AMENDMENT NO. 2 OVERVIEW

We are filing Amendment No. 2 (this Amendment) to the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005 (the 2005 Form 10-K), which was originally filed on March 14, 2006, to amend Part III to provide certain required information. In the 2005 Form 10-K, we said that we were incorporating by reference into Part III certain portions of the definitive Proxy Statement to be filed for the May 1, 2006 Annual Meeting of Shareholders, unless the Proxy Statement was not filed by April 30, in which case we said we would amend the 2005 Form 10-K to provide the omitted information in accordance with the requirements of Instruction G to Form 10-K. No other revisions or amendments have been made to any other portion of our 2005 Form 10-K. This Amendment does not reflect any other events occurring after March 14, 2006, the date of the original filing of our 2005 Form 10-K, or modify or update those disclosures that may have been affected by subsequent events except where specifically described in this Amendment No. 2 to reflect our April 3, 2006 merger with and into an acquisition subsidiary of Lincoln National Corporation (the Lincoln merger). In addition, currently-dated certifications from our Chief Executive Officer and Acting Chief Financial Officer and the Consent of our independent accountants have been included as exhibits to this Amendment.

Note that a Form 15 was filed with the Commission on April 6, 2006, deregistering the Corporation under the Securities Exchange Act of 1934. Trading in JP stock on the stock exchanges ended on March 31, 2006, and the stock is no longer registered on any stock exchange.

The disclosures in this Amendment are generally written in the present tense to reflect the circumstances at March 31 prior to the Lincoln merger.

Board of Directors

(1) Our directors are also directors of other publicly held companies and investment companies in addition to the directorships shown in the table:

Mr. Cunningham, Hayes Lemmerz International, Inc., Introgen Therapeutics, Inc., a number of John Hancock mutual funds, LIN TV Corp., and Southwest Airlines Co;
Mr. Greer, BOK Financial Corp.;
Mr. Henderson, Bassett Furniture Industries, Inc. and Propex Fabrics Inc.;
Ms. Long, Belk, Inc., The J.M. Smucker Company and Steelcase Inc.;
Mr. Payne, Anheuser Busch,

Inc., Cousins Properties, Inc. and Crown Crafts, Inc.; Mr. Pittard, a number of Artisan mutual funds; Mr. Stonecipher, Bassett Furniture Industries, Inc.; and Mr. Tidwell, Lance, Inc. and Ruddick Corporation.

Our two newest directors, Gary Kelly and Isaiah Tidwell, were first recommended by other independent directors. Our Audit Committee members are directors Russell (Chairman), Henderson, Kelly and Tidwell. All members of the Committee were determined by our Board to be independent directors under New York Stock Exchange listing standards and other applicable rules.

Director compensation

Cash. Directors who are not our employees receive an annual retainer of \$40,000, and a meeting fee of \$2,000 for each Board meeting and \$1,000 for each Committee meeting they attend. The Committee meeting fee is \$500 for a Committee meeting held in connection with a Board meeting. Audit Committee members receive an additional annual retainer of \$5,000 in lieu of regular meeting fees but the Committee's Chairman may call for payment of a \$1,000 meeting fee for any meeting annually in excess of eight that consumes at least 30 minutes. Our Lead Director and Committee chairpersons receive an additional annual retainer of \$10,000. Our directors do not receive fees for the execution of written consents in lieu of Board or Committee meetings. We reimburse directors for travel, lodging and meal expenses when they travel to meetings.

Our directors may elect to defer receipt of some or all cash directors' fees. Deferred accounts are credited, at the director's election, with either phantom units for our common stock, or interest at rates representative of market rates. Deferred accounts are unfunded and are paid out in shares of common stock, or cash for the interest rate option, in up to ten annual installments after the director leaves the Board. A grantor trust buys in the open market and holds JP common stock equal to the phantom units in deferred fee accounts.

Stock Options. Our non-employee directors receive non-discretionary stock option awards, each exercisable at the fair market value of JP common stock on the award date. All directors receive an annual option award for 7,500 shares on the first regular quarterly Board meeting date in each year. A new director immediately receives an option to purchase shares having a face value of \$175,000. The first annual option then is prorated for months served by a new director. The Non-Employee Directors' Stock Option Plan was approved by our shareholders in 2004. All outstanding options are now vested due to the Lincoln merger except the February 2006 options held by directors who have become directors of Lincoln.

