Status Report

Report by the Audit Committee on the result of its deliberation on the plan to establish "ASE Industrial (1) Holding Co., Ltd." through a share transfer between the Company and Siliconware Precision Industries Co., Ltd. (SPIL). (Proposed by the Board of Directors)

1. To respond to the increasingly competitiveness of the global semiconductor industry, a proposal has been made for the Company to jointly execute a share transfer agreement with SPIL to establish an investment holding company (hereinafter referred to as "the new holding company") which shall acquire a 100% equity stake in the Company and SPIL.

Explanation:

2. The Company's Audit Committee has carefully reviewed the details of this proposed share transfer; details concerning the results of the Committee's review as well as the independent expert's report on the reasonableness of the transaction price of the proposed share transfer are provided in Attachment 1.

Matters for Discussion (1)

Case 1 (proposed by the Board of Directors)

Proposal : Please discuss the proposed plan for the Company to jointly execute a share transfer with Siliconware Precision Industries Co., Ltd. (SPIL) for the purpose of making the newly-established "ASE Industrial Holding Co., Ltd." acquire 100% of all shares of the Company and Siliconware Precision Industries Co., Ltd. (SPIL) and terminate the stock listings of the Company and Siliconware Precision Industries Co., Ltd. (SPIL), and request for approval by the shareholders' meeting for passage of the share transfer agreement and supplementary provisions thereto and this proposed share transfer.

Explanation: 1. To respond to the increasingly competitiveness of the global semiconductor industry, a proposal has been made for the Company to jointly execute a share transfer agreement with SPIL to establish "ASE Industrial Holding Co., Ltd." (hereinafter referred to as the "new holding company") which shall acquire all outstanding shares of the Company and SPIL Upon completion of the share transfer, the Company and SPIL will simultaneously become wholly owned subsidiaries of the new holding company, and the stock listings of the Company and SPIL will be terminated accordingly (hereinafter referred to as the "proposed share transfer").

2. Under the proposal, each full share of the Company's common stock will be offered for 0.5 share of the new holding company's common stock, and the Company's outstanding shares will be transferred in whole to the new holding company; the new holding company will then issue new common shares to the Company's shareholders as the share transfer consideration. Meanwhile, under the proposed share transfer, a cash consideration of NT\$55 per share of SPIL's common stock shall be made, wherein SPIL's outstanding shares shall be transferred in whole to the new holding company, and a corresponding cash payment will then be issued by the new holding company to SPIL's shareholders. During SPIL's 2016 General Meeting, it was resolved that a cash dividend of NT\$2.8 per share and cash dividend of NT\$1 per share paid from the capital surplus would be issued; after adjusting for these deductions, the aforesaid NT\$55 cash consideration will have a cash value of NT\$51.2 per share. The reasonableness of this share transfer price has been confirmed by an independent expert's report (see Attachment 1 for details).

3. Due to the fact that the proposed share transfer between the Company and SPIL had not been approved by all relevant antitrust authorities until November 24, 2017, in order to accommodate the required schedule of the proposed share transfer, the Company and SPIL jointly signed the "Supplemental Agreement to Joint Share Exchange Agreement" (see Attachment 2 of this Agenda for details concerning) in which it was agreed by both sides to extend the final transaction date for completing the proposed share transfer from December 31, 2017 to October 31, 2018. A motion to resolve the proposed share transfer and the share transfer agreement and the supplementary provisions (hereinafter referred to as the "the Proposal") is hereby requested.

4. In accordance with the regulations set forth under Article 29 of the Corporate Mergers and Acquisitions Act, after the Proposal has been approved by a resolution of the Company's shareholders, this Extraordinary General Meeting

The Audit Committee's Report on the Share Exchange Transaction

Pursuant to Article 6 of Business Mergers And Acquisitions Act and Articles 2 and 6 of Regulations Governing the Establishment and Related Matters of Special Committees of Public Companies for Merger/Consolidation and Acquisition, the Audit Committee shall function as the special committee for the proposed share exchange transaction.

Based on the above regulations, the Audit Committee has appointed Mr. Ji-Sheng Chiu, CPA, as the independent expert to deliver the fairness opinion. Mr. Ji-Sheng Chiu concluded in the opinion that (1) the share exchange ratio of each the Company's common share for 0.5 common shares of ASE Industrial Holding Co., Ltd. ("HoldCo") should be fair and reasonable and (2) the reasonable price range per common share of Siliconware Precision Industries Co., Ltd. ("SPIL") should be between NT\$46.98 and NT\$56.30 and the proposed exchange of each SPIL's common share for NT\$55 (including the NT\$ 2.8 per share cash dividend and NT\$1 per share distribution from capital reserve approved by SPIL's 2016 annual general meeting of shareholders) shall be fair and reasonable. The Audit Committee took into consideration the operation condition, future development of the Company and relevant factors. Further, the Joint Share Exchange Agreement of the share exchange is stipulated pursuant to applicable laws and regulations and the consideration and conditions of the share exchange shall be reasonable. The share exchange is unanimously approved by all members of Audit Committee present without objection and the review result will be submitted to the board of directors meeting and shareholders' meeting of the Company.

Pursuant to the request of the Securities and Exchange Commission, Mr. Ji-Sheng Chiu, CPA, was appointed as the independent expert to deliver a supplemental fairness opinion. Mr. Ji-Shen Chiu is of the opinion that (1) the share exchange ratio of each the Company's common share for 0.5 common shares of HoldCo should be fair and reasonable and (2) the reasonable price range per common share of SPIL should be between NT\$42.80 and NT\$56.51 and the proposed exchange of each SPIL's common share for NT\$55 to be paid by HoldCo for acquiring all of SPIL's common shares which has been adjusted to NT\$51.2 after excluding the NT\$2.8 per common share cash dividend distribution, as well as a NT\$1.0 per common share payment from capital reserve approved by resolution as SPIL's annual shareholders' meeting in 2016 should be fair.

