BUSINESS OVERVIEW

We are a leading facilities-based provider of integrated telecommunications and Internet services to businesses and other high-usage customers and telecommunications operators in 165 combined access points in Moscow, Kiev, St. Petersburg, Nizhny Novgorod, Krasnoyarsk and other major population centers throughout Russia and other countries of the Commonwealth of Independent States ("CIS").

We organize our operations into the four business groups, as follows:

- Business and Corporate Services. Using our fiber optic and satellite-based networks in and between major metropolitan areas of Russia, Ukraine and other countries of the CIS, we provide business and corporate services including voice and data services to corporate clients across all geographical markets and all industry segments, other than telecommunications operators;
- Carrier and Operator Services. Using our fiber optic and satellite-based networks in and between major metropolitan areas of Russia, Ukraine and other countries of the CIS, we provide a range of carrier and operator services including voice and data services to foreign and Russian

Edgar Filing: GOLDEN TELECOM INC - Form S-3

telecommunications and mobile operators;

- Consumer Internet Services. Using our fiber optic and satellite-based networks, we provide dial-up Internet access to the consumer market and web content offered through a family of Internet portals throughout Russia, Ukraine, and Kazakhstan; and
- Mobile Services. Using our mobile networks in Kiev and Odessa, Ukraine, we provide mobile services with value-added features, such as voicemail, roaming and messaging services on a subscription and prepaid basis.

We intend to offer all of our integrated telecommunication services under the Golden Telecom brand although due to the recent acquisition of OAO Comincom ("Comincom"), some services still carry the Combellga brand. Our dial-up Internet services are distributed under the ROL brand in Russia and Kazakhstan and under the Svit-On-Line brand in Ukraine.

Additionally, we hold a minority interest in MCT Corp. ("MCT"), which in turn has ownership interests in 15 mobile operations located throughout Russia and in Uzbekistan and Tajikistan. We treat our ownership interest in MCT as an equity method investment and are not actively involved in the day-to-day management of its operations. In August 2003, MCT concluded a binding agreement with OJSC Mobile TeleSystems ("MTS") on the sale of five of its cellular operators. MTS acquired these five cellular operators from MCT for approximately \$70.0 million and assumed certain guarantees as part of the transaction.

We believe that we are well positioned to maintain and consolidate our strong presence in the Russian and CIS telecommunications markets for the following reasons:

- our early market entry and local market experience;
- our focus on service, quality and reliability;
- our strong infrastructure position in Moscow, Kiev, St. Petersburg, Nizhny Novgorod and Krasnoyarsk;
- our extensive customer base;
- our extensive range of integrated voice, data and Internet data telecommunications services;
- our influential shareholder base; and
- our strong balance sheet position.

In September 2002, we purchased the 50% of EDN Sovintel ("Sovintel") that we did not own from OAO Rostelecom ("Rostelecom"), the Russian national long distance carrier. As a result of this purchase, we

2

now own 100% of Sovintel. In April 2003, we merged the operations of TeleRoss, our wholly-owned subsidiary, into Sovintel.

In August 2003, we acquired 100% of OOO Sibchallenge Telecom ("Sibchallenge"), the leading alternative wireline operator in Krasnoyarsk, Russia. Sibchallenge owns 100% of the ownership interests in ZAO Tel, an Internet service provider, also based in Krasnoyarsk.

In December 2003, we acquired 100% of the shares of Comincom, and its

Edgar Filing: GOLDEN TELECOM INC - Form S-3

wholly-owned subsidiary, OAO Combella, from Nye Telenor East Invest AS ("Telenor"). As part of this transaction, we issued shares to Telenor representing 19.5% of our shares outstanding after the acquisition.

Our principal executive offices are located at Representation Office, Golden TeleServices, Inc., 1 Kozhevnichesky Proezd, Moscow, Russia, 115114 and our telephone number is (011-7)501-797-9300.

Our common stock is traded on the Nasdaq National Market under the symbol "GLDN".

You should consider all the information contained in the captions "Risk Factors" on page 5 of this prospectus before making an investment in our common stock. In particular, you should consider the factors described under "Factors that may adversely affect future results" in our 2003 Annual Report on Form 10-K, which is incorporated herein by reference.

