Item 5.02: Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On December 16, 2008, the Compensation Committee of the Board of Directors (the Committee) of Capstead Mortgage Corporation (the Company) took certain compensation-related actions.

Fiscal 2008 Annual Incentive Compensation Payouts

As discussed in a previous filing on Form 8-K, on September 11, 2008 the Committee and the Board of Directors limited payouts to be made for the year ended December 31, 2008 under the Company's annual incentive compensation program to a maximum of \$6 million. As is more fully described in the Company's annual report to stockholders and definitive proxy statement, under this program an incentive formula is adopted each year for the creation of an incentive pool solely for the purpose of establishing amounts available to be paid as incentive compensation to employees for that year. While adoption of the incentive formula provides a mechanism for determining amounts to be included in the incentive pool, the Committee has discretion to administer incentive programs in a manner it deems appropriate in order to recognize and reward performance.

With the strong anticipated performance of the Company in 2008, the formula adopted in December 2007 would have produced an incentive pool well in excess of original expectations. Consequently, the Committee believed, and the Board of Directors concurred, it was in the best interests of stockholders to limit payouts from the incentive pool to a maximum, capped amount of \$6 million for the entire year.

On December 16, 2008, the Committee approved incentive compensation payouts for 2008 at the maximum, capped amount of \$6 million for the Company's named executive officers and other officers and employees to be distributed as follows:

| | |
|---|--------------|
| Andrew F. Jacobs President and Chief Executive Officer | \$ 1,750,000 |

Performance-based Stock Awards

The Amended and Restated 2004 Flexible Long-Term Incentive Plan (the 2004 Plan) provides the Company with the flexibility to offer key officers, employees and directors performance-based stock incentives and other equity interests in the Company and other incentive awards that recognize the

creation of value for the stockholders of the Company and promote the Company's long-term growth and success. On December 16, 2008, the Compensation Committee approved the grant of performance-based stock awards for the Company's named executive officers and other officers and employees as follows:

| | Number of Shares |
|---|-----------------------------|
| Andrew F. Jacobs President and Chief Executive Officer | 41,000 |
| Phillip A. Reinsch Executive Vice President, Chief Financial Officer and Secretary | 22,900 |
| Robert R. Spears, Jr. Executive Vice President - Director, Residential Mortgage Investments | 27,500 |
| Michael W. Brown Senior Vice President - Asset and Liability Management and Treasurer | 14,700 |
| All other officers and employees | 34,559 |

The first 50% of these performance-based stock awards vest provided the performance criteria pertaining to a three-year measurement period ending December 31, 2011 are met. The remaining 50% vests provided the performance criteria pertaining to a three-year measurement period ending December 31, 2012 are met. If the performance criteria are not met at the end of a three-year measurement period, a new three-year measurement period will be established to include the subsequent year, up to and including the year 2015. If the performance criteria are not met for a three-year measurement period ending December 31, 2015, any remaining unvested stock awards will lapse. The performance criteria establishes an annualized threshold return on the Company's long-term investment capital, subject to certain adjustments, of the greater of 8.0% or the average 10-year U.S. Treasury rate plus 2.0% that must be exceeded for the awards to vest.

With the granting of these stock awards, the status of the Company's 2004 Plan is as follows:

| | |
|--|-----------|
| Number of securities to be issued upon exercise of outstanding options | 555,750 |
| Number of securities remaining available for future issuance | 1,358,298 |
