Dear Fellow Stockholders,

We are pleased to provide you with the proxy materials for our 2010 Annual Meeting of Stockholders. This year, our meeting will be held on Friday, June 18, 2010 at 10:30 a.m. Pacific Time, at our corporate office located at 157 Technology Drive, Irvine, California, 92618.

For Spectrum, 2009 was a watershed year financially, strategically, and operationally. For the first time in our history, we recorded product revenue of over \$28 million. Some of our other key accomplishments included: acquiring all U.S. rights to Zevalin[®], a novel drug for the treatment of non-Hodgkin's Lymphoma, and securing FDA approval for its use in the first-line setting, thereby expanding the market opportunity substantially to more than 40,000 addressable patients; receiving Fast-Track designation for apaziquone (EOquin[®]), our drug in pivotal registrational trials for bladder cancer; completing enrollment, involving over 1,600 patients, in these Phase 3 trials, ahead of schedule; and entering into two international alliances worth approximately \$170 million. And, despite an exceptionally challenging financial environment in which many companies struggled to meet basic operating needs, we were able to raise more than \$100 million, allowing us to meet most of our strategic initiatives.

All of us at Spectrum come to work with one goal in mind: How can we improve the quality of life of cancer patients while at the same time helping to increase stockholder value in a challenging and rewarding environment? To succeed, we need to constantly invest in our future. With this in mind, we recently in-licensed belinostat, a late-stage, novel, potentially best-in-class histone deacetylase (HDAC) inhibitor for the treatment of various solid tumors and hematological malignancies, which is currently in a registrational, pivotal trial under a Special Protocol Assessment from the FDA requiring 100 evaluable patients with Peripheral T-Cell Lymphoma. Belinostat has been given a Fast Track Designation by the FDA. We plan to submit the new drug application next year.

Spectrum has never been stronger than it is today, with two marketed drugs, Zevalin and Fusilev, two late-stage drugs, apaziquone and belinostat, in pivotal registrational trials, and a strong cash position. We remain committed to our philosophy of fiscal discipline and balanced risk management, as we continue to develop novel treatments to help cancer patients.

At this meeting, we are asking for votes from our stockholders on the election of our six nominees to the board of directors. We believe that our director nominees will continue to bring high ethical standards, significant knowledge, experience, contacts and oversight to help us move forward with the commercialization of our marketed drugs and development of our clinical drugs.

Your vote is important, and whether or not you attend the annual meeting, I encourage you to sign and return your proxy card, so that your shares of stock will be represented and your votes cast at the meeting. If you have any further questions, please contact our Vice President of Finance, Mr. Shyam Kumaria, at Spectrum Pharmaceuticals, Inc., 157 Technology Drive, Irvine, CA 92618.

We thank you for your consideration and support, and hope to see you at this year's annual meeting to learn more about our future plans for Spectrum Pharmaceuticals.

Sincerely,

Rajesh C. Shrotriya, M.D.

PROXY STATEMENT

The enclosed Proxy is solicited on behalf of the Board of Directors of Spectrum Pharmaceuticals, Inc. (Spectrum, we, our, us or the Company) for use at our 2010 annual meeting of stockholders to be held Friday, June 18, 2010 at 10:30 a.m., Pacific Time, or at any postponement or adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The annual meeting will be held at our corporate office located at 157 Technology Drive, Irvine, California, 92618. This proxy statement and the accompanying proxy are first being mailed to our stockholders on or about May 17, 2010.

QUESTIONS AND ANSWERS ABOUT THE 2010 ANNUAL MEETING AND VOTING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of annual meeting on the cover page of this proxy statement, including the election of six directors, each for a term of one year that expires at the annual meeting in 2011. Stockholders will also act on any other business that may properly come before the annual meeting. In addition, following the annual meeting, management will report on our performance during fiscal 2009 and early 2010.

Who is entitled to vote at the annual meeting?

Only stockholders of record at the close of business on April 20, 2010, the record date for the annual meeting, are entitled to receive notice of and to vote at the annual meeting. If you were a stockholder of record on that date, you are entitled to vote all of the shares that you held on that date at the annual meeting, or any postponements or adjournments of the annual meeting. A list of such stockholders will be available for examination by any stockholder at the annual meeting and, for any purpose germane to the annual meeting, at our principal business office, 157 Technology Drive, Irvine, California, 92618, for a period of ten days prior to the annual meeting.

How many shares of our common stock and preferred stock are outstanding and what are the voting rights of the holders of those shares?

On April 20, 2010, the record date for the annual meeting, 49,455,998 shares of our common stock and 68 shares of our Series E Convertible Voting Preferred Stock, or Series E Preferred Stock, were outstanding. Holders of the outstanding shares of our common stock on the record date will be entitled to one vote on each matter for each share of our common stock held as of such date. Our Series E Preferred Stock has voting rights and powers equal to those of our common stock. Holders of our Series E Preferred Stock as of the record date shall be entitled to vote with respect to any matter upon which holders of our common stock have the right to vote, voting together with the holders of our common stock as one class. Each holder of our Series E Preferred Stock shall be entitled to the number of votes equal to the number of shares of our common stock into which such shares of our Series E Preferred Stock could be converted on the record date at the then current conversion value, as determined pursuant to the Certificate of

Designations, Rights and Preferences of the Series E Preferred Stock, or the Certificate of Designations. At the current conversion value, each share of Series E Preferred Stock is entitled to 2,000 votes

on each matter at the annual meeting. Consequently, the holders of our Series E Preferred Stock shall have a total of 136,000 votes on each matter at the annual meeting. Including both the outstanding common stock and the Series E Preferred Stock, voting together as one class, a total of 49,591,998 votes may be cast at the annual meeting.

