CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933. Forward-looking statements include statements regarding the goals, beliefs, plans or current expectations of First Trust Advisors L.P. (the "Advisor") and/or Aberdeen Asset Management Inc. (the "Sub-Advisor") and their respective representatives, taking into account the information currently available to them. Forward-looking statements include all statements that do not relate solely to current or historical fact. For example, forward-looking statements include the use of words such as "anticipate," "estimate," "intend," "expect," "believe," "plan," "may," "should," "would" or other words that convey uncertainty of future events or outcomes.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the First Trust/Aberdeen Global Opportunity Income Fund's (the "Fund") actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. When evaluating the information included in this Annual Report, you are cautioned not to place undue reliance on these forward-looking statements, which reflect the judgment of the Advisor and Sub-Advisor and their respective representatives only as of the date hereof. We undertake no obligation to publicly revise or update these forward-looking statements to reflect events and circumstances that arise after the date hereof.

HOW TO READ THIS REPORT

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

This report contains information that can help you evaluate your investment. It includes details about the Fund and presents data and analysis that provide insight into the Fund's performance and investment approach.

By reading the letter from the Fund's President, James A. Bowen, together with the portfolio commentary by Brett Diment and Derek Fulton, Co-Portfolio Managers of the Sub-Advisor, you will obtain an understanding of how the market environment affected the Fund's performance. The statistical information that follows can help you understand the Fund's performance.

It is important to keep in mind that the opinions expressed by Mr. Bowen and personnel of the Advisor and Sub-Advisor are just that: informed opinions. They should not be considered to be promises or advice. The opinions, like the statistics, cover the period through the date on the cover of this report. Of course, the risks of investing in the Fund are spelled out in the prospectus.

SHAREHOLDER LETTER

FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND (FAM)
ANNUAL REPORT
DECEMBER 31, 2005

Dear Shareholders:

We are pleased to report that for the year ended December 31, 2005, the First Trust/Aberdeen Global Opportunity Income Fund (the "Fund") continued to provide attractive monthly distributions and diversified exposure to the global debt marketplace.

This was a year marked by significant events. The markets were confronted with many obstacles including rising oil prices, several short-term rate increases and natural disasters. The Fund posted a net asset value ("NAV") total return of 6.9% for the year ended December 31, 2005 vs. 9.4% for the Lehman Global Emerging Markets Index and -4.5% for the Lehman Global Aggregate Index, which measures the performance of investment grade bonds. The Fund's market price total return was -7.2% for the same one-year period.

First Trust Advisors L.P. ("First Trust") serves as the Fund's investment advisor and currently manages or supervises approximately \$21 billion in assets. Aberdeen Asset Management Inc. ("Aberdeen") is the Fund's sub-advisor. Aberdeen is a wholly-owned subsidiary of Aberdeen Asset Management PLC which is the parent company of an asset management group managing approximately \$126.9 billion in assets, including approximately \$61.1 billion in global fixed-income securities, for a range of pension funds, financial institutions, investment trusts, unit trusts, offshore funds, charities and private clients. I encourage you to read the commentary from the portfolio management team found on the following pages. It includes a review of the Fund's performance and the portfolio managers' outlook for the markets.

We thank you for your confidence in First Trust and Aberdeen and will work diligently to keep earning it.

Sincerely,

/s/ James A. Bowen

PORTFOLIO COMMENTARY

PORTFOLIO MANAGEMENT TEAM

Investment decisions for the First Trust/Aberdeen Global Opportunity Income Fund (the "Fund") are typically made by Aberdeen using a team approach and not by any one individual. By making team decisions, Aberdeen seeks to ensure that the investment process results in consistent returns across all portfolios with similar objectives. Aberdeen does not employ separate research analysts. Instead, Aberdeen's investment managers combine the roles of analysis with portfolio management. Each member of the team has sector and portfolio responsibilities such as day-to-day monitoring of liquidity. The overall result of this matrix approach is a high degree of cross-coverage, leading to a deeper understanding of the companies in which Aberdeen invests.

Since the Fund's inception, Derek Fulton has had primary responsibility for overseeing the management of the global fixed income portion of the Fund's portfolio. Effective September 30, 2005, Aberdeen Asset Management PLC, the parent company of the Sub-Advisor acquired from Deutsche Asset Management Group Limited ("Deutsche") the UK asset management businesses including certain UK subsidiaries of Deutsche. As part of the acquisition integration, effective November 1, 2005, Brett Diment replaced Colm McDonagh as one of the portfolio managers of the Fund and currently heads the team responsible for the day-to-day management of emerging market debt for the Fund. Included below is additional information about Mr. Fulton and Mr. Diment as well as other members of the team with significant responsibility for the day-to-day management of the Fund's portfolio.

DEREK FULTON

HEAD OF GLOBAL AND ASIAN BONDS

After graduation, Mr. Fulton joined Murray Johnstone in 1996 as a graduate trainee in Fixed Income. In 1998 he qualified as an Associate of the Institute of Investment Management & Research. Mr. Fulton has since become a senior member of the fixed income team with Aberdeen and is responsible for the day-to-day management of global fixed income and government portfolios. He is a member of the Aberdeen's global economics team.

BRETT DIMENT

HEAD OF EMERGING MARKET DEBT

Mr. Diment joined Deutsche in 1991 as a member of the Fixed Income group and was head of the emerging debt team at Deutsche in 1999. Mr. Diment joined Aberdeen following the acquisition in 2005 and is now responsible for the day-to-day management of the emerging market debt team and portfolios.

EDWIN GUTIERREZ

PORTFOLIO MANAGER, EMERGING MARKET DEBT

Mr. Gutierrez has served previously as an economist specializing in Latin America at LGT Asset Manager, and more recently as a portfolio manager

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

specializing in emerging market fixed income at INVESCO Asset Management. He joined Deutsche in 2000 and Aberdeen in 2005.

NIMA TAYEBI

PORTFOLIO MANAGER, EMERGING MARKET DEBT

Mr. Tayebi has 8 years of experience as executive director responsible for emerging markets trading at Millennium Global Investments, vice president at Salomon Brothers, focusing on emerging currency and debt trading and head of Fixed Income research at Renaissance Capital. He joined Deutsche in 2001 as an emerging currency portfolio manager and Aberdeen in 2005.

MAX WOLMAN

ASSISTANT PORTFOLIO MANAGER

Mr. Wolman moved to Aberdeen in January 2001 and is assistant portfolio manager on the Global Emerging Market Debt mandates. Mr. Wolman originally specialized in currency and domestic debt analysis; however he is now responsible for wider emerging debt analysis including external and corporate issuers. He is a member of the EM (Emerging Markets) Debt investment committee at Aberdeen and is also responsible for the daily implementation of the investment process.

PERFORMANCE

Comparative total returns of the Fund and its benchmarks for the year ended December 31, 2005 were as follows:

FAM NAV	6.9%
FAM Market Price	-7.2
Lehman Global Emerging Markets Index	9.4
Lehman Global Aggregate Index	-4.5

The following commentary will help explain the Fund's performance, along with various factors that have impacted the Fund's investment portfolio.

REVIEW

Two major themes dominated the general economy in 2005: higher oil prices and the continuation of the U.S. Federal Reserve Bank raising rates. The U.S. Treasury curve has continued to flatten as the Federal Reserve Bank has maintained its tightening policy and in December the U.S. Treasury curve nearly inverted from two years to ten years. Oil prices started the year at US\$40 a barrel (Bloomberg) and ended the year at US\$60 a barrel, reaching a peak of US\$67 a barrel towards the end of August due to supply issues caused by both Hurricane Katrina and Rita.

A synchronized upturn has led to considerable global growth momentum as we entered the New Year. Global growth has benefited from the simultaneous revival of activity in Europe and Japan during the second half of 2005. U.S. growth has benefited from a fiscal boost via expenditure while Europe has seen exports increase due to the lagging impact of strong U.S. demand. We have seen improvements in the labor market but these are public sector driven. Japan's

expansion has become more broadly based with investment and to a lesser extent consumption contributing to this upturn. Asia has continued to profit from external demand along with robust investment. Nevertheless the U.S. economy still remains the main catalyst for progress and consumption is still the key factor within the U.S. economy. This is a result of the housing market and in particular mortgage refinancing and equity withdrawal. There are anecdotal signs that house price increases are slowing and we believe this will continue to be the case as the year progresses, which will probably slow consumption; however, investment may take up some of the slack since firms remain cash rich. The extent of any slowdown in U.S. domestic demand will be crucial in determining the fate of the other major regions, but this does not appear to be a major threat. Energy price volatility, however, refuses to go away and this could yet prove an impediment.