Shareholders' Agreement..... We are party to a shareholders' agreement with the Selling Stockholders, other than the EBRD, and certain other of our major shareholders. The shareholders' agreement governs certain aspects of the relationship of the Selling Stockholders, other than the EBRD, with us, including the right of the Selling Stockholders, other than the EBRD, to nominate directors and the acquisition, disposition and voting of shares of common stock beneficially owned by the Selling Stockholders that are party to that agreement.

Standstill Agreement..... We are party to a standstill agreement with the Selling Stockholders, other than the EBRD, and certain other of our major stockholders. Similar "standstill" provisions are applicable to Capital and Barings whereby neither of these entities' shareholdings may exceed 20% of our outstanding shares of common stock. The standstill agreement grants the stockholders party to that agreement pre-emptive rights if we issue any equity, with limited exceptions. The standstill agreement expires on June 1, 2005 or earlier if certain events occur.

Risk Factors..... Prospective purchasers of shares of common stock should consider carefully the matters set forth under the caption "Risk Factors" on page 5 of this prospectus and "Factors that may adversely affect future results" in our 2003 Annual Report on Form 10-K.

Trading..... Our common stock is traded on the Nasdaq National Market under the symbol "GLDN".

4

RISK FACTORS

You should carefully consider the following risk factors and the additional risk factors set forth in our 2003 Annual Report on Form 10-K and other periodic filings with the Securities and Exchange Commission relating to us, as well as other information contained in this prospectus and in documents we incorporate by reference before deciding to invest in shares of our common stock. Our

Edgar Filing: GOLDEN TELECOM INC - Form S-3

business, financial condition or results of operations have been, and could be, materially adversely affected by the risks faced by us described below and elsewhere in this prospectus and the documents we incorporate by reference. If any of such risks actually occur the trading price of our common stock could decline, and you could lose all or part of your investment.

This prospectus and the documents that we incorporate by reference also contain forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus and the documents we incorporate by reference.

FACTORS THAT MAY ADVERSELY AFFECT FUTURE RESULTS

OUR SHARE PRICE HAS BEEN AND MAY CONTINUE TO BE HIGHLY VOLATILE

The price of our shares has been subject to significant volatility since our initial public offering in 1999. In addition, a number of particular factors may adversely affect the market price of our shares or cause the market price to fluctuate and decline materially. These factors, which are described in greater detail in our 2003 Annual Report on Form 10-K, include:

- issues concerning the perceived risks of investing in Russia and the CIS, including significant ownership of our shares by a company that is part of a large Russia-based financial and industrial concern;
- the limited number of our shares available for trading in public markets;
- the potential sale of large blocks of our shares by our management or large shareholders;
- mergers and strategic alliances in the telecommunications industry; and
- inconsistent or restrictive government regulation in the Russian and Ukrainian telecommunications industries.

In recent years, the market for stock in technology, telecommunications and computer companies has been highly volatile. This is particularly true for companies with a relatively small capitalization, such as ours.

LARGE BLOCKS OF OUR SHARES WILL BE AVAILABLE FOR RESALE FOLLOWING THIS OFFERING WHICH COULD HAVE A NEGATIVE IMPACT ON OUR SHARE PRICE

The volume of our shares that trades daily on the Nasdaq National Market has traditionally been low. This relatively low liquidity has meant that relatively small trades of our shares have, at times, had significant effects on our share price. After this offering, there will be large blocks of shares available for resale. A sale of these shares, as well as the market's anticipation of such a sale, could have a negative impact on our share price.

FORWARD LOOKING STATEMENTS

SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

Some of the statements contained in this prospectus and other parts of this document, including, without limitation, our intention to offer all of our services under the Golden Telecom brand and our expectation that we will continue to pay dividends are forward-looking and concern our projected operations, economic performance and financial condition. These forward-looking statements are made pursuant to the safe harbor provisions of the Securities Litigation Reform Act of 1995. It is important to note that such statements

involve

5

risks and uncertainties and actual results may differ materially from those expressed or implied by such forward-looking statements. Among the key factors that have a direct bearing on our results of operations, economic performance and financial condition are the commercial and execution risks associated with implementing our business plan, the political, economic and legal environment in the markets in which we operate, increasing competitiveness in the telecommunications and Internet-related businesses that may limit growth opportunities, and downward price pressures on some of the services that we offer. These and other factors are discussed in this prospectus. Additional information concerning factors that could cause results to differ materially from those in the forward looking statements are contained in our filings with the SEC and especially in the Risk Factors sections therein, including, but not limited to, the Company's annual report on Form 10-K for the year ended December 31, 2003.

