Registrant's telephone number, including area code: (804) 484-7700

Not Applicable

(Former name or former address, if changed since last report)

2

Item 2. Acquisition or Disposition of Assets.

Performance Food Group Company, a Tennessee corporation (the "Company"), has entered into an agreement to acquire the business described below. Although the filing of this Current Report on Form 8-K is not required until fifteen days following the consummation of the transaction, the Company is filing the report at this time because consummation of the acquisition is probable.

On August 9, 2001, the Company entered into an Agreement and Plan of Merger by and among Fresh International Corp., a Delaware corporation ("Fresh Express"), the Company and PFGC Acquisition Corp., a Delaware corporation and wholly-owned subsidiary of the Company ("Acquisition Sub") (the "Agreement"). Pursuant to the Agreement, the Company will acquire Fresh Express through the merger of Acquisition Sub with and into Fresh Express.

The aggregate consideration that will be paid by the Company will be approximately \$302.0 million, including the repayment of net debt outstanding and the assumption of certain liabilities, payable in cash. The actual purchase price for Fresh Express is subject to adjustments, which are payable in cash, based upon, among other things, Fresh Express' net worth as of the closing date. The Company currently estimates that it will have to pay approximately \$16.0 million in additional purchase price as a result of this net worth adjustment, which amount has been included in the assumed acquisition price of \$302.0

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

million. This amount may be increased or decreased subsequent to the closing date based upon a post-closing review of Fresh Express' net worth as of the closing date. In addition, the Company is obligated to pay the former stockholders of Fresh Express, as additional purchase price, up to \$10.0 million in cash if Fresh Express achieves certain operating targets during a three-year period following closing of the acquisition.

At the closing, the Company will deliver \$15.0 million of the purchase price into an escrow account under the terms and conditions of a separate agreement between the former stockholders of Fresh Express, the Company and the escrow agent to secure the obligations of the former stockholders of Fresh Express to indemnify the Company or Acquisition Sub under the terms of the Agreement (the "Escrow Agreement"). Cash delivered pursuant to the Escrow Agreement may be returned to the Company if the stockholders of Fresh Express have an obligation to indemnify the Company or Acquisition Sub under the terms of the Agreement, in most instances, prior to the first anniversary of the closing.

The assets to be acquired as a result of the acquisition of Fresh Express are used by Fresh Express at its Salinas, California, Colorado Springs, Colorado, Atlanta, Georgia, Chicago, Illinois and Greencastle, Pennsylvania facilities in its packaged salad business, which the Company will continue. The consideration payable under the Agreement was determined through arm's length negotiations between the Company and the Fresh Express stockholders.

Item 5. Other Events

On August 10, 2001, the Company announced that C. Michael Gray would assume the responsibilities as chief executive officer of the Company. Mr. Gray will continue to serve as president of the Company.

3

Item 7. Financial Statements, Pro Forma Information and Exhibits.

(a) Financial Statements of Fresh International Corp. and Subsidiaries.

Independent Auditors' Report
Consolidated Balance Sheets as of February 28, 2001, February 29, 2000 and May 31, 2001 (Unaudited)
Consolidated Statements of Operations for the years ended February 28, 2001 and February 29, 2000 and for the three months ended May 31, 2001 and May 31, 2000 (Unaudited)

(c) Exhibits:

- (2) Agreement and Plan of Merger, dated as of August 9, 2001, by and among Fresh International Corp., Performance Food Group Company and PFGC Acquisition, Inc. (Pursuant to Item 601(b)(2) of Regulation S-K, the schedules of this agreement are omitted, but will be provided supplementally to the Commission upon request.)
- (23.1) Consent of Deloitte & Touche LLP

4

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of
Fresh International Corporation and Subsidiaries:

We have audited the accompanying consolidated balance sheets of Fresh International Corporation and subsidiaries (collectively "the Company") as of February 28, 2001 and February 29, 2000 and the related consolidated statements of operations, stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Fresh International Corporation and subsidiaries at February 28, 2001 and February 29, 2000, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