Independent Expert Opinion

on the Fairness of the Consideration for Joint Share Exchange in the Joint Share Exchange Agreement between Advanced Semiconductor Engineering, Inc. and Siliconware Precision Industries Co., Ltd.

I. Introduction

Both Advanced Semiconductor Engineering Inc. (“**ASE**”) and Siliconware Precision Industries Co., Ltd. (“**SPIL**”) are the world’s leading companies in semiconductor packaging and testing sector. ASE and SPIL intend to enter into the Joint Share Exchange Agreement to newly establish ASE Industrial Holding Co., Ltd. (“**HoldCo**”) by joint share exchange whereby both ASE and SPIL will become wholly-owned subsidiaries of HoldCo, in order to pursue their operating scale and improve their overall operating performance while taking into account of the flexibility and efficiency of their individual independent operations (“**Share Exchange**”). The Share Exchange will result in the exchange of all of ASE common shares in consideration for newly issued common shares of HoldCo, at an exchange ratio of each ASE common share for 0.5 HoldCo common share. Furthermore, the Share Exchange will result in the exchange of each of SPIL’s issued and outstanding shares for NT\$55 in cash payable by HoldCo (“**Cash Consideration**”). The Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL’s annual general shareholder’s meeting for 2016. The fairness of the consideration for the Share Exchange under the Share Exchange Agreement is described and evaluated as below.

IV.

Consideration for Share Exchange and Fairness thereof

The consideration for Share Exchange will be at an exchange ratio of each ASE common share for 0.5 HoldCo common share and each of SPIL's issued and outstanding shares for Cash Consideration of NT\$55 payable by HoldCo.

The Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL's annual general shareholder's meeting for 2016. After the completion of the Share Exchange, both ASE and SPIL will become wholly-owned subsidiaries of HoldCo. The fairness of consideration for Share Exchange in respect of each of ASE and SPIL is described and evaluated as below:

(A)

ASE

1. ASE shareholders will contribute all the common shares held by them in ASE as of the share exchange record date in consideration of issue of their subscribed common shares required for the establishment of HoldCo. Following consummation of the Share Exchange, ASE will become a wholly-owned subsidiary of HoldCo, and previous ASE shareholders will become HoldCo shareholders. As such, similar to SPIL's Cash Consideration, ASE will become a wholly-owned subsidiary of HoldCo by exchange of the shares of one single company; theoretically, the rights of previous ASE shareholders

will not be affected by the exact Share Exchange ratio.

According to ASE's audited or reviewed consolidated financial statements as of March 31, 2016, its equity attributable to owners of parent amounted to NT\$158,016,614,000; based on the latest update from the Commerce and Industry Registration Enquiry System of Department of Commerce, Ministry of Economic Affairs, ASE had a total of 7,918,272,896 issued and outstanding common shares as of April 26, 2016. Therefore, its net book value per common share was NT\$19.956. Each ASE common share will be exchanged for 0.5 HoldCo common share resulting in 3,959,136,448 HoldCo common shares as of the share exchange record date. In addition, the net book value per common share as calculated based on ASE's equity attributable to owners of parent to be assumed by HoldCo will be increased in the ratio of 1:0.5. Based on ASE's equity attributable to owners of parent as of March 31, 2016, HoldCo's net book value per common share would be NT\$39.912 per share. For HoldCo common shareholders after the Share Exchange, the shareholders' equity will not be impaired in any way by the Share Exchange ratio.

Net value of ASE's equity attributable to owners of parent as of the share exchange record date may vary from that as of March 31, 2016. However, ASE shareholders will contribute all the common shares held by them in ASE as of the share exchange record date in consideration of and exchange for the common shares required for the establishment of HoldCo. As such, for HoldCo common shareholders after the Share Exchange, the shareholders' equity will not be affected as a result of the Share Exchange.

In summary, it shall be fair and reasonable for all of ASE's issued and outstanding shares to be exchanged for and in consideration of newly issued common shares of HoldCo at an exchange ratio of each ASE common share for 0.5 HoldCo common share resulting in ASE to become a wholly-owned subsidiary of HoldCo.

1.

Methodologies Used

There are many methods for evaluating stock value. In practice, common methods include: market approach, such as market price approach (focusing on listed target companies; the fair value can be estimated by market price on the stock exchange) and market comparison approach (based on financial information of target companies and their peers in the market, using market multiplier such as price-earnings ratio, price-book ratio for analysis and evaluation); income approach; and cost approach.

Among these methods, income approach requires the Company's estimates of future cash flow, involving multiple assumptions and having a higher uncertainty. Given its less objective nature compared to other methods, this method is not used. Cost approach examines and weighs SPIL's business model and capital structure. Therefore, it is not

appropriate for valuation and also not used. As such, we intend to use the market approach as primary evaluation method while taking into account of other non-quantitative factors, to evaluate the reasonable consideration of the Share Exchange for SPIL.

2.

Selection of Peers

Based on customer attributes, business activities and business model, ChipMOS Technologies (Bermuda) Ltd. (“**ChipMOS**”), Chipbond Technology Corporation (“**Chipbond**”) and Powertech Technology Inc. (“**Powertech**”) are selected as peers. The following table lists the financial conditions of these 3 peers for the first quarter of 2016:

Valuation

(1)

Market Price Approach

As SPIL is a listed company with its open market trading prices available for objective reference, this opinion sampled its recent publicly traded prices to evaluate the average closing prices for 60, 90 and 180 business days up to and including the valuation date of June 29, 2016 as follows:

Unit: NT\$

Item	Average closing price	Theoretical price range
Latest 60 business days	46.25	
Latest 90 business days	46.45	45.05 ~ 46.45
Latest 180 business days	45.05	

Note: Sources of ex-rights/ex-dividend adjusted closing prices are from compilations of Taiwan Economic Journal (10/5/2015~6/29/2016); all average prices are calculated by simple arithmetic averaging of ex-rights/ex-dividend adjusted closing prices.

