Chairman's Letter

Dear Shareholder

On 15 February 2006, BHP Billiton announced with its half year results that it will return US\$2 billion to shareholders under a capital management programme. The programme will commence immediately with an A\$1.5 billion off-market buy-back of BHP Billiton Limited shares, with the balance being returned via on-market purchases, most likely in BHP Billiton Plc shares, subject to market conditions. This booklet invites you to participate in the off-market buy-back.

The Board has considered various ways to return surplus capital to shareholders and has determined that an off-market buy-back is an efficient means of achieving this and delivering benefits to both participating and non-participating shareholders. More detail on the rationale for undertaking an off-market buy-back is outlined in Sections 1.3 and 1.4. Eligible shareholders of BHP Billiton Limited may tender some or all of their shares at discounts of between 8 per cent and 14 per cent inclusive (at 1 per cent intervals) to the Market Price¹, or as a Final Price Tender (which is simply an election to receive the Buy-Back Price).

BHP Billiton Limited will determine the Buy-Back Price according to the Tenders lodged by eligible shareholders and the Market Price.

For Australian tax purposes the Buy-Back Price comprises a capital component and a fully franked deemed dividend component. The Australian Taxation Office has agreed that shareholders who elect to participate in the Buy-Back will receive a capital component of A\$2.10 per Share², with the remainder of the Buy-Back Price deemed to be a fully franked dividend. General Australian tax implications of the Buy-Back for shareholders are included in Section 2 of this booklet. However, the off-market buy-back will have different tax consequences for different shareholders and you should obtain your own tax advice.

If you wish to submit a Tender, please ensure that your completed and signed Tender Form is received by the Registry or, if you are CHESS sponsored, your broker processes your Tender, no later than 7.00pm (Melbourne time) on Friday, 31 March 2006.

You do not need to take any action if you do not wish to participate in the Buy-Back. However, I encourage you to consider this document carefully. After reading this document, if you have any queries on how the Buy-Back operates or how you can participate, shareholders may contact our dedicated enquiry line on 1300 781 469 within Australia or +613 9415 4254 if you are calling from outside Australia. If you are in any doubt as to the action you should take, please contact your professional adviser.

Yours sincerely

Don Argus

Chairman

¹ Market Price (see definition in Section 5.1) is the volume weighted average price of BHP Billiton Limited ordinary shares on the ASX over the five trading days up to and including the Closing Date, excluding certain trades considered to be not at market trades.

² For Australian tax purposes, the sale proceeds of the Shares for shareholders other than those taxed as companies will be taken to be the A\$2.10 capital component plus the amount (if any) that the Tax Value exceeds the Buy-Back Price. See Section 2 for further details.

Key Features of the Buy-Back

Target size	A\$1.5 billion. However, BHP Billiton Limited may vary the size of the Buy-Back depending on demand
Tender range	Tenders can be lodged at discount percentages of 8 per cent to 14 per cent inclusive (at 1 per cent intervals) to the Market Price. The Market Price is calculated as the VWAP (see Section 5.1) of BHP Billiton Limited ordinary shares over the five trading days up to and including the Closing Date. The Market Price will be announced to the market and made available to shareholders on the BHP Billiton website or by calling the Buy-Back enquiry line by no later than 6.00pm (Melbourne time) on the Closing Date
Buy-Back Price	The Buy-Back Price will be calculated by applying the Buy-Back Discount selected by BHP Billiton Limited under the tender process to the Market Price
Capital component of the Buy-Back Price ¹	A\$2.10
Dividend component of the Buy-Back Price ²	The Buy-Back Price less A\$2.10
Eligible shareholders	You are eligible to participate in the Buy-Back if Shares are registered in your name on the Buy-Back Record Date (24 February 2006) and you are not an ineligible shareholder (see below)
Ineligible shareholders	Excluded Foreign Persons, including any person who is (or who is acting on behalf of or for the account of a person who is) in the United States or who is a US Person or a resident of Canada, are not eligible to participate in the Buy-Back. In addition, ADRs and Restricted Employee Shares may not be tendered into the Buy-Back (see Section 4.2)
Buy-Back Record Date	24 February 2006
Closing Date	7.00pm (Melbourne time) on Friday, 31 March 2006

¹ For Australian tax purposes, the sale proceeds for shareholders other than those taxed as companies will be taken to be the A\$2.10 capital component increased by any amount that the Tax Value exceeds the Buy-Back Price.

² For Australian tax purposes only.

What to do?

If you are an eligible shareholder, it is your choice as to whether or not to participate in the Buy-Back. To ensure that you make an informed decision, you should read this booklet and consider the details carefully. If you are in any doubt as to the action you should take you should consult your financial, taxation or other professional adviser immediately.

If you DO choose to participate

Please refer to Section 1.20 for details on how to participate.

You can choose any Tender Discount in the range between 8 per cent and 14 per cent inclusive (at 1 per cent intervals) to the Market Price at which you wish to have your Shares bought back (see Section 1.10).

You can choose to lodge a Final Price Tender and accept whatever Buy-Back Price is determined through the tender process (see Section 1.12).

You can make your Tender conditional on one of the specified Minimum Prices set out on your Tender Form (see Section 1.18).

If your Tender is successful, the Australian tax consequences will depend on your particular circumstances (see Section 2).

You should not have to pay any brokerage to sell your Shares into the Buy-Back.

If you DO NOT choose to participate

You do not need to take any action.

The number of Shares you hold will not change.

As a shareholder, you will benefit from any improvement in BHP Billiton's earnings per share, cash flow per share and return on equity, and you will continue to be subject to the normal benefits and investment risks associated with share ownership.

Section 6 provides instructions on how to fill out a Tender Form in order to participate in the Buy-Back.

Some words used in this booklet have defined meanings. Section 5 Definitions and Interpretation defines the capitalised words used throughout this booklet.

1 Details of the Buy-Back and Tender Process

This section sets out the terms of the Buy-Back and other information to assist you in making a decision whether to participate in the Buy-Back.

You should also have regard to other information previously made available to you about BHP Billiton, such as the BHP Billiton Limited Interim Report 2006, which can be reviewed online at www.bhpbilliton.com.

1.1 What is an off-market buy-back tender?

An off-market buy-back tender involves a company inviting eligible shareholders to offer to sell some or all of their shares to the company by way of a tender process. In Australia, the shares bought back are subsequently cancelled, thereby reducing the total number of shares the company has on issue.

Under this Buy-Back, Shares may be tendered by eligible shareholders to BHP Billiton Limited at any of the specified discounts in the Tender Discount range from 8 per cent to 14 per cent inclusive (at 1 per cent intervals) to the Market Price or as a Final Price Tender. Following the Closing Date, BHP Billiton will determine the Buy-Back Price, which will be the price which equates to the largest Tender Discount to the Market Price that will enable BHP Billiton Limited to purchase the amount of capital it determines to buy back.

1.2 Why is BHP Billiton implementing the Buy-Back?

As part of its half year profit announcement on 15 February 2006, BHP Billiton announced its intention to return around A\$1.5 billion (approximately US\$1.1 billion) of capital to shareholders by way of an off-market buy-back tender of BHP Billiton Limited shares. BHP Billiton may, however, vary the size of the Buy-Back depending on demand and may significantly exceed the proposed A\$1.5 billion amount if there is excess demand at an attractive price.

The Buy-Back is the first initiative in BHP Billiton's US\$2 billion capital management programme. The balance of the programme will involve an on-market buy-back, most likely of BHP Billiton Plc shares, subject to market conditions. Having regard to all of the options, BHP Billiton believes that, combined with its progressive dividend policy, this Buy-Back provides the optimal strategy for maximising economic value across its entire shareholder base.

1.3 What are the advantages of an off-market tender process?

BHP Billiton Limited is conducting the off-market Buy-Back by way of a tender process. The advantages of the tender process include the following:

- both participating and non-participating shareholders are expected to benefit from the Buy-Back as:

- for some shareholders, depending on their tax status, the after-tax return from participating in the Buy-Back may be greater than the sale of their Shares on-market; and

- the Buy-Back is expected to improve earnings per share, cash flow per share and return on equity for shareholders who continue to hold shares in BHP Billiton;

- the Buy-Back allows BHP Billiton Limited to buy back Shares at a discount of at least 8 per cent to the Market Price. This is likely to enable BHP Billiton Limited to buy back a greater number of Shares than under an on-market buy-back for the same amount of capital;

participation is optional and shareholders have maximum flexibility to tailor their participation to suit their own circumstances. In particular, you can choose:

- whether to tender your Shares into the Buy-Back;

- how many Shares to tender; and

- the basis upon which to tender your Shares (for example, at what Tender Discount(s) or as a Final Price Tender, with the option to make your Tender conditional on a Minimum Price);

- all eligible shareholders have an equal opportunity to participate in the Buy-Back;

the tender process enables BHP Billiton Limited to determine the most appropriate number of Shares to buy back based on shareholder demand; and

shareholders should not have to pay any brokerage to sell their Shares into the Buy-Back.

The Board believes that the Buy-Back can be undertaken without prejudicing the Group's ability to maintain its current dividend policy. Furthermore, while the Buy-Back will result in a reduction of BHP Billiton Limited's franking account balance, the Board expects BHP Billiton Limited to be in a position to fully frank its dividends for the foreseeable future. Further information about the effect of the Buy-Back on BHP Billiton is set out in Section 3.

1.4 Did BHP Billiton consider other ways of returning capital?

The Board has considered various ways to return surplus capital to shareholders, including off-market buy-backs, on-market buy-backs, special dividends and pro-rata capital returns. The Board considers that, at this time, it is in the best interests of BHP Billiton and its shareholders as a whole to pursue an off-market buy-back of BHP Billiton Limited shares as part of the Group's capital management programme. The benefits of the Buy-Back are discussed in Section 1.3 above.

The Board believes that returning surplus capital to shareholders through an off-market share buy-back provides an important component of the optimal strategy for maximising economic value across BHP Billiton's entire shareholder base. Both participating and non-participating shareholders are expected to benefit from the Buy-Back. The Buy-Back is expected to enhance earnings per share and cash flow per share to a greater extent than a special dividend, a pro-rata capital return or an on-market buy-back. In addition, a special dividend and a pro-rata capital return would need to be paid to all shareholders of BHP Billiton Limited and BHP Billiton Plc, and these mechanisms are not considered to be the most efficient way to return capital to shareholders.

In contrast to an on-market buy-back, the Buy-Back will enable the purchase of Shares at a material discount to prevailing market prices. As a result, the Buy-Back is expected to have a greater impact on earnings per share and cash flow per share than an on-market buy-back as it enables a higher number of Shares to be purchased for the same amount of capital.

1.5 Am I entitled to tender Shares into the Buy-Back?

If you are eligible to participate, you are entitled to tender up to 100 per cent of the Shares which are registered in your name on the Buy-Back Record Date (24 February 2006) and which, in accordance with the applicable Settlement Rules, confer an entitlement to participate in the Buy-Back. Shares acquired on the ASX on or after the ex-entitlement date (20 February 2006) generally will not be registered in your name by the Buy-Back Record Date and therefore will not carry an entitlement to participate in the Buy-Back.

The maximum number of Shares you are entitled to tender into the Buy-Back is set out in Box A on your personalised Tender Form enclosed with this booklet.

The Buy-Back Invitation is not being made to any Excluded Foreign Person. In particular, the Buy-Back Invitation is not being made to any person in the United States or any US Person or resident of Canada. ADRs and Restricted Employee Shares may not be tendered into the Buy-Back (refer to Section 4.2).

1.6 How does the Buy-Back compare to selling my Shares on the stock market?

Depending on your individual circumstances, if you sell your Shares on the ASX (or other applicable stock market), the Australian tax consequences of doing so may be different from selling your Shares into the Buy-Back (see Section 2 for general details in relation to Australian tax implications, but note that shareholders should consider their own particular tax circumstances).

In addition, to execute a share sale on the ASX, you may need to appoint a broker and pay brokerage whereas you should not need to appoint a broker or pay brokerage to participate in the Buy-Back.

However, it is likely that you will be able to sell your Shares through the ASX for a price that is higher than the Buy-Back Price. This is because the prices at which eligible shareholders can tender Shares into the Buy-Back are at discounts of between 8 per cent and 14 per cent inclusive to the Market Price. Therefore, it is more than likely that the Company's share price on the ASX will be higher than the Buy-Back Price during and possibly after the Tender Period.

1. Details of the Buy-Back and Tender Process continued

To provide shareholders with an indication of the possible after-tax proceeds from selling their Shares into the Buy-Back compared to selling their Shares through the ASX, BHP Billiton Limited intends to provide access to a tax calculator through its website (*www.bhpbilliton.com*) from approximately 28 February 2006 to 10 April 2006. By making the Buy-Back Invitation and setting the tender range, BHP Billiton Limited is not making any recommendation or giving any advice on the value of your Shares or whether (or how) you should sell your Shares. Before you decide what to do with your Shares, the Company strongly recommends that you seek your own professional advice.

1.7 Will I receive the 2006 interim dividend if my Shares are bought back?

Yes. All shareholders with an entitled registered holding on 3 March 2006 will receive the 17.5 US cents per share fully franked dividend in respect of that holding, whether or not they participate in the Buy-Back.

1.8 Do I have to tender my Shares?

Participation in the Buy-Back is entirely at your discretion. You do not have to tender your Shares if you do not want to. If you do not wish to participate, you do not have to take any action.

1.9 What does the Buy-Back mean for me if I do not participate?

If you choose not to participate, you are an Excluded Foreign Person or your Tender is unsuccessful, the number of Shares you hold will not change as a result of the Buy-Back. After the Buy-Back is completed, you will hold a slightly larger percentage of the total shares in BHP Billiton Limited (as there will be fewer shares on issue). You will benefit from any improvement in earnings per share, cash flow per share and return on equity as a result of there being fewer shares on issue and you will continue to be subject to the normal investment risks associated with share ownership.

1.10 What price will BHP Billiton Limited pay to buy back my Shares?

The Buy-Back Price will be the price that equates to the largest Tender Discount in the range of between 8 per cent and 14 per cent inclusive (at 1 per cent intervals) to the Market Price that will enable BHP Billiton Limited to purchase the amount of capital it determines to buy back.