/s/ DELOITTE & TOUCHE LLP

Salinas, California
May 15, 2001
(August 9, 2001 as to Note 14)

FRESH INTERNATIONAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED FEBRUARY 28, 2001 AND FEBRUARY 29, 2000 AND THREE MONTHS

ENDED MAY 31, 2001 AND MAY 31, 2000

(INFORMATION AS OF MAY 31, 2001 AND THREE MONTHS ENDED MAY 31, 2001 AND 2000 IS UNAUDITED)

1. SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND CONSOLIDATION - The accompanying consolidated financial statements include Fresh International Corp. and its two wholly owned subsidiaries, Fresh International Holding Corporation and TransFRESH Corporation, and their majority-owned subsidiaries (collectively the "Company"). All significant intercompany transactions and balances have been eliminated in consolidation.

The Company is primarily engaged in the production and distribution of prepackaged salads throughout the United States. The Company accounts for its operations as one operating segment. Operations are conducted in five processing facilities. The Company grants credit to its customers, including food wholesalers and retailers across the United States. The Company generally does not require collateral, but performs ongoing credit evaluations of its customers' financial condition and limits its exposure to losses from bad debts by limiting the amount of credit extended whenever deemed necessary.

UNAUDITED INTERIM FINANCIAL INFORMATION. The interim financial information as of May 31, 2001 and for the three months ended May 31, 2001 and 2000 is unaudited and has been prepared on the same basis as the audited financial statements. In the opinion of management, such unaudited financial information includes all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the interim information. Operating results for the three months ended May 31, 2001 are not necessarily indicative of the results that may be expected for the year.

REVENUE RECOGNITION AND RECEIVABLES - Revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred, and collectibility is reasonably assured. Trade accounts receivable represent receivables from customers in the ordinary course of business. Such amounts are recorded net of the allowance for doubtful accounts in the accompanying consolidated balance sheets. Revenues to one customer represented 13% of revenues for the year ended February 28, 2001. At February 28, 2001, amounts receivable from one customer represented 13% of receivables.

RESEARCH AND DEVELOPMENT - The company incurs costs to research and develop new products and packaging technology. Research and development costs are expensed as incurred.

CASH - The Company places its cash with high quality financial institutions. At times such balances may be in excess of FDIC insurance limits.

INVENTORIES - Growing crops are stated at the lower of cost or market. Materials and supplies are stated at the lower of average cost or market. Finished and in-process goods are stated at the lower of cost or aggregate net realizable value.

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

10

PROPERTY, PLANT AND EQUIPMENT is stated at cost and depreciated or amortized using straight-line and accelerated methods over the estimated useful lives ranging from three to forty years.

INVESTMENTS consist of non majority-owned investments in affiliates accounted for using the equity method. The Company recognizes its proportionate share of earnings or losses in the statement of operations.

OTHER ASSETS primarily consists of a note receivable related to the sale of the Dallas facility and goodwill related to processing facility acquisitions, which is amortized using the straight-line method over 10 years. Unamortized balances were \$1,794,000 and \$2,468,000, at February 28, 2001 and February 29, 2000, respectively.

IMPAIRMENT OF LONG-LIVED ASSETS - The Company reviews long-lived assets, including intangible assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the undiscounted future cash flows from the long-lived asset are less than carrying value, a loss equal to the difference between carrying value and the fair market value of the asset is recorded.

DEFERRED COMPENSATION PAYABLE primarily represents amounts due under the Company's Phantom Stock Plan (see Note 10) and amounts due under a deferred compensation plan for which benefit accruals ceased in 1995.

