A complete list of these stockholders will be available at our principal executive offices prior to the meeting.

We are again delivering our proxy statement and 2010 Annual Report under the United States Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders, which is designed to reduce our printing and mailing costs and the environmental impact of the proxy materials. A paper copy of our proxy materials may be requested through one of the methods described in the Notice of Internet Availability of Proxy Materials.

Please use this opportunity to take part in our affairs by voting your shares. You are cordially invited to attend the meeting in person. If you wish to attend the meeting in person, please bring a valid form of photo identification to the meeting. PROXY STATEMENT

The Board of Directors of Cabot Microelectronics Corporation is asking for your proxy for use at the annual meeting of our stockholders to be held on Tuesday, March 8, 2011 at 8:00 a.m. local time, at Cabot Microelectronics Corporation, 870 North Commons Drive, Aurora, Illinois 60504 and at any postponements or adjournments of the meeting.

Pursuant to the rules and regulations adopted by the United States Securities and Exchange Commission (SEC), we have again elected to provide our stockholders with access to our proxy materials over the Internet rather than in paper form. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, rather than a printed copy of the proxy materials, to our stockholders of record as of January 14, 2011. We expect to mail the Notice of Internet Availability of Proxy Materials to stockholders entitled to vote at our annual meeting on or about January 21, 2011.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of three directors, the non-binding stockholder advisory vote on our named executive officer compensation, the non-binding stockholder advisory vote on the frequency of the non-binding stockholder advisory vote on our named executive officer compensation and the ratification of the selection of our independent auditors. In addition, our management will report generally on the fiscal year ended September 30, 2010 and respond to questions from stockholders.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

In accordance with rules and regulations adopted by the SEC, instead of mailing a printed copy of our proxy materials to all stockholders entitled to vote at our annual meeting, we are again furnishing the proxy materials and our 2010 annual report to our stockholders electronically via the Internet. On or about January 21, 2011, we will mail to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access and review our proxy materials and our 2010 annual report. You will not receive a printed copy of the proxy materials. Instead, the Notice of Internet Availability will instruct you as to how you may access and review the proxy materials and submit your proxy via the Internet. If you would like to receive a printed copy of the proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials for requesting printed materials.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held March 8, 2011:

The proxy statement and annual report to stockholders are available at www.cabotcmp.com and www.proxyvote.com.

Table of Contents

What are our voting recommendations?

Our board of directors recommends that you vote your shares **FOR** the election of each of the nominees named below under **ELECTION OF DIRECTORS** , **FOR** non-binding advisory approval of our named executive officer compensation, **FOR THREE (3) Years** for the frequency of the non-binding stockholder advisory vote on our named executive officer compensation and **FOR** the ratification of the selection of our independent auditors.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, January 14, 2011, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote, without cumulation, on each matter to be voted on.

What is the difference between holding shares as a record holder and as a beneficial owner?

Record Holder. You are a record holder of our common stock if at the close of business on the record date your shares were registered directly in your name with Computershare Trust Company, N.A., P.O. Box 43078, Providence, Rhode Island 02940-3078, our stock transfer agent.

Beneficial Owner. You are a beneficial owner if at the close of business on the record date your shares were held by a broker, bank, custodian, nominee or other record holder of our common stock and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Please see *What if I did not specify how my shares are to be voted?* for additional information.

What constitutes a quorum?

If a majority of the shares outstanding on the record date are present at the annual meeting, either in person or by proxy, we will have a quorum at the meeting permitting the conduct of business at the meeting. As of the record date, we had approximately 23,236,855 shares of common stock outstanding and entitled to vote. Any shares represented by proxies that are marked to abstain from voting on a proposal will be counted as present for purposes of determining whether we have a quorum. If a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, the shares held by that record holder (referred to as **broker non-votes**) will also be counted as present in determining whether we have a quorum.

How do I vote, and can I vote by telephone or through the Internet?

You may vote in person at the annual meeting or you may vote by proxy. If your stock is registered in your own name, you may vote in person by attending the meeting, presenting a valid form of photo identification and delivering your completed proxy card in person. If your stock is not registered in your own name and you plan to attend the meeting and vote in person, you should contact your broker or agent in whose name your stock is registered to obtain a broker's proxy and bring it to the meeting along with a valid form of photo identification. You may vote by proxy by signing, dating and mailing a proxy card. In addition, you may vote by telephone or through the Internet by following the

instructions below or those included in the Notice of Internet Availability of Proxy Materials.

To vote by telephone, if you are a record holder of our common stock, call toll free 1-800-690-6903 and follow the instructions provided by the recorded message. To vote by telephone if you are a beneficial owner of our common stock, call the toll free number listed in the Proxy Card or follow the instructions provided by your broker. For all holders of our common stock (whether record or beneficial), to vote through the Internet, log on to the Internet and go to www.proxyvote.com and follow the steps on the secured website. You also may access the proxyvote website (www.proxyvote.com) or view our proxy materials by going to our website,

Table of Contents

www.cabotcmp.com, selecting **Investor Relations** on our Homepage, and then selecting **Proxy Materials** from the **Investor Information** section on the left side of the Investor Relations page.

If you vote by proxy, the individuals named on the proxy card as proxy holders will vote your shares in the manner you indicate.

What if I do not specify how my shares are to be voted?

Record Holder. If you are a record holder of our common stock and you sign and return the proxy card without indicating your instructions, your shares will be voted **FOR** :

the election of the three nominees for director named below under **ELECTION OF DIRECTORS**;

the non-binding advisory approval of our named executive officer compensation;

Three (3) Years for the frequency of the non-binding stockholder advisory vote on our named executive officer compensation; and

the ratification of the selection of our independent auditors.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker, bank, custodian, nominee or other record holder that holds your shares with voting instructions, such person will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, such person has the discretion to vote on routine matters such as the ratification of our independent auditors, but does not have discretion to vote on non-routine matters such as the election of directors, the non-binding stockholder advisory vote on our named executive officer compensation and the non-binding stockholder advisory vote on the frequency of the non-binding stockholder advisory vote on our named executive officer compensation.

Can I revoke my proxy or change my vote after I return my proxy card or after I vote electronically or by telephone?

Yes. Even after you have submitted your proxy, you may revoke your proxy or change your vote at any time before the proxy is voted at the annual meeting by delivering to our Secretary a written notice of revocation or a properly signed proxy bearing a later date, or by attending the annual meeting and voting in person. (Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.) To revoke a proxy previously submitted electronically through the Internet or by telephone, you may simply vote again at a later date, using the same procedures, in which case the later submitted vote will be recorded and the earlier vote revoked.

What vote is required to approve each matter that comes before the meeting?

Our bylaws provide that director nominees must receive the affirmative vote of a plurality of the votes cast at the meeting by stockholders entitled to vote thereon, meaning that the three nominees for director with the most votes will be elected. However, our Corporate Governance Guidelines, which are available through our website, www.cabotcmp.com, provide that in an uncontested election, any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election (a **Majority Withheld Vote**) shall promptly tender his or her resignation following certification of the stockholder vote for such election. In this situation, our nominating and corporate governance committee then shall consider the resignation offer and recommend to our board of directors whether to accept it. The board of directors then will act on the nominating and corporate governance committee's recommendation within ninety (90) days following certification of the stockholder vote for such election. Thereafter, the board of directors will promptly disclose its decision whether to accept the director's resignation offer

(and the reasons for rejecting the resignation offer, if applicable), in a press release to be disseminated in the manner that we typically distribute press releases.

The non-binding stockholder advisory vote to approve our named executive officer compensation requires the affirmative vote of a majority of the votes cast at the meeting in person or by proxy by stockholders entitled to vote thereon. If the named executive officer compensation is not approved, then our compensation committee and our board of directors will meet following the annual meeting to consider the results of such non-binding stockholder advisory vote.

Table of Contents

For the non-binding stockholder advisory vote on the frequency of the non-binding stockholder advisory vote on our named executive officer compensation every three (3) years, every two (2) years or every (1) year the alternative receiving the greatest number of votes will be the frequency that the stockholders approve. If the three (3) year frequency for the non-binding stockholder advisory vote on our named executive officer compensation does not receive the greatest number of votes, then our compensation committee and our board of directors will meet following the annual meeting to consider the results of such non-binding stockholder advisory vote.

The ratification of the selection of our independent auditors requires the affirmative vote of a majority of the votes cast at the meeting in person or by proxy by stockholders entitled to vote thereon. If our independent auditors are not ratified, then our audit committee and our board of directors will meet following the annual meeting to consider the results of such non-binding ratification vote.

Abstentions and broker non-votes will not be counted for purposes of determining whether an item has received the requisite number of votes for approval.

What happens if additional proposals are presented at the meeting?

Other than the matters described in this proxy statement, we do not expect any additional matters to be presented for a vote at the annual meeting. If you vote by proxy, your proxy grants the persons named as proxy holders the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Who will bear the costs of soliciting votes for the meeting?

Certain directors, officers and employees, who will not receive any additional compensation for such activities, may solicit proxies by personal interview, mail, telephone or electronic communication. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. In addition to the mailing of these proxy materials, we have hired the firm of D.F. King & Co., Inc. to assist in the solicitation of proxies at an estimated cost of approximately \$7,500. We shall bear all costs of solicitation.

I share the same address with another Cabot Microelectronics stockholder. Why has our household received only one Notice of Internet Availability of Proxy Materials?

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means additional convenience for stockholders, cost savings for companies, and reduced environmental impact of our proxy materials.

A number of brokers with accountholders who are stockholders will be householding the Notice of Internet Availability of Proxy Materials. As indicated in the notice previously provided by these brokers to stockholders, a single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who received a householded mailing this year and would like to have additional copies of the Notice of Internet Availability of Proxy Materials mailed to them, or would like to opt out of this practice for future mailings should submit a written request to our transfer agent, Computershare Trust Company, N.A., at P.O. Box 43010,

Providence, Rhode Island 02940-3010 Attention: Shareholder Inquiries. We will promptly send additional copies of the Notice of Internet Availability of Proxy Materials upon receipt of such request.

Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials at their address and would like to request householding of their communications should contact their broker or, if stockholders are direct holders of shares of our common stock, they should submit a written request to our transfer agent, Computershare Trust Company, N.A., at P.O. Box 43010, Providence, Rhode Island 02940-3010 Attention: Shareholder Inquiries.

ELECTION OF DIRECTORS

Our board of directors is currently comprised of eight directors. The board of directors is divided into three classes: Class I, whose terms will expire at the annual meeting of stockholders to be held in 2013; Class II, whose terms will expire at the upcoming annual meeting of stockholders; and Class III, whose terms will expire at the annual meeting of stockholders to be held in 2012. Messrs. Fuller and Mooney are currently in Class I, Messrs. Birgeneau, Wilkinson and Xia are currently in Class II, and Messrs. Frazee and Noglows and Ms. Klein are currently in Class III.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. Our certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the board of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Our certificate of incorporation also provides that our board of directors may fill any vacancy created by the resignation of a director or the increase in the size of our board of directors.

The board of directors has nominated and urges you to vote **FOR** the election of the three nominees named below for terms of office ending in 2014.

In the event a nominee is not available to serve for any reason when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board of directors has no reason to believe that any of the nominees will not be a candidate or, if elected, will be unable or unwilling to serve as a director. In no event will the proxies be voted for a greater number of persons than the number of nominees named.

Our board of directors recommends that you vote **FOR** the election to the board of each of the nominees named below.

BOARD STRUCTURE AND COMPENSATION

Board of Directors and Board Committees

Our board of directors has a standing audit committee, a standing compensation committee and a standing nominating and corporate governance committee to assist the board of directors in the discharge of its responsibilities. Our board of directors has adopted the Cabot Microelectronics Corporation Corporate Governance Guidelines, which are available on our website, www.cabotcmp.com, along with other corporate governance materials, such as board of directors committee charters and our Code of Business Conduct. Pursuant to the Corporate Governance Guidelines, committee charters and other corporate governance materials and practices, our board of directors and audit committee periodically review and provide oversight of the management of various risk factors that are relevant to our company. Our board of directors also reviews annually the functioning of the board. During fiscal year 2010, our board of directors held ten meetings and took action by written consent once. Each of our directors attended our annual meeting of stockholders in fiscal year 2010. Each of our directors attended at least 75% of all the meetings of the board and those committees on which he or she served during fiscal year 2010. Since fiscal year end, the board of directors has met five times and taken action by written consent once. Stockholders and third parties may communicate with our board of directors through the Chairman of the Board, c/o the Secretary of our company at our offices at 870 North Commons Drive, Aurora, Illinois 60504.

Independent Directors and Leadership Structure. The board of directors has determined that seven of our eight directors, including Messrs. Birgeneau, Frazee, Fuller, Mooney, Wilkinson, and Xia and Ms. Klein, are independent directors as defined in Rule 4200 of the National Association of Securities Dealers Automated Quotation (Nasdaq) Marketplace Rules and as defined in applicable rules by the SEC. In making its determinations of independence, in addition to consideration of the relevant SEC and Nasdaq rules (according to which the definition of independent director is set forth in our Corporate Governance Guidelines), the board of directors considered factors for each director such as any other directorships, any employment or consulting arrangements, and any relationship with our company's customers, suppliers or advisors. With respect to Mr. Frazee, the board considered the fact that in November 2007 Mr. Frazee became a Senior Advisor to Greenhill & Co., Inc., an investment banking firm that has served as a financial advisor to us in the past pursuant to certain contractual arrangements, which have since been terminated. Our independent directors hold regularly scheduled meetings in executive session, at which only independent directors are present. As provided in our Corporate Governance Guidelines, the Chairman of the nominating and governance committee, Mr. Frazee, serves as chairman of the meetings of the independent directors in executive session and performs other responsibilities of a lead director such as working with the Chairman of the board of directors to plan and set the agenda for meetings of the board of directors. Mr. Noglows is the Chairman of the board of directors and Chief Executive Officer of our company. The board of directors believes that this leadership structure is appropriate for our company given the size and scope of our business, the experience and active involvement of our independent directors, and our corporate governance practices, which include regular communication with and interaction between and among Mr. Noglows and the independent directors. The board believes that this approach serves to provide for the board's role in corporate governance and guiding corporate policy in an efficient manner. Stockholders and third parties may communicate with our independent directors through the Chairman of the nominating and corporate governance committee, c/o the Secretary of our company at our offices at 870 North Commons Drive, Aurora, Illinois 60504. During fiscal year 2010, our independent directors met in executive session ten times. Since fiscal year end, our independent directors have met in executive session three times.

Audit Committee. The functions of the audit committee include selecting, appointing, retaining, compensating and overseeing our independent auditors, deciding upon and approving in advance the scope of audit and non-audit assignments and related fees, reviewing accounting principles we use in financial reporting, and reviewing the adequacy of our internal control procedures, including the internal audit function. The members of the audit

committee are currently Messrs. Frazee and Wilkinson (Chairman) and Ms. Klein. Each of these audit committee members during fiscal year 2010 and currently:

meets the criteria for independence as required by applicable rules adopted by the SEC;

has not participated in the preparation of our financial statements or the financial statements of any of our current subsidiaries at any time during the past three years; and

is able to read and understand fundamental financial statements.