For each Share purchased from you under the Buy-Back, you will receive a cash amount determined in accordance with the following formula:

$$A = B \times (1 - C)$$

Where: **A** is the Buy-Back Price (that is the price per Share rounded to the nearest cent, to be paid for all Shares bought back under the Buy-Back);

B is the Market Price; and

C is the Buy-Back Discount (as a percentage).

So, for example, if the relevant Market Price is A\$25.00 and the Buy-Back Discount is 14 per cent, the Buy-Back Price would be A\$21.50 (i.e. A\$25.00 x (1 - 0.14)).

The Buy-Back Price will not exceed the Tax Value. The Tax Value is the price used by the ATO to determine for Australian tax purposes the market value of the relevant Shares when the Buy-Back occurs. The Tax Value will be A\$24.42, adjusted for the movement in the BHP Billiton Plc share price from the close of trading on the London Stock Exchange on 14 February 2006 to the opening of trading on the London Stock Exchange on the Closing Date. The method for determining the Tax Value is explained in more detail in Section 2.7.

You will be paid the Buy-Back Price for each of your Shares that is accepted by BHP Billiton Limited under the Buy-Back, even if your Tender Discount would have resulted in a lower price than the Buy-Back Price.

1.11 How will I know what the Market Price is?

The Market Price is calculated as the volume weighted average price of BHP Billiton Limited shares over the five trading days up to and including the Closing Date (excluding certain trades – see definitions of VWAP and Market Price in Section 5.1 for further details).

To provide an indication of the Market Price, BHP Billiton Limited will calculate and make available to shareholders the running VWAP during this five-day period. The running VWAP will be published on BHP Billiton's website at www.bhpbilliton.com and will be available through the enquiry lines from 8.30am on Tuesday, 28 March 2006 and will be updated cumulatively each day.

The actual Market Price, representing the VWAP for the full five-day period up to and including the Closing Date, will be available by no later than 6.00pm on Friday, 31 March 2006, and can be obtained by accessing the website or by calling the enquiry line on 1300 781 469 (within Australia) or +613 9415 4254 (from outside Australia). BHP Billiton also intends to announce the Market Price to the ASX (and other relevant exchanges) as soon as practicable.

1.12 What is a Final Price Tender?

A Final Price Tender is an offer to sell your Shares to BHP Billiton Limited at whatever price is ultimately determined to be the Buy-Back Price under the tender process. The Buy-Back Price could be as low as a 14 per cent discount to the Market Price or as high as an 8 per cent discount to the Market Price. If a large number of Final Price Tenders are submitted, it is more likely that the Buy-Back Price will be at a larger discount to the Market Price.

Final Price Tenders are designed to make it easier for retail shareholders to participate successfully in the Buy-Back. They will only be scaled back if the Buy-Back Price is set at a 14 per cent discount to the Market Price and the total number of Shares tendered at that discount and as Final Price Tenders is more than BHP Billiton determines to buy back. Therefore, if you wish to increase the likelihood that your Shares will be bought back, you may consider submitting a Final Price Tender.

1.13 How will I know what the Buy-Back Price is?

BHP Billiton intends to announce the Buy-Back Price to the ASX (and other relevant exchanges) as soon as possible after the Tender Period closes. BHP Billiton expects this announcement to be on Monday, 3 April 2006. The announcement will also be posted on BHP Billiton's website at www.bhpbilliton.com.

1.14 Will all the Shares I tender be bought back?

BHP Billiton Limited has announced that it intends to buy back A\$1.5 billion worth of Shares (approximately 1.9 per cent of the issued capital of BHP Billiton Limited as at 15 February 2006, assuming a A\$21.50¹ Buy-Back Price). However, the Company may vary the size of the Buy-Back depending on demand and may significantly increase the size of the Buy-Back if there is excess demand at an attractive price.

The success of your Tender will depend on your Tender Discount, the size and price of Tenders lodged by other shareholders and the total number of Tenders the Company accepts. There is no guarantee that all or even some of your Tender will be accepted.

1.15 How will I know how many of my Shares have been bought back?

No later than 10 April 2006, BHP Billiton Limited will send all shareholders who have tendered their Shares into the Buy-Back a statement notifying them of the number of their Shares (if any) that have been bought back and the price paid. Shareholders can also access this information on or after 3 April 2006 by contacting the Registry on 1300 781 469 within Australia or on +613 9415 4254 if you are calling from outside Australia. If you are a CHESS sponsored holder, you will receive written confirmation from CHESS of the successful Tenders made on your holding or Tenders withdrawn by your controlling participant.

¹ A\$21.50 is an example only and assumes a 14 per cent discount to an assumed share price of A\$25.00. You should not rely on this price as being the Buy-Back Price. See Section 1.10 for an explanation of how the Buy-Back Price will be determined.

1. Details of the Buy-Back and Tender Process continued

1.16 How will BHP Billiton determine successful Tenders and any scale back?

If BHP Billiton Limited proceeds with the Buy-Back and your Tender Discount is equal to or larger than the Buy-Back Discount, or you lodged a Final Price Tender, your Tender will be successful and your Shares will be bought back, subject to any scale back and, if applicable, any Minimum Price condition.

If your Tender Discount is smaller than the Buy-Back Discount, your Tender will be rejected and your Shares will not be bought back.

If you have chosen a Minimum Price and the Buy-Back Price is below that price, your Tender will be rejected and your Shares will not be bought back.

When may a scale back apply?

A scale back may apply if the total number of Shares tendered at a Tender Discount, which is equal to or greater than the Buy-Back Discount, and as Final Price Tenders, is more than the total number of Shares BHP Billiton Limited determines to buy back. In such circumstances, a scale back would apply as follows:

If the Buy-Back Discount is between 8 per cent and 13 per cent (inclusive)

Where the Buy-Back Discount is between 8 per cent and 13 per cent (inclusive):

- (a) Tenders at a Tender Discount greater than the Buy-Back Discount will be accepted in full;
- (b) Final Price Tenders will be accepted in full;
- (c) a Priority Allocation (see below) will be bought back from each shareholder who tendered Shares at the Buy-Back Price. If the shareholder tendered Shares equal to or less than the Priority Allocation at the Buy-Back Price, then all of those Shares will be bought back;
- (d) Small Holding Tenders (see below) will be accepted in full;
- (e) Tenders at the Buy-Back Discount (other than Final Price Tenders, Priority Allocations and Small Holding Tenders) will be scaled back on a pro-rata basis; and
- (f) Tenders at a Tender Discount smaller than the Buy-Back Discount will be rejected.

If the Buy-Back Discount is 14 per cent

Where the Buy-Back Discount is 14 per cent:

- (a) Tenders at a 14 per cent Tender Discount and Final Price Tenders will be accepted but will be scaled back on a pro-rata basis (other than Priority Allocations and Small Holding Tenders);
- (b) a Priority Allocation will be bought back from each shareholder who tendered Shares at a 14 per cent Tender Discount and/or as a Final Price Tender. If the shareholder tendered Shares equal to or less than the Priority Allocation at a 14 per cent Tender Discount and/or as a Final Price Tender, then all of those Shares will be bought back;
- (c) Small Holding Tenders will be accepted in full; and
- (d) Shares tendered at a Tender Discount smaller than 14 per cent will be rejected.

When the scale back is calculated, all fractions will be rounded down to the nearest Share.

If you want to reduce the likelihood of any scale back applying to your Tender, you may consider submitting a Final Price Tender (see Section 1.12 for further details). This is because in the event that a scale back applies, Shares tendered as a Final Price Tender will only be scaled back if the Buy-Back Price is based on a 14 per cent Tender Discount.

What is the Priority Allocation?

In the event of a scale back, BHP Billiton Limited will buy back the first 200 Shares successfully tendered by each shareholder or such lesser number of Shares determined to be the Priority Allocation as is required to ensure that BHP Billiton Limited buys back only the number of Shares it determines to buy back. If you successfully tender less than the Priority Allocation, then all of your Shares would be bought back as your Priority Allocation in the circumstances described above.

BHP Billiton is offering the Priority Allocation to ensure that small registered shareholders are not disadvantaged by any scale back and have the greatest opportunity to participate in the Buy-Back.

What is a Small Holding Tender?

A Small Holding Tender is a Tender submitted by a shareholder who tenders all of their Shares at one or more Tender Discounts equal to or greater than the Buy-Back Discount and/or as a Final Price Tender and who would have a Small Holding (80 Shares or less) created as a result of a scale back. As indicated above, Small Holding Tenders will be accepted in full and will not be scaled back.

However, if you become the registered holder of additional ordinary shares in BHP Billiton Limited after the Buy-Back Record Date and you are the registered holder of more BHP Billiton Limited ordinary shares at the Closing Date than you held on the Buy-Back Record Date, then your Tender will not be a Small Holding Tender and the scale back will apply to your Tender as it would to any other Tender.

1.17 How will the scale back affect my Tender?

The details of any scale back will be announced as soon as possible after the Closing Date. BHP Billiton expects to make this announcement on Monday, 3 April 2006. To assist you in understanding how a scale back may affect your Tender, the following two illustrative examples have been provided.

Examples

As an illustration, it is assumed that five shareholders with various sized holdings each tender Shares into the Buy-Back. In each of the two different examples:

the Buy-Back Discount (and corresponding Buy-Back Price) and the scale back percentage are varied; but

the total holding, the Shares tendered and the Tender Discounts are the same.

1. Details of the Buy-Back and Tender Process continued**Example 1 14 per cent Buy-Back Discount and 50 per cent scale back (illustrative example only)**

In example 1, it is assumed the Market Price is A\$25.00 and the Buy-Back Discount is 14 per cent, resulting in a Buy-Back Price of A\$21.50. It is also assumed in this example that the Priority Allocation is 200 Shares, that there is a 50 per cent scale back and that the shareholders have not specified a Minimum Price condition. Please be aware that this is an example only. You should not rely on A\$25.00 being the Market Price, nor A\$21.50 being the Buy-Back Price. The outcome of each Tender would be as follows:

Example 1: Outcome of Tenders lodged

Shareholder	Total holding of Shares	Shares tendered	Tender Discount	Price represented by Tender Discount	Outcome
A	15 000	5 000	10%	A\$22.50	Not successful, no Shares bought back
		5 000	12%	A\$22.00	Not successful, no Shares bought back
B	300	300		Final Price Tender	Successful, all 300 Shares bought back
C	6 000	6 000		Final Price Tender	Partially successful, 3 100 Shares bought back
D	4 300	300	12%	A\$22.00	Not successful, no Shares bought back
		4 000	14%	A\$21.50	Partially successful, 2 100 Shares bought back
E	1 000	300	12%	A\$22.00	Not successful, no Shares bought back

Shareholder A chose Tender Discounts that are smaller than the Buy-Back Discount so no Shares would be bought back.

Shareholder B tendered all of their 300 Shares as a Final Price Tender. The Tender would be successful and all 300 Shares would be bought back at the Buy-Back Price of A\$21.50. This is a Small Holding Tender as following the Priority Allocation of 200 Shares and scale back, Shareholder B would be left with 50 Shares (50 per cent of the remaining 100 Shares).

Shareholder C tendered all of their 6000 Shares as a Final Price Tender. The Final Price Tender would be partially successful: as a result of the Priority Allocation and the 50 per cent scale back, Shareholder C would have 3100 Shares bought back. This is not a Small Holding Tender, as following the Priority Allocation and scale back, Shareholder C would be left with more than 80 Shares (see scale back table below).

Shareholder D tendered 300 Shares at a 12 per cent Tender Discount and 4000 Shares at a 14 per cent Tender Discount. The Tender submitted at a 12 per cent Tender Discount would not be successful as it is smaller than the 14 per cent Buy-Back Discount. The Tender submitted at a 14 per cent Tender Discount would be successful but only 2100 of the 4000 Shares tendered would be bought back, as a result of the Priority Allocation and the 50 per cent scale back (see scale back table below). This is not a Small Holding Tender, as following the Priority Allocation and scale back, Shareholder D would be left with more than 80 Shares.

Shareholder E tendered 300 Shares at a 12 per cent Tender Discount. The Tender would not be successful as the 12 per cent Tender Discount is smaller than the 14 per cent Buy-Back Discount.

Example 1: Scale back table (illustrative example only)

Shareholder	Shares tendered at a 14% Tender Discount or as Final Price Tenders	Shares subject to scale back ¹	Scale back ²	Tender post scale back and Priority Allocation ^{2,3}	Shares Holding remaining ^{4,5}	Small Tender ⁵	Shares that are bought back ⁶
A	0			Scale back not applicable			
B	300	100	50%	250	50	YES	300
C	6 000	5 800	50%	3 100	2 900	NO	3 100
D	4 000	3 800	50%	2 100	1 900	NO	2 100
E	0			Scale back not applicable			

Notes:

- ¹ Under the Priority Allocation, the first 200 Shares are bought back from each shareholder who tenders Shares at the Buy-Back Discount (including Shares tendered as a Final Price Tender under this example), before the scale back applies. For example, Shareholder C has 5800 Shares that are subject to scale back (6000 - 200 = 5800).
- ² A scale back of 50 per cent means 50 per cent of the Shares subject to scale back would be bought back (not including Small Holding Tenders).
- ³ When the scale back is calculated, fractions will be rounded down to the next Share.
- ⁴ Shares remaining refers only to Shares remaining from those Shares which were tendered at a 14 per cent Tender Discount or as a Final Price Tender.
- ⁵ Shareholder B and Shareholder C both tendered all of their Shares as a Final Price Tender. As a result of the Priority Allocation and scale back, Shareholder B would be left with a Small Holding Tender (i.e. 80 Shares or less). On the other hand, Shareholder C is left with more than 80 Shares (i.e. 2900 Shares), so the Tender is not a Small Holding Tender.
- ⁶ Shares that are bought back refers only to Shares that are bought back from those Shares which were tendered at a 14 per cent Tender Discount or as a Final Price Tender.