Emerging fixed-income markets performed well over the year, supported by broadly improving fundamentals together with robust commodity prices globally and low interest rates in developed economies. In turn, the external debt of many emerging economies is currently trading at historically tight spreads over U.S. Treasury securities, and many Central Banks have used the underlying strength of their currencies to build significant foreign exchange reserve holdings, notably in Russia, Brazil, Turkey and Venezuela. The recent increase in foreign reserves has allowed some of the aforementioned countries to repay their existing International Monetary Fund ("IMF") and Paris Club Debt early, further improving the debt dynamics of some emerging countries.

The rating agencies were very active in 2005, upgrading several countries, most notably Russia, which Standard & Poor's gave an investment grade rating of BBB- in January 2005. Other countries which received upgrades from the rating agencies included Brazil, Argentina and Turkey on improved credit fundamentals.

Two brief periods of market weakness during the year proved relatively short-lived. In March, concerns regarding the "contagion" impact of spread widening and ratings downgrades in the U.S. auto sector pressured the asset class briefly and more recently in October a period of global risk aversion brought about largely by rising U.S. Treasury yields also proved short-lived.

Over the period, we continued to add exposure to local currency debt markets as they offered higher yields than the external debt market. In particular local debt positions in Latin America such as Brazil and Colombia provided the Fund with positive returns as both currencies appreciated against the U.S. dollar and the cash price of the bonds increased. Another area of out-performance was in Mexico where the Fund held a large local currency position in the long end of the Mbono curve (Mexican local currency bonds) which tightened some 3% (Bloomberg) since the start of the 2005.

Page 3

PORTFOLIO COMMENTARY - (CONTINUED)

The Fund also increased its exposure to the emerging corporate market which offered attractive yields as the value in sovereign external debt began to decline. The shift into corporate debt has proved successful as it outperformed the sovereign paper throughout the period.

OUTLOOK

Inflation risks persist in the short term, despite longer-term inflation expectations receding. Although the energy price impact on inflation has

receded, other demand driven risks remain. In the U.S. productivity could slow as we advance through the year and this combined with a tightening labor market threatens a modest rise in unit labor costs. So far growth has benefited firms as the share of profits in Gross Domestic Product ("GDP") has risen to record levels, with the offsetting impact on labor's share of the economic pie keeping inflation subdued. However a change would present risks, particularly if demand remained strong enough to support corporate pricing power. Additionally, the recent revival of energy prices once again presents problems, especially as the second round impacts of the last surge are only now feeding through. Money supply growth in Europe is an additional concern considering the impact it has had on house price inflation in countries such as Spain and Ireland. Overall, global trade growth is still depressing the outlook for goods price inflation, but services remain a focus for policy makers.

Risks linger on inflation and with monetary policy still accommodative, short rates will rise further. Investors perceive the U.S. Federal Reserve to be near an end to policy tightening; however with the advent of a new Chairman we feel that "measured" tightening is likely to continue into the spring with rates rising as high as 5%. Growth remains above potential and core inflation rates have risen. Chairman Bernanke will want to establish market confidence that inflation will not be allowed to accelerate. In Europe the monetarist element of the European Central Bank seems acutely aware that the implicit inflation target has been exceeded again during 2005. With money supply continuing to grow above its reference rate and the economy now gathering pace we expect the repurchase agreement rate to rise to 3% by year end. In Japan the emergency quantitative easing enacted a few years ago seems likely to be phased out as inflation stays above 0%. It also appears reasonable to anticipate a move away from the zero interest rate policy over the next twelve months if growth continues to be robust.

We are constructive on the outlook for emerging markets in 2006. The prospect of robust global growth, with China in particular remaining strong, and only modest interest rate rises in the G3 economies (Colombia, Mexico and Venezuela) provides a positive backdrop for emerging economies, in particular those countries that are net commodity exporters.

A major theme for this year is the prospect of significant interest rate cuts across a number of emerging economies. High real interest rates and the impact of recent exchange rate appreciation should result in a decline in consumer price inflation in Brazil, Mexico and Turkey and lead to sharp cuts in official interest rates in these countries. As a consequence we anticipate that the Fund will continue to hold positions in longer-dated fixed-rate local currency denominated bonds of these countries. In contrast, in Argentina we expect inflation to remain on an upward track as monetary policy remains relatively loose and the real exchange rate undervalued. Therefore, we expect inflation-linked Peso denominated bonds, rather than fixed-rate debt, to perform well in Argentina.

Elsewhere in local currency markets, we are constructive on Indonesian Rupiah debt as we think that the central bank is nearing the end of the tightening cycle and expect the Rupiah to appreciate due to inflows from foreign direct investment and from other lower yielding Asian currencies. In addition, we expect appreciation pressure to remain on the currencies of the commodity exporting countries of Colombia, Peru and South Africa and are holding unhedged bond positions in all three local markets.

In terms of hard currency sovereign bonds, we are constructive on prospects for the Latin American oil exporting countries of Ecuador and Venezuela. Due to the continued strength of oil prices we think that market participants are overestimating the need for external financing in the coming 12 months. With tax revenues set to remain strong we expect the governments of Argentina and Brazil to maintain a high primary fiscal surplus which will support the external debt

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

of both countries.

In the emerging market corporate sector, Kazakstan bank bonds are expected to perform well. This sector is benefiting from strong domestic growth and these securities offer yield spreads of over 250 basis points with investment-grade credit ratings.

NOTES TO FINANCIAL STATEMENTS

FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND
DECEMBER 31, 2005

1. FUND DESCRIPTION

First Trust/Aberdeen Global Opportunity Income Fund (the "Fund") is a diversified, closed-end management investment company organized as a Massachusetts business trust on September 7, 2004 and is registered with the Securities and Exchange Commission ("SEC") under the Investment Company Act of 1940, as amended (the "1940 Act"). The Fund trades under the ticker symbol FAM on the New York Stock Exchange ("NYSE").

The Fund's primary investment objective is to seek a high level of current income. As a secondary objective, the Fund seeks capital appreciation. The Fund pursues these objectives by investing in the world bond markets through a diversified portfolio of investment grade and below-investment grade government and corporate debt securities. There can be no assurance that the Fund's investment objectives will be achieved.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

A. PORTFOLIO VALUATION:

The net asset value ("NAV") of the Common Shares of the Fund is computed based upon the value of the Fund's portfolio and other assets. The NAV is determined as of the close of regular session trading on the NYSE, normally 4:00 p.m. Eastern time, on each day the NYSE is open for trading. Domestic debt securities and foreign securities are priced using data reflecting the earlier closing of the principal markets for those securities. The Fund calculates NAV per Common Share by subtracting the Fund's liabilities (including accrued expenses, dividends payable and any borrowings of the Fund) from the Fund's Managed Assets (the value of the securities and other investments the Fund holds plus cash or other assets, including interest accrued but not yet received minus accrued liabilities other than the principal amount of borrowings) and dividing the result by the total number of Common Shares outstanding.

The Fund's investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Fund's Board of Trustees. A majority of the Fund's assets are valued using market information supplied by third parties. In addition, structured products, including currency-linked notes, credit-linked notes as well as interest rate swaps and credit default swaps, are valued using a pricing service or quotes provided by the selling dealer or financial institution. In the event that market quotations are not readily available, the pricing service does not provide a valuation for a particular asset, or the valuations are deemed unreliable, or if events occurring after the close of the principal markets for particular securities (e.g., domestic debt and foreign securities), but before the Fund values its assets, would materially affect NAV, First Trust Advisors L.P. ("First Trust") may use a fair value method to value the Fund's securities and investments. The use of fair value pricing by the Fund is governed by valuation procedures adopted by the Fund's Board of Trustees, and in accordance with the provisions of the 1940 Act.

B. FORWARD FOREIGN CURRENCY CONTRACTS:

Forward foreign currency contracts are agreements to exchange one currency for another at a future date and at a specified price. The Fund may use forward foreign currency contracts to facilitate transactions in foreign securities and to manage the Fund's foreign currency exposure. These contracts are valued

daily, and the Fund's net equity therein, representing unrealized gain or loss on the contracts as measured by the difference between the forward foreign exchange rates at the dates of entry into the contracts and the forward rates at the reporting date, is included in the Statement of Assets and Liabilities. Realized and unrealized gains and losses are included in the Statement of Operations. Risks arise from the possible inability of counterparties to meet the terms of their contracts and from movement in currency and securities values and interest rates. Due to these risks, the Fund could incur losses up to the entire contract amount, which may exceed the net unrealized value shown in the Schedule of Forward Foreign Currency Contracts.