Our board of directors has determined that the audit committee has at least one member who qualifies as an Audit Committee Financial Expert, as defined by relevant SEC rules, and has designated Mr. Wilkinson, the Chairman of the committee, as such Audit Committee Financial Expert. As previously stated, Mr. Wilkinson is an independent director. The audit committee operates under a written charter, a current copy of which is attached to this proxy statement as Appendix A and is available on our website, www.cabotcmp.com. The audit committee reviews and reassesses the adequacy of the audit committee charter on an annual basis. The audit committee has established procedures for the receipt, retention, and treatment of complaints received regarding accounting, internal accounting controls or auditing matters, as well as for the pre-approval of services provided by our independent auditors, both of which are also available on our website, www.cabotcmp.com. A current copy of the procedures for the pre-approval of services provided by our independent auditors is attached to this proxy statement as Appendix B. As set forth in the audit committee charter, the audit committee is also responsible for the review and approval of any related party transaction in advance of the company entering into any such transaction; since April 2002, we have not been engaged in any related party transactions and none have been proposed to the audit committee for consideration. The audit committee met eight times during fiscal year 2010 and has met twice since fiscal year end with respect to the audit of our fiscal year 2010 financial statements and related matters. In fulfillment of the audit committee's responsibilities for fiscal year 2010, Mr. Wilkinson, the audit committee Chairman, reviewed our Annual Report on Form 10-K for the fiscal year ended September 30, 2010 (as did the other members of the committee and board of directors), and our Quarterly Reports on Form 10-Q before we filed them, and Mr. Wilkinson and other members of the committee also reviewed quarterly earnings announcements and related matters before we released them.

Compensation Committee. The functions of the compensation committee include reviewing and approving the compensation and benefits for our employees, evaluating and deciding upon the compensation of our chief executive officer, evaluating and deciding upon the compensation of our other executive officers, which is done following consultation with our chief executive officer, monitoring the administration of our employee benefit plans, authorizing and ratifying stock option grants, restricted stock awards and other incentive arrangements, and authorizing employment and related agreements. Our chief executive officer is neither present for voting or deliberation on, nor votes upon decisions relating to, his compensation. In addition, our chief executive officer does not vote upon decisions related to the compensation of our other executive officers. Also, our chief financial officer, who also has responsibility for our human resources function, and his staff support the compensation committee in its work by providing input and recommendations on the overall mix and forms of executive compensation as directed by the compensation committee. Our chief financial officer and human resources staff do not make decisions regarding the amount of compensation for our named executive officers or other executive officers.

The compensation committee has engaged the services of a compensation consultant, W.T. Haigh & Company, Inc. (W.T. Haigh), which reports directly to the committee. The consultant has been engaged to advise the committee on executive compensation and equity incentive matters and trends and to perform benchmark comparison analysis of compensation practices of peer companies. From time to time, and as part of the committee's ongoing and annual

reviews of executive officer compensation matters, the consultant recommends specific ranges of compensation for our executive officers, including our named executive officers, based on information provided by the committee regarding different performance scenarios and desired market placement. The consultant also advises the nominating and corporate governance committee on non-employee director compensation matters. The consultant provides no other services to our company.

Table of Contents

The members of the compensation committee are Messrs. Birgeneau, Fuller (Chairman), Mooney and Xia, each of whom was during fiscal year 2010 and is now an independent director as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules and as defined in applicable rules adopted by the SEC. The compensation committee operates under a written charter that addresses compensation matters, a current copy of which is available on our website, www.cabotcmp.com. The compensation committee reviews and reassesses the adequacy of the compensation committee charter on an annual basis. The compensation committee met four times during fiscal year 2010 and did not take action by written consent, and has met four times since the fiscal year end with respect to 2010 annual bonuses, salary increases, stock option grants and restricted stock awards, and other matters, and has taken action once by unanimous written consent.

Nominating and Corporate Governance Committee. The functions of the nominating and corporate governance committee include reviewing and recommending a slate of nominees for the election of directors, recommending changes in the number, classification and term of directors, reviewing nominations by stockholders with regard to the nomination process, reviewing and recommending compensation and other matters for our non-employee directors, and attending to general corporate governance matters. The members of the nominating and corporate governance committee are Messrs. Frazee (Chairman), Fuller and Wilkinson and Ms. Klein, each of whom was during fiscal year 2010 and is now an independent director as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules and as defined in applicable rules adopted by the SEC. The nominating and corporate governance committee operates under a formal charter that addresses the nominations process and such related matters as may be required under the federal securities laws and Nasdaq listing requirements, a current copy of which is available on our website, www.cabotcmp.com. The nominating and corporate governance committee reviews and reassesses the adequacy of the nominating and corporate governance charter on an annual basis. The nominating and corporate governance committee met four times during fiscal year 2010, took action by unanimous written consent once, and has met once since fiscal year end. The nominating and corporate governance committee acted unanimously to recommend the nomination of the Class II director nominees to the board of directors, subject to stockholder approval, as discussed in ELECTION OF DIRECTORS, above.

Criteria for Nominating Directors

The nominating and corporate governance committee considers candidates to fill new directorships created by expansion and vacancies that may occur and makes recommendations to the board of directors with respect to such candidates. The nominating and corporate governance committee considers suggestions from many sources regarding possible candidates for director and will consider nominees recommended by stockholders. Any such stockholder nominations, together with appropriate biographical information, should be submitted to the Chairman of the nominating and corporate governance committee, c/o the Secretary of our company at our offices at 870 North Commons Drive, Aurora, Illinois 60504. To be included in the proxy statement, such nomination must be received by the Secretary of our company not later than the 120th day prior to the first anniversary of the date of the preceding year's proxy statement.

In fiscal year 2010, we did not pay a fee to any third party to identify or evaluate potential director nominees; however, in the future we may pay a fee to a third party to identify or evaluate potential director nominees if the need arises, given the important role our directors play in guiding our strategic direction and overseeing the management of our company.

Board candidates are selected based upon various criteria including their character and reputation, relevant business experience and acumen, and relevant educational background. Some of the factors that are considered in evaluating candidates for the board of directors include experience in areas such as technology, manufacturing, marketing, finance, strategy, international business, and academia, as well as geographic, cultural, experiential and other forms of diversity. The nominating and corporate governance committee and board of directors review these factors, including

diversity, in considering candidates for board membership. Board members are expected to prepare for, attend and participate in all board of directors and applicable committee meetings, and our annual meetings of stockholders. The nominating and corporate governance committee considers a director's past attendance record, participation and contribution to the board of directors in considering whether to recommend the reelection of such director.

For these restricted stock unit awards, the fair value is equal to the underlying value of the stock and is calculated using the closing price of our common stock on the award date. (3) In September, 2010, the board of directors held its quarterly meetings in company and customer locations in the Asia Pacific region, which is the geographic heart of the semiconductor industry and comprised approximately 80% of the company's fiscal year 2010 revenue. In keeping with the customs and protocols of this important area, and in accordance with the employee and customer events planned for the meetings, the company also asked the spouses of directors to attend the meetings. Although the company views such spousal travel expenses as business-related, in light of certain Internal Revenue Service practices, we have treated such expenses, which represent travel, food and lodging, tax and related expenses and which are reflected as the amounts in the column headed "All Other Compensation", as compensation to each affected director. We have not had similar situations to date, and given the historic nature of the September board meetings, have no present plans for such.

In March 2010, the board of directors reconfirmed the basic elements of, and approved non-material revisions to, the Company's compensation program for its non-employee directors, which included revising the form of initial and annual awards of restricted stock to initial and annual awards of restricted stock units, as permitted by the 2000 Equity Incentive Plan. Thus, for 2010, non-employee directors were eligible for the following compensation:

Description of Director Compensation	Amount
Annual Retainer Fee , as of the effective date of appointment, and subsequently, at the time of our annual meeting	\$ 35,000
Committee and Board Meeting Fees , for attendance at each meeting of the board and committee of the board	\$ 1,500

Audit committee chairperson	\$ 20,000
Compensation committee chairperson	\$ 10,000
Nominating and corporate governance committee chairperson	\$ 10,000
Annual Non-qualified Stock Option Grant*	6,000 options
Annual Restricted Stock Unit Award* (previously, restricted stock)	2,000 units
Initial Non-qualified Stock Option Grant**	7,500 options
Initial Restricted Stock Unit Award** (previously, restricted stock)	2,500 units

* Made at the time of our annual meeting, with vesting occurring 25% per year over a four-year period, with first vesting on the anniversary of the grant/award date

** Made as of the effective date of appointment to the board of directors, with vesting occurring 25% immediately on the grant/award date, and 25% per year on the next three anniversaries of the grant/award date

Upon a non-employee director's termination of service as a director of the Company for reason of Death, Disability or a Change in Control, as defined in the 2000 Equity Incentive Plan and/or an award agreement, the grant or award will be fully vested. In addition, pursuant to the March 2010 revisions, if at the time of termination of service for any reason other than by reason of Cause, Death, Disability or a Change in Control, as defined in the 2000 Equity Incentive Plan, the non-employee director has completed at least two full terms as a director, as defined in our bylaws, the grant or award will be fully vested.

As provided in our Corporate Governance Guidelines and the nominating and corporate governance committee charter, the nominating and corporate governance committee is responsible for reviewing and recommending to the board of directors compensation (cash and equity) for non-employee directors. The committee does this through

review of director compensation benchmark information and analysis provided by W.T. Haigh, director compensation consultant to the committee.

As a result of such review following the close of fiscal year 2010, effective for March 2011 at the time of our annual meeting, the board of directors, upon the recommendation of the nominating and corporate governance committee, has approved certain changes to the compensation program for non-employee directors, as summarized below. These will be the first changes to the cash compensation elements of the non-employee directors compensation program since 2005. In general, the changes do not materially affect the total amount of compensation for which a non-employee director is eligible, and for any individual non-employee director the estimated total annual increase in cash compensation is less than \$15,000. Consistent with the findings of the analysis

Table of Contents

performed by the compensation consultant, the changes primarily affect the manner in which the cash compensation is earned, rather than the total amount of the cash compensation, and reflect the increased responsibilities of board and committee members over the past several years. For example, non-employee directors no longer will be eligible for individual meeting fees; instead, they will receive committee membership fees and an increased annual board retainer fee. In addition, the annual board retainer fee will no longer be paid annually, but will be paid on a quarterly basis. Furthermore, committee chairperson fees have been increased for the respective chairs of the audit, compensation, and nominating and corporate governance committees. The amount and form of equity compensation is unchanged, but the vesting for annual option grants and restricted stock unit awards now will be 100% vested on the one year anniversary date of such grant or award.

**** Made as of the effective date of appointment to the board of directors, with vesting occurring 25% immediately on the grant/award date, and 25% per year on the next three anniversaries of the grant/award date

Upon a non-employee director's termination of service as a director of the Company for reason of Death, Disability or a Change in Control, as defined in the 2000 Equity Incentive Plan and/or an award agreement, the grant or award will continue to be fully vested. In addition, pursuant to the March 2010 revisions, if at the time of termination of service for any reason other than by reason of Cause, Death, Disability or a Change in Control, as defined in the 2000 Equity Incentive Plan, the non-employee director has completed at least two full terms as a director, as defined in our bylaws, the grant or award will continue to be fully vested.

Under our Directors' Cash Compensation Umbrella Program, which only applies to non-employee directors and is filed as an exhibit to our Annual Report on Form 10-K filed with the SEC on December 10, 2003, each non-employee director may choose to receive his compensation either in cash, in fully vested restricted stock under our 2000 Equity Incentive Plan (as of the date the fees are earned, the fees would be converted into the equivalent number of fully vested restricted shares, which would be beneficially owned and reported on Form 4 filings), or as deferred compensation under our Directors' Deferred Compensation Plan, as amended September 23, 2008, which first became effective in March 2001, and is filed as an exhibit to our Annual Report on Form 10-K filed with the SEC on November 25, 2008. At present, non-employee directors continue to receive their respective annual retainer fees, committee chair annual retainer fees and annual restricted stock unit awards and non-qualified stock option

grants at the time of our annual meeting, or upon the effective date of a director's original election to the board of directors, if other than the annual meeting date, and as described in greater detail above, as of March, 2011, they will receive their annual retainer and committee chair and member fees on a quarterly basis. Non-employee directors also are eligible for reimbursement of travel and other out-of-pocket costs incurred in attending meetings. Non-employee directors are not eligible for any other compensation arrangement.

Prior to January 1, 2008, Messrs. Frazee, Fuller, Mooney, and Wilkinson had each elected to defer his compensation to future periods under the Directors' Deferred Compensation Plan. Messrs. Frazee and Wilkinson, as of January 1, 2008, and Mr. Mooney, as of January 1, 2009, each elected to no longer defer his compensation under the plan. Under the Directors' Deferred Compensation Plan, deferred amounts are payable only in the form of our common shares. A participating director is required to elect a date on which deferred compensation will begin to be distributed, which date generally must be at least two years after the end of the year deferrals are made and no later than the date of termination. As of the date the compensation is earned, the fees are converted into the right to acquire the equivalent number of shares of common stock at the end of the deferral period. These rights to acquire shares under the Directors' Deferred Compensation Plan are reported as beneficially owned on Form 4 filings for each participating director. As of January 14, 2011, an aggregate of approximately \$1,582,790 of directors' compensation was deferred under the plan, and as of September 30, 2010, the amount was \$1,573,790.

FEES OF INDEPENDENT AUDITORS AND AUDIT COMMITTEE REPORT**Fees Billed by Independent Auditors**

During fiscal years 2009 and 2010, the audit committee pre-approved 100% of all audit and non-audit services provided by our independent auditors, PricewaterhouseCoopers LLP, an independent registered public accounting firm. For such pre-approval of services, the audit committee follows its policy for the pre-approval of services provided by our independent auditors, a current copy of which is attached to this proxy statement as Appendix B and also is available on our web-site, www.cabotcmp.com. The following table presents fees for audit services rendered by PricewaterhouseCoopers LLP for the audit of our annual financial statements for the fiscal year ended September 30, 2010, and September 30, 2009, and fees billed for other services rendered by PricewaterhouseCoopers LLP during those periods.

Fees	Fiscal Year Ended September 30, 2010 (\$)	Fiscal Year Ended September 30, 2009 (\$)
Audit Fees(1)	1,147,148	1,099,624
Audit-Related Fees(2)		
Tax Fees(3)	365,612	347,395
All Other Fees(4)	3,900	3,000
Total	1,516,660	1,450,019

(1)

Audit Fees include fees for professional services rendered by PricewaterhouseCoopers LLP for the audit of our annual financial statements and review of financial statements included in our Form 10-Q and for services that normally would be provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements. In addition to including fees for services necessary to perform an audit or review in accordance with generally accepted auditing standards, this category also may include services that generally only PricewaterhouseCoopers LLP reasonably can provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the SEC.

- (2) Audit-Related Fees include assurance and related services traditionally performed by PricewaterhouseCoopers LLP that are reasonably related to the performance of the audit or review of our financial statements and not reported under the Audit Fee heading, including any employee benefit plan audits, due diligence related to mergers and acquisitions, accounting consultations and audits in connection with acquisitions, internal control

reviews, attest services that are not required by statute or regulation and consultation concerning financial accounting and reporting standards. For fiscal years 2009 and 2010, PricewaterhouseCoopers LLP did not provide any Audit-Related Services to us.