Example 2-12 per cent Buy-Back Discount and 25 per cent scale back (illustrative example only)

In example 2, it is assumed the Market Price is A\$25.00 and the Buy-Back Discount is 12 per cent, resulting in a Buy-Back Price of A\$22.00. It is also assumed in this example that the Priority Allocation is 200 Shares, that there is a 25 per cent scale back and that the shareholders have not specified a Minimum Price condition. Please be aware that this is an example only. You should not rely on A\$25.00 being the Market Price, nor A\$22.00 being the Buy-Back Price. The outcome of each Tender would be as follows:

Example 2: Outcome of Tenders lodged

Shareholder	Total holding of Shares	Shares tendered	Tender Discount	Price represented by Tender Discount (A\$)	Outcome
A	15000	5000	10%	A\$22.50	Not successful, no Shares bought back
		5000	12%	A\$22.00	Partially successful, 3 800 Shares bought back
B	300	300		Final Price Tender	Successful, all 300 Shares bought back
C	6000	6000		Final Price Tender	Successful, all 6 000 Shares bought back
D	4300	300	12%	A\$22.00	Successful, all 300 Shares bought back
		4000	14%	A\$21.50	Successful, all 4 000 Shares bought back
E	1 000	300	12%	A\$22.00	Partially successful, 275 Shares bought back

Shareholder A tendered 5,000 Shares at a 10 per cent Tender Discount and 5000 Shares at a 12 per cent Tender Discount. The Tender submitted at a 10 per cent Tender Discount would not be successful as this Tender Discount is smaller than the Buy-Back Discount. The Tender submitted at a 12 per cent Tender Discount (A\$22.00) would be successful but only 3800 of the 5000 Shares tendered would be bought back as a result of the Priority Allocation and the 25 per cent scale back (see scale back table below). This is not a Small Holding Tender as Shareholder A did not tender all of their Shares at greater than or equal to the Buy-Back Discount.

Shareholder B tendered all of their 300 Shares as a Final Price Tender. All 300 Shares tendered would be bought back at the Buy-Back Price of A\$22.00, as Final Price Tenders are not subject to scale back where the Buy-Back Discount (i.e. 12 per cent) is not the largest Tender Discount of 14 per cent.

Shareholder C tendered all of their 6000 Shares as a Final Price Tender. All 6000 Shares would be bought back at the Buy-Back Price of A\$22.00. There will not be any scale back because the Buy-Back Discount is not the largest Tender Discount of 14 per cent.

Shareholder D tendered a total of 4300 Shares at two different Tender Discounts: 300 Shares at a 12 per cent Tender Discount and 4000 Shares at a 14 per cent Tender Discount. The Tender submitted at a 12 per cent Tender Discount would be successful and all 300 Shares would be bought back as it is a Small Holding Tender (see scale back table below). This is a Small Holding Tender since after the Priority Allocation and scale back are applied, Shareholder D

would be left with 80 Shares or less. The Tender submitted at a 14 per cent Tender Discount would also be successful as 14 per cent is greater than the Buy-Back Discount and all 4000 Shares would be bought back at A\$22.00.

Shareholder E tendered 300 of their Shares at a 12 per cent Tender Discount. The Tender would be partially successful and 275 Shares would be bought back (see scale back table below). This is not a Small Holding Tender since Shareholder E did not tender all of their Shares at greater than or equal to the Buy-Back Discount and/or as a Final Price Tender.

Example 2: Scale back table (illustrative example only)

Shareholder	Shares tendered at 12% Tender Discount ¹	Shares subject to scale back ²	Scale back ³	Tender post scale back and Priority Allocation ^{3,4}	Shares remaining ^{5,6}	Small Tender ⁶	Shares that are bought back ⁷
A	5000	4 800	25%	3 800	1 200	NO	3 800
B	0			Scale back not applicable			
C	0			Scale back not applicable			
D	300	100	25%	275	25	YES	300
E	300	100	25%	275	25	NO	275

Notes:

- ¹ Does not include Final Price Tenders because the Buy-Back Discount is not the largest Tender Discount of 14 per cent.
- ² Under the Priority Allocation, the first 200 Shares are bought back from each shareholder who tenders Shares at the Buy-Back Price, before the scale back applies.
- ³ A scale back of 25 per cent means 75 per cent of the Shares subject to scale back would be bought back (not including Small Holding Tenders).
- ⁴ When the scale back is calculated, all fractions are rounded down to the next Share.
- ⁵ Shares remaining refers only to Shares remaining from those Shares which were tendered at a 12 per cent Tender Discount.
- ⁶ Shareholder D tendered all of their Shares at or below the Buy-Back Price. As a result of the scale back and Priority Allocation, Shareholder D would be left with less than 80 Shares and so the Tender is a Small Holding Tender. Shareholder E did not tender all of their Shares so their Tender is not a Small Holding Tender.
- ⁷ Shares that are bought back refers only to Shares that are bought back from those Shares which were tendered at a 12 per cent Tender Discount.

1. Details of the Buy-Back and Tender Process continued**1.18 Can I elect a Minimum Price for the purchase of my Shares?**

If you choose to tender Shares into the Buy-Back, you will need to nominate a Tender Discount or lodge a Final Price Tender. In addition, you also have the option of making your Tender conditional on the Buy-Back Price being no less than one of the specified Minimum Prices set out on the Tender Form. Note that this is an additional option available to you but may affect the success of your Tender.

If you are concerned that movements in the Market Price after you lodge your Tender may result in your Tender corresponding to a lower Buy-Back Price than you are willing to sell your Shares for, then you may wish to make your Tender conditional on the Buy-Back Price being no less than a specified Minimum Price. If the Buy-Back Price is below your Minimum Price, then your Tender will be rejected and your Shares will not be bought back by BHP Billiton Limited.

If you choose to make your Tender conditional on the Buy-Back Price being no less than one of the specified Minimum Prices, you must do this in addition to nominating a Tender Discount between 8 per cent and 14 per cent inclusive (at 1 per cent intervals) to the Market Price, or a Final Price Tender. If you fail to nominate a Tender Discount of between 8 per cent and 14 per cent inclusive to the Market Price or a Final Price Tender, and only make your Tender conditional on the Buy-Back Price being no less than a specified Minimum Price, your Tender will be invalid and will not be accepted by BHP Billiton Limited.

1.19 How have BHP Billiton Limited shares performed over recent times?

The closing price of BHP Billiton Limited shares on the ASX on 14 February 2006, being the last trading day before the Company announced details of the Buy-Back, was A\$24.16.

The Company's highest and lowest market sale prices during each of the preceding six months were as follows:

Period	Low (A\$) ¹	High (A\$) ¹	Average Closing Price (A\$) ²
September 2005	\$ 19.81	\$ 22.48	\$ 21.05
October 2005	\$ 19.40	\$ 22.34	\$ 20.57
November 2005	\$ 20.66	\$ 22.31	\$ 21.48
December 2005	\$ 21.46	\$ 22.99	\$ 22.05
January 2006	\$ 22.76	\$ 26.63	\$ 24.33
February 2006 ³	\$ 23.68	\$ 26.32	\$ 25.04

1.20 How do I participate in the Buy-Back?

Step 1 Decide how many Shares you wish to sell

To participate in the Buy-Back, you first need to decide how many Shares you wish to sell.

The personalised Tender Form enclosed with this booklet sets out the maximum number of Shares you may tender into the Buy-Back. You may tender any number of Shares up to this maximum number.

You should not, before the Buy-Back Date, sell or offer to sell to others the Shares you have tendered into the Buy-Back unless you first withdraw or amend your Tender (see Section 1.21).

Step 2 Choose your Tender Discount(s) and/or a Final Price Tender

Once you have determined the number of Shares you wish to sell, you need to indicate the discount(s) to the Market Price at which you are willing to sell these Shares (your Tender Discount(s)).

You may tender your Shares at any discount in the range (from 8 per cent to 14 per cent to the Market Price) set out on the Tender Form or as a Final Price Tender. You may also tender different parcels of the Shares you wish to sell at different Tender Discounts. For example, you may tender one third of the Shares you wish to sell at a 14 per cent Tender Discount, one third at an 8 per cent Tender Discount and one third as a Final Price Tender. However, you may not tender the same Shares at different Tender Discounts (or at both a specified Tender Discount and as a Final Price Tender). Each parcel of Shares tendered at a different Tender Discount or as a Final Price Tender is a separate Tender. The total number of Shares that you tender into the Buy-Back should not exceed the number of entitled Shares that you held as at the Buy-Back Record Date, as set out in Box A on your Tender Form.

To provide shareholders with an indication of the possible after-tax proceeds from selling their Shares into the Buy-Back compared to selling their Shares through the ASX, BHP Billiton intends to provide access to a tax calculator through its website at www.bhpbilliton.com. The same information can be obtained by calling the enquiry line on 1300 781 469 (within Australia) or +613 9415 4254 (if you are calling from outside Australia).

For the purposes of the Buy-Back, the Company will commence calculating an estimate of the Market Price from 6.00pm on Monday, 27 March 2006 and will place this information on its website at www.bhpbilliton.com. Please note that the Market Price information placed on the Company's website will only be an estimate given that it will only include trading from opening on Monday, 27 March 2006 to the close of the previous day. The actual Market Price will be available by no later than 6.00pm on Friday, 31 March 2006 (see Section 1.11).

Shareholders may wish to delay submitting their Tender until towards the end of the Tender Period so that they can consider the approximate or actual Market Price before submitting their Tender Form.

Step 3 Choose your Minimum Price (optional)

In addition to choosing to tender your Shares at the specified Tender Discounts and/or as a Final Price Tender, you may also elect to impose a Minimum Price condition on your Tender (see Section 1.18). If you elect a Minimum Price, your Tender will be conditional upon the Buy-Back Price being no less than the Minimum Price as chosen by you on your Tender Form. The Minimum Price can only be one of the Minimum Prices specified on the Tender Form.

Step 4 Submit your Tender(s)

How you submit your Tender(s) will depend on the type of holding you have. This will be specified on your Tender Form.

(a) Issuer Sponsored Holdings

Once you have determined the number of Shares you wish to sell and your Tender Discount(s) and/or Final Price Tender, and, if you choose, your Minimum Price, you need to complete and sign your personalised Tender Form and return it to the Registry.

Your completed Tender Form must be received by the Registry by 7.00pm (Melbourne time) on Friday, 31 March 2006 at:

If sending by mail

1. Details of the Buy-Back and Tender Process continued

You can use the enclosed reply-paid envelope if you are posting your Tender Form in Australia. If you are sending your Tender Form by facsimile, do NOT send your original Tender Form to the Registry.

BHP Billiton Limited will not accept your Tender Form unless it is actually received at one of these addresses by 7.00pm (Melbourne time) on Friday, 31 March 2006. You should allow sufficient time for this to occur if you are sending your Tender Form by mail.

BHP Billiton Limited will also not accept Tender Forms:

- (a) from any person who does not represent that they are not (and they are not acting on behalf of or for the account of a person who is) in the United States, a US Person or a resident of Canada; or
- (b) that have been postmarked in the United States or Canada or that otherwise appear to BHP Billiton or its agents to have been sent from the United States or Canada.

American Depositary Receipts representing BHP Billiton Limited shares (ADRs) and Restricted Employee Shares may not be tendered into the Buy-Back.

If you have any questions in relation to the processing of your Tender Form, please contact the BHP Billiton Buy-Back enquiry line on 1300 781 469 from within Australia or on +613 9415 4254 if you are calling from outside Australia between the hours of 8.30am and 5.30pm (Melbourne time) on a business day. On the Closing Date, the enquiry line will remain open until 7.00pm (Melbourne time). Otherwise, please contact your professional adviser.

(b) CHESS Holdings

Once you have determined the number of Shares you wish to sell, your Tender Discount(s) and/or Final Price Tenders, and, if you choose, your Minimum Price, you need to instruct your controlling participant (normally your broker) in sufficient time for them to process your Tender so that it is received by the Registry by 7.00pm (Melbourne time) on Friday, 31 March 2006. The name of the controlling participant who manages your CHESS Holding as at the Buy-Back Record Date is printed on your Tender Form.

You should NOT send your Tender Form to the Registry.

If you are a CHESS Holder, you may receive written confirmation from CHESS of the Tenders made on your holding or Tenders withdrawn by your controlling participant. Irrespective of its wording, this confirmation is not an acceptance by BHP Billiton Limited of any Tender.

1.21 Can I withdraw or amend my Tender?

Once you have submitted a Tender, it can only be withdrawn or amended by following the procedures set out below.

(a) Issuer Sponsored Holdings

To withdraw a Tender you have submitted, you will need to submit a Withdrawal/Amendment Form, a copy of which is included at the back of this booklet. To obtain an additional Withdrawal/Amendment Form you should contact the BHP Billiton Buy-Back enquiry line between the hours of 8.30am and 5.30pm (Melbourne time) on a business day on 1300 781 469 within Australia or on +613 9415 4254 if you are calling from outside Australia. Alternatively, you may download a copy of the Withdrawal/Amendment Form from BHP Billiton's website at www.bhpbilliton.com.

Withdrawal of Tenders

You may withdraw all of your Tenders by ticking the Withdrawal box on the Withdrawal/Amendment Form, completing your shareholder details, signing the form and sending it to the Registry at the address provided so that it is received by no later than 7.00pm (Melbourne time) on Friday, 31 March 2006.

Amendment of Tenders

If you wish to change the terms of all or some of your Tenders or you wish to withdraw some (not all) of your Tenders, you must tick the Amendment box on the Withdrawal/Amendment Form. You must then complete your shareholder details, complete the details of all of your Tenders on that form in accordance with the instructions shown on it and send it to the Registry so that it is received by no later than 7.00pm (Melbourne time) on Friday, 31 March 2006.

The effect of amending your Tenders by submitting a Withdrawal/Amendment Form will be to withdraw all of your previous Tenders and (where applicable) replace them with the Tenders detailed on that Withdrawal/Amendment Form. On the Withdrawal/Amendment Form you will need to complete the details of all of the Tenders you wish to

submit as if you had not previously submitted them. If your Withdrawal/Amendment Form is incomplete or incorrect, the Registry will make at least one attempt to contact you before the Closing Date. Where there is insufficient time or you cannot be contacted, your Withdrawal/Amendment Form may not be accepted (at the absolute discretion of BHP Billiton Limited) and your existing Tender may be accepted into the Buy-Back.

