustments to the carrying values of assets and liabilities as of January 1, 2006 with an offsetting adjustment recorded to the opening balance of retained earnings.

The Company will initially apply SAB 108 using the cumulative effect transition method in connection with the preparation of the annual financial statements for the year ending December 31, 2006. The Company does not believe the adoption of SAB 108 will have a significant effect on its financial statements.

**OGDEN GOLF CO. CORPORATION****NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS****NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The FASB has also issued FAS 155 , *Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140* , FAS 156, *Accounting for Servicing of Financial Assets—an amendment of FASB Statement No. 140* , and FAS 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans* , but they will not be applicable to the current operations of the Company. Therefore a description and the impact on the Company's operations and financial position for each of the pronouncements above have not been disclosed.

**NOTE 3- GOING CONCERN**

The Company has incurred substantial losses, has accumulated deficit, and needs additional working capital. Those matters raise substantial doubt about the Company's ability to continue as a going concern. Management of the Company is developing a plan to reduce operating expenses and obtain an infusion of capital through either public or private investment.

The ability of the Company to continue as a going concern is dependent on management's successful reduction of operating expenses and successful capital infusion. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

**NOTE 4 – PROPERTY AND EQUIPMENT**

As of December 31, 2006, property and equipment is summarized as follows:

	\$ 64,967

**NOTE 7 – CREDIT BANKCARD**

The Company had a business credit bankcard with a financial institution. The credit bankcard has a \$38,000 credit limit and carries an interest rate 14.25% for purchases at December 31, 2006. The outstanding balance on this credit bankcard as of December 31, 2006 was \$18,851.

**NOTE 8 – RELATED PARTY TRANSACTIONS**

The Company had notes payable to stockholders in the amounts of \$60,600 as of December 31, 2006. The notes bear interest at 10% per annum and due in demand. The accrued interest related to notes payable to stockholders is \$1,426 as of December 31, 2006.

On July 10, 2006, the board of Directors approved to pay an officer an annual salary of \$35,000 from beginning of fiscal year 2002 to June 30, 2006. All unpaid salaries were accrued interest at 10% per annum.

As of December 31, 2006, the balance of the accrued salaries, including related accrued interest, was \$54,622.

**NOTE 9 – LONG-TERM DEBT**

**As of December 31, 2006 long-term debt consists of the following:**

Note payable to a bank, due in monthly installments of \$850, including 7.75% fixed interest rate, with a balloon payment due in December 2010. Secured by real property and equipment	\$ 87,569

**NOTE 11 – SEGMENT INFORMATION**

**The Company is currently managed and operated as one business. The entire business is managed by a single management team that reports to the Company’s President. The Company does not operate separate lines of business or separate business entities with respect to any of its product candidates. Accordingly, the Company does not prepare discrete financial information with respect to separate product areas or by location and does not have separately reportable segments as defined by SFAS No. 131 “Disclosures about Segments of an Enterprise and Related Information”.**

**NOTE 12 – GUARANTEES**

The Company from time to time enters into certain types of contracts that contingently require the Company to indemnify parties against third-party claims. These contracts primarily relate to: (i) divestiture agreements, under which the Company may provide customary indemnifications to purchasers of the Company’s businesses or assets; and (ii) certain agreements with the Company’s officers, directors and employees, under which the Company may be required to indemnify such persons for liabilities arising out of their employment relationship.

The terms of such obligations vary. Generally, a maximum obligation is not explicitly stated. Because the obligated amounts of these types of agreements often are not explicitly stated, the overall maximum amount of the obligation cannot be reasonably estimated. Historically, the Company has

**OGDEN GOLF CO. CORPORATION**

**NOTES TO INTERIM UNAUDITED FINANCIAL STATEMENTS**

**NOTE 12 – GUARANTEES (Continued)**

not been obligated to make significant payments for these obligations, and no liabilities have been recorded for these obligations on its balance sheet as of December 31, 2006.

In general, the Company offers a one-year warranty for most of the products it sold. To date, the Company has not incurred any material costs associated with these warranties.

**NOTE 13 – PENDING BUSINESS COMBINATION**

On November 27, 2006, the Company entered into an agreement and Plan of Reorganization with InterPath Pharmaceuticals, Inc., a privately-held Delaware corporation and certain shareholders of the Company.

**NOTE 14 – SUBSEQUENT EVENTS**

On November 27, 2006, the Company entered into an agreement and Plan of Reorganization with InterPath Pharmaceuticals, Inc., a privately-held Delaware corporation and certain shareholders of the Company. On April 23, 2007, the agreement with InterPath Pharmaceuticals, Inc. was rescinded.