- (3) Tax Fees include all services performed by professional staff in PricewaterhouseCoopers LLP's and its foreign affiliates' tax divisions except those services related to the audit, and include fees for tax compliance, tax planning, and tax advice. Tax compliance generally involves preparation of original and amended tax returns, claims for refund and tax payment-planning services. Tax planning and tax advice encompass a diverse range of services, including assistance with tax audits and appeals, tax advice related to mergers and acquisitions, employee benefit plans and requests for rulings or technical advice from taxing authorities. For fiscal year 2010, \$221,332 out of the total \$365,612 for Tax Fees was for tax compliance services. For fiscal year 2009, \$182,541 out of the total \$347,395 for Tax Fees was for tax compliance services.
- (4) All Other Fees include fees for fiscal years 2009 and 2010 for access to on-line accounting research software tools.

Report of the Audit Committee

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this report by reference therein.

The audit committee of the board of directors is responsible for providing independent, objective oversight of our accounting and system of internal controls, the quality and integrity of our financial reports, and the independence and the selection, appointment, retention, compensation and oversight of the performance of our independent auditors. The audit committee is composed of independent directors and operates under a written charter, a current copy of which is attached to this proxy statement as Appendix A and is available on our website, www.cabotcmp.com. The audit committee reviews and reassesses the adequacy of the audit committee charter on an annual basis. Our board of directors has determined that the audit committee has at least one member who qualifies as an Audit Committee Financial Expert, as defined by relevant Securities and Exchange Commission (SEC) rules, and has designated Mr. Wilkinson, the Chairman of the committee, as such Audit Committee Financial Expert.

Management is responsible for our internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report on those financial statements. The audit committee monitors and oversees these processes.

In this context, the audit committee reviewed and discussed the audited financial statements for fiscal year 2010 with management and with the independent auditors. Specifically, the audit committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), which include, among other things:

methods used to account for any significant and unusual transactions;

the effect of any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating any particularly sensitive accounting estimates and the basis for the independent auditors' conclusions regarding the reasonableness of those estimates; and

any disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

The audit committee believes strongly in the principles underlying the requirement that independent auditors maintain their independence in strict compliance with applicable independence rules. The audit committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent auditors the issue of the independent auditors' independence from the company and management. In addition, in accordance with the SEC's auditor independence requirements, the audit committee has considered whether the independent auditors' provision of non-audit services to the company is compatible with maintaining the independence of the independent auditors and has concluded that it is.

Based on its review of the audited financial statements and the various discussions noted above, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2010.

Respectfully submitted by the audit committee,

John P. Frazee, Jr.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

In this section, we discuss and analyze our executive officer compensation program and how we compensated each of our named executive officers identified in the following table in fiscal year 2010. The individuals listed include our chief executive officer, chief financial officer and our three other most highly compensated executive officers based on total compensation.

Name	Title
William P. Noglows	Chairman of the Board, President and Chief Executive Officer
William S. Johnson	Vice President and Chief Financial Officer
Adam F. Weisman	Vice President, Business Operations
Clifford L. Spiro	Vice President, Research and Development
H. Carol Bernstein	Vice President, Secretary and General Counsel

Fiscal Year 2010 Executive Compensation Summary

Our executive compensation program is structured to align our named executive officers' interests with those of our stockholders, by linking compensation to business objectives and performance, and to attract and retain talented executives. In general, our executive officers, including William P. Noglows, our Chairman, President and Chief Executive Officer, and our other named executive officers, are eligible for, and participate in, our compensation and benefits programs according to the same general terms as those available to all of our employees. Our executive compensation program is administered by the compensation committee of our board of directors, which is composed solely of independent directors. The key elements of our executive compensation program are base salary, annual cash bonuses and long-term equity incentives. The compensation committee is responsible for determining the level of compensation paid to our named executive officers and our other executive officers. The compensation committee targets compensation levels that take into account current market practices. Offering market-comparable pay opportunities allows our company to maintain a stable, successful executive team.

Our company, led by Mr. Noglows and our other executive officers, including our named executive officers, delivered exceptional financial and operational results in fiscal year 2010. For example, for fiscal year 2010, we reported record annual revenue of \$408.2 million, record annual net income of \$49.5 million, record earnings per share of \$2.13, and gross profit margin of 49.9 percent of revenue, which is our highest annual level since 2003. The company's extremely strong results in fiscal year 2010, especially as compared with fiscal year 2009, during the depths of the severe global recession, benefited from the significant improvement in conditions within the semiconductor industry, but are also attributable to the efforts of our global workforce, led by Mr. Noglows and the rest of our executive team. The company's performance in various areas exceeded the company's fiscal year 2010 performance goals overall that were established by the compensation committee of our board of directors. The fiscal year 2010 performance goals were financial goals that included revenue, gross margin, earnings per share, and a cash flow measure, along with nonfinancial goals that included certain growth objectives. Our exceptional fiscal year 2010 results exceeded our fiscal year 2009 results, as illustrated by the following comparisons:

	Fiscal Year 2010	Fiscal Year 2009	Percentage Increase
Revenue	\$ 408.2M	\$ 291.4M	40.1%

Gross profit (as a percentage of revenue)	49.9%	44.1%	13.2%
Net Income	\$ 49.5M	\$ 11.2M	342.1%
Diluted Earnings Per Share	\$ 2.13	\$ 0.48	343.8%

As described in greater detail below, because our company significantly exceeded our fiscal year 2010 performance goals, based on the methodology for determining awards under our Annual Incentive Program, our employees earned relatively larger annual cash bonuses under the Annual Incentive Program than in prior years.

Table of Contents

Using a similar methodology, the compensation committee, in evaluating the performance of our company in fiscal year 2010 against our fiscal year 2010 performance goals, determined awards to be made under the Annual Incentive Program to our executive officers, including Mr. Noglows and our other named executive officers, which resulted in relatively larger annual cash bonuses being earned by them as compared with prior years. Following the end of fiscal year 2010, the compensation committee awarded annual long term equity incentives under our 2000 Equity Incentive Plan for values generally consistent with annual award cycles of the past few years. Despite our company's strong financial performance in fiscal year 2010, the compensation committee elected to maintain the base salaries of our named executive officers, including Mr. Noglows, at their fiscal year 2010 levels, without any increases, consistent with the company's strategy to maintain base salaries in line with market comparables. The compensation committee has established performance goals for our company for fiscal year 2011.

Overview

General. Our executive compensation program is administered by the compensation committee of our board of directors, which is composed solely of independent directors. The compensation committee is responsible for determining the level of compensation paid to our named executive officers and our other executive officers, including determining awards under and administering the 2000 Equity Incentive Plan. The compensation committee is also responsible for reviewing and establishing all other executive officer compensation programs and plans that we may adopt from time to time. During and for fiscal year 2010, the compensation committee made all decisions pertaining to the compensation of our named executive officers and our other executive officers. The compensation committee also reviewed and approved the methodology used for compensation of our general employee population. Our chief executive officer is neither present for voting or deliberation on, nor votes upon decisions relating to, his compensation. In addition, our chief executive officer does not vote upon decisions related to the compensation of our other executive officers. Although our chief executive officer evaluates the performance of our other executive officers, including the named executive officers, discusses the compensation and mix and forms of compensation of the other executive officers with the compensation committee's compensation consultant and with the committee, and makes recommendations to the committee with respect to the compensation of the other executive officers, the committee makes all final decisions regarding the executive officers' compensation. Also, our chief financial officer, who also has responsibility for our human resources function, and his human resources staff, support the compensation committee in its work by providing input and recommendations on the overall mix and forms of executive officer compensation, and discusses such matters with the committee's compensation consultant, as directed by the compensation committee. Our chief financial officer and human resources staff do not make decisions regarding the amount of compensation for our named executive officers or other executive officers, and are not present for voting or deliberation on, any such matters.

Compensation Policy and Overall Objectives. In determining the amount and composition of executive officer compensation, the committee's goal is to provide compensation that will enable us to:

attract and retain talented executives,

align compensation with business objectives and performance, and

link the interests of our executive officers to the interests of our stockholders.

In general, executive officers, including our Chairman, President and Chief Executive Officer and our other named executive officers, are eligible for, and participate in, our compensation and benefits programs according to the same general terms as those available to all of our employees. For example, the terms and conditions of our annual equity incentive awards under the 2000 Equity Incentive Plan are the same for our executive officers as they are for our other employees. Similarly, the health and welfare benefit programs are the same for all of our employees, including our

named executive officers and other executive officers; all executive officers participate in the same Employee Stock Purchase Plan, tax-qualified savings plan (the 401(k) Plan) and non-qualified supplemental savings plan (the Supplemental Plan), according to the same terms, as all of our employees. Aside from the change-in-control severance protection agreements with our named executive officers and other executive officers, and employment agreements with Mr. Noglows and Dr. Spiro, all of which are described in greater detail in the Executive Compensation section below, we do not have post-termination of service agreements with our executive officers. Our executive officers are eligible to participate in our Executive Officer

Deposit Share Program, under which they are entitled to voluntarily use all or a portion of their after-tax bonus compensation to purchase, at fair market value, shares of restricted stock awarded under the 2000 Equity Incentive Plan. These shares are retained on deposit with us until the third anniversary of the date of deposit (deposit shares), and our company matches the deposit with a restricted stock grant equal to 50% of the shares deposited by the participant (award shares) subject to certain terms and conditions, as described in greater detail below.

Competitive Compensation and Benchmarking. The compensation committee believes that each element of the compensation program should target compensation levels that take into account current market practices. Offering market-comparable pay opportunities allows us to maintain a stable, successful management team. Our direct competitors in our core business of developing, manufacturing, and selling chemical mechanical planarization (CMP) slurries and pads are generally not stand-alone publicly-traded entities; therefore, our market for compensation comparison purposes is comprised of a group of companies that develop, manufacture, supply or use a variety of semiconductor products and processes, including companies that have similar levels of revenue, market capitalization, and employment, as well as comparable geographic presence. The compensation committee considers changes to the composition of this group from time-to-time based on changes in our or others' business, and last revised the group during fiscal year 2008 based on recommendations made by the outside compensation consultant to the compensation committee, W.T. Haigh. This current group, which the compensation committee first used as of the end of fiscal year 2008 to consider benchmarks for fiscal year 2008 annual cash bonuses, and fiscal year 2009 base salaries, annual cash bonus targets, and long term equity incentive awards, and has used since then for all comparison purposes, including fiscal year 2010 annual cash bonuses and fiscal year 2011 base salaries, annual cash bonus targets and long term equity incentive awards, is comprised of the following companies:

Advanced Energy Industries
Atheros Communications
ATMI, Inc.
Axcelis Technologies, Inc.
Brooks Automation, Inc.
Ceradyne, Inc.
Cognex Corporation
Coherent, Inc.
Cree, Inc.
Cymer, Inc.
Electro Scientific
Entegris, Inc.
FormFactor, Inc.

II-VI, Inc.
Integrated Device Technology, Inc.
Mattson Technology, Inc.
Micrel Semiconductor, Inc.
Photronics, Inc.
PMC Sierra, Inc.
QLogic Corporation
Semtech Corporation
Standard Microsystems
Tessera Technologies, Inc.
Triquint Semiconductor, Inc.
Varian Semiconductor Equipment Associates, Inc.
Veeco Instruments, Inc.

In evaluating the comparison group for compensation purposes, the compensation committee, in consultation with an outside compensation consultant hired by the committee, currently W.T. Haigh, exercises its discretion and makes its judgment regarding executive officer compensation matters after considering all relevant factors. In general, it is the goal of the compensation committee that each element of compensation and total compensation for our named executive officers and our other executive officers fall within the 50th to 75th percentile for comparable positions within the comparison group. However, a direct correlation may not always exist between the roles and responsibilities of each of our executive officers and those of the position that appears to best correspond to such individual at companies within the comparison group. In addition, a direct correlation may not always exist between the relevant time period of evaluation given that the fiscal year end of companies within the comparison group is in most cases different from the company's fiscal year end of September 30, thereby making direct or any comparison difficult, especially when significant macro-economic changes occur that materially affect business performance and therefore, compensation differently and in different reporting periods, for each the company and the companies within

the comparison group. The severe global economic recession of the past several years is one such example.

Elements of Compensation

The key elements of our compensation program for our named executive officers and other executive officers are:

base salary,

annual cash bonuses, and

Table of Contents

long-term equity incentives.

In addition, we provide our named executive officers and other executive officers with:

change in control severance protection agreements, and in some limited circumstances post-termination agreements, and

the same retirement and other benefits provided to our employees generally.

Descriptions of these elements and the reasons we provide them to our named executive officers and other executive officers are provided in the following table:

Element	Description	Reason Provided
Base Salary	Fixed amount paid in cash twice per month, as for all of our employees.	As for all of our employees, provides named executive officers with a steady, predictable amount of fixed income with merit increases from time-to-time based on performance and market comparisons (if provided, usually effective on January 1 of the calendar year following such evaluation).
Annual Cash Bonuses (Annual Incentive Program)	Cash payment made within 75 days following completion of fiscal year depending on company and individual performance, as for all of our employees.	As for all of our employees, aligns compensation with business objectives and performance by communicating goals and motivating individuals to achieve these goals, and rewarding performance actually achieved.
Long-Term Equity Incentives (2000 Equity Incentive Plan)	Restricted Stock Awards (Initial, Annual and Deposit Share Program) and Stock Option Grants (Initial, Annual).	As for all of our employees who receive awards pursuant to our equity incentive plan, at risk nature of equity awards links interests with those of our stockholders; provides ongoing retention mechanism over vesting periods.
Change in Control Severance Protection Benefits for Executive Officers and other Key Employees	Salary and other benefits paid if terminated within a certain period of time pursuant to a Change in Control of our company (three years for Chief Executive Officer; two years for other Executive Officers other than Principal Accounting Officer; one year for Key Employees and Principal Accounting Officer).	Assures company of dedicated executive and key employee team, notwithstanding the possibility, threat or occurrence of a change in control; provides for continuity of executive management and key employees in the event of an actual or threatened change in control.
Retirement and other Benefits		

401(k) savings plan, Supplemental Plan, basic life and disability insurance and limited perquisites, as for all of our employees.	Represents market practice and competitive factors; broad-based programs for all employees.
---	---

Each of these elements is also addressed separately below. In determining compensation for executive officers, the compensation committee considers all elements of an executive officer's total compensation package in comparison to current market practices, including change in control arrangements, ability to participate in savings plans and other benefits. On at least an annual basis, the compensation committee considers the base salary, annual

Table of Contents

cash bonus, and long-term equity incentive elements, and balance among each of these elements, of each executive officer's overall compensation.