C. SECURITIES TRANSACTIONS AND INVESTMENT INCOME:

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the identified cost basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis, including amortization of premiums and accretion of discounts.

Page 18

NOTES TO FINANCIAL STATEMENTS - (CONTINUED)

FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND
DECEMBER 31, 2005

Securities purchased or sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date; interest income on such securities is not accrued until settlement date. The Fund instructs the custodian to segregate assets of the Fund with a current value at least equal to the amount of its when-issued purchase commitments.

D. FOREIGN CURRENCY:

The books and records of the Fund are maintained in U.S. Dollars. Foreign currencies, investments and other assets and liabilities are translated into U.S. Dollars at the exchange rates prevailing at the end of the period. Purchases and sales of investment securities and items of income and expense are translated on the respective dates of such transactions. Unrealized gains and losses which result from changes in foreign currency exchange rates have been included in "Net change in unrealized appreciation/(depreciation) of foreign currencies" on the Statement of Operations. Net realized foreign currency gains and losses include the effect of changes in exchange rates between trade date and settlement date on investment security transactions, foreign currency transactions and interest and dividends received. The portion of foreign currency gains and losses related to fluctuations in exchange rates between the initial purchase trade date and subsequent sale trade date is included in "Net realized gain/(loss) on foreign currencies" on the Statement of Operations.

E. CREDIT DEFAULT SWAPS:

The Fund has entered into credit default swap contracts where the Fund is the "buyer" and the counterparty is the "seller". As a buyer of the credit default swap contracts, the Fund is obligated to pay the counterparty a periodic stream of payments over the term of the contract provided that no event of default (e.g., grace period extension, obligation acceleration, repudiation/moratorium, or restructuring) relating to the security occurs or until the termination of the swap contract, whichever is first. If no event of default occurs, the Fund

will have made a series of periodic payments and recover nothing of monetary value. If an event of default occurs, the counterparty must pay the Fund the full notional value, or "par value," of the specified security. The amount of the cash payment from the counterparty to the Fund is based on the difference of the par value of the specified security that may have, through default, lost some, most or all of its value. Credit default swap transactions are entered into for hedging or investment purposes.

The Fund purchases credit default swap contracts in order to hedge against the risk of a fall in the capital price, or default, of debt securities it holds. This involves the risk that the swap may expire worthless and the credit risk that the seller may fail to satisfy its payment obligations to the Fund in the event of a default. The Fund may only enter into such transactions with counterparties rated A- or higher.

F. DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS:

The Fund will distribute to holders of its Common Shares monthly dividends of all or a portion of its net income after the payment of interest and dividends in connection with the leverage. If the Fund recognizes a long-term capital gain, it will be required to allocate such gain between the Common Shares and Preferred Shares, if any, issued by the Fund in proportion to the total dividends paid for the year. Distributions will automatically be reinvested into additional Common Shares pursuant to the Fund's Dividend Reinvestment Plan unless cash distributions are elected by the shareholder.

Distributions from income and capital gains are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Fund, timing differences and differing characterization of distributions made by the Fund. Permanent differences incurred during the year ended December 31, 2005, resulting in book and tax accounting differences, have been reclassified at year end to reflect a decrease in undistributed net investment loss by \$8,605,490, a decrease in accumulated net realized loss on investments sold by \$8,641,428 and a decrease in paid-in capital by \$35,938. Net assets were not affected by this reclassification.

The tax character of distributions paid during the fiscal year ended December 31, 2005 and the period ended December 31, 2004 is as follows:

Distributions paid from:

	2005	2004
	-----	-----

 NOTES TO FINANCIAL STATEMENTS - (CONTINUED)

FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND
 DECEMBER 31, 2005

As of December 31, 2005, the components of distributable earnings on a tax basis were as follows:

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

Undistributed Ordinary Income	\$	815,799
Undistributed Long-Term Capital Gains		54,849
Net Unrealized Appreciation		6,584,896

G. INCOME TAXES:

The Fund intends to continue to qualify as a regulated investment company by complying with the requirements under Subchapter M of the Internal Revenue Code of 1986, as amended, and by distributing substantially all of its net investment income and net realized gains to shareholders. Accordingly, no provision has been made for federal or state income taxes.

H. EXPENSES:

The Fund pays all expenses directly related to its operations.

I. ORGANIZATION AND OFFERING COSTS:

Organization costs consist of costs incurred to establish the Fund and enable it to legally do business. These costs include filing fees, listing fees, legal services pertaining to the organization of the business and audit fees relating to the initial registration and auditing the initial statement of assets and liabilities, among other fees. Offering costs consist of legal fees pertaining to the Fund's shares offered for sale, registration fees, underwriting fees, and printing of the initial prospectus, among other fees. First Trust and Aberdeen Asset Management Inc. have paid all organization expenses and all offering costs of the Fund (other than sales load) that exceeded \$0.04 per Common Share. The Fund's share of Common Share offering costs, \$688,210 and \$6,400 in fiscal years 2004 and 2005, respectively, were recorded as a reduction of the proceeds from the sale of Common Shares.

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

First Trust is a limited partnership with one limited partner, Grace Partners of DuPage L.P., and one general partner, The Charger Corporation. First Trust serves as investment advisor to the Fund pursuant to an Investment Management Agreement. First Trust is responsible for the ongoing monitoring of the Fund's investment portfolio, managing the Fund's business affairs and certain administrative services necessary for the management of the Fund. For these services, First Trust is entitled to a monthly fee calculated at an annual rate of 1.00% of the Fund's Managed Assets.

Aberdeen Asset Management Inc. (the "Sub-Advisor") serves as the Fund's sub-advisor and manages the Fund's portfolio subject to First Trust's supervision. The Sub-Advisor receives an annual portfolio management fee of 0.50% of Managed Assets that is paid monthly by First Trust from its investment advisory fee.

PFPC Inc. ("PFPC"), an indirect, majority-owned subsidiary of The PNC Financial Services Group, Inc., serves as the Fund's Administrator and Transfer Agent in accordance with certain fee arrangements. PFPC Trust Company, an indirect, majority-owned subsidiary of The PNC Financial Services Group, Inc., serves as the Fund's Custodian in accordance with certain fee arrangements.

The Fund paid each Trustee who is not an officer or employee of First Trust or any of its affiliates an annual retainer of \$10,000 which included compensation for all regular quarterly board meetings and regular committee meetings. No additional meeting fees were paid in connection with regular quarterly board meetings or regular committee meetings. Additional fees of \$1,000 and \$500 were paid to non-interested Trustees for special board meetings and non-regular committee meetings, respectively. These additional fees were shared by the funds in the First Trust fund complex that participated in the particular meeting and

are not per fund fees. Trustees are also reimbursed for travel and out-of-pocket expenses in connection with all meetings. Effective January 1, 2006, the non-interested Trustees will no longer be paid additional fees of \$1,000 and \$500 for special board meetings and non-regular committee meetings, respectively.

4. PURCHASES AND SALES OF SECURITIES

Cost of purchases and proceeds from sales of securities, other than U.S. government obligations and short-term obligations, for the year ended December 31, 2005, were \$545,757,285 and \$333,864,036, respectively.

As of December 31, 2005, the aggregate gross unrealized appreciation for all securities in which there was an excess of value over tax cost was \$14,950,632, and the aggregate gross unrealized depreciation for all securities in which there was an excess of tax cost over value was \$8,674,630.

6. PREFERRED SHARES OF BENEFICIAL INTEREST

The Fund's Declaration of Trust authorizes the issuance of an unlimited number of preferred shares of beneficial interest, par value \$0.01 per share (the "Preferred Shares"), in one or more classes or series, with rights as determined by the Board of Trustees without the approval of Common Shareholders. As of December 31, 2005, no Preferred Shares had been issued.

7. REVOLVING LOAN AGREEMENT

On January 10, 2005, the Fund entered into a revolving loan agreement with certain primary and secondary lenders, which provides for a credit facility to be used as leverage for the Fund. The credit facility provides for a secured line of credit for the Fund where Fund assets are pledged against advances made to the Fund. Under the requirements of the 1940 Act, the Fund, immediately after any such borrowings, must have an "asset coverage" of at least 300% (33 1/3% of the Fund's total assets after borrowings). The total commitment under the facility is up to \$165,000,000. For the year ended December 31, 2005, the average amount outstanding was \$142,382,059, with a weighted average interest rate of 3.432%. The Fund also pays a commitment fee of 0.325% per year, which is included in "Interest and fees on outstanding loan payable" on the Statement of Operations.