In his capacity as Board Chairman, Mr. Stonecipher will receive continued office and secretarial support, and access to company aircraft for business purposes, plus up to 25 hours (down from 50) per year of flight time for personal use, with imputation of taxable income for any such use. He will forego regular Board compensation including retainer, meeting fees and stock options while serving in this capacity. The terms of this continued service are subject to change or termination at any time by the Compensation Committee of our Board.

- (2) None of the individuals reported beneficial ownership of more than 1% of the total shares outstanding, except that including exercisable options Mr. Stonecipher is deemed to beneficially own 2.3%. The beneficial ownership for the group including exercisable options is 4.5% of the total shares outstanding.
- (3) Mr. Stonecipher also reported that a private (family) charitable foundation for which he is the investment manager owns 22,797 shares, but he has no economic interest in these shares and disclaims beneficial ownership of these shares.

The following table shows the only shareholder who reported to the Securities and Exchange Commission beneficial ownership of more than 5% of our common stock as of December 31, 2005.

Capital Research and Management Company is a registered investment adviser that manages The American Funds Group of mutual funds. It reported that it has sole power to vote 2,125,000 shares, and sole power to dispose of 6,925,000 shares. It disclaimed beneficial ownership of these shares.

Section 16(a) beneficial ownership reporting compliance.

Jefferson Pilot believes that all of our executive officers and directors complied for 2005 with all applicable stock ownership reporting requirements under Section 16(a) of the Securities Exchange Act of 1934, except that for Mr. Cunningham one report of an option exercise and sale of shares was filed a few days late due to a delay by his broker in reporting the transactions to us.

Executive Compensation

This table summarizes compensation for our chief executive officer and for the four other executive officers who were the highest paid for 2005 (Named Officers).

(1) None of the Named Officers has been granted any stock appreciation rights or restricted stock awards.

- (2) Most of our employees are paid on a bi-weekly schedule which has 26 pay periods in a typical year such as 2003 and 2005, but in 2004 there was a 27th pay period which comprised 3.8% of the salary amounts shown in the table, except for Ms. Stone and Mr. McDonald.
- (3) Includes the estimated incremental cost to the company for limited personal use of our aircraft by Mr. Glass of about \$53,600, and \$8,750 as the estimated cost for personal use of the car we provide to Mr. Glass under his employment agreement. Perquisites for other executives including the cost of limited personal use of our aircraft were not significant, aggregating less than \$40,000 for any other executive.

(4)

We made LTIP payouts 50% in shares of our common stock and 50% in cash.

- (5) Consists of company matching and gain sharing contributions to the 401(k) plan, and a portion of the match or gain sharing paid

in cash. Also includes the signing bonus related to Mr. May's beginning employment in 2002, paid \$100,000 in each of 2004 and 2003 and \$120,000 in 2002.

- (6) Mr. McDonald joined us in November 2004.

Long Term Stock Incentive Plan

This plan, which as last amended was approved by our shareholders in 1999, provides long term incentives, based on Jefferson Pilot common stock and on growth in operating earnings per share, to employees who may influence our long term performance. Key features of the plan include stock options and long term incentive awards (LTIP). The option price may not be less than 100% of the stock's fair market value on the award date. The table shows options our Compensation Committee awarded in 2005 to the Named Officers.

The price of our common stock must go up in order for optionees to realize any gain. As the stock price increases, all shareholders benefit proportionately.

Option Grants During 2005

Name	Number of Securities Underlying Options Granted(#)	Percent of Total Options Granted to Employees in 2005	Exercise Price(\$)	Expiration Date	Grant Date Present Value (Black-Scholes) (\$)(1)

Donald L. McDonald	5,000	0.4%	49.87	2/13/2015	46,000

- (1) We estimated the present values using the Black-Scholes pricing model. We used the following assumptions and data: options are exercised near

the end of their ten year term or earlier expiration following retirement; interest rates are based on U.S. Treasury Strips available on the grant date and maturing when the option expires; volatility of 21% using a 50/50 mix of historical and implied volatility; and our annual dividend yield as of the grant date. The actual value an officer receives from a stock option depends on future market conditions. It may be more or less than the present value shown.