The receipt and retention by executive officers of certain elements of compensation, such as cash bonuses and equity-based compensation, are subject to our company's Code of Business Conduct, and the terms and conditions of relevant program, plan, and grant and award agreements, all of which include provisions that provide that the company may rescind or recover ("clawback") from an executive officer, including post-separation of service, cash bonus and/or equity-based incentives paid or awarded to such executive officer immediately under certain circumstances, including, but not limited to, actions by the executive constituting Cause, as determined by the company in its discretion and as otherwise enforceable under local law and violation of the Cabot Microelectronics Corporation Code of Business Conduct, including those provisions related to financial reporting (e.g., in the event of a restatement caused by certain factors). In the event of any such rescission or right of recovery, the individual must repay the amount in question to the company, and the company shall be entitled to set-off against such amount any amount owed to the individual by the Corporation.

Base Salaries. The compensation committee regularly reviews each executive officer's base salary. Base salaries for executive officers are initially determined by evaluating the executive officers' levels of responsibility, prior experience, breadth of knowledge, internal equity issues and external compensation practices, with particular reference to the comparison group of companies. Increases to base salaries are driven primarily by performance and current market practices, and evaluated by the compensation committee based on sustained levels of contribution to the company in the context of our performance-based management process. In the past several years, depending on the level of performance of the company and each executive officer, this generally has meant base salaries in the 50th to 75th percentile of the salary ranges of similarly positioned executive officers in the comparison group of companies.

Current market practices, as represented by a comparison to executive officer base salaries in the comparison group of companies continued to serve as the primary reference for the compensation committee with respect to deciding upon changes to base salary for both fiscal year 2010 (effective as of January 1, 2010), and fiscal year 2011 (which would have been effective as of January 1, 2011), similar to fiscal year 2009 (effective as of January 1, 2009). Over this period the comparative data likely reflect the lingering effects of the significant adverse global economic conditions of the last several years, since, for example, for fiscal year 2011 none of the named executive officers, including Mr. Noglows, received any increases to their base salaries, despite our company's exceptional financial and operational performance for fiscal year 2010. The factors the compensation committee considers in determining base salary levels are not assigned specific weights. Rather, the compensation committee reviews all of the factors and makes base pay determinations that reflect the compensation committee's analysis of the aggregate impact of these factors.

For fiscal year 2008, following the prior year's review of each executive officer's performance in the fiscal year and compensation, the compensation committee, in considering merit salary increases to be effective January 1, 2008 for the calendar year, increased our named executive officers' base salaries in the range of 4% to 8% to remain competitive within our peer group. Following fiscal year 2008 and upon review of each executive officer's performance in the fiscal year and compensation, the compensation committee, in considering merit salary increases to be effective January 1, 2009 for the calendar year, approved an increase to our named executive officers' base salaries of approximately 3% to remain competitive within our peer group. However, the compensation committee also instructed Mr. Noglows that, in light of the significant adverse global economic conditions that were beginning to affect our business at the time, if Mr. Noglows chose to reduce the base salary merit increase percentage for the general employee population by 1% as he had discussed with the committee, the committee approved in advance Mr. Noglows' extension of the same percentage point reduction in approved base salary increase for all of the executive officers, including himself and all of the other named executive officers. Given the growing global economic downturn then occurring, Mr. Noglows declined the entire base salary increase of 3% that the compensation committee had approved for him for 2009, and retained his own base salary at its 2008 level of \$545,000. He also

made the decision to reduce the January 1, 2009 base salary merit increase percentage for the general employee population and all executive officers, including the other named executive officers, by 1%, as discussed with the compensation committee, which resulted in an increase to our named executive officers' base salaries of approximately 2%. Following fiscal year 2009 and upon review of each executive officer's performance

in the fiscal year and compensation, as well as the macroeconomic environment of that fiscal year, the compensation committee, in considering merit salary increases to be effective January 1, 2010 for the calendar year, approved an increase to the base salaries of our named executive officers, including Mr. Noglows, of approximately 2.5%. As discussed above, following fiscal year 2010 and upon review of each executive officer's performance in the fiscal year and compensation, regardless of our company's exceptional financial and operational performance for fiscal year 2010, the compensation committee, in considering merit salary increases to be effective January 1, 2011 for the calendar year, retained the base salaries of our named executive officers, including Mr. Noglows, at the 2010 levels, without any increase. The resulting base salaries for 2011, 2010, and 2009 are as follows:

Name	2011 Base Salary	2010 Base Salary	2009 Base Salary
William P. Noglows	\$ 559,000	\$ 559,000	\$ 545,000
William S. Johnson	\$ 348,000	\$ 348,000	\$ 339,500
Adam F. Weisman	\$ 326,200	\$ 326,200	\$ 318,200
Clifford L. Spiro	\$ 312,500	\$ 312,500	\$ 304,900
H. Carol Bernstein	\$ 314,500	\$ 314,500	\$ 306,800

Annual Cash Bonuses. All of the company's employees are eligible to participate in the company's annual cash bonus program, which is called our Annual Incentive Program, with executive officer, including named executive officer, bonuses, if any, determined by the compensation committee. As with all employees, executive officers' opportunities to earn annual cash bonuses correspond to the degree to which our company achieves the annually-established goals. The compensation committee believes that an annual cash bonus program allows us to communicate specific goals that are of primary importance during each year and motivates executive officers to achieve these goals.

Performance-Based Management Program and Company Performance Objectives: At the beginning of each fiscal year, the compensation committee and board of directors establish specific performance goals for the company in accordance with our performance-based management process. These objectives are set to reflect the key elements of our annual plan and budget, and provide a common platform for our initiatives for the year. Throughout the year, our senior management periodically reviews the company's progress in achieving these goals with our board of directors and compensation committee. In November, 2009, the board of directors and compensation committee approved our Fiscal Year 2010 Company Performance Objectives, which also served as our Performance Goals for the purposes of our Annual Incentive Program. As in prior years, the fiscal year 2010 Annual Incentive Program Performance Goals were chosen to encourage a particular and enhanced focus on certain aspects of our company's business strategy and objectives for all of our employees, including our named executive officers and other executive officers, and for which all of our executive officers collectively have responsibility for influencing and driving.

The board of directors and compensation committee selected as our Fiscal Year 2010 Company Performance Objectives and Annual Incentive Program Performance Goals financial measures that are consistent with those used by the investment community to evaluate the performance of our company, and which would be appropriate goals by which to incent the ongoing balanced performance of the company and its employees, including its executive officers, across all of its operational units, and in a still extremely challenging economic environment. The Fiscal Year 2010 Company Performance Objectives and Annual Incentive Program Performance Goals with corresponding Measures for evaluating attainment of such, and corresponding Performance Targets were as follows:

Fiscal Year 2010 Company Performance Objectives:

Fiscal Year 2010 Annual Incentive Program Performance Goals (with corresponding Measures, and Performance Targets), followed by (Fiscal Year 2010 Achievement):

Revenue (Revenue, \$351.5 million)(\$408.2 million);

Performance Goals, Bonus Pool and Bonus Calculation: As in prior years, in fiscal year 2010, achievement of the noted five Fiscal Year 2010 Annual Incentive Program Performance Goals served as the mechanism by which the company determined the amount of funding for our Annual Incentive Program Bonus Pool (AIP Bonus Pool), which is approved by the compensation committee for all employees, including our named executive officers and other executive officers.

To determine the funding of the AIP Bonus Pool, the performance goals generally are weighted, based on their relative importance to achieving the company's overall goals. Then, for each performance goal, threshold, target and stretch metrics, or levels, of performance are established. Because each year our performance goals are set to reflect the key objectives of our annual plan and budget, the threshold, target and stretch metrics for each goal are designed to reflect increasing levels of difficulty, improvement, and motivation in achieving each level. For fiscal year 2010, special consideration was given to the ongoing adverse global economic situation and continued uncertainty of the macroeconomic environment and the semiconductor industry in setting the Performance Targets for the Annual Incentive Program Performance Goals. As part of our senior management's periodic review throughout the year of our progress in meeting our Company Performance Objectives and Annual Incentive Program Performance Goals with the compensation committee and board of directors, performance is discussed against a particular goal's threshold, target and stretch levels.

The threshold level of performance for a particular performance goal represents the lowest level of performance for which any bonus would be earned on that goal. The stretch level of performance represents the level for which the maximum bonus would be earned for that particular goal, and the target represents the target level of performance. The actual bonus, if any, attributable to each performance goal is calculated based on the actual performance compared to these threshold, target and stretch performance levels, and these are added together for all the performance goals to determine the funding of the AIP Bonus Pool. In turn, the AIP Bonus Pool is allocated for payment of bonuses to employees and executive officers, including our named executive officers. For fiscal year 2010, the bonus for a particular employee or executive officer was calculated by:

- i) multiplying the salary of the employee or executive officer by the bonus target level established for the particular role or level of the employee or executive officer (expressed as a percentage of the individual's base salary, and set according to market pay practices), as described in greater detail for executive officers below;
- ii) multiplied by a factor related to the overall achievement of the Annual Incentive Program Performance Goals (expressed as a percentage of the target level of performance); and
- iii) multiplying this product by a factor that corresponds to an assessment of the individual performance of the employee or executive officer relative to the individual's own performance objectives.

In addition, in certain years, in assessing the company's overall performance and calculating the funding of the AIP Bonus Pool for all of our employees, including our named executive officers and other executive officers, the compensation committee also considers certain additional factors, such as, for example, acquisition activity, or the impact of global or other events beyond the company's control, that may have affected our company's achievement of certain of the Performance Goals that the committee considered important in evaluating the company's performance

for the particular fiscal year, but that were not able to be known to the company at the time the year's Annual Incentive Program Performance Goals and related metrics were established. In fiscal year 2010, however, the compensation committee did not consider additional factors like these in assessing the company's overall performance and calculating the funding of the AIP Bonus Pool.

Individual Executive Officer Bonus Target Levels and Cash Bonus Earned: As described above, actual payouts for cash bonus awards are determined by the level of performance of our company, which as described above was financially and operationally exceptional for fiscal year 2010, and the individual performance of each employee, including each named executive officer and other executive officers, and may be higher or lower than the established individual's bonus target level depending upon performance relative to the pre-established goals. The compensation committee, in

Table of Contents

consultation with its outside compensation consultant, has established a bonus award target for each executive officer by evaluating factors such as external pay practices, with particular reference to the comparison group of companies (as described above, bonus award targets are established for each of our employees based on an individual's role or level). In this regard, for fiscal year 2010 the compensation committee retained the bonus award target for each named executive officer at the same level as each individual's bonus award target for fiscal year 2009. The bonus award targets and actual amounts earned for our named executive officers for fiscal year 2010 were as follows:

Name	Bonus Target (as % of Base Salary)		Bonus Target (\$)		Actual Bonus Earned* (\$)
William P. Noglows	100%	\$	559,000	\$	1,200,000
William S. Johnson	65%	\$	226,200	\$	456,100
Adam F. Weisman	65%	\$	212,030	\$	388,600
Clifford L. Spiro	65%	\$	203,125	\$	353,700
H. Carol Bernstein	55%	\$	173,000	\$	301,200

* In assessing our company's and executive officers' achievement of the noted Performance Goals for purposes of the multiplier described above, the compensation committee concluded that a factor of approximately 183 percent had been achieved. In assessing each named executive officer's individual performance for fiscal year 2010, and for purposes of the multiplier described above, the compensation committee decided upon factors ranging from approximately .95 to 1.17.

As discussed above, cash bonuses awarded to our executive officers are subject to rescission and recovery (clawback) by the company in certain circumstances.

Fiscal Year 2011 Performance Management Program and Performance Goals. In November, 2010, the compensation committee and board of directors set our Fiscal Year 2011 Annual Incentive Program Performance Goals, generally using the process described above. These performance goals are: financial goals that include revenue, gross margin, earnings per share, and a cash flow measure, and nonfinancial goals that include certain growth objectives. In approving the fiscal year 2011 Annual Incentive Program Performance Goals, the compensation committee noted that any cash bonus award amounts pursuant to the Annual Incentive Program will be determined for each participant based on levels of attainment of the indicated goals by our company, as well as the attainment of individual performance objectives, as assessed by the compensation committee using its discretion; such assessment may include consideration of macroeconomic and other factors, whether or not able to be generally foreseen, that may impact our company's performance during fiscal year 2011.

Long-Term Equity Incentives. Long-term equity incentives are provided to our named executive officers and other executive officers pursuant to the 2000 Equity Incentive Plan. All of the company's employees are eligible to participate in our 2000 Equity Incentive Plan, with any and all awards to executive officers, including named executive officers, pursuant to it determined by the compensation committee. The compensation committee believes that equity-based compensation is an essential element in our overall compensation scheme. Equity-based compensation is emphasized in the design of our executive officer compensation program because it involves at-risk components of compensation that directly link our executive officers' interests with those of our stockholders. The compensation committee, in consultation with its outside compensation consultant, evaluates the balance of equity-based compensation with the base salary and cash bonus elements of cash compensation by considering factors

such as external compensation practices, with particular reference to the comparison group of companies, the ability to achieve a desired balance between cash and equity-based compensation, and the financial impact to our company of providing various kinds and amounts of equity-based compensation to our employees, including our executive officers.

Timing of Grants: Initial or new-hire options and restricted stock may be awarded to employees, including our executive officers, when they join the company. Thereafter, options and restricted stock may be awarded to employees, including each executive officer, annually and from time to time based on performance. To enhance retention, options and restricted stock awarded to executive officers, as with awards to all other employees, are subject to vesting restrictions that generally lapse over a four-year period. Stock option grants to executive officers,

Table of Contents

whether new hire, occasional, or pursuant to our annual incentive program, may only be made upon specific approval by the compensation committee, as is the case with all other forms of equity-based compensation, such as restricted stock awards, and non-equity-based compensation for executive officers. Our stock option grant practice consistently has been that the exercise price for all of our stock option grants, including those to our executive officers, is the fair market value, as represented by the closing price on Nasdaq, of our stock on the stock option grant date, as approved by the compensation committee. For new hire grants, the grant date is the first day of employment for the grant recipient; for grants made pursuant to our annual grant program or at other times in particular circumstances, the latter of which has not occurred for any of our executive officers while serving as an executive officer, the grant date is the date of approval by the compensation committee or a subsequent date set by the committee in its approval. For our annual grant program, our practice for the past nine annual cycles has been that the one grant date for grants made to all employees, including all of our executive officers, occurs within approximately one week following the compensation committee's meeting (usually late November or early December) to consider and decide upon performance and compensation-related matters for our employees, including specific evaluations and decisions regarding each of our executive officers, such as base salary increases, annual cash bonuses, and equity-based incentive awards following the close of our fiscal year on September 30. It is our practice to set a stock option's grant date only for a date certain on or subsequent to the date the grant is approved, and it is not our practice to set a stock option's grant date as a date prior to the date of approval for a grant (i.e., backdating). In addition, it is not our practice to make stock option grants while we are in possession, or in coordination with the release, of material non-public information regarding our company. To our knowledge, we have followed our stock option grant practices throughout our history as a publicly-traded company. While we do not have any current plans to change our stock option grant practices, circumstances may arise such that we might decide it is in the best interests of our business to do so in the future.

