DARDEN RESTAURANTS REPORTS FIRST QUARTER
EARNINGS PER DILUTED SHARE OF 40 CENTS

ORLANDO, FL, September 24 - Darden Restaurants, Inc. today reported quarterly sales of \$1.26 billion for the first quarter ended August 24, 2003, and earnings per diluted share of 40 cents.

"This was a challenging quarter for Darden," said Joe Lee, Darden's Chairman and Chief Executive Officer. "As we previously indicated, we did not expect growth in diluted earnings per share this quarter. Outstanding financial performance at Olive Garden, including solid same-restaurant sales growth despite strong sales comparisons from the prior year, contributed greatly to our reported earnings. However, crab cost increases and other developments at Red Lobster worked to offset some of this benefit. Looking ahead to the second quarter, we had expected to report modest same-restaurant sales and earnings growth. However, due to sales trends below our expectations at some of our businesses thus far in fiscal September, we now believe that second quarter diluted earnings per share will fall short of prior year's results. We expect the second quarter diluted earnings per share to be in the range of 15 to 18 cents. We reiterate our expectations for diluted earnings per share growth of 8% to 12% this fiscal year."

Also, Darden announced that Dick Rivera, its President and Chief Operating Officer, has assumed additional responsibility as the President of Red Lobster effective immediately. "Dick is a proven leader with great talent and has committed himself to putting Red Lobster back on the path to strong, healthy financial growth," said Lee.

Edna Morris, formerly President of Red Lobster, is leaving the Company to pursue new career opportunities. "We appreciate her many contributions to Darden and value her working with Dick to transition responsibilities smoothly," said Lee. "We wish her the very best."

Highlights for the quarter ended August 24, 2003, include the following:

- o Earnings after tax in the first quarter were \$68.6 million, or 40 cents per diluted share, on sales of \$1.26 billion. Last year, earnings after tax were \$71.9 million, or 40 cents per diluted share, on sales of \$1.17 billion.

- o Total sales of \$1.26 billion represent a 7.2% increase over prior year, and establish a new quarterly record for Darden.
- o Olive Garden reported its 36th consecutive quarter of same-restaurant sales growth with a 3.9% increase.
- o Red Lobster reported its 23rd consecutive quarter of same-restaurant sales growth with a 1.1% increase.
- o Same-restaurant sales for Olive Garden and Red Lobster would have been approximately 0.5% higher but were adversely affected by two factors - this year's shift of the Independence Day holiday from Thursday in 2002 to Friday in 2003 and the power outage that impacted several states during August.
- o The Company continued its share repurchases buying back 1.4 million shares of its common stock in the quarter.

Operating Highlights

OLIVE GARDEN'S first quarter sales of \$547.4 million were 9.8% above prior year, driven by revenue from 31 net new restaurants in operation versus last year and a same-restaurant sales increase of 3.9%. This is the 36th consecutive quarter of comparable-restaurant sales growth for Olive Garden and builds on a 4.8% increase in the first quarter last year. The company's increased sales, combined with lower food and beverage expense and restaurant labor costs as a percent of sales, more than offset increased restaurant expenses as a percent of sales, resulting in a record quarterly profit that also represents a strong double-digit operating profit increase over last year. This quarter's total sales, operating profit and return-on-sales were the highest for any quarter in the company's 20-year history.

"It was a tremendous quarter for Olive Garden," said Drew Madsen, President of Olive Garden. "We are extremely pleased with our performance, especially the positive guest traffic we achieved this quarter. We launched a new menu, promoted two new ravioli entrees that were very popular with our guests and introduced some powerful new advertising. Additionally, our team continues to deliver a great experience that delights our guests with a genuine Italian dining experience and also differentiates us from our competitors."

RED LOBSTER'S first quarter sales of \$633.9 million were 2.5% above prior year, driven by revenue from 7 net new restaurants in operation versus last year and a same-restaurant sales increase of 1.1%. This is the 23rd consecutive quarter of comparable-restaurant sales growth for Red Lobster and builds on a 6.6% increase in the first quarter last year. Red Lobster's total sales, however, were lower than expected. Despite lower labor costs and selling, general, and administrative expenses as a percent of sales, Red Lobster experienced increased food and beverage costs, restaurant expenses, and depreciation as a percent of

sales. This led to a decline in operating profit versus last year.

"This was a disappointing quarter for Red Lobster," said Dick Rivera. "While guests responded to the 'World of Crab' promotion featuring several different crab entrees, sales and operating profit did not reach anticipated levels. And, much of the reported sales increase was related to pricing on crab entrees, which reflected the higher year-over-year cost of crab. Despite these results, Red Lobster remains a strong brand with great consumer loyalty. We have a dedicated and capable crew that is intent on improving the guest experience while delivering solid sales and operating profit growth. I am looking forward to working closely with the entire Red Lobster crew."

BAHAMA BREEZE opened two restaurants since the end of the first quarter, one in Cherry Hill, NJ and the other in Towson, MD, bringing the total number in operation to 36 restaurants. Two more openings are scheduled for this fiscal year.

SMOKEY BONES opened five restaurants during the first quarter. In addition, the company has opened four more restaurants since the end of the quarter, bringing the total number in operation to 48 restaurants. During this fiscal year, 25 to 30 restaurants are expected to open.

Other Actions

Darden continued the buyback of its common stock, purchasing 1.4 million shares in the first quarter. Since commencing its share repurchases in December 1995, the Company has repurchased a total of 99.9 million shares under authorizations totaling 115.4 million shares.

The Board of Directors also declared a cash dividend of 4 cents per share on the Company's outstanding common stock. The dividend is payable on November 1, 2003 to shareholders of record at the close of business on October 10, 2003. Based on this 4-cent semi-annual dividend declaration, the Company's indicated annual dividend is 8 cents per share.

August 2003 Same-Restaurant Sales Results

Darden reported same-restaurant sales for the four-week August fiscal month ended August 24, 2003. This period is the last month of Darden's fiscal 2004 first quarter.

Same-restaurant sales at Red Lobster were up 11% to 12% for fiscal August, which reflected a 2% to 3% increase in guest counts and an 8% to 9% increase in check average. The check average increase was a result of a 1% to 2% increase in pricing and a 6% to 7% increase from menu mix changes. Last year, Red Lobster had a 4% to 5% increase in same-restaurant sales during fiscal August.

Same-restaurant sales at Olive Garden were up approximately 6% for fiscal August, which reflected a 3% to 4% increase in guest counts and a 2% to 3% increase in check average. The check average increase was a result of a 2% to 3% increase in pricing and a 0% to 1% increase from menu mix changes. Last year, Olive Garden had a 3% to 4% increase in same-restaurant sales during fiscal August.

The Company estimates that the power outage in several states during fiscal August adversely affected August same-restaurant sales results at both Red Lobster and Olive Garden by approximately 0.4%.
