-

***Section 1 – Registrant’s Business and Operations***

**Item 1.01. Entry into a Material Definitive Agreement**

As previously disclosed, on May 9, 2007, the Board of Directors of CVS Caremark Corporation (the “Corporation”) approved a share repurchase program for up to \$5.0 billion of its outstanding common stock. The authorization permits the Corporation to effect the repurchases from time to time through a combination of open market repurchases, privately negotiated transactions and/or accelerated share repurchase transactions.

As previously disclosed, on May 13, 2007, the Corporation entered into an accelerated share repurchase transaction with an affiliate of Lehman Brothers, Inc., pursuant to which the Corporation purchased an aggregate of 67.5 million shares of common stock for \$2.5 billion. The final settlement of that transaction occurred on October 5, 2007.

On November 6, 2007, the Corporation entered into an accelerated share repurchase transaction with an affiliate of Lehman Brothers, Inc. (the “seller”). Pursuant to the terms of the transaction, the Corporation purchases outstanding shares of common stock from the seller for approximately \$2.3 billion. The seller makes an initial delivery of shares to the Corporation shortly after execution of the transaction, and may deliver additional shares to the Corporation at or prior to maturity of the transaction. The total number of shares to be repurchased will be subject to a minimum and maximum number of shares, which will be determined based on the average price of the Corporation’s common stock over an initial period beginning shortly after execution of the transaction. The final aggregate number of shares repurchased will be determined based on the average price of the Corporation’s common stock over a period of approximately one to four months immediately following such initial period. The agreement for the accelerated share repurchase transaction is attached as Exhibit 10.1 to this Current Report on Form 8-K.