Allocation Among Awards: Prior to our fiscal year 2007 awards and grants that the compensation committee made on December 1, 2006, as part of our annual equity incentive award program, our compensation committee had awarded only non-qualified stock option grants pursuant to our annual grant program. As permitted by the 2000 Equity Incentive Plan, on December 1, 2006, our compensation committee decided to award a blend of non-qualified stock option grants and restricted stock awards (restricted stock units for our non-United States employees) to all employees who were receiving awards on December 1, 2006, including the named executive officers and other executive officers, according to approximately a three-to-one ratio of non-qualified stock options granted to restricted stock awarded. Our compensation committee made this decision primarily to address the financial impact of the expensing of equity-based compensation required pursuant to an accounting standard issued by the Financial Accounting Standards Board (SFAS 123R) that became applicable to us as of October 1, 2005, as well as to more competitively balance the types of equity incentives being awarded to our employees pursuant to the 2000 Equity Incentive Plan. In addition, for our fiscal years 2008, 2009, 2010 and 2011 annual equity incentive award program grants, which occurred on November 30, 2007, December 1, 2008, December 1, 2009 and December 1, 2010, respectively, we continued to provide this combination of restricted stock and stock option awards for our employees, including our named executive officers. For more information regarding these awards, see Footnote no. 2 to the Grants of Plan-Based Awards table.

Size of Awards: When determining awards for individual executive officers under the 2000 Equity Incentive Plan, the compensation committee primarily considers compensation practices and equity values awarded by the comparison group of companies, as well as the executive officer's level of current and potential future responsibility, and to some extent performance in the prior year. In determining award sizes, the compensation committee does not assign specific weights to these factors. Rather, the factors are evaluated on an aggregate basis. The compensation committee also considers the overall number of units to be awarded pursuant to our annual equity incentive award program to all employees with respect to consideration of our annual equity award run rate. In addition, the compensation committee considers the underlying economic value associated with equity incentive awards, and may decide to increase or decrease the award units to be awarded in an attempt to deliver a relatively consistent dollar value of awards from year

to year. As an example, for our fiscal year 2009 annual equity incentive awards, which occurred on December 1, 2008, the compensation committee, upon the advice of its compensation consultant, increased the overall units to be awarded to our employees, including our named executive officers and other executive officers, receiving such awards, relative to the fiscal year 2008 awards generally in order to reflect a dollar value of award delivered based upon the average near term price of our stock more consistent with

Table of Contents

the value delivered in fiscal year 2008, and with those of peer companies. Similarly, for our fiscal year 2010 annual equity incentive awards, which occurred on December 1, 2009, the compensation committee, upon the advice of its compensation consultant, decreased the overall number of units to be awarded to our employees, including our named executive officers and other executive officers, receiving such awards, relative to the fiscal year 2009 awards generally in order to reflect a dollar value of award delivered based upon the average near term recent price of our stock more consistent with the value delivered in fiscal year 2009. Again, for our fiscal year 2011 annual equity incentive awards, which occurred on December 1, 2010, the compensation committee, upon the advice of its compensation consultant, in general decreased the overall number of units to be awarded to our employees, including our named executive officers and other executive officers, receiving such awards, relative to the fiscal year 2010 awards generally in order to reflect a dollar value of award delivered based upon the average near term price of our stock more consistent with the value delivered in fiscal year 2010. These fiscal year 2011 annual equity incentive awards, which occurred on December 1, 2010, are shown in the following table:

Name	Fiscal Year 2011 Non-Qualified Stock	Fiscal Year 2011 Restricted Stock
	Option Grant	Award
William P. Noglows	75,000	25,000
William S. Johnson	26,100	8,700
Adam F. Weisman	19,200	6,400
Clifford L. Spiro	17,100	5,700
H. Carol Bernstein	17,250	5,750

In general, the compensation committee has not considered any actual amounts that may have been realized from prior equity-based compensation awards in awarding subsequent equity-based compensation, or other elements of compensation. However, in considering awards under the 2000 Equity Incentive Plan to our employees, including executive officers, the compensation committee does consider whether equity-based awards that previously may have been made to them continue to fulfill the purposes of motivation and retention.

Our executive officers are also eligible to participate in the Executive Officer Deposit Share Program. See EXECUTIVE COMPENSATION Executive Officer Deposit Share Program, below. While all of our executive officers have equity ownership in our company through participation in various equity-based programs such as the Employee Stock Purchase Plan, Executive Officer Deposit Share Program, and our annual equity incentive award program, we do not currently have equity-ownership requirements or guidelines for our executive officers.

As discussed above, equity-based compensation awarded to our executive officers is subject to rescission and recovery (clawback) by the company in certain circumstances. In addition, all equity-based compensation is subject to all of the terms of our 2000 Equity Incentive Plan, the respective grant and award agreements for particular grants and awards, our Code of Business Conduct, our Insider Trading and Non-Disclosure Policy, including Trading Guidelines for Directors, Executive Officers and Other Key Employees, and our Reporting Requirements and Trading Guidelines for Directors and Executive Officers Under Section 16 of the Securities and Exchange Act and Rule 144 Under the Securities Act of 1933; as applicable, noted policies and procedures apply to any and all equity in our company held by our executive officers. For example, our executive officers, as well as our directors and designated other key employees, observe various requirements, such as those related to quarterly trading and other blackout periods, and affirmative pre-clearance of any transactions in our company's securities. Our executive officers and directors do not hedge or pledge equity in our company.

Change in Control Severance Protection Benefits. The terms and conditions of the change in control severance protection agreements with our named executive officers and the employment agreements with Mr. Noglows and Dr. Spiro are described in more detail in the section entitled *Executive Compensation* below. The board of directors and compensation committee originally determined the terms and conditions of the change in control severance protection agreements, including the severance benefit payable, and the triggering events for the payment of such severance benefit, pursuant to such agreement, in consultation with their outside compensation consultant and our financial and other advisors, and considered external practices at similarly situated companies regarding change in control arrangements. The board of directors and compensation committee also review the costs and benefits of the change in control severance protection agreements approximately every three years. As a

Table of Contents

result of the most recent review in 2007, the board of directors and compensation committee, with advice from the committee's outside compensation consultant regarding market practices, determined that the cost to the company and the competitiveness of such agreements remain reasonable and appropriate. The agreements are described in more detail in the section entitled "Executive Compensation" below.

Retirement and Other Benefits. We have adopted various employee benefit plans and arrangements for the purpose of providing employee benefits to our employees, including our executive officers. In general, the same terms apply to all of our employees, including our executive officers. These plans and arrangements include our Employee Stock Purchase Plan, the 401(k) Plan, and the Supplemental Plan.

CEO Compensation

When Mr. Noglows joined our company in fiscal year 2004, the compensation committee, in consultation with outside advisors hired by the committee, used the executive compensation practices described above to determine the terms of Mr. Noglows' employment offer and initial compensation, comprised of base salary, annual cash bonus and equity-based compensation elements, which are part of Mr. Noglows' employment agreement with our company, as described in greater detail in the section entitled "Executive Compensation" below. As part of the agreement and his joining the company, Mr. Noglows also entered into a change-in-control severance protection agreement and became eligible for the reimbursement of certain relocation and other expenses, all of which are described in greater detail in the section entitled "Executive Compensation" below.

Upon completion of fiscal year 2010, the compensation committee, in consultation with the compensation committee's outside compensation consultant, used the executive compensation practices described above, including the performance goals established by the committee, to determine Mr. Noglows' compensation, composed of a cash bonus for fiscal year 2010, and a non-qualified stock option grant and a restricted stock award as part of the annual equity incentive award cycle for which all employees were eligible. In addition, in setting both the cash-based and equity-based elements of Mr. Noglows' compensation, the compensation committee made an overall assessment of Mr. Noglows' leadership in achieving the company's long-term and short-term strategic, operational and business goals. This included an extremely favorable review of his overall performance in leading the company during its most successful year to date, delivering record revenue and earnings, and preserving and enhancing the company's strong balance sheet, operational posture, and customer relationships through, and emerging from, one of the most severe economic dislocations in recent history, while at the same time advancing the company with respect to our strategic objectives such as the growth of our polishing pads business, the integration of our 2009 acquisition of a Taiwan-based company, and the expansion of our infrastructure in Korea. The compensation committee also considered Mr. Noglows' compensation with respect to chief executive officers among the comparison group of companies, as well as equitable and consistent treatment compared to our other executive officers. In addition to these factors, Mr. Noglows' cash bonus award for fiscal year 2010 reflected the company's exceptional performance against certain financial and other objectives in fiscal year 2010, as described in greater detail above, and the aspects of the overall pre-established goals for fiscal year 2010 that were met and exceeded, as assessed by the compensation committee, using its discretion. Based upon all of these criteria, which included the compensation committee's assessment of the company's and Mr. Noglows' performance in various respects in fiscal year 2010 as compared with fiscal year 2009, the compensation committee awarded Mr. Noglows \$1,200,000 as a cash bonus for fiscal year 2010, and retained his annual base salary at \$559,000. Mr. Noglows' fiscal year 2010 cash bonus of \$1,200,000, together with his \$559,000 base salary paid during fiscal year 2010, resulted in total cash compensation to Mr. Noglows for fiscal year 2010 of \$1,755,500; this was \$1,101,500 more than the \$654,000 in total cash compensation that Mr. Noglows received for fiscal year 2009, and reflects the significantly improved performance of the company in fiscal year 2010 from fiscal year 2009. In addition, as noted above and as reported in Footnote 2 to the 2010 Grants of Plan-Based Awards table that follows, on December 1, 2010, the compensation committee awarded Mr. Noglows equity-based compensation in the form of: (i) non-qualified stock options to purchase an aggregate of 75,000 shares of

the company's common stock that vest in equal increments upon each anniversary over four years and have a term of ten years that expires December 1, 2020, at an exercise price of \$41.51, which was the closing price of our stock on the grant date; and (ii) 25,000 shares of restricted stock with a fair market value based on the closing price of our stock on Nasdaq on the award date of \$41.51 per share that lapse in equal increments upon each anniversary over four years. Aside from the number of options granted and restricted stock awarded, the terms and conditions of this option grant and restricted stock award are the same as those for grants and awards made to our other employees, including those that provide that any options that are not vested and restricted stock on which restrictions have not lapsed at the time of termination of

Table of Contents

employment are forfeited. Because these equity awards were made after the completion of fiscal year 2010, they are reported in the referenced footnote and not specifically reported in the compensation tables that follow.

As noted above, the compensation committee and the board of directors reviews on a periodic basis the hypothetical costs to the company of Mr. Noglows' change-in-control severance protection agreement, and those of the company's other executive officers and key employees who have such agreements.

Regulatory and Other Factors

Internal Revenue Code Section 162(m). As one of the factors in its review of compensation matters, the committee considers the anticipated tax treatment to our company and to our executives of various payments and benefits. The deductibility of some types of compensation payments depends upon the timing of an executive's vesting or exercise of previously granted rights. Furthermore, interpretations of and changes in the tax laws and other factors beyond the compensation committee's control also affect the deductibility of compensation. For these and other reasons, the compensation committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended. The compensation committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

Other Factors. As described above, our compensation committee began the use of awards of restricted stock in addition to grants of non-qualified stock options primarily to address the financial impact of the expensing of equity-based compensation required under FASB ASC Topic 718. In addition, the company has intended for its non-qualified deferred compensation plans and other plans and agreements subject to the requirements of Internal Revenue Code Section 409A to be in compliance with such requirements.

COMPENSATION AND RISK

The company's management, with a review by the audit committee and compensation committee of our board of directors and with support from the compensation committee's outside compensation consultant, has conducted an assessment of the risks associated with our compensation programs, policies and practices, and has determined that risks arising from them are not reasonably likely to have a material adverse effect on our company. In making this determination, our management considered the various elements of our compensation programs, policies and practices, such as the: mix of base salary, annual cash bonuses and equity incentive program participations at various levels and throughout our company; balance between and among short-term and long-term compensation incentives in our programs; significant use of performance measures that are financial in nature such that they are readily measurable and verifiable, are regularly reviewed, and also are consistent with those that are publicly reported; use of performance measures that directly relate to the operations of our business such that they are readily measurable and verifiable, and are regularly reviewed; use of performance measures that relate to our business overall and avoid overdependence on one aspect of our business and its operations as opposed to another; multiple and cross-functional levels of review and verification prior to award approval; our system of internal controls and internal risk review and assessment processes; and, our general employment practices, policies and procedures.

COMPENSATION COMMITTEE REPORT

The following report of the compensation committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this report by reference therein.

The compensation committee of the board of directors has reviewed and discussed the Compensation Discussion and Analysis with our company's management, and based on the review and discussions, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the company's annual report on Form 10-K for the fiscal year ended September 30, 2010.

(1) Certain amounts in the Bonus column were used to purchase deposit shares of restricted stock under our Executive Officer Deposit Share Program after the end of the 2008 fiscal year on December 10, 2008, after the end of the 2009 fiscal year on December 9, 2009 and after the end of the 2010 fiscal year on December 13, 2010. See footnote 2 below for more details.

(2) Certain amounts in the Stock Awards column correspond to matching grants of award shares of restricted stock made pursuant to our Executive Officer Deposit Share Program, which is described in more detail below. Under this program, our executive officers are entitled to voluntarily use all or a portion of their after-tax bonus

compensation to purchase at fair market value shares of restricted stock awarded under the 2000 Equity Incentive Plan. These shares are retained on deposit with us until the third anniversary of the date of deposit (deposit shares), and our company matches the deposit with a restricted stock grant equal to 50% of the shares deposited by the participant (award shares). If the participant is employed by our company on the third anniversary of the deposit date and the deposit shares have remained on deposit with us through such date, the restrictions on the award shares will lapse. This column does not include deposit shares as these amounts were purchased by the participant after-tax from amounts that were already disclosed in the Bonus column. This column does include award share grants made pursuant to this program. On December 10, 2008, Mr. Noglows, Mr. Johnson and Ms. Bernstein participated in the Deposit Share Program receiving 814, 712, and 203 respective award shares on deposit under the program with a fair market value based on the closing price of our stock on the award date of \$24.55 per share. The restrictions on these award shares will lapse on December 10, 2011 if the participant is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date. Mr. Noglows, Mr. Johnson and Ms. Bernstein purchased, respectively, 1,629, 1,425, and 407 deposit shares related to these award shares after-tax from amounts that are disclosed in the Bonus column above. On December 9, 2009, Mr. Johnson participated in the Deposit Share Program receiving 396 award shares on deposit under the program with a fair market value based on the closing price of our stock on the award date of \$31.50 per share. The restrictions on these award shares will lapse on December 9, 2012 if the participant is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date. Mr. Johnson purchased 793 deposit shares related to these award shares after-tax from amounts that are disclosed in the Bonus column above.

Table of Contents

These amounts do not include award share grants made pursuant to our Executive Officer Deposit Share Program to certain of our named executive officers after the end of fiscal year 2010. On December 13, 2010, Mr. Johnson participated in the Executive Officer Deposit Share Program receiving 300 award shares on deposit under the program with a fair market value based on the closing price of our stock on the award date of \$41.62 per share. The restrictions on these award shares will lapse on December 13, 2013 if the executive is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date. Mr. Johnson purchased 600 deposit shares related to these award shares after-tax from amounts that are disclosed in the Bonus column above.