(b) CHESS Holdings

If you have a CHESS Holding, you will need to instruct your controlling participant in sufficient time for them to process your withdrawal or amendment by no later than 7.00pm (Melbourne time) on Friday, 31 March 2006.

If you have a CHESS Holding, you should NOT send a Withdrawal/Amendment Form to the Registry.

The effect of your controlling participant withdrawing or amending one or more of your Tenders will be to withdraw those Tenders, and in the case of an amendment to replace the amended Tenders with new Tenders.

If you are a CHESS Holder, you will receive written confirmation from CHESS of the withdrawals/amendments made in relation to your holding by your controlling participant. Irrespective of its wording, this confirmation is not an acceptance by BHP Billiton Limited of your withdrawal or amendment of any Tender.

1.22 How can I obtain additional Tender or Withdrawal/Amendment Forms?

If you require an additional Withdrawal/Amendment Form or any replacement Tender Forms, please call the BHP Billiton Buy-Back enquiry line on 1300 781 469 within Australia or on +613 9415 4254 if you are calling from outside Australia between the hours of 8.30am and 5.30pm (Melbourne time) on a business day.

Withdrawal/Amendment Forms can also be obtained by downloading a copy from BHP Billiton's website at www.bhpbilliton.com.

You should keep in mind that, in order to withdraw or amend your Tender at or near the end of the Tender Period, you will need to have sent your form so that it is received by the Registry (or, for CHESS Holders, processed by your controlling participant) by no later than 7.00pm on Friday, 31 March 2006.

1.23 Can ordinary shares held by BHP Billiton's employees be tendered?

Restricted Employee Shares are not eligible to be tendered into the Buy-Back and these shares have not been included on your Tender Form. However, any EIS Shares which you hold at the Buy-Back Record Date, which are not Restricted Employee Shares, have been included on your Tender Form and may be tendered into the Buy-Back.

If you hold EIS Shares and have any questions about tendering your EIS Shares, please call the Buy-Back enquiry line between the hours of 8.30am and 5.30pm (Melbourne time) on a business day on 1300 781 469 within Australia or on +613 9415 4254 if you are calling from outside Australia.

1.24 How will I receive payment for Shares bought back?

If you have an existing direct credit authority for the payment of dividends on your Shares recorded on the BHP Billiton Limited Share Register by 7.00pm (Melbourne time) on Friday, 31 March 2006, all proceeds due to you under the Buy-Back will be credited to your nominated bank account, provided it is domiciled outside the United States and Canada. If your nominated bank account is domiciled in the United States or Canada or you do not have a direct credit authority, you will receive a cheque in Australian dollars. Where dividends are normally paid in a currency other than Australian dollars, the Buy-Back proceeds will be paid in that other currency by direct credit, provided that BHP Billiton will only make payments in New Zealand dollars and pounds sterling. To determine the amounts payable in currencies other than Australian dollars, the Buy-Back proceeds will be converted into the relevant currency at the applicable exchange rate on the Buy-Back Date as determined by BHP Billiton.

Alternatively, if you wish to receive payment for Shares bought back in a form that is different from your current direct credit instructions for payment of dividends on your Shares, you may change your current direct credit instructions by providing written instructions to the Registry before 7.00pm (Melbourne time) on Friday, 31 March 2006. Please note that if you do alter your nominated bank account details, this will be taken to be your nominated bank account for future dividend payments.

Cheques and direct credit advices will be mailed to you at your risk to your address as shown on the BHP Billiton Limited Share Register at 7.00pm (Melbourne time) on Friday, 31 March 2006. It is your responsibility to inform the Registry of any changes to your contact details.

Payments to bank accounts and dispatch of cheques are expected to be completed by 10 April 2006. Payments to the accounts and the dispatch of cheques to the addresses on the BHP Billiton Limited Share Register will satisfy BHP Billiton Limited's obligation to pay you for any Shares bought back.

1. Details of the Buy-Back and Tender Process continued

1.25 Can I trade my Shares after submitting a Tender?

Once you have tendered Shares into the Buy-Back, you should not:

sell or offer to sell those Shares;

convert those Shares from an Issuer Sponsored Holding to a CHESS Holding or vice versa; or

move them between CHESS Holdings (for instance, if you change your controlling participant).

However, any Shares which you have not tendered into the Buy-Back may be sold or otherwise dealt with in the ordinary manner.

Once you have submitted a Tender, the number of Shares you have tendered will be locked and placed in a sub-position in the BHP Billiton Limited Share Register. You will not be able to deal successfully with those Shares until they are released from the sub-position. For the Shares to be released from that sub-position before the end of the Tender Period, you must withdraw or amend your Tender in accordance with the procedures set out in Section 1.21 of this booklet.

Withdrawals or amendments made in accordance with these procedures may not take immediate effect. You should take this into consideration if you wish to sell or offer to sell any of the Shares which you have tendered. If, at the Buy-Back Date, you do not hold at least the number of Shares you successfully tendered, BHP Billiton Limited may, in its absolute discretion, reject your Tender(s) or treat your Tender(s) as if you had tendered the number of Shares held by you at the Closing Date (see Sections 4.10 and 4.12 for further details).

1.26 If I purchase other Shares during the Tender Period, will my tendered Shares be affected?

Shareholders who tender their Shares to BHP Billiton Limited under the Buy-Back will be able to purchase additional shares in BHP Billiton Limited on or after 20 February 2006 without compromising their Australian tax position¹, specifically their entitlement for claiming related franking credits, on Shares sold into the Buy-Back. This is because:

those additional shares will not carry an entitlement to participate in the Buy-Back; and

the ATO has indicated that such additional shares acquired on an ex-entitlement basis on or after 20 February 2006 will be excluded from the last-in-first-out principle of the 45-day rule. The newly purchased shares will not affect shareholders' ability to receive franking credits on Shares acquired on or before 16 February 2006 which are successfully tendered into the Buy-Back (refer to Section 2.8).

General information on the Australian tax implications for shareholders participating in the Buy-Back is included in Section 2 of this booklet, but eligible shareholders will need to consider their own particular tax circumstances.

1.27 Can I still vote at general meetings if I tender all my Shares into the Buy-Back?

Shareholders who tender their Shares into the Buy-Back will be entitled to vote in respect of those Shares (in accordance with the voting rights attached to those Shares) at any general meeting that is held before the Closing Date. No general meeting is currently scheduled to take place before the Closing Date.

¹ Provided the additional Shares are not registered on or before 24 February 2006.

2 Australian Tax Implications for Shareholders

The following discussion is intended only as a general summary of the Australian income tax implications of participating in the Buy-Back.

If you decide to participate in the Buy-Back, your particular tax treatment will depend on your own circumstances. **It is therefore important that you seek professional tax advice to take into account your particular circumstances.**

2.1 Introduction

Unless otherwise specified, this discussion is based on income tax legislation and administrative practice as at 16 February 2006. These laws, the interpretation of them by the courts, and administrative practice may change at any time, and sometimes with retrospective effect. BHP Billiton Limited has received a draft Class Ruling from the ATO for shareholders who participate in the Buy-Back, which provides preliminary confirmation of a number of the statements contained in this summary. The ATO will not issue the Class Ruling in a form that is binding until after completion of the Buy-Back. Although it is not anticipated to be the case, when the binding Class Ruling is issued by the ATO, it is possible that it may express a view contrary to that set out below.

This general summary of the Australian income tax implications of participating in the Buy-Back is limited to shareholders who hold their Shares on capital account and therefore may be assessed for tax under the Capital Gains Tax (CGT) provisions on Shares bought back by BHP Billiton Limited. Some shareholders, for example those who carry on a business in dealing with shares, may be assessed on their dealings in shares other than under the CGT provisions. The tax consequences for those shareholders may differ significantly from those discussed below.

The Buy-Back will constitute an off-market buy-back for tax purposes. As BHP Billiton does not intend to set the Buy-Back Price at more than Tax Value, all of the Buy-Back Price in excess of A\$2.10 will be treated as a fully franked deemed dividend.

A shareholder participating in the Buy-Back will be taken, for CGT purposes, to have disposed of their Shares when BHP Billiton Limited accepts the Tender. This is anticipated to be on Monday, 3 April 2006. For Australian tax purposes, shareholders (other than those treated as Australian resident companies) will be treated as disposing of their Shares for the A\$2.10 capital component **plus** the amount (if any) by which the Tax Value exceeds the Buy-Back Price. The Tax Value is expected to be A\$24.42 adjusted for movement in the BHP Billiton **Plc** share price from the close of trading on the London Stock Exchange on 14 February 2006 to the opening of trading on the London Stock Exchange on the Closing Date (expected to be 31 March 2006) (see Section 2.7).

2.2 Australian resident individual

(a) Income tax Treatment of deemed dividend

An Australian resident individual participating in the Buy-Back will be deemed to have received a fully franked dividend equal to the excess of the Buy-Back Price over A\$2.10 for each Share bought back. The deemed dividend will be included in the individual's assessable income.

If a shareholder, whose Shares are bought back, is entitled to the benefit of franking credits on the deemed dividend (see Section 2.8 below) the shareholder will also:

include the franking credit on the deemed dividend in their assessable income; and

be entitled to a tax offset equal to the franking credit.

The tax offset may reduce the total tax payable by the shareholder on their taxable income. If the shareholder's total tax offsets exceed the total tax payable on his or her taxable income, the shareholder may be entitled to a cash refund of that excess.

2. Australian Tax Implications for Shareholders continued

(b) Capital Gains Tax Disposal of Shares (acquired after 19 September 1985)

An Australian resident individual participating in the Buy- Back will be deemed for CGT purposes to have disposed of each Share for capital proceeds of A\$2.10 plus the amount (if any) by which the Tax Value exceeds the Buy-Back Price. The method for calculating the Tax Value is discussed in Section 2.7.

The calculation of any capital gain in respect of Shares bought back will depend on when the Shares were bought. If a shareholder has held their Shares for less than 12 months, any capital gain will be calculated as the excess of the deemed capital proceeds over the CGT cost base of the Share. If the Share was acquired at or before 11.45am (ACT time) on 21 September 1999, the shareholder may choose whether to index the cost base to 30 September 1999 or to apply the CGT discount (which reduces the gain, net of any capital losses, by 50 per cent). Shareholders who acquired their Shares after 11.45am (ACT time) on 21 September 1999 and have held their Shares for at least 12 months must apply the CGT discount in calculating any capital gain on disposal.

Generally, the CGT cost base for a Share will be the amount the shareholder paid to acquire the Share together with certain incidental costs of acquisition, for example stamp duty and brokerage, and certain incidental costs of disposal. The cost base amount must also be adjusted for any capital reductions or bonus issues of shares. For example, on the formation of the DLC in 2001 a bonus issue of 1.0651 shares for each share held was made. Further, capital reductions were undertaken to facilitate the demerger of each of OneSteel Ltd in October 2000 (A\$0.66 per share reduction in the cost base per share before adjustment for DLC bonus shares) and BlueScope Steel Ltd in July 2002 (5.063 per cent reduction in cost base per share).

In determining the impact of the BlueScope Steel Ltd demerger, the ATO considers that where you acquired more than one parcel of BHP Billiton Limited shares before the demerger, an averaging methodology must be adopted for your cost base calculations. The ATO has released the following guidelines on the calculation of the CGT cost base of shares which participated in the BlueScope Steel Ltd demerger:

ATO Interpretative Decision 2005/134 issued by the ATO on 9 May 2005; and

ATO 2002 BHP Billiton Group Demerger Worksheet updated 1 April 2005.

Further details are available on the BHP Billiton website at http://www.bhpbilliton.com/bb/InvestorCentre/Shareholder_Services.jsp.

A capital loss for a Share disposed of under the Buy-Back will be the excess of the CGT cost base of the Share over the deemed capital proceeds. No allowance for indexation or non-capital costs is made in determining the cost base of the Share for this purpose.

The capital loss which arises under the Buy-Back may be greater than the capital loss which may have arisen under an equivalent sale of the Shares on-market. This is because the capital proceeds under the Buy-Back are limited to A\$2.10 plus the amount (if any) by which the Tax Value exceeds the Buy-Back Price, rather than the price at which the shareholder would have sold their Shares on-market. The lower deemed capital proceeds also means that any capital gain which may otherwise have arisen on disposal of the Shares is reduced or eliminated.

A capital loss that arises from the Buy-Back can only be used to offset capital gains made by the individual shareholder. Capital losses that are not used in the income year in which they arise may be carried forward and used to offset capital gains made in later income years.

Any capital loss arising from the Buy-Back cannot be offset against the deemed dividend or any franking credit included in the shareholder's assessable income.

Section 2.6 provides illustrative examples of the potential tax consequences for an Australian resident individual disposing of their Shares under the Buy-Back. The actual tax consequences will depend on the Buy-Back Price, the Tax Value, the individual's applicable marginal tax rate and their CGT cost base for the Shares.

2.3 Australian resident company

(a) Income tax Treatment of deemed dividend

An Australian resident company participating in the Buy-Back will be deemed to have received a fully franked dividend equal to the excess of the Buy-Back Price over A\$2.10 for each Share bought back.

The company shareholder will be required to include the deemed dividend in its assessable income.

If the shareholder is entitled to the benefit of franking credits on the deemed dividend (see Section 2.8 below), the shareholder will also:

include the franking credit on the deemed dividend in its assessable income;

¹ Shares acquired on or before 19 September 1985 will not normally be subject to CGT in Australia, however, the deemed dividend component of the Buy-Back Price for such Shares will be relevant for income tax purposes.

be entitled to a tax offset equal to the franking credit; and

be entitled to a credit in its own franking account equal to the amount of the franking credit.

No refund will be available if the tax offset exceeds the tax payable by the shareholder. However, to the extent that the shareholder has excess tax offsets, it may be entitled to a compensating tax loss.