INCOME TAXES - In fiscal year 1999, Fresh International Corporation and TransFRESH Corporation elected S Corporation status and are taxed primarily at the shareholder level. As such, the S Corporation shareholders are required to report their distributive shares of the companies' Federal and state taxable income on their personal income tax returns. Fresh International Holding Corporation and subsidiaries, C corporations, are taxed at the corporate level for Federal and state purposes. The Company accounts for income taxes under the provisions for SFAS No. 109, "Accounting for Income Taxes." Deferred taxes on income result from temporary differences between the reporting of income for financial statements and tax reporting purposes.

USES OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the collectibility of receivables, realizable value of inventories and the useful lives of property. Actual results could differ from those estimates.

RECENTLY ISSUED ACCOUNTING STANDARD - In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 137 and No. 138, which defines derivatives, requires that all derivatives be carried at fair value and provides for hedge accounting when certain conditions are met. The Company adopted SFAS No. 133, as amended, on March 1, 2001. The adoption of this statement did not have an effect on the Company's financial position, results of operations or cash flows.

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

11

2. SALE OF DALLAS FACILITY

During fiscal year 2001 the Company sold to Taylor Farms Texas, Inc. (the "Buyer"), substantially all of the operating assets of Fresh Express Dallas Incorporated and discontinued its operations related to food service in that region. Effective July 1, 2000, the Buyer received approximately \$4,100,000 in net assets in exchange for approximately \$1,200,000 in cash and a note receivable of \$3,000,000 (interest at 8.75%, due \$38,000 monthly, including interest, balance due July 2, 2005). A stockholder of the Company has a substantial economic interest in the Buyer.

6. INVESTMENTS

Investments primarily consist of interests in Fresh Express Colorado, Inc. (50%) and TransFRESH Corporation Chile S.A. (50%). Equity in earnings (losses) of affiliated interests, net of distributions, were \$463,000 and (\$37,000), in 2001 and 2000, respectively.

7. REVOLVING CREDIT FACILITY AND LONG-TERM DEBT

The Company has a revolving credit facility (Facility No.1) and a term loan (Facility No. 2) covered under a bank loan agreement. Facility No. 1 is subject to renewal in September 2001 and Facility No. 2 matures September 2002. The amount available under the revolving credit facility (\$14,167,000 at February 28, 2001) is increased by principal paydowns on Facility No. 2 to a maximum of \$15,000,000. Under the terms of the loan agreement, the Company may elect either a variable rate of interest (reference rate minus .5% or Libor plus 1.25%) or an interest rate fixed for up to one year. No borrowings were outstanding on Facility No. 1 and \$5,833,000 was outstanding on Facility No. 2 at February 28, 2001. Facility No. 2 was paid in full in March 2001.

Long-term debt at fiscal year end consists of the following (in thousands):

	2001	2000
	-----	-----
John Hancock Mutual Life, 7.5% to 8.08%, due \$268,000 monthly, including interest, through December 2011	\$ 27,713	\$ 28,000

13

Maturities of long-term debt are as follows (in thousands):

2002	\$ 10,162
2003	9,600
2004	7,019
2005	5,854
2006	5,341
Thereafter	25,290

Total	\$ 63,266
	=====

The revolving credit facility and long-term borrowings are collateralized by substantially all tangible assets of the Company. Each of the subsidiaries are guarantors of the line of credit and term loans. Additionally, the Company is required to maintain various financial covenants, including debt to tangible net worth and debt service coverage ratios, as well as minimum working capital and tangible net worth requirements.

8. INCOME TAXES

The provision for income taxes consists of the following (in thousands):

	2001	2000
	-----	-----
Current:

9. RETIREMENT PLANS

The Company has a defined contribution 401(k) plan covering substantially all non-union employees of the Company who have one year of service and are at least twenty-one years of age. The Company makes matching contributions as stated in the plan agreement. Participants are immediately vested in their voluntary contributions and company contributions plus actual earnings thereon. The Company made matching contributions of approximately \$762,000 and \$743,000 for 2001 and 2000, respectively.