- (3) The amounts in the column headed Stock Awards represent the aggregate grant date fair value of grants in fiscal years 2010, 2009 and 2008 computed in accordance with ASC 718. For restricted stock awards, the fair value is equal to the underlying value of the stock and is calculated using the closing price of our common stock on the grant date. The actual value realized by a named executive officer related to stock awards will depend on the market value of our common stock on the date the stock is sold.

The amounts in the column headed Option Awards represent the aggregate grant date fair value of grants in fiscal years 2010, 2009 and 2008 computed in accordance with ASC 718 (see Note 12 of Notes to Consolidated Financial Statements included in Item 8 of Part II of our Annual Report on Form 10-K for fiscal year 2010 for a description of the assumptions used in that computation). The actual value realized by a named executive officer related to option awards will depend on the difference between the market value of our common stock on the date the option is exercised and the exercise price of the option.

During fiscal years 2010, 2009 and 2008, no awards to any of our named executive officers were adjusted, modified or cancelled (forfeited).

- (4) The information in the column headed All Other Compensation predominantly reflects amounts that by nature generally recur each year, such as benefit costs we contribute on behalf of our named executive officers in the same manner in which we contribute such costs for all of our employees. For example, the information in the column includes contributions (both matching and safe-harbor) made by us to our tax-qualified savings plan (the 401(k) Plan) and accruals under our non-qualified supplemental savings plan (the Supplemental Plan) according to the standard terms of each of these plans as applied to all of our employees, including our named executive officers and other executive officers. For the 401(k) Plan, this means that we contribute the equivalent of 4% of each employee's eligible compensation (up to the I.R.S. eligible compensation limit) to the plan on the employee's behalf, regardless of whether the employee makes a contribution to the plan (safe-harbor contribution), and a matching contribution on the employee's behalf of 100% of the first 4%, and 50% of the next 2%, that the employee contributes to the 401(k) Plan (matching contribution); from April 1, 2009 through December 31, 2009, however, in light of the severe economic downturn and its impact on our company in fiscal year 2009, as a cost-savings measure our board of directors removed the matching contribution through an amendment to the 401(k) Plan. Given the relative recovery from the severe economic downturn that we began to see in the second half of fiscal year 2009, and in the interests of assisting our employees in saving for retirement, the board of directors amended the 401(k) Plan to reinstate the matching contribution as of January 1, 2010. With respect to the Supplemental Plan, which applies to all employees, including our named executive officers and other executive officers, at such time as they reach the I.R.S. eligible compensation limit, while employees are presently not able to make contributions to the Supplemental Plan, we continue to make the safe-harbor contribution of the equivalent of 4% of each employee's eligible compensation (over the I.R.S. eligible compensation limit) to the Supplemental Plan on the employee's behalf. For fiscal year 2010, contributions as such to the 401(k) Plan and the Supplemental Plan on behalf of the named executive officers were made in the following amounts:

Name	401(k) Plan	Supplemental Plan
Mr. Noglows	\$ 21,426	\$ 16,780
Mr. Johnson	\$ 22,050	\$ 5,799
Mr. Weisman	\$ 22,273	\$ 4,584
Dr. Spiro	\$ 21,747	\$ 3,980
Ms. Bernstein	\$ 21,870	\$ 4,140

Similarly, the amounts in the column headed "All Other Compensation" include amounts we provided on behalf of each of our named executive officers for basic life insurance and accidental death and dismemberment insurance coverage in fiscal year 2010, which was provided on the same basis to all of our employees. There is no cash surrender value associated with this insurance coverage. The value paid for this coverage in fiscal year 2010 attributable to each named executive officer is: Mr. Noglows, \$391; Mr. Johnson, \$391; Mr. Weisman, \$391; Dr. Spiro, \$391; Ms. Bernstein, \$391.

In addition, the figures in the column headed "All Other Compensation" also reflect (i) airline club membership fees for fiscal year 2010 in the amount of \$500 for Mr. Noglows, \$400 for Mr. Johnson, \$400 for Mr. Weisman and \$725 for Dr. Spiro; (ii) business club membership fees for fiscal year 2010 in the amount of \$6,275 for Mr. Noglows; (iii) the payment of financial planning fees of \$10,400 on behalf of Mr. Noglows in fiscal year 2010, as per the terms of his employment agreement; and, (iv) a transportation allowance for fiscal year 2010 in the amount of \$8,000 for Ms. Bernstein. In addition, the amounts also include what the company considers to be unique, non-recurring business-related expenses for Messrs. Noglows and Johnson and for Ms. Bernstein as follows: In September, 2010, the board of directors held its quarterly meetings in company and customer locations in the Asia Pacific region, which is the geographic heart of the semiconductor industry and comprised approximately 80% of the company's fiscal year 2010 revenue. In keeping with the customs and protocols of this important area, and in accordance with the employee and customer events planned for the meetings, the company also asked the spouses of Messrs. Noglows and Johnson, and Ms. Bernstein, as well as of our directors, to attend the meetings. Although the company views such spousal travel expenses as business-related, in light of certain Internal Revenue Service practices, we have treated such expenses, which represent travel, food and lodging, tax and related expenses and which are included in the amounts in the column headed "All Other Compensation", as compensation to each affected individual. We have not had similar situations to date, and given the historic nature of the September board meetings, have no present plans for such. The specific amounts included for each individual are: \$30,842 for Mr. Noglows, of which \$12,167 is tax reimbursement; \$30,128 for Mr. Johnson, of which \$11,254 is tax reimbursement; and, \$21,694 for Ms. Bernstein, of which \$6,389 is tax reimbursement. Separately, because of the referenced IRS practices, the amounts in the column headed "All Other Compensation" also include a travel expense of \$6,197, of which \$2,445 is tax reimbursement, for Mr. Noglows' spouse to attend an annual industry chief executive conference at which spousal attendance is highly encouraged.

- (5) On January 6, 2011, we announced that Dr. Spiro has announced his decision to resign from our company to pursue other interests. The effective date of his resignation as Vice President is January 6, 2011, and he will continue to perform transition responsibilities for us until he resigns his employment on July 1, 2011 ("Resignation Date"). In connection with Dr. Spiro's planned resignation, following the Resignation Date, and in consideration for a release of claims from him, his agreement to perform certain transition responsibilities, and his agreement to non-competition, non-solicitation, non-disparagement and confidentiality covenants, Dr. Spiro will receive the following: a cash severance payment of \$312,500, which is equal to one year's salary, consistent with the terms of his Employment Offer Letter Agreement dated November 17, 2003; a cash payment of a pro-rated (based on nine-months' employment of fiscal year 2011) amount representing his target bonus opportunity under our Annual Incentive Program multiplied by various factors related to our performance; and the benefits of his Change in Control Severance Protection Agreement to the extent that a Change in Control as defined thereunder occurs within one year of the Resignation Date. Any unvested non-qualified stock options and restricted stock held by Dr. Spiro will be forfeited by him pursuant to the terms of the 2000 Equity Incentive Plan, as amended and restated, and relevant grant and award agreements thereunder. His non-qualified stock options and restricted stock vested prior to the Resignation Date will remain subject to, and exercisable only per, the terms of the Plan and grant and award agreements thereunder. During his employment prior to the Resignation Date, Dr. Spiro will continue to receive his current salary and benefits, and will continue to comply with our Code of Business Conduct and other company policies and procedures. The consideration referenced above will remain subject to recovery by us if Dr. Spiro is found to have violated the Company's Code of

Business Conduct. The terms described will be set forth in a General Release, Waiver and Covenant Not to Sue, which will be executed by Dr. Spiro and us on the Resignation Date.

Table of Contents**Employment Agreements**

On November 2, 2003, we entered into an employment agreement with Mr. Noglows to become our Chairman, President and Chief Executive Officer. Pursuant to this employment agreement, among other terms, we agreed to pay Mr. Noglows an annual base salary of \$450,000 and a cash bonus for fiscal year 2004 that would not be less than \$160,000, following the end of fiscal year 2004. Mr. Noglows' agreement provides that following the close of each fiscal year, beginning with the end of fiscal year 2004, the compensation committee of the board of directors will meet to consider an increase in Mr. Noglows' annual base salary in accordance with its normal practices, and the compensation committee has done so, as described in more detail above: for 2008, the compensation committee set Mr. Noglows' base salary at \$545,000; as described above, for 2009 Mr. Noglows declined any increase to his base salary and instead it remained at \$545,000, despite the fact that the compensation committee had approved an increase of 3% to his base salary; for 2010, the compensation committee set his salary at \$559,000; and for 2011, the compensation committee has retained his salary at \$559,000 with no increase. The employment agreement also provided the grant of an option to purchase 250,000 shares of our common stock with an exercise price of \$55.37, vesting in four equal annual installments on each subsequent anniversary of November 3, 2003, his first date of employment, and an expiration of November 3, 2013. We also agreed to provide Mr. Noglows with certain relocation and other reimbursements and to allow Mr. Noglows to utilize first-class air travel while he is employed by us.

On November 13, 2003, we entered into an employment agreement with Dr. Spiro to become our Vice President, Research & Development. Pursuant to this agreement, among other terms, we agreed to pay Dr. Spiro an annual base salary of \$225,000. Dr. Spiro's agreement states that annual reviews by the compensation committee of the board of directors with respect to any future salary adjustments are usually held in the quarter following the close of our fiscal year: for 2008, the compensation committee set his salary at \$299,000; for 2009, the compensation committee set his salary at \$304,900; for 2010, the compensation committee set his salary at \$312,500; and, for 2011, the compensation committee has retained his salary at \$312,500 with no increase. Dr. Spiro's agreement also provided for the grant of an option to purchase 50,000 shares of our common stock, vesting in four equal annual installments on each subsequent anniversary of Dr. Spiro's first day of employment, December 1, 2003. Dr. Spiro's employment agreement provides that he is eligible to participate in our annual cash incentive program with a target of 45% of base salary, which, as described in greater detail above, has been raised by the compensation committee to be a target of 65% of base salary. As described above, Dr. Spiro has resigned his position as Vice President, effective January 6, 2011, and will resign from the company on July 1, 2011, at which time the consideration described above will be provided subject to a General Release, Waiver and Covenant Not to Sue executed by Dr. Spiro and the company.

Standard Employee Benefits

We have adopted various employee benefit plans and arrangements for the purpose of providing employee benefits to our employees, including our named executive officers and our other executive officers. In general, the same terms apply to all of our employees, including our named executive officers and our other executive officers. These plans and arrangements include the Employee Stock Purchase Plan, the 401(k) Plan, and Supplemental Plan.

- (1) The awards in this column that correspond to a Grant Date of December 9, 2009 reflect the matching grants of award shares of restricted stock made under our 2000 Equity Incentive Plan pursuant to our Executive Officer Deposit Share Program, which is described in more detail below. This column does not include deposit shares as these amounts were purchased by the participant from after-tax bonus compensation already disclosed in the Bonus column of our Summary Compensation Table of our 2010 Proxy Statement. As shown, on December 9, 2009, Mr. Johnson participated in the Deposit Share Program receiving 396 award shares on deposit under the program with a fair market value based on the closing price of our stock on the award date of \$31.50 per share. The restrictions on these award shares will lapse on December 9, 2012 if Mr. Johnson is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date.

The amounts in this column do not include award share grants made pursuant to our Executive Officer Deposit Share Program to certain of our named executive officers after the end of fiscal year 2010. On December 13, 2010, Mr. Johnson participated in the Deposit Share Program receiving 300 award shares on deposit under the program with a fair market value based on the closing price of our stock on the award date of \$41.62 per share.

The restrictions on these award shares will lapse on December 13, 2013 if he is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date.

These amounts in this column do not include restricted shares awarded to our named executive officers after the end of fiscal year 2010. On December 1, 2010, as part of our annual equity incentive award program, we awarded restricted shares to our named executive officers with a fair market value based on the closing price of our stock on the award date of \$41.51 per share that lapse in equal increments upon each anniversary over four years, in the amounts set forth in the table below:

Name	Restricted Stock Award
Mr. Noglows	25,000
Mr. Johnson	8,700
Mr. Weisman	6,400
Dr. Spiro	5,700
Ms. Bernstein	5,750

(2) As with all other grants of stock options and stock awards to our named executive officers and other executive officers, other than the number of options or restricted stock awarded, the terms and conditions of the stock

Table of Contents

option grants in this column are the same as those made to all other employees. This includes a provision that if a participant retires (defined as the voluntary termination of employment, where no circumstances for termination for cause exist, upon the participant's achievement of at least 55 years of age and five years of service), then the participant may retain any option previously vested throughout the term of such option; as with our other option grants, any options that have not yet vested as of termination are forfeited.

These amounts do not include options granted to our named executive officers after the end of fiscal year 2010. On December 1, 2010, as part of our annual equity incentive award program, we granted options to our named executive officers that have an exercise price of \$41.51, which as with all of our grants and awards to date was the fair market value based on the closing price of our common stock on the date of grant, vest in equal increments upon each anniversary over four years and expire December 1, 2020, in the amounts set forth in the table below:

Name	Securities Underlying Options
Mr. Noglows	75,000
Mr. Johnson	26,100
Mr. Weisman	19,200
Dr. Spiro	17,100
Ms. Bernstein	17,250

- (3) As with all of our grants and stock awards to date, the exercise price was the fair market value based on the closing price of our stock on the date of grant.

The grant date fair value was estimated using the Black-Scholes option pricing formula on the basis of the following assumptions: expected volatility: 39%; risk free rate of return: 2.6%; annualized dividend yield: 0.0%; and expected time until exercise: 6.25 years for people younger than the age of 46 at the date of grant and 6.50 years for people 46 years and older on the date of grant. On the December 1, 2009 Grant Date, Messrs. Noglows, Johnson, Weisman and Spiro and Ms. Bernstein were 46 or older.

During fiscal year 2010, no awards to our named executive officers, or other executive officers, were adjusted, modified or cancelled (forfeited), and no awards to any of our employees were adjusted or modified.

2000 Equity Incentive Plan

The options granted on December 1, 2009 vest in equal increments upon each anniversary over four years, and have a term of ten years, expiring December 1, 2019. As with all other grants of stock options and awards of restricted stock to our named executive officers and other executive officers, other than the number of options or restricted stock awarded, the terms and conditions of these stock option grants are the same as those made to all other employees. This includes a provision that if a participant retires (defined as the voluntary termination of employment, where no circumstances for termination for cause exist, upon the participant's achievement of at least 55 years of age and five years of service), then the participant may retain any option previously vested throughout the term of such option; as with our other option grants, any options that have not yet vested as of termination are forfeited.

