Table of Contents**INFORMATION TO BE INCLUDED IN THE REPORT****Section 1. Registration s Business and Operations****Item 1.01 Entry Into a Material Definitive Agreement**

On September 28, 2006, Phoenix Footwear Group, Inc. (the Company) entered into award agreements for performance based deferred stock awards under its Amended and Restated 2001 Long-Term Incentive Plan (the Plan) with the following executive officers and directors:

Name and Title	Number of Shares of Common Stock Underlying Award
James R. Riedman, Chairman, President and Chief Executive Officer	75,000
Kenneth E. Wolf, Chief Financial Officer and Secretary	45,000
Steven DePerrior, Director	5,000
Robert Gunst, Director	5,000
Gregory Harden, Director	5,000
John Kratzer, Director	5,000
Fred Port, Director	5,000
John Robbins, Director	5,000

The performance-based awards vest upon the achievement, on or before May 31, 2009, of Company annual net revenue and before tax net income goals measured on a twelve month trailing basis. The underlying shares are issued following the vesting of award. The Compensation Committee of the Company s Board of Directors approved the forms of award agreement for these performance-based deferred stock awards on August 3, 2006. A copy of the forms of award agreement for executive officers and directors are attached hereto as Exhibit 10.1 and Exhibit 10.2, respectively.

The Company has sought to realign its equity compensation structure by using performance-based deferred stock awards. The Company had in the past primarily utilized stock options as equity compensation under the Plan. Now with performance-based deferred stock awards, the Company will begin recognizing compensation expense for these awards based on the fair value when vesting becomes probable. Since the cost is not recognized until the time that the awards cliff vest, no compensation cost would be recognized on awards for which employees do not render the requisite service. Additionally, the vesting opportunity would expire if the performance targets are not achieved by May 31, 2009. This is distinguished from stock option compensation under the Plan where the cost is recognized over the period during which an employee is required to provide service in exchange for the stock option grant.
