QUESTIONS AND ANSWERS

1. What is a proxy?

A proxy is a procedure which enables you, as a shareholder, to authorize someone else to cast your vote for you. The Board of Directors of the Company is soliciting your proxy, and asking you to authorize Robert S. Cubbin, President and Chief Executive Officer, Karen M. Spaun, Senior Vice President and Chief Financial Officer, or Michael G. Costello, Senior Vice President, General Counsel and Secretary of the Company, to cast your vote at the 2010 Annual Meeting. You may, of course, cast your vote in person or abstain from voting, if you so choose. The term proxy is also used to refer to the person who is authorized by you to vote for you.

2. What is a proxy statement and a proxy card?

A proxy statement is the document the United States Securities and Exchange Commission (the SEC) requires to explain the matters on which you are asked to vote. A proxy card is the form by which you may authorize someone else, and in this case, Mr. Cubbin, Ms. Spaun or Mr. Costello to cast your vote for you. This proxy statement and proxy card with respect to the Company's 2010 Annual Meeting were mailed on or about April 13, 2010 to all shareholders entitled to vote at the Annual Meeting.

3. Who is entitled to vote?

Only holders of shares of the Company's common stock at the close of business on March 19, 2010 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder of record has one vote for each share of common stock for each matter presented for a vote.

4. What will I vote on at the Annual Meeting?

At the Annual Meeting, shareholders will vote upon:

- (i) Election of three directors for a three-year term expiring in 2013, or until the election and qualification of their successors;
- (ii) Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm; and
- (iii) Transaction of any other business that is properly submitted before the Annual Meeting or any adjournments of the Annual Meeting.

5. How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote FOR each proposal.

Table of Contents

6. How can I vote?

You can vote in person or by proxy. To vote by proxy, complete, sign, date and return the enclosed proxy card in the enclosed envelope. If you returned your signed proxy card to the Company before the Annual Meeting, the persons named as proxies on the card will vote your shares as you direct. Shares represented by proxies that are marked **WITHHELD** to vote for all three nominees for director, or for any individual nominee(s) for election as director(s) and which are not otherwise marked **FOR** the other nominees will not be counted in determining whether a plurality vote has been received for the election of directors. Similarly, shares represented by proxies, which are marked **ABSTAIN** on the proposals to ratify the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company in 2010 will not be counted in determining whether the requisite vote has been received for such proposal. **IF YOU WISH TO VOTE IN THE MANNER THE BOARD OF DIRECTORS RECOMMENDS, IT IS NOT NECESSARY TO SPECIFY YOUR CHOICE ON THE PROXY CARD. SIMPLY SIGN, DATE AND RETURN THE PROXY CARD IN THE ENCLOSED ENVELOPE.** You may revoke a proxy at any time before the proxy is voted by:

- (i) Providing written notice of revocation to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this statement;
- (ii) Submitting another proxy that is properly signed and dated later; or
- (iii) Voting in person at the meeting (but only if the shares are registered in the Company's records in your name and not in the name of a broker, dealer, bank or other third party).

7. Is my vote confidential?

Yes, your vote is confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the votes have access to your proxy card. All comments received will be forwarded to management on an anonymous basis unless you request that your name be disclosed.

8. What is a quorum?

There were 54,901,542 shares of the Company's common stock outstanding on the Record Date. A majority of the outstanding shares, or 27,450,772 shares, present or represented by proxy, constitutes a quorum. A quorum must exist to conduct business at the Annual Meeting. Abstentions and broker non-votes are counted as votes present for purposes of determining whether there is a quorum. A broker non-vote is a proxy a broker submits that does not indicate a vote for the proposal, because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on the proposal.

9. How does voting work?

If a quorum exists at the Annual Meeting, a plurality vote, being the greatest number, of the shares voted, although not a majority is required to elect the three nominees for director. The three nominees receiving the highest number of votes will be elected. If a quorum is present, the affirmative vote by the holders of a majority of the votes cast in person or by proxy is required to ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for 2010. Abstentions and broker non-votes are not votes cast. Therefore, an abstention and a broker non-vote will have no effect on the proposals to elect the three nominees for director and ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company in 2010.

The Company will vote properly executed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify instructions, the shares represented by proxies will be voted FOR the nominees for director and FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company in 2010. No other proposals are currently scheduled to be presented at the meeting.

10. Who pays for the costs of the Annual Meeting?

The Company pays the cost of preparing and printing the proxy statement, proxy card and soliciting proxies. The Company will solicit proxies primarily by mail, but also may solicit proxies personally and by telephone,

Table of Contents

facsimile or other means. Officers and regular employees of the Company and its subsidiaries also may solicit proxies, but will receive no additional compensation for doing so, nor will their efforts result in more than a minimal cost to the Company. The Company also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of the Company's common stock.

11. What other information is available about Meadowbrook Insurance Group, Inc.?

The Company maintains a corporate website, www.meadowbrook.com, where the Company makes available, free of charge, copies of its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and any amendments to those reports, as soon as reasonably practicable after they are filed. In addition, the Company maintains the charters of its Governance and Nominating Committee, the Compensation Committee, the Audit Committee, the Risk Management and Finance Committee and the Investment Committee of the Board of Directors on its website, as well as the Company's Corporate Governance Guidelines, Code of Conduct, and Business Conduct Policy. Printed copies of the above are available, free of charge, to any shareholder who requests this information.