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

10. DEFERRED COMPENSATION

The Company adopted a Phantom Stock Plan ("the Plan") which provides for the awarding of units equivalent to 430 shares of the Company's Common stock to key management employees of the Company. The Plan offers benefits of a nonqualified, unfunded plan of performance based deferred compensation. Each unit entitles the holder to receive, upon exercise thereof, the excess of the fair market value of a share of common stock (as defined) on the date of exercise over the fair market value of such share at the time of the grant. All awards vest at the rate of 20% per year from the date of the grant or from the specified vesting commencement date. Plan participants are eligible to share in dividends of the Company if certain conditions are met. Any rights to payments under the Plan are subordinated to the obligations of the Company to its lenders and general creditors to the extent necessary to satisfy bank and other financial covenants.

In fiscal 2001 and 2000 the total expense (benefit) related to the Plan was (\$796,000) and \$784,000, respectively.

11. RELATED PARTY TRANSACTIONS

The Company is involved in transactions with non-consolidated affiliates arising in the normal course of business. In addition, the Company has various transactions with certain stockholders including leasing ranch properties from and loans to certain stockholders. See also Note 2.

Related party balances included in the consolidated balance sheets at fiscal year end are as follows (in thousands):

	2001	2000
	-----	----
Receivables	\$3,011	\$150
Payables	\$ 649	\$700

Related party transactions included in the consolidated income statements are as follows (in thousands):

	2001	2000
	----	----
Expenses	\$632	\$894

12. LEASE COMMITMENTS

Certain equipment has been leased under capital lease agreements which expire through 2008. In addition, the Company leases various ranch properties and equipment under operating lease agreements expiring through 2007. Total rental expense was \$16,201,000 and \$21,201,000 in 2001 and 2000, respectively, including \$541,000 and \$759,000, respectively, paid to related parties for land and building rentals. Real property leases generally contain multiple year renewal options at increased rental rates.

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

Minimum rental commitments under non-cancelable operating leases, principally for real property and equipment, are as follows (in thousands):

	Capital Leases	Operati Leases
	-----	-----
2002	\$ 3,695	\$ 9,19
2003	3,636	6,24
2004	3,247	3,22
2005	1,955	82
2006	1,384	33
Thereafter	285	32
	-----	-----
Total future minimum lease payments	14,202	\$20,15
		=====
Less amount representing interest (ranging from 6.49% to 9.04%)	(1,952)	

Present value of future minimum lease payments	12,250	
Less current portion	(2,919)	

Long-term portion	\$ 9,331	
	=====	

16

During fiscal 2001, the Company entered into rental agreements to sublease certain ranch properties included above under non-cancellable operating leases. Minimum rental revenues under non-cancelable operating leases are as follows (in thousands):

2002	\$ 4,124
2003	3,302
2004	1,809
2005	660
2006	240
Thereafter	240

Total	\$10,375
	=====

13. FAIR VALUES OF FINANCIAL INSTRUMENTS

The carrying amounts of cash, receivables, cash overdraft and accounts payable approximates the estimated fair values because of the short maturity of these financial instruments. The carrying amount of the Company's long-term debt and the line of credit approximates fair value based upon management's best estimate of interest rates that would be available to the Company for similar debt obligations at year-end.

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

It is not practical to estimate fair value of investments in affiliates because quoted market prices do not exist and an estimate of fair value cannot be made without incurring excessive costs.

14. SUBSEQUENT EVENT

On August 9, 2001, the Company entered into an Agreement and Plan of Merger with Performance Food Group Company and PFGC Acquisition Corp., a wholly owned subsidiary of PFGC (collectively referred to as "PFGC"), which will result in the Company becoming a wholly-owned subsidiary of PFGC. The purchase price is approximately \$302.0 million in cash, subject to adjustment. The purchase price may also be adjusted up to an additional \$10.0 million in cash based upon the attainment of certain operating targets during a three-year period following the acquisition. The sale of the Company to PFGC is expected to close in September 2001.