(b) Capital Gains Tax Disposal of Shares (acquired after 19 September 1985)

An Australian resident company participating in the Buy-Back will be deemed for CGT purposes to have disposed of each Share for capital proceeds of A\$2.10 plus the amount (if any) by which the Tax Value exceeds the Buy-Back Price. However, different rules apply if this appears to result in a capital loss (see below). The ATO's method for calculating the Tax Value is discussed in Section 2.7.

A capital gain for a Share disposed of under the Buy-Back will be the excess of the deemed capital proceeds over the CGT cost base of the Share. If the Share was acquired at or before 11.45am (ACT time) on 21 September 1999, the cost base may be indexed to 30 September 1999.

Generally, the CGT cost base for a Share will be the amount the shareholder paid to acquire the Share together with certain incidental costs of acquisition, for example stamp duty and brokerage, and certain incidental costs of disposal. The cost base amount must also be adjusted for any capital reductions or bonus issues of shares. For example, on the formation of the DLC in 2001 a bonus issue of 1.0651 shares for each share held was made. Further, capital reductions were undertaken to facilitate the demerger of each of OneSteel Ltd in October 2000 (A\$0.66 per share reduction in cost base per share before adjustment for DLC bonus shares) and BlueScope Steel Ltd in July 2002 (5.063 per cent reduction in cost base per share).

In determining the impact of the BlueScope Steel Ltd demerger, the ATO considers that where you acquired more than one parcel of BHP Billiton Limited shares before the demerger, an averaging methodology must be adopted for your cost base calculations. The ATO has released the following guidelines on the calculation of the CGT cost base of shares which participated in the BlueScope Steel Ltd demerger:

ATO Interpretative Decision 2005/134 issued by the ATO on 9 May 2005; and

ATO 2002 BHP Billiton Group Demerger Worksheet updated 1 April 2005.

Further details are available on the BHP Billiton website at <http://www.bhpbilliton.com/bb/investorCentre/shareholderServices.jsp>.

If the above deemed capital proceeds are less than the cost base of the share (excluding indexation and non-capital costs), it does not necessarily follow that a resident company shareholder will have a capital loss. For a capital loss to arise, the cost base of the share (excluding indexation and non-capital costs) would normally have to exceed the share Tax Value. The application of this rule is not clear in all circumstances, and Australian resident corporate tax entities should therefore seek specific independent advice to establish whether or not any capital loss will arise as a result of participating in the Buy-Back.

If a capital loss does arise from the Buy-Back, it can only be used to offset capital gains. Capital losses that are not used in the income year in which they arise may be carried forward and used to offset capital gains made in later income years subject to restrictions including the continuity of ownership test or the same business test.

Any capital loss arising from the Buy-Back cannot be offset against the deemed dividend or against any franking credit included in the shareholder's assessable income.

2.4 Australian complying superannuation fund

(a) Income tax Treatment of deemed dividend

An Australian complying superannuation fund participating in the Buy-Back will be deemed to have received a fully franked dividend equal to the excess of the Buy-Back Price over A\$2.10 for each Share bought back. The shareholder will be required to include in its assessable income the amount of the deemed dividend.

If the shareholder is entitled to the benefit of franking credits on the deemed dividend (see Section 2.8 below), the shareholder will also:

include the franking credit on the deemed dividend in its assessable income; and

be entitled to a tax offset equal to the franking credit.

The tax offset reduces the total tax payable by the shareholder on its taxable income. If the fund's total tax offsets exceed the total tax payable on its taxable income, the fund may be entitled to a cash refund of that excess.

¹ Shares acquired on or before 19 September 1985 will not normally be subject to CGT in Australia, however, the deemed dividend component of the Buy-Back Price for such shares will be relevant for income tax purposes.

19

2. Australian Tax Implications for Shareholders continued

(b) Capital Gains Tax Disposal of Shares (including Shares acquired on or before 19 September 1985)

An Australian complying superannuation fund participating in the Buy-Back will be deemed for CGT purposes to have disposed of each Share for capital proceeds of A\$2.10 plus the amount (if any) by which the Tax Value exceeds the Buy-Back Price. The ATO's method for calculating the Tax Value is discussed in Section 2.7.

If a shareholder has held their Shares for less than 12 months, any capital gain will be the excess of the capital proceeds over the CGT cost base of the Shares. If the Share was acquired at or before 11.45am (ACT time) on 21 September 1999, the shareholder may choose whether to index the cost base to 30 September 1999 or apply a one-third CGT discount (which reduces the gain, net of any capital losses, by one-third). Shareholders who acquired their Shares after 11.45am (ACT time) on 21 September 1999 and have held their Shares for at least 12 months must apply the one-third CGT discount.

Generally, the CGT cost base for a Share will be the amount the shareholder paid to acquire the Share together with certain incidental costs of acquisition, for example stamp duty and brokerage, and certain incidental costs of disposal. The cost base amount must also be adjusted for any capital reductions or bonus issues of shares. For example, on the formation of the DLC in 2001 a bonus issue of 1.0651 shares for each share held was made. Further, BHP Billiton undertook capital reductions to facilitate the demerger of each of OneSteel Ltd in October 2000 (A\$0.66 reduction in cost base per share before adjustment for DLC bonus shares) and BlueScope Steel Ltd in July 2002 (5.063 per cent reduction in cost base per share).

In determining the impact of the BlueScope Steel Ltd demerger, the ATO considers that where you acquired more than one parcel of BHP Billiton Limited shares before the demerger, an averaging methodology must be adopted for your cost base calculations. The ATO has released the following guidelines on the calculation of the CGT cost base of shares which participated in the BlueScope Steel Ltd demerger:

ATO Interpretative Decision 2005/134 issued by the ATO on 9 May 2005; and

ATO 2002 BHP Billiton Group Demerger Worksheet updated 1 April 2005.

Further details are available on the BHP Billiton website at <http://www.bhpbilliton.com/bb/investorCentre/shareholderServices.jsp>.

It should be noted that if the shares were acquired by the superannuation fund before 1 July 1988, the CGT cost base may be adjusted to the market value of the shares on 30 June 1988.

A capital loss for a Share disposed of under the Buy-Back will arise to the extent that the CGT cost base of the Share exceeds the deemed capital proceeds. No allowance for indexation or non-capital costs is made in determining the cost base for the Shares for this purpose.

A capital loss that arises from the Buy-Back can only be used to offset capital gains. Capital losses that are not used in the income year in which they arise may be carried forward and used to offset capital gains made in later income years.

Any capital loss arising from the Buy-Back cannot be offset against the deemed dividend and franking credit included in the shareholder's assessable income.

2.5 Non-residents of Australia

The proceeds of any Shares bought back will not be subject to Australian withholding tax.

(a) Income tax Treatment of deemed dividend component

A non-resident shareholder who does not carry on business through a permanent establishment in Australia will not be liable to Australian income tax on the franked deemed dividend component of the Buy-Back Price.

The treatment of that component as a deemed dividend is a function of Australian tax law (Division 16K of the Income Tax Assessment Act 1936) and does not alter the fact that, for all other purposes, the entire Buy-Back Price is simply the proceeds from selling the shares back to BHP Billiton Limited. It cannot therefore be assumed, subject to specific overseas tax advice, that the tax laws of the jurisdiction in which the shareholder resides will treat any part of the Buy-Back Price as a dividend.

For Australian tax purposes, the dividend component of the Buy-Back Price is specifically not subject to either Australian income tax or Australian withholding tax. This is because the dividend component is fully franked. The

franking credits which are attached to the dividend component will generally have no further relevance for shareholders resident outside Australia and no part of those franking credits is refundable by the ATO to shareholders resident outside Australia.

Since the Buy-Back will proceed only at a price that represents at least an 8 per cent discount to the Market Price, shareholders resident outside Australia would generally be expected to receive a better price for their Shares by selling them on-market.

However, different consequences may arise if the non-resident shareholder holds Shares as part of a business conducted through a permanent establishment in Australia. In that case, specific Australian tax advice should be obtained.

(b) Capital Gains Tax Disposal of Shares

Under Australian CGT rules, a taxable capital gain or capital loss should not arise for a non-resident participating in the Buy-Back unless the non-resident together with its associates has, at any time in the preceding five years, held 10 per cent or more of the issued shares of BHP Billiton Limited.

However, different consequences may arise if a non-resident shareholder holds Shares as part of a business conducted through a permanent establishment in Australia, and specific Australian taxation advice should be obtained in that case.

2.6 Worked tax example for Australian resident individuals and Australian complying superannuation funds

The following worked examples set out the potential tax consequences per Share for Australian resident individuals and Australian complying superannuation funds participating in the Buy-Back for Shares acquired after 19 September 1985, and assumes a Buy-Back Price of A\$21.50 (an assumed 14 per cent Buy-Back Discount to an assumed Market Value of A\$25.00) and two illustrative cost bases for CGT purposes of A\$8.00 and A\$15.00 per Share. You should not rely on this price as being the actual Buy-Back Price; see Section 1.10 for an explanation of how the Buy-Back Price will be determined.

The David example in the table assumes a Buy-Back Price of A\$21.50 (an assumed 14 per cent Buy-Back Discount to an assumed Market Value of A\$25.00) and a A\$15.00 cost base for CGT purposes and provides more detailed commentary on the relevant calculations in notes A to I following the table. The column on the right of the table marked Your workings is there to assist you should you choose to participate in the Buy-Back. It is intended to help you calculate your anticipated income tax and CGT consequences of participating in the Buy-Back.

It is important to understand that the table is an illustrative example only and is based on a number of assumptions including:

a Buy-Back Price which may not be the actual Buy-Back Price. The actual Buy-Back Price and the amount of the franked deemed dividend will not be known until after the Buy-Back closes;

the discount capital gain method is used, which may or may not be applicable depending on a participating shareholder's circumstances; and

a Tax Value which may change (see Section 2.7). The actual Tax Value will not be known until after the Buy-Back closes.

In any event, the tax consequences for an individual or superannuation fund may be different from the example because of their particular circumstances. The amounts calculated under the tax table will not necessarily reflect the actual tax consequences for you if you choose to participate in the Buy-Back.

Tax calculator

To assist you, BHP Billiton intends to provide access to a tax calculator through its website at www.bhpbilliton.com from approximately 28 February 2006 to 10 April 2006.

Notes:

¹ For the purposes of the analysis, it is assumed that the marginal tax rate for individuals includes the Medicare levy at a rate of 1.5 per cent. The liability of an individual to pay the Medicare levy depends on the individual's own circumstances.

This assumed fully franked deemed dividend (A\$19.40) is calculated as the assumed Buy-Back Price of A\$21.50 less the fixed capital component of A\$2.10.

- 3 This assumes the shareholder is fully entitled to the franking credits.
- 4 This assumes, for illustrative purposes only, that the market value for tax purposes (the Tax Value) of the Shares is A\$25.00. The actual Tax Value will be A\$24.42, adjusted for the movement in the BHP Billiton Plc share price from £9.54 (the closing price on the London Stock Exchange on 14 February 2006) to the opening price on the London Stock Exchange on the Closing Date.
- 5 This assumes that the discount capital gain method is used, which adjusts the total capital gain by a discount factor (50 per cent for individuals; 33 1/3 per cent for complying superannuation funds). Although capital losses, as such, are not subject to discount, it is assumed that capital losses are offset against capital gains and that the net amount is then discounted. If capital losses are offset against capital gains which cannot be discounted (e.g. on assets held for less than 12 months), the tax impact of the capital loss will be greater (more favourable) than shown in the table.
- 6 This assumes shareholders will be able to fully utilise capital losses to offset capital gains derived from other assets. The capital loss, which arises under the Buy-Back, may be different to any capital gain/loss which may have arisen under an equivalent sale of Shares on-market. This is because the capital proceeds under the Buy-Back are the aggregate of A\$2.10 (the cash capital component) plus A\$3.50 (the excess of the assumed Tax Value over the assumed Buy-Back Price). The A\$3.50 is used for illustrative purposes only.

David example

David earns A\$48 000 per annum and he is in a tax bracket that gives him a marginal tax rate of 31.5 per cent. David purchased 500 BHP Billiton Limited shares post July 2002 (that is, David did not participate in any of the demergers) at A\$15.00 per share and as a consequence his cost base for CGT purposes is A\$15.00. David is able to tender at any of the seven specified Tender Discounts in the range of 8 per cent to 14 per cent inclusive (at 1 per cent intervals) to the Market Price or as a Final Price Tender, and wants to calculate the income tax and CGT consequences for a given Buy-Back Price within the range on a per Share basis.

Income tax consequences (See David example above)

- A If David decides to tender at a 14 per cent Tender Discount to the assumed Market Price of A\$25.00 the equivalent Buy-Back Price would be A\$21.50 per Share.
- B The Buy-Back Price is made up of two components, a capital component of A\$2.10 and a fully franked deemed dividend component. The assumed fully franked deemed dividend component would be A\$19.40 per Share, representing the difference between the illustrative Buy-Back Price of A\$21.50 and the capital component of A\$2.10.
- C The deemed dividend component of the Buy-Back Price will be fully franked; therefore it needs to be grossed up for the franking credits that are attached to it. The gross up occurs

because tax credits can be passed to shareholders for income tax already paid by BHP Billiton Limited. The company tax rate in Australia is 30 per cent, so the grossed up amount is calculated by dividing the fully franked deemed dividend component by 0.7. This gives David a grossed up deemed dividend amount of A\$27.71

D David calculates his income tax liability by multiplying the grossed up deemed dividend amount of A\$27.71 by his marginal tax rate of 31.5 per cent.

E David must pay 42 cents of income tax on the deemed dividend component of every Share he sells in the Buy-Back. This is the difference between the tax already paid by the Company (A\$8.31) and the tax payable at his marginal rate (A\$8.73). David's net dividend proceeds after income tax are A\$18.98 (i.e. A\$19.40 less A\$0.42). Note: numbers may differ due to rounding.

CGT consequences (see David example above)

F For tax purposes, the price at which David will be deemed to have sold his Shares under the Buy-Back will be equal to the A\$2.10 capital component plus any amount by which the Tax Value exceeds the Buy-Back Price. Based on an assumed Tax Value of A\$25.00 and the assumed Buy-Back Price of A\$21.50, the excess amount is A\$3.50.