8. CONCENTRATION OF RISK

An investment in the Fund's Common Shares is subject to investment risk, including the possible loss of the entire principal invested. An investment in Common Shares represents an indirect investment in the securities owned by the Fund, which include a global bond portfolio of investment grade and below-investment grade government and corporate debt securities. The value of these securities, like other market investments, may move up or down, sometimes rapidly and unpredictably. Common Shares at any point in time may be worth less than the original investment, even after taking into account the reinvestment of Fund dividends and distributions. Security prices can fluctuate for several reasons including the general condition of the bond market, or when political or economic events affecting the issuers occur.

Non-Investment Grade Securities Risk: The Fund may invest up to 60% of its Managed Assets in non-investment grade securities. Non-investment grade securities are rated below "Baa3" by Moody's Investors Service, Inc., below "BBB-" by Standard & Poor's, or comparably rated by another nationally recognized statistical rating organization or, if unrated, determined by the Sub-Advisor to be of comparable credit quality. Non-investment grade debt instruments are commonly referred to as "high yield" or "junk" bonds, are considered speculative with respect to the issuer's capacity to pay interest and repay principal and are susceptible to default or decline in market value due to adverse economic and business developments. The market values for high yield securities tend to be very volatile, and these securities are less liquid than investment grade debt securities.

9. SUBSEQUENT EVENTS

On December 20, 2005, the Fund declared a dividend of \$0.13 per share, which represents a dividend from net investment income to Common Shareholders of record January 5, 2006, payable January 17, 2006.

On January 20, 2006, the Fund declared a dividend of \$0.13 per share, which represents a dividend from net investment income to Common Shareholders of record February 3, 2006, payable February 15, 2006.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE BOARD OF TRUSTEES AND SHAREHOLDERS OF FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND

We have audited the accompanying statement of assets and liabilities of First Trust/Aberdeen Global Opportunity Income Fund (the "Fund"), including the portfolio of investments, as of December 31, 2005, the related statements of operations and cash flows for the year then ended and the statements of changes in net assets and the financial highlights for the year then ended and for the period November 16, 2004 (inception) through December 31, 2004. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the Fund's custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2005, the results of its operations and its cash flows, the changes in its net assets, and the financial highlights for the respective stated periods, in conformity with accounting principles generally accepted in the United States of America.

DIVIDEND REINVESTMENT PLAN

If your Common Shares are registered directly with the Fund or if you hold your Common Shares with a brokerage firm that participates in the Fund's Dividend Reinvestment Plan (the "Plan"), unless you elect, by written notice to the Fund, to receive cash distributions, all dividends, including any capital gain distributions, on your Common Shares will be automatically reinvested by PFPC Inc. (the "Plan Agent"), in additional Common Shares under the Plan. If you

elect to receive cash distributions, you will receive all distributions in cash paid by check mailed directly to you by PFPC Inc., as dividend paying agent.

If you decide to participate in the Plan, the number of Common Shares you will receive will be determined as follows:

- (1) If the Common Shares are trading at or above net asset value ("NAV") at the time of valuation, the Fund will issue new shares at a price equal to the greater of (i) NAV per Common Share on that date or (ii) 95% of the market price on that date.
- (2) If the Common Shares are trading below NAV at the time of valuation, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the American Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price at the time of valuation, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market within 30 days of the valuation date except where temporary curtailment or suspension of purchases is necessary to comply with federal securities laws. Interest will not be paid on any uninvested cash payments.

You may elect to opt-out of or withdraw from the Plan at any time by giving written notice to the Plan Agent, or by telephone at (800) 331-1710, in accordance with such reasonable requirements as the Plan Agent and Fund may agree upon. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan, and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all Common shareholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information you may need for tax records. Common Shares in your account will be held by the Plan Agent in non-certificated form. The Plan Agent will forward to each participant any proxy solicitation material and will vote any shares so held only in accordance with proxies returned to the Fund. Any proxy you receive will include all Common Shares you have received under the Plan.

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvesting dividends and distributions does not mean that you do not have to pay income taxes due upon receiving dividends and distributions. Capital gains and income are realized, although cash is not received by you. Consult your financial advisor for more information.

If you hold your Common Shares with a brokerage firm that does not participate in the Plan, you will not be able to participate in the Plan and any dividend reinvestment may be effected on different terms than those described above.

The Fund reserves the right to amend or terminate the Plan if in the judgment of the Board of Trustees the change is warranted. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants. Additional

information about the Plan may be obtained by writing PFPC Inc., 301 Bellevue Parkway, Wilmington, Delaware 19809.

ITEM 2. CODE OF ETHICS.

- (a) The registrant, as of the end of the period covered by this report, has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party.
- (c) There have been no amendments, during the period covered by this report, to a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, and that relates to any element of the code of ethics description.
- (d) The registrant has not granted any waivers, including an implicit waiver, from a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, that relates to one or more of the items set forth in paragraph (b) of this item's instructions.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

As of the end of the period covered by the report, the registrant's board of trustees has determined that Thomas R. Kadlec is qualified to serve as an audit committee financial expert serving on its audit committee and that he is "independent," as defined by Item 3 of Form N-CSR.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) AUDIT FEES (REGISTRANT) -- The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the Registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for such fiscal years were \$13,500 from the Registrant's inception on November 16, 2004 through December 31, 2004, and \$43,000, from January 1, 2005 through December 31, 2005.

(b) AUDIT-RELATED FEES (REGISTRANT) -- The aggregate fees billed for each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the Registrant's financial statements and are not reported under paragraph (a) of this Item were \$0 from the Registrant's inception on November 16, 2004 through December 31, 2004, and \$0, from January 1, 2005 through December 31, 2005.

AUDIT-RELATED FEES (INVESTMENT ADVISER) -- The aggregate fees billed for each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related

to the performance of the audit of the Registrant's financial statements and are not reported under paragraph (a) of this Item were \$0.

(c) TAX FEES (REGISTRANT) -- The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning to the Registrant were \$0 from the Registrant's inception on November 16, 2004 through December 31, 2004, and \$4,000, from January 1, 2005 through December 31, 2005.

TAX FEES (INVESTMENT ADVISER) -- The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning to the Registrant's adviser were \$0.

(d) ALL OTHER FEES (REGISTRANT) -- The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant to the Registrant, other than the services reported in paragraphs (a) through (c) of this Item were \$0 from the Registrant's inception November 16, 2004 through December 31, 2004, and \$8,443, from January 1, 2005 through December 31, 2005. These fees were for services related to compliance program evaluation.

ALL OTHER FEES (INVESTMENT ADVISER) -- The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant to the Registrant's investment adviser, other than services reported in paragraphs (a) through (c) of this Item were \$0 from the Registrant's inception on November 16, 2004 through December 31, 2004, and \$68,619, from January 1, 2005 through December 31, 2005. These fees were for services related to compliance program evaluation.

(e) (1) Disclose the audit committee's pre-approval policies and procedures described in paragraph (c) (7) of Rule 2-01 of Regulation S-X.

Pursuant to its charter and its Audit and Non-Audit Services Pre-Approval

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

Policy adopted December 12, 2005, the Audit Committee (the "COMMITTEE") is responsible for the pre-approval of all audit services and permitted non-audit services (including the fees and terms thereof) to be performed for the Registrant by its independent auditors. The Chairman of the Committee is authorized to give such pre-approvals on behalf of the Committee up to \$25,000 and report any such pre-approval to the full Committee.

The Committee is also responsible for the pre-approval of the independent auditor's engagements for non-audit services with the Registrant's adviser (not including a sub-adviser whose role is primarily portfolio management and is sub-contracted or overseen by another investment adviser) and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Registrant, if the engagement relates directly to the operations and financial reporting of the Registrant, subject to the DE MINIMIS exceptions for non-audit services described in Rule 2-01 of Regulation S-X. If the independent auditor has provided non-audit services to the Registrant's adviser (other than any sub-adviser whose role is primarily portfolio management and is sub-contracted with or overseen by another investment adviser) and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Registrant that were not pre-approved pursuant to the DE MINIMIS exception, the Committee will consider whether the provision of such non-audit services is compatible with the auditor's independence.

(e) (2) The percentage of services described in each of paragraphs (b) through (d) for the Registrant and the Registrant's investment adviser of this Item that were approved by the audit committee pursuant to the pre-approval exceptions included in paragraph (c) (7) (i) (C) or paragraph (C) (7) (ii) of Rule 2-01 of Regulation S-X are as follows:

(b) 0%.

(c) 0%.

(d) 0%.