17

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The following unaudited pro forma condensed consolidated statements of earnings give effect to:

- our acquisition of Fresh International Corp. and its subsidiaries, collectively "Fresh Express," at an assumed acquisition price of \$302.0 million payable in cash;
- the sale of \$350.0 million of the Company's common stock and debt securities and the Company's receipt of \$335.3 million in estimated net proceeds, after deducting the estimated expenses of the sales;
- the application of \$302.0 million of the estimated net proceeds referred to above to pay the purchase price of Fresh Express; and
- the application of approximately \$33.3 million of the estimated net proceeds referred to above to repay indebtedness outstanding under the Company's credit facility;

as if all of those transactions had occurred on the first day of the earliest period presented. The actual purchase price for Fresh Express is subject to adjustments, which are payable in cash, based upon, among other things, Fresh Express' net worth as of the closing date. The Company currently estimates that it will have to pay approximately \$16.0 million in additional purchase price as a result of this net worth adjustment, which amount has been included in the assumed acquisition price of \$302.0 million and in the following pro forma financial statements. This amount may be increased or decreased subsequent to the closing date based upon a post-closing review of Fresh Express' net worth as of the closing date. In addition, in connection with the Fresh Express acquisition, we will be required to pay up to \$10.0 million in cash as additional purchase price if Fresh Express achieves certain operating targets during a three-year period following closing. Accordingly, the total purchase price that we pay to acquire Fresh Express may be more or less than the amount assumed for purposes of the following unaudited pro forma condensed consolidated financial statements.

The unaudited pro forma condensed consolidated statement of earnings for 2000 combines the consolidated historical results of operations of Performance Food Group for its fiscal year ended December 30, 2000 with the

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

consolidated historical results of operations of Fresh Express for its fiscal year ended February 28, 2001. The unaudited pro forma condensed consolidated statement of earnings for the six months ended June 30, 2001 combines the consolidated historical results of operations of Performance Food Group for that six-month period with the consolidated historical results of operations of Fresh Express for the six months ended June 30, 2001. The unaudited pro forma condensed consolidated balance sheet as of June 30, 2001 combines the consolidated historical balance sheet of Performance Food Group as of that date with the consolidated historical balance sheet of Fresh Express as of that date and gives effect to the transactions described above as if those transactions had been completed as of that date. The Company will account for the acquisition of Fresh Express under the purchase method of accounting.

The pro forma financial statements appearing below are based upon a number of assumptions and estimates and are subject to uncertainties, and do not purport to be indicative of the actual results of operations or financial condition that would have occurred had the transactions described above in fact occurred on the dates indicated, nor do they purport to be indicative of the results of operations or financial condition that the Company may achieve in the

18

future. In particular, sales to foodservice distributors represented approximately 13.7% of Fresh Express' consolidated revenues for its fiscal year ended February 28, 2001 and approximately 12.8% of its consolidated revenues for the six months ended June 30, 2001. The Company believes that, because some of these foodservice distributor customers may view the Company as a competitor, Fresh Express could lose the business of some of these customers. The pro forma financial statements appearing below do not reflect this potential loss of revenue. In addition, Fresh Express has advised us that it recently received notice from one of its customers, which represented approximately \$14.9 million of Fresh Express' revenues during its 2000 fiscal year, that this customer will begin buying from another producer of packaged, ready-to-eat salads. This pro forma data also does not reflect the expected loss of revenue from this customer.

Fresh International and one of its subsidiaries have been taxed as S-corporations for federal income tax purposes, which means that they were not subject to federal income taxes and that Fresh Express' historical financial statements do not include a provision for federal income taxes for Fresh International and this subsidiary. Upon completion of the pending acquisition, Fresh International and its subsidiary that was previously taxed as an S-corporation will become subject to federal income tax. The following pro forma condensed consolidated financial statements adjust income taxes as if Fresh International and all of its subsidiaries had been subject to federal income taxes during all of the periods presented.