(2)

Price-book Ratio Approach

The reasonable value per share of SPIL is estimated by calculating the net book value per share based on the financial information of SPIL and sampling the average price-book ratios of publicly traded peers - ChipMOS, Chipbond and Powertech for comparison purposes. The price-book ratios of publicly traded peers are calculated using their closing prices for 180 business days up to and including the valuation date of June 29, 2016 for sampling purposes and based on the total equity attributable to owners of parent in the respective peer's consolidated financial statements for the first quarter of 2016, the number of common shares for respective peer obtained from the Commerce and Industry Registration Enquiry System of Department of Commerce, Ministry of Economic Affairs and other financial data. The reasonable reference price of SPIL is imputed as follows:

Unit: NT\$

Comparable peers	Average closing price for latest 180 business days	Net value per share for the first quarter of 2016	Price-book ratio
ChipMOS	32.53	21.20	1.53
Chipbond	46.86	36.31	1.29
Powertech	65.31	44.48	1.47

Note: Sources of ex-rights/ex-dividend adjusted closing prices are from compilations of Taiwan Economic Journal (10/5/2015~6/29/2016); all average prices are calculated by simple arithmetic averaging of ex-rights/ex-dividend adjusted closing prices.

Unit: NT\$

Item	Description

Net value per share of SPIL for the first quarter of 2016	23.23
Theoretical price range	29.97 ~ 35.54

(3)

Price-earnings Ratio Approach

The reasonable value per share of SPIL is estimated by calculating the earnings per share based on the financial information of SPIL and sampling the average price-book ratios of publicly traded peers - ChipMOS, Chipbond and Powertech for comparison purposes. Earnings per share for the four quarters ended the first quarter of 2016 are estimated, and thereby the average price-earnings ratios of publicly traded peers are calculated, using their closing prices for 180 business days up to and including the valuation date of June 29, 2016 for sampling purposes and based on the net profits attributable to owners of parent in the respective peer's consolidated financial statements for 2015

and the first quarter of 2016, the number of common shares for respective peer obtained from the Commerce and Industry Registration Enquiry System of Department of Commerce, Ministry of Economic Affairs and other financial data. The reasonable reference price of SPIL is imputed as follows:

-17-

Unit: NT\$

Comparable peers	Average closing price for latest 180 business days	Earnings per share in last four quarters	Price-earnings ratio
ChipMOS	32.53	2.09	15.56
Chipbond	46.86	2.64	17.75
Powertech	65.31	5.37	12.16

Unit: NT\$

Item	Description
Range of multipliers	12.16 ~ 17.75
Consolidated earnings per share of SPIL	2.49
Theoretical price range	30.28 ~ 44.20

(4)

Summary

Calculation results of value of common shares under the foregoing evaluation methods are summarized as below. The above three methods have their theoretical and practical basis. Therefore, for avoidance of biases in the evaluation process, the imputation used 33.3% for purposes of weighted averaging by taking into account of other non-quantitative key factors with reference to the statistics of Bloomberg and the average premium rate of 33.86% of the global merger and acquisition cases in semiconductor industry since the third quarter of 2015. On these basis, the reasonable price range per share of SPIL shall be from NT\$46.98 to NT\$56.30. As such, we are of opinion that it shall be fair and reasonable for each SPIL common share in exchange of Cash Consideration of NT\$55 (the Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL's annual general shareholder's meeting for 2016).

Unit: NT\$

Evaluation method	Reference price range per share	Weight	Theoretical price range per share	Reference price range after adjustment
Market Price Approach	45.05~ 46.45	33.3%		
Price-book Ratio Approach	29.97~35.54	33.3%	35.10~ 42.06	46.98~ 56.30

**Independent Expert Opinion
on the Fairness of the Consideration for Joint Share Exchange in the Joint Share Exchange Agreement
between Advanced Semiconductor Engineering, Inc. and Siliconware Precision Industries Co., Ltd.**

I. Introduction

Both Advanced Semiconductor Engineering Inc. (“**ASE**”) and Siliconware Precision Industries Co., Ltd. (“**SPIL**”) are the world’s leading companies in semiconductor packaging and testing sector. ASE and SPIL intend to enter into the Joint Share Exchange Agreement to newly establish ASE Industrial Holding Co., Ltd. (“**HoldCo**”) by joint share exchange whereby both ASE and SPIL will become wholly-owned subsidiaries of HoldCo, in order to pursue their operating scale and improve their overall operating performance while taking into account of the flexibility and efficiency of their individual independent operations (“**Share Exchange**”). The Share Exchange will result in the exchange of all of ASE common shares in consideration for newly issued common shares of HoldCo, at an exchange ratio of each ASE common share for 0.5 HoldCo common share. Furthermore, the Share Exchange will result in the exchange of each of SPIL’s issued and outstanding shares for NT\$55 in cash payable by HoldCo (“**Cash Consideration**”). The Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL’s annual general shareholder’s meeting for 2016. The fairness of the consideration for the Share Exchange under the Share Exchange Agreement is described and evaluated as below.