Who can attend the annual meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the annual meeting. Registration will begin at 9:30 a.m., and seating will begin immediately thereafter. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the annual meeting.

What constitutes a quorum?

The presence at the annual meeting of the holders of a majority of the aggregate of the outstanding shares of our common stock and our preferred stock (of which only Series E Preferred Stock is currently outstanding), which will be counted as if converted into common stock, in person or by proxy and entitled to vote, will constitute a quorum, permitting the annual meeting to conduct its business. Proxies marked withheld as to any director nominee, abstentions and broker non-votes are counted by us for purposes of determining the presence or absence of a quorum at the annual meeting for the transaction of business. Broker non-votes are shares that are not voted by the broker who is the record holder of the shares because the broker is not instructed to vote on such matter by the beneficial owner and the broker does not have discretionary authority to vote on such matter.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered stockholder (that is, if you hold your stock in certificate form or otherwise directly and not through a broker or other nominee) and attend the annual meeting, you may deliver your completed proxy card in person. We encourage you, however, to submit the enclosed proxy card in advance of the annual meeting. In addition, ballots will be available for registered stockholders to vote in person at the annual meeting. Stockholders who hold their shares in street name may vote in person at the annual meeting only by obtaining a proxy form from the broker or other nominee that holds their shares.

Can I vote by telephone or electronically?

If you are a registered stockholder, you may not vote by telephone or electronically since we do not have that capability. If your shares are held in street name, i.e., by a broker or other nominee, please check the voting instruction card you received from your broker or nominee or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically and what deadlines may apply to your ability to vote your shares by telephone or electronically.

Can I change my vote after I return my proxy card?

Yes. As a registered stockholder, you may change your vote at any time before the proxy is voted at the annual meeting by filing with our Secretary either a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the annual meeting in person and request that your proxy be suspended, although attendance at the annual meeting will not by itself revoke a previously granted proxy. Any written notice revoking a proxy should be sent to our Secretary at our corporate offices at 157 Technology Drive,

Irvine, California 92618, and must be received prior to the commencement of the meeting. If your shares are held in street name, please check the voting instruction card you received from your broker or nominee or contact your broker or nominee to determine how to change your vote.

What is the board's recommendation?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the board of directors. The board's recommendation is set forth together with the description of each proposal in this proxy statement. In summary, the board recommends a vote **FOR** election of the six director nominees, each for a term of one year expiring at the 2011 annual meeting of stockholders (see Proposal No. 1).

With respect to other business that may properly come before the annual meeting, the proxy holders will vote as recommended by our board of directors or, if no recommendation is given, in their own discretion.

What vote is required to approve the proposal?

For Proposal No. 1, the director nominees receiving the highest number of affirmative votes cast, in person or by proxy, at the annual meeting, up to the number of directors to be elected at the annual meeting (six directors), will be elected as directors. Abstentions will have no effect in determining which directors receive the highest number of votes. **Starting this year, the election of directors is a non-discretionary item.** Therefore, if you do not instruct your broker how to vote with respect to the election of directors, your broker may not vote with respect to this proposal and those votes will be counted as broker non-votes. Broker non-votes will have no effect in determining which directors receive the highest number of affirmative votes cast.

Stockholders Sharing the Same Last Name and Address

Securities and Exchange Commission, or SEC, rules permit banks, brokers and other nominee record holders to participate in a practice known as householding, which means that only one copy of the proxy statement and annual report will be sent to multiple stockholders who share the same address. Householding is designed to reduce printing and postage costs and, therefore, results in cost savings for Spectrum. If you receive a householded mailing this year and would like to have additional copies of our proxy statement and/or annual report mailed to you, or if you would like to opt out of this practice for future mailings, please contact your bank, broker or other nominee record holder, or submit your request to our Secretary, c/o Spectrum Pharmaceuticals, Inc., 157 Technology Drive, Irvine, CA 92618, by telephone at (949) 788-6700. Upon receipt of any such request, we agree to promptly deliver a copy of our proxy statement and/or annual report to you. In addition, if you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future proxy materials for your household, please contact us using the contact information set forth above.

Compensation Committee. The Compensation Committee is currently comprised of Drs. Krassner and Vida, and Mr. Cybulski (Chair). The Compensation Committee held two meetings during 2009.

The Compensation Committee of our board of directors is comprised of three directors each of whom is independent within the meaning of the NASDAQ director independence standards, and a non-employee director within the meaning of Rule 16b-3 under the Exchange Act. The Compensation Committee's responsibilities include, but are not limited to: reviewing and evaluating our compensation arrangements for executive officers, reviewing our compensation philosophy, determining the compensation of our Chief Executive Officer, or CEO, and other executive officers, and reviewing and approving bonus compensation, including equity incentive awards. The Compensation Committee has granted limited authority to Dr. Shrotriya to make equity awards to employees and consultants. The Compensation Committee determines the compensation of our CEO independently, and the compensation of other executive officers in consultation with the CEO. During the past four years, the Compensation Committee has, from time to time, consulted with outside legal counsel to the Compensation Committee, and independent compensation consulting firms, and has received compensation data of companies at a similar stage of development as our company from such outside counsel and consultants. The Compensation Committee is made up of individuals with many years of experience in both academia as well as the pharmaceutical industry. All of the members have had years of experience in evaluating the performance of and providing compensation recommendations at corporations and in academia.

