**COMPAGNIE GENERALE DE GEOPHYSIQUE**

(ISIN: FR0000120164; NYSE : GGY)

**COMPAGNIE GENERALE DE GEOPHYSIQUE AND VERITAS DGC INC. ANNOUNCE PRELIMINARY RESULTS OF ELECTIONS FOR MERGER CONSIDERATION**

**PARIS (January 12, 2007)** **Compagnie Générale de Géophysique (NYSE: GGY) and Veritas DGC Inc. (NYSE: VTS)** today announced that based on the preliminary results of elections received prior to yesterday's deadline for making a cash or stock election under the merger agreement, the cash consideration is oversubscribed. The stockholders who elected cash will receive a mix of cash consideration and stock consideration, and the stockholders who elected stock and all stockholders who failed to make a valid election will receive stock consideration. The amount of the cash oversubscription and the exact allocation of the cash merger consideration will not, however, be known until final results of the election process are determined, at the end of the guaranteed delivery period described below.

The elections with respect to a substantial number of the foregoing cash and stock election shares were made pursuant to the notice of guaranteed delivery procedure, which requires the delivery of the share certificates representing such shares of Veritas common stock (or a confirmation evidencing the book-entry transfer of such shares) to the exchange agent by 5:00 p.m., New York City time, on January 17, 2007. If the exchange agent does not receive the required certificates or confirmation by this guaranteed delivery deadline, with respect to any such election, the shares of Veritas common stock subject to such election will be treated as shares that did not make a valid election.

After the final results of the election process are determined, the actual merger consideration, and the allocation thereof, will be computed using the formula in the merger agreement and will be based on, among other things, the actual number of shares of Veritas common stock outstanding immediately prior to the closing time, the final results of the election process, and the average of the per share closing sale prices of the American Depositary Shares of CGG on the New York Stock Exchange, as reported in *The Wall Street Journal*, during the pricing period (the twenty consecutive trading days ending on the third calendar day before the merger closing date). A press release announcing the final merger consideration will be issued after the final merger consideration is determined.

A more complete description of the merger consideration and the allocation procedures applicable to elections is contained in the proxy statement/prospectus dated November 30, 2006 and first mailed to Veritas stockholders on or about December 5, 2006. Veritas stockholders are urged to read the proxy statement/prospectus carefully and in its entirety. Copies of the proxy statement/prospectus may be obtained for free at the Securities and Exchange Commission's website at [www.sec.gov](http://www.sec.gov).

CGG and Veritas expect to complete the merger today. The proposed merger remains subject to the satisfaction of customary conditions to closing contained in the merger agreement.

**About CGG**

CGG ([www.cgg.com](http://www.cgg.com)) is a global participant in the oilfield services industry, providing a wide range of seismic data acquisition, processing and reservoir services to clients in the oil and gas exploration and production business. It is also a global manufacturer of geophysical equipment through its subsidiary Sercel.

CGG is listed on the Eurolist of Euronext Paris SA (ISIN: 0000120164 NYSE: GGY) and the New York Stock Exchange (under the form of American Depositary Shares, NYSE: GGY).

**About Veritas**

Veritas DGC, Inc. ([www.veritasdgc.com](http://www.veritasdgc.com)), headquartered in Houston, Texas, is a leading provider of integrated geophysical information and services to the petroleum industry worldwide.

Veritas is listed on New York Stock Exchange under the ticker VTS.