IV. Consideration for Share Exchange and Fairness thereof

The consideration for Share Exchange will be at an exchange ratio of each ASE common share for 0.5 HoldCo common share and each of SPIL's issued and outstanding shares for Cash Consideration of NT\$55 payable by HoldCo. The Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL's annual general shareholder's meeting for 2016. After the completion of the Share Exchange, both ASE and SPIL will become wholly-owned subsidiaries of HoldCo. The fairness of consideration for Share Exchange in respect of each of ASE and SPIL is described and evaluated as below:

(A)

ASE

ASE shareholders will contribute all the common shares held by them in ASE as of the share exchange record date 1. in consideration of issue of their subscribed common shares required for the establishment of HoldCo. Following consummation of the Share Exchange, ASE will become a wholly-owned subsidiary of HoldCo, and previous ASE

shareholders will become HoldCo shareholders. As such, similar to SPIL's Cash Consideration, ASE will become a wholly-owned subsidiary of HoldCo by exchange of the shares of one single company; theoretically, the rights of previous ASE shareholders will not be affected by the exact Share Exchange ratio.

According to ASE's reviewed consolidated financial statements as of September 30, 2017, its equity attributable to owners of parent amounted to NT\$185,159,550,000; based on the latest update from the Commerce and Industry Registration Enquiry System of Department of Commerce, Ministry of Economic Affairs, ASE had a total of 8,724,619,364 issued and outstanding common shares as of October 26, 2017. Therefore, its net book value per common share was NT\$21.22265. Each ASE common share will be exchanged for 0.5 HoldCo common share resulting in 4,362,309,682 HoldCo common shares as of the share exchange record date. In addition, the net book value per common share as calculated based on ASE's equity attributable to owners of parent to be assumed by HoldCo will be increased in the ratio of 1:0.5. Based on ASE's equity attributable to owners of parent as of September 30, 2017, HoldCo's net book value per common share would be NT\$42.44530 per share. For HoldCo common shareholders after the Share Exchange, the shareholders' equity will not be impaired in any way by the Share Exchange ratio.

Net value of ASE's equity attributable to owners of parent as of the share exchange record date may vary from that as of September 30, 2017. However, ASE shareholders will contribute all the common shares held by them in ASE as of the share exchange record date in consideration of and exchange for the common shares required for the establishment of HoldCo. As such, for HoldCo common shareholders after the Share Exchange, the shareholders' equity will not be affected as a result of the Share Exchange.

In summary, it shall be fair and reasonable for all of ASE's issued and outstanding shares to be exchanged for and in consideration of newly issued common shares of HoldCo at an exchange ratio of each ASE common share for 0.5 HoldCo common share resulting in ASE to become a wholly-owned subsidiary of HoldCo.

Methodologies Used

There are many methods for evaluating stock value. In practice, common methods include: market approach, such as market price approach (focusing on listed target companies; the fair value can be estimated by market price on the stock exchange) and market comparison approach (based on financial information of target companies and their peers in the market, using market multiplier such as price-earnings ratio, price-book ratio for analysis and evaluation); income approach; and cost approach.

Among these methods, income approach requires the Company's estimates of future cash flow, involving multiple assumptions and having a higher uncertainty. Given its less objective nature compared to other methods, this method is not used. Cost approach examines and weighs SPIL's business model and capital structure. Therefore, it is not appropriate for valuation and also not used. As such, we intend to use the market approach as primary evaluation method while taking into account of other non-quantitative factors, to evaluate the reasonable consideration of the Share Exchange for SPIL.

2.

Selection of Peers

Based on customer attributes, business activities and business model, ChipMOS

Technologies (Bermuda) Ltd. (“**ChipMOS**”), Chipbond Technology Corporation (“**Chipbond**”) and Powertech Technology Inc. (“**Powertech**”) are selected as peers. The following table lists the financial conditions of these 3 peers for the third quarter of 2017:

Market Price Approach

As SPIL is a listed company with its open market trading prices available for objective reference, this opinion sampled its recent publicly traded prices to evaluate the average closing prices for 60, 90 and 180 business days up to and including the valuation date of January 12, 2018 as follows:

Unit: NT\$

Item	Average closing price	Theoretical price range
Latest 60 business days	49.15	
Latest 90 business days	48.77	48.38 ~ 49.15
Latest 180 business days	48.38	

Note: Sources of ex-rights/ex-dividend adjusted closing prices are from compilations of Taiwan Economic Journal (5/2/2017~1/12/2018); all average prices are calculated by simple arithmetic averaging of ex-rights/ex-dividend adjusted closing prices.

(2)

Price-book Ratio Approach

The reasonable value per share of SPIL is estimated by calculating the net book value per share based on the financial information of SPIL and sampling the average price-book ratios of publicly traded peers - ChipMOS, Chipbond and Powertech for comparison purposes. The price-book ratios of publicly traded peers are calculated using their closing prices for 180 business days up to and including the valuation date of January 12, 2018 for sampling purposes and based on the total equity attributable to owners of parent in the respective peer's consolidated financial statements for the third quarter of 2017, the number of common shares for respective peer obtained from the Commerce and Industry Registration Enquiry System of Department of Commerce, Ministry of Economic Affairs and other financial data. The reasonable reference price of SPIL is imputed as follows:

Unit: NT\$

Comparable peers	Average closing price for latest 180 business days	Net value per share for the third quarter of 2017	Price-book ratio
ChipMOS	28.87	20.50	1.41
Chipbond	50.89	36.26	1.40
Powertech	91.24	46.91	1.95

Note: Sources of ex-rights/ex-dividend adjusted closing prices are from compilations of Taiwan Economic Journal (5/2/2017~1/12/2018); all average prices are calculated by simple arithmetic averaging of ex-rights/ex-dividend adjusted closing prices.