On September 27, 2007, the Company entered into an Agreement and Plan of Reorganization with Bio-Path, Inc. a development stage company, and privately-held Utah corporation.

**ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**Overview**

Until recently, Ogden Golf Co. Corporation (“Ogden Golf”, “us”, or “we”) was a retailer of brand-named golf clubs, bags, apparel, and accessories merchandise in its Ogden, Utah retail location. In addition, we offered custom golf club-making, fitting, repair, and tune-up services to our customers throughout Northern Utah. Our retail business was seasonal, with the heaviest sales during March, April and May, when outdoor spring activities commence, and in November and December because of holiday gift purchases. In September 2006, our Board of Directors determined that Ogden Golf’s revenues and business operations were not sufficient to allow it to continue to operate in the retail golf equipment business and we are currently liquidating our assets. We have been undercapitalized since our inception and have relied upon friends and relatives to fund our operating losses, primarily through purchases of our stock and debt in private transactions. Our plan was to increase our advertising and marketing efforts in Ogden and in surrounding areas. We have been unsuccessful in our business operation and we are now in the process of liquidating our assets, repaying our creditors and attempting to enter into other business activities. We previously entered into a Merger Agreement to participate in a reverse merger transaction but such Merger Agreement has been terminated.

We registered shares of our capital stock with the Securities and Exchange Commission (“SEC”) on Form SB-2. The registration statement was declared effective by the SEC on April 14, 2005. As a result of such registration statement, we file certain reports with the SEC under Section 15(d) of the Securities Exchange Act of 1934, as amended. Our offering was closed in July 2005. All 400,000 shares offered by Ogden Golf in the public offering were sold at \$.50 per share.

The following discussion of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and the related notes, and the other financial information included in this Form 10-QSB. This discussion and analysis contains forward-looking statements that involve risks and uncertainties. Because we have changed our business direction, our historical operations and financial results may not reflect our future operations, operating results or financial position.

**Change of Business Direction**

Because of our lack of success in the retail golf equipment business, in 2006 our Board of Directors considered various business strategies and alternatives. On May 25, 2006, we signed a letter of intent with InterPath Pharmaceuticals, Inc., a Delaware corporation (“InterPath Pharmaceuticals”), for the merger of InterPath Pharmaceuticals with and into a newly-formed, wholly-owned subsidiary of Ogden Golf (the “Merger”). On November 21, 2006 we signed a definitive Merger Agreement with InterPath Pharmaceuticals. The Merger was subject to numerous financial and other conditions including the raising of \$5,000,000. The \$5,000,000 amount was not raised and the Merger Agreement has been terminated.

We are attempting to locate other companies that may desire to effect a reverse merger transaction with us. In such event, our business plan will be to serve as a vehicle for the acquisition of, or the merger or consolidation with another company (a "Target Business"). If this were to occur, we would utilize our limited assets, equity securities, debt securities, borrowings or a combination thereof in effecting a business combination with a Target Business which we believe has significant growth potential. Our efforts in identifying a prospective Target Business are expected to emphasize businesses primarily located in the United States.

On August 24, 2007, we entered into a non-binding Letter of Intent to acquire Bio-Path, Inc., in a reverse merger transaction. The transaction is subject to numerous conditions including the execution of a definitive merger agreement. It is anticipated that if such merger is completed, we will issue shares of our common stock to the shareholders of Bio-Path so that they own more than 90% of our total shares issued and outstanding. We also anticipate a change of our name, fiscal year end, management and number of our shares of common stock authorized. There can be no assurance we will complete acquisition of Bio-Path.

To the extent that we effect a Business Combination with a financially unstable company or an entity in its early stage of development or growth (including entities without established records of revenue or income), we will become subject to numerous risks inherent in the business and operations of financially unstable and early stage or potential emerging growth companies. In addition, to the extent that we effect a Business Combination with an entity in an industry characterized by a high level of risk, we will become subject to the currently unascertainable risks of that industry. An extremely high level of risk frequently characterizes certain industries which experience rapid growth. Although management will endeavor to evaluate the risks inherent in a particular industry or Target Business, there can be no assurance that we will properly ascertain or assess all risks.

### **Results and Comparison for Quarter Ended December 31**

For the three months ended December 31, 2006 we had a net loss of \$32,971 compared to a net loss of \$15,431 for the three months ended December 31, 2005. For the six months ended December 31, 2006, we had a net loss of \$66,111 compared to a net loss of \$40,646 for the six months ended December 31, 2005. This increase in the loss primarily results from (1) a decrease in revenues; (2) the termination of our operations; and (3) an increase in general and administrative expenses. Details of changes in revenues and expenses can be found below.

