Edgar Filing: ATLANTIC TELE NETWORK INC /DE - Form DEF 14A

The plan not approved by the stockholders is the Director's Remuneration Plan adopted by the Board in 1999, which permits Directors, who are not officers or employees, to defer either 50% or 100% of annual retainer in the form of common stock of the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) requires the Company's directors and officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in ownership of the Company's Common Stock. Directors, officers and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, during the Company's fiscal year ended December 31, 2002, all Section 16(a) filing requirements as well as all American Stock Exchange filing requirements applicable to its directors, officers and ten-percent stockholders have been satisfied except as follows: Form 3 with respect to the election of Sam Sigarto as an executive officer in December 2002 and Form 4 with respect to the sale by Lawrence Fuccella of 2,500 shares of common stock in November 2002 which were filed late.

In making these statements, the Company has relied upon written representations of its directors, officers and ten-percent stockholders and copies of reports they have filed with the SEC.

Benefit Plans

Until December 30, 1997, Company employees were covered by the Atlantic Tele-Network, Inc. Defined Benefit Plan for Salaried Employees; however, as of the consummation on that date of the spin-off of Emerging Communications, Inc. (ECI) with the U.S. Virgin Islands operation of the Company and its subsidiaries, all obligations for that plan were assumed by ECI. From 1998 to 2002, the Company provided a Simplified Employee Pension Plan, commonly know as SEP-IRA, for its employees. The plan provided for contribution percentages of 0% to 15% of compensation, up to a maximum contribution of \$24,000 per participant. Any Company contributions made to the SEP-IRA, with the same percentage of compensation contributed for each employee, are subject to the limits noted above. This plan was discontinued in 2002 and will be replaced by a 401(k) retirement savings plan in 2003.

Pursuant to Mr. Prior's employment contract with a subsidiary of the Company, he was entitled upon retirement from that subsidiary to a supplemental pension benefit over and above the benefits provided under a defined benefit plan maintained by that subsidiary. In the split-up of the Company in December 1997, that subsidiary became a subsidiary of ECI and Mr. Prior retired from the employ of that subsidiary. Mr. Prior has brought suit against that subsidiary for payment in a lump sum of his supplemental pension benefits that have been calculated to be approximately \$725,000 as of October 1, 1998. That subsidiary has denied responsibility for payment of Mr. Prior's supplemental pension and, among other things, has asserted that in the split-up of the Company in December 1997, the obligation for Mr. Prior's supplemental pension became an obligation of the Company. If the subsidiary should succeed with its defense against Mr. Prior's claim, the Company may be obligated to pay the supplemental pension benefit to Mr. Prior.

Compensation Committee Interlocks and Insider Participation

The members of the Company's Audit and Compensation Committee in 2002 were Charles Roesslein, Chairman, Ernst Burri and Henry Wheatley. During or prior to the Company's fiscal year ended December 31, 2002, none of these members were an officer or employee of the Company or its subsidiaries and, to the Company's knowledge, had no relationships requiring disclosure under the SEC Rules. In making these statements, the Company has relied upon written representations of its directors.

Audit Committee Report and Compensation Committee Report on Executive Compensation

One of the functions of the Audit and Compensation Committee (the Committee) is to review the compensation of the senior management of the Company. In March 2002, the Committee reviewed the compensation of the chief executive officer and the other executive officers of the Company in the light of the Committee members' own business experience, and the chief executive officer's recommendation as to the compensation for each of the officers. The Committee determined that no adjustment should be made in the current compensation levels of the chief executive officer and agreed with the chief executive officer's recommendation as to the compensation of the other executive officers of the Company, and so recommended to the Board.

The Committee also administers the Company's 1998 Stock Option Plan. In May 2002, the Committee granted options on 50,000 shares of common stock under this Stock Option Plan to Lawrence Stewart, Vice President - Corporate Development of the Company.

The Committee considers that stock options under the 1998 Stock Option Plan will be a useful long-term incentive for key employees of the Company, including executive officers. The Committee determines the number of shares for which options will be granted on the basis of performance, potential and other subjective factors. However, no set criteria will be used and other factors may influence the Committee's determination with respect to the number of shares granted, such as the promotion of an individual to a higher position, a desire to retain a valued executive or the number of shares then available for grant under the Plan.

Another role of the Committee is to evaluate audit performance, handle certain relations with the Company's independent accountants and evaluate policies and procedures relating to internal accounting functions and controls. This section of the report relates to the activities taken by the Audit Committee in fulfilling such role.

The Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002. This review included a discussion of the quality and the acceptability of the Company's financial reporting and controls.

The Committee also reviewed with the Company's independent accountants, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards including Statement on Auditing Standards No. 61. In addition, the Committee discussed with the independent accountants their independence from management and the Company, including the matters in their written disclosures required by the Independence Standards Board including Standard No. 1.