Executive Officer Deposit Share Program

Our executive officers are eligible to participate in the Executive Officer Deposit Share Program that our board of directors adopted in March 2000. Under this program, our executive officers are entitled to use all or a portion of their after-tax annual cash bonus compensation to purchase at fair market value shares of restricted stock awarded under the

2000 Equity Incentive Plan. These shares are retained on deposit with us until the third anniversary of the date of deposit (deposit shares), and our company matches the deposit with a restricted stock grant equal to 50% of the shares deposited by the participant (award shares). If the participant is employed by us on the third anniversary of the deposit date and the deposit shares have remained on deposit with us through such date, the restrictions on the award shares will lapse. Seven individuals currently participate in the Executive Officer Deposit Share Program, and 17,741 shares (including award shares) are currently on deposit under that program for all executive officers. Of the named executive officers currently participating in the Executive Officer Deposit Share

Program, Mr. Noglows, Mr. Johnson, and Ms. Bernstein participate with (i) 1,629, (ii) 2,818, and (iii) 407 respective deposit shares and (i) 814, (ii) 1,408, and (iii) 203 respective award shares on deposit under the program. These amounts do not include the 30,069 shares (including award shares) no longer under deposit or subject to restrictions as of January 14, 2011, of which Mr. Noglows, Mr. Johnson, Mr. Weisman, Dr. Spiro, and Ms. Bernstein respectively had (i) 6,055, (ii) 2,590, (iii) 457, (iv) 5,484, and (v) 1,232 respective deposit shares and (i) 3,026, (ii) 1,295, (iii) 228, (iv) 2,741, and (v) 615 respective award shares. On December 10, 2008, Mr. Noglows, Mr. Johnson and Ms. Bernstein participated in the Executive Officer Deposit Share Program as follows: Mr. Noglows purchased 1,629 deposit shares and received 814 award shares; Mr. Johnson purchased 1,425 deposit shares and received 712 award shares; and Ms. Bernstein purchased 407 deposit shares and received 203 award shares. The restrictions on the award shares will lapse on December 10, 2011 if the participant is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date. On December 9, 2009, Mr. Johnson participated in the Executive Officer Deposit Share Program as follows: Mr. Johnson purchased 793 deposit shares and received 396 award shares. The restrictions on the award shares will lapse on December 9, 2012 if he is employed by us at that time and the corresponding deposit shares have remained on deposit with us through such date. On December 13, 2010, Mr. Johnson participated in the Executive Officer Deposit Share Program as follows: Mr. Johnson purchased 600 deposit shares and received 300 award shares. 2010 NONQUALIFIED DEFERRED COMPENSATION

The following table discloses the earnings and balances of our named executive officers under the company's Supplemental Plan that provides for compensation deferral on a non-tax-qualified basis.

H. Carol Bernstein	4,140	5,349	74,839

(1) These amounts are included in the All Other Compensation column of the Summary Compensation Table.

Effective May 1, 2000, the company adopted the Supplemental Plan covering all eligible employees as defined by the Supplemental Plan. Participants in the Supplemental Plan, including our named executive officers, do not make any contributions to the Supplemental Plan. The purpose of the Supplemental Plan is to provide for the deferral of the company contributions to certain highly compensated employees as defined under the provision of the Employee Retirement Income Security Act of 1974, as amended. Under the Supplemental Plan, the company contributes up to 4% of the named executive officers' eligible compensation in excess of the I.R.S. eligible compensation limit. All amounts contributed by the company and earnings on these contributions are fully vested at all times. The same menu of investment funds under the 401(k) Plan is available under the Supplemental Plan. Like the 401(k) Plan, all investment decisions are made by the participants. Participants in the Supplemental Plan are not permitted to make hardship withdrawals prior to termination and distributions under the Supplemental Plan are paid in a lump sum.

(1) This figure reflects the lump sum value of twelve months of salary continuation.

Table of Contents

- (2) In accordance with the terms of the change in control agreements described below, for purposes of calculating the bonus through the termination date, the bonus amount for each named executive officer is equal to the greatest of: (i) the target bonus amount for the fiscal year in which the Change in Control occurs, (ii) the target bonus amount for the fiscal year in which the termination date occurs, and (iii) the highest bonus amount paid or payable to the named executive officer in respect of any of the three fiscal years preceding the fiscal year in which the Change in Control occurs. Assuming a Change in Control and termination date as of September 30, 2010, the bonus amounts for Mr. Noglows, Mr. Weisman, and Dr. Spiro represent the target bonus amounts for fiscal year 2010 (the fiscal year in which the Change in Control and the termination date occurred). The bonus amounts for Mr. Johnson and Ms. Bernstein represent the highest bonus amount paid to Mr. Johnson and Ms. Bernstein in respect of one of the three fiscal years preceding fiscal year 2010. The amount disclosed as bonus continuation for Mr. Noglows represents three times his bonus amount and the amount disclosed as bonus continuation for Mr. Johnson, Mr. Weisman, Dr. Spiro, and Ms. Bernstein represents two times their bonus amounts, each in accordance with the terms of the change in control agreements described below.
- (3) This figure represents the aggregate difference between the exercise price of the options and \$32.18, which was the fair market value of a share of our common stock on September 30, 2010. This figure does not include the value of vested but unexercised options. The table below sets forth the total value of all options, which includes the value of the accelerated options and the vested but unexercised options.

Named Executive Officer	Total Value of Options
Mr. Noglows	\$ 1,050,645
Mr. Johnson	\$ 385,289
Mr. Weisman	\$ 463,548
Dr. Spiro	\$ 390,938
Ms. Bernstein	\$ 229,154

For Mr. Noglows, the figure disclosed in the No Change in Control column represents the value of his outstanding and unexercisable options that were scheduled to vest during the twelve months following termination, in accordance with the terms of Mr. Noglows' employment agreement. For purposes of this table, the value of these options was also calculated assuming a market price of \$32.18, which was the fair market value of a share of our common stock on September 30, 2010.

In the event of a termination of service by reason of death or disability, the 2000 Equity Incentive Plan and the non-qualified stock option grant agreements provide that unvested options shall fully vest for all participants, including the named executive officers.

- (4) This figure represents the number of shares vested multiplied by \$32.18, which was the fair market value of the shares on September 30, 2010. This figure does not include the value of restricted stock that has already vested, including shares on deposit under our Executive Officer Deposit Share Program.

In the event of a termination of service by reason of death or disability, the 2000 Equity Incentive Plan and the restricted stock award agreements provide that unvested restricted stock shall fully vest for all participants, including the named executive officers.

- (5) This amount assumes comparable health care coverage to that which is currently provided under our existing plan. Our company is self-insured, therefore there is no employer contribution amount. We have estimated the

cost of post-termination health care to be \$10,000 per person per year. This amount could vary depending on the details of any new or replacement plan that may be in place in the event of a change in control, or any changes to our plan that are made for regulatory or other reasons.

- (6) As described in greater detail above, as of January 6, 2011, Dr. Spiro has resigned his position as a Vice President of our company, and will resign his employment effective July 1, 2011 (Resignation Date); in the interim he is performing transition responsibilities for us. The consideration to be provided to Dr. Spiro following the Resignation Date, and the terms and conditions thereof are described in detail above and below; this column does not contemplate such arrangement or amounts to be provided thereunder.

Pursuant to the terms of the company's 2000 Equity Incentive Plan and the awards granted thereunder, the named executive officers receive the accelerated vesting of certain equity awards in the event of a Change in Control

without termination of employment. The value of the accelerated vesting for each named executive officer, assuming a change in control, is the same value as disclosed in the "In Connection with a Change in Control" column above.

Employment Agreements

Pursuant to Mr. Noglows' November 3, 2003 employment agreement, if we terminate his employment without cause or Mr. Noglows terminates his employment because we breached the terms of his agreement, the company must pay Mr. Noglows one year's base salary over the one year period following such termination and allow any options that would vest during such period to vest during such time. Aside from the requirements set forth in the employment agreement, there are no other material conditions to receipt by Mr. Noglows of these termination benefits, although Mr. Noglows still would be subject to the terms of our standard confidentiality, intellectual property and non-competition agreement, which he entered into when he joined our company, and of the relevant stock option grant agreements. The amount and terms of this severance arrangement was determined by our compensation committee, in consultation with its outside compensation consultant, and included consideration of market practices for similar arrangements for other chief executive officers of comparable companies.

In addition to our agreement with Mr. Noglows, we had entered into an employment agreement with Dr. Spiro, under which we would be obligated to pay him one year's base salary over the one year period following such termination if we terminated his employment without cause. The amount and terms of this severance arrangement were determined by our compensation committee, in consultation with its outside compensation consultant, and included consideration of market practices for similar arrangements for other similarly-situated individuals in comparable companies. Aside from the requirements set forth in his employment agreement, there were no other material conditions to receipt by Dr. Spiro of the one year's base salary, although Dr. Spiro still would be subject to the terms of our standard confidentiality, intellectual property and non-competition agreement, which he entered into when he joined our company. Separate from this employment agreement, as previously described, on January 6, 2011, we announced that Dr. Spiro has announced his decision to resign from our company to pursue other interests. The effective date of his resignation as Vice President is January 6, 2011, and he will continue to perform transition responsibilities for us until he resigns his employment on July 1, 2011 ("Resignation Date"). In connection with Dr. Spiro's planned resignation, following the Resignation Date, and in consideration for a release of claims from him, his agreement to perform certain transition responsibilities, and his agreement to non-competition, non-solicitation, non-disparagement and confidentiality covenants, Dr. Spiro will receive the following: a cash severance payment of \$312,500, which is equal to one year's salary, consistent with the terms of his Employment Offer Letter Agreement dated November 17, 2003; a cash payment of a pro-rated (based on nine-months' employment of fiscal year 2011) amount representing his target bonus opportunity under our Annual Incentive Program multiplied by various factors related to our performance; and, the benefits of his Change in Control Severance Protection Agreement to the extent that a Change in Control as defined thereunder occurs within one year of the Resignation Date. Any unvested non-qualified stock options and restricted stock held by Dr. Spiro will be forfeited by him pursuant to the terms of the 2000 Equity Incentive Plan, as amended and restated, and relevant grant and award agreements thereunder. His non-qualified stock options and restricted stock vested prior to the Resignation Date will remain subject to, and exercisable only per, the terms of the Plan and grant and award agreements thereunder. During his employment prior to the Resignation Date, Dr. Spiro will continue to receive his current salary and benefits, and will continue to comply with our Code of Business Conduct and other company policies and procedures. The consideration referenced above will remain subject to recovery by us if Dr. Spiro is found to have violated the Company's Code of Business Conduct. The terms described will be set forth in a General Release, Waiver and Covenant Not to Sue, which will be executed by Dr. Spiro and us on the Resignation Date.

Change in Control Severance Protection Agreements

We have entered into Change in Control Severance Protection Agreements (change in control agreements), the specific form of which is available as Exhibit 10.23 to our Form 10-K filed on November 25, 2008, with each of the named executive officers, our other executive officers, and certain key employees of our company, because we believe such agreements are valuable aspects in enabling a smooth transition and providing continuity of management in the event of a change in control of our company; all of the change in control agreements remain unamended and according to such filed exhibit. Under the change in control agreements, which are double trigger agreements and which we believe are in compliance with the American Jobs Creation Act, each executive officer, including the named executive officers, whose employment with us terminates (including an executive s voluntary termination of employment for either good reason , as defined in the agreement, or during the thirty-day period commencing on the first anniversary of a change in control), other than for cause, disability, death, or certain other specified reasons, within thirteen months after a change in control of our company (as such term is defined in the agreements), is entitled to a severance benefit. The severance benefit includes:

accrued and unpaid compensation including: base salary, reimbursement for reasonable and necessary expenses incurred by the executive on our behalf through the date of termination, vacation pay and earned and unpaid bonuses and incentive compensation with respect to the period prior to the termination date;

the Bonus Amount (which is the greatest of (i) the executive s target bonus amount for the fiscal year in which the change in control occurs, (ii) the executive s target bonus amount for the fiscal year in which the termination date occurs, and (iii) the highest bonus paid or payable to the executive in respect of any of the three fiscal years preceding the fiscal year in which change in control occurs), pro-rated for the number of days that have elapsed in the fiscal year through the termination date;

two times (in the case of Mr. Johnson, Mr. Weisman, Dr. Spiro, and Ms. Bernstein) or three times (in the case of Mr. Noglows), the executive s annual base salary plus the Bonus Amount plus an amount equal to the contributions made or credited by us under all qualified and non-qualified retirement plans for the benefit of the executive for the most recently completed plan year of each such plan (e.g., the 401(k) Plan and Supplemental Plan), payable in a lump sum;

health and welfare benefits (consistent with health and welfare benefits available to all employees for which they had been eligible prior to their termination) for 24 months (in the case of Mr. Johnson, Mr. Weisman, Dr. Spiro, and Ms. Bernstein) or 36 months (in the case of Mr. Noglows) following the executive s termination date;

payment or reimbursement for the costs, fees and expense of outplacement assistance services, up to a maximum of fifteen percent of the executive s annual base salary; and

a full gross-up payment of any and all excise (but not income) taxes assessed on amounts received under the change in control agreements, as well as all other taxes, other than income taxes, that may become due as a result of the gross-up payment.

Cause as defined in the agreements means (i) the willful and continued failure to perform substantially the duties reasonably assigned to the executive and (ii) the willful engaging in conduct that is demonstrably and materially injurious to the company, monetarily or otherwise.

The agreements define "Good Reason" as the taking of actions by the company that result in a material negative change in the executive's employment relationship, including (i) a change in the executive's status, title, position or responsibilities (including reporting responsibilities) which represents a material adverse change from those in effect immediately prior to the Change in Control, (ii) an assignment of the executive's duties or responsibilities that are materially inconsistent with his or her status, title, position or responsibilities as of immediately prior to the Change in Control, (iii) a material decrease in the executive's annual base salary below the rate in effect as of the Change in Control or as of any date following the Change in Control, whichever is greater (iv) relocation of the offices of the company or operating unit at which the executive is principally employed that increases the executive's one-way commute by more than thirty-five (35) miles from the location of the offices

occupied immediately prior to such relocation, or (v) any other action or inaction that constitutes a material breach by the company of the agreement.

A **Change in Control** means (i) any person, together with all affiliates and associates (within the meaning of Rule 12b-2 promulgated under the Exchange Act), acquires beneficial ownership, directly or indirectly, or securities of the company representing at least thirty percent (30%) of the combined voting power of the company's then outstanding voting securities, (ii) during any period of twenty-four (24) consecutive months beginning on or after the date of the agreement, individuals who, at the beginning of that 24-month period, constitute the Board (the **Incumbent Directors**), cease for any reason to constitute at least a majority of the Board; provided, however, that a new director of the company whose election or nomination for election as a director of the company was approved by a vote of at least two-thirds of the Incumbent Directors will be deemed to be an Incumbent Director, (iii) one of the following events occur at a special or annual meeting of the company's stockholder: (a) two or more nominees who are both (A) nominees of and endorsed by the company and (B) not employees of the company or any Affiliate at the time of the election are not elected to serve as directors; and (b) any person not a nominee of, and endorsed by, the company is elected to serve as a director of the company, (iv) the consummation of: (a) a merger, consolidation or reorganization involving the company, unless the merger, consolidation or reorganization is a **Non-Control Transaction**; or (b) an agreement for the sale or other disposition of all or substantially all of the assets of the company to any Person (other than a transfer to a **Change in Control Subsidiary**), or (v) the stockholders of the company approve a complete liquidation or dissolution of the company. Notwithstanding the foregoing, a **Change in Control** will not be deemed to occur solely because a person acquires beneficial ownership of more than the permitted amount of the then outstanding voting securities as a result of the acquisition of voting securities by the company which, by reducing the number of voting securities then outstanding, increases the percentage of shares beneficially owned by the person. Notwithstanding the foregoing, if a **Change in Control** would occur but for the operation of the preceding sentence as a result of the acquisition of voting securities by the company, and after that acquisition by the company, the person described in the preceding sentence increases the percentage of then outstanding voting securities he or she owns, a **Change in Control** will occur.

