## Edgar Filing: SANDISK CORP - Form FWP

Trustee: The Bank of New York Mellon Trust Company, N.A.

Interest February 15 and August 15 of each year, beginning February 15, 2011 payment dates:

Maturity:	August 15, 2017					
Optional redemption:	None					
Conversion rights:	Holders may freely convert their notes on or after May 15, 2017 until 5:00 p.m., New York City time, on the second scheduled trading day immediately preceding the maturity date. Prior to 5:00 p.m., New York City time, on the scheduled trading day immediately preceding May 15, 2017, holders may convert their notes only:					
	if during the five business-day period after any five consecutive trading-day period (the measurement period ) in which the trading price per \$1,000 principal amount of notes for each day of such measurement period was less than 98% of the product of the last reported sale price of our common stock and the conversion rate on each such day; or					
	if during any calendar quarter after the calendar quarter ending September 30, 2010, if the last reported sale price of our common stock for 20 or more trading days in a period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter exceeds 130% of the applicable conversion price in effect on the last trading day of the immediately preceding calendar quarter; or					
	upon the occurrence of specified corporate transactions described in the preliminary prospectus supplement.					
Fundamental change:	Adjustment to conversion ratio upon fundamental change. See below.					
Use of proceeds:	Issuer expects to receive net proceeds from this offering of approximately \$981.0 million, after deducting underwriting discounts and estimated offering expenses, or approximately \$1.13 billion if the underwriters exercise their over-allotment option in full.					
	Issuer currently intends to use the net proceeds of the offering for general corporate purposes, including (1) the repayment at maturity or repurchase, from time to time, of a portion of Issuer s outstanding \$1.15 billion aggregate principal amount of senior convertible notes originally issued in 2006, which bear interest a rate of 1% per annum and mature on May 15, 2013; (2) capital expenditures for new and existing manufacturing facilities; (3) development of new technologies; (4) general working capital; and (5) other non-manufacturing capital expenditures. The net proceeds may also be used to fund strategic investments or acquisitions of products, technologies or complementary businesses or to obtain the right or license to use additional technologies. Issuer currently has no commitments or agreements for any specific acquisitions, investments or licenses. In addition, Issuer intends to use approximately \$104.8 million of the net proceeds of this offering to fund the cost to Issuer of the convertible note hedge transactions (after taking into account the proceeds to Issuer from the warrant transactions) entered into in connection with this offering. The strike price of the warrant transactions is \$73.33, subject to customary anti-dilution adjustments.					

If the underwriters exercise their option to purchase additional notes to cover overallotments, Issuer
may use a portion of the net proceeds from the sale of the additional notes to enter into additional
convertible note hedge transactions, and Issuer may enter into additional warrant transactions.

If the stock price is between two stock price amounts in the table or the effective date is between two effective dates in the table, the number of additional shares will be determined by a straight-line interpolation between the number of additional shares set forth for the higher and lower stock price amounts and the two effective dates, as applicable, based on a 365-day year. In addition, if the stock price is less than \$41.90 per share or greater than \$300.00 per share, in each case subject to adjustment, no additional shares will be issued upon conversion. Notwithstanding the foregoing, in no event will the total number of shares of common stock issuable upon conversion exceed 23.8663 per \$1,000 principal amount of notes, subject to adjustments.

(1) In accordance with ASC 470-20, the allocated value of the feature to convert the debt into common stock is reported as a component of stockholders equity. The debt is reported at a discount to the face amount resulting in a decrease in the amount of debt with an increase in equity reported in our financial statements. The amount of debt reported will accrete up to the face amount over the expected term of the debt. The determination of the debt and equity components for the convertible senior notes offered hereby has been estimated but is subject to change based upon the completion of our analysis of non-convertible debt interest rates. ASC 470-20 does not affect the actual amount that we are required to repay.

(2) The aggregate principal amount of the outstanding convertible senior notes due 2013 is \$1.15 billion and the carrying amount of \$963.4 million is net of unamortized interest discount of \$186.6 million. The aggregate principal amount of the convertible senior notes offered hereby is \$1.0 billion and the carrying amount of \$705.5 million is net of unamortized interest discount of \$294.5 million.