In addition, any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, through the use of words or phrases such as "will likely result," "are expected to," "estimated," "intends," "plans," "projection" and "outlook") are not historical facts and may be forward-looking and, accordingly, such statements involve estimates, assumptions and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements. Any such statements are qualified in their entirety by reference to, and are accompanied by, the factors discussed throughout this Prospectus and investors therefore should not place undue reliance on any such forward-looking statements.

Further, any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. New factors may emerge from time to time, and it is not possible for management to predict all of such factors. Further, management cannot assess the impact of each such factor on the Company's business or the extent to which any factor or combination of factors may cause actual results to differ materially from those contained in any forward-looking statements.

DIVIDEND POLICY

In February 2004, our Board of Directors declared a cash dividend of \$0.20 per common share to stockholders of record as of March 18, 2004. The total amount payable to stockholders is approximately \$7.2 million. We believe that we have reached a level of operating profitability that allows for capital expenditures on expansion and maintenance to be financed entirely from operational cash flows, and therefore we expect that a dividend will continue to be paid in the future.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock by the Selling Stockholders in this offering. All proceeds from the sale of the common stock sold in the offering will be for the account of the Selling Stockholders.

6

Edgar Filing: GOLDEN TELECOM INC - Form S-3

SELLING STOCKHOLDERS

The following table sets forth certain information regarding ownership of our shares of common stock and rights to acquire our shares of common stock by each of the Selling Stockholders under this prospectus. For the purposes of this table, a person or group of persons is deemed to have "beneficial ownership" of any shares which that person or group of persons has the right to acquire within 60 days after such date, but such shares are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person.

The percentage of ownership for each beneficial owner is based upon 35,948,094 shares of common stock issued and outstanding as of December 31, 2003. The column showing ownership after completion of the offering assumes that the Selling Stockholders will sell all of the securities offered pursuant to this prospectus. The Selling Stockholders listed in the table may have sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of their shares of common stock since the date on which the information in the table is presented. Information about the Selling Stockholders may change over time. Any change in this information will be set forth in prospectus supplements, if required.

The Selling Stockholders will receive all of the net proceeds from the sales of the shares of common stock and will pay all underwriting discounts and selling commissions together with certain fees and expenses of the underwriter's counsel.

Each of the Selling Stockholders, other than EBRD, has nominees appointed to our board of directors.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 100,000,000 shares of common stock, par value \$0.01 per share, and 10,000,000 shares of preferred stock, par value \$0.01 per share.

7

The following summary of the rights, privileges, restrictions and conditions of each of the classes of shares we have issued does not purport to be complete and is subject to the detailed provisions of, and qualified in its entirety by reference to, our Certificate of Incorporation and By-laws, and to the applicable provisions of the General Corporation Law of the State of Delaware, which we refer to as the DGCL.

OUR COMMON STOCK

As of December 31, 2003, we have issued and outstanding 35,948,094 shares of common stock, par value \$0.01 per share. Shareholders are entitled to one vote for each share held of record on all matters upon which shareholders have the right to vote. There are no cumulative voting rights. All shares of common stock offered by the Selling Stockholders are validly issued, fully paid and non-assessable. Stockholders are entitled to such dividends as may be declared from time to time by the Board of Directors out of funds legally available for that purpose. Upon dissolution, stockholders are entitled to share pro rata in our assets remaining after payment in full of all of our liabilities and obligations, including payment of the liquidation preference, if any, of any preferred stock then outstanding.

As of December 31, 2003, we have 904,272 options outstanding that were granted under our stock option plan and 831,808 options remain available for grant under that plan.

OUR PREFERRED STOCK

Our board of directors has the power to issue 10,000,000 shares of \$0.01 par value preferred stock. There are no issued and outstanding shares of preferred stock, and no preferred stock is being offered pursuant to this prospectus.

Our board of directors may authorize the issuance of one or more series of preferred stock having rights, including voting, conversion and redemption rights, and preferences, including dividend and liquidation preferences, that our board of directors may determine, without further action by our stockholders.

The issuance of preferred stock by our board of directors could adversely affect the rights of the holders of common stock. For example, our Board of Directors could cause to be issued a series of preferred stock would have preferences over the common stock with respect to dividends and liquidation and that could, upon conversion or otherwise, have all the rights appurtenant to the common stock.