We also have similar change in control severance protection agreements providing for two times severance benefits in place with our other executive officers (with the exception of our Principal Accounting Officer, Thomas S. Roman, whose agreement provides for one times severance benefits). Under the change in control agreements, all amounts accrued or awarded to the executive officers under any incentive compensation or benefit plan, including options and restricted stock awarded under the 2000 Equity Incentive Plan, will immediately vest on each executive's respective termination date if the executive is entitled to severance benefits.

Our board of directors and compensation committee determined the terms and conditions of the change in control severance protection agreements, including the severance benefit payable, and the triggering events for the payment of such severance benefit, pursuant to such agreement, in consultation with their compensation consultant and our financial and other advisors, and considered external practices at similarly situated companies regarding change in control arrangements.

Treatment of Equity Awards

The 2000 Equity Incentive Plan provides that an award shall immediately terminate on the date a participant's service terminates, unless otherwise set forth in an award agreement. Similarly, in the event of a **Change in Control**, the compensation committee has the discretion to provide for accelerated vesting in an award agreement. In the event of a **Change in Control** that is a merger or consolidation in which the company is not the surviving corporation or that results in the acquisition of substantially all of the company's outstanding stock or in the event of a sale or transfer of all or substantially all of the company's assets (a **Covered Transaction**), the compensation committee has the discretion to provide for the termination of all outstanding options as of the effective date of the **Covered Transaction**; provided,

that, if the Covered Transaction follows a Change in Control or would give rise to a Change in Control, no option will be terminated prior to the expiration of twenty days following the later of: (i) the date on which the award became fully exercisable and (ii) the date on which the participant receive written notice of the Covered Transaction.

Pursuant to the non-qualified stock option grant agreements, the option grants will become fully vested in the event of a Change in Control (as defined in the 2000 Equity Incentive Plan). In the event of a Change in Control that constitutes a Covered Transaction, the compensation committee may, in its sole discretion, terminate any or all outstanding options as of the effective date of the Covered Transaction; provided that the compensation committee may not terminate an option outstanding under the agreement earlier than twenty days following the later of: (i) the date on which the award became fully vested and (ii) the date on which the participant received written notice of the Covered Transaction. In the event of a termination of service by reason of death or Disability, then any unvested portion of the options will become fully vested. Disability has the meaning provided under (i) first, an employment agreement between the participant and the company, (ii) second, if no employment agreement exists, the long-term disability program maintained by the company or any governmental entity covering the Participant, or (iii) third, if no such agreement or program exists, permanent and total disability within the meaning of Section 22(e)(3) of the Code.

Pursuant to the restricted stock award agreements, the awards will become fully vested and all restrictions will lapse in the event of a participant's death, Disability, or Change in Control (as defined in the 2000 Equity Incentive Plan). Disability has the meaning provided under (i) first, an employment agreement between the participant and the company, (ii) second, if no such employment agreement exists, the long-term disability program maintained by the company or any governmental entity covering the participant, or (iii) third, if no such agreement or program exists, as defined under local law.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Certain Relationships

At present we have no related party transactions and there are no currently proposed related party transactions.

Related Party Transactions

Although at present we have no related party transactions, we may from time to time enter into transactions with related persons. Related persons include our directors and executive officers, nominees for director, 5% or more beneficial owners of our common stock, and immediate family members of such persons. As set forth in our audit committee charter, a current copy of which is attached to this proxy statement as Appendix A and is also available on our website at www.cabotcmp.com, any related person transaction must be reviewed and approved in advance by our audit committee. All of our employees, including our executive officers, and directors are subject to our Code of Business Conduct, which is available on our website. Our Code of Business Conduct prohibits any relationship that may present, or appears to present, a conflict of interest with our company. Among other things, this includes a prohibition on the holding of more than a nominal financial interest in or financial relationship with any publicly held company with whom we do business or compete, and prohibits any financial interest in or financial relationship with such entities if they are privately held. Any request for waiver of our Code of Business Conduct for our directors and executive officers may be approved only by our board of directors; to date, no such waivers have been requested or approved. In addition to the provisions of our Code of Business Conduct, our nominating and corporate governance committee charter and our corporate governance guidelines, both of which are also available on our website, also contain provisions requiring the review of potential conflicts of interest of prospective and current directors and the requirement of notification, and offer of tender of resignation, by directors, and review by the nominating and corporate governance committee and the board of directors of any change in employment or for-profit board membership status.

Indemnification

Our bylaws and our certificate of incorporation require us to indemnify our directors and officers to the fullest extent authorized by the Delaware General Corporation Law. We have entered into indemnification agreements with all of our directors and executive officers in which we confirm that we will provide to them the indemnification rights provided for in our bylaws and agree to maintain directors' and officers' liability insurance on their behalf.

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under new Section 14A of the Securities and Exchange Act of 1934, enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, and as implemented by SEC Proposed Rule 14a-21(a), our company must conduct a separate non-binding stockholder advisory vote at least every three (3) years to approve our company's executive officer compensation, as disclosed in our Compensation Discussion and Analysis, related compensation tables, and other related material (named executive officer compensation program) under the compensation disclosure rules of the SEC, in any proxy or consent or authorization for an annual or other meeting of our stockholders.

Thus, our board of directors is providing stockholders with the opportunity to cast a non-binding advisory vote on our named executive officer compensation program at our 2011 Annual Meeting. This vote will not be binding on or overrule any decisions by our board of directors, and will not create or imply any additional fiduciary duty on the part of our board of directors. However, our compensation committee will take into account the outcome of the vote when considering future named executive officer compensation arrangements.

As described in greater detail in our Compensation Discussion and Analysis above, we believe that our named executive officer compensation program is structured in a manner that most effectively supports our company and our business objectives. Our named executive officer compensation program is substantially tied to our key business objectives and the success of our stockholders. If value we deliver to our stockholders declines, so does the compensation we deliver to our executive officers. We also closely monitor the various short-term and long-term aspects of our named executive officer compensation program, including base salary, annual cash bonus and equity incentives, in comparison to similar programs and practices at comparable companies, so that we may ensure that our named executive officer compensation program is within the norm of the range of market practices.

Our board of directors has determined that the best way to allow our stockholders to vote on the company's named executive officer compensation program is through the following resolution:

RESOLVED, that the stockholders approve Cabot Microelectronics' compensation of its named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which includes the Compensation Discussion and Analysis, the compensation tables and related material).

*Our board of directors unanimously recommends that you vote **FOR** this proposal.*

**NON-BINDING ADVISORY VOTE ON FREQUENCY OF NON-BINDING STOCKHOLDER
ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION**

Under new Section 14A of the Securities and Exchange Act of 1934, enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, and as implemented by SEC Proposed Rule 14a-21(b), our company must conduct a separate non-binding stockholder advisory vote at least every six (6) years to determine whether the non-binding stockholder advisory vote to approve our company's named executive officer compensation will occur every one (1), two (2) or three (3) years, in any proxy or consent or authorization for an annual or other meeting of our stockholders.

Our board of directors is providing our stockholders with the opportunity to cast a non-binding advisory vote on the frequency of the non-binding stockholder advisory vote to approve our company's named executive officer compensation at our 2011 Annual Meeting. This vote will not be binding on or overrule any decisions by our board of

directors and will not create or imply any additional fiduciary duty on the part of our board of directors. This vote is not to approve or disapprove our board of directors' recommendation. However, our board will take into account the outcome of the vote when considering the frequency of the non-binding stockholder advisory vote to approve our company's named executive officer compensation program.

We believe that setting a three (3) year period (triennial) for holding this stockholder vote will provide our stockholders with sufficient time to evaluate the effectiveness of our named executive officer compensation program, and its short- and long-term elements, and the related business results of our company. As described above in our Compensation Discussion and Analysis, our named executive officer compensation program is comprised of

Table of Contents

a balance of short-term and long-term incentives, with a significant part being based on long-term performance that is designed to support long-term value creation and is thus aligned with our stockholders' interests. Our named executive officer compensation program is fundamentally the same as the compensation program for all of our employees, and while it has evolved over time, its long-term stability and consistency of structural implementation have been important to achieving our business objectives and to motivating and retaining our employees, including our named executive officers and other executive officers. Thus, we also believe that a triennial vote would align more closely with the long-term period that we use to reward long-term performance via our named executive officer compensation program, which is more appropriately reflected with a three (3) year timeframe. From our perspective, such a triennial period for an advisory vote will thus enhance stockholder communication by providing a clear, simple means for our company to obtain information on investor sentiment about our named executive officer compensation program. Similarly, we believe that a three (3) year vote cycle would give our board of directors and compensation committee sufficient time to thoughtfully understand and consider the results of our non-binding stockholder advisory vote and to implement any corresponding changes to our executive officer compensation program.

Of course, our long-held practice of encouraging and engaging in open and ongoing communications with our stockholders on a variety of matters, not limited to executive compensation, continues and is a key part of our corporate governance practices. We continue to encourage our stockholders to communicate with us and our board of directors at any time, through the channels described in **BOARD STRUCTURE** Board of Directors and Board Committees above and via our website, www.cabotcmp.com, about any matter they would like to discuss. In addition, we will continue to engage in outreach efforts with our stockholders through various means. While based on all of these factors we are recommending a voting frequency for the non-binding stockholder advisory vote on named executive officer compensation of every three (3) years, we understand that our stockholders may have different perspectives and we look forward to hearing their views on this Proposal.

Our board of directors unanimously recommends that you vote for the non-binding stockholder advisory vote to approve the company's named executive officer compensation to occur every THREE (3) YEARS .

RATIFICATION OF THE SELECTION OF INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP, an independent registered public accounting firm, audited our financial statements for fiscal year 2010, and has been selected by the audit committee of our board of directors to audit our financial statements for fiscal year 2011. A representative of PricewaterhouseCoopers LLP is expected to attend our annual meeting, where he will have the opportunity to make a statement, if he desires, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent auditors is not required by our bylaws or otherwise. However, our board is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, our audit committee will review its future selection of auditors. Even if the selection is ratified, the audit committee, in its discretion, may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

For information regarding audit and other fees billed by PricewaterhouseCoopers LLP for services rendered in fiscal year 2010 and fiscal year 2009, see **FEES OF INDEPENDENT AUDITORS AND AUDIT COMMITTEE REPORT Fees Billed by Independent Auditors,** above.

Our board of directors recommends that you vote FOR the ratification of the selection of our independent auditors.

If a stockholder of the company intends to present a proposal at the 2012 annual meeting of stockholders, such stockholder must comply with the advance notice provisions of our bylaws. Those provisions require that such proposal must be received by our Secretary at 870 North Commons Drive, Aurora, Illinois 60504, not earlier than Wednesday, November 9, 2011 and not later than Friday, December 9, 2011. HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means additional convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding the Notice of Internet Availability of Proxy Materials. As indicated in the notice previously provided by these brokers to stockholders, a single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who received a householded mailing this year and would like to have additional copies of the Notice of Internet Availability of Proxy Materials mailed to them, or would like to opt out of this practice for future mailings should submit a written request to our transfer agent, Computershare Trust Company, N.A., at P.O. Box 43010, Providence, Rhode Island 02940-3010 Attention: Shareholder Inquiries. We will promptly send additional copies of the Notice of Internet Availability of Proxy Materials upon receipt of such request.

Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a written request to our transfer agent, Computershare Trust Company, N.A., at P.O. Box 43010, Providence, Rhode Island 02940-3010 Attention: Shareholder Inquiries.

The Committee is responsible for overseeing the Company's accounting and system of internal controls, the quality and integrity of the Company's financial reports and the independence and performance of the Company's independent public accountants responsible for the annual audit and quarterly reviews of the Company's financial statements (*independent auditor*). CABOT MICROELECTRONICS CORPORATION

**AUDIT COMMITTEE PRE-APPROVAL POLICY FOR SERVICES TO BE PROVIDED
BY INDEPENDENT AUDITOR**

The Audit Committee (the *Committee*) of Cabot Microelectronics Corporation (the *Corporation*) has the sole and direct responsibility for selecting, appointing, terminating, compensating and overseeing the Company's independent auditor, as well as for resolving any disagreements between the independent auditors and management. Pursuant to the Committee's Charter, the Committee is required to pre-approve the audit and non-audit services performed by the Corporation's independent auditor in order to assure that the provision of such services does not impair the auditor's independence. Each type of service provided by the independent auditor will require specific pre-approval at a particular fee level by the Committee.

The Committee, through the Controller of the Corporation or another designated individual, will maintain a list of the Audit, Audit-related, Tax and All Other services that have been pre-approved by the Committee as of the particular date of the relevant list (the *List*), and will revise the list periodically, based on subsequent determinations of the Committee. The term of any pre-approval is twelve (12) months from the date of pre-approval, unless the Committee specifically provides for a different period.

I. Delegation

The Committee has delegated pre-approval authority to the Chairman of the Committee, and may delegate such pre-approval authority to other members of the Committee. The Chairman will report any pre-approval decisions to the Committee no later than at its next scheduled meeting. The Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

II. Audit Services

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Committee. The Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope or other matters.

In addition to the annual Audit services engagement approved by the Committee, the Committee may grant pre-approval for other Audit services, which are those services that only the independent auditor reasonably can provide and such Audit services will be placed on the List. All other Audit services not on the List must be separately pre-approved by the Committee.

III. Audit-Related Services

Audit-related services, including internal control-related services, are assurance and related services that are reasonably related to the performance of the audit or review of the Corporation's financial statements and that are traditionally performed by the independent auditor. The Committee believes that the provision of Audit-related services does not impair the independence of the auditor. The List will contain the pre-approved Audit-related services. All other Audit-related services not on the List, and all internal control-related services, must be separately pre-approved by the Committee.

Table of Contents

IV. Tax Services

The Committee believes that the independent auditor can provide Tax services to the Corporation such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The List will contain those Tax services that the Committee has pre-approved. All other Tax services not on the List must be separately pre-approved by the Committee.

V. All Other Services

The Committee may grant pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, and would not impair the independence of the auditor. The List will contain All Other services that the Committee has pre-approved. Permissible All Other services not on the List must be separately pre-approved by the Committee.

A list of the Security and Exchange Commission's (SEC's) prohibited non-audit services is attached to this policy as Exhibit 1. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

VI. Pre-Approval Fee Levels

At the time of pre-approval of services to be provided by the independent auditor, the Committee will establish an approved fee level for such services. Any increase in the fee level for such services will require additional specific pre-approval by the Committee.

VII. Supporting Documentation

With respect to each proposed pre-approved service, the Committee will be provided with detailed back-up documentation, regarding the specific services to be provided.

VIII. Procedures

Requests to provide services will be submitted to the Committee by both the independent auditor and the Corporation's Chief Financial Officer, Treasurer, Controller, or other designated officer, and each will state whether, in their view, the request is consistent with the SEC's rules on auditor independence.
