Dear Fellow Stockholder:

PROTECT YOUR INVESTMENT VOTE FOR PROPOSAL FOUR.

The important Annual Meeting of Northfield Laboratories Inc. stockholders is less than two weeks away. **Your Board of Directors recommends that stockholders vote FOR all the proposals on the agenda.**

We would especially like to draw your attention to the importance of approving Proposal 4. As further described in our proxy statement, the bid price of shares of our common stock has fallen below the \$1.00 minimum threshold for continued inclusion on the Nasdaq Global Market. **If we do not regain compliance with the minimum bid price requirement prior to December 8, 2008, then Nasdaq will notify us that our securities will be delisted.** We believe delisting would negatively impact the liquidity of our common stock, potentially increase the spread between the bid and ask prices quoted by market makers, and damage our access to equity capital to fund our future operations. **We believe that shareholder approval of the reverse stock split will help regain and maintain compliance with the Nasdaq listing requirements and improve the marketability and liquidity of our common stock.** The proposed amendment to the Restated Certificate of Incorporation would allow our Board to determine the specific reverse stock split ratio within a range of between three and seven pre-reverse split shares for each post-reverse split share.

Your vote FOR PROPOSAL FOUR is extremely important. Approval of the proposal requires the affirmative vote of the holders of at least 80% of outstanding shares. If you do not vote, it will have the same effect as voting *against* the proposal. If you have already cast a vote against or if you abstained on Proposal 4, you can change your vote by simply voting FOR on the enclosed proxy card. *Only your latest-dated proxy card counts.* **Please vote today** by telephone, *via* the Internet, or by signing and returning the enclosed card in the postage-paid envelope provided. Thank you for your support.

Very truly yours,

STEVEN A. GOULD, M.D.

Chairman and Chief Executive Officer