Placement Committee. The Placement Committee is currently comprised of Dr. Shrotriya (Chair) and Messrs. Cybulski and Fulmer. The Placement Committee has currently the delegated authority to act on behalf of the board for approving and evaluating all issuances of our securities, including the authority to set the terms of each security being issued, including, without limitation, common stock, warrants, preferred stock or other securities convertible into common stock. The Placement Committee held six meetings and acted by unanimous written consent two times during 2009.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is currently comprised of Drs. Krassner, Maida and Vida, and Messrs. Cybulski and Fulmer. All members of the Nominating and Corporate Governance Committee are non-employee directors and qualify as independent under the current NASDAQ director independence standards. The Nominating and Corporate Governance Committee's responsibilities include, but are not limited to: the identification and recommendation of nominees for election as directors by the stockholders, the identification and recommendation of candidates to fill any vacancies on our board, and the recommendation of policies and standards of corporate governance. The Nominating and Corporate Governance Committee met two times in 2009.

In selecting and making recommendations to the board for director nominees, the Nominating and Corporate Governance Committee may consider suggestions from many sources, including our stockholders. Any such director nominations, together with appropriate biographical information and qualifications, should be submitted by the stockholder(s) to the Chairman of the Nominating and Corporate Governance Committee of our board of directors, c/o Spectrum Pharmaceuticals, Inc., 157 Technology Drive, Irvine, CA 92618. Director nominees submitted by stockholders are subject to the same review process as director nominees submitted from other sources such as other board members or senior management.

The Nominating and Corporate Governance Committee will consider a number of factors when reviewing potential nominees for the board. The factors which are considered by the Nominating and Corporate Governance Committee include the following: the candidate's ability and willingness to commit adequate time to board and committee matters; the fit of the candidate's skills and personality with those of other directors and potential directors in building a board that is effective, collegial and responsive to our needs; the candidate's personal and professional integrity, ethics and values; the candidate's experience in corporate management, such as serving as an officer or former officer of a publicly held company; the candidate's experience in our industry and with relevant social policy concerns; the candidate's experience as a board member of another publicly held company; whether the candidate would be independent under applicable standards; whether the candidate has practical and mature business judgment; and the candidate's academic expertise in an area of our operations. In addition to the factors set forth above, the Nominating and Corporate Governance Committee also strives to create diversity in perspective, background and experience in the board as a whole.

In identifying, evaluating and selecting future potential director nominees for election at each annual meeting of stockholders and nominees for directors to be elected by the board to fill vacancies and newly created directorships, the Nominating and Corporate Governance Committee engages in a selection process. In identifying potential nominees, the Nominating and Corporate Governance Committee will consider as potential director nominees candidates recommended by various sources, including any member of the board, any of our stockholders or senior management. In appropriate circumstances, the Nominating and Corporate Governance Committee may also hire a search firm to help locate qualified candidates. Once potential nominees are identified, they are initially reviewed by the chairman of the Nominating and Corporate Governance Committee, or in the chairman's absence, any other member of the Nominating and Corporate Governance Committee delegated to initially review director candidates. The reviewing member of the Nominating and Corporate Governance Committee will make an initial determination in his or her own independent business judgment as to the qualifications and fit of such director candidates based on the criteria set forth above. If the reviewing member determines that it is appropriate to proceed, the Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee will interview the prospective director candidate(s). The full Nominating and Corporate Governance Committee may interview the candidates as well. The Nominating and Corporate Governance Committee will provide informal progress updates to the board and will meet to consider and recommend final director candidates to the entire board of directors. Our board of directors determines which candidates are nominated or elected to fill a vacancy.

Product Acquisition Committee. The Product Acquisition Committee is currently comprised of Drs. Shrotriya (Chair), Vida and Krassner, and Messrs. Cybulski, Fulmer and Maida. The Product Acquisition Committee is responsible for evaluating our product acquisition opportunities. The Product Acquisition Committee did not meet during 2009.

Board Leadership Structure

Currently, our Chief Executive Officer, Dr. Rajesh C. Shrotriya, also serves as Chairman of our board of directors. Our board of directors has determined that this structure is the most effective leadership structure for our company. The board believes that Dr. Shrotriya is the director best situated to identify strategic opportunities for our company and to focus the activities of the board due to his full-time commitment to the business and his long tenure with our company. The board also believes that Dr. Shrotriya's dual roles as Chairman of the board and Chief Executive Officer promotes effective execution of our business strategy and facilitates information flow between management and the board. Our board has determined that maintaining the independence of a majority of our directors helps maintain the board's independent oversight of management and ensures that the appropriate level independence is applied to all board decisions. In addition, our Audit, Compensation and Nominating and Corporate Governance Committees, which oversee critical matters such as our accounting principles, financial reporting processes and system of disclosure controls and internal controls over financial reporting, our executive compensation program and the selection and evaluation of our directors and director nominees, each consist entirely of independent directors.

Risk Oversight

Management is responsible for identifying our risk exposures and communicating such exposures to our board. Our board is responsible for implementing our risk oversight responsibilities. The board does not have a standing risk management committee, but administers this function directly through the board as a whole, as well as through committees of the board. For example, the Audit Committee assists the board in its risk oversight function by reviewing and discussing with management our accounting principles and procedures, financial reporting processes and system of disclosure controls and internal controls over financial reporting. The Compensation Committee assists the board in its risk oversight function by overseeing compliance with our executive compensation programs and considering risks relating to the design of our executive compensation programs and arrangements. In addition, our compliance officer monitors our corporate compliance program and our compliance with applicable laws, rules and regulations and provides quarterly reports to our board with respect to compliance matters and any related issues. The full board considers strategic risks and opportunities and receives reports from the committees regarding risk oversight in their areas of responsibility as necessary. We believe our board leadership structure facilitates the division of risk management oversight responsibilities among the board committees and enhances the board's effectiveness in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

If stockholders would like to write to the board of directors, they may also send written correspondence to the following address: Spectrum Pharmaceuticals, Inc., Board of Directors, 157 Technology Drive, Irvine, CA 92618. In general, correspondence relating to accounting, internal accounting controls or auditing matters will be referred to the chairperson of the Audit Committee, with a copy to the Nominating and Corporate Governance Committee. All other correspondence will be referred to the chairperson or the lead director of the Nominating and Corporate Governance Committee. To the extent correspondence is addressed to a specific director or requires a specific director's attention, it will be directed to that director.

