SECTION 8 OTHER EVENTS

Item 8.01. Other Events.

As previously disclosed in the Quarterly Report on Form 10-Q for the quarter ended March 31, 2011 (filed with the Securities and Exchange Commission on May 5, 2011) and the Quarterly Report on Form 10-Q for the quarter ended June 30, 2011 (filed with the Securities and Exchange Commission on August 4, 2011) Visteon Corporation (the

Company) announced a new operating structure for use in managing its businesses based on specific global product lines rather than broad global product groups. During the second quarter of 2011 the Company completed the process of realigning systems and reporting structures to facilitate financial reporting under the revised organizational structure.

Under the historical global product group reporting, the results of each of the Company s facilities were grouped for reporting purposes into segments based on the predominant product line offering of the respective facility. The Company s former global product groups were Climate, Interiors and Electronics, which included lighting products. The Company s new global product lines are Climate, Electronics, Interiors and Lighting.

In connection with this revised segment presentation, the Company is updating the following information that appeared in its Annual Report on Form 10-K for the fiscal year ended December 31, 2010:

Consent of Independent Registered Public Accounting Firm, attached as Exhibit 23.1 to this report and incorporated herein by reference;

Part I, Item 1: Business, attached as Exhibit 99.1 to this report and incorporated herein by reference;

Part II, Item 7: Management s Discussion and Analysis of Financial Condition and Results of Operations, attached as Exhibit 99.2 to this report and incorporated herein by reference;

Consolidated Financial Statements of the Company and Notes thereto, included in Part II, Item 8, attached as Exhibit 99.3 to this report and incorporated herein by reference; and

Part IV, Item 15: Financial Statement Schedule, attached as Exhibit 99.4 to this report and incorporated herein by reference.

The information included in and with this Current Report on Form 8-K is presented for information purposes only in connection with the above-described segment reporting change. There is no change to the Company s previously reported consolidated net operating results, financial condition or cash flows. This Current Report on Form 8-K does not reflect events occurring after March 9, 2011, the date the Company filed its Annual Report on Form 10-K for the year ended December 31, 2010, and does not modify or update the disclosures therein in any way, other than as required to reflect the change in segments, as described above and set forth in Exhibits 99.1 to 99.4 attached hereto. For information on developments regarding the Company since the filing of the Form 10-K, please refer to the Company s reports filed with the SEC, including the Company s Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2011 and June 30, 2011 and the Company s Current Reports on Form 8-K dated June 13, 2011 and May 12, 2011.
