Once again, we are pleased to take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. On or about March 16, 2011, we will mail to our stockholders who have not already requested paper material, a Notice containing instructions on how to access our 2011 Proxy Statement and annual report and vote online. All stockholders who have elected to continue to receive paper material will receive a copy of the Proxy Statement and annual report by mail. The Proxy Statement contains instructions on how you can (i) receive a paper copy of the Proxy Statement and annual report, if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement and annual report over the Internet, if you received them by mail this year.

At the Annual Meeting you will be asked to vote on the following matters:

1. To elect three directors to hold office until the 2014 Annual Meeting of Stockholders;
2. To ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2011;
3. To amend our Restated Certificate of Incorporation to provide stockholders the right to call special meetings of stockholders;
4. To amend our Restated Certificate of Incorporation to reduce the stockholder vote required to remove a director for cause;
5. To provide an advisory approval vote on executive compensation;
6. To provide an advisory approval vote on the frequency of future advisory votes on executive compensation; and
7. To consider any other business that may properly come before the meeting.

The matters listed above are fully discussed in the Proxy Statement accompanying this Notice. A copy of our 2010 Annual Report is also enclosed.

The record date for the Annual Meeting is March 7, 2011. Only stockholders of record as of March 7, 2011 are entitled to notice of and to vote at the Annual Meeting.

Whether or not you attend the Annual Meeting, it is important that your shares be represented and voted at the meeting. Therefore, I urge you to promptly vote and submit your proxy by phone, via the Internet, or by completing, signing, dating and returning the enclosed proxy card in the enclosed envelope. PROXY STATEMENT

SUMMARY OF THE ANNUAL MEETING

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors (the Board) of TreeHouse Foods, Inc. (TreeHouse or the Company) for use in voting at the Annual Meeting of Stockholders (the Meeting). The Meeting will be held at 2015 Spring Road, Lower Level, Conference Room B, Oak Brook, Illinois 60523, on Thursday, April 28, 2011, at 9:00 a.m. (Central Time). This Proxy Statement is being sent to stockholders on or about March 16, 2011.

The solicitation of proxies from the stockholders is being made by the Board of Directors and management of the Company. The cost of this solicitation, including the cost of preparing and making the Proxy Statement, the proxy card, notice of Annual Meeting and annual report, are all being paid for by the Company.

Who May Vote

If you are a stockholder of record on March 7, 2011, you are entitled to vote at the Meeting. As of that date, there were 35,748,818 shares of the Company s common stock (Common Stock) outstanding, the only class of voting securities outstanding. You are entitled to one vote for each share of common stock you own, without cumulation, on each matter to be voted upon at the Meeting.

How Proxies Work

Only votes cast in person at the Meeting or received by proxy before the beginning of the Meeting will be counted at the Meeting. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. If your shares are held in your name, you can vote by proxy in three convenient ways:

By Internet: Go to <http://www.proxyvoting.com/thz> and follow the instructions.

By Telephone: Call toll-free 1-866-540-5760 and follow the instructions.

By Mail: Complete, sign, date and return your proxy card in the enclosed envelope.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (Central Time) on April 27, 2011.

As permitted by Securities and Exchange Commission (SEC) rules, TreeHouse is making this Proxy Statement and its annual report available to its stockholders electronically via the Internet. On or about March 16, 2011, we will mail our stockholders a Notice containing instructions on how to access this Proxy Statement and our annual report and vote online. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and annual report. The Notice also instructs you on how you may submit your proxy over the Internet. If you receive a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Notice.

If your proxy is properly returned, the shares it represents will be voted at the Meeting in accordance with your instructions. If you execute and return your proxy but do not give specific instructions, your shares will be voted as follows:

FOR the election of each of the three nominees for director set forth herein;

FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2011;

Table of Contents

FOR the amendment of our Restated Certificate of Incorporation (the Certificate) to provide stockholders the right to call special meetings of stockholders;

FOR the amendment of our Certificate to reduce the stockholder vote required to remove a director for cause;

FOR the advisory approval of the compensation of the Company s named executive officers as described in this Proxy Statement under Compensation Discussion and Analysis and Executive Compensation;

FOR the advisory approval of an advisory vote on the compensation of the Company s named executive officers to occur every year; and

with respect to any other matter that may properly come before the Meeting, at the discretion of the persons voting the respective proxies.

The Board does not intend to bring any matters before the Meeting except those indicated in the Notice. If any other matters properly come before the Meeting, however, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters.

Shares Held Through a Bank, Broker or Other Nominee

If you are the beneficial owner of shares held in street name through a bank, broker or other nominee, such bank, broker or nominee, as the record holder of the shares, must vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items but not with respect to non-discretionary items. On non-discretionary items, for which you do not give instructions, the shares will be treated as broker non-votes. A discretionary item is a proposal that is considered routine under the rules of the New York Stock Exchange. Shares held in street name may be voted by your broker on discretionary items in the absence of voting instructions given by you. The proposal concerning the ratification of the independent registered public accounting firm (Proposal 2) is discretionary. Since 2010, brokers are no longer permitted to vote your shares for the election of directors (Proposal 1), and Proposal 1 is considered non-discretionary. Additionally, all other proposals to be voted on at the Meeting are non-discretionary.

Quorum

Stockholders of record may vote their proxies by telephone, internet or mail. By using your proxy to vote in one of these ways, you authorize any of the three officers whose names are listed on the front of the proxy card accompanying this Proxy Statement to represent you and vote your shares. Holders of a majority of the shares entitled to vote at the Meeting must be present in person or represented by proxy to constitute a quorum. Of course, if you attend the Meeting, you may vote by ballot. If you are not present, your shares can be voted only when represented by a properly submitted proxy. Abstentions and broker non-votes (as described below under the heading Required Vote) are counted for purposes of determining whether a quorum is met.

Revoking a Proxy

Submitting your proxy now will not prevent you from voting your shares at the Meeting if you desire to do so, as your proxy is revocable at your option. You may revoke your proxy at any time before it is voted at the Meeting by:

delivering to Thomas E. O Neill, our Senior Vice President, General Counsel, Chief Administrative Officer and Corporate Secretary, a signed written revocation letter dated later than the date of your proxy;

submitting a proxy to the Company with a later date; or

attending the Meeting and voting in person (your attendance at the Meeting will not, by itself, revoke your proxy; you must also vote in person at the Meeting).

Table of Contents

Required Vote

The election of the nominees for director (Proposal 1) in an uncontested election will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such nominee. The ratification of the selection of our independent registered public accounting firm (Proposal 2), the advisory vote on executive compensation (Proposal 5) and the approval of any other matter that may properly come before the Meeting will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such proposal. The amendments of the Certificate (Proposals 3 and 4) will become effective only upon the affirmative vote of shares of common stock representing 75% of the votes entitled to vote at the Meeting. On the advisory vote on the frequency of the advisory approval vote on executive compensation (Proposal 6), the frequency alternative that receives the most votes will be the choice of stockholders. Votes cast as for or against are counted as a vote, while votes cast as abstentions will not be counted as a vote but will be counted for purposes of determining a quorum. Accordingly, abstentions will have the effect of a negative vote. So-called broker non-votes (brokers failing to vote by proxy shares of the common stock held in nominee name for customers on any non-discretionary matters) will not be counted as a vote at the Meeting and will not have a direct impact on any non-discretionary proposal.

Resignation Policy

Our Corporate Governance Guidelines utilize a resignation policy in the election of directors. Accordingly, if an incumbent director nominee receives a greater number of votes marked against his or her election than votes marked for his or her election, that nominee is required to tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee is required to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process.