G David will be deemed to have sold his Shares under the Buy-Back for A\$5.60 per Share (i.e. the A\$2.10 capital component plus the A\$3.50 excess of the assumed Tax Value over the assumed Buy-Back Price). David's cost base is A\$15.00 per Share. Thus, the maximum capital loss that David will be able to offset against capital gains, assuming his Shares are sold under the Buy-Back, is A\$9.40 per Share (i.e. A\$15.00 less A\$5.60).

H Assuming David has held the other (gain) assets for more than 12 months, the discount capital gain method is used, which has the effect of adjusting the total capital loss by a discount factor of 50 per cent for individuals. The benefit of David's capital loss is therefore 31.5 per cent of half of A\$9.40, i.e. A\$1.48.

Overall after tax proceeds

I David would receive after-tax proceeds of A\$22.56 if he tenders his Shares at A\$21.50 per Share (i.e. 14 per cent Tender Discount to the assumed Market Price of A\$25.00), based on the assumptions above and the notes to the table, i.e. A\$21.50 minus A\$0.42 income tax, plus A\$1.48 benefit of capital loss.

2.7 Tax Value

In 2004, the ATO released Taxation Determination TD2004/22, which sets out the ATO's view generally in relation to determining the Tax Value of shares bought back off-market. TD2004/22 provides that the Tax Value should be determined as the volume weighted average price of the shares over the last five trading days before the first announcement of the Buy-Back, adjusted for the movement in the S&P/ASX 200 Index from the opening of trading on 15 February 2006 to the close of trading on the Closing Date (expected to be 31 March 2006).

TD2004/22 also provides that if companies undertaking an off-market buy-back wish to vary this methodology, representations should be made to the ATO explaining the rationale for this variation.

BHP Billiton Limited has made representations to the ATO that its market value setting methodology adopted in TD2004/22 should be varied in determining the Tax Value of Shares. As a result of these representations, the ATO has indicated that for the purposes of the Buy-Back, the Tax Value may be determined in accordance with the following formula:

$$\begin{array}{r}
 \text{BHP Billiton Plc opening} \\
 \text{price} \\
 \text{on the Closing Date} \\
 \\
 \$24.42 \\
 \times \\
 \text{£9.54*}
 \end{array}$$

* £9.54 was the BHP Billiton Plc closing price in London on 14 February 2006.

If the movement in the BHP Billiton Plc share price is significantly different from the movement in the Company's market price over the relevant period, BHP Billiton Limited may approach the ATO to seek to vary the methodology used to determine the Tax Value.

If the Buy-Back Price was higher than the Tax Value, a portion of the deemed dividend equal to the difference between the Buy-Back Price and the Tax Value would be deemed to be unfrankable. However, as BHP Billiton intends to set the Buy-Back Price at no more than the Tax Value, this will not occur.

2.8 Limits on availability of franking credits and tax offsets

The Australian tax legislation includes a number of rules which may prevent shareholders participating in the Buy-Back from claiming the benefit of franking credits on the deemed dividend component of the Buy-Back Price. These rules are designed to, amongst other things, discourage trading in franking credits. These rules may deny the benefit of franking credits to shareholders generally, or because of their particular circumstances.

BHP Billiton Limited has received preliminary advice from the ATO that the ATO will not make a determination to deny shareholders generally the benefit of tax offsets on the deemed dividend under the Buy-Back.

However, the particular circumstances of each participating shareholder will also be relevant in determining whether the rules deny the benefit of the tax offset or franking credit. For example, the period during which the shareholder holds the Shares and any arrangements the shareholder has in relation to the Shares will be important.

Generally, resident shareholders should have regard to the operation of the holding period rule (the 45-day rule) in relation to their participation in the Buy-Back. Shareholders who are individuals and whose total franking credit entitlement for the income year does not exceed A\$5000 should not be subject to the 45-day rule. Legislation confirming the current continuation of this relief was announced on 27 September 2002, but has not yet been introduced or passed.

In simple terms, the 45-day rule requires a resident shareholder to have held their Shares at risk for a specified period in order to qualify for the franking credit on the deemed dividend. The 45-day rule requires that shareholders must hold their Shares at risk for a period of 45 days (excluding the days of acquisition and disposal) within a period beginning on the day after those Shares were acquired.

The 45-day rule is complex. Generally, a shareholder who is subject to the rule and has acquired their Shares on or after 17 February 2006 would fail the 45-day rule in respect of the deemed dividend component of the Buy-Back Price. This is on the assumption that the determination of the Buy-Back allocations occurs on 3 April 2006.

A shareholder may fail the requirements of the 45-day rule even if the shareholder acquired their Shares before 17 February 2006. This may arise where the shareholder has entered into other arrangements regarding the Shares, which reduce their risk of loss or opportunity for gain on the Shares. For example, granting an option to another person to acquire their Shares would reduce that risk or opportunity.

The 45-day rule also operates on a last-in-first-out basis so that a shareholder will be deemed, for the purpose of applying the 45-day rule, to have disposed of their most recently acquired Shares under the Buy-Back. Generally, if the most recently acquired Shares were acquired on or after 17 February 2006, the shareholder may not qualify for the franking credit on the dividend deemed to have been received by a shareholder participating in the Buy-Back. BHP Billiton Limited has received clarification on the treatment of shares purchased within the 45-day period and the ATO has agreed that shares purchased on or after 20 February 2006 ex-entitlement to participate in the Buy-Back will be excluded from the last-in-first-out rule. These shares will therefore not affect the ability to receive franking credits on Shares acquired on or before 16 February 2006 which are tendered into the Buy-Back. If the determination of the Buy-Back allocations occurs on a day other than 3 April 2006, these dates may alter.

In addition, where the shareholder is under an obligation to make related payments in respect of the deemed dividend arising on the Buy-Back Price, the shareholder may not qualify for the tax offset or franking credit unless other at risk holding requirements are satisfied.

3 Effect of the Buy-Back on BHP Billiton

3.1 Half year results and other information

BHP Billiton achieved strong results in the first half of its 2006 financial year, both in relation to its operations and its financial results, reported in accordance with both International Financial Reporting Standards and interpretations (collectively referred to as IFRS).

Under IFRS, attributable profit for the half year ended 31 December 2005 increased by 47.8 per cent to US\$4.4 billion compared to the previous year. Basic earnings per share increased to 72.1 US cents per share, up 51.2 per cent on the prior year. Net operating cash flow for the year was US\$4.3 billion.

This record result is reflective of strong market conditions and the successful execution of BHP Billiton's business strategy. Since the creation of BHP Billiton, it has consistently focused on maximising the operating performance of its world-class assets, reducing costs and improving the efficiencies of its businesses. BHP Billiton has utilised the strong cash flows generated from those businesses to invest in value accretive organic growth projects.

Consistent with BHP Billiton's ongoing progressive dividend policy, an interim dividend of 17.5 US cents per share was declared on 15 February 2006 (representing an increase of 29.6 per cent over last year's interim dividend).

Electronic copies of BHP Billiton's 2006 half year profit announcement can be found at www.bhpbilliton.com.

Announcements made by BHP Billiton after the date of this booklet may be of interest to shareholders. Any such announcements can also be found on BHP Billiton's website at www.bhpbilliton.com.

Capital management

On 15 February 2006, BHP Billiton announced its intention to return around A\$1.5 billion of surplus capital to shareholders, in addition to its ongoing progressive dividend policy. The return of capital is consistent with BHP Billiton's commitment to demonstrating strong capital discipline whilst ensuring that it is able to continue to finance its strong and growing organic growth pipeline.

BHP Billiton has consistently stated that the priorities for its cash flow are: to finance growth opportunities with attractive rates of return; to maintain a capital structure in line with a solid A credit rating; and to return cash to shareholders, either through its progressive dividend policy or by other means such as this Buy-Back.

3.2 Impact of the Buy-Back on future growth

BHP Billiton has an extensive project pipeline of value accretive greenfield and brownfield expansion opportunities. This includes approximately US\$14.4 billion of capital expenditure on projects in development and feasibility stages and further projects in pre-feasibility or concept phase, which are not yet included in its project pipeline. Given the strength of BHP Billiton's financial position, the Buy-Back will not prejudice its ability to continue to fund these opportunities or other value enhancing opportunities as they arise.

3.3 How will the Buy-Back be funded?

The Buy-Back will be funded from cash and the Company's commercial paper programme. Given the strength of its financial position, BHP Billiton will remain strongly capitalised after completion of the Buy-Back, and will remain in line with a solid A credit rating.

3.4 Impact of the Buy-Back on key financial indicators

The precise impact of the Buy-Back cannot be determined until the Buy-Back Price and the size of the Buy-Back are finalised. However, the Buy-Back is expected to improve BHP Billiton's earnings per share, cash flow per share and return on equity in the 2006 and later financial years. The more shares that are purchased, the greater the expected enhancement. As the Buy-Back will be funded by existing resources, the gearing of BHP Billiton is expected to increase but this will not compromise the Company's A credit rating or ability to fund its strong pipeline of organic growth projects.

3.5 Impact on BHP Billiton's franking account

The amount of franking credits that will be utilised under the Buy-Back will not be known until the Buy-Back Price and the total size of the Buy-Back are determined. By way of illustration, if it is assumed that A\$1.5 billion of capital is repurchased under the Buy-Back at a Buy-Back Price of A\$21.50, approximately A\$676 million of franking credits would be utilised. In any event, the Board expects BHP Billiton to continue to be in a position to fully frank its dividends for the foreseeable future.

3.6 Financial impact of the Buy-Back

Basis of Presentation of Financial Information

On 29 June 2001, BHP Billiton Limited (previously known as BHP Limited), an Australian listed company, and BHP Billiton Plc (previously known as Billiton Plc), a UK listed company, entered into a DLC structure. This was effected by contractual arrangements between the companies and amendments to their constitutional documents (see Section 3.9).

The effect of the DLC structure is that BHP Billiton Limited and its subsidiaries and BHP Billiton Plc and its subsidiaries operate together as a single economic entity.

The DLC merger was accounted for using the merger method of accounting. The nature of the DLC merger has resulted in the inclusion of amounts attributable to the shareholders of both BHP Billiton Plc and BHP Billiton Limited in capital and reserves on the balance sheet, and in attributable profit.

Financial statements are presented in US dollars. At 31 December 2005, US\$0.7323 was equal to one Australian dollar.

The financial information presented in this Section 3 has been prepared in accordance with the Australian equivalents of IFRS, which also comply with EU IFRS.

Summarised Balance Sheet

The table below sets out BHP Billiton's summarised Balance Sheet and a Pro-forma summarised Balance Sheet as at 31 December 2005, prepared numerically (but not in relation to format) in accordance with IFRS, assuming A\$1.5 billion (US\$1.1 billion) worth of Shares are bought back. There have been no material changes in current or non-current interest bearing liabilities, and no material reduction in shareholders' equity (other than dividends declared) since 31 December 2005.

The table below sets out a summary of the impact of the Buy-Back on BHP Billiton's Balance Sheet based on the assumptions in the footnotes below the table. The amount by which the Buy-Back Price exceeds the amount debited to contributed equity (A\$2.10 (US\$1.59) per Share) will be debited to retained profits. For example, if the Buy-Back Price is A\$21.50 (US\$16.28), an amount of A\$19.40 (US\$14.69) per Share will be debited to retained profits.

Notes:

- ¹ Pro-forma calculations assume the Buy-Back Price is A\$21.50 (US\$16.28), the number of Shares bought back is 69.8 million and A\$1.5 billion (US\$1.1 billion) worth of BHP Billiton Limited Shares are bought back. This Buy-Back Price is an example only. You should not rely on this price as being the Buy-Back Price. See Section 1.10 for an explanation on how the Buy-Back Price will be determined.
- ² Pro-forma calculations assume, for illustrative purposes only, that the Buy-Back is funded by the Company's commercial paper programme. BHP Billiton's actual funding decision may include cash on hand, internal cash flow and external borrowing if required. Incidental costs of the Buy- Back have been excluded since they are insignificant to the pro-forma calculation.
- ³ Assuming a Buy-Back Price of A\$21.50 (US\$16.28) per Share, A\$2.10 (US\$1.59) per Share of the Buy-Back Price will be debited to contributed equity and the assumed balance of A\$19.40 (US\$14.69) per Share will be debited to retained profits.

3. Effect of the Buy-Back on BHP Billiton continued

3.7 What effect will the Buy-Back have on BHP Billiton's issued shares?

As at 31 December 2005, BHP Billiton Limited had on issue 3590.7 million fully paid ordinary shares and BHP Billiton Plc had on issue 2468.1 million fully paid ordinary shares (i.e. 6058.8 million in aggregate for the BHP Billiton group).

Assuming a total of A\$1.5 billion worth of BHP Billiton Limited's Shares are bought back, the following table sets out the number of Shares, the percentage of total issued shares of BHP Billiton Limited and the percentage of total issued shares of the BHP Billiton group, which would be bought back assuming different Buy-Back Prices. The table is an example only and you should not rely on it as being the percentage of Shares which will be bought back. All Shares that BHP Billiton Limited buys back will be cancelled. The Buy-Back by BHP Billiton Limited will not change the number of issued shares of BHP Billiton Plc.

Tender	Buy-Back Price assuming	Number of Shares	Percentage of total issued Shares of	Percentage of total issued shares of the BHP Billiton group
Discount	a Market Price of A\$25.00	bought back (million)	BHP Billiton Limited	
14%	A\$21.50	69.8	1.9%	1.2%
13%	A\$21.75	69.0	1.9%	1.1%

9%	A\$22.75	65.9	1.8%	1.1%
8%	A\$23.00	65.2	1.8%	1.1%

On 8 February 2001, BHP Billiton Limited (then known as BHP Limited) announced an on-market buy-back programme. BHP Billiton Limited has the authority to buy back up to 358 million shares. To date, BHP Billiton Limited has bought back approximately 4.13 million shares at a weighted average price of A\$8.83 per share. The on-market buy-back programme was recently extended a further 12 months with effect from 1 October 2005 so that it now expires on 30 September 2006. BHP Billiton Plc has an existing authority to buy back up to 10 per cent of its own shares.