Net value per share of SPIL for the third quarter of 2017	21.62
Theoretical price range	30.27 ~ 42.16

(3)

Price-earnings Ratio Approach

The reasonable value per share of SPIL is estimated by calculating the earnings per share based on the financial information of SPIL and sampling the average price-book ratios of publicly traded peers - ChipMOS, Chipbond and Powertech for comparison purposes. Earnings per share for the four quarters ended the third quarter of 2017 are

estimated, and thereby the average price-earnings ratios of publicly traded peers are calculated, using their closing prices for 180 business days up to and including the valuation date of January 12, 2018 for sampling purposes and based on the net profits attributable to owners of parent in their respective peer's financial statements for the fourth quarter of 2016 and consolidated financial statements for the third quarter of 2017, the number of common shares for respective peer obtained from the Commerce and Industry Registration Enquiry

System of Department of Commerce, Ministry of Economic Affairs and other financial data. The reasonable reference price of SPIL is imputed as follows:

Unit: NT\$

Consolidated earnings per share of SPIL	2.64

Summary

Calculation results of value of common shares under the foregoing evaluation methods are summarized as below. The above three methods have their theoretical and practical basis. Therefore, for avoidance of biases in the evaluation process, the imputation used 1/3 for purposes of weighted averaging by taking into account of other non-quantitative key factors with reference to the statistics of Bloomberg and the average premium rate of 30.92% of the global merger and acquisition cases in semiconductor industry since the third quarter of 2017. On these basis, the reasonable price range per share of SPIL shall be from NT\$42.80 to NT\$56.51. As such, we are of opinion that it shall be fair and reasonable for each SPIL common share in exchange of Cash Consideration of NT\$55 (the Cash Consideration is adjusted to NT\$51.2 after deduction of cash dividends distribution of NT\$2.8 per share and capital reserve cash distribution of NT\$1 per share as resolved at SPIL's annual general shareholder's meeting for 2016).

10. Guarantee of the Benefits and Rights of SPIL's Employees

10.1 HoldCo shall retain all SPIL Employees as of the Share Exchange Record Date. SPIL Employees to be retained after the completion of the Share Exchange will continue to enjoy the existing employee benefits, working conditions and personnel regulations as of the Execution Date. SPIL Employees' rights to employment shall be duly protected, save for where a SPIL Employee commits a material breach of laws or the personnel regulations of SPIL or SPIL Subsidiaries due to matters that are attributable to him/her and must be handled by SPIL in accordance with the relevant personnel regulation. HoldCo shall reserve a portion of its employee stock options for SPIL's employees when HoldCo issues new employee stock options. SPIL's board of directors may reasonably adjust SPIL's employee compensation and benefits by reference to ASE's employee compensation and benefits.

10.2 HoldCo shall set forth the methods to issue its employee stock options and the portion to be reserved for SPIL Employees based on the number of employees and employee's contribution, performance results and profitability of HoldCo's future subsidiaries; and SPIL will determine, in accordance with its personnel regulations, the proportion of such HoldCo's employee stock options to be distributed to SPIL's management and its other employees.

10.3 ASE and HoldCo agree that SPIL's management team may, based on its own discretion and within three months after the completion of the Share Exchange, implement reasonable and appropriate one-off plans to: (1) retain certain management team members of SPIL and/or (2) handle resignation requests from SPIL Employees who choose to terminate employment after the Share Exchange Record Date, provided that the SPIL management team does not violate its duty of loyalty or duty of care.

HoldCo and both Parties agree to waive the liability of any intermediary, its owner or employee arising from its engagement in the Transaction or provision of advisory and other services to the Parties; provided, however, this Article does not extend to the criminal liability, or legal liability arising from willful misconduct or gross negligence, of any of legal or natural persons as set forth above.

11. Independent Operation of SPIL

11.1

Before the completion of the Share Exchange, ASE and SPIL are companies independent from each other, operate independently and, through healthy competition, improve their individual operating efficiencies and economies of scale as well as research innovation achievements, thereby providing customers with more complete services and alleviate concerns of order transfers from customers due to concentration risk. As a result of such independent operation model, the competition restriction concerns or disadvantages to

overall economic interests arising from the publicity and consummation of the Transaction can be avoided. Therefore, on the basis that SPIL's independent operation and concurrence of competition and cooperation between both Parties shall be maintained, both Parties agree to file explanations on the arrangement of the Transaction to relevant Antitrust Law Enforcement Authorities of Relevant Countries or Regions, to enable them to approve the Transaction.

After the Share Exchange is completed, HoldCo will become a parent company holding one hundred percent SPIL shares and continue to maintain the independent operation of, and concurrence of competition and cooperation between, both Parties, and SPIL shall retain its legal entity name; provided that the relevant laws and regulations are not violated, and no duty of care or duty of loyalty of SPIL's directors to SPIL is breached, and without violating the interest of HoldCo, HoldCo agrees:

(1) All of SPIL's operations shall be resolved by SPIL's board of directors. SPIL's board of directors shall have independent decision power on SPIL's organizational documents, personnel, payroll or welfare systems, financial budgets, audit, technology research and development, operations and marketing and other matters so as to maintain SPIL's independent operation;

(2) any matter regarding SPIL's rights and obligations shall be completed by SPIL's board of directors or under its authorization, and the operation of SPIL's businesses shall also be conducted by SPIL's board of directors or under its directions;

(3) Based on the principle of reciprocity, HoldCo will, as long as allowed by its capability, provide guarantees, fundings or supports sufficient to cause other financing parties to provide fundings (including, but not limited to, repayment guarantee documentation acceptable to other financing parties) whenever SPIL has funding needs (including, but not limited to, the needs for capital expenditure and working capital in its annual budget/annual plans) in order to meet the financing needs of SPIL; and

(4) HoldCo shall agree that SPIL retain the management team and employees of SPIL and maintain their current organizational structure, compensation and relevant benefits as of the Execution Date. During the existence of SPIL as a subsidiary of HoldCo, SPIL's board of directors shall have full autonomy in deciding and nominating future candidates for directors and supervisors of SPIL (and HoldCo shall appoint such candidates thereupon) (who shall not be replaced or otherwise removed without consent of SPIL's board of directors), and maintain the current compensation and relevant benefits of SPIL's directors as of the Execution Date. In addition, HoldCo may in no way dispose of its shares in SPIL without SPIL's consent (including, but not limited to, sale, pledge, or otherwise encumbrance), and SPIL's board of directors may continue to operate independently and determine the organizational structure, compensation and relevant benefits of SPIL, in order to facilitate the maintenance of SPIL's current and future independent business and operation model after the completion of the Share Exchange.