ELECTION OF DIRECTORS (PROPOSAL 1)

We have a classified Board consisting of three classes. At each annual meeting a class of directors is elected for a term of three years to succeed any directors whose terms are expiring. We believe this classified board structure is appropriate for the Company. Given the size of the Company, we may experience difficulty in identifying and recruiting individuals to serve as directors. Obtaining a three-year commitment from our directors assists us in retaining highly qualified directors who have experience and familiarity with our business and the markets in which we operate. The Board believes that such long-term institutional knowledge benefits TreeHouse and enables the Board to better consider and provide long-term strategic planning.

At the Meeting, you will elect a total of three directors to hold office, subject to the provisions of the Company's By-laws, until the annual meeting of stockholders in 2014 and until their successors are duly elected and qualified. Unless you indicate otherwise, the shares represented by your proxy will be voted FOR the election of Ms. Ann M. Sardini and Messrs Dennis F. O'Brien and Sam K. Reed, the nominees set forth below. The affirmative vote of a majority of the votes cast is required to elect each director. In other words, the number of votes for a director must exceed the number of votes against a director in order to elect such director. For information regarding our resignation policy, see Summary of the Annual Meeting Resignation Policy in this Proxy Statement.

Ms. Sardini and Messrs. O'Brien and Reed have each agreed to be nominated and to serve as a director if elected. However, if any nominee at the time of his or her election is unable or unwilling to serve, or is otherwise unavailable for election, and as a result, another nominee is designated by the Board, then you or your designee will have

discretion and authority to vote or refrain from voting for such nominee.

With Mr. Reed's broad experience and deep understanding of the Company and the food industry, and as Chief Executive Officer, he provides leadership and industry experience to the Board and to the Company.

RECOMMENDATION:

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF ALL DIRECTOR NOMINEES TO SERVE ON THE COMPANY'S BOARD

**RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM (PROPOSAL 2)**

Deloitte & Touche LLP audited our financial statements for fiscal year 2010 and has been selected by the Audit Committee of our Board to audit our financial statements for fiscal year 2011. A representative of Deloitte & Touche LLP will attend our annual meeting, where he or she will have the opportunity to make a statement, if he or she desires, and will be available to respond to appropriate stockholder questions.

Stockholder ratification of the selection of Deloitte & Touche LLP is not required by our By-laws. However, our Board is submitting the selection of Deloitte & Touche LLP to you for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, our Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm if they determine such a change would be in the best interests of the Company and our stockholders.

The affirmative vote of a majority of the votes cast is required to approve this Proposal 2.

For information regarding audit and other fees billed by Deloitte & Touche LLP for services rendered in fiscal years 2009 and 2010, see **Fees Billed by Independent Registered Public Accounting Firm** on page 40 in this Proxy Statement.

Corporate Governance Guidelines and Code of Ethics

We are committed to the highest standards of business integrity and corporate governance. All of our directors, executives and employees must act ethically and in accordance with our Code of Ethics. All of the Company's corporate governance materials, including the Corporate Governance Guidelines, committee charters and the Code of Ethics are published on the Company's website at www.treehousefoods.com in the investor relations information

Table of Contents

section and are also available upon request from the Corporate Secretary. The Board regularly reviews corporate governance developments and modifies the Company's corporate governance materials as warranted. We will post any modifications of our corporate governance materials on our Company's website.

Director Independence

The New York Stock Exchange listing rules require that a majority of the Company's directors be independent. The Board determined that (i) Messrs. Bayly, O'Brien, O'Connell, Smith and Ussery and Ms. Ferguson and Ms. Sardini have no direct or indirect material relationships with management, and that they satisfy the New York Stock Exchange's independence guidelines and are independent and (ii) that Messrs. Reed and Vermeylen are not independent.

All members of our Audit, Compensation and Nominating and Corporate Governance Committees are independent directors. The Board has determined that all of the members of our Audit Committee also satisfy the additional SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation. The portion of the Corporate Governance Guidelines addressing director independence is attached to this Proxy Statement as *Appendix A*.

Nomination of Directors

The Board is responsible for approving candidates for Board membership and has delegated the process of screening and recruiting potential director nominees to the Nominating and Corporate Governance Committee in consultation with the Chairman of the Board and Chief Executive Officer. The Nominating and Corporate Governance Committee seeks candidates who have a reputation for integrity, honesty and adherence to high ethical standards and who have demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company. The Nominating and Corporate Governance Committee considers diversity as one of a number of factors in identifying nominees for director. The Committee views diversity broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race and gender. When the Committee reviews a candidate for Board membership, the Committee looks specifically at the candidate's background and qualifications in light of the needs of the Board and the Company at that time, given the then-current composition of the Board. The aim is to assemble a Board that provides a significant breadth of experience, knowledge and abilities that assist the Board in fulfilling its responsibilities. The members of the Board hold or have held senior executive positions in large, complex organizations and have operating experience that meets this objective. In these positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management and leadership development. Each of our directors also has experience serving on boards of directors and board committees of other public companies and has an understanding of corporate governance practices and trends.

The Nominating and Corporate Governance Committee receives suggestions for new directors from a number of sources, including Board members. It also may, in its discretion, employ a third party search firm to assist in identifying candidates for director.

BOARD LEADERSHIP STRUCTURE

Board Chairman and CEO Roles

The Board has determined that the appropriate leadership structure for the Board at this time is for Mr. Reed, our Chief Executive Officer, to serve as Chairman of the Board, while also selecting an independent, non-management

director to serve as a lead director (Lead Independent Director) to provide independent leadership. Mr. Reed possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters.

Table of Contents

His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers and suppliers, particularly during times of turbulent economic and industry conditions.

With the exception of Messrs. Reed and Vermylen, each of the directors is independent and the Board believes that the independent directors provide effective oversight of management.

We do not have a formal policy that requires the Chief Executive Officer or any other member of management to serve as Chairman of the Board and the Board, in its discretion may subsequently decide, to change our leadership structure.

Lead Independent Director

The Company has chosen to combine the Chairman and Chief Executive Officer roles, and as a result the Board appointed the Lead Independent Director to coordinate the activities of the other non-management directors, and to perform such other duties and responsibilities as the Board may from time-to-time determine.

Currently, the Lead Independent Director is Gary D. Smith. Mr. Smith has over 40 years of relevant experience including senior management roles with Safeway Inc. The role of the Lead Independent Director includes:

- Conducting and presiding at executive sessions of the Board;

- Serving as a liaison to and acting as a regular communication channel between the non-employee members of the Board and the Chief Executive Officer of the Company;

- In the event of the unavailability or incapacity of the Chairman of the Board, calling and conducting special meetings of the Board; and

- Consulting with the Chairman and Chief Executive Officer about the concerns of the Board.

While serving as Lead Independent Director, Mr. Smith has followed governance practices established by the Board that support effective communication and effective Board performance. The Lead Independent Director role fosters a Board culture of open discussion and deliberation, with thoughtful evaluation of risk, to support sound decision-making.

In addition, our directors undergo an annual Board self-evaluation to determine whether it and its committees are functioning effectively. As part of the self-evaluation process, directors provide feedback evaluating Board effectiveness and committee effectiveness on multiple criteria. The Nominating and Corporate Governance Committee receives comments from all directors and reports annually to the Board with an assessment of the Board's performance. Each committee also conducts a self evaluation and reports its assessment of effectiveness to the Board. The assessments are discussed with the full Board each year.

Determination That Current Board Leadership Structure is Appropriate

The Board has determined that the current Board Leadership Structure is appropriate for TreeHouse for the following reasons:

- The current structure is working well and the Lead Independent Director is highly effective in his role;

There is strong evidence that the Board is acting independently;

There are effectiveness and efficiency advantages of having a Chairman of the Board with the Chief Executive Officer's significant food industry strategy, marketing, and operations knowledge and experience;

The Board has open discussions and thoughtful deliberations, especially in the evaluation of risk and in support of sound decision-making;

The current size, food industry focus, and relatively straightforward organization structure of the Company allows these roles to be effectively combined; and

The non-management directors meet regularly in private sessions to discuss issues regarding the Company.