12. When are stockholder proposals for the 2011 Annual Meeting due?

All shareholder proposals to be considered for inclusion in next year's proxy statement under SEC Rule 14a-8 must be submitted in writing to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this booklet by December 14, 2010.

For any proposal that is not submitted for inclusion in next year's proxy statement but instead is sought to be presented directly at next year's annual meeting, SEC rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on February 25, 2011 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on February 25, 2011.

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**THE FIRST PROPOSAL ON WHICH YOU ARE VOTING
THE ELECTION OF THREE DIRECTORS**

The Company's Board of Directors is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting of shareholders, the shareholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting.

This year you are voting on three candidates for director. The Company's Board of Directors, acting upon the recommendation of its Governance and Nominating Committee, has nominated: Merton J. Segal, David K. Page and Herbert Tyner as directors with terms expiring in 2013. Each nominee currently serves as a director, has consented to their nomination and has agreed to serve as a director, if elected. Mr. Joseph S. Dresner has decided to retire from the Board of Directors; and therefore, will not be seeking re-election.

If any of the nominees are unable to stand for election, the Company may vote the shares to elect a substitute nominee, who is nominated by the Board, or the number of directors to be elected at the Annual Meeting may be reduced.

The Company's Board recommends a vote FOR each of the nominees.

CORPORATE GOVERNANCE

Board Matters

In 2009, the Board of Directors met five times and the Committees of the Board held sixteen additional meetings. During 2009, each of the directors, with the exception of Joseph S. Dresner, attended (in the aggregate) at least 75% of the total number of meetings of the Board of Directors and the total number of meetings held by all the Committees of the Board upon which he/she served.

It is the policy of the Board of Directors to encourage attendance by its members at all meetings of the Board and Committees of the Board. Eight of the twelve members of the Board of Directors attended the 2009 Annual Meeting.

Board Leadership Structure and Risk Management Oversight

The Board of Directors has adopted governance guidelines to assist with fulfilling its duties and responsibilities to the Company and its shareholders. These guidelines are intended to ensure the Board of Directors has the necessary authority and procedures in place to review and evaluate the Company's business operations, make decisions that are independent of the Company's management, and align the Company's directors and management interests with those of the Company's shareholders. While the Company's bylaws do not require a separation of the Chairman of the Board and Chief Executive Officer positions, these positions are currently held by different people. The Company believes that separation of these two positions provides for appropriate oversight and review of management performance. In addition, it allows for an independent and objective assessment of agenda items to be considered at board or committee meetings. The Company has not selected a lead director; however, the Chairman of the Risk Management and Finance Committee has been appointed to chair all executive sessions of the Board of Directors. The Board of Directors has a practice of conducting executive sessions at each of the regularly scheduled Board and Committee meeting. The Board of Directors conducts executive sessions with the Chief Executive Officer. Also, the Board of Directors, along with the Audit Committee, conducts executive sessions with the Company's Chief Financial Officer, Chief Actuary, Director of Internal Audit and General Counsel.

The Board of Directors is responsible for oversight of the Company's risk management process. The Board of Directors has delegated to the Risk Management and Finance Committee the primary function of managing the risk management process and under the oversight of the Board of Directors. While the Risk Management and Finance Committee has the primary responsibility, several of the other committees of the Board of Directors also have the role in the process as outlined by each of their respective charters. The Risk Management and Finance Committee, with assistance from the Audit Committee, is responsible for reviewing, assessing and monitoring the significant risks or exposures to the Company and assuring that management has implemented the appropriate monitors to control such risks, as well as minimize the Company's exposure to such risks. The Risk Management and Finance Committee is authorized to retain, if necessary, risk management consultants to assist the Board of Directors in this process. The Investment Committee is responsible for developing an investment policy that ensures the Company's investment portfolio is aligned with the risk profile of the Company. The Compensation Committee is responsible for adopting compensation policies that increase shareholder value, avoid undue risk taking by the Company, appropriately rewards executives and employees for performance and assures that the Company's compensation policies and practices are adequately disclosed to the public. The Governance and Nominating Committee is responsible for overseeing matters relating to the nomination, selection and evaluation of its directors, reviewing and approving any related-party transactions, as well as assuring that the Company has an effective corporate governance policy, which complies with the current rules of the New York Stock Exchange and SEC.

The Board of Directors has determined that Messrs. Dresner, Greenberg, Naftaly, Page, Sturgis, Thal, Tyner, Fix, Maffett and Ms. Mark are independent, in accordance with the New York Stock Exchange's independence standards, as modified or supplemented, and these directors have no other relationship that would impair such independence.

The Governance and Nominating Committee has not established specific minimum qualifications or skills for directors to possess. The Governance and Nominating Committee uses a subjective process for identifying and evaluating nominees for director, based upon the information available to members of the Governance and Nominating Committee and the current needs of the Company. While the Governance and Nominating Committee does consider diversity as one of several criteria for eligibility, the Company has not adopted a formal diversity policy. The Governance and Nominating Committee does not believe there would be any difference in the manner in which it evaluates nominees based on whether the nominee is recommended by a shareholder or director. Historically, nominees have been the existing directors or persons with significant management, insurance, accounting, actuarial, legal, banking, investment or business experience.
