Item 5. Other Events and Regulation FD Disclosure

In response to the Securities and Exchange Commission's comment letter regarding the Company's 2002 Form 10-K, the Company is filing this Form 8-K to present restated, unaudited statements of income for the years ending December 31, 2002, 2001 and 2000 and quarter of and year to date statements of income for each quarter of 2003 and 2002 to show the effect of the reclassification of properties disposed of since January 1, 2002 as discontinued operations. As such, the financial statements previously filed in the Company's 2002 Form 10-K and report of independent auditors related thereto and 2003 Forms 10-Q should not be relied upon. Net income and Funds From Operations remain the same. The Company's Balance Sheets, Statements of Stockholders' Equity, and Statements of Cash Flows are unaffected by this new presentation.

When the Company files its Form 10-K for 2003, the Company will present as discontinued operations the operating results and gain or loss resulting from all real estate asset sales since January 1, 2002. If the Company had followed this presentation in the Form 10-K for 2002 and in the Forms 10-Q for 2003, the income statements would differ from those actually filed because of the reclassification of operating results and gain or loss associated with the real estate assets sold to discontinued operations. Net income and Funds From Operations remain the same. The Company's Balance Sheets, Statements of Stockholders' Equity, and Statements of Cash Flows are unaffected by this new presentation.

The Company's restated, unaudited statements of income for the years 2002, 2001, and 2000 show the effect of this reclassification of the properties disposed of to discontinued operations. In addition, the restated, unaudited quarter of and year to date statements of income for each quarter of 2003 and 2002 are presented in the same manner.