The Board's Role in Risk Oversight

Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review material operational, financial, compensation and compliance risks with senior management. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's policies and guidelines to govern the process by which risk assessment and risk management are undertaken by management, including guidelines and policies to identify the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. For example, our Vice President of Internal Audit reports to the Audit Committee on a regular basis with respect to compliance with our risk management policies. The Audit Committee also performs a central oversight role with respect to financial and compliance risks, and reports on its findings at each regularly scheduled meeting of the Board after meeting with our Vice President of Internal Audit and our independent auditor, Deloitte & Touche LLP. The Compensation Committee considers risk in connection with its design of compensation programs for our executives. The Nominating and Corporate Governance Committee annually reviews the Company's corporate governance guidelines and their implementation. Each committee regularly reports to the Board.

Meetings of the Board of Directors

The Board met six times during 2010. Each of the members of the Board participated in over 90% of the meetings of the Board and committees that took place while such person was a member of the Board and the applicable committee. Members of the Board are expected to attend each meeting, as set forth in the Company's Corporate Governance Guidelines, and substantially all of the members of the Board participated in 100% of the Board and committee meetings during 2010. It is the Board's policy that all of our directors attend the Annual Meeting of Stockholders absent exceptional cause. All of our directors attended the Annual Meeting of Stockholders in 2010. The non-management directors of the Company meet regularly (at least quarterly) in executive session of the Board without management present. The Lead Independent Director presides over non-management sessions.

The Board has established standing Audit, Compensation, and Nominating and Corporate Governance Committees. The Board determines the membership of each of these committees from time to time, and only outside directors have served on these committees.

Role of Compensation Consultants

Committee Consultant

Beginning in 2005, the Compensation Committee engaged an outside independent executive compensation consultant, Hewitt Associates (Hewitt) for advice and counsel regarding executive compensation matters. In January 2010, Hewitt effected a reorganization of its business by spinning-off Meridian Compensation Partners LLC (Meridian) as a separate, independent executive compensation consulting business. After reviewing relevant credentials, in February 2010, the Compensation Committee elected to engage Meridian as the Compensation Committee's on-going independent executive compensation consultant. Meridian does not provide any consulting services to the Company other than the services provided directly to the Compensation Committee. Meridian provides a review of the competitiveness and appropriateness of all elements of compensation for the Chief Executive Officer, Chief Financial Officer and three most highly compensated executive officers of the Company other than the Chief Executive Officer (collectively, the Named Executive Officers or NEOs) and advice on new and existing executive compensation programs and other related matters. Meridian is the exclusive consultant to the Compensation Committee regarding executive compensation matters and Hewitt will continue to provide actuarial and broad-based employee compensation and other non-executive compensation consultation to the management of the Company.

At the Compensation Committee's direction, management provides all executive compensation materials to the independent consultant and discusses all such materials and recommendations with the independent consultant. The independent consultant considers the information and provides independent data to the Compensation Committee to facilitate its decision-making process. The independent consultant regularly meets with the Compensation Committee in executive session without members of management present.

Management Consultant

Since 2005, management has retained Hewitt to provide consulting services regarding the review and design of executive compensation plans (base salary, annual incentive, and long-term incentive plans), competitive assessments of executive officers compensation, general executive compensation practices and issues, broad-based employee compensation practices and pension administration and actuarial services. In the future, Hewitt will continue to work with Company management regarding broad based employee compensation, pension administration and actuarial services, but will not consult with regard to executive compensation matters.

Fees for Compensation Committee and Management Consultant

In 2010, management and the Compensation Committee engaged Hewitt and Meridian to provide both executive and broad-based compensation consulting services. Effective February 2010, the Compensation Committee engaged a separate compensation consulting firm, Meridian, to provide the types of executive compensation consulting services that Hewitt provided in the past.

Table of Contents

Hewitt provided the Company with pension and actuarial services worth approximately \$271,000. Management has recommended to the Compensation Committee that Hewitt continue to provide the Company with broad-based employee compensation consulting as well as pension administration and actuarial services. The Compensation Committee was fully informed of management's decision to use Hewitt to provide these consulting services.

Compensation Risk Assessment

Senior human resource executives of the Company have conducted a risk assessment of our employee compensation programs, including our executive compensation programs. The Compensation Committee and its consultant reviewed and discussed the findings of the assessment and concluded that our employee compensation programs are designed with the appropriate balance of risk and reward in relation to our Company's overall business strategy and do not incentivize executives or other employees to take unnecessary or excessive risks. As a result, we believe that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In its discussions, the Compensation Committee considered the attributes of our programs, including:

The appropriate compensation mix between fixed (base salary) and variable (annual and long-term incentive) pay opportunities;

The assessment of fixed, variable, and total direct compensation pay opportunities with market data and market practices for the NEOs;

The alignment of annual and long-term incentive award objectives to ensure that both types of awards encourage consistent behaviors and sustainable performance results;

Performance metrics that are tied to key Company measures of short- and long-term performance;

The alignment of the timing of the achievement and realization of income from annual and long-term incentive performance and payouts from these plans;

Stretch yet achievable performance targets in the annual and long-term incentive plans; and

The mix of long-term incentive vehicles that encourage value creation, retention, and stock price appreciation.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for NEOs. This section includes information regarding, among other things, the overall objectives of our compensation program and each element of compensation that we provide.

Objectives of Our Compensation Program

TreeHouse was formed in 2005 by Dean Foods Company through a spin-off of the Dean Specialty Foods Group and the subsequent issuance of TreeHouse common stock to Dean Foods shareholders. Six months prior to the spin-off, Dean Foods Company recruited Messrs. Reed, Vermynen, O'Neill, Walsh and E. Nichol McCully (our former CFO who retired in April 2006) to lead the Company. These individuals collectively invested \$10 million of their own money in Company stock and received a compensation package that Dean Foods Company determined was fair and comparable to other spun-off companies. In connection with the spin-off, on June 28, 2005, Messrs. Reed, Vermynen, O'Neill, Walsh and McCully received restricted stock and restricted stock units which would vest only after performance criteria were achieved (referred to as the Founder Award Grant) as well as pre-approved stock options.

Since the Company's inception in 2005, our overriding compensation philosophy, goals and objectives for executive compensation programs have been:

To attract, motivate and retain superior leadership talent for the Company.

To closely link NEO compensation to our performance goals with particular emphasis on rapid growth, operational excellence and acquisitions through attractive annual incentive opportunities based on stretch targets.

To support business strategies, plans and initiatives that drive superior long-term value for shareholders.

To link pay to performance by providing a significant majority of NEOs' total compensation opportunity in variable or "pay at risk" compensation programs (annual and long-term incentive plans).

To align our NEOs' financial interests with those of our stockholders by delivering a substantial portion of their total compensation in the form of equity awards and other long-term incentive vehicles.

Total Compensation Pay Mix and Pay-for-Performance

We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the long-term results of the Company. In addition, it is important that a significant portion of NEO pay be tied to incentive compensation to reinforce our pay-for-performance compensation philosophy.

In 2010, at target, NEOs received approximately 50% of their total compensation opportunity through the long-term incentive award. In addition, NEOs received approximately 20-25% of their total compensation opportunity in the form of the annual incentive award. In total, over two-thirds of NEOs' total direct compensation opportunity is delivered in incentive compensation, which supports our pay-for-performance compensation philosophy.

