James L. Cameron, who is a Named Executive Officer, retired from the position of Corporate Vice President and President, Technical Services April 30, 2010. He received cash bonus compensation of \$189,410 for performance in 2010.

Ms. Cheston joined the Company in August 2010. Her 2010 cash bonus compensation was paid based upon the terms of her employment letter dated June 7, 2010, a copy of which was filed on February 9, 2011 as Exhibit 10(qq) to Form 10-K for the year-ended December 31, 2010.

(b) The Compensation Committee approved the 2011 goals under the 2002 Incentive Compensation Plan (the ICP). Under the ICP, participants will earn cash bonus compensation based upon the Company Performance Factor and an Individual Performance Factor. Each participant's target award is based on a percentage of base salary, and awards are paid in the year following the performance period. The 2011 financial measures for the ICP are based on awards, operating margin rate before FAS/CAS net pension expense, and free cash flow conversion before discretionary pension pre-funding. The 2011 ICP also includes consideration of non-financial metrics deemed to be critical to the operating performance of the Company. Target percentages for 2011 are unchanged and are as follows: Mr. Bush 150%, Mr. Palmer 75%, Mr. Ervin 75%, Mr. Pitts 75%, Ms. Mills 75%, and Ms. Cheston 75%. The metrics for the Restricted Performance Stock Rights for members of the Corporate Policy Council for the performance period 2011-2013 are relative total shareholder return for the Company compared to its peer companies.

(c) The Compensation Committee approved grants of Stock Options, Restricted Performance Stock Rights and Restricted Stock Rights in the amounts set forth under the 2001 Long Term Incentive Stock Plan to the officers named below.

**Item 8.01 Other Events.**

The Company is providing the following update to its disclosure in the Annual Report on Form 10-K filed on February 9, 2011 consistent with the updated disclosure in Amendment Number 6 to Form 10 being filed by Huntington Ingalls Industries, Inc. today:

*Subsequent Event* On January 31, 2011, the U.S. Department of Justice first informed the company and Northrop Grumman Shipbuilding, Inc. of a False Claims Act complaint that the company believes was filed under seal by a relator in mid-2010 in the United States District Court for the District of Columbia. The redacted copy of the complaint that the company received (the Complaint) alleges that through largely unspecified fraudulent means the company obtained federal funds that were restricted by law for the consequences of Hurricane Katrina (Katrina), and used those funds to cover costs under certain shipbuilding contracts that were unrelated to Katrina and for which the company was not entitled to recovery under the contracts. The Complaint seeks monetary damages of at least \$835 million, plus penalties, attorney's fees and other costs of suit. Damages under the False Claims Act may be trebled upon a finding of liability.

For several years, the company has pursued recovery under its insurance policies for Katrina related property damage and business interruption losses. One of the insurers involved in those actions has made allegations that overlap significantly with certain of the issues raised in the Complaint, including allegations that the company used certain Katrina related funds for losses under the contracts unrelated to the hurricane. The company believes that the insurer's defenses, including those related to the use of Katrina funding, are without merit.

The company has agreed to cooperate with the government investigation relating to the False Claims Act Complaint. The company has been advised that the Department of Justice has not made a decision whether to intervene. Based upon our review to date of the information available to the company, the company believes that it has substantive defenses to the allegations in the Complaint. The company believes that the claims as set forth in the Complaint evidence a fundamental lack of understanding of the terms and conditions in the company's shipbuilding contracts, including the post-Katrina modifications to those contracts, and the manner in which the parties performed in connection with the contracts. Based upon our review to date of the information available to the company, the

company believes that the claims as set forth in the Complaint lack merit and are not likely to result in a material adverse effect on the company's consolidated financial position. The company intends vigorously to defend the matter, but the company cannot predict what new or revised claims might be asserted or what information might come to light so can give no assurances regarding the ultimate outcome.