#### **Revenues**

For the three months ended December 31, 2006, we had total revenues of \$5,397 down \$754 or approximately 12.26% from revenues of \$6,151 for the three months ended December 31, 2005. For the six months ended December 31, 2006, we had total revenues of 18,438 down \$3,153 or approximately 14.60% from revenues of \$21,591 for the three months ended December 31, 2005. Our revenues decreased as a result of termination of our operations.

**Cost of Goods Sold.** In the quarter ended December 31, 2006 compared to the quarter ended December 31, 2005, our cost of sales decreased to \$6,046 from \$7,334. In six months ended December 31, 2006 compared to six months ended December 31, 2005, our cost of sales increased to \$20,107 from \$19,733.

**Selling, General and Administrative Expenses.** Our selling, general and administrative expenses for the three months ended December 31, 2006 increased to \$30,119 from \$12,514 for

the three months ended December 31, 2005, an increase of \$17,605 or approximately 140.68%. Our selling, general and administrative expenses for the six months ended December 31, 2006 increased to \$57,737 from \$36,475 for the six months ended December 31, 2005, an increase of \$21,262 or approximately 58.29%. The increase in general and administrative expenses is a result of an increase in professional fees and the recognition of unpaid salaries

**Interest Expense.** We borrowed the funds necessary to purchase the building in which our retail store was located. Interest expense consists of interest accrued on the mortgage. We also incurred interest on the other short term debt. Interest was \$2,351 for the three months ended December 31, 2006 compared to \$1,868 for the three months ended December 31, 2005. Interest was \$6,890 for the six months ended December 31, 2006 compared to \$6,169 for the six months ended December 31, 2005.

### **Liquidity and Capital Resources**

We are currently unable to finance our operations from operating activities and historically have relied on private placements of common stock and preferred stock to fund our operations. In July 2005 we completed our public offering with gross offering proceeds of \$200,000 and net offering proceeds of approximately \$148,246.

We have financed our operations and expenses by loans from management, shareholders and others.

At December 31, 2006, we had total assets of \$117,359 of which \$9,618 was cash. At June 30, 2006 we had total assets of \$131,491 of which \$9,558 was cash. As of December 31, 2006 we had \$60,600 plus accrued interest in loans from shareholders.

Our total liabilities at December 31, 2006 were \$283,855 including \$87,569 for our mortgage to Barnes Banks. Interest accrues on the mortgage at the rate of 7.75% per annum. We make monthly payments of \$850 and the entire amount of the mortgage is due in a balloon payment in December 2010. At December 31, 2006, we had notes payable of \$60,600 to shareholders.

Our stockholders' equity at December 31, 2006 was a negative \$166,496 compared to stockholders' equity at June 30, 2006 of a negative \$100,385.

Cash provided by financing activities was approximately \$32,882 for the six months ended December 31, 2006, compared to \$81,869 for the six months ended December 31, 2005.

Our ability to continue as a going concern is dependent upon our ability to generate sufficient cash flows to meet our obligations on a timely basis, to obtain additional financing, and ultimately to attain profitable operations. We intend to repay some of our debt through the liquidation of our assets. We intend to attempt to repay some of our debt through the conversion of our debt into shares of our common stock. We have not entered into any binding agreements regarding the repayment of our debt with the issuance of our common stock.

We have limited working capital and will be an inactive company. There is no assurance, however, that these efforts will result in profitable operations or in our ability to meet obligations when due.

As described elsewhere in this Form 10-QSB, we have decided to terminate our golf operations and liquidate our assets.

**Recently Issued Accounting Standards**

We believe that recently issued financial standards will not have a significant impact on our results of operations, financial position, or cash flows. See footnotes to the attached financial statements.

## **Inflation**

We do not expect the impact of inflation on operations to be significant.

## **Interest Rate Risk**

We currently have notes payable that accrue interest at a fixed rate. We anticipate that a substantial amount of our future debt and the associated interest expense will be subject to changes in the level of interest rates. Increases in interest rates would result in incremental increases in interest expense.

### **ITEM 3. CONTROLS AND PROCEDURES EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES**

(a) **Disclosure Controls and Procedures.** Our management, with the participation our chief executive officer and chief financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on such evaluation, our chief executive officer and chief financial officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by us in the reports that we file or submit under the Exchange Act.

(b) **Internal Control Over Financial Reporting.** There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