The options generally vest and become exercisable in one-third increments over three years. Options generally vest earlier upon death, disability, retirement, satisfaction of the terms of an employment agreement, or a change in control. Within the ten year term, options generally are exercisable for five years after death, disability, retirement, satisfaction of the terms of an employment agreement, or a change in control. Option holders may use JP shares they own for a minimum period to pay the exercise price and may have shares withheld to cover required tax withholding. All options granted through December 31, 2005 vested and became immediately exercisable upon the Lincoln merger on April 3, 2006.

The following table shows stock option exercises during 2005 and the year-end value of unexercised options.

Donald L. McDonald		2005-2007	56,888	113,775	170,663

(1) LTIP does not provide for awards of shares, units or other rights representing the right to receive compensation. LTIP provides for payouts based on the compound growth rate (CGR) in cumulative operating earnings per share during the

three year measurement period. Payouts, if any, are in a 50/50 ratio of cash and JP common stock valued at the fair market value on the payment date.

- (2) Table amounts reflect current (2006) annual salary. If there were any payments in February 2008, they would be calculated as a percentage (which varies according to the participant and the level of CGR achieved) of salary during the last year in the period.
- (3) Payouts are contingent upon achieving specified levels of CGR, and service to the end of the three year measurement period. The target amount will be payable if the targeted CGR is achieved. The threshold amount will be payable if 50% of the targeted CGR is

achieved; below
50% no payout
will be made.

The maximum
amount will be
payable if 150%
or more of the
targeted CGR is
achieved.

Retirement Plans

We provide executive retirement benefits under a tax qualified plan, a nonqualified ERISA excess plan and a nonqualified supplemental benefit plan. The table includes benefits under all these plans.

Pension Plan Table

Final Average Earnings	Years of Service		
	10 Years	15 Years	20 Years or More

\$1,800,000	\$ 450,000	\$ 675,000	\$ 900,000
\$2,700,000	\$ 675,000	\$ 1,012,500	\$ 1,350,000

The table shows straight life annuity benefits payable annually upon normal retirement at age 65 on January 1, 2006. Benefits are not subject to offset for Social Security payments, but are reduced 3% per year for retirement before age 65.

For purposes of this table, covered compensation consists of the amounts disclosed in the Summary Compensation Table as salary and bonus. We use a final five year average in calculating pensions. The current years of service are: Mr. Glass, 12 years, Ms. Stone, 9 years, Mr. May, 3 years, and Mr. McDonald, 1 year. Mr. Bates participates in the qualified and excess plans with service from January 2002 and in the nonqualified supplemental plan with service from January 2003.

Employment contracts and severance arrangements

Dennis R. Glass, our President, became Chief Executive Officer and a director effective March 1, 2004. In late 2003 Mr. Glass signed an employment agreement through March 1, 2007 providing for a base salary of \$925,000 in 2004, and annual bonus and LTIP at the CEO level commencing with the February 2005 payouts. In connection with signing this agreement, he was granted a stock option for 100,000 shares on our normal option terms except it is immediately vested and exercisable. In 2005, the agreement was extended for an additional year.

If we terminate Mr. Glass's employment other than for good cause or if he resigns for good reason including following a change in control, he will receive a lump sum payment equal to the base annual salary and 50% of the maximum bonus and LTIP payments that he would have received until March 1, 2008, and will be eligible for immediate retirement with benefits computed as if his employment had continued until March 1, 2008. However, he will not receive duplicative payments under these provisions and under the Executive Change in Control Severance Plan described below.

For retirement on or after March 1, 2008, Mr. Glass will be entitled to retirement benefits according to the table and description above. He has the right to elect that all or part of these retirement benefits be paid as a life or optional form of annuity or as a lump sum. Any lump sum is to be calculated using the 1983 Group Annuity Table and the average yield on 10-year Treasuries over the prior year or, if more favorable to Mr. Glass, the mortality table and interest rate in general use for the sale of JP's individual annuities. If he dies during employment after March 1, 2008, a survivor annuity is payable to his spouse as if he had retired and elected a joint and 50% survivor annuity.

Mr. Glass is entitled to life and disability insurance benefits at the levels currently provided by JP and is entitled to a company paid car and initiation fees and dues for business and social clubs reasonably acceptable to JP. He and other executive officers also have access to corporate aircraft for personal use within specified limits, with imputation of taxable income for any such use.