Option Tender Offer

Due to our rapid growth over the past few years and a low personnel turnover rate, in early 2009, we had a limited number of shares available for future grant under our 2003 Amended and Restated Incentive Award Plan, or the 2003 Plan. Primarily in order to increase the pool of shares available for future grant under the 2003 Plan, we conducted a tender offer to certain eligible employees to acquire stock options granted to such employees under the 2003 Plan and our Third Amended and Restated 1997 Stock Incentive Plan, or the 1997 Plan. Eligible employees were employees of our company or of our subsidiaries who held stock options with exercise prices in excess of \$5.00. The cash amount offered to those employees was \$0.01 for stock options with an exercise price over \$10.00 and \$1.15 for stock options with an exercise price between \$5.00 and \$9.99.

Sale of Common Stock

On May 6, 2009, we sold an aggregate of 432,200 shares of common stock to certain of our employees at a purchase price of \$2.70 per share, which was the closing price of our common stock on May 6, 2009. This offering resulted in gross proceeds to us of approximately \$1.2 million. The investors in this offering included Dr. Shrotriya and Mr. Kumaria. Dr. Shrotriya purchased 290,000 shares of common stock and Mr. Kumaria purchased 85,000 shares of common stock. We decided to conduct this offering with certain of our employees to allow such employees to invest their personal cash directly into our company at the current fair market value of our stock. The purchase agreements included provisions prohibiting the investors from disposing of the shares of common stock purchased in the offering for ninety days. The offering was approved by the Placement Committee of the Board of Directors. REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

The Audit Committee of our Board of Directors is responsible for assisting our Board of Directors in fulfilling its oversight responsibilities regarding Spectrum's financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with laws and regulations. The Audit Committee operates pursuant to a written charter, a copy of which is posted on our website at www.sppirx.com. The Audit Committee met six times and acted by unanimous written consent one time during fiscal 2009. All members of the Audit Committee are non-employee directors and satisfy the current NASDAQ Global Market Listing Standards and SEC requirements with respect to independence, financial literacy and experience.

Management of Spectrum has the primary responsibility for Spectrum's consolidated financial statements as well as Spectrum's financial reporting process, accounting principles and internal controls. Ernst & Young LLP, the independent registered public accounting firm, is responsible for performing an audit of Spectrum's consolidated financial statements and internal control over financial reporting, and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles and the effectiveness of Spectrum's internal control over financial reporting.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Spectrum as of and for the year ended December 31, 2009 with Spectrum's management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board, or PCAOB, in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB (Rule 3526) regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm's independence.

Based on the foregoing, the Audit Committee has recommended to our Board of Directors the inclusion of the audited consolidated financial statements in Spectrum's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Change in Independent Registered Public Accountants

On December 3, 2009, we discontinued using Kelly & Co., or K&C, as our independent registered public accounting firm. The decision to change accounting firms was approved by the Audit Committee. On the same date, the Audit Committee approved the engagement of Ernst & Young LLP, or E&Y, as our new independent registered public accounting firm and as auditors of our consolidated financial statements for the fiscal year ended December 31, 2009.

K&C's audit reports on our consolidated financial statements as of and for each of the two fiscal years ended December 31, 2008 and 2007 did not contain any adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. There were no reportable events (as that term is defined in Item 304(a)(1)(v) of Regulation S-K) during the two fiscal years ended December 31, 2008 and 2007, and the subsequent interim period through December 3, 2009, the date of the change in accounting firms. In addition, during those periods, there were no disagreements (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) with K&C on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of K&C, would have caused K&C to make reference to the subject matter of the disagreements in connection with its reports.

We previously reported the change in accounting firms on a Current Report on Form 8-K filed with the SEC on December 8, 2009. We provided K&C with a copy of the above disclosures and requested that K&C furnish a letter addressed to the SEC stating whether it agrees with the foregoing statements. A copy of K&C's letter dated December 3, 2009 was filed as Exhibit 16.1 to our Form 8-K filed on December 8, 2009.

During the two fiscal years ended December 31, 2008 and 2007, and the subsequent interim period through December 3, 2009, neither we nor anyone on our behalf consulted with E&Y with respect to (a) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, and neither a written report was provided to us nor oral advice was provided that E&Y concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (b) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K), or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

K&C served as our independent registered public accounting firm from December 23, 2002 to December 3, 2009. During such time, K&C rendered audit opinions on our consolidated financial statements included in our Annual Reports on Form 10-K filed with the SEC for the fiscal years ended December 31, 2008 and 2007.

As previously reported on a Current Report on Form 8-K filed with the SEC on April 5, 2010, in connection with the restatement of our consolidated financial statements the Audit Committee re-engaged K&C to audit the restatement adjustments made to our 2008 and 2007 consolidated financial statements. With respect to E&Y's audit of our consolidated financial statements for the fiscal year ended December 31, 2009, the Audit Committee authorized K&C to respond fully to: (i) inquiries from E&Y regarding the restatement items in our consolidated financial statements for the years ended December 31, 2008 and 2007 and (ii) any other inquiries from E&Y regarding any of our financial statements.

