Plan Trustees and Participants

Commerce Bancshares Participating Investment Plan:

We have audited the accompanying statements of net assets available for benefits of the Commerce Bancshares Participating Investment Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for each of the years in the three-year period ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Commerce Bancshares Participating Investment Plan at December 31, 2003 and 2002, and the changes in net assets available for benefits for each of the years in the three-year period ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**COMMERCE BANCSHARES PARTICIPATING INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2003, 2002, and 2001

**(1) Description of the Plan**

*General*

The following description of the Plan is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored by Commerce Bancshares, Inc. (the Company). The Plan is a defined contribution plan covering employees of the Company or a participating subsidiary who are 21 years or older. Employees are eligible to participate as of January 1, April 1, July 1, or October 1 following completion of thirty days of service. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

*Contributions*

Participating employees may elect to contribute to the Plan a maximum of 25% of their earnings as defined by the Plan, and subject to certain limitations under the Internal Revenue Code (not to exceed \$12,000 and \$11,000 in 2003 and 2002, respectively). Additionally, new legislation allows participants who attained the age of 50 during 2003 or 2002 to contribute an additional \$2,000 and \$1,000 catch-up contribution, respectively. All contributions are made on a pretax basis.

The Company and participating subsidiaries contribute 50% of the first 6% of the amount contributed to the Plan by each participant. Participants may make supplemental contributions up to 19% of earnings, which are not considered in determining Company contributions, for a total of 25% pre-tax contribution.

During 2002, participants could direct the investment of their contributions and the matching employer's contributions in any combination of the Commerce Bancshares, Inc. Common Stock Fund (Company Stock Fund), the Commerce Asset Allocation Fund, the Commerce Bond Fund, the Commerce Growth Fund, the Commerce International Equity Fund, the Commerce MidCap Fund, the Commerce Value Fund, the Goldman Sachs Money Market Fund, SSgA S&P 500 Index Fund and Vanguard Total Stock Market Index Fund. In 2003 the Commerce Short Term Government Bond Fund, AIM Funds Group Small Cap Growth A Fund, American Century Equity Income Advisor Class Fund and Vanguard Small Cap Value Index Fund were added as investment options to the Plan.

Participants may roll over funds into the Plan from any qualified plan, subject to the approval of the plan administrator. Rollover contributions earn investment income and share in investment gains or losses. Participants are 100% vested in rollover contributions. Participants direct the investment of their contributions to any of the various investment options offered by the Plan.

Shares of the Company Stock Fund include Commerce Bancshares, Inc. common stock. As a result, cash dividends on Commerce Bancshares, Inc. common stock are paid to the participants. Participants with balances in the Company Stock Fund have the option to reinvest their cash dividends in the Company Stock Fund or have dividends paid to them directly. A participant must be fully vested in their account in order to elect the reinvestment option.

## **Table of Contents**

### *Participant Accounts*

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings. The earnings allocation is based on the performance of the participant's investment fund balances. The benefit to which a participant is entitled is the vested portion of the participant's account.

Participants may make transfers between funds at any time upon notification to the Plan. Participating employees may transfer, at any time, the value (in 1% increments) of the employee's account in any of the funds to another fund offered by the Plan. Participants are allowed to make investment fund transfers once during each calendar month.

### *Participant Loans*

A participant may borrow from the Plan amounts collateralized by the vested portion of his or her Plan account. These loans may not exceed the lesser of \$50,000 or 45% of the participant's vested account balance (excluding employee stock ownership account balances). The loans are repaid through payroll deductions over terms which are based upon the amounts borrowed and normally do not exceed five years. Interest rates charged on participant loans approximate current market rates at the date of the distribution. The participant may continue to make contributions to the Plan throughout the term of the loan.

### *Administrative Expenses*

Certain administrative functions are performed by officers or employees of Commerce Bancshares, Inc. (the Company). No such officer or employee receives compensation from the Plan. All costs and expenses incurred in administering the Plan, other than brokerage commissions incurred in connection with purchases and sales of stock, are paid by the Company.

### *Distributions*

Distributions of vested account balances are available upon termination, subject to the approval of the plan administrator, retirement at or after age 65, death or permanent and total disability. Distributions are made in lump sum amounts to designated beneficiaries and joint survivors.

Contributions to the Plan prior to 1995 were made on either a pre-tax basis or an after-tax basis. After-tax participant and employer contributions (attributable to participant after-tax contributions) and related accumulated earnings are fully vested and available for distribution after seven full years. Participants are vested immediately in their contributions plus actual earnings thereon, however, only upon termination of employment are participants entitled to receive their pre-tax contributions and accumulated earnings thereon. If participants have three or more full continuous years of defined service at the date of employment termination, they may receive full value of their interest in employer pre-tax contributions and accumulated earnings thereon.

