Group 1 Automotive, Inc. 401(k) Savings Plan

We have audited the accompanying Statements of Net Assets Available for Benefits of the Group 1 Automotive, Inc. 401(k) Savings Plan as of December 31, 2005 and 2004, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2005, the supplemental Schedule H, Line 4a Schedule of Delinquent Deposits of Participant Contributions for the year ended December 31, 2005, and the supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2005. These financial statements and supplemental schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and supplemental schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States) Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Group 1 Automotive, Inc. 401(k) Savings Plan as of December 31, 2005 and 2004, and the changes in the net assets available for benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4a Schedule of Delinquent Deposits of Participant Contributions for the year ended December 31, 2005 and the supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2005 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004**

Note 1 Description of Plan

The following description of the Group 1 Automotive, Inc. (Company or Sponsor) 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, adopted July 1, 1999, covering all employees of the Company who have six months of service and are age eighteen and over. The Plan was amended October 21, 2004 to state that effective January 1, 2005, all employees of the Company who have 90 days of service and are age eighteen and over are eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 15% of pretax annual eligible compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan, including shares of Company stock. The Company may contribute a discretionary amount based on the amount the participant contributes to the Plan. The Board of Directors shall determine, by business unit, whether employer matching contributions will be made for the plan year, the matching percentage, and the percentage of a participant's compensation upon which the match shall be based for each payroll period. The matching Company contribution may be in the form of cash or shares of Company stock or a combination, but has been historically in cash. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings, and, at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service. A participant's interest in the contributions made by the employer begins vesting at 20% after one year of service, increasing 20% each year thereafter, with the participant 100% vested after 5 years.

**GROUP 1 AUTOMOTIVE, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2005 and 2004**

Forfeitures: The Plan allows the use of forfeitures to pay for Plan administrative expenses or to reduce employer contributions to the Plan. At December 31, 2005 and 2004, forfeited nonvested accounts totaled \$227,562 and \$78,646, respectively. Also, in 2005, forfeited nonvested accounts were used to reduce employer contributions by \$70,000 and to pay for plan administrator expenses of \$102,145.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The participant may elect to have the distribution received in cash or in shares of Company stock.

In-service Withdrawals: A participant may withdraw from his or her rollover contribution account any or all amounts held in such account at any time. A participant who has attained age 59^{1/2} may withdraw from his or her account an amount not exceeding his or her vested account balance. A participant who has suffered financial hardship may withdraw the lesser of his or her vested account balance or the amount of financial hardship as defined in the Plan.

Loan Provisions: Participants may borrow from their fund accounts the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest.

Note 2 Summary of Significant Accounting Policies

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Quoted market prices are used to value investments in common stock and mutual funds. Shares of common/collective funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are reported at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Basis of Accounting: The financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

The Internal Revenue Service has ruled in a letter dated September 24, 2001, that the Plan is designed under the applicable sections of the Internal Revenue Code (IRC) and, therefore, is not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.
