**Supplemental Information to the Schedule of Investments****Adoption of Statement of Financial Accounting Standards No. 157 Fair Value Measurements**

In September 2006, Statement of Financial Accounting Standards No. 157, Fair Value Measurements ( SFAS 157 ), was issued and is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The Fund adopted SFAS 157 effective with the March 31, 2008 quarterly reporting on portfolio holdings. The three levels of the fair value hierarchy under SFAS 157 are described below:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other significant observable inputs (including, but not limited to: quoted prices for similar securities, interest rates, credit risk, etc.)

Level 3 significant unobservable inputs (including the Fund's own assumptions used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. A summary of the inputs used to value the Fund's net assets as of September 30, 2009, is as follows:

<b>Valuation Inputs</b>	<b>Investments in Securities*</b>
Level 1 Quoted Prices	\$ 1,398,290,770
Level 2 Other Significant Observable Inputs	42,241
Level 3 Significant Unobservable Inputs	5,696,414
<b>Total</b>	<b>\$ 1,404,029,425</b>

\* See Schedule of Investments for identification of securities by security type and country and industry classification.

The following is a reconciliation of Level 3 investments for which significant unobservable inputs were used in determining fair value:

	Investments in Equity Securities		
	Publishing	Retail Stores	Shipbuilding

**Adoption of Statement of Financial Accounting Standards No. 161 Disclosures about Derivative Instruments and Hedging Activities**

In March 2008, the Financial Accounting Standards Board (FASB) released Statement of Financial Accounting Standards No. 161 Disclosures about Derivative Instruments and Hedging Activities ( SFAS 161 ). SFAS 161 requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments and disclosures about credit-risk-related contingent features in derivative agreements. The application of SFAS 161 is required for fiscal years and interim periods beginning after November 15, 2008. As of September 30, 2009, management has evaluated the impact of SFAS 161 on financial reporting disclosures and has determined that no additional disclosure is required.
