The Plan Administrator and Participants
Jefferson-Pilot Corporation Teamshare Plan

We have audited the accompanying statements of net assets available for benefits of Jefferson-Pilot Corporation Teamshare Plan as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2004, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Jefferson-Pilot Corporation
Teamshare Plan

Notes to Financial Statements

December 31, 2004

1. Description of Plan

The following description of the Jefferson-Pilot Corporation (the Company) Teamshare Plan (the Plan) provides only general information. Participants should refer to the Plan for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan covering substantially all employees and career agents of the Company and the following subsidiaries (collectively, the Plan Sponsor):

Jefferson-Pilot Life Insurance Company

Jefferson-Pilot Communications Company

Jefferson-Pilot Communications Company of Virginia

WCSC, Inc.

Jefferson-Pilot Communications Company of North Carolina

Jefferson-Pilot Communications/WBTV, Inc.

Jefferson-Pilot Communications Company of California

Jefferson-Pilot Sports, Inc.

Jefferson-Pilot Communications Company of Colorado

Jefferson-Pilot Communications Company of Florida

Jefferson-Pilot Communications Company of Georgia

Jefferson-Pilot Life America Insurance Company

Jefferson Pilot Securities Corporation

Employees and career agents who are age twenty-one or older participate in the Plan upon initial employment. One must have one year of service to participate in the Company matching and gainshare contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company serves as Plan administrator and named fiduciary.

Effective March 1, 2004, the Company entered into an asset purchase agreement with Canada Life Assurance Company and Canada Life Insurance Company of New York, collectively referred to as Canada Life . Effective June 3, 2004, the Company amended the Plan to recognize the vesting service for full time employment for employees of Canada Life on March 1, 2004 and who were employed on or before December 31, 2004 by the Company.

Contributions

Eligible participants may contribute up to 70% of pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 10% of a participant's total pre-tax contributions for the Plan year that do not exceed 6% of a participant's compensation for the portion of the year during which the participant elected to make pre-tax contributions.

Teamshare Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Gainshare contributions are subject to approval by the Compensation Committee of the Company's Board of Directors. Gainshare contributions are made by the Plan Sponsor on behalf of participants (1) who meet certain eligibility requirements specified in the Plan and (2) whose employer, business unit and, if applicable, business subunit satisfy predetermined financial performance standards, in amounts of up to 4% of compensation.

Employees and career agents in Puerto Rico and the U.S. Virgin Islands are not eligible for pre-tax or matching contributions, but may participate in Gainshare contributions when the eligibility requirements and performance standards are met.

Gainshare contributions for 2004 and 2003 were disbursed 50% in cash and 50% in the Jefferson-Pilot Common Stock Fund. For individual Gainshare amounts of \$200 and less, the total was contributed to the Jefferson-Pilot Common Stock Fund.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant earnings as defined in the Plan. Investment income, including net (depreciation) appreciation in value of the Plan's investments, is allocated to individual participant accounts in the same ratio that the value of the individual account bears to the sum of the values of all participants' accounts. Forfeited balances of terminated participants' nonvested accounts are used to reduce Company Gainshare contributions and to pay administrative expenses. The balance of forfeited nonvested accounts was \$102,340 and \$266,747 for 2004 and 2003, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans

Participants may borrow from their accounts if (1) there is an immediate and heavy financial need and (2) at least two years have elapsed since the member first made contributions to the Plan. Participant loans may range from a minimum amount of \$1,000 up to a maximum amount equal to the lesser of (1) 50% of their vested account balance or (2) \$50,000 reduced by the highest outstanding balance of prior loans from the Plan or any other qualified retirement plan maintained by a sponsoring employer during the one-year period ending on the day prior to the loan. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime lending rate reported in the Wall Street Journal on the last business day of the calendar quarter, plus one percentage point. Principal and interest are paid ratably through weekly, bi-weekly or bi-monthly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may receive the vested value of his/her account in either a lump sum payment, periodic installments in substantially equal amounts for a period not to exceed 15 years or direct rollover to an eligible retirement plan. Distributions from the Jefferson-Pilot Common Stock Fund may be distributed in cash or in shares of the Company's common stock, if so elected.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Investment Valuation

The Plan's investments in mutual funds and common stock are stated at fair value based on quoted market prices. The investment contract is stated at contract value, representing contributions made to the Fund, plus earnings credited, less benefits paid and any expense charges. The participant loans are valued at their outstanding balances, which approximate fair value.

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Notes to Financial Statements (continued)

6. Administration and Plan Expenses

The Plan provides that investment and administrative expenses of the Plan will be paid from the Plan's assets unless paid by the Plan Sponsor. During 2004 and 2003, most expenses associated with the Plan were paid for by the Plan Sponsor.

7. Related-Party Transactions

The Plan invests in common stock of Jefferson-Pilot Corporation and a Jefferson-Pilot Life Insurance Company managed guaranteed fund.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