The public offering price for shares of common stock is \$ _____ per share of common stock. UBS Limited proposes to offer the shares of common stock initially at the offering price on the cover page of this prospectus. The shares of common stock to be sold in the offering will be offered in the United States by UBS Limited through US broker-dealer affiliates or agents. Subject to applicable law, UBS Limited may also offer the shares of common stock outside of the United States.

Neither we, the Selling Stockholders, nor any of our officers or directors are subject to any contractual restrictions in the underwriting agreement on further sales or other dispositions of any of the shares of common stock they hold after the offering.

Edgar Filing: GOLDEN TELECOM INC - Form S-3

Our shares of common stock are quoted on the Nasdaq National Market under the symbol "GLDN."

We and the Selling Stockholders have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriter may be required to make in respect thereof.

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. Pursuant to SEC regulations, the underwriter may not, throughout the period of distribution under this prospectus, bid for or purchase shares of our common stock. The foregoing restriction is subject to certain exceptions, provided such bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in or raising the price of such securities. These exceptions include a bid or purchase permitted under the SEC rules relating to market stabilization and passive market making activities and a bid or purchase made to and on behalf of a customer where the order was not solicited during the period of distribution. Pursuant to the first of these exceptions, in connection with this offering, the underwriter may effect transactions which stabilize or maintain the market price of the shares of common stock at levels other than those that might otherwise prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

Subject to the foregoing, in order to facilitate this offering, the underwriter may purchase and sell shares of common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriter of a greater number of securities than they are required to purchase in this offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of such securities while this offering is in progress. The underwriter also may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in this offering are reclaimed if shares of common stock previously distributed in this offering are repurchased in connection with stabilization transactions or otherwise. These activities by the underwriter may stabilize, maintain or otherwise affect the market price of the shares of common stock. As a result, the price of the shares of common stock may be higher than the price that might otherwise exist in the open market. If these activities are commenced, they may be discontinued by the underwriter at any time. These transactions may be effected on the Nasdaq or otherwise.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal or investigative (other than an action by or in the right of the corporation). A corporation may indemnify such person if he is or was a director, officer, employee or agent of the corporation. A corporation may also indemnify such person if he is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, venture, trust or other enterprise. Such person may recover the following from the corporation:

- expenses, including attorneys' fees;
- judgments;
- fines; and
- amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

A Delaware corporation may indemnify any person in connection with a proceeding by or in the right of the corporation to procure judgment in its

Edgar Filing: GOLDEN TELECOM INC - Form S-3

favor against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense or settlement of such action, except that indemnification shall not be made in respect thereof if such person shall have been adjudged to be liable to the corporation unless, and then only to the extent that, a court of competent jurisdiction shall determine upon application that despite such adjudication such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

A Delaware corporation may pay for the expenses, including attorneys' fees, incurred by a director or officer in defending a proceeding in advance of the final disposition upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's bylaws, disinterested director vote, stockholder vote, agreement, or otherwise.

II-1

Under the DGCL, to the extent that a person is successful on the merits or otherwise in defense of a suit or proceeding brought against such person by reason of the fact that such person is or was a director, officer, employee or agent of Golden Telecom or is or was serving at the request of Golden Telecom as a director, officer, employee or agent of another corporation, partnership, venture, trust or other enterprise, such person shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred in connection with such action.

Section 102(b)(7) of the DGCL permits a corporation to include in its certificate of incorporation a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omission not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DGCL (relating to unlawful payment of dividends and unlawful stock purchase and redemption) or (4) for any transaction from which the director derived an improper personal benefit.

The By-laws further provide that we shall indemnify our directors and officers to the fullest extent permitted by the DGCL.

The DGCL permits the purchase of insurance on behalf of directors and officers against any liability asserted against directors and officers and incurred by such persons in such capacity, whether or not the corporation would have the power to indemnify such person against such liability.

Our directors and officers are covered under directors' and officers' liability insurance policies that we maintain.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to members of the board of directors, officers, employees or persons controlling the Company pursuant to the foregoing provisions, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

ITEM 17. UNDERTAKINGS

(a) The undersigned Registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Edgar Filing: GOLDEN TELECOM INC - Form S-3

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Commission by the registrant under Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

2. For the purposes of determining any liability under the Securities Act of 1933, each filing of the Company's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchanges Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant, pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