We have worked with the Compensation Committee's consultant, Meridian, to review our compensation programs to ensure competitiveness and benchmark these programs with companies with whom we compete for our management talent. These companies consist of competitors in one or more of our product categories and other similar companies in the private label and general food and beverage industry and form TreeHouse's compensation comparator group (the Compensation Comparator Group). In 2010, the Compensation Comparator Group was refined by Meridian and TreeHouse management, to ensure these peer companies were all substantively in comparable industries and were similar in revenue size to TreeHouse. To this end, three companies in the 2009 Compensation Comparator Group (Alberto Culver, Church & Dwight, and Libbey Inc.) were removed because they were not principally in the food and beverage industry. In addition, six new peer companies were added: Corn Products, Hain Celestial, Lance Incentive., Green Mountain Coffee, J&J Snack, and American Italian Pasta Company. The refined 2010 Compensation Comparator Group is as follows:

In addition to the Compensation Comparator Group, Meridian provides survey data for other companies of similar size to the Company from both general industry and the packaged foods sector. We believe that this additional information broadens our awareness of the practices of companies with whom we compete for management talent. Meridian then uses a combination of these sources to help us determine appropriate salary levels, annual incentive target percentages and metrics used in the annual incentive plan, and appropriate long-term incentive plan design and grant values for our Named Executive Officers. The Compensation Committee also

Table of Contents

considers recommendations from the Company’s Chief Executive Officer regarding salary, annual incentive and long-term incentive awards for senior executives.

Once NEO total compensation opportunities have been determined using the above-mentioned executive compensation data sources, we reward our management team with respect to annual and long-term incentives based on how well we perform compared to a broader food and beverage-focused TreeHouse performance comparator group (the Performance Comparator Group). We do this by considering the market expectations of the Performance Comparator Group in setting our budgets with targets reflecting performance that exceeds the expected performance of this group. We believe this provides a clear and objective way of ensuring our management team’s compensation and incentives are aligned with stockholder interests.

The following companies are included in our Performance Comparator Group:

American Italian Pasta Co.*	Flower Foods, Inc.	Kraft Foods Inc.
Archer Daniels Midland Co.	General Mills, Inc.	Lancaster Colony Corp.
B&G Foods, Inc.	Hain Celestial Group, Inc.	Lance, Inc.
Campbell Soup Co.	H.J. Heinz Company	McCormick & Co. Inc.
ConAgra Foods Inc.	J&J Snack Foods Corp.	Peet’s Coffee and Tea
Corn Products Int’l	JM Smucker Co.	Ralcorp Holdings Inc.
Del Monte Foods Co.	Kellogg Co.	Sara Lee Corp.
Farmer Bros. Inc.		

* American Italian Pasta Co. (AIPC) will be removed from both the 2011 Compensation and Performance Comparator groups as AIPC was acquired by Ralcorp in June 2010.

Components of Compensation

There are three primary components to our management compensation program: base salary, annual cash incentive and long-term incentive compensation. Our management team has been assembled to lead a growth company that will expand significantly in size and complexity over time. We believe that total compensation (base salary, annual cash incentive and long-term incentive) should be in the third quartile of our competitive benchmarks when those benchmarks are size adjusted (through regression analysis) to our current revenue size. We seek to have each of these components at levels that are competitive with our Compensation Comparator Group. The Company continues to assess the competitive position of each of our components of compensation in relation to our competitors.

Base Salary: We have positioned the base salary somewhat above the median for similarly sized businesses, allowing us to attract talent that has the ability to grow and lead a much larger business in the near future. For 2010, we increased the salaries for the executive officers and management by 3.0% after evaluating market data from several leading survey sources (including Hewitt, Hay Group and Mercer).

Annual Cash Incentive Plan: Our NEOs’ annual incentive opportunity also reflects a third quartile position. The annual incentive for NEOs is based on attaining specific annual performance targets such as the operating net income targets determined by the Board, as adjusted positively or negatively for one-time items, and cash flow targets. The operating net income measure has been selected because it aligns with and helps drive our profitable growth strategy. The operating cash flow measure has been chosen because substantive positive cash flow enables us to pay down debt and help fund our growth through acquisition strategy.

For 2010, the amount of the potential incentive was 80% tied to the achievement of an operating net income target of \$95.34 million (based on the Company's budgeted operating net income established by the Compensation Committee), adjusted (as approved by the Compensation Committee) for acquisitions (includes 10 months of Sturm Foods, Inc. targets and results) and one-time items. The remaining 20% of the potential incentive was tied to the achievement of an operating cash flow target of \$76.73 million. We do not otherwise use discretion in determining the amount of incentive paid to NEOs. We consider the market expectations of our stock, as well as that of the Performance Comparator Group in setting our budget with targets reflecting performance that exceeds the expected

Table of Contents

performance of this group. Our goal is to provide meaningful yet challenging goals relative to the expected performance of our Performance Comparator Group. In establishing goals, the Compensation Committee strives to ensure that the targets are consistent with the strategic goals set by the Board, and that the goals set are sufficiently ambitious so as to provide meaningful results, but with an opportunity to exceed targets if performance exceeds expectations. We believe the annual incentive plan keeps management focused on attaining strong near term financial performance. The 2010 annual incentive opportunity for the NEOs was awarded as follows:

		Minimum	Target	Maximum
Sam K. Reed	Chairman and Chief Executive Officer	\$ 0	\$ 884,000	\$ 1,768,000
David B. Vermynen	President and Chief Operating Officer	\$ 0	\$ 472,800	\$ 945,600
Dennis F. Riordan	Senior Vice President and Chief Financial Officer Senior Vice President, General Counsel, Chief Administrative	\$ 0	\$ 248,400	\$ 496,800
Thomas E. O Neill	Officer and Corporate Secretary	\$ 0	\$ 248,400	\$ 496,800
Harry J. Walsh	Senior Vice President of TreeHouse and President of Bay Valley Foods	\$ 0	\$ 248,400	\$ 496,800

NEOs begin to earn payouts under the plan upon achievement of 90% of the operating net income and operating cash flow targets ratably up to the achievement of targeted payment upon the full achievement of 100% of the operating net income and operating cash flow targets. In addition, a NEO can earn 200% of the targeted payment if 110% or more of the targeted operating net income and operating cash flow is achieved. In 2010, after adjusting for unusual and one-time items and acquisitions, we attained \$99.08 million in operating net income or 103.9% of the operating net income target, which provided a payout of 139.3% on this performance measure. In 2010, TreeHouse achieved \$132.93 million of the operating cash flow or 173.3% of the cash flow target which resulted in a 200.0% of target payment on this performance measure.

Long-Term Incentive Compensation: The long-term incentive compensation program also reflects a third quartile position and was established to ensure that our senior management team is focused on long-term growth, profitability, and value creation. We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the longer-term results of our Company. We accomplish this through five primary programs:

Stock Options

Restricted Stock

Restricted Stock Units

Performance Units

Cash Long-Term Incentive Plan

2010 Long-Term Incentive Grant

In 2010, TreeHouse management and Meridian undertook a rigorous, extensive project to redesign the long-term incentive (LTI) plan. The LTI plan designs of our Compensation Comparator Group were carefully reviewed for prevalence and mix of long-term incentive vehicles utilized in their programs. Balancing the needs of our business strategy, market practices, and share availability, the following LTI plan was designed, approved, and implemented:

For NEOs and TreeHouse Senior Vice Presidents, we utilized three LTI vehicles to deliver the appropriate value: non-qualified stock options, restricted stock units and a performance-based cash LTI plan (Cash LTIP).

Table of Contents

The non-qualified stock options vest ratably over a three year period, beginning on the first anniversary of the grant date, and represented 37.5% of the LTI grant value to NEOs.

The restricted stock units vest ratably over a three year period, beginning on the first anniversary of the grant date, and represented 25% of the LTI grant value to NEOs.