(f) The percentage of hours expended on the principal accountant's engagement to audit the Registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees was less than fifty percent.

(g) The aggregate non-audit fees billed by the Registrant's accountant for services rendered to the Registrant, and rendered to the Registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant from the inception of the Registrant on November 16, 2004 through December 31, 2004, were \$0 for the Registrant and \$0 for the Registrant's investment adviser, and from January 1, 2005 through December 31, 2005 were \$14,526 for the Registrant and \$68,619 for the Registrant's investment adviser.

(h) Not applicable. The audit committee pre-approved all non-audit services rendered to the Registrant's investment adviser and any entity controlling, controlled by or under common control with the adviser that provides ongoing services to the Registrant.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

- (a) The registrant has a separately designated audit committee consisting of all the independent trustees of the registrant. The members of the audit committee are: Thomas R. Kadlec, Niel B. Nielson and Richard E. Erickson. Effective March 6, 2006, David M. Oster resigned from his position as an independent trustee and member of the audit committee of the registrant.

ITEM 6. SCHEDULE OF INVESTMENTS.

Schedule of Investments in securities of unaffiliated issuers as of the close of the reporting period is included as part of the report to shareholders filed under item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Proxy Voting Policies are attached herewith.

ABERDEEN U.S. REGISTERED ADVISERS
PROXY VOTING POLICIES AND PROCEDURES

The following are proxy voting policies and procedures ("Policies and Procedures") adopted by affiliated investment advisers registered with the U.S. Securities and Exchange Commission ("SEC") under the Investment Advisers Act of 1940, as amended ("Advisers Act"), that are subsidiaries of Aberdeen Asset Management PLC ("AAM"); including, specifically, Aberdeen Asset Management Inc., a Delaware Corporation, ("Aberdeen FL"), Aberdeen Asset Management Asia Limited, a Singapore Corporation ("Aberdeen Singapore"), Aberdeen Asset Management Limited, an Australian Corporation ("Aberdeen AU"), and Aberdeen Asset Managers (C.I.) Limited, a Channel Islands corporation ("Aberdeen Jersey") (collectively referred to herein as "Aberdeen Advisers" and each an "Aberdeen Adviser") (collectively with AAM, "Aberdeen"). Pursuant to a Memorandum of Understanding ("MOU"), Aberdeen Asset Managers Limited ("Aberdeen UK"), a non-U.S. registered adviser, and Aberdeen Jersey provide advisory resources to certain U.S. clients of Aberdeen Asia and Aberdeen AU. In addition, Aberdeen UK provides advisory resources to certain U.S. clients of Aberdeen FL pursuant to another MOU. Under these MOUs, the affiliates of the Aberdeen Advisers may provide various portfolio management resources, including substantive advice on voting proxies for certain equity securities. To the extent that Aberdeen UK and Aberdeen Jersey provide advisory services to any clients of Aberdeen FL or to U.S. clients of Aberdeen Singapore or Aberdeen AU, Aberdeen UK and Aberdeen Jersey will be subject to the control and supervision of the registered adviser and will follow these Policies and Procedures as part of providing such advisory services. These Policies and Procedures are adopted to ensure compliance by the Aberdeen Advisers with Rule 206(4)-6 under the Advisers Act and other applicable fiduciary obligations under rules and regulations of the SEC and interpretations of its staff with respect to proxies for voting securities held by client portfolios.

Clients may consist of investment companies registered under the Investment Company Act of 1940, as amended ("1940 Act") ("Funds" and each a "Fund"), and other U.S. residents as well as non-U.S. registered funds or clients. Any Aberdeen Adviser located in the United States follows these Policies and Procedures for each of its respective clients as required under the Advisers Act and other applicable law, unless expressly directed by a client in writing to refrain from voting that client's proxies or to vote in accordance with the client's proxy voting policies and procedures. Aberdeen Advisers located outside the U.S. may provide proxy voting services to their non-U.S. based clients in accordance with the jurisdiction in which the client is located. Aberdeen Advisers who advise or subadvise the Funds follow both these Policies and Procedures and the proxy voting policies and procedures adopted by the Funds and their Boards of Directors.

1 These policies and procedures address proxy voting considerations under U.S. law and regulation and do not address the laws or requirements of other jurisdictions.

I. DEFINITIONS

A. "Best interest of clients". Clients' best economic interests over the long term -- that is, the common interest that all clients share in seeing the value of a common investment increase over time. Clients may have differing political or social interests, but their best economic interest is generally uniform.

B. "Material conflict of interest". Circumstances when an Aberdeen Adviser or any member of senior management, portfolio manager or portfolio analyst knowingly does business with a particular proxy issuer or closely affiliated entity, which may appear to create a material conflict between the interests of the Aberdeen Adviser and the interests of its clients in how proxies of that issuer are voted. A material conflict of interest might also exist in unusual circumstances when Aberdeen has actual knowledge of a material business arrangement between a particular proxy issuer or closely affiliated entity and an affiliate of an Aberdeen Adviser.

II. GENERAL VOTING POLICIES

A. Client's Best Interest. These Policies and Procedures are designed and implemented in a way that is reasonably expected to ensure that proxies are voted in the best interests of clients. Proxies are voted with the aim of furthering the best economic interests of clients, promoting high levels of corporate governance and adequate disclosure of company policies, activities and returns, including fair and equal treatment of stockholders.

B. Shareholder Activism. Aberdeen Advisers seek to develop relationships with the management of portfolio companies to encourage transparency and improvements in the treatment of employees, owners and stakeholders. Thus, Aberdeen Advisers may engage in dialogue with the management of portfolio companies with respect to pending proxy voting issues.

C. Case-by-Case Basis. These Policies and Procedures are guidelines. Each vote is ultimately cast on a case-by-case basis, taking into consideration the contractual obligations under the advisory agreement or comparable document, and all other relevant facts and circumstances at the time of the vote. Aberdeen Advisers may cast proxy votes in favor of management proposals or seek to change the views of management, considering specific issues as they arise on their merits. Aberdeen Advisers may also join with other investment managers in seeking to submit a shareholder proposal to a company or to oppose a proposal submitted by the company. Such action may be based on fundamental, social, environmental or human rights grounds.

D. Individualized. These Policies and Procedures are tailored to suit Aberdeen's advisory business and the types of securities portfolios Aberdeen Advisers manage. To the extent that clients (E.G., investment companies, corporations, pension plans) have

adopted their own procedures, Aberdeen Advisers may vote the same securities differently depending upon clients' directions.

E. Material Conflicts of Interest. Material conflicts are resolved in the best interest of clients. When a material conflict of interest between an Aberdeen Adviser and its respective client(s) is identified, the Aberdeen Adviser will choose among the procedures set forth in Section IV.B.2. below, to resolve such conflict.

F. Limitations. The circumstances under which Aberdeen may take a limited role in voting proxies, include the following:

1. No Responsibility. Aberdeen Advisers will not vote proxies for client accounts in which the client contract specifies that Aberdeen will not vote. Under such circumstances, the clients' custodians are instructed to mail proxy material directly to such clients.
2. Limited Value. Aberdeen Advisers may abstain from voting a client proxy if the effect on shareholders' economic interests or the value of the portfolio holding is indeterminable or insignificant. Aberdeen Advisers may also abstain from voting the proxies of portfolio companies held in their passively managed funds. Proxies with respect to securities that have been sold before the date of the shareholders meeting and are no longer held by a client generally will not be voted.
3. Unjustifiable Costs. Aberdeen may abstain from voting a client proxy for cost reasons (E.G., non-U.S. securities).
4. Securities Lending Arrangements. If voting securities are part of a securities lending program, Aberdeen may be unable to vote while the securities are on loan.
5. Share Blocking. Certain jurisdictions may impose share blocking restrictions at various times which may prevent Aberdeen from exercising its voting authority.
6. Special Considerations. Aberdeen's responsibilities for voting proxies are determined generally by its obligations under each advisory contract or similar document. If a client requests in writing that an Aberdeen Adviser vote its proxy in a manner inconsistent with these Policies and Procedures, Aberdeen may follow the client's direction or may request that the client vote the proxy directly.

G. Sources of Information. Aberdeen may conduct research internally and/or use the resources of an independent research consultant. Aberdeen may consider legislative materials, studies of corporate governance and other proxy voting issues, and/or analyses of shareholder and management proposals by a certain sector of companies, E.G., Fortune 500 companies.

H. Subadvisers. To the extent that an Aberdeen Adviser may rely on subadvisers, whether affiliated or unaffiliated, to manage any client portfolio on a discretionary basis, the Aberdeen Adviser will delegate responsibility for voting proxies to the subadviser.