### *Forfeitures*

Each participant is 100% vested in employer contributions upon death, disability or attainment of age 65 while still employed by the Company. Forfeitures are based on the nonvested portion of the employer contribution upon employee termination. Forfeited amounts are applied as a reduction of contributions by the Company or by participating subsidiaries. Forfeitures were used to reduce the Company contribution by \$112,718 in 2003 and \$87,525 in 2002. The year end balance of unallocated forfeitures available to offset future Company contributions amounted to \$5,058 and \$1,865 at December 31, 2003 and 2002, respectively.

**(2) Summary of Significant Accounting Policies**

*Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America and present the Plan's net assets available for benefits and changes in those net assets.

*Investment Valuation*

The Plan's investments are held in a trust account at State Street Bank & Trust Co. Shares of the AIM Funds Group Small Cap Growth A Fund, American Century Equity Income Advisor Class Fund, the Commerce Asset Allocation Fund, the Commerce Bond Fund, the Commerce Growth Fund, the Commerce International Equity Fund, the Commerce MidCap Fund, the Commerce Short Term Government Bond Fund, the Commerce Value Fund, the Goldman Sachs Money Market Fund, SSgA S&P 500 Index Fund, Vanguard Small Cap Value Index Fund and Vanguard Total Stock Market Index Fund are stated at the respective Fund's net asset value, which is based on quotations from national securities exchanges. Shares of the Company Stock Fund are based upon the fair values of the underlying investments. Participant loans are valued at cost plus accrued interest, which approximates fair value.

Net appreciation (depreciation) in fair value of investments includes unrealized gains and losses. Also included is the reinvestment of interest and dividends earned on funds invested in the mutual and Company Stock funds. Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Dividend income is recorded on the ex-dividend date.

*Use of Estimates*

The Plan utilizes a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

*Payment of Benefits*

Benefits are recorded when paid.

**(3) Company Stock Fund**

In January 1995, all assets held by the Company's qualified employee stock ownership plan were merged into the Plan and remain under a portion of the Plan that qualifies as an employee stock ownership plan (ESOP). All Company common stock attributable to the ESOP has been fully allocated to participant account balances at December 31, 2003 and 2002 and is held in the Company Stock Fund. Participants must maintain the portion of their account balance attributable to the ESOP in the Company Stock Fund until completing ten years of defined service as well as attainment of the age of fifty-five, at which time they may allocate their ESOP balance to any of the investment options offered by the Plan. The Company Stock Fund included assets of \$35,591,151 and \$29,631,674 at December 31, 2003 and 2002, respectively, which were restricted from transfer to other funds.

Information about the significant components of the changes in these assets is as follows:

**Table of Contents**

In addition, the Company Stock Fund utilizes available cash from participant and employer directed contributions and dividends to purchase Commerce Bancshares Inc. common stock on the open market.

The Company Stock Fund is accounted for on a unitized accounting basis. The fund has a cash reserve in order to provide the liquidity necessary to process daily fund transactions by the close of market each business day. The cash reserve generally represents between one and five percent of the total fund value, and varies depending upon account activity. The reserve may consist of cash or cash equivalents. As of December 31, 2003 and 2002, the cash reserve totaled approximately \$3.2 million and \$3.8 million, respectively.

**(4) Investments**

**(5) Federal Income Taxes**

In a determination letter dated July 11, 2002, the Internal Revenue Service held that the Plan, as amended through August 16, 2001, met the requirements of section 401(a) of the Internal Revenue Code. Under current tax regulations, contributions made by the Company and each of its participating subsidiaries for the benefit of employees are not required to be included in the employees' income until the year or years in which they are distributed or made available to them.

Although the Plan has been amended since receiving the determination letter, the plan administrator is not aware of any activity or transactions that may adversely effect the tax status of the Plan.

**Table of Contents****(6) Transactions with Related Parties**

Because employees may invest in more than one fund, the number of employee participants above exceeds the total number of employee participants.

**(8) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**(9) Subsequent Events**

In March 2004, the Company received notice from the Plan's record keeper, AON Consulting, Inc., that it would no longer provide 401(k) plan recordkeeping services to clients, which includes the Commerce Bancshares Participating Investment Plan, effective July 1, 2004. The Company subsequently initiated and completed a Request For Proposal process to select a new record keeper for the Plan. Fidelity Investments was selected to be the new record keeper and custodian for the Plan. The Commerce Trust Company will continue to provide trustee services.
