### VOTING RIGHTS; VOTES REQUIRED FOR APPROVAL

The Board fixed the close of business on April 25, 2003 as the record date for the determination of stockholders entitled to receive notice of, and to vote at, the Meeting. At the close of business on the record date, there were outstanding and entitled to vote 3,120,591 shares of Common Stock. Every stockholder of record on the record date is entitled to one vote for each share of Common Stock then held.

The presence of a quorum is required to conduct business at the Meeting. A quorum is defined as a majority of all the shares of Common Stock entitled to vote at the Meeting, present in person or by proxy. Votes withheld from director nominees and abstentions will be counted in determining whether a quorum has been reached.

The affirmative vote of (i) a plurality of the shares present at the Meeting and entitled to vote on the subject matter is required to elect the director nominees to the Board and (ii) a majority of the shares present at the Meeting and entitled to vote on the subject matter is required to ratify the selection of Ernst & Young LLP as the Company's independent auditors and any other business which may properly come before the Meeting.

Abstentions will have the same effect as negative votes, except that abstentions will have

no effect on the election of directors because directors are elected by a plurality of the votes cast. In accordance with the American Stock Exchange rules, brokers holding shares in street name for their customers may vote, in their discretion, on behalf of any customers who do not furnish voting instructions within 10 days of the Meeting on items such as the election of directors and ratification of the selection of auditors.

### ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides that the Board of Directors shall consist of three classes of directors with overlapping three-year terms. One class of directors is to be elected each year with terms extending to the third succeeding annual meeting of stockholders. Each of the two nominees, Robert C. Cargo and Joel H. Goldberg, to be elected as a Class I director at the Meeting will hold office until the Company's annual meeting of stockholders in the year 2006 and until his successor has been duly elected and qualified. The three directors in Class II, Edward H. Cohen, Arthur A. Oliner and Harold J. Raveche, and the three directors in Class III, Mason N. Carter, Albert H. Cohen and David B. Miller, are serving terms expiring at the time of the Company's annual meetings in 2004 and 2005, respectively, and until their respective successors have been duly elected and qualified.

## Edgar Filing: MERRIMAC INDUSTRIES INC - Form DEFR14A

The persons named in the enclosed form of proxy will vote such proxy for the election to the Board of Directors as Class I directors of Robert C. Cargo and Joel H. Goldberg. Dr. Goldberg has previously been elected as a director by the stockholders. Approval of the director nominees requires the affirmative vote of a plurality of the shares present at the Meeting and entitled to vote on the subject matter. If no contrary indication is made, proxies in the accompanying form are to be voted for such nominees or, in the event any such nominee is not a candidate or is unable to serve as a director at the time of the election (which is not now expected), for any nominee who shall be designated by the Board to fill such vacancy, unless the Board shall determine to reduce the number of directors pursuant to the By-laws. There is no arrangement or understanding between any director or nominee and any other person pursuant to which such person was selected as a director or nominee except for David B. Miller, who was elected pursuant to an agreement between the Company and DuPont Electronic Technologies ("DuPont Electronics") which was entered into on February 28, 2002.

to the Company; and (4) addressing corporate governance issues and recommending proposals and actions for the Board's consideration.

### AUDIT COMMITTEE REPORT

The Company's management has the primary responsibility for the financial statements and the reporting process, including the Company's system of internal controls and disclosure controls and procedures. The outside auditors audit the Company's financial statements and express an opinion on the financial statements based on the audit. The Audit Committee oversees (i) the accounting and financial reporting processes of the Company and (ii) the audits of the financial statements of the Company on behalf of the Board of Directors. The Audit Committee operates under a written charter adopted by the Board which is attached hereto as Exhibit A.

We met and held discussions with management and Ernst & Young LLP, the Company's independent auditors for fiscal 2002. Management represented to us that the Company's consolidated financial statements for the fiscal year ended December 28, 2002 were prepared in accordance with generally accepted accounting principles. We discussed the consolidated financial statements with both management and the independent auditors. We also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards Nos. 61 and 90 (Communication With Audit Committees).

The Audit Committee discussed with the independent auditors the overall scope and plans for the audit. We met with the independent auditors, with and without management, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

We discussed with the independent auditors the auditors' independence from the Company and management, including the independent auditors' written disclosures required by Independent Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

During fiscal year 2002, the Company paid Ernst & Young LLP the following fees:

Audit Fees. Approximately \$225,000 for the last annual audit, including review of periodic filings with the SEC.

Financial Information Systems Design and Implementation Fees. No amounts were paid for financial information systems design and implementation.

All Other Fees. Approximately \$67,000 for all other matters (which were primarily related to tax compliance and assistance on tax related matters).

We reviewed the above information concerning the fees paid to the independent auditors for the fiscal year ended December 28, 2002, and have considered whether the provision of these services is compatible with maintaining the independence of the independent auditors.

8

## Edgar Filing: MERRIMAC INDUSTRIES INC - Form DEFR14A

Based on the foregoing, we recommended that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 28, 2002, for filing with the SEC.

The resulting total principal amount of \$360,000 was payable May 4, 2003, and bore interest at a variable interest rate based on the prime rate of the Company's lending bank. This loan was further amended on July 29, 2002. Accrued interest of \$40,000 was added to the principal, bringing the new principal amount of the