For the avoidance of doubt, upon resolution of each Party's board of directors and general shareholders' meeting (including HoldCo's promoters' meeting) approving this Agreement, the provisions of this Agreement regarding SPIL's independent operation are deemed to comply with the laws and regulations set forth in Article 11.2 hereof without

violating the interest of HoldCo.

-48-

Based on the principle of reciprocity, SPIL will, as long as allowed by its capability, provide guarantees, fundings or supports sufficient to cause other financing parties to provide fundings (including, but not limited to, 11.3 repayment guarantee documentation acceptable to other financing parties) whenever HoldCo has the funding needs (including, but not limited to, the needs for capital expenditure and working capital in the annual budget/annual plan) in order to meet the financing needs of HoldCo.

11.4 The major organizational structure of HoldCo and major subsidiaries operated by HoldCo after completion of the Share Exchange is shown in Appendix 4 hereto.

After the completion of the Share Exchange, none of 100% Subsidiaries (including, but not limited to, ASE and SPIL) or any of their directors, managers or agents may, before discussion and consensus reached with HoldCo, 11.5 offer, agree to, reach or enter into any agreement with any third party that is not a Party regarding an Alternate Transaction. Upon instruction, if any, of a competent authority regarding restrictions on 100% Subsidiaries entering into Alternate Transactions, Article 11.5 hereof shall be subject to adjustment as per such instruction.

HoldCo and its subsidiaries (other than SPIL) shall not provide to ASE with customers and competition 11.6 information obtained from SPIL, including, but not limited to, production and sales costs, product price/quantity, suppliers and other information, unless otherwise agreed by SPIL and in compliance with Antitrust Law.

Except as set forth herein, in managing SPIL or handling SPIL matters, SPIL directors and/or managers shall not 11.7 violate their duty of loyalty or duty of care to SPIL, and shall protect SPIL without violating the interest of HoldCo.

12. Principles in Dealing with Treasury Shares and Equity-Linked Securities

ASE has repurchased treasury shares before the Share Exchange Record Date for the purpose of Share Exchange in cooperation with ASE's issuance of US\$200,000,000 unsecured foreign convertible bonds on July 2, 2015. However, the shares that have not been converted will continue to be owned by ASE and will be converted to the 12.1 shares of HoldCo as of the Share Exchange Record Date in accordance with the Exchange Ratio for processing afterwards under the original purpose for repurchase of treasury shares or in accordance with relevant laws and regulations. The terms and conditions for conversion shall remain the same as original terms and conditions, except that the conversion price of the unsecured foreign convertible bonds shall be adjusted in accordance with Exchange Ratio.

12.2 For the outstanding balance of US\$400,000,000 unsecured foreign convertible bonds issued by ASE on September 5, 2013, except where the bonds have been redeemed or repurchased and cancelled or converted by the holders by exercising their conversion rights before Share Exchange Record Date, the holders of such unsecured foreign convertible bonds may, after ASE obtains approval from all relevant competent authorities and after Share Exchange Record Date, convert such outstanding balance into newly issued HoldCo common shares.

The conversion shall be subject to applicable laws and the indenture of such unsecured foreign convertible bonds and the Exchange Ratio. The conversion of the unsecured foreign convertible bonds into HoldCo common shares does not require separate approval from ASE's board meeting or shareholders' meeting or HoldCo's shareholders' meeting.

For the stock options issued by ASE upon the approval from relevant competent authorities before the execution of this Agreement, HoldCo will assume ASE's obligations under the stock options as of the Share Exchange Record Date. Except that the exercise price and amount shall be adjusted in accordance with Exchange Ratio 12.3 herein and that the shares subject to exercise shall be converted into HoldCo's newly issued common shares, all other terms and conditions for issuance will remain the same. The final execution arrangements shall be made by HoldCo in compliance with relevant laws and regulations and subject to the approval of relevant competent authorities.

ASE shall cause HoldCo to warrant, and warrants severally and jointly with HoldCo, to SPIL that, if any SPIL Foreign Convertible Bonds have not been redeemed or repurchased and cancelled or converted by the bond holders thereof by exercising their conversion rights as of the Share Exchange Record Date, HoldCo will pay the Cash Consideration (subject to adjustments in accordance with laws, regulations and/or applicable requirements under Article 4 hereof) to the bond holders thereof exercising their conversion rights after the Share Exchange 12.4 Record Date. In addition, HoldCo and SPIL shall separately agree to execute a supplemental indenture with the trustee of SPIL Foreign Convertible Bonds whereby HoldCo and SPIL will become co-obligors in respect of the redemption of SPIL Foreign Convertible Bonds and HoldCo agrees to pay the Cash Consideration (subject to adjustment in accordance with laws, regulations and/or applicable requirements under Article 4 hereof) to the bond holders thereof exercising their conversion rights.

Shares repurchased pursuant to this Article shall be dealt with under relevant laws and regulations.

14. Events of Default

14.1 If a Party fails to perform or breaches any of its obligations, undertakings or representations and warranties under this Agreement (a default by either HoldCo or ASE hereunder shall be deemed to be a joint default by HoldCo and ASE to which HoldCo and ASE shall be jointly and severally liable), and if such failure or breach is by its nature remediable, and the non-defaulting Party requests the defaulting Party in writing to remedy such failure or breach within 15 days, the failure to remedy in such period of time after receiving such notice shall constitute an event of default under this Agreement, provided, however, except as otherwise specifically provided in Article 14.3 hereof, any of the representations and warranties made by either Party prior to the Share Exchange Record Date, even though there was failure to perform or breach of any of those representations and

warranties, shall be regarded as invalidated as of the Share Exchange Record Date.