The Committee further discussed with the Company's then chief accounting officer and independent accountants the overall scope and plans for their respective audits. The Committee meets periodically with the chief financial officer, chief accounting officer and independent accountants to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

All Eligible Directors have the option under a Director's Remuneration Plan adopted by the Board in 1999 of receiving either 50% or 100% of their annual retainer in the

Edgar Filing: ATLANTIC TELE NETWORK INC /DE - Form DEF 14A

form of Company Common Stock on a deferred basis. For purposes of these elections, such stock is valued at the mean between the high and low reported sales prices of such stock in the last trading day in the month preceding the date of the election. In addition, future Eligible Directors will be given a one time grant of 1,000 shares of Company Common Stock upon their initial election or appointment to the Board which will vest (i) two years after such grant based on continuous service on the Board, (ii) upon termination of service on the Board by reason of death or permanent disability or (iii) upon a change of control, as defined under the Directors Remuneration Plan (the Plan).

All Eligible Directors have elected to defer either 50% or 100% of their unpaid annual retainer for 2003-2004 in the form of Company Common Stock under the Plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2000 the Company bought from the Chairman of the Board and Chief Executive Officer of the Company (the Chairman) certain licenses and a company called Antilles Wireless Cable T.V. (Antilles Wireless). The Company was represented by its outside directors, who hired independent counsel and Corporate Valuation Advisory, Inc. to advise them. One of the provisions of the sale contract was that the Chairman would reimburse the Company up to \$1.5 million if certain licensed business activities of Antilles Wireless did not generate gross profits of \$6 million cumulatively in calendar years 2000, 2001 and 2002. At the end of 2002 the Chairman would have owed the Company approximately \$1.2 million pursuant to this provision. The contract also provided that the Chairman pledge the 242,424 shares of the Company which constituted part of the consideration paid by the Company for Antilles Wireless as security for his obligations under the contract.

The independent directors of the Company, after consulting independent counsel and corporate counsel, by a majority vote decided to extend the time period for measuring the cumulative gross profits of the specified businesses through 2004, to increase the target profit to \$6.5 million and to extend the period of the aforementioned pledge. The primary reason for this amendment was the view of the majority of the independent directors that the intention of establishing a period for reimbursement was to confirm the fair value of Antilles Wireless and that unforeseen circumstances made the 2000 to 2002 period an unfair measuring period. The unforeseen circumstances included siting problems, technical problems on the conversion to digital technology, and additional business acquisitions approved by the Board of Directors which were combined with Antilles Wireless and impeded development of the licensed activities. The amendment also continues the provision which allows the Chairman to earn an additional payment if gross profits during the five year period exceed a specified amount, which amount was increased from \$12 million to \$13 million.

During 2001, the Company acquired a significant minority interest in LighTrade, Inc. for \$5,000,000. LighTrade was a Washington, D.C.-based company in the developmental stage, which was seeking to establish a series of market-participant neutral pooling points in major cities in the U.S. and abroad to enable telecommunications carriers and service providers to interconnect with each other and to help create a public market for trading bandwidth. At the time of the Company's investment, the son of the Chairman of the Board and Chief Executive Officer of the Company was an officer of LighTrade, and over a year prior to the Company's investment the Chairman had personally invested \$100,000 in LighTrade. The decision to invest in LighTrade was made by a unanimous vote of the Company's directors after disclosure of the above relationships, which were not a factor in the Board's decision to approve the investment. Following the investment, the Company recommended and LighTrade appointed Mr. Roesslein to its Board of Directors. Later, in May 2002 Mr. Roesslein became a director of the Company. In July, 2001, the Chairman made an unsecured loan of \$500,000 to LighTrade, and the Company made secured loans to LighTrade of \$250,000 in August, 2001 and \$320,000 in January, 2002. These loans enabled LighTrade to secure a \$5,000,000 equity investment by an unaffiliated investor. During the first quarter of 2002, LighTrade filed for Chapter 7 bankruptcy protection. The Company believes that it will be able to recover some or all of the amounts previously lent to LighTrade based on the Company's security interest in certain assets of LighTrade.

INFORMATION CONCERNING INDEPENDENT AUDITORS

PricewaterhouseCoopers (PwC) audited the Company s accounts for 2002. On recommendation of the Board s Audit and Compensation Committee, the Board of Directors has appointed PwC as independent certified public accountants for the fiscal year ended December 31, 2003.

Representatives from PwC will be present at the Annual Meeting of Stockholders, will be given the opportunity to make a statement if they so desire, and will be available to respond to any appropriate questions.

Arthur Andersen LLP audited the Company s accounts for 1998, 1999, 2000 and 2001. On July 22, 2002, the Board of Directors, upon the recommendation of its Audit Committee, decided not to re-engage Arthur Andersen LLP (Andersen) as the Company s principal public accountants and engaged PricewaterhouseCoopers LLP to serve as the Company s principal public accountants for fiscal year 2002.

Andersen s reports on the consolidated financial statements of the Company and its subsidiaries for the two most recent fiscal years ended December 31, 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company s two most recent fiscal years ended December 31, 2001 and the subsequent interim period through July 22, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Andersen s satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports; and there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-K.

At that time, the Company provided Andersen with a copy of the foregoing disclosures. Andersen informed the Company that it was unable to provide a letter stating whether it is in agreement with such statements.

During the Company s two most recent fiscal years ended December 31, 2001 and the subsequent interim period through July 22, 2002, the Company did not consult PricewaterhouseCoopers LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.