As noted above, the acquisition of Fresh Express will be accounted for using the purchase method of accounting. The total purchase price will be allocated to the tangible and intangible assets and liabilities acquired based on their respective fair values. The allocation of the purchase price reflected in the following pro forma financial statements is preliminary and is subject to adjustment upon receipt of, among other things, appraisals of some of the assets and liabilities of Fresh Express.

NOTES TO UNAUDITED PRO FORMA
CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

- (a) The pro forma adjustments assume (1) that the Company will pay \$302.0 million in cash to acquire Fresh Express, including repayment of Fresh Express debt and certain other liabilities concurrently with the acquisition and (2) that the Company will issue 6,250,000 shares of common stock and receive approximately \$190.1 million in estimated net proceeds after deducting estimated expenses based on an assumed price of \$32.00 per share, and (3) that the Company will sell \$150.0 million aggregate principal amount of convertible subordinated notes and receive approximately \$145.2 million in estimated net proceeds, after deducting estimated expenses. The actual purchase price for Fresh Express is subject to adjustments, which are payable in cash, based upon, among other things, Fresh Express' net worth as of the closing date. The Company currently estimates that it will have to pay approximately \$16.0 million in additional purchase price as a result of this net worth adjustment, which amount has been included in the assumed acquisition price of \$302.0 million and in the pro forma adjustments. This amount may be increased or decreased subsequent to the closing date based upon a post-closing review of Fresh Express' net worth as of the closing date. The Company will also be required to pay up to \$10.0 million in cash to the former shareholders of Fresh Express if Fresh Express attains certain operating targets over a three-year period following closing. Accordingly, the total purchase price that

Edgar Filing: PERFORMANCE FOOD GROUP CO - Form 8-K

the Company pays to acquire Fresh Express may be more or less than the amount assumed for purposes of the pro forma financial statements. These pro forma adjustments also reflect the preliminary allocation of the purchase price to the acquired assets and assumed liabilities of Fresh Express, including the elimination of Fresh Express' stockholders' equity of \$54.0 million as of June 30, 2001.

- (b) Intangible assets to be recorded in connection with the acquisition, expected to consist of tradenames, non-compete agreements, customer lists, patents and goodwill, represent costs in excess of the fair value of tangible net assets acquired. Upon completion of the acquisition, the Company estimates that it will record goodwill of approximately \$108.9 million and other identifiable intangible assets of approximately \$80.0 million. Under Statement of Financial Accounting Standards No. 142, goodwill will not be amortized, but will be subject to review at least annually for impairment. Most other identifiable intangible assets will be amortized over their estimated useful lives ranging from five to fifteen years. The pro forma adjustments to the statements of earnings reflect amortization expense of the identifiable intangible assets (other than goodwill) as if Fresh Express had been acquired on the first day of the earliest period presented.
- (c) These adjustments reflect the issuance and sale of the common stock and notes referred to above and the application of a portion of the estimated net proceeds to repay indebtedness under our credit facility, as well as the repayment of outstanding Fresh Express indebtedness in connection with the acquisition.
- (d) The interest rate on the debt securities is assumed to be 5.75% per annum. These pro forma adjustments reflect the additional interest expense on the notes and the reduction in interest expense related to the application of approximately \$33.3 million of the estimated

23

net proceeds from the sale of common stock and the debt securities to repay indebtedness outstanding under the Company's credit facility. These pro forma adjustments also reflect the elimination of interest expense on Fresh Express debt that the Company will repay concurrently with the acquisition.

- (e) This adjustment reflects the elimination of a note receivable of Fresh Express that will not be acquired by the Company.
- (f) These adjustments adjust income taxes as if Fresh International and all its subsidiaries were subject to federal and state income taxes for all of the periods presented and reflects the tax effect of other pro forma adjustments. Fresh International and one of its subsidiaries are taxed as S-corporations, which means that Fresh International and this subsidiary were not subject to federal and certain state income taxes for these periods. Upon consummation of our acquisition of Fresh Express, Fresh International and all its subsidiaries will be subject to federal and state income taxes.