- 14.2 If an event of default occurs and such event of default leads to the failure to consummate the Transaction on or before the Long Stop Date, the non-defaulting Party is entitled to

-50-

terminate or cancel this Agreement and claim from the defaulting Party necessary expenses incurred in entering into this Agreement and the performance of the Transaction hereunder. The foregoing shall be in addition to, not in lieu of, the rights, remedies and damages available under laws; provided that if the non-defaulting Party's contributory negligence has contributed to the occurrence of such event of default, relevant costs shall be adjusted based on the proportion of contributory negligence, which may be determined by an expert appraiser appointed by both Parties without arbitration; the foregoing is also applicable, mutatis mutandis, to the offset between losses and gains, if any, of non-defaulting Party from such event of default.

14.3 If a material event of default ("material event of default" refers to an event of breach under Article 8.1.1, Article 8.1.3, Article 8.1.5, Article 8.1.6, Article 8.2.2, Article 8.2.6, Article 8.3, Article 9, Article 10, Article 11, or the occurrence of a circumstance under Article 14.2) occurs, the non-defaulting Party shall not only be entitled to claim rights pursuant to the relevant provisions herein, but also entitled to claim liquidated damages of NT\$8.5 billion from the defaulting Party. In case of a contributory negligence as set forth in the second sentence of Article 14.2, the liquidated damages shall be adjusted accordingly.

15. Termination of this Agreement

15.2.2 If ASE fails to perform or breaches any of its obligations, undertakings or representations and warranties under this Agreement (1) which leads to the failure to satisfy the conditions set forth in Article 6.3, and (2) such breach is by its nature remediable and cannot be or is not remedied by ASE within 30 business days after

receiving from SPIL a written notice on such breach or failure to perform, and (3) which is not waived in writing by SPIL, SPIL may terminate this Agreement in writing.

- 15.3 If the Transaction is not consummated on or before the Long Stop Date, this Agreement shall be terminated automatically at 0:00am on the day immediately following the Long Stop Date.

After this Agreement is terminated or ceases to exist for any reason, except as otherwise provided by laws and regulations, either Party is entitled to request the other Party to return, within 7 business days after the termination of this Agreement, the documents, data, records, items, plans, trade secrets and any other tangible information that the other Party obtains pursuant to this Agreement. The Parties may retain the copies of such documents and information to the extent necessary to comply with relevant laws and regulations.

Unless terminated under Article 15.2.1, after this Agreement is terminated or ceases to exist for any reason, Article 8.1.1 and Article 8.2.5(3) hereof shall continue and remain the same effect within 6 months after the termination of this Agreement or its cessation to exist for any reason. 17. Other Agreements

17.1 After the Transaction has been approved by the boards of directors of ASE and SPIL, and relevant information has been made public, in case that ASE and SPIL agree to enter into statutory share exchange with a party other than the Parties, which will result in additional parties participating in the Transaction, the previously completed procedures or legal actions in connection with the Transaction shall be re-conducted by all then-participating parties.

17.2 The interpretations, effectiveness and performance of this Agreement shall be governed by ROC law. Any matter not covered herein shall be addressed in accordance with the relevant laws and regulations.

17.3 If any provision of this Agreement violates relevant laws and regulations and thereby becomes invalid, the part which is in violation of such laws and regulations shall be invalid while other provisions of this Agreement shall remain valid. If an amendment to any provision of this Agreement is required according to an approval of competent authorities, due to change of law or regulation or as required by a fact, such amendment shall be made jointly upon approval of competent authorities and resolutions of the boards of directors of HoldCo and/or both Parties, and consent of each Party's general shareholders' meeting shall not be required.

Disputes arising from this Agreement between ASE (and/or HoldCo) and SPIL shall be resolved by friendly

Except otherwise specifically agreed by both Parties in writing, ASE and SPIL agree that any oral or written discussions, agreements, contracts or undertakings entered into in relation to the Transaction (i.e. the Share Exchange) before this Agreement was executed shall be replaced by this Agreement and thereby be rendered invalid. In the event of any inconsistency in interpretation of meaning between the prior express agreement in writing and this Agreement, this Agreement shall prevail.

17.6 Amendments or alterations of this Agreement shall be made upon mutual written consent of both ASE (and HoldCo, if it has been established) and SPIL.

17.7 Either Party shall not transfer all or part of the rights under this Agreement to any third party or have any third party to assume all or part of the obligations under this Agreement without prior written consent of the other Party. As of the Execution Date, HoldCo has not yet been established; however, except to the extent applicable under law, as from the date that HoldCo's promoters meeting passes a resolution approving this Agreement, this Agreement will become effective upon HoldCo pending future establishment. ASE and HoldCo shall be jointly and severally liable to SPIL for all of HoldCo's obligations and duties to SPIL as agreed herein.

17.8 Before the Share Exchange Record Date, if either Party or HoldCo fails or delays its performance of the obligations under this Agreement due to a Force Majeure Event, it shall not be liable to the other Party. Upon occurrence of a Force Majeure Event, either Party shall notify the other Party within 5 days after it becomes aware of such events. Notwithstanding the foregoing, neither Party shall be exempted from continuing to perform its obligation under this Agreement as soon as possible when the Force Majeure Event shall have thereafter ceased.

