**Item 2.02 Results of Operations and Financial Condition.**

On November 2, 2009, Diodes Incorporated issued a press release announcing its third quarter 2009 results. A copy of the press release is attached as Exhibit 99.1.

On November 2, 2009, Diodes Incorporated hosted a conference call to discuss its third quarter 2009 results. A recording of the conference call has been posted on its website at www.diodes.com. A copy of the script is attached as Exhibit 99.2.

During the conference call on November 2, 2009, Dr. Keh-Shew Lu, President and Chief Executive Officer of Diodes Incorporated, as well as Richard D. White, Chief Financial Officer, Mark King, Senior Vice President of Sales and Marketing and Carl C. Wertz, Vice President of Finance and Investor Relations made additional comments during a question and answer session. A copy of the transcript is attached as Exhibit 99.3.

In the press release and earnings conference call, Diodes Incorporated (the Company) utilizes financial measures and terms not calculated in accordance with generally accepted accounting principles in the United States (GAAP) in order to provide investors with an alternative method for assessing our operating results in a manner that enables investors to more thoroughly evaluate our current performance as compared to past performance. We also believe these non-GAAP measures provide investors with a more informed baseline for modeling the Company's future financial performance. Our management uses these non-GAAP measures for the same purpose. We believe that our investors should have access to, and that we are obligated to provide, the same set of tools that we use in analyzing our results. These non-GAAP measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. The following, along with others described in Exhibit 99.1, is a description of non-GAAP measures used:

**Free Cash Flow (FCF)** is operating cash flows minus capital expenditures. FCF represents the cash and cash equivalents that we are able to generate after taking into account investments required to maintain or expand property, plant and equipment. FCF is important because it allows us to pursue opportunities to develop new products, make acquisitions and reduce debt.

**Item 7.01 Regulation FD Disclosure.**

The press release in Exhibit 99.1 also provides an update on the Company's business outlook.

**Item 9.01 Financial Statements and Exhibits.**
