REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator of
the Visteon Investment Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Visteon Investment Plan (the "Plan") at December 30, 2001 and 2000, and the changes in net assets available for plan benefits for the year ended December 30, 2001 and six-month period ended December 30, 2000, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amount and disclosure in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedules of Assets (Held at End of Year) and Schedules of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 ("ERISA"). These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VISTEON INVESTMENT PLAN
 NOTES TO FINANCIAL STATEMENTS
 (IN THOUSANDS)

1. DESCRIPTION OF THE PLAN

The following description of the Visteon Investment Plan (the "Plan") provides only general information. The Plan was established effective July 1, 2000. The provisions of the Plan are governed in all respects by the detailed terms and conditions contained in the Plan document. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Visteon Corporation ("Visteon") was established as a wholly-owned subsidiary of Ford Motor Company in January 2000. On June 28, 2000, Ford spun-off Visteon. Subsequently, all active employees of Visteon who had an account balance in the Ford Savings and Stock Investment Plan ("SSIP") were given the opportunity to elect to transfer their total account balances to the Plan.

TYPE AND PURPOSE OF THE PLAN

The Plan is a defined contribution plan established to encourage and facilitate systematic savings and investment by eligible salaried employees of Visteon and to provide them with an opportunity to become stockholders of Visteon. The Plan includes provisions for voting shares of Visteon stock. It is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA") applicable to defined contribution pension plans.

ELIGIBILITY

Regular full-time salaried employees are eligible to participate in the Plan beginning on the first day of the second month following their date of hire, with certain exceptions. Certain other supplemental employees also may be eligible to participate in the Plan. Participation in the Plan is voluntary.

CONTRIBUTIONS

Under the Plan, and subject to limitations imposed by the Internal Revenue Code of 1986, as amended (the "Code"), participants may elect to contribute up to 25% of their eligible wages. Participants may also elect to reduce their benefits under the Flexible Compensation Account program ("Flex Dollars").

Edgar Filing: VISTEON CORP - Form 11-K

Effective July 1, 2000, Visteon began making company matching contributions at a rate of \$0.60 for each dollar of employee contributions, up to a maximum of 10% of participants' base pay. Flex Dollar contributions are not eligible for company matching contributions. Employees with one year of service are eligible to receive company matching contributions. All company matching contributions are made initially in the Visteon Stock Fund.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) company matching contributions, (b) plan earnings and (c) certain fund expenses. Allocations are based on participant earnings or account balances. Under the Plan, certain funds will charge a fee on short term transfers which is paid from the participant's account. The benefit to which a participant is entitled is determined from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions and actual earnings thereon, regardless of length of service. A participant becomes 100% vested in company matching contributions and earnings thereon after completion of five years of credited service or upon retirement, total and permanent disability, or death.

DISTRIBUTIONS

Distributions of benefits shall be made upon the occurrence of any one of the following:

- Retirement of the participant at age 65;
- Deferred retirement of the participant beyond age 65;
- In-service withdrawal of participant beyond age 59 1/2;
- Total and permanent disability of the participant;
- Death of the participant; or
- Termination of employment

Benefits due upon death are paid in a lump sum and are based on vested amounts in the participants' accounts. Benefits due upon termination, retirement, or disability are paid in a lump sum or through installments payable monthly, quarterly, semi-annually or annually and are based on vested amounts in the participants' accounts. In addition, terminated participants with benefits due in excess of \$5,000 may defer such benefits until age 65 or in the event employment termination occurred until age 70 1/2.

INVESTMENT OPTIONS AND PARTICIPATION

Participant contributions are invested in accordance with the participant's election in one or more of several investment options available in the Plan.

The Visteon Stock Fund is a unitized stock fund investment in Visteon common stock with a portion of the fund's assets invested in short-term

Edgar Filing: VISTEON CORP - Form 11-K

investments.

The Managed Income Portfolio II is a stable value fund that is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans composed of high quality, fixed-income investments. The Portfolio may also purchase investment contracts issued by the insurance companies or banks. Exposure to any single issuer is capped at 5%. The Portfolio purchases money market units to provide daily liquidity.

The Common Stock Fund is broadly diversified, passively managed equity fund administered by Comerica Bank. Fund assets are invested in stocks through a series of Comerica Bank commingled pools.

The Fidelity Magellan Fund is a growth mutual fund that seeks capital appreciation. The fund invests in securities of domestic, foreign, and multinational issuers, however not more than 40% of the fund's assets may be invested in companies operating exclusively in any one foreign country.

1. DESCRIPTION OF THE PLAN (CONTINUED)

INVESTMENT OPTIONS AND PARTICIPATION (CONTINUED)

The Fidelity Growth Company Fund is a growth mutual fund that seeks capital appreciation. The fund invests in securities of domestic and foreign issuers and seeks to invest in companies that it believes have above-average growth potential.

Details of investments held as of December 30, 2001 and 2000 are set forth in Schedule of Assets (Held at End of Year).

TRANSFER OF ASSETS

The Plan permits the transfer of assets among investment options, with certain restrictions related to transfers to T. Rowe Funds and Scudder Funds. Transfers of matching contributions from the Visteon Stock Fund are allowed once the Participant is vested.

PARTICIPANT LOANS (NOT IN THOUSANDS)

Participants may borrow from the Plan in amounts beginning with a minimum amount of \$1,000, up to a maximum amount not to exceed the lesser of: (a) \$50,000, or (b) 50% of their vested account balances, at an interest rate equal to the annual prime rate as published by the Wall Street Journal. Repayment of any loan is made through employee payroll deductions not less frequently than once per calendar quarter.

FORFEITURES AND PLAN ADMINISTRATION EXPENSES

The Plan permits Visteon to use assets forfeited by participants to pay plan administrative expenses. To the extent that forfeited assets are not available to pay certain administrative expenses, Visteon pays such expenses. At December 30, 2001 and 2000, forfeited nonvested accounts totaled approximately \$79 and \$10, respectively.

ADMINISTRATION

Edgar Filing: VISTEON CORP - Form 11-K

The Plan administrator is responsible for general administration of the Plan for the exclusive benefit of the Plan participants and their beneficiaries, subject to the specific terms of the Plan. Assets of the Plan and related investments are administered by Fidelity Investments (the "Trustee"). It is the Trustee's responsibility to invest Plan assets and the distribute benefits to participants. The Trustee is also responsible for daily administration of Plan activity.

EMPLOYEE STOCK OWNERSHIP PLAN

The Plan operates, in part, as an employee stock ownership plan ("ESOP") and is designed to comply with Code Section 4975(e)(7) and the regulations thereunder, and is subject to the applicable provisions of ERISA.

Visteon contributes its company matching contributions in Visteon stock to the ESOP.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan investments are stated as determined by the Trustee. Purchases and sales are recorded on the trade-date basis.

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

CONTRIBUTIONS

Contributions to the Plan from employees and from Visteon and participating subsidiaries, as defined in the Plan, are recorded in the period that payroll deductions are made from Plan participants.

TRANSFERS AND ROLLOVERS

As of December 30, 2000, the net assets available for benefits includes approximately \$95,081 of transfers from Ford SSIP participants that elected to transfer their account balances to the Plan and \$1,752 of transfers and rollovers from other plans.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Edgar Filing: VISTEON CORP - Form 11-K

RISKS AND UNCERTAINTIES

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