The Cash LTIP pays out on the third anniversary of the date of grant and is based on achieving operating net income results in each of the performance periods listed below, and represented 37.5% of the LTI grant value to NEOs. The performance periods of the Cash LTIP are as follows: July 1, 2010 through December 31, 2010; calendar year 2011; calendar year 2012, and the cumulative period July 1, 2010 through December 31, 2012. For the performance period July 1, 2010 through December 31, 2010, the operating net income target was \$52.1 million. The operating net income targets for calendar years 2011, 2012 and the cumulative performance period are 113% of calendar year 2010 operating net income budget, 113% of the calendar year 2011 target, and the sum of the three target amounts, respectively. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target.

For other TreeHouse and Bay Valley Foods senior leaders, we delivered the LTI value using two vehicles: restricted stock units and performance units.

The restricted stock units vest ratably over a three year period, beginning on the first anniversary of the grant date, and represented 50% of the LTI grant value to other senior leaders at TreeHouse and Bay Valley Foods.

The performance units are earned based on achieving operating net income goals in each of the performance periods listed below and represented 50% of the LTI grant value to other senior leaders. The performance periods of the performance units are as follows: July 1, 2010 through December 31 2010; calendar year 2011; calendar year 2012; and the cumulative period July 1, 2010 through December 31, 2012. The performance units will be converted to stock or cash at the discretion of the Compensation Committee on the third anniversary of the date of grant. The Company expects the performance units to be settled in stock and has the shares available to do so. For the performance period July 1, 2010 through December 31, 2010, the operating net income target was \$52.1 million. The operating net income targets for calendar years 2011, 2012 and the cumulative performance period are 113% of calendar year 2010 operating net income budget, 113% of the calendar year 2011 target, and the sum of the three target amounts, respectively. The number of units that will be earned is based on the level of achievement relative to the targets. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target.

For all other eligible participants, the LTI value was delivered through the granting of restricted stock units that vest ratably over a three year period on the anniversary of the grant date.

Stock Ownership and Holding Policies

At the Company's inception in 2005, the original five Named Executive Officers invested \$10 million of their own money into the Dean Specialty Foods spin-off. The four remaining original NEOs all own stock in excess of ten times their base salary (and the CEO in excess of 25 times). Our newest NEO and CFO, Mr. Riordan, should exceed stock ownership in excess of five times his base salary within the next two years. In addition, the NEO team beneficially owns approximately 6% of TreeHouse shares outstanding as of February 18, 2011. This is indicative of a stock ownership culture at TreeHouse and current NEO stock positions exceed stock ownership guidelines at nearly all Fortune 500 companies. Therefore, the Compensation Committee and TreeHouse have not felt the need to implement

stock ownership guidelines for its leadership team.

Based on the practice of significant stock ownership at TreeHouse and desire to give freedom of choice, we do not have equity holding policies for employees upon the exercise of stock options and the vesting of restricted stock or restricted stock units.

General Compensation Matters

All matters of our executive compensation programs are reviewed and approved by the Compensation Committee of the Board. This includes approving both the amounts of compensation and the timing of all grants. The Compensation Committee is given full access to its compensation experts, and has elected to use Meridian to provide consulting services with respect to the Company's executive compensation practices including salary, bonus, perquisites, equity incentive awards, deferred compensation and other matters. The Compensation Committee regularly meets with Meridian representatives without the presence of Company management.

More details regarding the employment agreements of our management investors are summarized below.

Executive Perquisites: TreeHouse annually reviews the Company's practices for executive perquisites with the assistance of Meridian. We believe that the market trend is moving toward a cash allowance in lieu of various specific executive benefits such as automobile plans, financial planning consulting or club fees. We have granted an annual allowance of \$25,000 to Mr. Reed, \$15,000 to Mr. Vermynen and \$10,000 to Messrs. O'Neill, Walsh and Riordan to cover these types of benefits. This approach reduces the administrative burden of such programs and satisfies the desire to target market practices. These allowances are not included as eligible compensation for bonus or other purposes, and do not represent a significant portion of the executive's total compensation. Our Board has also adopted policies regarding the personal use of the Company-owned aircraft by our NEOs. Generally, personal use is permitted, subject to availability. Personal use of the Company aircraft is principally that of our Chief Executive Officer. Personal use by other NEOs is infrequent. We calculate compensation for personal use based on the incremental costs of operating the aircraft. The largest single component of this cost is fuel. The 2010 Summary Compensation Table beginning on page 27 of this Proxy Statement contains itemized disclosure of all perquisites to our NEOs, regardless of amount.

Deferred Compensation Plan: Our Deferred Compensation Plan allows certain employees, including the NEOs, to defer receipt of salary and/or bonus payments. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds selected by the participants in the plan. We do not match amounts that are deferred by employees in the Deferred Compensation Plan. However, to the extent that employees in the Deferred Compensation Plan have their match in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan, the lost match would be credited instead to the Deferred Compensation Plan. Distributions are paid either upon termination of employment or at a specified date (at least two years after the original deferral) in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of eligible salary and bonus payments. The Deferred Compensation Plan is not funded by us, and participants have an unsecured contractual commitment from us to pay the amounts when due. When such payments are due to employees, the cash will be distributed from our general assets.

We provide deferred compensation to permit our employees to save for retirement on a tax-deferred basis. The Deferred Compensation Plan permits them to do this while also receiving investment returns on deferred amounts, as described above. We believe this is important as a retention and recruitment tool, as many, if not all, of the companies with which we compete for executive talent provide a similar plan for their senior employees.

Employment Agreements: We have entered into employment agreements with Messrs. Reed, Vermynen, O'Neill, Walsh and Riordan. These agreements provide for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without Cause or leaving employment for Good Reason, as these terms are defined in the employment agreements. The agreements also provide for benefits upon a qualifying event or circumstance after there has been a Change-in-Control (as defined in the agreements) of the

Company. Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on December 31, 2010, is found under the heading Potential Payments upon Termination or Change-in-Control.

We believe these severance programs are an important part of our overall arrangements for our NEOs. We also believe these agreements will help to secure the continued employment and dedication of our NEOs prior to or following a change in control, without concern for their own continued employment. We also believe it is in the best interest of our stockholders to have a plan in place that will allow management to pursue all alternatives for the

Table of Contents

Company without undue concern for their own financial security. We also believe these agreements are important as a recruitment and retention device, as most of the companies with which we compete for executive talent have similar agreements in place for their senior employees. We have received consulting services from Meridian with regard to market practices in an evaluation of severance programs.

In 2008, we amended the agreements with Messrs. Reed, Vermynen, O'Neill and Walsh to delay payments for six months in certain circumstances to conform to recently adopted deferred compensation rules contained in Internal Revenue Code Section 409A.

On February 10, 2011, we entered into a consulting agreement with Mr. Vermynen which will become effective on July 1, 2011 when Mr. Vermynen will transition to a senior advisor role focusing on strategy, marketing and acquisitions. Effective July 1, 2011 Mr. Vermynen's existing employment agreement will terminate and he will receive \$300,000 per annum as a consultant.

401(k) Savings Plan: Under the TreeHouse Foods Savings Plan (the "Savings Plan"), a tax-qualified retirement savings plan, Company employees, including our NEOs, may contribute up to 20% of regular earnings on a before-tax basis into their Savings Plan accounts (subject to IRS limits). Total contributions may not exceed 20% of regular earnings. In addition, under the Savings Plan, we match an amount equal to one dollar for each dollar contributed by participating employees on the first 2% of their regular earnings and fifty cents for each additional dollar contributed on the next 4% of their regular earnings. Amounts held in Savings Plan accounts may not be withdrawn prior to the employee's termination of employment, or such earlier time as the employee reaches the age of 59½, subject to certain exceptions established by the IRS.

