ITEM 7. FINANCIAL STATEMENTS, PRO FORMA FINANCIAL INFORMATION AND EXHIBITS

(c) EXHIBITS.

EXHIBIT NO. -----	DESCRIPTION -----
99.1	Press Release dated October 23, 2003, "Apache Third Quarter Earnings of \$1.69 per Share Fueled by Record

# Edgar Filing: APACHE CORP - Form 8-K

## Oil and Gas Production, Strong Prices"

### ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On October 23, 2003, Apache issued a press release announcing results for the three and nine month periods ended September 30, 2003. The press release is listed and furnished under Item 7 as Exhibit 99.1 and incorporated herein by reference.

The press release discusses Apache's cash from operations or "cash flow." Cash from operations represents net cash provided by operating activities before changes in operating assets and liabilities. Cash from operations is presented because management believes it is a useful adjunct to net cash provided by operating activities under accounting principles generally accepted in the United States (GAAP). Cash from operations is widely accepted as a financial indicator of an oil and gas company's ability to generate cash which is used to internally fund exploration and development activities and to service debt. Cash from operations is not a measure of financial performance under GAAP and should not be considered as an alternative to cash flows from operating, investing, or financing activities, as an indicator of cash flows, or as a measure of liquidity. The following table reconciles net cash provided by operating activities to cash from operations.

	FOR THE THREE MONTHS ENDED SEPTEMBER 30,		FOR ENDE
	2003	2002	2003
	(In thousands)		
Net cash provided by operating activities	\$ 854,944	\$ 385,184	\$ 2,079,
Changes in operating assets and liabilities	(124,915)	(17,460)	(66,
Cash from operations	\$ 730,029	\$ 402,644	\$ 2,012,

The press release discusses Apache's earnings per share before non-cash adjustments, a non-GAAP financial measure. Earnings per share before non-cash adjustments, a non-GAAP financial measure, excludes the impact of currency fluctuations (FX) on deferred taxes that management deems not representative of the Company's financial performance. Management believes this measure provides a clearer understanding of the Company's financial results and enables investors to better compare its results with those of other companies.

	FOR THE PERIODS ENDED SEPTEMBER 30, 200	
	THREE MONTHS	NINE MONTH
Earnings per share	\$1.69	\$5.27
Non-cash impact of FX on deferred taxes	0.12	0.48
Earnings per share including non-cash impact on deferred taxes	\$1.81	\$5.75