However, such subadvisers will be required either to follow these Policies and Procedures or to demonstrate that their proxy voting policies and procedures are consistent with these Policies and Procedures or otherwise implemented in the best interests of Aberdeen clients.

I. Availability of Policies and Procedures. Aberdeen Advisers will provide

clients with a copy of these Policies and Procedures, as revised from time to time, upon request.

J. Disclosure of Vote. As disclosed in Part II of each Aberdeen Adviser's Form ADV, a client may obtain information on how its proxies were voted by requesting such information from its Aberdeen Adviser. Aberdeen Advisers do not generally disclose client proxy votes to third parties, other than as required for Funds, unless specifically requested, in writing, by the client.

III. SPECIFIC VOTING POLICIES

A. General Philosophy.

- o Support existing management on votes on the financial statements of a company and the election of the Board of Directors;
- o Vote for the acceptance of the accounts unless there are grounds to suspect that either the accounts as presented or audit procedures used, do not present an accurate picture of company results; and
- o Support routine issues such as the appointment of independent auditors, allocation of income and the declaration of stock (scrip) dividend proposals provided there is a cash alternative.

B. Anti-takeover Measures. Aberdeen Advisers vote on anti-takeover measures on a case-by-case basis taking into consideration such factors as the long-term financial performance of the target company relative to its industry competition. Key measures of performance will include the growth rates for sales, operating income, net income and total shareholder returns. Other factors which will be considered include margin analysis, cash flow and debt levels.

C. Proxy Contests for Control. Aberdeen Advisers vote on proxy contests for control on a case-by-case basis taking into consideration such factors as long-term financial performance of the target company relative to its industry, management's track record, background to the proxy contest, qualifications of director nominees, evaluation of what each side is offering shareholders as well as the likelihood that the proposed objectives and goals can be met, and stock ownership positions.

D. Contested Elections. Aberdeen Advisers vote on contested elections on a case-by-case basis taking into consideration such factors as the qualifications of all director nominees. Aberdeen Advisers also consider the independence

of board and key committee members and the corporate governance practices of the company.

E. Executive compensation proposals. Aberdeen Advisers consider such proposals on a case-by-case basis taking into consideration such factors as executive pay and spending perquisites, particularly in conjunction with sub-par performance and employee layoffs.

F. Shareholder Proposals. Aberdeen Advisers consider such proposals on a case-by-case basis. Aberdeen Advisers support those proposals which will improve the company's corporate governance or business

profile at a reasonable cost, but may oppose proposals which result in significant cost being incurred with little or no benefit to the company or its shareholders.

IV. PROXY VOTING PROCEDURES

This section applies to each Aberdeen Adviser except to the extent that certain procedures are identified as applicable only to a specific Aberdeen Adviser.

A. Obtain Proxy. Registered owners of record, E.G., trustees or custodian banks, that receive proxy materials from the issuer or its information agent, are instructed to sign physical proxy cards in blank and forward directly to the relevant Aberdeen Adviser's proxy administrator ("PA"). Proxies may also be delivered electronically by custodians using proxy services such as ProxyEdge. Each proxy received is matched to the securities to be voted.

B. Material Conflicts of Interest.

1. Identify the existence of any material conflicts of interest relating to the securities to be voted or the issue at hand. Portfolio managers and research analysts (Analysts") and senior management of each Aberdeen Adviser have an affirmative duty to disclose to the relevant proxy committees any personal conflicts such as officer or director positions held by them, their spouses or close relatives in the portfolio company or attempts by the portfolio company to exert influence over such person with respect to their vote. Conflicts based on business relationships or dealings of affiliates of any Aberdeen Adviser will only be considered to the extent that the Aberdeen Adviser has actual knowledge of such business relationships.

2. When a material conflict of interest between an Aberdeen Adviser's interests and its clients' interests appears to exist, the Aberdeen Adviser may choose among the following options to eliminate such conflict: (1) vote in accordance with these Policies and Procedures if it involves little or no discretion; (2) vote as recommended by a third party service if the Aberdeen Adviser utilizes such a service; (3) "echo vote" or "mirror vote" the proxies in the same proportion as the votes of other proxy holders that are not Aberdeen clients; (4) if possible, erect information barriers around the person or persons making voting decisions sufficient to insulate the decision from the conflict; (5) if practical, notify affected clients of the conflict of interest and seek a waiver of the

conflict; or (6) if agreed upon in writing with the client, forward the proxies to affected clients allowing them to vote their own proxies.

C. Analysts. The PA for each Aberdeen Adviser will ensure that each proxy statement is directed to the appropriate Analyst. If a third party recommendation service has been retained, the relevant PA will forward the proxy statement to the Analyst with the recommendation highlighted. The Analyst will determine whether to vote as recommended by the service provider or to recommend an alternative and shall advise the PA. The Analyst may consult with the PA as necessary. If the Analyst recommends voting against the third party recommendation, he or she is responsible for documenting the reasons for such recommendation and that no conflict of interest influenced such recommendation. If no third party recommendation service is utilized or if no recommendation is provided, the Analyst is responsible for documenting the rationale for his or her vote recommendation.

D. Vote. The following describes the breakdown of responsibilities between the PA and the Proxy Committee ("PC") of each Aberdeen Adviser in voting

portfolio securities and the extent to which the Aberdeen Advisers rely on third party service providers.

1. Aberdeen FL

The PA for Aberdeen FL ("PA-FL"), who resides in Ft. Lauderdale, and the PA for Aberdeen UK ("PA-UK"), which is part of the Trade Processing Department resident in Aberdeen, Scotland, are responsible for ensuring that votes for Aberdeen FL clients are cast and cast in accordance with these Policies and Procedures. The PA-FL and the PA-UK are identified more specifically on Appendix A1. The PA-FL is primarily responsible for administering proxy votes for the Phoenix funds which are sub-advised by Aberdeen FL.

Responsibility for considering the substantive issues relating to any vote and for deciding how shares will be voted resides with the relevant Analyst whether located in Aberdeen FL, Aberdeen UK or Aberdeen Singapore. Under Aberdeen-FL's MOU with Aberdeen Singapore, the relevant Analyst for Far East equity securities will generally reside in Aberdeen Singapore.

In the event that a material conflict of interest is identified by any Analyst, whether in Aberdeen FL, Aberdeen UK or Aberdeen Singapore, decisions on how to vote will be referred to the Aberdeen FL proxy committee ("PC-FL/UK"). Under Aberdeen FL's MOU with Aberdeen UK, the PC-FL/UK is headquartered in Glasgow, Scotland, and includes the Chief Investment Officer or Deputy Chief Investment Officer, the head of the Socially Responsible Investing ("SRI") Team and a member of the Compliance team, who are more specifically identified on Appendix A1. The PC-FL/UK meets as needed to consider material conflicts of interest or any other items raising unique issues. If the PC-FL/UK determines that there is no material conflict of interest, the vote recommendation will be forwarded to the appropriate proxy administrator, either the PA-FL or PA-UK. If a material conflict of interest is identified, the PC-FL/UK will follow the conflict of interest procedures set forth in Section IV.B.2., above.

Aberdeen FL has engaged ProxyEdge, a third party service provider, to cast votes electronically for certain clients and to maintain records of such votes electronically. Votes for some of the wrap accounts are handled manually and hard copies of any manual votes cast are maintained in the Florida office of Aberdeen FL. Pursuant to the MOU, Aberdeen UK votes proxies for certain U.S. clients of Aberdeen FL. Aberdeen UK has engaged Institutional Shareholder Services ("ISS"), a third party service provider, to provide (1) notification of impending votes; (2) research into non-routine votes, including shareholder resolutions; (3) voting recommendations which may be viewed on-line; and (4) web-based voting. In the absence of any material conflict of interest, Aberdeen FL may either vote in accordance with the ISS recommendation or decline to follow the ISS recommendation based on its own view of the agenda item provided that decisions to vote contrary to the ISS recommendation are documented as set forth in Section IV.C., above. For clients on the ISS system, votes are automatically entered in accordance with ISS recommendations unless the PA-UK expressly changes the vote prior to the voting deadline with appropriate analyst documentation. In the event of a material conflict of interest, Aberdeen FL will follow the procedures outlined in Section IV.B.2, above.

2. Aberdeen Jersey, Aberdeen AU and Aberdeen Singapore

Aberdeen Jersey and Aberdeen AU are responsible for voting proxies for the Funds. The PA for Aberdeen Jersey and Aberdeen AU ("PA-Jersey") is the Trade Processing Department in Jersey, Channel Islands, members of which are more specifically identified on Appendix A2. The PA-Jersey is responsible for ensuring that votes are cast and cast in accordance with these Policies and Procedures. The PA-Jersey uses ProxyEdge to electronically cast votes for the

Funds and to maintain electronic records of the votes cast.