Tax Treatment of Executive Compensation: Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million for the Chief Executive Officer of the Company and each of the three next most highly compensated executive officers (other than the Chief Financial Officer). Our equity and incentive plan is designed to allow us to grant awards that qualify for the performance-based exception to the Section 162(m) deductibility limit. Many of our key incentive programs are linked to the financial performance of the Company, and, therefore, we believe that we will preserve the deductibility of these executive compensation payments. However, deductibility of executive compensation is only one important factor considered by the Compensation Committee when determining compensation and the Compensation Committee retains the flexibility to award compensation that may exceed the limitation on deductibility under Section 162(m) when it believes it is in the Company's and stockholders' best interests.

- (a) Consists of awards under our AIP and Cash LTIP programs, which are granted under our Equity and Incentive Plan. For the AIP, 151.4% of the target amount was earned by Messrs. Reed, Vermynen, O'Neill and Riordan. Mr. Walsh earned 141.45% of his 2010 AIP target. These AIP amounts are reported as Non-Equity Incentive Plan Compensation in the 2010 Summary Compensation Table. The Cash LTIP was awarded June 28, 2010 for the performance period July 1, 2010 to December 31, 2012. For the interim performance period of July 1, 2010 to December 31, 2010, the performance measure results earned 105% of target: accordingly, each NEO earned 105% of the first tranche of the Award. This amount is reported in the Non-Equity Incentive Plan column in the Summary Compensation Table. Payouts under the AIP and Cash LTIP may range from \$0 up to the maximum as described above. Therefore, in accordance with SEC rules, we have omitted the threshold column.
- (b) Consists of restricted stock units granted under the Equity and Incentive Plan that vest ratably over three years on the anniversary of the grant date.
- (c) Consists of non-qualified stock options granted under the Equity and Incentive Plan that vest ratably over three years on the anniversary of the grant date. The non-qualified options have a strike price of \$46.47, which was the close price on date of grant.

Employment Agreements

On January 27, 2005, the Company entered into employment agreements with Messrs. Reed, Vermynen, O'Neill and Walsh. These individuals are referred to as the management investors. The terms of these employment agreements are substantially similar, other than the individual's title, salary, bonus, option, restricted stock and restricted stock unit entitlements. The employment agreements provided for a three-year term that ended

Table of Contents

on June 28, 2008. The employment agreements also provide for one-year automatic extensions, absent written notice from either party of its intention not to extend the agreement.

Under the employment agreements, each management investor is entitled to a base salary at a specified annual rate, plus an incentive bonus based upon the achievement of certain performance objectives to be determined by the Board. The employment agreements also provided that each management investor received restricted shares and restricted stock units of our common stock and options to purchase additional shares of our common stock, subject to certain conditions and restrictions on transferability. These grants were intended to cover a three year period, from 2005 through the end of 2007. In 2008, the management investors began to participate in the Company's long-term incentive grants as summarized in the tables above.

Each management investor is also entitled to participate in any benefit plan we maintain for our senior executive officers, including any life, medical, accident, or disability insurance plan, and any pension, profit sharing, retirement, deferred compensation or savings plan for our senior executive officers. We also will pay the reasonable expenses incurred by each management investor in the performance of his duties to us and indemnify the management investor against any loss or liability suffered in connection with such performance.

We are entitled to terminate each employment agreement with or without Cause (as defined in the employment agreements). Each management investor is entitled to terminate his employment agreement for Good Reason (as defined in the employment agreements) which includes a reduction in base salary or a material alteration in duties and responsibilities or for certain other specified reasons, including the death, disability or retirement of the management investor. If an employment agreement is terminated without Cause by us or with Good Reason by a management investor, the management investor will be entitled to a severance payment equal to two times (or three times, in the case of Mr. Reed) the sum of the annual base salary payable, continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed) and the target bonus amount owed to the management investor immediately prior to the end of the employment period, plus any incentive bonus the management investor would have been entitled to receive for the calendar year, had he remained employed by the Company. If an employment agreement is terminated under the same circumstances and within 24 months after a change of control of the Company, the management investor will be entitled to a severance payment equal to three times the annual base salary and target bonus amount payable to the management investor immediately prior to the end of the employment period, plus any incentive bonus the management investor would have been entitled to receive for the calendar year had he remained employed by the Company.

In 2008, we amended the agreements with the management investors to delay payments for six months in certain circumstances to conform to recently adopted deferred compensation rules contained in Internal Revenue Code Section 409A.

On November 7, 2008 the Company entered into an employment agreement with Mr. Riordan. The terms and conditions of Mr. Riordan's employment agreement are similar in nearly all material respects to the management investor agreements with regard to salary, bonus, benefits plans and severance. The exceptions are that there is no payment of excise taxes in the case of severance and he did not receive the three year equity grant that was provided to the management investors in 2005. Mr. Riordan has been receiving long-term incentive grants, which are summarized in the tables above and described below, since he joined the Company on January 3, 2006.

On February 10, 2011, we entered into a consulting agreement with Mr. Vermynen which will become effective on July 1, 2011 when Mr. Vermynen will transition to a senior advisor role focusing on strategy, marketing and acquisitions. Effective July 1, 2011 Mr. Vermynen's existing employment agreement will terminate and he will receive \$300,000 per annum as a consultant.

2010 Cash LTIP

The Cash LTIP pays out based on achieving operating net income results. The performance periods of the Cash LTIP are as follows: July 1, 2010 through December 31, 2010; calendar year 2011; calendar year 2012; and the cumulative period July 1, 2010 through December 31, 2012. The Cash LTIP pays out on the third anniversary of the date of grant and is based on achieving operating net income results in each of the performance periods. For the performance period July 1, 2010 through December 31, 2010, the operating net income target was \$52.1 million. The operating net income targets for calendar years 2011, 2012 and the cumulative performance period are 113% of calendar year 2010 operating net income budget, 113% of the calendar year 2011 target, and the sum of the three target amounts, respectively. There is no payout below 80% achievement, and payout is up to 200% of target if achievement meets or exceeds 120% of the operating net income target.

Table of Contents

The 2010 Non-Qualified Deferred Compensation Table presents amounts previously deferred under our Deferred Compensation Plan and the deferral of certain vested restricted stock units by Sam K. Reed, David B. Vermynen, Thomas E. O'Neill and Harry J. Walsh. Participants may defer up to 100% of their base salary and annual incentive plan payments under the Deferred Compensation Plan. Deferred amounts are credited with earnings or losses based on the return of mutual funds selected by the executive, which the executive may change at any time. We do not make contributions to participants' accounts under the Deferred Compensation Plan, except to the extent that employees in the plan have their match in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan. Distributions are made in either a lump sum or an annuity as chosen by the executive at the time of the deferral. During 2009, certain restricted stock units for the NEOs (except for Mr. Riordan) previously identified vested, and each of these NEOs elected to defer receipt of these awards until June 27, 2010. As these awards were deferred until 2010, they have been included in the table above in the Aggregate Withdrawals/Distributions column.

The earnings on Mr. Reed's Deferred Compensation Plan account were measured by reference to a portfolio of publicly available mutual funds chosen by Mr. Reed in advance and administered by an outside third party. Earnings shown above for Mr. Reed also include earnings on restricted stock units that were deferred, which generated an annual gain of 19.08% in 2010; excluding the impact of the vested and deferred restricted stock units, Mr. Reed's 2010 annual gain was approximately 15.48%. The earnings on Mr. Vermynen's Deferred Compensation Plan account were measured by reference to a portfolio of publicly available mutual funds chosen by Mr. Vermynen in advance and administered by an outside third party. Earnings shown above for Mr. Vermynen also include earnings on vesting of restricted stock units that were deferred, which generated an annual gain of 18.1% in 2010; excluding the impact of the vested and deferred restricted stock units, Mr. Vermynen's 2010 annual gain was approximately 12.78%. Earnings shown above for Messrs. O'Neill and Walsh are earnings on restricted stock units that were deferred. Messrs. O'Neill, Riordan and Walsh do not participate in the Deferred Compensation Plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As noted on page 28 of this Proxy Statement, we have entered into employment agreements with our NEOs. The employment agreements provide for payments of certain benefits, as described below, upon the termination of a NEO. The NEO's rights upon termination of his employment depend upon the circumstance of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of Cause and Good Reason that are used in the employment agreements. For purposes of the employment agreements:

We have Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his position, committing an act materially detrimental to the financial condition and/or goodwill of us or our subsidiaries, commission of a felony or other actions specified in the definition.