We provided K&C with a copy of the foregoing disclosures and requested that K&C review such disclosures. In addition, K&C was given an opportunity to furnish us with a letter addressed to the SEC containing any new

information, clarifying our expression of K&C's views, or stating the extent to which K&C does not agree with the foregoing statements. K&C informed us on April 2, 2010 that it agreed with the foregoing statements and did not furnish such a letter to us or the SEC.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services of Independent Auditor

There will be representatives from E&Y present at the 2010 annual meeting of stockholders. They may make a statement if they desire to do so and will be available to answer appropriate questions from stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Our aggressive plans for future growth, including maximizing the growth potential of our marketed drugs, Zevalin[®] and Fusilev[®], and managing multiple large, late-stage clinical trials for apaziquone (EOquin[®]), have shaped the Compensation Committee's executive compensation philosophy. This philosophy, including as applied to the CEO, is to attract and retain professionals of the highest caliber, capable of leading us to fulfillment of our ambitious business objectives, by offering competitive compensation opportunities that reward executives for their individual contributions towards our short-term and long-term objectives. Competition for attracting the best talent in the pharmaceutical industry is very intense, especially in Orange County, California, where the industry has only a small presence and the cost of living is very high. Accordingly, in light of the intense competition for highly

qualified executives, our executive officers are eligible for competitive salary adjustments, cash bonuses and equity compensation based upon periodic evaluations of individual and company performance, relative to goals established at the start of the year.

The Compensation Committee believes that its compensation philosophy aligns the interests of our executive officers with those of our stockholders, and is necessary to incentivize individual executives to peak performance in advancing our short-term and long-term business objectives. It is designed to reward hard work, dedication and the achievement of both individual and company goals.

Key Elements of Executive Compensation

The principal elements of compensation for our executive officers are:

Base salary;

Cash bonuses; and

Equity incentive awards.

Base Salary. The base salaries of our executive officers are established as part of an annual compensation adjustment cycle. Base salaries for the year are established either at the end of the prior year or the beginning of the current year, i.e. the base salary for 2009 was set at the end of 2008. In establishing those salaries, the Compensation Committee considers the executive's level of responsibility, experience and individual performance, and our performance, as well as information regarding salary ranges paid to executives with comparable duties in companies at a similar stage as ours.

Cash Bonuses. The Compensation Committee typically grants annual cash bonuses to executives as part of their annual overall compensation at the beginning of the next year for prior year performance, i.e. the cash bonus for 2009 performance was set in early 2010. Such cash bonuses are a reward for individual achievement of goals, as well as for enabling us to achieve key milestones. The amount of the bonuses is determined based upon the achievement of such milestones, reference to past bonuses paid and information regarding bonuses paid to executives with comparable duties in similar companies.

Equity Incentive Awards. While cash compensation is viewed as a reward for current and past services, equity incentive awards are important short-term and long-term compensation tools for employee retention as well as incentivizing future performance. The Compensation Committee endorses the position that granting equity incentive awards, including stock options and restricted stock, to our executive officers (such equity incentive awards are a benefit offered to all employees) can be very beneficial to stockholders because it aligns management's and stockholders' interests in the enhancement of stockholder value. An executive officer receives value from these grants only if he or she remains employed by us during the vesting period, and, with regard to stock options, only if our common stock appreciates (typically, options are granted with an exercise price equal to the fair market value of our common stock on the date of the grant). In addition, equity incentive awards are an important compensation tool to utilize in attracting and retaining high caliber professionals. In determining the number of shares subject to an equity incentive award, the Compensation Committee takes into account the executive officer's position and level of responsibility, the executive officer's past performance and potential future contribution, the executive officer's existing stock and unvested restricted stock holdings, the competitiveness of the executive officer's overall compensation arrangements, including equity awards, and reference to information regarding equity awards paid to executives with comparable duties in similar companies. Typically, the Compensation Committee will grant a fewer number of shares of restricted stock than stock options because when restricted stock vests, it provides immediate value to the recipient,

reduced, however, by an immediate tax liability payable by the grantee. In deciding whether to grant stock options or restricted stock, the Compensation Committee will review market factors such as our stock price, the different benefits offered by each type of award, past equity grants as well as the tax impact on the executive officers of each type of grant. Typically, the Compensation Committee grants performance-based equity incentive awards once annually; however, it may make additional grants based upon a number of factors, including company and individual achievements.

We also maintain a 401(k) Plan and an Employee Stock Purchase Plan, each available to all employees, to encourage employees to save for retirement and to provide incentives for our employees to exert maximum effort for our success. The 401(k) Plan provides matching employee contributions in shares of our common stock and the Employee Stock Purchase Plan provides employees with the opportunity to purchase common stock through accumulated payroll deductions, each in order to, among other things, align employees' interests with our stockholders.

The Compensation Committee believes that all three principal compensation elements combined fit well into its overall compensation objectives of attracting top talent for executive positions, incentivizing such executive officers, rewarding them for achievement of individual and company goals, and aligning the interests of executive officers with those of our stockholders. The Compensation Committee also believes that it is necessary to compensate the executive officers competitively in all three principal elements in order to accomplish the above objectives.

Fiscal 2009 Compensation

Because of our current stage of development, the use of traditional performance standards, such as profit levels and return on equity, are not appropriate in our evaluation of executive officer performance. Therefore, executive officer compensation is based primarily on advancement of our business objectives, including the achievement of product development and regulatory milestones, the acquisition of new products, the recruitment and retention of highly qualified personnel, the maintenance of adequate financial resources, and the initiation and continuation of corporate collaborations, as well as individual contributions and achievement of individual business objectives by our executive officers.