Responsibility for considering the substantive issues relating to any Fund vote and for deciding how the shares will be voted resides with relevant equity and/or fixed income Analyst. Pursuant to the MOU among Aberdeen Jersey, Aberdeen AU and Aberdeen UK, the relevant Analyst may be a member of the Fund portfolio management team in London, England. In the event that a material conflict of interest is identified, decisions on how to vote will be referred to the proxy committee ("PC-AU") located in Aberdeen AU. The PC-AU includes the Heads of Equity and Fixed Income Portfolio Management and the Compliance Officer, who are more specifically identified on Appendix A2. The PC-AU meets as needed to consider a material conflict of interest or any other items raising unique issues. If the PC-AU determines there is no material conflict of interest, the vote recommendation will be forwarded to the PA-Jersey to be cast. If a material conflict of interest is identified, the PC-AU will follow the conflict of interest procedures set forth in Section IV.B.2., above, and in the Aberdeen Funds Proxy Voting Policy and Procedures.

1 The Phoenix Funds, sub-advised by Aberdeen FL, require electronic voting through ProxyEdge. Custodians for certain other clients also provide the PA-FL with access to ProxyEdge.

Aberdeen Singapore currently provides advice to Aberdeen Jersey and Aberdeen AU only with respect to fixed income securities. In the event that Aberdeen Singapore later provides advice to either Aberdeen Jersey and Aberdeen AU with respect to equity securities, Aberdeen Singapore may designate its own PA and PC. At present, a member of the PC-AU already serves as an Aberdeen Singapore Analyst and this member will serve on the Aberdeen Singapore PC with respect to proxy voting advice rendered to Aberdeen Jersey and Aberdeen AU to the extent such a committee may be necessary.

E. Review. Each PA is responsible for ensuring that proxy materials are received in a timely manner and reconciled against holdings on the record date of client accounts over which the Aberdeen Adviser has voting authority to ensure that all shares held on the record date, and for which a voting obligation exists, are voted.

V. DOCUMENTATION, RECORDKEEPING AND REPORTING REQUIREMENTS

A. Documentation. The Aberdeen PAs are responsible for:

Implementing and updating these Policies and Procedures;

Overseeing the proxy voting process;

Consulting with portfolio managers/analysts for the relevant portfolio security; and

Maintaining manual proxy voting records, if any, and overseeing and reviewing voting execution and recordkeeping by third party providers such as ISS and ProxyEdge.

B. RecordKeeping.

1. Each Aberdeen Adviser maintains or procures the maintenance of records of all proxies it has voted. As permitted by Rule 204-2(c), electronic proxy statements and the record of each vote cast by each client account of Aberdeen FL will be maintained by either ISS and Proxy Edge, depending on the

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

client account. Similarly, electronic proxy statements and the record of each vote cast by each U.S. client account of Aberdeen Jersey will be maintained by Proxy Edge. 2 Aberdeen FL shall obtain and maintain undertakings from both ISS and Proxy Edge to provide it with copies of proxy voting records and other documents relating to its clients' votes promptly upon request. Aberdeen Jersey shall obtain and maintain an undertaking from Proxy Edge to provide it with copies of proxy voting records and other documents relating to votes for its U.S. clients promptly upon request. Aberdeen Advisers, ISS and Proxy Edge may rely on the

2 A Fund's proxy voting record must be filed with the SEC on Form N-PX. Form N-PX must be completed and signed in the manner required, containing a fund's proxy voting record for the most recent twelve-month period ended June 30th (beginning August 31, 2004). If an Aberdeen Adviser delegates this reporting responsibility to a third party service provider such as ISS or Proxy Edge, it will ensure that the third party service provider files Form N-PX accordingly.

SEC's EDGAR system to keep records of certain proxy statements if the proxy statements are maintained by issuers on that system (E.G., large U.S.-based issuers).

2. As required by Rule 204-2(c), such records will also include: (a) a copy of the Policies and Procedures; (b) a copy of any document created by the Aberdeen Adviser that was material to making a decision on how to vote proxies on behalf of a client or that memorializes the basis for that decision; and (c) each written client request for proxy voting records and the Aberdeen Adviser's written response to any (written or oral) client request for such records.

3. Duration. Proxy voting books and records will be maintained in an easily accessible place for a period of five years, the first two in an appropriate office of the Aberdeen Adviser.

C. Reporting. Aberdeen FL will initially inform clients of these Policies and Procedures and how a client may learn of the voting record for client's securities through disclosure of its full policies and procedures in Part II of its Form ADV. Aberdeen Jersey, Aberdeen AU and Aberdeen Singapore will initially inform clients of these Policies and Procedures by summary disclosure in Part II of their respective Forms ADV. Upon receipt of a client's request for more information, Aberdeen FL, Aberdeen Jersey, Aberdeen AU and Aberdeen Singapore will provide to the client a copy of these Policies and Procedures and/or, in accordance with the client's stated requirements, how the client's proxies were voted during the period requested subsequent to the adoption of these Policies and Procedures. Such periodic reports, other than those required for the Funds, will not be made available to third parties absent the express written request of the client. However, to the extent that any Aberdeen Adviser may serve as a subadviser to another adviser to a Client, such Aberdeen Adviser will be deemed to be authorized to provide proxy voting records on such Client accounts to such other adviser.

D. Review of Policies and Procedures. These Policies and Procedures will be subject to review on a periodic basis as deemed appropriate by the Aberdeen Advisers.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Provide the disclosure as required by SEC Release 33-8458 regarding the Portfolio Manager(s) of the registrant.

(A) ANNUAL REPORTS FOR CLOSED-END FUNDS FOR FISCAL YEARS ENDING ON OR AFTER DECEMBER 31, 2005:

(A) (1) IDENTIFICATION OF PORTFOLIO MANAGER(S) OR MANAGEMENT TEAM MEMBERS AND DESCRIPTION OF ROLE OF PORTFOLIO MANAGER(S) OR MANAGEMENT TEAM MEMBERS

As of December 31, 2005, the Fund's management team consisted of Derek Fulton, Brett Diment, Edwin Guitierrez, Nima Tayebi, and Max Wolman. The team operates in an open-plan environment with collective responsibility for investment decisions and ideas. Investment decisions are typically made by the team as a whole and not by any one individual. By making team decisions, the team seeks to ensure that our investment process results in consistent returns across all portfolios with similar objectives. Aberdeen Asset Management, Inc. ("Aberdeen"), the Fund's sub-adviser, does not employ separate research analysts. Instead, Aberdeen's investment managers combine the roles of analysis with portfolio management. Each member of the team has sector and portfolio responsibilities such as day-to-day monitoring of liquidity. The overall result of this matrix approach is a high degree of cross-coverage, leading to a deeper understanding of the companies in which Aberdeen invests.

Mr. Fulton is Head of Global and Asian Bonds and has been with Aberdeen for six years. After graduation, Mr. Fulton joined Murray Johnstone in 1996 as a graduate trainee in Fixed Income. In 1998, he qualified as an Associate of the Institute of Investment Management & Research ("IIMR"). Mr. Fulton has since become a senior member of the team with Aberdeen and is responsible for day-to-day management of global fixed income and government portfolios. He is a member of Aberdeen's global economics team.

Mr. Diment is Head of Emerging Market Debt and joined Aberdeen following the acquisition of Deutsche Asset Management ("Deutsche") in 2005. He is responsible for the day-to-day management of the emerging market debt team and portfolios. Mr. Diment joined Deutsche in 1991 as a member of the Fixed Income group and was Head of the Emerging Debt team at the firm since 1999.

Mr. Guitierrez serves as a Portfolio Manager of Emerging Market Debt and joined Aberdeen following the acquisition of Deutsche in 2005. He has served previously as an economist specializing in Latin America at LGT Asset Manager, and more recently as a portfolio manager specializing in emerging market fixed income at INVESCO Asset Management. Mr. Guitierrez joined Deutsche Asset Management in 2000.

Mr. Tayebi is a Portfolio Manager of Emerging Market Debt and joined Aberdeen in 2005, following the acquisition of Deutsche. He had eight years of experience serving in the following capacities: executive director responsible for emerging markets trading at Millennium Global Investments; vice president at Salomon Brothers, focusing on emerging currency and debt trading; and head of Fixed Income research at Renaissance Capital. Mr. Tayebi joined Deutsche in 2001 as an Emerging currency fund manager.