The NEO is said to have Good Reason to terminate his employment and thereby gain access to the benefits described below if we assign the NEO duties that are materially inconsistent with his position, reduce his compensation, call for relocation, or take certain other actions specified in the definition.

The employment agreements require, as a precondition to the receipt of these payments, that the NEO sign a standard form of release in which the NEO waives all claims that the NEO might have against us and certain associated individuals and entities. The release also includes non-compete and non-solicit provisions that would apply for a period of one year following the NEO's termination of employment and non-disparagement and confidentiality provisions that would apply for an unlimited period of time following the NEO's termination of employment.

The employment agreement for each NEO specifies the payment to each individual in each of the following situations:

Involuntary termination without cause or resignation with Good Reason

Retirement

Table of Contents

Death or disability

Termination without Cause or with Good Reason after change-in- control

In the event of an involuntary termination of the employee without Cause, or resignation by the employee for Good Reason, the NEO will receive two times the employee's base salary and target bonus (three times in the case of Mr. Reed), and continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed). In addition, any unvested options issued in connection with their employment agreement, shall become vested and exercisable and any restricted stock and restricted stock units outstanding and issued in connection with their employment agreement, shall continue to vest on the same terms that would have applied if the NEO's termination had not occurred.

Hewitt has reviewed the existing change-in-control severance provisions of our NEOs' employment agreements relative to the current practices of our Compensation Comparator Group and has found our practices to be within the norms of the group.

In the event of an involuntary termination of the employee without Cause, or resignation by the employee for Good Reason within a 24 month period immediately following a change in-control of the Company, the NEO will receive three times the amount of his base salary and target bonus, and continuation of all health and welfare benefits for three years. In addition, all unvested options shall become vested and exercisable and any restricted stock, and restricted stock units outstanding shall fully vest. The NEOs, with the exception of Mr. Riordan, are eligible to receive a gross-up payment from the Company to the extent they incur excise taxes under Section 4999 of the Internal Revenue Code.

In the event of death, disability or retirement, the NEO will receive no additional payments but all unvested options shall become vested and exercisable and any restricted stock, and restricted stock units outstanding shall continue to vest on the same terms that would have applied if the NEO'S death, disability or retirement had not occurred. In the event of disability, NEOs receive continuation of health and welfare benefits for three years.

In 2010, the Company issued equity awards to our NEOs that are only subject to the terms and conditions of the Equity and Incentive Plan, and include stock options, restricted stock and performance units. In the event of a change-in-control, unvested stock options will become fully vested, the restrictions on the restricted stock will lapse, and the restrictions on the greater of the units awarded or accrued will lapse in full. In the event of death, disability, or retirement, unvested options will become fully vested, and a pro rata portion of the restricted stock that would be eligible for lapse of restrictions on the next anniversary date of the grant will lapse. No performance units will vest upon death, disability or retirement. Unvested stock options, restricted stock and performance units will be forfeited for any other reason of termination.

The tables below illustrate the payouts to each NEO under each of the various separation situations. The tables assume that the terminations took place on December 31, 2010.

Cash Compensation

Directors who are not employees of the Company receive a fee of \$50,000 per year plus \$1,500 per Board and committee meeting attended in person, and \$750 for meetings attended telephonically.

Equity-Based Compensation

To ensure that directors have an ownership interest aligned with other stockholders, each outside director will be granted options and/or restricted stock units of the Company's stock having a value determined by the Board.

Board Stock Ownership and Age Requirements

As TreeHouse does not have stock ownership guidelines for management, it also does not have ownership guidelines for the Board. Not only do we feel the need for consistency on this policy, but TreeHouse wants to choose the best potential directors, not just those who are independently wealthy and can afford to hold their stock positions. At the same time, our directors generally have held their equity grants, and accordingly, we do not believe formal ownership guidelines are necessary for TreeHouse.

We have not set an upper age limit for Board members as we feel that highly experienced directors on our Board have provided and will provide our management team with great insight and wisdom into our business. In addition to our experiences, several corporate boards across the United States benefit greatly from more seasoned business leaders.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is currently composed of four independent directors, Ms. Ferguson, Ms. Sardini and Messrs. O'Brien and Ussery, and operates pursuant to a written charter. The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the Company's consolidated financial statements and internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and to issue reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes, and appoint, evaluate, and review the performance of the Audit Committee, and compensate the independent registered public accounting firm.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and the Company that might bear on the independent registered public accounting firm's independence consistent with PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and discussed with Deloitte & Touche LLP any relationships that may impact its objectivity and independence, and the Audit Committee satisfied itself as to Deloitte & Touche LLP's independence. The Audit Committee has reviewed and discussed the financial statements with management. The Audit Committee also discussed with management and Deloitte & Touche LLP the quality and adequacy of the Company's internal controls and the internal audit department's organization, responsibilities, budget and staffing. The Audit Committee reviewed both with Deloitte & Touche LLP and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Audit Committee discussed and reviewed with Deloitte & Touche LLP all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, as adopted by the PCAOB in Rule 3200T, and, with and without management present, discussed and reviewed the results of Deloitte & Touche LLP's examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

Based on the Audit Committee's discussions with management and Deloitte & Touche LLP and the Audit Committee's review of the representations of management and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the SEC.

In order to assure that the provision of audit and non-audit services provided by Deloitte & Touche LLP, our independent registered public accounting firm, does not impair its independence, the Audit Committee is required to pre-approve all audit services to be provided to the Company by Deloitte & Touche LLP, and all other services, including review, attestation and non-audit services, other than de minimis services that satisfy the requirements of the New York Stock Exchange and the Exchange Act, pertaining to de minimis exceptions.

This report is respectfully submitted by the Audit Committee of the Board of Directors.

AMENDMENT OF RESTATED CERTIFICATE OF INCORPORATION

In our continuing review and consideration of the Company's corporate governance practices and policies, we have evaluated provisions of our Certificate, By-laws and other policies relating to certain stockholder rights. As a result, the Board has determined that it is in the best interests of the Company and its stockholders to modify certain governance provisions and practices, including those described below in Proposal 3 and Proposal 4. In addition to the actions proposed in this Proxy Statement, the Board recently approved and adopted an amendment to the By-laws to provide for majority voting in uncontested director elections, commencing with this Meeting, and the Company's stockholder rights plan that became effective in 2005 in connection with the formation of the Company expired in June 2010 and was not renewed.

We are proposing two amendments to the Certificate in our ongoing effort to balance the roles of stockholders and directors in governing our Company, as well as other business considerations of the Company. If adopted by stockholders, these amendments would (i) provide stockholders with the right to call special meetings of stockholders and (ii) reduce the stockholder vote required for stockholders to remove a director for cause.

The summaries of the amendments contained in this Proxy Statement are qualified in their entirety by reference to the full text of the proposed amendments set forth below. If stockholders approve the amendments to the Certificate at the Meeting, corresponding changes to the Company's By-laws also will become effective.