1. The Shareholders' Meeting of ASE shall be conducted in accordance with the Rules specified herein.
Shareholders attending the meeting in person (or their proxies) shall wear attendance badges and shall submit
2. sign-in cards in lieu of signing in. ASE's weight of share ownership in attendance shall be based on the weight of share ownership described in the preceding, plus the weight of share ownership exercised via electronic voting.
Unless specified in Article 179 of the Company Act where there is no voting right entitled or such right is restricted by the applicable rules under the Company Act, a shareholder of ASE shall be entitled to one vote for each share held. When a shareholder is unable to attend the shareholders' meeting for whatever the reason, the shareholder may present a proxy statement printed by ASE that states the scope of authorization to entrust a proxy to attend the shareholders' meeting. With the exception of trust enterprises or stock affairs agencies approved by the competent securities authority, the votes that may be cast by one proxy representing two or more shareholders shall not exceed three percent of the votes of total shares issued; any votes in excess of that limit shall not be counted.
3. A shareholder may only execute one power of attorney and appoint one proxy only, which shall be delivered to ASE at least five days prior to the shareholders meeting. In case of overlapping proxies, the first one to arrive at ASE shall apply. Exception applies if one of the proxy forms is rescinded.

If a proxy has already been delivered to ASE and the shareholder wishes to personally attend the meeting or exercise his or her voting rights by electronic means, the concerned shareholder should notify ASE in writing two days prior to the shareholders' meeting to rescind the notice for proxy. If the shareholder fails to do so by the deadline, the voting right cast by the trustee agent shall govern.

4. Venue of shareholders meetings shall be where ASE is located or a different location convenient for shareholders to attend and for the meeting to be held with a commencement time no earlier than 9.00 a.m. or later than 3.00 p.m.
Unless otherwise stipulated in the Company Act, shareholders meetings shall be convened by the board and chaired by ASE Chairman. Article 208 Paragraph 3 of the Company Act shall be followed if the Chairman is on leave or unable to exercise his/her official functions for whatever the reason.
5. If a shareholders meeting is convened by someone having the right to convene a meeting, but who is not a member of the Board of Directors, the said person shall chair the meeting. If more than one person has the right to convene the meeting, one shall be elected to chair the meeting.
ASE may designate retained lawyers, certified public accountants or relevant personnel to attend the shareholders'

-117-

- The chairperson shall announce the commencement of the meeting when the scheduled time arrives. If the number of shareholders present represent less than half of all voting rights, the chairperson may delay the meeting. A meeting may be delayed twice for a combined maximum of one hour. If after two postponements the number of
8. shareholders present is still insufficient while representing at least one third of the total issued shares, provisional resolutions may be adopted in accordance with Article 175 Paragraph 1 of the Company Act. If prior to the end of the meeting the shareholders present represent at least half of the total issued shares, the chairperson may resubmit the provisional resolutions adopted by the meeting for a vote in accordance with Article 174 of the Company Act. Agenda of a shareholders meeting called by the board shall be decided by the board. The meeting shall proceed according to the agenda unless changed by a shareholders meeting resolution.

If the shareholders' meeting is convened by someone entitled to convene such a meeting but who is not a member of the Board of Directors, the rules of the preceding paragraph shall apply mutatis mutandis.

9. Unless by the resolution of the shareholders' meeting, the chairperson may not declare the meeting ended until all items on the agenda (including extemporaneous motions) arranged in the preceding two paragraphs have been completed.

After the meeting is declared ended, shareholders may not elect a chairperson to resume the meeting at the original location or at any other premises, unless such declaration by the chairperson has violated the rules of procedure, whereas one person may be elected the chairperson with the consent of one half of the votes represented by shareholders present to resume the meeting.

10. While the shareholders' meeting is in session, the chairperson may at his/her discretion allocate and announce time for breaks.

Before a shareholder present at the meeting speaks, he/she shall first fill out a statement slip stating therein the main points of the statement, the shareholder's account number (or the attendance identification number) and account name, so that the chairperson may determine the order of speaking. A shareholder present at the meeting

11. that merely submits a statement slip without speaking is considered not to have spoken. If the contents of the statement do not conform to the contents of the statement slip, the contents of the statement shall govern. Unless given consent by the chairperson and the speaking shareholder, other shareholders may not speak to interrupt when a shareholder is speaking; otherwise the chairperson shall stop the interruption. Unless permitted by the chairperson, no shareholder may speak more than twice regarding the same proposal, and shall not speak for more than five minutes each time.

12.

If a shareholder violates the rules outlined in the preceding paragraph or goes beyond the scope of proposals in speaking, the chairperson may stop him/her from speaking.

13. An institutional shareholder may assign only one proxy representative to attend the meeting on its behalf. In the event an institutional shareholder assigns two or more representatives to attend the shareholders' meeting, only one

of the representatives may speak on any single agenda item.
-118-

14. After a shareholder present at the meeting speaks, the chairperson may reply in person or assign relevant personnel to reply.

With respect to discussions of a proposal, if the chairperson feels that a consensus has been reached where a vote
 15. can be taken on the proposal, he/she may announce that the discussions shall cease and the proposal be submitted for a vote.
 16. The chairperson shall appoint monitors and ballot counters for voting on proposals. For qualifications, monitors must be shareholders. The results of each vote shall be announced on the spot and made into the minutes.

Unless otherwise provided by the Company Act or ASE's Articles of Incorporation, a proposal shall be approved by the consent of more than half of the votes of shares represented by shareholders present. In voting, a proposal is
 17. considered approved if the chairperson receives no dissenting opinions after requesting, which has the same effect as voting by ballot.

Where there is an amendment or an alternative for a proposal, the chairperson shall determine the order in which
 18. they are to be voted on with the original proposal. If any of these proposals is approved, alternative proposals shall be treated as rejected and not be voted on separately.
 19. The chairperson may instruct the inspectors (or security personnel) to assist in maintaining order in the meeting venue. While assisting in maintaining order at the venue, the inspectors (or security personnel) shall wear arm-bands reading "Inspector."
 20. All matters not provided by these Rules herein shall be handled in accordance with the Company Act, relevant laws and regulations, as well as ASE's Articles of Incorporation.