Edgar Filing: FIRST TRUST/ABERDEEN GLOBAL OPPORTUNITY INCOME FUND - Form N-CSR

Mr. Wolman serves as an Assistant Fund Manager on the Global Emerging Market Debt and has been with Aberdeen for five years. He is responsible for wider emerging debt analysis including external and corporate issuers. Mr. Wolman is a member of the EM Debt investment committee and is also responsible for the daily implementation of the investment process. He originally specialized in currency and domestic debt analysis after joining Aberdeen in January 2001.

POTENTIAL CONFLICTS OF INTERESTS

Aberdeen Asset Management, Inc. ("Aberdeen") believes that there are no material conflicts of interest in connection with a Portfolio Manager's or Management Team Member's management of Fund investments and investments of other accounts. Aberdeen has adopted the CFA Institute Code of Ethics and Standards of Professional Conduct and adherence by all employees is mandatory. All employees of the Aberdeen are expected to avoid any employment, associations or business activities, including personal investments that interfere with their duties to Aberdeen, divide their loyalty or create or appear to create a conflict of interest. Employees must promptly report any situation or transaction involving an actual or potential conflict of interest to the Compliance Officer.

With regards to allocation, Aberdeen has adopted Best Execution, Soft Dollar, Order Aggregation, and Trade Allocation Policies & Procedures designed among other things to ensure fair treatment of all accounts. In summary, where practicable, all account orders for the same security are combined or "batched" and executed as block transactions in order to facilitate best execution as well as for the purpose of negotiating more favorable brokerage commissions. Where a block trade is executed for a number of client accounts, the average execution price on all of the purchases and sales that are aggregated to this purpose is used for all accounts.

If an entire block is not fully executed on the same day, an allocation method is administered that is fair and reasonable to all clients, generally pro rata. If it is not practicable to allocate the executed portion of the block on a pro rata basis, allocation may be done on a random account basis (alphabetically, numerically, or otherwise), but any procedure administered must not operate to consistently favor or disfavor the same client accounts. If any method is to be used other than a pro rata method, the manner in which the shares are allocated must be documented, disclosed and signed off by the Compliance Officer.

(A) (3) COMPENSATION STRUCTURE OF PORTFOLIO MANAGER(S) OR MANAGEMENT TEAM MEMBERS

As of December 31, 2005, portfolio managers and research professionals are paid (i) base salaries, which are linked to job function, responsibilities, experience and financial services industry peer comparison and (ii) variable compensation, which is linked to investment

performance (but not usually in a formulaic manner), individual contributions to the team, adherence to the company investment process, quality of research, effectiveness at client presentations, the overall performance of the team/business unit and Aberdeen's financial results. As such, a bonus is never a fixed number. The value of assets managed by a portfolio manager may also be a consideration but more emphasis is placed upon team performance than individual performance. Variable compensation may include a cash bonus incentive and participation in a variety of long-term equity programs (usually in the form of Aberdeen equity).

Bonus and long-term incentives comprise a greater proportion of total compensation as an investment professional's seniority and compensation levels increase. Top performing investment professionals earn a total compensation package that is highly competitive, including a bonus that can be a multiple of their base salary. The amount of equity awarded under the long-term equity programs is generally based on the individual's total compensation package and may comprise from 0%-40% of the total compensation award. Certain senior investment professionals may be subject to a mandatory deferral of a portion of their cash and equity compensation to act as a retention tool.

As a UK listed PLC, Aberdeen Asset Management PLC, Aberdeen's parent, has an independent Remuneration Committee that has sole responsibility for authorizing all compensation payments to senior employees, many of which will be investment professionals. This committee is also mandated to agree the design of any incentive scheme that must ultimately go for shareholder approval.

To evaluate its investment professionals, Aberdeen uses a Performance Management Process. Objectives evaluated by the process are related to investment performance and generally take into account peer group and benchmark related data. The ultimate goal of this process is to link the performance of investment professionals with client investment objectives and to deliver investment performance that meets clients' risk and return objectives. When determining total compensation, Aberdeen considers a number of quantitative and qualitative factors such as:

- o Investment performance over various periods i.e. 1, 3 and 5 years versus benchmark (such as the benchmark used in the prospectus) and appropriate peer group, taking into consideration risk targets. Qualitative measures include adherence to the investment process and individual contributions to the process, among other things. In addition, Aberdeen assesses compliance, risk management and teamwork skills.
- o Other factors, including contributions made to the investment team as well as adherence to compliance, risk management, and general good corporate behavior of Aberdeen, are part of a discretionary component which gives management the ability to reward these behaviors on a subjective basis through bonus incentives.

In addition, Aberdeen analyzes competitive compensation levels through the use of extensive market data surveys. Portfolio manager compensation is reviewed and may be modified each year as appropriate to reflect changes in the market, as well as to adjust the factors used to determine overall compensation to promote good sustained investment performance.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

On December 12, 2005, the Registrant's Board of Trustees adopted an Amended Nominating and Governance Committee Charter which included some material changes to the procedures by which shareholders may recommend nominees to the Registrant's board of trustees as described below:

Any proposal to elect any person nominated by shareholders for election as trustee may only be brought before an annual meeting of the Registrant if timely written notice (the "Shareholder Notice") is provided to the secretary of the Registrant. Unless a greater or lesser period is required under applicable law, to be timely, the Shareholder Notice must be delivered to or mailed and received at Registrant's address, 1001 Warrenville Road, Suite 300, Lisle, Illinois 60532, Attn: W. Scott Jardine, not less than forty-five (45) days nor more than

sixty (60) days prior to the first anniversary date of the date of the Registrant's proxy statement released to shareholders for the prior year's annual meeting; provided, however, if and only if the annual meeting is not scheduled to be held within a period that commences thirty (30) days before the first anniversary date of the annual meeting for the preceding year and ends thirty (30) days after such anniversary date (an annual meeting date outside such period being referred to herein as an "Other Annual Meeting Date"), such Shareholder Notice must be given in the manner provided herein by the later of the close of business on (i) the date forty-five (45) days prior to such Other Annual Meeting Date or (ii) the tenth (10th) business day following the date such Other Annual Meeting Date is first publicly announced or disclosed.

Any shareholder submitting a nomination of any person or persons (as the case may be) for election as a trustee or trustees of the Registrant shall deliver, as part of such Shareholder Notice: (i) a statement in writing setting forth (A) the name, age, date of birth, business address, residence address

and nationality of the person or persons to be nominated; (B) the class or series and number of all shares of the Registrant owned of record or beneficially by each such person or persons, as reported to such shareholder by such nominee(s); (C) any other information regarding each such person required by paragraphs (a), (d), (e) and (f) of Item 401 of Regulation S-K or paragraph (b) of Item 22 of Rule 14a-101 (Schedule 14A) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (or any successor provision thereto); (D) any other information regarding the person or persons to be nominated that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitation of proxies for election of trustees or directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and (E) whether such shareholder believes any nominee is or will be an "interested person" of the Registrant (as defined in the Investment Company Act of 1940) and, if not an "interested person," information regarding each nominee that will be sufficient for the Registrant to make such determination; and (ii) the written and signed consent of any person to be nominated to be named as a nominee and to serve as a trustee if elected. In addition, the trustees may require any proposed nominee to furnish such other information as they may reasonably require or deem necessary to determine the eligibility of such proposed nominee to serve as a trustee.

Without limiting the foregoing, any shareholder who gives a Shareholder Notice of any matter proposed to be brought before a shareholder meeting (whether or not involving nominees for trustees) shall deliver, as part of such Shareholder Notice: (i) the description of and text of the proposal to be presented; (ii) a brief written statement of the reasons why such shareholder favors the proposal; (iii) such shareholder's name and address as they appear on the Registrant's books; (iv) any other information relating to the shareholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies with respect to the matter(s) proposed pursuant to Section 14 of the Exchange Act; (v) the class or series and number of all shares of the Registrant owned beneficially and of record by such shareholder; (vi) any material interest of such shareholder in the matter proposed (other than as a shareholder); (vii) a representation that the shareholder intends to appear in person or by proxy at the shareholder meeting to act on the matter(s) proposed; (viii) if the proposal involves nominee(s) for trustees, a description of all arrangements or understandings between the shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by the shareholder; and (ix) in the case of a shareholder (a "BENEFICIAL OWNER") that holds shares entitled to vote at the meeting through a nominee or "street name" holder of record, evidence establishing such Beneficial Owner's indirect ownership of, and entitlement to vote, shares at the meeting of