During the past six years, we have, from time to time, consulted with outside legal counsel to the Compensation Committee, and independent compensation consulting firms, and have received compensation data of companies at a similar stage of development as our company from such outside counsel and consultants, as well as from management. The Compensation Committee also received from management copies of executive employment agreements used by comparable companies. Some of the companies whose compensation data was considered included: Cell Therapeutics, BioMarin Pharmaceutical Inc., Seattle Genetics, Inc., Medarex, Vertex Pharmaceuticals Incorporated, Theravance, Inc., ZymoGenetics, Inc., OSI Pharmaceuticals Inc., Onyx Pharmaceuticals, Inc., Arena Pharmaceuticals, Inc., Isis Pharmaceuticals, Inc., Exelixis, Dendreon, Allos Therapeutics, Kosan Biosciences, Sangamo Biosciences and Supergen. The Compensation Committee received input from our CEO when it made its compensation determination for the other executive officers.

The Compensation Committee evaluated our 2009 performance as outstanding. Under the leadership of our CEO, we transitioned into a fully functional commercial organization and for the first time in the history of our company we recorded product revenue of over \$28 million from sales of our marketed anti-cancer drugs. We have continued to execute on our strategy, and met or exceeded the goals established at the outset of 2009. Some of the important accomplishments during 2009, and early 2010, included:

- the generation of approximately \$28.2 million in sales of our drug products during 2009;

- the acquisition of full U.S. rights to Zevalin, one of our leading cancer drugs;

- the approval by the U.S. Food and Drug Administration, or FDA, of Zevalin for an expanded label for the treatment of patients with previously untreated Follicular non-Hodgkin's Lymphoma who achieve a partial or complete response to first-line chemotherapy;

- the receipt of a favorable ruling from the Centers for Medicare and Medicaid Services stating that Zevalin should be reimbursed under an Average Sales Price methodology in the Hospital Outpatient Prospective

Payment System, creating a consistent reimbursement standard in the hospital setting;

the successful conclusion of arbitration proceedings with Cell Therapeutics, Inc., or CTI, relating to CTI's sale of its membership interests in RIT Oncology, LLC, our 50/50 joint venture, resulting in our receipt of a \$4.3 million arbitration award from CTI;

the completion of enrollment of two large Phase 3 pivotal clinical trials involving over 1,600 patients for apaziquone (EOquin) resulting in our receipt of a \$1.5 million milestone payment from Allergan, Inc.;

the entrance into strategic collaborations with Nippon Kayaku Co. Ltd. and Handok Pharmaceuticals Co. Ltd. for the development and commercialization of apaziquone (EOquin) in Asia;

the acquisition of all rights to RenaZorb[®], a lanthanum-based nanotechnology compound with potent and selective phosphate binding capabilities, from Altair Nanotechnologies;

the entrance into a strategic collaboration with TopoTarget A/S for the development and commercialization of belinostat, a drug being studied in multiple indications, including a Phase 2 registrational trial for patients with Peripheral T-cell Lymphoma;

the raising of more than \$100 million through equity financings in 2009 during difficult economic times and market conditions. The funds raised were critical in meeting our strategic goals related to our anticipated operating requirements through 2010 and beyond;

an increase in our market capitalization of approximately 400%;

the addition of key individuals to advance our strategy; and

the maintenance of tight control over our cash used in operations. We used approximately \$18 million net cash in operations in 2009 and accomplished much.

Base Salary and Cash Bonuses. At the end of 2009, and then again in early 2010, the Compensation Committee, with reference to the factors discussed above, reviewed the compensation of each executive officer. Based upon its review, the Compensation Committee awarded bonuses for 2009 contributions and increased the salary levels of our executive officers for 2010 due to their outstanding performance in advancing our business objectives as well as the excellent performance of our company, particularly the advancement of our product portfolio.

Equity Incentive Awards. Based upon individual and company performance in 2009, and as an incentive for continued excellence in the future, in the future, the Compensation Committee granted equity incentive awards to the executive officers. In determining the number of shares subject to an equity incentive award, the Compensation Committee took into account the factors discussed above.

Chief Executive Officer Compensation. The Compensation Committee subscribes to the notion that an emerging growth company, like our company, achieves success and ultimately substantial returns for its stockholders, based on the vision and dedication of its management team, especially its CEO. Dr. Rajesh C. Shrotriya, our CEO and President, set forth a new vision for us when he was appointed CEO in 2002 and the Compensation Committee believes that he, and the team he has assembled, has done an excellent job in implementing that vision over the past seven plus years. In addition, Dr. Shrotriya's qualifications as a medical doctor and his ability to lead us and to manage our scientific programs and business strategy make him critical to the continued successful implementation of that vision. The Compensation Committee considered these factors, as well as the same factors discussed above, in setting the compensation of Dr. Shrotriya. The Compensation Committee also made reference to the compensation of CEOs of similar companies in the pharmaceutical industry in order to ensure that the total compensation paid by us to Dr. Shrotriya, including salary, bonus, equity incentive awards, benefits and other compensation, was competitive. The Compensation Committee believes that a competitive compensation package is necessary because of the importance of a CEO to a small emerging growth company and, in particular, one with the background, experience and track record of Dr. Shrotriya. For 2009, the Compensation Committee determined that Dr. Shrotriya continued to advance our strategy; his contributions are reflected in our achievements in 2009 as set forth above. In recognition of his outstanding performance during 2009 and as incentive for future performance, the Compensation Committee

awarded Dr. Shrotriya a cash bonus for 2009, together with equity incentive awards detailed in the Grants of Plan Based Awards in 2009 table located elsewhere in this proxy statement.

Payments upon Termination of Employment or Change-in-Control

Dr. Shrotriya has an employment agreement that provides for certain guaranteed severance payments and benefits if he is terminated by us at the expiration of the term of the agreement, if his employment is terminated without cause, if his employment is terminated due to a change in control or is adversely affected due to a change in control and he resigns. The benefits are described in this proxy statement below under Executive Employment

Agreements, Termination of Employment and Change-in-Control Arrangements. The severance payments are designed to protect his earned benefits against being terminated without cause or the adverse changes that may result from a change in control of our company. The level of payments provided under Dr. Shrotriya's agreement reflects the Compensation Committee's assessment of market conditions to provide a competitive level of compensation if he is impacted by a termination without cause or a change of control of our company as well as a recognition of the effort provided by Dr. Shrotriya over his time of service to our company.