3.8 What effect will the Buy-Back have on the control of BHP Billiton?

Given the maximum number of Shares BHP Billiton Limited is expected to acquire in the Buy-Back, the Buy-Back is not expected to have any change of control implications for BHP Billiton Limited or BHP Billiton Plc. This expectation is further supported by BHP Billiton's widely held share ownership structure.

3.9 DLC structure

BHP Billiton operates under a DLC structure. As a result, shareholders of BHP Billiton Limited and BHP Billiton Plc are placed in substantially the same position in terms of voting rights, dividends and capital returns as if they hold shares in a single economic enterprise which controls the assets of both BHP Billiton Limited and BHP Billiton Plc. Under the agreements which govern the DLC structure an off-market buy-back by BHP Billiton Limited, which is completed at a price that is at or below market value for the Shares, does not require shareholder approval by BHP Billiton Limited or BHP Billiton Plc and does not require an equivalent offer to be made to BHP Billiton Plc shareholders. It also does not require an adjustment to the ratio of the rights of a BHP Billiton Limited shareholder relative to the rights of a BHP Billiton Plc shareholder.

Given that the Buy-Back Price will be at least 8 per cent below the Market Price, there will be no requirement under the DLC structure for a similar transaction to be offered to the BHP Billiton Plc shareholders or for any other

corporate action to be taken by BHP Billiton Limited or BHP Billiton Plc.

3.10 Outlook

Over the last six months the global economy has continued to be buoyant with economic growth becoming more broadly based towards the end of last year as emerging recoveries in Japan and Europe offset a slowing in the US. China and other countries in Asia have benefited from the robust global economy, while strong commodity prices have led to significant gains in the Russian and Latin American economies. Global economic resilience has continued despite a series of potential disruptions including rising oil prices and a move to higher interest rates in the US.

The immediate outlook for the global economy continues to be promising. Industrial production growth in the OECD is accelerating and the rise in the leading indicators suggests further improvement. In China, recent revisions point to the economy growing at an average of around 10 per cent per annum over the past three years and although Chinese economic growth is likely to slow somewhat in 2006, it will remain at a relatively high level. Elsewhere, emerging markets are likely to enjoy robust economic conditions, although for some countries a high level of indebtedness and/or political uncertainty could dampen the outlook.

The positive demand environment and the continued inability of the supply side to respond fast enough to increased demand means prices continue to remain strong against historical levels. This imbalance in demand and supply is caused by the demand growth in emerging economies and the lack of latent mine capacity. In addition, delays to new capacity caused by increasing pressures on construction costs, the availability of skilled labour and raw materials look set to continue for at least the next several years. While the impact of this on prices will vary by commodity, the fundamentals of our business remain solid as we seek to bring on new volumes to take advantage of strong demand and high relative prices. Our confidence in the demand outlook for the next 18-24 months (in the absence of unforeseen circumstances) and higher than expected prices means we are able to return surplus capital to shareholders, as we have previously committed to do.

3.11 Forward-looking statements

Certain statements contained in this Buy-Back booklet, including statements in Section 3.10 above and statements regarding the implementation of BHP Billiton's capital management programme and the effect on its business, may constitute forward-looking statements for the purposes of applicable securities laws. BHP Billiton Limited undertakes no obligation to revise the forward-looking statements included in this booklet to reflect any future events or circumstances. The Company's actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences include the number of Shares bought back pursuant to the Buy-Back Invitation, the Buy-Back Price and general trading and economic conditions affecting BHP Billiton. Further information about BHP Billiton, its business and factors affecting its operations is contained in the half year report and other reports, which can be accessed on its website at www.bhpbilliton.com.

4 Additional Information on the Buy-Back

This section sets out further details of the Buy-Back including important information for joint shareholders, trustees and nominees.

4.1 Size of the Buy-Back

ASIC has granted BHP Billiton Limited an exemption under subsection 257D(4) of the Corporations Act to permit BHP Billiton Limited to conduct the Buy-Back in substantially the same manner as an equal access scheme. Further details of the exemption granted by ASIC are set out in Section 4.14.

Under the Corporations Act, BHP Billiton Limited may, without shareholder approval, buy back shares under an equal access scheme, provided that the number of voting shares bought back in the Buy-Back and in any other buy-back conducted in the 12 months preceding the Buy-Back Date does not exceed 10 per cent of the smallest number of votes attaching to the Company's voting shares at any time during the 12 months preceding the Buy-Back Date.

BHP Billiton Limited intends to buy back around A\$1.5 billion worth of Shares. However, the Company may vary the size of the Buy-Back depending on demand and may significantly increase the size of the Buy-Back above A\$1.5 billion if there is excess demand at an attractive price.

In any event, the proposed maximum amount of the Buy-Back, and any increase arising from strong demand, will result in BHP Billiton Limited being significantly below the 10 per cent limit. Furthermore, BHP Billiton Limited retains the discretion to buy back a lesser number of Shares than indicated in this booklet or no Shares at all.

4.2 Excluded Foreign Persons, ADRs and Restricted Employee Shares

This Buy-Back Invitation is not being made to any Excluded Foreign Persons. In addition, ADRs and Restricted Employee Shares are not eligible to participate in the Buy-Back.

Without limiting the rights that BHP Billiton otherwise has in relation to Tenders, a Tender submitted by an Excluded Foreign Person will not be accepted by BHP Billiton Limited.

Specifically, any person who is (or who is acting on behalf of or for the account of a person who is) in the United States, or who is a US Person or a resident of Canada is not entitled to participate, directly or indirectly, in the Buy-Back. Copies of the Buy-Back Documents are not being mailed to or otherwise distributed or sent into the United States or Canada.

Any person receiving any of the Buy-Back Documents must not, directly or indirectly, distribute or send them into the United States or Canada, or make them available to any US Person or resident of Canada (including to any legal or beneficial owner of BHP Billiton Limited shares that is a US Person or a resident of Canada) or any person who is located in the United States.

BHP Billiton will not accept Tender Forms:

- (a) from any person who does not represent that they are not (and they are not acting on behalf of or for the account of a person who is) in the United States, a US Person or a resident of Canada; or
- (b) that have been postmarked in the United States or Canada or that otherwise appear to BHP Billiton or its agents to have been sent from the United States or Canada.

By submitting a Tender Form, you warrant that you are not an Excluded Foreign Person.

4.3 Shares held by trustees and nominees

Trustees and nominees who hold Shares should inform the beneficial owners of the Shares about the Buy-Back, subject to any legal restrictions in the countries where such beneficial owners are resident and provided such persons are not Excluded Foreign Persons, and then aggregate all Tenders received from beneficial owners. It is the responsibility of the trustee or nominee to complete one aggregated Tender Form on behalf of all beneficial owners. Trustees or nominees who hold Shares on behalf of or for the account of a US Person or a resident of Canada or a person in the United States must not inform any such person of the Buy-Back. It is the responsibility of the trustee or nominee to ensure that, when completing an aggregated Tender Form, it does not include any tender on behalf of a US Person or a resident of Canada or a person located in the United States.

For Issuer Sponsored Holdings, the trustee or nominee must ensure that an aggregated Tender Form is received by the Registry by 7.00pm (Melbourne time) on the Closing Date (Friday, 31 March 2006). For CHESSE Holdings, the trustee or

nominee will need to aggregate all Tenders received from beneficial owners and provide instructions to its controlling participant in time for the aggregated Tender to be processed by 7.00pm (Melbourne time) on the Closing Date (Friday, 31 March 2006).

Any scale back that applies to Shares tendered by trustees and nominees will be performed on a registered shareholder basis.

ADRs representing shares and Restricted Employee Shares may not be tendered into the Buy-Back.

4.4 Margin lending arrangements

If you hold Shares under margin lending arrangements or if they are held as security for a loan or as Australian Clearing House Pty Limited collateral, you should ensure that your participation in the Buy-Back is permitted by those margin lending arrangements or that loan documentation or by Australian Clearing House Pty Limited.

By submitting a Tender, you warrant to BHP Billiton Limited that, at all times after you tender your Shares for sale into the Buy-Back and on the Buy-Back Date, the Shares are free from any mortgage, charge, lien or other encumbrances (whether legal or equitable) and from any third party rights.

4.5 Shareholders with more than one holding of Shares

You will receive a personalised Tender Form for each separate registered holding of Shares. For example, if you hold some Shares in your name and some Shares jointly with your spouse, you will receive two Tender Forms. You may tender Shares into the Buy-Back from any or all of your separate registered holdings provided that you complete the Tender Form and follow the instructions on each Tender Form for each holding you wish to tender. Any scale back that applies to Shares tendered into the Buy-Back will be applied to each of those registered holdings as if they were held by different persons.

4.6 Joint shareholders

If you hold your Shares jointly with another person (for example, your spouse) and you have an Issuer Sponsored Holding, you must complete and return the Tender Form in accordance with the instructions for joint holdings on the Tender Form.

4.7 Restrictions on the payment of Buy-Back proceeds

BHP Billiton Limited will pay shareholders the Buy-Back Price for each of their Shares that are bought back, unless it is prohibited from doing so.

BHP Billiton Limited is currently prohibited from making payments to certain political regimes, terrorist organisations and their sponsors under the Banking (Foreign Exchange) Regulations 1959 (Cth), Part 4 of the Charter of the United Nations Act 1945 (Cth), the Charter of the United Nations (Terrorism and Dealings with Assets) Regulations 2002 (Cth), the Charter of the United Nations (Sanctions-Afghanistan) Regulations 2001 (Cth), and the Iraq (Reconstruction and Repeal of Sanctions) Regulations 2003 (Cth).

4.8 Rights under this Buy-Back Invitation cannot be transferred

This Buy-Back Invitation is personal to you. You cannot transfer your rights under this Buy-Back Invitation.

4.9 The effect of submitting a Tender

A Tender constitutes an offer to sell the tendered Shares to BHP Billiton Limited on the terms and conditions set out in the Buy-Back Documents. A Tender does not, of itself, constitute a binding contract for the sale of the tendered Shares and cannot be enforced against BHP Billiton Limited. BHP Billiton Limited retains the discretion to accept or reject any Tender, and may choose to reject all Tenders.

If BHP Billiton Limited accepts your Tender, a binding Buy-Back Contract is formed between you and BHP Billiton Limited, and you must sell the tendered Shares back to BHP Billiton Limited on the terms and conditions set out in the Buy-Back Documents, including the terms and conditions set out below.

By submitting a Tender Form, you:

offer to sell to BHP Billiton Limited on the Buy-Back Date the number of Shares nominated for sale on your Tender Form (adjusted in accordance with the terms and conditions set out in the Buy-Back Documents) at your Tender Discount(s) and/or as a Final Price Tender (subject to any Minimum Price you may have chosen);

agree that the Company's announcement to the ASX on the Buy-Back Date in relation to the Buy-Back Price and other details is:

effective notice or communication of the Company's acceptance of your Tenders that are submitted at a Tender Discount equal to or greater than the Buy-Back

4. Additional Information on the Buy-Back continued

Discount or as a Final Price Tender (adjusted in accordance with the terms and conditions set out in the Buy-Back Documents), which are submitted in accordance with the Buy-Back Documents (or treated by BHP Billiton Limited as being so submitted), which are at a price which is not less than your Minimum Price (if you have chosen one) and which are not rejected by BHP Billiton Limited; and

effective notice of BHP Billiton Limited's rejection of any of your Tenders submitted at a Tender Discount less than the Buy-Back Discount or where your Minimum Price (if you have chosen one) is greater than the Buy-Back Price;

agree that it is only upon such communication by announcement to the ASX that a Buy-Back Contract is formed for the purchase of relevant Shares;

waive any requirement to receive further notice or communication from BHP Billiton Limited of its acceptance or rejection of any Tender submitted by you;

warrant to BHP Billiton Limited that at all times after you tender your Shares for sale into the Buy-Back, and on the Buy-Back Date, you are the registered holder of the Shares that you have tendered and that they are free from any mortgage, charge, lien or other encumbrance (whether legal or equitable) and from any third party rights;

warrant that you are a person to whom the Buy-Back Invitation may lawfully be made and whose participation in the Buy-Back is permitted under the laws of the jurisdiction in which you are resident;

warrant that you are not (nor are you acting on behalf of or for the account of) a US Person, a resident of Canada, a person located in the United States or a person who is otherwise an Excluded Foreign Person;

warrant that you have not distributed or sent any Buy-Back Documents or other document referring to the Buy-Back into the United States or Canada or to any US Person, resident of Canada or ADR holder;

warrant that you are not tendering shares represented by ADRs;

authorise BHP Billiton Limited (and its officers, agents or contractors) to correct any error in or omission from your Tender Form and/or Withdrawal/Amendment Form, and to insert any missing details;

undertake not to sell or offer to sell Shares to any other person if, as a result, you will at any time after you submit your Tender until the Buy-Back Date hold fewer Shares than the number of Shares you have tendered; and

undertake that if you breach any of these covenants, undertakings, agreements or warranties you will indemnify BHP Billiton for all its costs arising from the breach.

You will be taken to have submitted a Tender when the Registry receives your signed and validly completed Tender Form or, if you have a CHES Holding, your Tender from your controlling participant through CHES.

4.10 BHP Billiton's rights to accept or reject Tenders and Tender Forms

At any time, BHP Billiton Limited may (at its sole discretion):

accept or reject any Tender or Tender Form; and/or

accept or reject a Tender not made on the terms and conditions set out in the Buy-Back Documents, or a Tender Form not submitted in accordance with the procedures set out in the Buy-Back Documents.

BHP Billiton Limited may do each of these things in relation to all or some of the Tenders or the Tender Forms it receives, in its absolute discretion.

BHP Billiton Limited will not accept any Tender or Tender Form that has been postmarked in the United States or Canada or that otherwise appears to BHP Billiton or its agents to have been sent from the United States or Canada.