**AMENDMENT OF RESTATED CERTIFICATE OF INCORPORATION RELATED TO STOCKHOLDERS
RIGHT TO CALL
SPECIAL MEETINGS (PROPOSAL 3)**

The Board recommends that stockholders approve an amendment to our Certificate in order to provide stockholders with the right to call special meetings of stockholders. The ability of stockholders to call special meetings of stockholders is increasingly considered an important corporate governance practice for United States public companies. The Board is proposing an amendment to our Certificate to provide stockholders representing at least a majority of the votes which all stockholders would be entitled to cast in any annual election of directors or class of directors the right to call special meetings of stockholders. The Certificate currently provided that only the Board, Chairman of the Board, Chief Executive Officer and President may call special meetings of stockholders.

We believe the proposed stockholder right to call special meetings as set forth in this Proposal 3 appropriately balances the roles of shareholders and directors in governing the Company. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has unanimously adopted resolutions approving this amendment to the Certificate and recommending approval of this amendment to our stockholders. The Board also has adopted a corresponding amendment to the By-laws that would become effective upon stockholder approval of this Proposal 3.

The text of the proposed amendment to Article Eleventh of the Certificate is set forth below (with deletions indicated by strikethrough and additions indicated by underline):

ELEVENTH: Special meetings of stockholders for any purpose or purposes may be called at any time by the Board of Directors, the Chairman of the Board or the President, but such, the President or upon request of stockholders representing at least a majority of the votes which all stockholders would be entitled to cast in any annual election of directors or class of directors. Such special meetings may not be called by any other person or persons.

Business transacted at any special meeting of stockholders shall be limited to matters relating to the purpose or purposes stated in the notice of meeting. Notwithstanding any other provision of applicable law, this Restated Certificate of Incorporation or the By-laws of the Corporation, and notwithstanding the fact that a lesser percentage may be specified by law, the affirmative vote of the holders of at least seventy-five percent (75%) of the votes which all the stockholders would be entitled to cast in any annual election of directors or class of directors represented at a meeting of stockholders at which a quorum is present (as

Table of Contents

provided in the By-laws of the Corporation) shall be required to amend or repeal, or to adopt any provision inconsistent with, this Article ELEVENTH.

The affirmative vote of **75%** of the shares of common stock entitled to vote at the Meeting is required for approval of this Proposal 3.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE
AMENDMENT OF THE RESTATED
CERTIFICATE OF INCORPORATION TO PROVIDE STOCKHOLDERS THE RIGHT TO CALL
SPECIAL MEETINGS OF
STOCKHOLDERS.**

**AMENDMENT OF RESTATED CERTIFICATE OF INCORPORATION RELATED TO REMOVAL OF
DIRECTORS (PROPOSAL 4)**

The Board recommends that stockholders approve an amendment to our Certificate in order to reduce the stockholder vote required to remove a director for cause. In connection with the review of our corporate governance practices and policies, the Board determined that, although it believes that the extraordinary action of removing a director with cause should only be taken by stockholders when there is a substantial consensus among all stockholders, it is appropriate at this time that stockholders representing a majority of the voting power be able to take such action. The Board is proposing an amendment to our Certificate to provide stockholders representing at least a majority of the votes which all stockholders would be entitled to cast in any annual election of directors or class of directors with the right to remove a director for cause. The Certificate currently requires the vote of stockholders representing at least 75% of the votes which all stockholders would be entitled to cast in any annual election of directors or class of directors in order for stockholders to remove a director for cause.

We believe the proposed amendment described in this Proposal 4 appropriately balances the roles of shareholders and directors in governing the Company. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has unanimously adopted resolutions approving this amendment to the Certificate and recommending approval of this amendment to our stockholders. The Board also has adopted a corresponding amendment to the By-laws that would become effective upon stockholder approval of this Proposal 4.

The text of the proposed amendment to Article Ninth of the Certificate is set forth below (with deletions indicated by strikethrough and additions indicated by underline):

5.Removal. Subject to the rights of holders of any series of Preferred Stock, directors of the Corporation may be removed only for cause and only by the affirmative vote of the holders of at least ~~seventy-five percent (75%)~~ a majority of the votes which all the stockholders would be entitled to cast in any annual election of directors or class of directors.

The affirmative vote of **75%** of the shares of common stock entitled to vote at the Meeting is required for approval of this Proposal 4.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE
AMENDMENT OF THE RESTATED
CERTIFICATE OF INCORPORATION TO REDUCE THE STOCKHOLDER VOTE REQUIRED TO
REMOVE A DIRECTOR FOR
CAUSE.**

ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL 5)

Pursuant to Section 14A of the Exchange Act, we are seeking stockholder approval of the Company's executive compensation program and practices as disclosed in this Proxy Statement. Stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's executive officers, as disclosed in the 2011 Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table and the other related tables and disclosure.

The Company has a pay-for-performance philosophy that forms the foundation of our decisions regarding execution of compensation. This philosophy and the compensation structure approved by the Compensation Committee are central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results in the best interests of the Company and its stockholders. To that end, our program links pay to performance by delivering a significant majority of the total compensation opportunity of our NEOs in variable or pay at risk compensation programs (annual and long-term incentive plans). Our program also aligns the NEOs' financial interest with those of our stockholders by delivering a substantial portion of their total compensation in the form of equity awards and other long-term incentive vehicles.

We urge our stockholders to read Compensation Discussion and Analysis above, which describes in detail how our executive compensation program and practices operate and are designed to achieve our compensation objectives, as well as the accompanying compensation tables which provide detailed information on the compensation of our NEOs.

This advisory vote on the Company's executive compensation program and practices is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will carefully review the voting results when evaluating our executive compensation program.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to be voted on the proposal at the Meeting is required for approval of this advisory resolution.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE ADVISORY RESOLUTION SET FORTH ABOVE.

Table of Contents

ADVISORY VOTE ON FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION (PROPOSAL 6)

Pursuant to Section 14A of the Exchange Act, we are asking stockholders to vote on whether future advisory votes on executive compensation of the nature reflected in Proposal 5 above should occur every year, every two years or every three years.

After careful consideration the Board has determined that holding an advisory vote on executive compensation every year is the most appropriate policy for the Company at this time, and recommends that stockholders vote for future advisory votes on executive compensation to occur every year. While the Company's executive compensation programs are designed to promote a long-term connection between pay and performance, the Board recognizes that executive compensation disclosures are made annually. Given that the say-on-pay advisory vote provisions are new, holding an annual advisory vote on executive compensation provides the Company with more direct and immediate feedback on our compensation disclosures. We believe that an annual advisory vote on executive compensation is consistent with our practice of seeking input and engaging in dialogue with our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices.

This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the Board. Stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. The frequency alternative that receives the most votes will be the choice of stockholders. Stockholders are not voting to approve or disapprove the Board's recommendation. Although non-binding, the Board and the Compensation Committee will carefully review the voting results. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

RECOMMENDATION:

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE TO CONDUCT FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION EVERY YEAR.

STOCKHOLDER PROPOSALS FOR 2012 ANNUAL MEETING OF STOCKHOLDERS

Any stockholder who intends to present proposals at the Annual Meeting of Stockholders in 2012 pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must send notice of such proposal to us so that we receive it no later than November 16, 2011. Any stockholder who intends to present proposals at the Annual Meeting of Stockholders in 2012 other than pursuant to Rule 14a-8 must comply with the notice provisions in our By-laws. The notice provisions in our By-laws require that, for a proposal to be properly brought before the Annual Meeting of Stockholders in 2012, proper notice of the proposal must be received by us not less than 90 days or more than 120 days prior to the first anniversary of this year's Annual Meeting. Stockholder proposals should be addressed to TreeHouse Foods, Inc., 2021 Spring Road, Suite 600, Oak Brook, IL 60532, Attention: Corporate Secretary.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies. We have

not implemented householding rules with respect to our record holders. However, a number of brokers with account holders who are stockholders may be householding our proxy materials. If a stockholder receives a householding notification from his, her or its broker, a single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise.

Table of Contents

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker.