Impact of Accounting and Tax Treatments on Compensation

Effective January 1, 2006, we adopted Statement of Financial Accounting Standards No. 123(R), Share-Based Payment, or SFAS 123(R). Under SFAS No. 123(R), we measure compensation cost for all stock-based awards at fair value on the date of grant and recognize compensation expense in the consolidated statements of operations over the service period that the awards are expected to vest. As permitted under SFAS No. 123(R), we have elected to recognize compensation cost for all options with graded vesting on a straight-line basis over the vesting period of the entire option.

As discussed above, in deciding whether to grant stock options or restricted stock, the Compensation Committee will consider the tax impact that such grants have on the executive officer.

Section 162(m) of the Internal Revenue Code, or the Code, currently imposes a \$1 million limitation on the deductibility, for Federal income tax purposes, of certain compensation paid to each of its five highest paid executives. In light of our significant net operating losses, Section 162(m) is not considered to be a significant factor in establishing executive officer compensation at this time.

Risk Assessment of Compensation Policies and Practices

The Compensation Committee has reviewed our compensation policies and practices and has concluded that our company-wide compensation program is not reasonably likely to have a material adverse effect on our company. In addition, the Compensation Committee has determined that our company-wide compensation program does not encourage or incentivize excessive or inappropriate risk-taking by our employees.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is currently comprised of Mr. Cybulski and Drs. Krassner and Vida. None of the members of our board's Compensation Committee is or has been an officer or employee of our company. None of our executive officers has served as a director or member of the compensation committee of any other entity, any of whose executive officers served on our board of directors or our board's Compensation Committee.

Equity Compensation Plan Information

The following table summarizes all equity compensation plans including those approved by security holders and those not approved by security holders, as of December 31, 2009.

Number of Securities to be Issued Upon Exercise of Outstanding	Weighted-average	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
--	------------------	--

Plan Category	Options, Warrants or Rights	Exercise Price of Warrants and Rights	(excluding securities reflected in column (a))
Equity compensation plans approved by security holders(1)	7,945,245	4.04	9,324,750
Equity compensation plans not approved by security holders(2)	350,000	4.58	
Employee Stock Purchase Plan approved by security holders	N/A	N/A	4,934,285
Total	8,295,245	4.06	14,259,035

- (1) We have three stock incentive plans: the 1997 Plan, the 2003 Plan and the 2009 Incentive Award Plan, or the 2009 Plan. We refer to the 1997 Plan, the 2003 Plan and the 2009 Plan collectively as the Plans. We are not granting any more options pursuant to the 1997 Plan or the 2003 Plan. The 2009 Plan authorizes annual increases in the number of shares of our common stock available for issuance under the 2009 Plan by an amount equal to the greater of (i) 2,500,000 and (ii) a number of shares such that the total number of shares available for issuance equals 30% of the then number of shares of our common stock issued and outstanding. Thus, the authorized and available shares may fluctuate over time.
- (2) The number represents 350,000 shares of common stock issuable upon exercise of warrants issued to our non-employees under plans approved by our board of directors that we believe are not required to be approved by our stockholders pursuant to the rules of the NASDAQ Stock Market. We issued these warrants in circumstances that enable us to adequately compensate, without the payment in cash, for outside consultant services, in order to conserve our cash for operating activities. The number of securities remaining available for future issuance under these types of equity compensation plans is zero; however, our board of directors may approve additional issuances of warrants under circumstances that it decides are appropriate. These warrants are typically exercisable for five years and have equitable anti-dilution rights for stock splits, stock dividends, reclassifications, compulsory share exchanges, distributions of indebtedness, assets, rights, warrants or subscriptions, merger, consolidation, sale of assets, tender offer or other exchanges of the entire class of common stock.

The above table does not include warrants issued to investors in connection with financing transactions. As of December 31, 2009, there were outstanding investor warrants to purchase up to an aggregate of 10,678,919 shares of our common stock, with a weighted average exercise price of \$6.58 per share. As of April 20, 2010, 4,282,600 warrants expired unexercised, and 2,649,007 warrants exercisable at \$7.55 are scheduled to expire on June 20, 2010, if not exercised.

Further details regarding warrants issued by us are included in footnote 11 to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

REPORT OF THE COMPENSATION COMMITTEE

The following Compensation Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other company filing under the Securities Act of 1933 or the Exchange Act, except to the extent we specifically incorporate it by reference therein.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in our 2010 proxy statement.

Executive Employment Agreements, Termination of Employment and Change-in-Control Arrangements

On June 20, 2008, we entered into an employment agreement with Dr. Shrotriya, our President and Chief Executive Officer, which became effective as of January 2, 2008 and replaced his previous employment agreement. The employment agreement expires on January 2, 2011, unless terminated earlier, and automatically renews for a one-year term unless either party gives written notice of such party's intent not to renew the agreement at least 90 days prior to the commencement of the next year. The employment agreement requires Dr. Shrotriya to devote his full working time and effort to the business and affairs of us during the term of the agreement. The employment agreement provides for a minimum annual base salary with annual increases, periodic bonuses and option grants as determined by the Compensation Committee.

Compensation and Benefits

Dr. Shrotriya shall receive an annual base salary of \$600,000, as adjusted annually based upon the performance of Dr. Shrotriya and our company, as determined by the Compensation Committee.