Executive Change in Control Severance Plan. We have established a Plan providing for the payment of severance benefits to the Named Officers and certain other officers following a Change in Control as defined in the Plan, such as the Lincoln merger. This would apply in the event of certain qualifying terminations of employment in connection with or within two years after the Change in Control. Terminations that will qualify for severance payments include a termination by us without Cause and a termination by the officer with Good Reason (as those terms are defined in the Plan). Good Reason includes any reduction in aggregate salary and benefits, or any significant reduction in bonus and LTIP not related to performance.

If a qualifying termination occurs, the Plan provides for lump sum severance payments equal to two or three, as specified for each Named Officer, times the sum of the officer's annual base salary, annual bonus and, if eligible, LTIP. For other officers, the Plan provides for three, two or one years' compensation and benefits. An additional amount also would be paid to cover any applicable excise tax on all benefits received as the result of a Change in Control (whether or not under the Plan) and any income or employment taxes imposed on this excise tax payment, so that the net amount retained by the officer would equal the amount he or she would have received absent any such excise tax. The Plan also provides for certain other benefits including continued employee benefits coverage and pension accruals and early vesting of executive supplemental retirement benefits for termination in connection with a Change in Control. Payments are delayed for six months where required by Internal Revenue Code Section 409A, with interest at an annual rate of 10%, but offset by any benefits paid under our separation pay plan (reducing the interest).

We may amend or terminate the Plan or discontinue an officer's participation. However, we may only reduce or discontinue any officer's coverage or potential rights under the Plan after 12 months advance notice to the officer, and we cannot diminish protection for the two years after any Change in Control.

A separation pay plan covers executives and other officers. It does not provide additional benefits for executive officers but permits payment of limited benefits in the first six months after termination. For lower level officers, the Plan provides for salary and most benefits for specified periods for any job elimination within two years after a Change in Control.

Certain Transactions

In early 2006 and with the approval of our Compensation Committee, the Corporation purchased from Mr. McDonald for the appraised value of \$1.3 million, his house in Greensboro, which he had purchased when we recruited him in late 2004. His position was eliminated upon the Lincoln merger.

Following Mr. Stonecipher's retirement at the end of 2004, with the approval of our Compensation Committee, we paid off the lease on the car that we provided to him under his employment agreement and gifted the car to Mr. Stonecipher, with the \$67,862 value reported as taxable income to him.

Compensation Committee Interlocks and Insider Participation

Directors Cunningham and Pittard served as members of the Compensation Committee of our Board during all of 2005. Mr. Henderson joined the Committee in August 2005, and E. S. Melvin served on the Committee until his retirement from the Board in May 2005. None of them ever has been an officer or employee of the Corporation or any of its subsidiaries or has had any other significant relationship with Jefferson Pilot requiring disclosure under the proxy rules. The Board of Directors has determined that each of these directors is an independent director.

Auditor Fees and Services

Ernst & Young LLP (E&Y) is the independent public accounting firm that audits our financial statements and those of our principal subsidiaries and their separate accounts. E&Y as the independent auditors report directly to our Audit Committee.

The Committee preapproved the audit services and other services provided by the independent auditors for 2005 and 2004. Fees for these services were:

	2005(1)	2004(1)
Audit fees	\$3,350,204	\$3,318,779
Audit related fees(2)	33,896	91,320
Tax Fees	0	0
Other fees	0	0

(1) Fees for 2004 have been reclassified to conform to the 2005 presentation, and certain fees disclosed in mutual fund proxy statements have been eliminated.

(2) Audit related fees include accounting assistance with a strategic transaction.

Under the preapproval policies and procedures established by the Audit Committee, the Committee preapproves the audit engagement and the audit and audit related services covered by the audit engagement letter. The Committee also preapproved a list of specified other services. Engagements of the independent auditors for any other services must be preapproved by the Committee or preapproved by its chairman and then reviewed at the next Committee meeting.

Undertakings

For the purposes of complying with the amendments to the rules governing Form S-8 under the Securities Act of 1933, the undersigned registrant hereby undertakes as follows, which undertaking shall be incorporated by reference into registrant's Registration Statements on Form S-8 Nos. 2-36778 (filed March 23, 1970) and 2-56410 (filed May 12, 1976) and 33-30530 (filed August 15, 1989), and in outstanding effective registration statements on Form S-16 included in such S-8 filings:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this amendment to be signed on its behalf by the undersigned, thereunto duly authorized.