4.11 BHP Billiton s right to vary dates and times

While BHP Billiton Limited does not anticipate changing any of the dates and times set out in the Buy-Back Documents (including, without limitation, the Closing Date and the Buy-Back Date), it reserves the right to do so by announcement to the ASX and without any other notice. Such an announcement will be taken to amend this booklet (and the other Buy-Back Documents) accordingly.

Without limitation, BHP Billiton reserves the right to terminate the Buy-Back at any time prior to the date on which BHP Billiton Limited enters into Buy-Back Contracts by making an announcement to the ASX to that effect.

4.12 BHP Billiton s right to adjust Tenders

You are entitled to sell into the Buy-Back the lesser of:

the number of Shares registered in your name on 24 February 2006 (and which, in accordance with the applicable Settlement Rules, confer an entitlement to participate in the Buy-Back); and

the number of Shares you hold on the Closing Date,
(your **Entitled Shares**).

If you submit one Tender of more than your Entitled Shares and BHP Billiton Limited accepts your Tender, BHP Billiton Limited will buy back only the number of your Entitled Shares.

If you submit more than one Tender and, in aggregate, you have tendered more than your Entitled Shares, BHP Billiton Limited will buy back only the number of your Entitled Shares in the following order of priority:

first acquiring that number of Entitled Shares as forms part of your Tender with the largest Tender Discount, which is equal to or greater than the Buy-Back Discount or submitted as a Final Price Tender (and, if you have chosen one, where your Minimum Price is satisfied); and

then acquiring the remaining number of your Entitled Shares from your Tender with the second highest Tender Discount, which is equal to or greater than the Buy-Back Discount (and, if you have chosen one, where your Minimum Price condition is satisfied) and will repeat this process until all of your Entitled Shares successfully tendered are bought back.

If you select more than one Minimum Price, your Tender will be deemed conditional on the highest Minimum Price you have specified.

4.13 Directors entitlements

Directors are entitled to participate in the Buy-Back, but the BHP Billiton Board has determined that all Directors and selected executives involved in implementing the Buy-Back should not participate in the Buy-Back in respect of Shares held beneficially by them. Accordingly, none of the Directors or selected executives involved in implementing the Buy-Back will participate in the Buy-Back.

4.14 ASIC and ASX relief

ASIC relief

ASIC has granted BHP Billiton Limited an exemption under subsection 257D(4) of the Corporations Act. This exemption permits the Company:

to conduct the Buy-Back in substantially the same manner as an equal access buy-back, in accordance with Division 2 of Part 2J.1 of the Corporations Act;

to use the scale back mechanism described in Section 1.16;

to invite all shareholders (other than Excluded Foreign Persons and any person who holds only Restricted Employee Shares) to offer for sale Shares in accordance with the terms and conditions of the Buy-Back Invitation; and

not to accept any Tender received from an Excluded Foreign Person or in respect of Restricted Employee Shares, provided certain conditions are met, including that the Buy-Back Price is calculated by applying the Tender Discount selected by BHP Billiton Limited following the end of the Tender Period to the Market Price and that eligible shareholders are permitted to lodge a Tender conditional on a Minimum Price.

ASX relief

The ASX has granted BHP Billiton Limited the following:

a waiver from Listing Rule 7.40 to permit BHP Billiton Limited to dispatch the Buy-Back Documents to shareholders within eight business days after the Buy-Back Record Date; and

a waiver from Listing Rule 3.8A so that the Company need not lodge an Appendix 3E and to permit BHP Billiton Limited to lodge an Appendix 3F up to two business days after the Closing Date.

4.15 Privacy

BHP Billiton Limited is carrying out the Buy-Back in accordance with the Corporations Act. This involves the collection of personal information contained in Tender Forms to enable BHP Billiton Limited to process your Tender. If you do not provide this information, BHP Billiton Limited may be hindered in, or prevented from, processing your Tender.

The personal information collected by BHP Billiton Limited will only be disclosed to Computershare Investor Services Pty Limited, in their capacity as share registrar of BHP Billiton Limited, to a print and mail service provider,

to BHP Billiton Limited's advisers in relation to the Buy-Back and to financial institutions in respect of payments to you in connection with the Buy-Back or as required or authorised by law.

If you wish to access the personal information collected by BHP Billiton Limited in relation to your shareholding, please write to BHP Billiton, c/- Computershare Investor Services Pty Limited at the mailing address set out in the Tender Form.

Board or **BHP Billiton Board** means the Board of Directors of BHP Billiton Limited.

Buy-Back means the buy-back of Shares by way of a tender process as set out in the Buy-Back Documents.

Buy-Back Contract means the contract formed on the Buy-Back Date between you and BHP Billiton Limited if BHP Billiton Limited accepts your Tender.

Buy-Back Date means the date and time BHP Billiton Limited announces to the ASX the Buy-Back Price, the total number of Shares to be bought back and the details of any scale back.

Buy-Back Discount means the discount to be selected by BHP Billiton Limited, being the largest discount within the range of 8 per cent to 14 per cent inclusive (at 1 per cent intervals), which will enable BHP Billiton Limited to buy back the number of Shares that it determines to buy back.

Buy-Back Documents means this booklet, the Tender Form and the Withdrawal/Amendment Form.

Buy-Back Invitation means the invitation by BHP Billiton Limited to eligible shareholders to offer to sell Shares to BHP Billiton Limited as set out in the Buy-Back Documents.

Buy-Back Price means the price at which BHP Billiton Limited will buy back Shares from Tenders it accepts in the Buy-Back, rounded to the nearest cent. This price is determined by applying the Buy-Back Discount selected by BHP Billiton Limited to the Market Price.

Buy-Back Record Date means Friday, 24 February 2006 being the date of determination of shareholders entitled to participate in, and the number of BHP Billiton Limited ordinary shares entitled to be tendered into, the Buy-Back.

CGT means capital gains tax.

CHESS means the Clearing House Electronic Subregister System.

CHESS Holder means a holder of Shares on the CHESS subregister of BHP Billiton Limited.

CHESS Holding means a holding of Shares on the CHESS subregister of BHP Billiton Limited.

Class Ruling means the ruling to be issued by the ATO on the tax implications of the Buy-Back for shareholders of BHP Billiton Limited who participate in the Buy-Back.

Closing Date means Friday, 31 March 2006 unless BHP Billiton Limited announces a later date.

Corporations Act means the Corporations Act 2001 (Cth), as modified by the relief described in Section 4.14.

DLC means a dual listed companies structure effected by contractual arrangements between the companies such that the companies operate as a single economic entity.

EIS means any BHP Billiton Limited employee incentive scheme.

EIS Shares means Shares which are registered in the name of the EIS participant under the terms of an EIS on 24 February 2006, but excludes any Restricted Employee Shares.

Excluded Foreign Person means any person holding Shares:

(a) to whom the Company would be prohibited from paying money pursuant to:

(i) the Banking (Foreign Exchange) Regulations 1959 (Cth);

- (ii) Part 4 of the Charter of the United Nations Act 1945 (Cth);
 - (iii) the Charter of the United Nations (Terrorism and Dealings with Assets) Regulations 2002 (Cth);
 - (iv) the Charter of United Nations (Sanctions – Afghanistan) Regulations 2001;
 - (v) the Iraq (Reconstruction and Repeal of Sanctions) Regulations 2003; or
 - (vi) any other act, rule or regulation prohibiting BHP Billiton from making payments to foreign persons;
- (b) to whom the Buy-Back Invitation may not lawfully be made under the laws of the jurisdiction in which they are resident; or
- (c) whose participation in the Buy-Back is not permitted under the laws of the jurisdiction in which they are resident. For the avoidance of doubt, Excluded Foreign Persons includes any person who is (or who is acting on behalf of or for the account of a person who is) in the United States, a US Person or a resident of Canada.

Final Price Tender means a Tender in which the shareholder elects to receive the Buy-Back Price, whatever BHP Billiton Limited determines it to be.

IFRS means the International Financial Reporting Standards.

Issuer Sponsored Holder means a holder of Shares on the issuer sponsored subregister of BHP Billiton Limited.

Issuer Sponsored Holding means a holding of Shares on the issuer sponsored subregister of BHP Billiton Limited.

Market Price means the VWAP (as defined) of BHP Billiton Limited ordinary shares on the ASX over the five trading days up to and including the Closing Date, calculated to four decimal places, as determined by BHP Billiton Limited at 4.30pm (Melbourne time) on the Closing Date.

Minimum Price means one of the specified minimum prices on the Tender Form, which a shareholder may select in order for their Tender to be conditional upon the Buy-Back Price being equal to or greater than that amount.

Priority Allocation means 200 Shares or such lesser number of Shares as is required to ensure that BHP Billiton Limited is able to buy back only the number of Shares it determines to buy back.

Registry means Computershare Investor Services Pty Limited (ABN 48 078 279 277).

Restricted Employee Shares means fully paid ordinary shares of BHP Billiton Limited held pursuant to an EIS where, as at the Buy-Back Record Date, the holder is not entitled to sell those shares into the Buy-Back or where the shares are subject to forfeiture under the terms of that EIS.

Settlement Rules means the settlement rules of the ASTC or of the relevant stock exchange on which your Shares were acquired, as amended from time to time.

Shares means fully paid ordinary shares in the capital of BHP Billiton Limited on issue as at the Buy Back Record Date. For the avoidance of doubt, Shares do not include ADRs or Restricted Employee Shares.

Small Holding means a holding of fewer than or equal to 80 fully paid ordinary Shares, except that it will not be a Small Holding where the holder has become the registered holder of more shares in the Company as at the Closing Date than were held by the holder as at the Buy-Back Record Date.

Small Holding Tender has the meaning given to that term in Section 1.16.

Tax Value for the purposes of the Buy-Back means:

BHP Billiton Plc opening price in	
London	
\$24.42 x	on the Closing Date
	£9.54*

* £9.54 was the BHP Billiton Plc closing price in London on 14 February 2006.

If the movement in the BHP Billiton Plc share price is significantly different from the movement in BHP Billiton Limited's market price over the relevant period, BHP Billiton may approach the ATO to seek to vary the methodology used to determine the Tax Value.

Tender means a shareholder's offer to sell nominated Shares back to BHP Billiton Limited at a specified Tender Discount or as a Final Price Tender and on the terms and conditions set out in the Buy-Back Documents as amended in accordance with the procedures set out in this booklet.

Tender Discount means one of the specified discounts to the Market Price (from 8 per cent to 14 per cent inclusive, at 1 per cent intervals) as set out on the Tender Form.

Tender Form means the form of offer by a shareholder to sell their nominated Shares to BHP Billiton Limited under the Buy-Back, which is enclosed with this booklet (and includes a Tender Form amended in accordance with the procedures set out in the Buy-Back Documents).

Tender Period means the period within which shareholders may lodge, withdraw or amend a Tender in accordance with the Buy-Back Documents.

United States means United States of America, its territories and possessions, any State of the United States and the District of Columbia.

US Person has the meaning given by Regulation S under the United States Securities Act of 1933.

VWAP for a share over a period means the volume weighted average price of shares sold on the ASX excluding any transactions defined in the ASX Market Rules as special crossings, crossings prior to the commencement of normal

trading, crossings during the closing phase and the after hours adjust phase, any overseas trades or trades pursuant to the exercise of options over shares and any overnight crossings or other trades that the Company determines to exclude on the basis that the trades are not fairly reflective of natural supply and demand.

Withdrawal/Amendment Form means the form (a copy of which is included at the back of this booklet) entitled Withdrawal/ Amendment Form that is required to withdraw or amend a previously submitted Tender.

you or shareholder means a holder of Shares in BHP Billiton Limited.

BHP BILLITON LIMITED

ABN 49 004 028 077 Withdrawing or Amending your Tender(s)

Shareholders who have tendered their Shares into the Buy-Back and who now wish to either withdraw or amend their Tender(s) must lodge this Withdrawal/Amendment Form.

How to complete the Withdrawal/Amendment Form

The instructions below are cross-referenced to the relevant section of this form. Defined terms have the same meaning as in the Buy-Back booklet. Please complete the form using black ink only. Mark only one of the two boxes:

Withdrawal Tick the **Amendment- Tick the Withdrawal Box if you wish to withdraw your Tender(s) and submit a new replacement Tender(s). Please complete Box A** **Amendment- Tick the Withdrawal Box if you wish to amend your previous Tender(s) and do not wish to submit a new replacement Tender(s). Please complete Box F. or through to Box G.**

A Insert the total number of Shares registered in your name as at 24 February 2006 that confer an entitlement to participate in the Buy-Back. If you wish to participate in the Buy-Back, you can offer to sell some or all of these Shares to BHP Billiton Limited by ticking the Amendment box and following the instructions set out below. If you need to check the total number of Shares you may tender into the Buy-Back, please call the BHP Billiton Limited Buy-Back enquiry line on 1300 781 469 (within Australia) or +61 3 9415 4254 (from outside Australia).

Final Price Tender Insert the number of Shares (if any) you wish to tender as a Final Price Tender. **Tender Discount** Insert the number of Shares (if any) you wish to tender as a Tender Discount. **AND/OR** Insert the number of Shares (if any) you wish to tender as a Final Price Tender and/or at a specified Tender Discount. You may offer to sell parcels of Shares at up to 7 different specified Tender Discounts. Each parcel is treated as a separate Tender.

After indicating the number of Shares you wish to tender as a Final Price Tender (Box B) and/or at a specified Tender Discount(s) (Box C), you

need to add up the number of Shares in Boxes B and C and write the total in Box D.

Note that the number of Shares in Box D must not be more than the number of Shares in Box A.

If the number of Shares in Box D is more than the number of Shares in Box A, you will be deemed to have offered only the number of Shares shown in Box A and, if you have selected more than one Tender Discount and/or a Final Price Tender, your Tender will be adjusted in the manner set out in Section 4.12 of the Buy-Back booklet.

E Please provide your contact details in case we need to speak to you about your Tender Form.

F You must sign this form in Box F. By signing and returning this Withdrawal/Amendment Form, you acknowledge that you have read and understood the Buy-Back booklet and agree to, and make an offer to sell your shares on, the terms and conditions set out in the Buy-Back Documents (including the warranties, authorisations and undertakings set out in Section 4.9 of the Buy-Back booklet).