Dr. Shrotriya shall also be paid an annual performance bonus in cash and/or equity based awards, no later than January 31 of the year following, in an amount to be determined by the Compensation Committee according to Dr. Shrotriya's achievement of annual performance objectives mutually agreed upon by Dr. Shrotriya and our board of directors.

Under the agreement, Dr. Shrotriya is entitled to receive additional employment benefits, including the right to participate in any incentive plans and to receive life, medical, dental, paid vacation, estate planning services, a leased vehicle and reimbursements for automobile related expenses, and other benefits.

Termination

Dr. Shrotriya's employment may be terminated due to non-renewal of the agreement by us, by mutual agreement of the parties, by us for cause (as that term is defined in the agreement) or without cause, on grounds of disability or death of

Dr. Shrotriya, by Dr. Shrotriya for no reason or for good reason (as those terms are defined in the agreement), or by Dr. Shrotriya's non-renewal of the agreement.

If (i) the agreement is not renewed by us, (ii) Dr. Shrotriya is terminated without cause, or (iii) Dr. Shrotriya resigns for good reason, then Dr. Shrotriya's guaranteed severance payments include the right to receive (a) a lump sum payment equivalent to the aggregate of two years' cash compensation; (b) company-paid continued coverage for Dr. Shrotriya and his eligible dependents under our existing health and benefit plans for two years; and (c) immediate vesting of all options, restricted stock and other equity based awards granted to Dr. Shrotriya. Dr. Shrotriya shall have three years to exercise all vested equity based awards. Since options issued to Dr. Shrotriya pursuant to our 1997 Plan can only be exercised for ninety days after termination, a replacement option shall be granted to Dr. Shrotriya at termination to allow for three years' of exercisability.

In the event Dr. Shrotriya voluntarily resigns for good reason, or is terminated by us without cause, we will pay or reimburse Dr. Shrotriya for reasonable relocation expenses up to a certain amount.

If Dr. Shrotriya's employment is terminated without cause prior to the end of a calendar year, then our board of directors shall determine the amount of any bonus that would have been paid to Dr. Shrotriya had his employment continued through the end of the calendar year and we shall pay Dr. Shrotriya the pro rata amount of the bonus.

If the agreement is terminated due to death or disability of Dr. Shrotriya, a lump sum equal to three months of base salary, at the time of his termination, shall be paid to Dr. Shrotriya, his legal representative or estate, as applicable. All equity based awards, such as options and restricted stock, shall immediately vest and shall remain exercisable in accordance with the terms of the respective equity plan and individual agreement(s) governing such options and as otherwise set forth in the agreement.

If Dr. Shrotriya voluntarily resigns his employment for no reason, any stock options or other equity based awards (except for restricted stock) shall immediately become fully vested upon the effective date of Dr. Shrotriya's resignation, and he shall have three years to exercise all such vested equity based awards. Dr. Shrotriya shall receive the same benefits for any unexpired options issued pursuant to our 1997 Plan as if he had been terminated without cause by us.

If during the term of the agreement, Dr. Shrotriya resigns for good reason (as defined in the agreement) other than pursuant to the circumstances of a change in control and the board has not cured the condition(s) that constitute good reason, then Dr. Shrotriya shall receive all of the severance benefits he would receive if he had been terminated without cause by us. Upon a change of control of our company, if (i) Dr. Shrotriya's employment is terminated (other than by Dr. Shrotriya) without cause within twelve months thereafter; or (ii) Dr. Shrotriya is adversely affected in certain terms outlined in the agreement, and Dr. Shrotriya, within twelve months after an event constituting a change of control, elects to resign his employment with us, then in either case, Dr. Shrotriya shall be provided with company-paid senior executive outplacement and shall receive the same severance benefits as he would receive if he was terminated by us without cause. However, instead of two years' cash compensation, Dr. Shrotriya shall receive three years cash compensation. In addition, upon a change of control, we shall pay Dr. Shrotriya a one-time payment of \$600,000.

If the agreement is terminated due to mutual agreement, Dr. Shrotriya's non-renewal of the agreement, or by us for cause, he shall not be entitled to any severance.

Other

If any payment or distribution by us to or for the benefit of Dr. Shrotriya is subject to the excise tax imposed by Section 4999 of the Code or any interest or penalties are incurred by the Dr. Shrotriya with respect to such excise tax, then Dr. Shrotriya shall be entitled to receive an additional payment in an amount such that after payment by Dr. Shrotriya of all taxes (including any interest and penalties imposed with respect thereto) and excise tax imposed upon such payment, Dr. Shrotriya retains an amount of the payment equal to the excise tax imposed upon the payment.

If we determine that any payments to Dr. Shrotriya under the agreement fail to satisfy the distribution requirement of Section 409A(a)(2)(A) of the Code, the payment schedule of that benefit shall be revised to the extent necessary so that the benefit is not subject to the provisions of Section 409A(a)(1) of the Code. We may attach conditions to or adjust the amounts so paid to preserve, as closely as possible, the economic consequences that would have applied in the absence of this adjustment; provided, however, that no such condition or adjustment shall result in the payments being subject to Section 409A(a)(1) of the Code.

Potential Payments Upon Termination or Following a Change in Control

The tables below reflect the amount of compensation to each of our named executive officers in the event of termination of such executive's employment or following a change in control of our Company. The amount of compensation payable to each named executive officer upon voluntary termination without cause, retirement, involuntary termination without cause, involuntary termination for cause or termination following a change of control, in the event of disability or death of the executive, and following a change in control of our Company is

shown below. Where applicable, the amounts shown assume that termination was effective as of December 31, 2009 and use the closing price of our common stock as of December 31, 2009 (\$4.44), and are estimates of the amounts which would be paid out to the executives upon their termination. In the case of payments upon termination, the actual amounts to be paid out can only be determined at the time of such executive's separation from our company.
